The Clean Energy Fund Forum is intended to provide stakeholders with additional information on many of the strategies the New York State Energy Research and Development Authority (NYSERDA) proposes to employ under the Clean Energy Fund (CEF). It will also offer an opportunity for stakeholders to ask clarifying questions on the information presented and offer comments and feedback for NYSERDA to consider as it prepares its CEF Information Supplement, which is due to the Public Service Commission on February 20, 2015.<sup>1</sup>

Questions and comments can be made at both the Albany and New York City locations. Please note that questions and comments may be time limited in order to accommodate as many participants as possible. Those participants interested in attending via video conference at the New York City location must RSVP with company name and representative's name to [cleanenergyfund@nyserda.ny.gov](mailto:cleanenergyfund@nyserda.ny.gov) by close of business Monday, January 12, 2015 in order to be added to the building security list and must be prepared to show valid photo identification upon arrival.
