

**Case No. 12-M-0476 et al.**  
**EDI Business/Technical Working Groups**  
**Workpaper – ICAP Tag Questions - 4/1/2016**

ICAP Tags are effective in ISO-NE from 6/1 through 5/31 via 814

- When are 814 Changes sent for the new ICAP Tags?
- If any customers enroll after 814 Changes are sent, is an 814 Change sent to that new supplier for the future value(s)?
- Is there an exact date that you stop sending the current ICAP tag on the 814 Enrollment Response and start sending the new ICAP Tag?
- If you send 814 Change transactions for ICAP, would you include an 814 Change transaction for a customer account where the ICAP value did not change?

Historical Usage Related Questions

- Are there any limits to the number of times that a supplier may request HU/HIU for an account?
- Are there any limits to the number of 814 HU/HIU requests that may be sent on a single day?
- Are there any charges associated with requesting 867 HU?
- Are there any charges associated with requesting 867 HIU?

Weather Normalization

- Is the supplier expected to perform any calculations to weather normalize the ICAP Tag?
