The Consolidated Edison Company of New York Enrollment Request and Response Supplemental Information

BGN06 / Reference Identification	For Enrollment responses that have no associated EDI Enrollment request, since there is no BGN02 value to populate in the BGN06 of the Response, Con Edison will place the literal "MANUAL" in the BGN06.		
	Service Portability: Service Portability Enrollments have no associated EDI Enrollment request. Since there is no BGN02 value to populate in the BGN06, Con Edison will place "MANUAL" in the BGN06 of Enrollment response.		
N1 Name / Customer Name	Service Portability Program: Only Service Portability Enrollments will be coded by "SP" on Enrollment responses in the N016 segment. Not used at Con Edison on Enrollment requests. This data element should not be provided by E/M. If provided on Enrollment request by E/M, the enrollment request will be rejected and an enrollment response with rejection message will be sent from Con Edison. Rejection message will read: Service Portability enrollment request not permitted.		
REF Reference Identification (Previous Utility Account Number) / Reference Identification	Service Portability Program: For Service Portability enrollments the REF45 will provide the account number for the previous location.
