Re: Case 07-M-0548- Proceeding on Motion of the Commission Regarding an Energy Efficiency Portfolio Standard
Case 15-M-0252- In the Matter of Utility Energy Efficiency Programs
Matter 16-02180, In the Matter of Clean Energy EM&V

Dear Secretary Burgess:

In accordance with the requirements set forth in the Clean Energy Guidance Document CE-01: *Utility Energy Efficiency Program Cycle*, Version 2.0, issued July 28, 2017, Central Hudson Gas & Electric Corporation ("Central Hudson") hereby files the finalized process evaluation reports:

1. Behavioral Modification Program Process Evaluation Report
2. Residential Lighting Program Process Evaluation Report
3. CenHub Store Program Process Evaluation Report
4. C&I Prescriptive and Custom Programs Process Evaluation Report

Central Hudson contracted with Applied Energy Group ("AEG") to conduct process evaluations focused on new Central Hudson energy efficiency programs. AEG designed the process evaluations for these programs to examine both internal program processes and customer response to the programs. The evaluations identify the methods used to gather data and to measure program results, as well as make recommendations for program improvements.

A copy of the evaluation reports will be available on the Company's website. Any questions you may have regarding the attached can be directed to the undersigned at (845) 486-5565 or via email at asucato@cenhud.com.

Respectfully submitted,

A handwritten signature in black ink that reads "Amanda Sucato".

Amanda Sucato

Director of Energy Efficiency and Demand Response
