

STATE OF NEW YORK  
PUBLIC SERVICE COMMISSION

CASE 14-M-0101 - Proceeding on Motion of the Commission in  
Regard to Reforming the Energy Vision.

NOTICE EXTENDING DEADLINE TO FILE REPLY COMMENTS

(Issued December 14, 2015)

On December 4, 2015, Environmental Entrepreneurs, Natural Resources Defense Council, and Pace Energy and Climate Center (collectively Requestors) requested an extension of the deadline to submit reply comments on the Staff Proposal on Distributed System Implementation Plan Guidance (DSIP Guidance Proposal). A Notice Inviting Public Comment on Distributed System Implementation Plan Guidance, issued October 15, 2015 in the above-referenced case, set a deadline to submit reply comments of December 21, 2015.

The Requestors state that the DSIP Guidance Proposal raises many critical questions regarding utilities' roles as future Distributed System Providers. The Requestors are concerned that the two-week period will be insufficient and, therefore, request an extension to January 11, 2016 to fully consider and respond to the questions and recommendations that may be raised in initial comments.

This is to advise that I am granting an extension to all parties to January 6, 2016 to file reply comments. This extension is granted in order to promote the fair, orderly and efficient conduct of this proceeding.
