Honorable Kathleen Burgess
Secretary to the Commission
New York State Public Service Commission
Three Empire State Plaza
Albany, NY 12223-1350

Re: 15-E-0751 – In the Matter of the Value of Distributed Energy Resources.

Dear Secretary Burgess,

In its January 18, 2018 Order Regarding Compensation of Community Distributed Generation Projects, the Public Service Commission directed Department of Public Service Staff (Staff), in consultation with stakeholders and the New York State Energy and Research Development Authority (NYSERDA), to develop and present recommendations for addressing the issue of compensation for projects once Tranche 4 is full. At the request of Staff, you issued a ruling on June 29, 2018 extending the deadline for that filing to July 16, 2018.

Staff respectfully requests a further extension to that deadline by ten days, to July 26, 2018. In the previous letter, I explained that Staff intended to align the filing of the recommendations with the filing of a whitepaper on improvements to the VDER distribution value compensation rules. Additional time is needed to complete analysis related to that whitepaper. As stated in the previous letter, aligning the filing of the two sets of Staff recommendations will provide a more complete picture of Staff’s recommendations for Commission action related to VDER and will thereby enhance the ability of stakeholders to provide informed comments and recommendations to the Commission.

Thank you,

/s/

Ted Kelly
Assistant Counsel
Department of Public Service
