CASE 22-G-0610 - In the Matter of a Review of the Long-Term Gas System Plan of National Fuel Gas Distribution Corporation.

NOTICE OF TECHNICAL CONFERENCE REGARDING LONG-TERM PLAN REVIEW AND REQUESTING COMMENTS

(Issued December 22, 2022)

In its Order Adopting Gas System Planning Process, issued May 12, 2022, in Case 20-G-0131 (May 2022 Order), the Public Service Commission (Commission) created a long-term gas system planning process for local gas distribution companies.[1] Pursuant to that process, National Fuel Gas Distribution Corporation (NFG) filed its initial long-term plan on December 22, 2022. In the May 2022 Order, the Commission also directed Department of Public Service Staff (Staff) to facilitate meetings between a gas utility and stakeholders interested in its long-term plan and to assist in resolving any disputes regarding requests for information.[2] DPS Staff advises that stakeholders will have multiple opportunities to participate in the review of NFG's long-term plan, including but not limited to, multiple stakeholder meetings, opportunities to request information of the gas utility, and multiple opportunities to provide written comments.

**PLEASE TAKE NOTICE** that comments from stakeholders and other interested entities concerning the substance of the initial long-term plan filed by NFG are requested by March 13,
