August 20, 2014

Honorable Kathleen H. Burgess
Secretary
State of New York Public Service Commission
Three Empire State Plaza
Albany, NY  12223-1350

Re:  Case 13-E-0030, Case 13-G-0031, and Case 13-S-0032; Proceeding on Motion of the Commission as to the Rates, Charges, Rules, and Regulations of Consolidated Edison Company of New York, Inc. for Electric, Gas and Steam Service

Dear Secretary Burgess:

Please accept this letter on behalf of Consolidated Edison Company of New York, Inc. (the “Company” or “Con Edison”) in accordance with the Order Approving the Electric, Gas and Steam Rate Plans in Accordance with Joint Proposal (“Order”), issued on February 21, 2014, in the within matter. Among other things, the Public Service Commission directed Con Edison to file an implementation plan for specific elements of the Joint Proposal within six months of the Order. This letter addresses the implementation plan for Con Edison’s convening a Collaborative to consider the elimination of the single-customer limitation in the Company’s offset tariff.

As the Parties agreed and the Order directed, the Collaborative “would be informed by the study underway by NYSERDA, the DSP, and the New York Division of Homeland Security and Services of the feasibility of microgrids for critical infrastructure.” Order, at p. 97. The Order observed that the report was expected to be issued in the spring of 2014. As of this date, the report has not been issued such that Con Edison has not instituted the Collaborative process. The Company, however, remains prepared to do so in compliance with the Order on the report’s issuance.

Sincerely,

Susan Vercheak

Cc: Active Parties
