

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 07-M-0548 - Proceeding on Motion of the Commission
Regarding an Energy Efficiency Portfolio
Standard.

ERRATA NOTICE

(Issued February 6, 2013)

The "Supplemental Implementation Plan," approved by the Commission¹ on January 17, 2013, in the above captioned proceeding, incorrectly stated the three month extension period as "February 4, 2013 through April 3, 2013." The correct period is "February 4, 2013 through May 3, 2013." A corrected version of the "Supplemental Implementation Plan" is attached here.

(SIGNED)

JEFFREY C. COHEN
Acting Secretary

Attachment

¹ Commissioner Harris abstained from voting in regards to the Supplemental Implementation Plan.

STATEWIDE ENERGY EFFICIENCY
OUTREACH AND EDUCATION PROGRAM

SUPPLEMENTAL IMPLEMENTATION PLAN
February 4, 2013 - May 3, 2013

**Approved by the Commission on
January 17, 2013
With Commissioner Harris abstaining.**

For the period February 4, 2013 through May 3, 2013, this program will continue on a basic maintenance budget. During this period, the unwasteNY.org website as well as Facebook and Twitter accounts will be available to customers and efforts will continue to maintain the interest of community-based organizations (CBOs) in the program.

The maximum funding level for the extension period is \$189,000 for the three-month period. This covers:

- efforts to help the more than 1,000 CBOs maintain interest in this initiative;
- basic website updates and maintenance;
- management of social media;
- account management and oversight of contractors by GMMB; and
- work to transition responsibility of the outreach and education program from GMMB to Department Staff.

Funding for the three-month extension is from unspent funds previously collected and allocated to the statewide energy efficiency outreach and education program.
