Hon. Janet Deixler, Secretary New York State Department of Public Service Three Empire State Plaza Albany, New York 12223 ORTE-FILEJ L99-E-0930 4 COPIES DIST PER 9/22/2000 UST

Re: Case 99-E0930 – Proceeding on Motion of the Commission to Investigate the July 6, 1999 Power Outage of Con Edison's Washington Heights Network

Dear Secretary Deixler:

The Public Service Commission's <u>Order Concerning Staff Report and Directing Company to Show Cause</u>, issued March 15, 2000 in the referenced proceeding, directed Consolidated Edison Company of New York, Inc., ("Con Edison" or "the Company") to implement the recommendations made in the Staff's "Report on Consolidated Edison's July 1999 System Outages," issued in March 2000. Recommendation IV-2 requires that the Company "report annually to the Commission on its capital and operations and maintenance expenditures for electric distribution and substation operations and the progress of the associated programs." Pursuant to this recommendation, Con Edison is filing with the Commission the enclosed "Electric Operations and Substation Operations Expenditure Reports for the Year 2001."

Very truly yours,

Martin F. Heslin Senior Attorney

STATE OF NEW YORK PUBLIC SERVICE COMMISSION

Proceeding on Motion of the Commission to Investigate the July 6, 1999 Power Outage of Con Edison's Washington Heights Network

Case 99-E-0930

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC. ELECTRIC OPERATIONS AND SUBSTATION OPERATIONS EXPENDITURE REPORTS FOR YEAR 2000

The Public Service Commission's <u>Order Concerning Staff Report and Directing Company to Show Cause</u>, issued March 15, 2000 in the referenced proceeding, directed Consolidated Edison Company of New York, Inc., ("Con Edison" or "the Company") to implement the recommendations made in the Staff's "Report on Consolidated Edison's July 1999 System Outages," issued in March 2000. Recommendation IV-2 requires that the Company "report annually to the Commission on its capital and operations and maintenance expenditures for electric distribution and substation operations and the progress of the associated programs." Pursuant to this recommendation, Con Edison is filing with the Commission the following, attached expenditure reports for the year 2001:

- Electric Operations O&M Budget
- Electric Operations O&M Variations
- Electric Operations Capital Budget Financial Report
- Electric Operations Capital Variations
- Substation Operations O&M Budget and Variations
- Substation Operations Capital Budget and Variations.

Dated: February 1, 2002

Respectfully submitted,

CONSOLIDATED EDISON COMPANY

OF NEW YORK, INC.

Martin F. Heslin Senior Attorney

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC. - OPERATIONS CAPITAL VARIATIONS

Millions Variation Thru December 2001

Electric Operations

Manhattan New Business- Increased activity including projects under \$100,000	1,542.0
Burnouts-Increased activity mainly to the secondary system	7,336.0
System Reinforcement- Crews diverted to World Trade Center activity	(1,202.0
Transformers- Increased activity associated with the burnout activity	596.0
Meters- Increased activity associated with the New Business work increase	349.0
Total Manhattan	8,621.0
Bronx/Westchester	
New Business - Expanded scopes realized due to reliability improvements made which	
were not originally budgeted/estimated, coupled with the clearing of obstructions.	2,294.0
Burnouts - Increased secondary burnout work following storms (winter and heat)	5,701.0
System Reinforcement - Underrun due to reallocation of resources to other areas.	(6,689.0)
Meter Installation - Dependent upon capitalization by Property Records.	(240.0
Transformer Installation - Dependent upon capitalization by Property Records. Total Bronx/Westchester	561.0 1,627.0
	.,
Brooklyn/Queens	
New Business - Increased scope of work on major projects and increased activity on	7.057.0
<\$100K	7,257.0
Burnouts - Increased secondary burnout work following winter and heat storms	1,395.0
System Reinforcement - Underrun due to diversion of resources to winter storm recovery efforts and change in joint replacement specification	/10 050 O
Meter Installations - Increase associated with the New Business increase	(10,950.0) 136.0
Transformer Installations - Decreased capitalization	(453.0)
Total Brooklyn/Queens	(2,615.0
	, , ,
Staten Island	
New Business - Increased activity and higher costs due to "on the job training".	869.0
Burnouts - Increase due to contractor costs for conduit and C-truss Pole Program.	174.0
System Reinforcement - Underrun due to less than anticipated capability. Meter Installations	(2,023.0) 6.0
Transformer Installations - determined by capitalization rate set by Property Records	70.0
Total Staten Island	(904.0)
Electric Interference	
Higher costs on various projects	1,719.0
Total Electric Interference	1,719.0
Distribution Engineering	
Dist Substation - USA and timing of final invoices	(1,754.0)
Meter Shop - Delayed meter shipments	(582.0)
Transformer shop	9,987.0
Total Distribution Engineering	7,651.0
Electric Special Projects	
Flush Pits - Permit delays	(2,266.0)
300 Mhz Radio Project - acceleration of milestones	3,031.0
AutoLoop Automation - slippage	(1,500.0)
Sundas, DEMS, On Line RMS & Frame Relay - deferrals/slippage Manhattan Control Ctr/Standardization - slippage from prior year	(1,300.0)
Marinattan Control Cir/Standardization - Silppage from prior year All Other	1,483.0 (1,283.0)
Total Electric Special Projects	(1,835.0)
Operation Services	(-,,
Deration Services Third Avenue Yard - slippage due to design and bid changes	(4,330.0)
East 16th Street - acceleration of milestones	6,826.0
White Street Warehouse demolition - lower cost	(555.0)
All Other	1,548.0
Total Operations Services	3,489.0
Total Electric Operations	17,753.0
