Subject Case 11-T-0534; Case 11-T-0654

Dear Secretary Brilling:

I am the attorney of record for Rochester Gas and Electric Corporation in Case 11-T-0534 and for New York State Electric & Gas Corporation in Case 11-T-0654, both Article VII proceedings. I have left the law firm of Dewey & LeBoeuf, but will continue to represent the applicants. My new contact information is listed below. I would appreciate your revising the Commission's records accordingly. I do not think that I have any other active cases before the Commission, but if your records indicate otherwise, please advise me.

Also, I expect to be filing on May 25, 2012 on behalf of New York State Electric & Gas Corporation a new Article VII application for an electric transmission facility. I would appreciate your advising me how many hard copies and how many electronic copies on disk should be filed.

Thank you for your attention to these matters.

John Draghi
