RE: Request for Reconsideration of RAO Determination No. 18-05
Case 15-M-0388

Dear Secretary Burgess:

On May 30, 2018, Charter Communications, Inc. (“Charter”) appealed from the Records Access Officer’s (“RAO”) May 18, 2018 Determination rejecting in part Charter’s request that the Commission exempt from disclosure certain information filed confidentially by Charter. The information is found in four documents: (i) November 7, 2017 Good Cause Shown Tracker Chart; (ii) January 29, 2018 submission of 2017 PSC Video Complaint Data Report; (iii) August 16, 2016 Charter 90-Day Report and Implementation Plan; and (iv) Exhibits A and B to the January 8, 2018 Charter Build-Out Compliance Report. Charter is appealing only certain portions of the RAO’s determination.

On June 1, 2018, Your Honor requested that Charter submit redacted versions of these four documents, revised to specifically identify the portions of documents that Charter is appealing.

Enclosed here are the four documents with revised redactions. The documents reflect those redactions that were upheld by the RAO, which are marked in black (and are not being appealed). The redactions that were not upheld by the RAO and which Charter is appealing are marked in red.

Please let me know if there are any questions.
