Gregg C. Sayre

CASE 12-C-0510 - Petition of Time Warner Cable Information
Services (New York), LLC for Modification of Its
Existing Eligible Telecommunications Carrier
Designation.

ORDER APPROVING DESIGNATION AS A LIFELINE-ONLY ELIGIBLE
TELECOMMUNICATIONS CARRIER

(Issued and Effective March 18, 2013)

BY THE COMMISSION:

INTRODUCTION

By petition dated November 13, 2012, pursuant to Section 214 of 47 U.S.C., Time Warner Cable Information Services (New York), LLC (TWCIS(NY)), or the Company) seeks Commission designation as an eligible telecommunications carrier (ETC) in order to receive federal universal service support for offering Lifeline Service.¹ The company's requested ETC-designated service area includes nearly all of its network footprint, including portions of rural local exchange carriers' territories.

¹ In its petition TWCIS(NY) says that it holds "dormant" ETC designations originally granted to some of its predecessor entities and requests "modification of its existing ETC designation." For the sake of clarity, we will treat TWCIS(NY)'s petition as an initial request for ETC designation.

BACKGROUND

Section 214 of 47 U.S.C. requires state commissions to designate ETCs for the purpose of determining universal service obligations and eligibility to receive federal universal service funding after determining that certain criteria have been met. In cases in which an ETC applicant petitions for designation in a rural service area already served by an ETC, the state commission is required to find that such designation is in the public interest.

TWCIS(NY)'s petition represents the first request to the Commission for ETC designation from an entity providing service using fixed Voice over Internet Protocol (VoIP) technology. Although the Federal Communications Commission (FCC) has not yet determined the overall classification of interconnected VoIP, it recently recognized that a VoIP provider with a state commission issued Certificate of Public Convenience and Necessity (CPCN) that has also filed a tariff offering intrastate telecommunications service, is functioning as a telecommunications provider.² TWCIS(NY) has a Commission-issued CPCN³ and had tariffs in effect offering intrastate services. The company subsequently filed a replacement tariff, effective February 23, 2013, offering Home Phone and Business Class Phone service on a fully regulated basis.⁴ TWCIS(NY)'s Lifeline tariff, effective March 15, 2013, will offer reduced rates to low income, Lifeline-eligible customers for the following services: (i) local-only, unlimited in-state and

² Telecommunications carrier status is required by federal law as a condition for obtaining an ETC designation.

³ Case 98-C-0593, Time Warner Communications Holdings, Inc., et al. Certificates of Public Convenience and Necessity, Untitled Order (issued April 23, 1998).

⁴ Matter No. 13-00199, Time Warner Cable Information Services (New York), LLC - New Tariff Schedule No. 3, filed January 24, 2013.

unlimited nationwide calling; and (ii) "double play" and "triple play" bundles. Both tariff offerings will increase consumer access to voice services as well as high-speed data and video services.

In comments submitted in response to a Notice Inviting Comments issued December 11, 2012, the New York State Telecommunications Association, Inc. (NYSTA) objected to granting ETC designation to TWCIS(NY), claiming that TWCIS(NY): 1) did not qualify as a telecommunications carrier; 2) had not satisfied FCC requirements; and 3) lacked commitment to universal service programs. As discussed in this Order, we find that TWCIS(NY) meets the requisite criteria for Lifeline-only ETC designation and that such designation is in the public interest.

TWCIS(NY)'s PETITION

TWCIS(NY) seeks Commission designation as an ETC in order to become a "Lifeline-only" ETC. Lifeline-only ETCs, eligible to receive federal support for providing Lifeline service, are ineligible for other universal service funding support. In addition to the federal funding that it will receive for offering Lifeline service, TWCIS(NY) will seek reimbursement from the state's Targeted Accessibility Fund of New York, Inc. (TAF). According to the TAF Operational Procedures and Advisory Board Manual, reimbursement will be limited to the difference between the applicable non-Lifeline and Lifeline rates of the incumbent local exchange carrier (ILEC) serving the territory (Manual at page 16).

TWCIS(NY) notes that its proposed ETC-designated service area in New York includes portions of the rural study areas of many

of the rural ILECs.⁵ TWCIS(NY) explains that it qualifies as an ETC because it satisfies each of the federal statutory and regulatory requirements for designation. Specifically, the Company states that it provides the following services:⁶

- a) Voice grade access to the public switched network;
- b) Local Usage;
- c) Access to emergency services, including access to 911 or E911;
- d) Lifeline and free toll limitation services for qualifying low-income customers; and,
- e) Voice Telephony Service.

TWCIS(NY) asserts that it will advertise the availability and charges for such services in media of general distribution, as required by §214(e)(1)(B). The Company states that it will offer Lifeline services only under its parent company Time Warner Cable's (TWC) brand names and not through an unidentified affiliate. To the extent that Lifeline service is provided by any affiliate in

⁵ The specific ILECs are: Armstrong Telephone Company, Berkshire Telephone Company, Cassadaga Telephone Corporation, Champlain Telephone Company, Chautauqua & Erie Telephone Company, Chazy & Westport Telephone Company, Crown Point Telephone Corporation, Delhi Telephone Company, Deposit Telephone Company Inc., Dunkirk & Fredonia Telephone Company, Edwards Telephone Company Inc., Empire Telephone Corporation, Middleburgh Telephone Company, Newport Telephone Company Inc., Nicholville Telephone Company, Oneida County Rural Telephone Company, Oriskany Falls Telephone Company, Pattersonville Telephone Company, Port Byron Telephone Company, Taconic Telephone Corporation, Township Telephone Company, Inc., Trumansburg Telephone Company, Vernon Telephone Company Inc., Citizens Telecommunications Company of New York, Inc., Frontier Communications of Ausable Valley, Inc., Frontier Communications of New York, Inc., Frontier Telephone of Rochester, Inc., Frontier Communications of Seneca-Gorham, Inc., Ogden Telephone Company and Windstream New York, Inc. (Fulton, Jamestown and Red Jacket study areas).

⁶ These requirements are set forth in 47 CFR 54.101.

the future, TWCIS(NY) will disclose such information pursuant to federal reporting requirements.

The Company represents that it has the financial capabilities and technical expertise to provide Lifeline service. It also states that it will satisfy other ETC requirements adopted by this Commission and the FCC, including:

- a) Ability to Remain Functional in an Emergency - TWCIS(NY) says that it maintains a reasonable amount of back-up power to ensure the functionality of its service without an external power source; is able to reroute traffic around damaged facilities; and is capable of managing traffic spikes resulting from emergency situations. In accordance with Commission rules, TWCIS(NY) filed an updated Emergency Plan with the Commission detailing its practices in the event of an emergency.
- b) Satisfaction of Applicable Consumer Protection and Service Quality Standards - TWCIS(NY) says that it will comply with all applicable state and federal consumer protection and service quality standards, including Commission procedures for resolution of complaints.
- c) Service Initiation Deposits - TWCIS(NY) will not collect a service deposit for Lifeline plans that do not charge additional fees for toll calls, or for which a subscriber has elected toll limitation service.
- d) Number-Portability Charges - TWCIS(NY) will not charge Lifeline account holders a monthly number-portability charge.
- e) Lifeline Certification and Verification - TWCIS(NY) will certify and verify consumer eligibility to participate in the Lifeline program in accordance with the rules of the FCC. TWCIS(NY) states that it will adhere to the provisions of any compliance plan to which it is subject.
- f) Regulatory Fees - TWCIS(NY) says that it pays and will continue to pay, in a timely manner, all applicable federal, state, and local regulatory fees, including, but not limited to, universal service and E-911 fees.

The petition states that TWCIS(NY) will offer several service plans to Lifeline subscribers. These will include: (i) separate plans offering local-only, unlimited in-state and unlimited nationwide calling; and (ii) "double play" and "triple play" bundles, which will facilitate consumer access to voice services as well as high-speed data and video services. For each service, TWCIS(NY) will apply the Lifeline discount only to the voice component of the bundle.

TWCIS(NY)'s ETC-designated service area will consist of nearly all of the company's franchise areas, which includes portions of Verizon New York's service area as well as portions of the state's small local exchange carriers serving New York State. A list of the company's franchise service areas covered by the petition is shown in Attachment A to this Order.

Finally, the petition states that granting a Lifeline-only ETC designation to TWCIS(NY) will serve the public interest by expanding choice regarding discounted basic service for New York State's low-income customers and concomitantly ensuring that more of the state's residents are connected to the telephone network. Though TWCIS(NY) already provides voice services in New York, some low-income individuals may be unable to take advantage of TWCIS(NY)'s services unless offered in connection with a discounted service such as Lifeline. According to TWICS(NY), designating it as an ETC able to offer discounted basic service will give New York's Lifeline-eligible consumers an opportunity to obtain service from TWCIS(NY).

COMMENTS AND REPLY COMMENTS

A Notice Inviting Comments (Notice) regarding TWCIS(NY)'s petition, issued December 11, 2012, requested submission of initial comments by January 10, 2013 and reply comments by January 24, 2013. Only one party, the New York State

Telecommunications Association, Inc. (NYSTA), filed initial comments in response to the Notice. TWCIS(NY) filed reply comments in response.⁷ In addition, a State Administrative Procedures Act (SAPA) Notice of Proposed Rule Making on TWCIS(NY)'s petition was published in the State Register on December 26, 2012; no comments were filed in response.

NYSTA argued that the Commission should either deny TWCIS(NY)'s petition or, alternatively, "undertake a fact-intensive, rigorous analysis of the assertions contained in the petition." According to NYSTA, such analysis must be based on TWCIS(NY)'s inability to qualify as a "telecommunications carrier" offering or proposing to offer "telecommunications services," as those terms are defined in the Act. NYSTA argues that TWCIS(NY) does not meet all of the eligibility requirements set forth by the FCC and Section 214(e) of the Act.

NYSTA states that Section 214(e) of the Act requires telecommunications carrier status as a prerequisite for ETC designation. NYSTA contends that TWCIS(NY)'s federal status as a VoIP provider does not meet Section 214(e) requirements. TWCIS(NY) replies that this argument is meritless, explaining that the FCC has allowed VoIP-based providers to qualify as telecommunications carriers under certain circumstances.

NYSTA further questions whether TWCIS(NY) fully commits to participating in all universal service programs in the State of New York, including Lifeline, E911, Relay Service and the funding of the State Universal Service Fund (SUSF). In response, TWCIS(NY) noted that TWC, through its various affiliates, in connection with its Home Phone and Business Class Phone services, has historically

⁷ NYSTA submitted late-filed comments in regard to TWCIS(NY)'s proposed Lifeline tariff. Although the comments were not timely filed, they raised no objection that would preclude granting the company's petition.

paid into the TAF, which supports the Commission's universal service goals, including Lifeline, E911 and the Relay Service. In addition, TWCIS(NY) confirmed its commitment to fund the Commission's newly created State Universal Service Fund, notwithstanding the exemption of VoIP providers as contributors to the fund.

NYSTA urges us to reject the petition on the basis that granting the requested Lifeline-only ETC designation is not in the public interest. TWCIS(NY) replies that the petition "documents the strong public interest benefits associated with its planned participation in the Lifeline program." Further, TWCIS(NY) says its petition explains that extending Lifeline discounts to qualified low-income customers will make TWCIS(NY)'s facilities-based voice services more affordable and accessible.

DISCUSSION

NYSTA objections are centered on 1) TWCIS(NY)'s telecommunications carrier status; 2) satisfaction of FCC requirements; and 3) commitment to universal service programs.

TWCIS(NY)'s Status as a Telecommunications Carrier

TWCIS(NY)'s petition represents the first time in New York State that a VoIP provider has requested ETC designation. NYSTA questions whether TWCIS(NY) possesses the required status under 47 U.S.C. Section 214(e) as a telecommunications carrier.

Section 214(e) of 47 U.S.C. requires telecommunications carrier status⁸ for any telecommunications provider seeking designation as an ETC. TWCIS(NY) claims such status by virtue of its CPCN and filed tariffs. NYSTA, however, claims that TWCIS(NY) is seeking a telecommunications service designation for TWCIS(NY)'s retail interconnected VoIP service and that self-declarations are not sufficient to confer the required telecommunications carrier status. NYSTA states that TWCIS(NY)'s previous classification of its VoIP service as unregulated requires justification for the basis of such service's transformation to telecommunications service status.

The FCC recognizes a VoIP provider that has obtained a certificate from a state commission and filed a tariff offering intrastate telecommunications service as a telecommunications provider.⁹ Although the FCC has not determined interconnected VoIP service's overall classification, it has stated that, "if a provider of interconnected VoIP holds itself out as a telecommunications carrier and complies with appropriate federal and state requirements," it may be treated as a telecommunications

⁸ 47 U.S.C 153(44) defines telecommunications carrier as "any provider of telecommunications services . . ." specifying that a telecommunications carrier "shall be treated as a common carrier" . . . to the extent that "it is engaged in providing telecommunications services." Telecommunications service is defined as "the offering of telecommunications for a fee directly to the public . . . regardless of the facilities used" (47 U.S.C. 153(46)). Telecommunications is defined as transmitting "between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as send and received" (47 U.S.C. §153(43)).

⁹ Fiber Technologies Network, LLC v. North Pittsburgh Telephone Company, 22 FCC Rcd 3392 (2007).

carrier.¹⁰ TWCIS(NY) holds a CPCN issued by this Commission, and had tariffs in effect offering intrastate services. The company subsequently filed a replacement tariff effective February 23, 2013 offering Home Phone and commercial Business Class Phone services on a fully regulated basis.¹¹ TWCIS(NY) holds itself out to New York State consumers as a telecommunications provider and, therefore, has met the FCC standard for operating as a telecommunications carrier for the purpose of this ETC designation.

TWCIS(NY)'s Satisfaction of FCC Requirements to Become an ETC

NYSTA urges us to perform a rigorous fact-based analysis of TWCIS(NY)'s petition to determine that the company meets the FCC's requirements to become an ETC. Staff independently reviewed the petition and TWCIS(NY)'s PSC No. 3 - Telephone tariff and confirmed that the company satisfies the requirements for designation as an ETC for the purpose of receiving federal universal service support for low income programs pursuant to Sections 214(e)(2) and 214(e)(6) of the Act and Section 54.101 through Section 54.207 of 47 CFR.

TWCIS(NY) intends to offer its proposed Lifeline-only service in nearly all of its franchise areas which will include portions of rural study areas. Section 214(e)(5) requires both state and federal approval to designate an ETC service area that

¹⁰ IP-Enabled Services; E911 Requirement for IP-Enabled Service Providers, 20 FCC Rcd 10245, ¶38, n. 128 (2007).

¹¹ "TWCIS(NY) . . . confirm[s] that its Home Phone and Business Class Phone services generally, for all Lifeline and non-Lifeline subscribers alike, will be offered pursuant to TWCIS(NY)'s CPCN on a fully regulated basis (TWCIS(NY) Reply, p 7).

does not conform to the study area of a rural telephone company.¹² Because the TWCIS(NY) study areas may not conform, TWCIS(NY) submitted a petition to the FCC seeking forbearance from the boundary modification provision of Section 214(e)(5), should such relief prove necessary. Although boundary modification statutorily requires both state and federal approval to designate a nonconforming ETC service area, the FCC previously granted forbearance from this requirement to two facilities-based Lifeline-only ETCs.¹³

TWCIS(NY)'s Commitment to Universal Service Programs

In its comments, NYSTA questions TWCIS(NY)'s commitment to participate in universal service programs. However, in both TWCIS(NY)'s petition and reply comments, it stated that TWCIS(NY) is fully committed to supporting all New York State universal service programs. In addition, TWCIS(NY) made a commitment to full Commission regulation; and, we will regulate TWCIS(NY) as we regulate any other competitive local exchange carrier (CLEC). This obligation includes payment of all fees, including mandatory payment into the State's USF and TAF. In addition, the company will be subject to service quality regulation. Finally, the level of TAF reimbursement for TWCIS(NY) will be the same as for other CLECs, as provided for in the TAF Manual.

¹² Section 214(e)(5) of the Act defines the term "service area" as "a geographic area established by a State commission for the purpose of determining universal service obligations and support mechanisms. In the case of an area served by a rural telephone company, "service area" means such company's "study area" unless and until the Commission and the States, after taking into account recommendations of a Federal-State Joint Board instituted under section 410(c), establish a different definition of service area for such company."

¹³ See NTCH, Inc. and Cricket Communications, Inc. Petitions for Forbearance, Order, 26 FCC Rcd 13723 (2011).

PUBLIC INTEREST

We find that TWCIS(NY) will provide the requisite telephone services and satisfies all of the FCC's requirements for designation as an ETC for the purpose of receiving federal universal service support for Lifeline service. We find that granting a Lifeline-only ETC designation to TWCIS(NY) will serve the public interest. As an ETC, TWCIS(NY) will be able to offer discounted basic service, thereby meeting the needs of New York's Lifeline-eligible consumers and allowing the company to serve more New York low-income individuals. By giving low income individuals another choice for discounted basic service, in conjunction with the company's cable television and broadband services, many Lifeline-eligible customers will have the opportunity to receive more advanced and various telecommunications services than they receive from some of the currently designated ETCs.

CONCLUSION

TWCIS(NY) qualifies as an eligible telecommunications carrier for purposes of participating in federal universal service low income support programs. We find that the designation of TWCIS(NY) as a Lifeline-only ETC is in the public interest.

The Commission orders:

1. The petition of Time Warner Cable Information Services (New York), LLC for designation as a Lifeline-only eligible telecommunications carrier is approved.
2. The case is closed.

By the Commission,

(SIGNED)

JEFFREY C. COHEN
Acting Secretary
