

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 08-V-0835 - In the Matter of Verizon New York Inc.'s Network
Review Plan.

ERRATUM NOTICE

(Issued January 20, 2009)

The sentence beginning "However, because the risks . . ."
on Page 18 in the order in the above-captioned case issued on
January 14, 2009, should be replaced with:

However, because the risks associated with FiOS are less than
the conventional cable system (for example, the drop is not
conductive) the lack of equivalence does not render Verizon's
installations unsafe.
