Office of Consumer Services
State of New York Department of Public Services
Three Empire State Plaza
Albany, NY 12223-1350

Dear Sandra:

After reviewing options one, two, and three concerning the Area Code 315 suggested changes, the Town Board of the Town of Vernon feels that none of the options is a satisfactory solution.

The inconvenience to businesses in the center of New York State would be greatly affected by these options. Since most of the growth in residences is in the Counties of St. Lawrence, Jefferson and Lewis, why not make those counties a new area code. Splitting up Syracuse-to-Utica businesses is not a viable option as far as we are concerned.

Thank you for your consideration of this point of view.

Sincerely,

Myron J. Thurston
