Bristol Harbour Village Association
Steve Janto President
30 Golfside Circle
Canandaigua, NY 14424

Dear Kathleen Burgess:

In 2009 with input from the Public Service Commission, Bristol Water Company instituted the use of water meters. When this was discussed the PSC said that they would return in 5 years to review the water usage by all customers to see that the rates charged by the Water Company were fair and equitable to all residential and commercial customers. Let this letter serve as notice that we now request this review.

Yours truly,
Steve Janto

President of Bristol Harbour Village Association

PETITION

We the undersigned property owners and customers of the Bristol Water Works Corporation hereby petition the Public Service Commission to conduct a survey of water usage for both commercial and residential customers to determine if fair and equitable rates are being levied to all parties.
