Re: Case 16-F-0267 - Atlantic Wind LLC, Article 10 Project.

Dear Ms. Darling,

I received your February 28, 2022 letter, on behalf of Deer River Wind LLC (the Certificate Holder),[1] requesting a further extension of time to comply with the directives set forth in Certificate Condition 35(e) of the *Order Granting Certificate of Environmental Compatibility and Public Need, with Conditions* (Order), issued June 30, 2020, in this proceeding. By letter dated August 31, 2021, the deadline for this filing previously was extended to February 28, 2022.

You state that the Certificate Holder is continuing to investigate technically feasible locations for Aircraft Detection Lighting Systems, pursuant to the requirements of Certificate Condition 35(e) of the Order. You add that, once a location is secured and design work is complete, the Certificate Holder will then need to file the proposed design with the Federal Aviation Administration for review. Accordingly, you are requesting another extension, of 365 days, to ensure adequate time to consult with the appropriate entities and complete the required process.

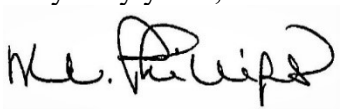
Based upon the information you have provided, an extension is granted until February 28, 2023, to Deer River Wind LLC, to comply with the directives set forth in Certificate Condition

[1] As noted in your February 28, 2022 letter, the Certificate, originally issued to Atlantic Wind, LLC, was transferred to Deer River Wind, LLC, effective December 2, 2020.

35(e) of the Order. This extension is granted to promote the fair, orderly, and efficient conduct of this proceeding.

This ruling will be posted to the Department's website.

Very truly yours,



Michelle L. Phillips
Secretary
