

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 10-T-0139 - Application of Champlain Hudson Power Express, Inc. for a Certificate of Environmental Compatibility and Public Need Pursuant to Article VII of the PSL for the Construction, Operation and Maintenance of a High Voltage Direct Current Circuit from the Canadian Border to New York City.

NOTICE REGARDING ENTERGY PETITION FOR REHEARING

(Issued May 23, 2013)

On May 21, 2013 a Petition for Rehearing of the Commission's April 18, 2013 Order in the above-captioned case ("the Petition") was filed by Entergy Nuclear Power Marketing, LLC and Entergy Nuclear Fitzpatrick, LLC, ("Entergy").

Pursuant to Section 3.7 of the Commission's rules, the Petition is apparently untimely as filed. The last date for filing of a petition for rehearing in this matter was May 20, 2013. Pursuant to Section 3.5(d) of the Commission's rules, a document filed electronically is deemed filed at the time it is received by the Secretary; the Petition was received by e-mail at 12:59 p.m. on May 21, 2013, and was not received by any other means.

Pursuant to Section 22 of the Public Service Law and Section 3.3(a)(1) of the Commission's rules, the Secretary may extend a deadline for filing of a petition for rehearing, for good cause shown. Entergy may file, not later than May 29, 2013, a demonstration as to why it was reasonably unable to file the Petition in a timely fashion and/or a showing of good cause as to why the document should still be accepted. Alternatively, Entergy may demonstrate that its document was timely filed. Any party may respond to this filing not later than June 4, 2013.

A further Notice will be issued, determining whether the Petition will be considered timely filed or if good cause

for late filing has been shown. Until such time, no deadline for responding on the merits to the Petition for Rehearing is in effect. Any such deadline for responses will be established by the further Notice.

(SIGNED)

JEFFREY C. COHEN
Acting Secretary
