

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 11-T-0068 - Petition of Niagara Mohawk Power Corporation d/b/a National Grid for a Certificate of Environmental Compatibility and Public Need for the Reconstruction of Approximately 14 Miles of 115 kV Double-Circuit Electric Transmission Facilities from the Mohican Substation in Saratoga County to the Battenkill Substation in Washington County.

RULING ESTABLISHING MAY 31 REPORT DATE

(Issued May 3, 2013)

MICHELLE L. PHILLIPS, Administrative Law Judge:

On May 3, 2013, the parties reported that their efforts to finalize a negotiated resolution of the issues raised in this proceeding are continuing, but will require additional time. They therefore seek approval to provide another status report on or before May 31, 2013.

The parties' request is granted. If the parties ultimately report that a settlement is feasible, they should, at that time, propose dates for the submission of a Joint Proposal (JP), statements concerning the JP, and any additional testimony and exhibits.
