And by e-mail to secretary@dps.ny.gov

To Ms. Burgess and Commissioners:

Pursuant to Chapter 433 of the Laws of New York 2013, I submit this letter on behalf of the Village Board of Trustees of the Village of Rye Brook seeking an order of the Public Service Commission to United Water Westchester (UWW) that it charge the costs for infrastructure maintenance and access to all customer classes located in the Village.

The following are annexed in support of the petition:

- Certified copy of the adopted Village Board resolution.
- Legal notice of publication for the public hearing in the Village's legal newspaper, the Westmore News.
- DVD with excerpts of the public hearing on this subject that began on January 13, 2014 and was continued on February 25, 2014, March 25, 2014 and April 8, 2014.

In adopting the subject resolution, the Board of Trustees embraces the intent of the legislation and found it to be in the overall public interest to fairly spread the cost for infrastructure maintenance to all water users. We are confident that the PSC's implementation of the legislation with UWW will support such intent as well as the Village's ongoing efforts to build equity into the delivery of public services outside the regressive property tax.

Sincerely,

A handwritten signature in black ink, appearing to read 'C.J. Bradbury', with a stylized flourish at the end.
