Re: Case 18-E-0138 - Proceeding on Motion of the Commission Regarding Electric Vehicle Supply Equipment and Infrastructure.

Dear Stephanie McDermott:

I received your letter dated December 30, 2022, on behalf of the Department of Public Service staff, requesting an extension of the January 4, 2023 deadline to provide recommendations to the Public Service Commission following the midpoint review of the Electric Vehicle (EV) Make-Ready Program, as directed by the Commission in Ordering Clause 18 of the Commission's *Order Establishing Electric Vehicle Infrastructure Make-Ready Program and Other Programs* (Order), issued July 16, 2020, in the above-referenced proceeding.

You state that Staff is awaiting a response to a data request and additional time is needed to review the data and incorporate it into Staff's recommendation.

Based upon the information you have provided, an extension is granted until February 1, 2023, to the Department of Public Service staff to provide recommendations to the Public Service Commission following the midpoint review of the EV Make-Ready Program. This extension is granted in order to promote the fair, orderly and efficient conduct of this proceeding.

This ruling will be posted on the Department's website.

Very truly yours,

/jrv
