**Re: Cases 18-E-0067 and 18-G-0068  
Orange and Rockland Electric and Gas Rate Cases  
Request for Further Extension of Suspension Date**

Dear Secretary Burgess:

By orders issued February 5, 2018 and June 12, 2018, in the captioned proceedings, the Commission suspended through December 24, 2018 (“Suspension Date”) Orange and Rockland Utilities, Inc.’s (“Orange and Rockland” or the “Company”) filed amendments to its electric and gas tariff schedules by which the Company proposed general increases in its rates and charges for delivery services. On June 29, 2018, the Company filed a letter with the Secretary indicating its willingness to accept a one-month extension of the Suspension Date, subject to a “make-whole” provision that would keep the Company and its customers in the same position they would have been absent the extension. On July 30, 2018, the Company filed a letter with the Secretary requesting an additional one-month extension. The July 30, 2018, request was amended by letter dated July 31, 2018. The Company hereby requests a further one-month extension of the Suspension Date to March 25, 2019, if necessary.

If an extension of the Suspension Date becomes necessary, Orange and Rockland is willing to accept a further extension of the Suspension Date through March 25, 2019, with the understanding that Staff and the parties would support establishing a “make-whole” provision covering the period January 1, 2019 through March 25, 2019. The Company understands being “made whole” to have the same meaning described in the Company’s June 29, 2018, initial request for an extension of the Suspension Date.

The Company requests that, if necessary, the Commission consider the additional provisions described in the Company’s July 30, 2018, letter at the appropriate time in these proceedings.

Please contact me if you have any questions regarding this matter.

Very truly yours,

*/s/ Enver Acevedo*
