Professional Profile:

I offer 34 years of extensive experience in all aspects of construction and related fields including, but not limited to, blue prints, surveys, framing, masonry, roofing, electrical, plumbing, drywall, insulation, painting, and finish work. 31 years of this work has been in the multi-family aspect of the field. Our company, Ridgetop Corp., currently manages approximately 900 apartments throughout Bergen, Passaic, and Sussex Counties in New Jersey. My crew and I are under constant time restraints to meet schedules in the demolition and

remodeling of these units as they become vacant. We also maintain the exterior structures and surrounding properties. I am a dedicated employee, respected by my crew and supervisors, and also by the many sub-contractors I interact with on a daily basis.
