CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 3 RENTAL HORSE LICENSING AND PROTECTION LAW*5

§ 17-328 Identification tag and certificate of license.

a. Each horse licensed pursuant to the provisions of this subchapter shall be assigned an official identification number by the department. Such identification number shall be branded on the hoof of the horse in a manner to be prescribed by the commissioner and shall also be inscribed on a metal tag which shall be attached to the bridle of the horse in a conspicuous place to be specified by the commissioner at all times when the horse is at work. Such tag shall be issued to the owner with the certificate of license. The tag and certificate of license shall be of such form and design and shall contain such information as the commissioner shall prescribe. Duplicate tags and certificates of license shall be issued only upon proof of loss of the original and the payment of a fee of two dollars.

b. The certificate of license shall at all times remain at the stable where the horse is kept and shall be available for inspection by any police officer, agent of the department and the ASPCA, or to veterinarians employed or retained by the department or the ASPCA or employees of the department of consumer affairs or any persons designated by the commissioner to enforce this subchapter.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 3 RENTAL HORSE LICENSING AND PROTECTION LAW*5

§ 17-330 Regulations.

a. The commissioner, with the advice of the advisory board as hereinafter established, shall promulgate such regulations as are necessary to carry out the provisions of this subchapter and to promote the health, safety and well being of the horses which are required to be licensed hereunder and of members of the public who hire such horses.

b. Horses shall not be left untethered or unattended except when confined in a stable or other enclosure.

c. Standing stalls in stables shall be of a size specified by regulation of the commissioner.

d. Horses shall be adequately quartered. Stables and stalls shall be clean and dry and sufficient bedding of straw, shavings or other suitable materials shall be furnished and changed as often as necessary to maintain them in a clean and dry condition. Adequate heating and ventilation shall be maintained in stables as prescribed by the commissioner.

e. Owners shall insure that appropriate and sufficient food and drinking water are available for each horse and that while working each horse is permitted to eat and drink at reasonable intervals.

f. Owners shall not allow a horse to be worked on a public highway, path or street during adverse weather or other dangerous conditions which are a threat to the health or safety of the horse. A horse being worked when such conditions develop shall be immediately returned to the stable by the most direct route.

g. Carriage horses shall not be at work for more than nine hours in any continuous twenty-four hour period. Riding horses shall not be at work for more than eight hours in any continuous twenty-four hour period. Rest periods for carriage horses and riding horses shall be of such duration and at such intervals as the commissioner shall prescribe, but rest periods for carriage horses shall in no event be for less than fifteen minutes after each two hour working period, and the time of such rest period shall be included in calculating the number of hours the horse has worked in any twenty-four hour period. During such rest periods, the person in charge of such carriage horses shall make fresh water available to the horse.

h. Carriage horses shall not be driven at a pace faster than a trot. Riding horses may be ridden at a canter but shall not be galloped.

i. Horses shall be suitably trimmed or shod, and saddles, bridles, bits, road harnesses and any other equipment used on or with a horse at work shall be maintained and properly fitted as prescribed by regulation of the commissioner.

j. Stables in which horses used in a rental horse business are kept shall be open for inspection by authorized officers, veterinarians and employees of the department, and any persons designated by the commissioner to enforce the provisions of this subchapter, agents of the ASPCA, police officers, and employees of the department of consumer affairs.

k. An owner shall be jointly liable with the person to whom a horse is rented for any violation of this subchapter or of any regulations promulgated hereunder committed by such person if the owner had knowledge or notice of the act which gave rise to the violation at the time of or prior to its occurrence or under the circumstances should have had knowledge or notice of such act and did not attempt to prevent it from occurring.

l. An owner of a rental horse business shall keep such records as the commissioner of health shall prescribe including but not limited to a consecutive daily record of the movements of each licensed horse including the driver's name and identification number, if applicable, rider's name, the horse's identification number, vehicle license plate number, if applicable, time of leaving stable and time of return to stable. Such records shall be kept on the premises of the stable where the horses are kept and shall be available for inspection. The commissioner may, in his or her discretion, require a time clock, date stamp or time stamp where such commissioner believes it is appropriate.

m. A horse required to be licensed pursuant to this subchapter which is lame or suffers from a physical condition or illness making it unsuitable for work may be ordered to be removed from work by the commissioner or his or her designee or by an agent of the ASPCA or a veterinarian employed or retained by such commissioner or ASPCA to inspect licensed horses. A horse for which such an order has been issued shall not be returned to work until it has recovered from the condition which caused the issuance of the order or until such condition has improved sufficiently that its return to work will not aggravate the condition or otherwise endanger the health of the horse. In any proceeding, under this section it shall be presumed that a horse which is found at work within forty-eight hours after the issuance of an order of removal and which is disabled by the same condition which caused such order to be issued has been returned to work in violation of this section. Such presumption may be rebutted by offering a certificate of a veterinarian indicating suitability to return to work prior to the expiration of the forty-eight hour period.

n. Every horse required to be licensed hereunder shall be examined by a veterinarian prior to its use in a rental horse business and thereafter at intervals of not more than one year. The examination shall include the general physical condition of the horse, its teeth, hoofs and shoes, and its stamina and physical ability to perform the work or duties required of it. The examination shall also include a record of any injury, disease, or deficiency observed by the veterinarian at the time, together with any prescription or humane correction or disposition of the same. A signed health certificate by the examining veterinarian shall be maintained at the stable premises at which such horse is located. A copy of said certificate shall be mailed by the examining veterinarian to the department of health and mental hygiene.

o. 1. Carriage horses shall not be worked whenever the air temperature is 18 degrees fahrenheit or below.

2. Carriage horses shall not be worked whenever the air temperature is 90 degrees fahrenheit or above.

3. For purposes of this subdivision, temperatures shall be those measured by a state-of-the-art thermometer, as determined by the commissioner, as measured by the commissioner or his or her designee at street level at one of the stands designated pursuant to section 19-174 of the code.

4. If the temperature exceeds the limits set by this subdivision during the course of a particular ride, at the ride's conclusion, but no later than one-half hour after the temperature exceeds these limits, the operator must immediately cease working, move the horse to an area of shelter, where available, rest the horse and then walk it directly to its stable. All horses so returned to their stable must be unbridled and unharnessed and remain at the stable for at least one hour, and thereafter, until such time as the weather conditions shall once again reach acceptable limits.

5. No violation of this subdivision shall occur unless a written warning of violation is first issued by the authorized enforcement personnel to the operator advising that the air temperature limits of this subdivision have been exceeded and directing that the operator cease working a carriage horse in accordance with the provisions of this subdivision. A violation of this subdivision may be issued if an operator fails to comply with the direction contained in the written warning of violation. Failure to comply with such direction shall not be construed as a separate violation.

p. In the event that any regulation requiring horse drawn carriages to be equipped with a manure catching device is adopted by any city agency or agencies, such devices shall be affixed or attached to the carriage and shall at no time be affixed or attached to the horse.

SUBCHAPTER 3 RENTAL HORSE LICENSING AND PROTECTION LAW*5

§ 17-331 Advisory board.

a. The commissioner shall appoint an advisory board consisting of five members as follows:

1. Two members shall be appointed from among the owners of rental horse businesses operating within the city, one of whom shall be representative of the interests of owners of riding horses and one of whom shall be representative of the interests of owners of carriage horses.

2. Two members shall be appointed from the public at large. However, in no event shall more than one person so appointed to the board be a member of the board of directors or an employee of any animal humane society or association.

3. One member shall be a veterinarian.

b. The terms of office of the members of the board shall be three years except that the terms of office of the members first appointed shall be as follows:

1. Two of such members first appointed shall serve for a term ending on the thirty-first day of December, nineteen hundred eighty-two.

2. Two of such members first appointed shall serve for a term ending on the thirty-first day of December,

nineteen hundred eighty-three.

3. One of such members first appointed shall serve for a term ending on the thirty-first day of December, nineteen hundred eighty-four.

c. The members of the board shall serve without compensation.

d. The board shall make recommendations to the commissioner on regulations necessary to carry out the provisions of this subchapter and to promote the health, safety and well-being of horses which are required to be licensed hereunder and of members of the public who hire such horses.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 4 INHALATION THERAPY

§ 17-335 Inhalation therapy.

a. Definitions. Whenever used in this section, the following terms shall mean and include:

1. "Inhalation therapy." The therapeutic use of oxygen, helium, carbon dioxide or other gas or gases for a human being.

2. "Inhalation therapy service." The furnishing of gas and complete inhalation therapy equipment, with or without a technician to administer or operate the same, or the furnishing, with one or more other persons, of such gas and complete equipment, or the furnishing of a supervising technician or technician to operate inhalation therapy equipment.

3. "Purveyor." A person who directly or indirectly engages in the business of supplying inhalation therapy service or who holds himself or herself out, directly or indirectly, or by a sign, stationery, business card, billhead, advertisement or otherwise as being engaged in the business of supplying inhalation therapy service. The term "purveyor" shall not include a hospital or other institution subject to visitation or inspection by the state department of social services, pursuant to section four hundred sixty-c of the social services law, a hospital or other institution operated by the city, or a manufacturer or distributor of gas or inhalation therapy equipment, unless such manufacturer or distributor supplies inhalation therapy service consisting of gas and complete inhalation equipment, with or without, a technician to operate the same, or a technician to operate inhalation therapy equipment.

4. "Supervising technician." A person who is the technical supervisor or director of the inhalation therapy service of a purveyor and who supervises the technicians who operate the inhalation therapy equipment of such purveyor or for such purveyor.

5. "Technician." A person who operates inhalation therapy equipment of a purveyor or for a purveyor under the supervision of a supervising technician. The terms "supervising technician" shall not include any person administering any gas (a) for emergency first aid, (b) for emergency resuscitation, (c) in conjunction with or during lawful administration of an anesthetic, (d) in a hospital or other institution subject to visitation or inspection by the state department of social services, pursuant to section four hundred sixty-c of the social services law, or (e) in a hospital or other institution operated by the city.

b. Purveyors' licenses, supervising technicians' and technicians' certificates of competency.

1. It shall be unlawful for any person to be a purveyor without a license therefor and it shall be unlawful for any person to be a supervising technician or technician without a certificate of competency therefor.

2. The annual fee for a license to be a purveyor shall be fifty dollars. The fee for a certificate to be a supervising technician shall be ten dollars and the annual renewal fee shall be one dollar. The fee for a certificate to be a technician shall be five dollars and the annual renewal fee shall be one dollar.

3. Each purveyor shall cause his or her license to be conspicuously displayed in his or her principal place of business. Each supervising technician and each technician, during the performance of his or her duties as such, shall carry his or her certificate or renewal certificate on his or her person and shall display the same on demand.

4. The department shall issue licenses and certificates of competency and renewals thereof pursuant to this section. Each such license, certificate and renewal shall expire on the thirty-first day of December next succeeding the date of issuance thereof.

5. All licenses, certificates of competency and renewals thereof issued pursuant to this section shall be according to an established form and shall be regularly numbered and duly registered.

6. Where the applicant is a non-profit organization or an employee of such organization and the activity for which the license is required, is operated or is to be operated on a non-profit basis, the commissioner may in his or her discretion waive the payment of any of the fees prescribed by this section for such licenses issued by him or her.

c. Commissions prohibited. For the better protection and preservation of the public health, safety and welfare of the city and its inhabitants, it shall be unlawful for any purveyor, supervising technician or technician, directly or indirectly, to pay or give, permit or cause to be paid or given, or offer to pay or give to any person, or for any person, directly or indirectly, to request, receive or accept from any purveyor, supervising technician or technician any sum of money, credit or other valuable consideration as a commission, discount or gratuity for:

1. Recommending or procuring the inhalation therapy service of such purveyor for any other person, or

2. Directing patronage or clientele to such purveyor, or

3. Influencing any person to refrain from using or utilizing the inhalation therapy service or equipment of any other purveyor or person.

The provisions of this subdivision shall be inapplicable to:

1. Compensation paid by a purveyor to his or her bona fide employees or for bona fide advertising.

2. Trade discounts granted by one purveyor to another purveyor.

d. Operation of equipment. It shall be unlawful for any purveyor to supply inhalation therapy service or equipment, unless the use thereof is prescribed and supervised by a licensed physician and the operation thereof is controlled by a licensed physician, a supervising technician or a technician. A purveyor shall be deemed to have complied with the requirement of this subdivision with respect to a prescription for the use of inhalation therapy service or equipment if:

1. He or she or his or her representative shall have ascertained from the physician or from a person employed in the office of the physician having knowledge thereof or from the registered nurse charged with the care of the person requiring such inhalation therapy, that the physician has prescribed the use of such inhalation therapy or equipment; and

2. He or she or his or her representative has made a note on the records of such purveyor of the name and address of the physician, the name of the registered nurse or the person in the office of the physician from whom such information was received and the date on and the time at which such information was received.

The provisions of this subdivision shall be inapplicable to the use of inhalation therapy in the administration of emergency first aid, emergency resuscitation, in conjunction with or during lawful administration of anesthetic, in a hospital or other institution subject to visitation or inspection by the state department of social services pursuant to section four hundred sixty-c of the social services law or in a hospital or other institution operated by the city.

e. Powers of department. For the better protection of the health, safety and welfare of the inhabitants of the city, the department shall have power to:

1. Promulgate rules and regulations governing inhalation service or equipment and for the proper enforcement of the provisions of this section.

2. Conduct examinations for and issue certificates of competency to supervising technicians and technicians.

3. Inspect or investigate the inhalation therapy equipment or service of any purveyor.

4. Make and enforce orders with relation to the care, use, operation, testing and repair of inhalation therapy service or equipment.

5. Deny, suspend or revoke a license, certificate of competency or any renewal thereof for failure to comply with the provisions of this section or with any rule, regulation, standard or order prescribed or made by the department with relation to inhalation therapy service or equipment.

f. Repealed.

Sub b par 6 add LL 91/1955 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Conviction of defendant for engaging in business of a purveyor without a license, in violation of Administrative Code § 561-3.0 was reversed and the complaint dismissed, as the mere showing that defendant held himself out to be engaged in the business of a purveyor without proof that he was actually engaged in such business, was insufficient to establish a violation of the statute.-People v. Weiner, 271 App. Div. 1022, 69 N.Y.S. 2d 41 [1947].

¶ 2. Refusal of Department of Health to issue to petitioner a purveyor's license to conduct the business of supplying inhalation therapy service, was not arbitrary where there was reasonable ground for belief that petitioner was merely the alter ego for an individual who theretofore had been denied a license because of his past record.-Assoc. Ambulance, &c., Services, Inc. v. Dept. of Health, 116 (28) N.Y.L.J. (8-8-46) 231, Col. 3 F.

¶ 3. New York City Department of Health **held** not to have abused its discretion in refusing to grant petitioner a license as a purveyor of inhalation therapy service, as it appeared that misleading statements had been made concerning the ownership of an ambulance and oxygen service, that petitioner did not properly supervise the business as shown in a certain matter in which the knowledge and competency of a supervising technician were involved, that petitioner was evasive about his past criminal record which included two arrests on felony charges, later reduced to misdemeanors, upon which sentence was suspended, and that he orally made misleading statements to certify an application by his father-in-law for a technician's certificate.-Weiner v. Dept. of Health of City of N.Y., 114 (54) N.Y.L.J. (9-4-45) 413, Col. 5 M.

§ 17-336 Purveyors of certain services regulated.

a. Whenever used in this section, the following terms shall mean and include:

1. "Purveyor." A person who directly or indirectly engages in the business of supplying a service or services to another person or persons for use or utilization by such other person or persons.

2. "Service" or "services." The sale, rental, supplying or furnishing of:

(a) Clinical laboratory services or supplies

(b) X-ray laboratory services or supplies

(c) Inhalation therapy service or equipment

(d) Ambulances service

(e) Sick room supplies

(f) Physical therapy service or equipment

(g) Orthopedic or surgical appliances or supplies

(h) Drugs, medication or medical supplies

(i) Glasses, lenses or other optical supplies or equipment

(j) Hearing aids or devices

(k) Any other goods, services, supplies or procedures prescribed or suggested for medical diagnosis, care or treatment.

b. For the better protection and preservation of the public health, safety and welfare of the city and its inhabitants, it shall be unlawful for any purveyor, directly or indirectly, to pay or give, permit or cause to be paid or given, or offer to pay or give to any person, or for any person, directly or indirectly, to request, receive or accept from any purveyor any sum of money, credit or other valuable consideration as a commission, discount or gratuity for:

1. Recommending or procuring a service of such purveyor for any other person, or

2. Directing patronage or clientele to such purveyor, or

3. Influencing any person to refrain from using or utilizing a service of any other purveyor.

c. The provisions of subdivision b of this section shall be inapplicable to:

1. Compensation paid by a purveyor to his or her bona fide employees or for bona fide advertising.

2. Trade discounts granted by one purveyor to another purveyor.

§ 17-337 Compressed air in tanks; underwater breathing use.

a. Commencing September twentieth, nineteen hundred sixty-six no person shall sell or distribute compressed air in tanks for underwater breathing use unless he or she shall have obtained a permit from the commissioner.

b. On or before August twentieth, nineteen hundred sixty-six, the board shall promulgate rules establishing air purity standards for compressed air in tanks for underwater breathing use which rules shall not permit more than ten parts per million of carbon monoxide and shall not permit the existence of oil vapor or other oil contamination.

c. Commencing September twentieth, nineteen hundred sixty-six, compressed air in tanks shall not be sold or distributed for underwater breathing use unless it complies with the standards established by the board and unless there is attached to each tank a certificate issued by the seller representing that the contents comply with the standards established by the board.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 5 MEDICAL RECORDS

§ 17-338 Medical records.

a. Definitions.

1. The term "patient" shall mean any person who is receiving or has received medical attention from a medical facility.

2. The term "medical facility" shall mean a proprietary or voluntary hospital within New York city.

3. The term "operator" shall mean an independent business entity located within the city of New York, whose function it is to properly maintain and store patients' medical records upon a medical facility's discontinuance of operation. The term "operator" shall not include an article twenty-eight facility.

4. The term "article twenty-eight facility" shall mean a medical facility issued an operating certificate of approval under article twenty-eight of the public health law.

5. The terms "trustee" or "administrator" shall mean the person who supervises the general administrative activities of a medical facility.

b. If pursuant to a plan approved by the state, the medical records of a closing medical facility are to be transferred to an operator, that operator shall be licensed as provided in section 17-339 of this subchapter.

c. The medical records shall be released pursuant to law.

d. The department may set reasonable fees to be charged by the licensed operator.

e. The commissioner shall promulgate regulations as deemed necessary for the proper implementation and enforcement of this section and section 17-339 of this subchapter.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 5 MEDICAL RECORDS

§ 17-339 License.

a. It shall be unlawful for any operator to assume control or store the medical records of any medical facility which is discontinuing operation without a license issued by the department therefor.

b. The commissioner shall have cognizance and control of the granting, issuance, transferring, renewal, denial, revocation, suspension and cancellation of all licenses issued to operators to store and preserve medical records.

c. All licenses issued pursuant to this section shall be valid for one year unless sooner suspended or revoked.

d. Commissioner may impose reasonable fees for the license provided for herein.

e. Each operator applying for a license or renewal thereof shall file an application in such form and detail as the commissioner may prescribe and shall pay the fee required by this section. In addition to such information required by the commissioner, any application for a license or renewal thereof shall contain information which will demonstrate the operator's ability to properly maintain and store medical records pursuant to the state approved plan.

f. The New York city department of records and information services shall investigate, inspect and monitor the operations of the operator and shall recommend to the commissioner the granting, issuance, transferring, renewal, denial, cancellation, revocation or suspension of the license of an operator.

g. The commissioner may revoke or suspend a license and/or impose a penalty not exceeding five hundred dollars on a licensee and/or deny an application for a license if, after notice and hearing, the commissioner finds that a licensee or applicant has:

1. made a material misstatement or misrepresentation on an application for a license or renewal; or

2. violated any provision of this section or any rule or regulation promulgated pursuant to the provisions of this section; or

3. failed or refused to pay any penalty imposed pursuant to the provisions of this section; or

4. failed to properly maintain medical records or to make such records available as provided by law.

SUBCHAPTER 6 DANGEROUS DOG REGULATION AND PROTECTION LAW*9

§ 17-342 Definitions.

Whenever used in this subchapter, the following terms shall be defined as follows:

a. "Person" means any individual, partnership, firm, joint stock company, corporation or employee thereof, or other legal entity, unless otherwise stated.

b. "Owner" means any person possessing, harboring, keeping, having an interest in, or having control or custody of a dog.

c. "Dangerous dog" means (1) any dog that when unprovoked, approaches, or menaces any person in a dangerous or terrorizing manner, or in an apparent attitude of attack, upon the streets, sidewalks, or any public grounds or places; or (2) any dog with a known propensity, tendency or disposition to attack when unprovoked, to cause injury or to otherwise endanger the safety of human beings or domestic animals; or (3) any dog which bites, inflicts injury, assaults or otherwise attacks a human being or domestic animal without provocation on public or private property; or (4) any dog owned or harbored primarily or in part for the purpose of dog fighting or any dog trained for dog fighting.

d. "Severe injury" means any physical injury that results in broken bones or disfiguring lacerations requiring either multiple stitches or cosmetic surgery.

e. "Unprovoked" means that the dog was not hit, kicked, taunted or struck by a person with any object or part of a person's body nor was any part of the dog's body pulled, pinched or squeezed by a person.

Section one. Legislative findings. The City Council hereby finds that the regulation and control of dangerous dogs in New York City is a matter of vital concern, affecting the public health, safety and welfare of all New Yorkers. Experience from New York City and all across the United States has demonstrated that while most dogs make suitable pets, there are certain exceptionally dangerous and unpredictable dogs of various breeds. Once provoked, they become uncontrollable and lethal weapons, posing significant dangers to unsuspecting and innocent people. In the past four years, 28 Americans have been killed by dogs and countless other have been hurt and maimed. This year, people are dying as a result of dog attacks, at the rate of one or more a month, with children and elderly persons being the most frequent targets.

This law seeks to remedy this dangerous situation by regulating the ownership of dangerous dogs in New York City. Given the population of New York City, the Council believes that such a law is necessary to protect the health, safety and welfare of its residents.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 6 DANGEROUS DOG REGULATION AND PROTECTION LAW*9

§ 17-345 Determination of a dangerous dog.

The commissioner shall have the authority to make a determination that a dog is dangerous, as defined in subdivision (c) of section 17-342, upon the complaint of any person that a dog is dangerous. The Commissioner shall make such determination after a hearing, written notice of which shall be given to the complainant and to the owner of the dog, within fifteen days after seizure of the dog has been ordered by the department, where the owner's address can be reasonably ascertained by the commissioner. The hearing shall be held no less than ten days nor more than twenty days after such notice is mailed to the owner of the dog. At such hearing all interested persons shall have the opportunity to present evidence on the issue of the dog's dangerousness. In the event that the dog in question has caused severe injury to any person, the commissioner may impound the dog, at the owner's expense, pending the hearing and determination of the complaint. If, after the hearing, the commissioner determines that the dog is dangerous, he or she may order the owner to comply with one or more of the following requirements, in any combination thereof:

a. Registration. The commissioner may order the owner of a dangerous dog to register such dog with the department. The application for such registration shall contain the name and address of the owner, the breed, age, sex, color, and any other identifying marks of the dog, the location where the dog is to be kept if not at the address of the owner and any other information which the commissioner may require. The application for registraton pursuant to this paragraph shall be accompanied by a registration fee of twenty-five dollars. Each dog registered pursuant hereto shall be assigned an official registration number by the department. Such registration number shall be inscribed on a metal tag which shall be attached to the dog's collar at all times. The tag and a certificate of registration shall be of such form and

design and shall contain such information as the commissioner shall prescribe and shall be issued to the owner upon payment of the registration fee and the presentment of sufficient evidence that the owner has complied with all of the orders of the commissioner as prescribed at the determination hearing.

b. Muzzling or confinement. The commissioner may order the owner of a dangerous dog to muzzle the dog or confine the dog, at all times, indoors or in a proper enclosure for a dangerous dog which shall consist of a securely enclosed and locked pen or structure, suitable to prevent the entry of young children, or any part of their bodies or other foreign objects, and designed to prevent the animal from escaping. Such pen or structure shall have secure sides and prevent the dog from digging his way out through the bottom. The pen or structure shall also provide the dog with protection from the elements. The owner shall also conspicuously display a sign designed with a warning symbol approved by the commissioner which indicates to both children and adults the presence of a dangerous dog, on the pen or structure and on or near the entrance to the residence where the dog is kept. At any time that the dog is not confined as required herein, the dog shall be muzzled in such a manner as to prevent it from biting or injuring any person, and kept on a leash no longer than six feet with the owner or some other responsible person attending such dog.

c. Liability insurance. The commissioner may order the owner of a dangerous dog to maintain, in full force and effect, a liability insurance policy of one hundred thousand dollars for personal injury or death of any person, resulting from an attack of such dangerous dog.

d. Humane destruction. The commissioner may order the humane destruction of any dog that kills or causes severe injury to a human being, based upon the severity of the injury and the circumstances of the injury.

e. Other remedies. The commissioner may order (i) that the dog be permanently removed from the city; or (ii) that the owner and the dog complete a course of obedience and/or anti-bite training approved by the commissioner.

In the event that the owner or keeper of the dangerous dog is a minor, the parent or guardian or such minor shall be liable for all injuries and property damage sustained by any person or domestic animal caused by an unprovoked attack by such dangerous dog.

In the past four years, 28 Americans have been killed by dogs and countless other have been hurt and maimed. This year, people are dying as a result of dog attacks, at the rate of one or more a month, with children and elderly persons being the most frequent targets.

This law seeks to remedy this dangerous situation by regulating the ownership of dangerous dogs in New York City. Given the population of New York City, the Council believes that such a law is necessary to protect the health, safety and welfare of its residents.

Section one. Legislative findings. The City Council hereby finds that the regulation and control of dangerous dogs in New York City is a matter of vital concern, affecting the public health, safety and welfare of all New Yorkers. Experience from New York City and all across the United States has demonstrated that while most dogs make suitable pets, there are certain exceptionally dangerous and unpredictable dogs of various breeds. Once provoked, they become uncontrollable and lethal weapons, posing significant dangers to

unsuspecting and innocent people. In the past four years, 28 Americans have been killed by dogs and countless other have been hurt and maimed. This year, people are dying as a result of dog attacks, at the rate of one or more a month, with children and elderly persons being the most frequent targets.

This law seeks to remedy this dangerous situation by regulating the ownership of dangerous dogs in New York City. Given the population of New York City, the Council believes that such a law is necessary to protect the health, safety and welfare of its residents.

SUBCHAPTER 7 TATTOO REGULATION ACT*12

§ 17-355 Short title.

This subchapter shall be known as the "Tattoo Regulation Act."

**HISTORICAL NOTE**

Section added L.L. 12/1997 § 2, eff. June 25, 1997.

**FOOTNOTES**

12

[Footnote 12]: * Subchapter 7 added L.L. 12/1997 § 2, eff. June 25, 1997. Note provisions of § 1 of such local law:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York finds that although it is currently illegal in the City of New York to apply tattoos, tattooists are nonetheless currently operating in the City without any standards or regulation. Without effective health regulation of tattooing, diseases can be transmitted to customers and tattooists through supplies and equipment. In recent years, there

has been an increase in demand for tattoo services, resulting in an increasing number of New Yorkers being placed at risk for disease. The Council therefore finds it appropriate for the protection of the public health, safety and welfare of the citizens of New York City to enact legislation to regulate tattooing and tattooists. Such regulation will ensure that tattooists practice basic health and safety procedures necessary to competently engage in the practice of tattooing. The licensing of tattooists will permit the Department of Health to enforce safety standards for tattooists and impose penalties, including license suspension and revocation, for violations of such standards.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 7 TATTOO REGULATION ACT*12

§ 17-356 Definitions.

As used in this subchapter, the following terms shall be defined as follows:

a. "Tattoo" means any mark on the body of a person made with indelible ink or pigments injected beneath the outer layer of the skin, or to make such a mark.

b. "Tattooist" means any person who applies a tattoo to the body of another person.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 7 TATTOO REGULATION ACT*12

§ 17-357 Licenses.

a. No person shall engage in the practice of tattooing without having obtained a license to engage in such practice in the manner prescribed in this subchapter.

b. The provisions of this subchapter shall not apply to a physician licensed under article one hundred thirty-one of the New York state education law.

c. Notwithstanding the requirements set forth in this section, the commissioner may issue a seven-day temporary license to a person holding a license or similar certification or registration to engage in the practice of tattooing issued under the jurisdiction of another political subdivision, state or nation. Such temporary license will allow a person to apply tattoos within the city of New York under the direct supervision of a tattooist holding a license issued by the department pursuant to subdivision a of this section. Where an applicant for such a seven-day temporary license practices tattooing in a jurisdiction that does not license or otherwise register tattooists, the commissioner may issue such seven-day temporary license to such person upon the presentation of proof satisfactory to the commissioner that the applicant has received training equivalent to that necessary to satisfactorily pass the examination required in section 17-358. The fee for such temporary license shall be established in rules promulgated by the commissioner.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 7 TATTOO REGULATION ACT*12

§ 17-358 Licenses, applications, procedures and requirements.

a. Any person intending to engage in the practice of tattooing shall apply to the commissioner for a tattoo license, in the form and manner prescribed by the commissioner. Such application shall contain such information as the commissioner deems reasonable and necessary to determine the qualifications for granting a license to the applicant. The application shall be subscribed by the applicant and affirmed under penalty of perjury.

b. Any person eighteen years of age or older may apply to the commissioner for a license to practice tattooing. No license may be issued to a person who has been convicted of criminal tattooing of a minor in violation of section 260.21 of the New York state penal law within the year immediately preceding such license application.

c. Each applicant for a tattoo license shall take an examination administered by the department in accordance with rules promulgated by the commissioner regarding health issues relating to tattooing, including but not limited to, infection control, utilization of universal precautions as recommended by the federal centers for disease control and prevention and proper methods of waste disposal. The fee for such examination shall be established pursuant to rules promulgated by the commissioner. An application for a tattoo license must be accompanied by satisfactory evidence of passing such examination. The commissioner shall issue an informational publication which may be used by applicants for a tattoo license in preparing to take such examination. The commissioner shall update such informational publication when the commissioner determines that new health-related information or techniques have become available.

d. The biennial fee for a tattoo license shall be one hundred dollars.

§ 17-359 Expiration; transfer; assignment; display.

a. All licenses shall be numbered and shall expire two years from the date of issuance.

b. No license shall be assignable or transferable.

c. Each license issued pursuant to this subchapter and a sign in the form prescribed by the commissioner indicating a department of health and mental hygiene address or telephone number where customers may register complaints shall be posted in a conspicuous place on the premises where the licensee is applying tattoos.

d. A license may be renewed without examination; provided, however, that if a license is not renewed within two years of its expiration, the licensee shall be subject to the provisions of section 17-358.

e. Any holder of a license which has been revoked may, upon expiration of the revocation period, reapply for such license under the provisions of section 17-358.

f. All advertising by or for a licensee must contain the phrase "LICENSED BY THE NEW YORK CITY DEPARTMENT OF HEALTH AND MENTAL HYGIENE" and the license number of such licensee. For the purposes of this subdivision, an alphabetical listing in a telephone directory shall not be considered advertising.

§ 17-360 Sanitary conditions; physical facilities; equipment; procedures.

a. Every tattoo establishment, store, place or premises in which one or more tattooists engage in the practice of tattooing, shall be kept in a clean and sanitary condition at all times and shall have proper ventilation and lighting, waste receptacles, washing facilities with cold and hot running water, sanitary soap and towels for customers and tattooists and such other sanitary conditions as required by rules promulgated by the commissioner.

b. The commissioner shall promulgate rules with respect to hand-washing by tattooists, the wearing of latex gloves by tattooists and the wearing by tattooists of any other protective garments as the commissioner may require.

c. The commissioner shall promulgate rules with respect to the proper sterilization of tattoo equipment, proper sterilization and disposal of needles, and the tattooing procedure, including, but not limited to, the preparation of the skin to be tattooed and the treatment of the skin by the tattooist and the customer following tattooing.

d. The commissioner shall promulgate rules with respect to the tattooing of persons who have skin lesions or other conditions as determined by the commissioner.

e. No person shall apply a tattoo to any person under eighteen years of age.

f. After the tattooing procedure has been completed, every tattooist shall provide his or her customers with

written instructions on the proper care of tattooed skin.

g. Every tattooist shall maintain a record of the name, address, and age of every customer and date tattooed and any other information required by the commissioner and shall report to the commissioner any information as the commissioner shall determine.

SUBCHAPTER 7 TATTOO REGULATION ACT*12

§ 17-362 Violations and penalties.

a. The first conviction of a licensee for criminal tattooing of a minor under section 260.21 of the New York state penal law shall result in the suspension of such license for a period of six months. Not later than ten business days prior to the expiration of such six-month suspension, where such a suspended licensee intends to resume tattooing, such licensee shall post a bond with the commissioner in such form and amount as the commissioner shall require. Such bond shall remain in full force and effect for eighteen months following the expiration of such six-month suspension. The second conviction of a licensee for criminal tattooing of a minor under section 260.21 of the New York state penal law within two years of the first conviction shall result in the revocation of such license for a period of two years and the forfeiture of such bond as may have been posted with the commissioner pursuant to this section. The third conviction of a licensee for criminal tattooing of a minor under section 260.21 of the New York state penal law within two years of the first conviction shall result in the revocation of such license for a period of five years. A license issued pursuant to this subchapter may be suspended or revoked for any other reasonable cause specified by the commissioner in order to ensure the health and safety of the public.

b. In addition to any other penalty imposed by any other provision of law or rule promulgated thereunder, any person found to be in violation of this subchapter or any of the rules promulgated hereunder shall be liable for a civil penalty of not more than three hundred dollars for the first violation; not more than five hundred dollars for the second violation within a two-year period; and not more than one thousand dollars for the third and all subsequent violations within a two-year period.

c. A proceeding to suspend or revoke a license authorized pursuant to subdivision a of this section, or to recover any civil penalty authorized pursuant to subdivision b of this section, shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health. Such tribunal shall have the power to suspend or revoke a license issued pursuant to this subchapter and to impose the civil penalties prescribed by subdivision b of this section.

By requiring dog owners to provide proof of vaccination for certain common diseases before such animals are placed in boarding kennels, businesses or establishments, the City could lower the incidence of preventable diseases and help improve the health of these animals.

. . . . . § 3. If any section, subsection, sentence, clause, phrase, or other portion of this local law is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

CHAPTER 4 STANDARDS GOVERNING THE PERFORMANCE OF STERILIZATIONS

§ 17-401 Findings and declaration.

The council declares that due to the irreversible nature of the sterilization procedure, it is essential that the patient fully comprehends the effects and possible complications of the operation. The patient should have a reasonable time to consider his or her decision and possible alternative methods of contraception before the operation is performed. Since it is within the purview of the public policy of the city to preserve, protect and improve the public health, safety and welfare, it is imperative that the council establish standards governing the performance of sterilizations.

CHAPTER 4 STANDARDS GOVERNING THE PERFORMANCE OF STERILIZATIONS

§ 17-404 Waiting period.

A sterilization may not be performed sooner than thirty days following the initial informed consent given by the patient unless the patient waives the thirty-day waiting period under the following circumstances:

1. A patient who has completed the appropriate forms and informational session, and who has signed the required informed consent form at least thirty days prior to her anticipated delivery date, may be sterilized in less than thirty days, but in no case less than seventy-two hours following the initial informed consent given by such patient if she delivers prior to the anticipated date and the sterilization is performed at the time of delivery.

2. A patient who has completed the appropriate forms and informational session and who signs the required consent form at least thirty days prior to the anticipated sterilization may be sterilized in less than thirty days if that patient is, within the thirty-day period, admitted to a facility for emergency abdominal surgery and the sterilization is concurrent with the abdominal surgery, but in no case shall the sterilization occur less than seventy-two hours after the initial consent.

3. If a patient appears for delivery or emergency abdominal surgery at a facility other than that at which the patient has completed the appropriate forms and informational session, the receiving facility shall contact, by telephone, the facility at which the forms and procedures were completed for verification of same. This must be noted in the record, with the name and title of the person providing the information, the date that the consent form was signed and the anticipated delivery date if under subdivision one of this section or sterilization date if under subdivision two of this section. If it is verified that the consent form was signed at least thirty days prior to the anticipated delivery or sterilization date, the receiving facility may perform the sterilization operation. Telephone verification may not be

waived unless the patient presents a duplicate copy of the initial consent, duly signed, witnessed and dated at least thirty days prior to the anticipated delivery or sterilization date.

CHAPTER 4 STANDARDS GOVERNING THE PERFORMANCE OF STERILIZATIONS

§ 17-405 Requirements for informed consent.

No sterilization shall be performed which does not meet the following conditions:

1. Initial consent may not be elicited from a female patient during admission or hospitalization for childbirth or abortion.

2. An informational session conducted by a counselor, who is not the operating physician, must precede the patient's consent. During the session, information about the irreversibility of sterilization, alternative methods of contraception, and the corresponding risks must be discussed in the preferred language of the patient.

3. Written informed consent for sterilization must be obtained from each patient. A standardized consent form must be used to satisfy this requirement. The form, supplied by the department must be explained orally by the counselor in the presence of a witness. A copy of the signed consent form shall be provided the patient.

4. On admission to the facility where the sterilization will be performed each patient must give written affirmation of his or her informed consent to the sterilization.

5. The patient must be given oral and written assurance that medical services or benefits will not be lost as a result of refusing sterilization.

6. Contraceptive devices will be prescribed for the patient's use during the thirty-day waiting period.

7. Consent for the sterilization may be revoked any time prior to the operation.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-501 Short title.

This chapter shall be known and may be cited as the "Smoke-Free Air Act."

**HISTORICAL NOTE**

Section amended L.L. 5/1995 § 2, eff. Apr. 10, 1995. See Note.

Section added L.L. 2/1988 § 2.

**NOTE**

Effective 4/6/1988 L.L. 2/1988 provisions

Section one. Legislative findings. The City Council hereby finds that the regulation and control of smoking in enclosed public places is a matter of vital concern, affecting the public health, safety and welfare of all New Yorkers. There is increasing scientific evidence that passive exposure to cigarette smoke (second-hand smoke) is linked to a variety of negative health consequences in humans, including lung cancer, bronchitis, pneumonia, acute respiratory disease, cardiovascular disease, decreased pulmonary function, and low birth weight in children born to smokers. Such health consequences have been documented by the U.S. Surgeon General and the National Academy of Sciences and virtually every major health organization that has studied the effects of second-hand smoke. With respect to the adverse health effects of second-hand smoke, the Surgeon General has concluded that: "[t]he scientific case against involuntary smoking as a health risk is more than sufficient to justify appropriate remedial action."

Many jurisdictions around the country have already taken such action, as it is estimated that about 150 cities and 40 states have enacted legislation or regulations which in some way place restrictions on smoking in public places.

Given the current state of scientific evidence on the adverse health effects of second-hand smoke, the Council, in enacting this chapter, seeks to accomplish two goals: (1) to protect the public health and welfare by prohibiting smoking in certain public places except in designated smoking areas and by regulating smoking in the workplace; and (2) to strike a reasonable balance between persons who smoke and the right of nonsmokers to breathe smoke-free air.

§ 3. This local law shall take effect ninety days after its enactment. Actions necessary to prepare for the implementation of this local law may be taken prior to its effective date.

**NOTE**

Provisions of L.L. 5/1995 § 1

Section 1. Declaration of legislative findings and intent. According to the United States Environmental Protection Agency (the "EPA"), the health risks attributable to exposure to environmental tobacco smoke ("ETS") (also known as second-hand smoke, passive smoke or involuntary smoke) are well established. Further, the EPA has found that ETS is responsible for the lung cancer deaths of approximately 3,000 nonsmokers in the United States each year, and is a deadly carcinogen which belongs in the category of Group A (known human) carcinogens. Studies conducted by the EPA also conclude that exposure to ETS causes other significant health problems in adults, including coughing, phlegm production, chest discomfort and reduced lung function. In addition, studies conducted by other entities have concluded that ETS aggravates the condition of people with heart disease, and some studies have linked involuntary smoking with heart disease.

Moreover, the findings of the EPA indicate that exposure to ETS can pose substantial health risks to children, as it is casually associated with, among other things, increases in the prevalence of childhood respiratory illnesses, increases in the prevalence of fluid in the middle ear of children, and a statistically significant reduction in the lung function of children. The EPA's findings also indicate that ETS results in additional episodes and increased severity of asthma in children who suffer from this disease, and is a risk factor for new cases of asthma in children who have not previously displayed asthmatic symptoms.

The EPA reports that twenty-six percent of the population of the United States, or about 50 million Americans, are smokers. As the Council finds that virtually all Americans, including all citizens of New York City, are likely to be exposed to ETS by virtue of its widespread presence in public places and in the workplace, and that exposure to ETS presents a substantial health risk to nonsmokers, it is the Council's intention to strengthen existing local laws which limit the areas in which smoking is permissible. The Council is therefore placing further restrictions on smoking in public places and in the workplace, including placing restrictions which, in certain cases, limit smoking to separately ventilated rooms. Further, the Council is prohibiting smoking in particular places frequented by children, such as child day care center, children's institutions and playgrounds. It is the Council's intention that these additional restrictions will help protect children and nonsmoking adults from the health hazards presented by exposure to ETS.

**CASE NOTES**

¶ 1. The court upheld the constitutionality of the law as applied to cigars. The court rejected plaintiff's claims that the law violated the due process and equal protection clauses of the constitution. The legislature had a rational basis for including cigars within the law. The court pointed out, for example, that it would have been difficult to enforce a law that barred cigarettes but not cigars from certain premises; it is often difficult to determine which products constitute cigarettes and which constitute cigars. Beatie v. New York City, 1996 Westlaw 442869, U.S.Dist. Ct., S.D.N.Y.

¶ 2. In Matter of Penny Port, N.Y.L.J., Sept. 27, 1999, page 30, col. 5 (Sup.Ct. New York Co.), appeal withdrawn, 276 A.D.2d 1014, 714 N.Y.S.2d 349 (1st Dept. 2000), the City sought to enforce its anti-smoking regulations against

the owner of a restaurant located in Grand Central Station. The owner leased the space from the Metropolitan Transit Authority (MTA), which has its own smoking restrictions. In opposing the City, the owner contended that under Public Authorities Law Sec. 1266(8), the City did not have jurisdiction over MTA activities. The City contended that Section 1286 applied only to the MTA's own activities, not to private commercial enterprises that merely lease space from the MTA. In analyzing the situation, the court looked to an analogous case, MTA v. City of New York, 70 A.D.2d 551 (App.Div. 1st Dept.), leave denied, 48 N.Y.2d 607. MTA involved the construction of Public Authorities Law Sec. 1275, which provided for a tax exemption to property leased by the MTA and used for "transportation purposes." The MTA court held that food stores and other commercial enterprises that catered to rail commuters were in effect being used for transportation purposes, and held that the exemption applied to space leased to these enterprises. In Penny Port, the court held that the lessees were in effect conducting MTA-related activities, so that Section 1266 of the Public Authorities Law was applicable. Thus, the court held that the City had no authority to enforce Section 17-501 against the MTA's lessees. It is important to note that the court limited its holding to the facts of the case, and indicated, in a general way, that there might be some MTA lessees who would not qualify for the exemption provided by Section 1286 and thus could be subject to the City's smoking restrictions.

¶ 3. The court rejected a challenge by a private club to the constitutionality of the statute. The plaintiff alleged that the entry or anticipated entry of City inspectors to ascertain compliance with the smoking ban constituted an unlawful warrantless search in violation of the Fourth Amendment. The court, however, said that since the premises were licensed to serve food, the City inspectors had the right to be present on the premises by virtue of the health laws. In other words, the smoking ban did not expand municipal searches beyond those permitted by pre-existing law. The court also rejected Equal Protection and First Amendment challenges to the law. The Players, Inc. v. City of New York, N.Y.L.J., June 1, 2005, at 22, col. 3 (U.S. Dist. Ct. S.D.N.Y.)

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-502 Definitions.

As used in this chapter, the following terms shall be defined as follows:

a. "Auditorium" means the part of the building where an audience sits including any corridors, hallways or lobbies adjacent thereto.

b. "Bar" means a business establishment or any portion of a non-profit entity, which is devoted to the selling and serving of alcoholic beverages for consumption by the public, guests, patrons, or members on the premises and in which the serving of food, if served at all, is only incidental to the sale or consumption of such beverages. For the purposes of this chapter, the term "bar": (i) shall include a restaurant bar; (ii) shall include any area located in a hotel or motel, which is devoted to the selling and serving of alcoholic beverages for consumption by the public, guests, patrons, or members on the premises and in which the serving of food, if at all, is only incidental to the sale or consumption of alcoholic beverages; and (iii) shall include a cabaret as defined in section 20-359 of the code which is required to be licensed by the department of consumer affairs pursuant to section 20-360 of the code and in which the serving of food, if at all, is only incidental to the sale or consumption of alcoholic beverages. For the purposes of this subdivision, (i) service of food shall be considered incidental to the sale or consumption of alcoholic beverages if the food service generates less than forty percent of total annual gross sales and (ii) any business establishment or any portion of a non-profit entity which is devoted to the selling and serving of alcoholic beverages for consumption by the public, guests, patrons, or members on the premises that generates forty percent or more of total annual gross sales from the sale of food for on-premises consumption shall be a restaurant.

c. "Business establishment" means any sole proprietorship, partnership, association, joint venture, corporation or

other entity formed for profit-making purposes, including professional corporations and other entities where legal, medical, dental, engineering, architectural, financial, counseling, and other professional or consumer services are provided.

d. "Child day care center" means (i) any public, private or parochial child care center, school-age child care program, day nursery school, kindergarten, play school, or other similar school or service, (ii) any child care arrangement licensed by the city, (iii) any facility that provides child care services as defined in section four hundred ten-p of the New York state social services law and (iv) any child day care center as defined in section three hundred ninety of the New York state social services law. Such definition applies whether or not care is given for compensation and whether or not the child day care center is located in a private residence.

e. "Children's institution" means (i) any public, private or parochial congregate institution, group residence, group home or other place where, for compensation or otherwise, seven or more children under twenty-one years of age are received for day and night care apart from their parents or guardians, (ii) youth centers or facilities for detention as defined in sections five hundred twenty-seven-A and five hundred two of the New York state executive law, (iii) group homes for children as defined in section three hundred seventy-one of the New York state social services law, (iv) public institutions for children as defined in section three hundred seventy-one of the New York state social services law and (v) residential treatment facilities for children and youth as defined in section 1.03 of the New York state mental hygiene law.

f. "Commissioner" means the commissioner of the New York City department of health and mental hygiene.

g. "Department" means the New York City department of health and mental hygiene.

h. "Employee" means any person who is employed by any employer in return for the payment of direct or indirect monetary wages or profit, or any person who volunteers his or her services to such employer for no monetary compensation.

i. "Employer" means any person, partnership, association, corporation or non-profit entity which employs one or more persons, including agencies of the city of New York, as defined in section 1-112 of the code, and the council of the city of New York.

j. Repealed.

k.* "Limousine"14 means a for-hire vehicle required to be licensed by the taxi and limousine commission, designed to carry fewer than nine passengers, excluding the driver, which is dispatched from a garage, maintains a minimum of $500,000/$1,000,000 liability insurance coverage and in which passengers are charged fees calculated on the basis of garage to garage service.

k.* "Motion picture theater" means any public hall or room in which motion pictures are displayed, including any corridors, hallways or lobbies adjacent thereto. For purposes of this subdivision, "motion picture" means a display on a screen or other device, of pictures or objects in motion or rapidly changing scenery, whether or not such display shall be accompanied by a lecture, recitation or music.

l. "Non-profit entity" means any corporation, unincorporated association or other association or other entity created for charitable, philanthropic, educational, political, social or other similar purposes, the net proceeds from the operations of which are committed to the promotion of the objects or purposes of the organization and not to secure private financial gain. A public agency is not a "non-profit entity" within the meaning of this subdivision.

m. "Place of employment" means any indoor area or portion thereof under the control of an employer which employees normally frequent during the course of employment and which is not generally accessible to the public, including, but not limited to, private offices, work areas, employee lounges and restrooms, conference and class rooms,

employee cafeterias, employee gymnasiums, auditoriums, libraries, storage rooms, file rooms, mailrooms, employee medical facilities, rooms or areas containing photocopying or other office equipment used in common by employees, elevators, stairways and hallways. A private residence is not a "place of employment" within the meaning of this subdivision, except that areas in a private residence where a child day care center or health care facility is operated during the times when employees are working in such child day care center or health care facility areas and areas in a private residence which constitute common areas of a multiple dwelling containing ten or more dwelling units, are "places of employment" within the meaning of this subdivision.

n. "Playground" means an outdoor area open to the public where children play, which contains play equipment such as a sliding board, swing, jungle gym, sandbox, or see-saw, or which is designated as a play area.

o. Repealed.

p. "Public place" means any area to which individuals other than employees are invited or permitted, including, but not limited to, banks, educational facilities, health care facilities, child day care centers, children's institutions, shopping malls, property owned, occupied or operated by the city of New York or an agency thereof, public transportation facilities, reception areas, restaurants, catering halls, retail stores, theaters, sports arenas and recreational areas and waiting rooms. A private residence is not a "public place" within the meaning of this subdivision, except that areas in a private residence where a child day care center or health care facility is operated during the times of operation and areas in a private residence which constitute common areas of a multiple dwelling containing ten or more dwelling units, are "public places" within the meaning of this subdivision.

q. "Residential health care facility" means (i) a facility providing therein nursing or other care to sick, invalid, infirm, disabled or convalescent persons in addition to lodging and board service, (ii) an inpatient psychiatric facility which provides individuals with active treatment under the direction of a physician, and (iii) a residential facility providing health related service.

r. "Restaurant" means any coffee shop, cafeteria, luncheonette, sandwich stand, diner, short order cafe, fast food establishment, soda fountain, and any other eating or beverage establishment (other than a bar), including a restaurant located in a hotel or motel, or part of any organization, club, boardinghouse or guest house, which gives or offers for sale food or beverages to the public, guests, members, or patrons, whether food or beverages are customarily consumed on or off the premises, but not an establishment whose sole purpose is to serve food or beverages to employees of a common employer or to students of a common educational institution.

s. "Restaurant bar" means a contiguous area (i) in a restaurant, (ii) containing a counter and (iii) which is primarily devoted to the selling and serving of alcohol beverages for consumption by patrons on the premises and in which the serving of food, if served at all, is only incidental to the sale or consumption of alcoholic beverages in such restaurant bar.

t. "Retail store" means any place which in the regular course of business sells or rents goods directly to the public.

u. "Retail tobacco store" means a retail store devoted primarily to the sale of any tobacco product, including but not limited to cigarettes, cigars, pipe tobacco and chewing tobacco, and accessories and in which the sale of other products is merely incidental. The sale of such other products shall be considered incidental if such sales generate less than fifty percent of the total annual gross sales.

v. Repealed.

w. "Separate smoking room" means an enclosed room the exclusive purpose of which is for smoking. No business transactions, including, but not limited to, the sale, including by vending machines, and/or service of food, beverages, or any other product, and/or collection of any payments, shall be conducted in such room.

Such room shall (i) be completely enclosed on all sides by solid floor-to-ceiling walls; (ii) comply with all applicable fire and building code requirements, and have a sprinkler system for fire safety (which may be part of a sprinkler system of the premises in which the room is located); and (iii) have a separate ventilation system whereby the air from such enclosed room is immediately exhausted to an outdoor area (exclusive of any seating area) by an exhaust fan rather than being recirculated inside, and which is compliant with the additional specifications set forth in this subdivision; (iv) be clearly designated as a separate smoking room wherein no services are offered. Such room may contain furniture. Such room shall not contain the sole means of ingress and egress to restrooms or any other smoke-free area, and shall not constitute the sole indoor waiting area of the premises. Any doors in such room shall be self-closing, and shall remain closed except to the extent necessary to permit ingress and egress to such room. Such room shall not exceed twenty-five percent of the aggregate square footage of the premises, including non-smoking lounges and shall not in any event exceed three hundred fifty square feet. In calculating the square footage of the premises pursuant to this subdivision, all spaces, whether or not occupied by furniture or any counter, including public dining areas, beverage service areas, the separate smoking room, and lounges shall be included; provided however, that service areas (including areas behind any counter) and other areas to which the general public does not generally have access (such as storage rooms, kitchens, offices and cloakrooms), restrooms, telephone areas and waiting areas (other than waiting areas located in any lounges) shall not be included. No employee shall be permitted to enter such room for the purposes of conducting any business transaction, including but not limited to the sale or service of food, beverages, or any other product, provided, however, that an employee shall be allowed into such room to provide busing or other cleaning services when no smoking has occurred for fifteen minutes prior to the employee entering the room and no customers are present. Such room shall have a ventilation system in which the ventilation rate is at least sixty cubic feet per minute per occupant based on a maximum occupancy of seven individuals per one hundred feet of floor space, and the negative air pressure is at a rate such that when measured by a device approved by the department of health and mental hygiene, the pressure differential is at least three hundredths of an inch of water column relative to the air pressure in the adjacent room in which smoking is not permitted. Such ventilation system shall discharge air from the separate smoking room at least twenty-five feet away from operable windows, doors, air conditioning, and any other heating, ventilation and air conditioning intakes.

x. "Service line" or "waiting area" means a queue, line or other formation of persons, whether seated or standing, in which one or more persons are waiting for service of any kind, whether or not such service involves an exchange of consideration.

y. "Smoking" means inhaling, exhaling, burning or carrying any lighted cigar, cigarette, pipe, or any form of lighted object or device which contains tobacco.

z. "Sports arena and recreational area" means any sports pavilion, stadium, race track, boxing arena, roller and ice skating rink, billiard parlor, bowling establishment and other similar place where members of the general public assemble either to engage in physical exercise, participate in athletic or recreational competition or activity or witness sports, cultural, recreational or similar activities. Playgrounds, gymnasiums, health clubs, enclosed areas containing a swimming pool and areas where bingo is played are not "sports arenas and recreational areas" within the meaning of this subdivision.

aa. "Tobacco business" means a sole proprietorship, corporation, partnership or other enterprise in which the primary activity is the sale or manufacture of tobacco, tobacco products and accessories at wholesale, and in which the sale or manufacture of other products is merely incidental, and in which smoking on the premises is essential to the entity for the testing or product development of such tobacco or tobacco products.

bb. "Zoo" means any indoor area open to the public for the purpose of viewing animals. An aquarium is a "zoo" within the meaning of this subdivision.

cc. "Day treatment program" means a facility which is (i) licensed by the state department of health or the office of alcoholism and substance abuse services, the office of mental health, or the office of mental retardation and

developmental disabilities within the state department of mental hygiene to provide treatment to aid in the rehabilitation or recovery of its patients based on a structured environment requiring patient participation for no less than three hours each day; or (ii) which is authorized by the state commissioner of health to conduct a program pursuant to section 80.135 of title ten of the New York code of rules and regulations.

dd. "Health related service" means service in a facility which provides or offers lodging, board and physical care including, but not limited to, the recording of health information, dietary supervision and supervised hygienic services incident to such service.

ee. "Member" means, for purposes of subdivision ff of this section, a person who (i) satisfies the requirements for membership in a membership association, and (ii) affirmatively accepts an invitation from such membership association to become a member.

ff. "Membership association" means a not-for-profit entity which has been created or organized for a charitable, philanthropic, educational, political, social or other similar purpose and which is registered with the department of health and mental hygiene in accordance with the rules of the department. In determining whether such an entity is a "membership association," the department of health and mental hygiene shall consider, but need not be limited to, the following factors:

(i) whether it has by-laws or a similar governing instrument and whether such by-laws or similar governing instrument expressly provides for members;

(ii) whether it has established permanent and identifiable membership selection criteria, the purpose of which is to screen potential members on a basis related to its charitable, philanthropic, educational, political, social or other similar purpose;

(iii) whether it conducts elections to select its governing structure and/or body;

(iv) whether the premises within which it is located are controlled by its membership;

(v) whether it is operated solely for the benefit and pleasure of its membership;

(vi) whether it expressly acknowledges the acceptance of members, such as by sending a membership card or by the inclusion of a member on a membership roster.

Such registration shall remain in effect for two years and shall be renewable based upon the factors described in this subdivision and the rules of the department.

gg. "Owner operated bar" means a bar in which all duties with respect to preparing food and drink, cleaning, dishwashing and racking glasses, serving, maintaining inventory, stocking shelves and providing of security for such a bar are performed at all times only by individuals who are principal owners of such bar as defined in this section and which is registered with the department of health and mental hygiene in accordance with the rules of the department; provided, however, that individuals other than the principal owners may perform cleaning functions at times when the bar is not open to the public, guests, members or patrons.

hh. "Principal owner" shall mean an individual who holds a twenty-five percent or greater ownership interest in a bar and is a state liquor authority licensee for such bar, or an individual who holds a twenty-five percent or greater ownership interest in a partnership, joint venture, corporation or limited liability corporation, which is the sole owner of a bar and the state liquor authority licensee for such bar; provided, however, that an owner operated bar shall have no more than three principal owners.

ii "Tobacco product" means any substance which contains tobacco, including, but not limited to, cigarettes,

cigars, pipe tobacco and chewing tobacco.

jj. "Tobacco bar" is a bar that, in the calendar year ending December 31, 2001, generated ten percent or more of its total annual gross income from the on-site sale of tobacco products and the rental of on-site humidors, not including any sales from vending machines, and is registered with the department of health and mental hygiene in accordance with the rules of such agency. Such registration shall remain in effect for one year and shall be renewable only if: (i) in the preceding calendar year, the previously registered tobacco bar generated ten percent or more of its total annual gross income from the on-site sale of tobacco products and the rental of on-site humidors; and (ii) the tobacco bar has not expanded its size or changed its location from its size or location as of December 31, 2001.

kk. "Negative air pressure" shall mean the air exhausted to the outdoors from a room is at a greater volume than the volume of air supplied into the room.

ll. "Ventilation rate" shall mean the rate at which air is supplied into a room.

Subd. ll added L.L. 47/2002 § 3, eff. Mar. 30, 2003.

**CASE NOTES**

¶ 1. In Re 62nd & 1st, LLC v. d/b/a Cigar Lounge Merchants New York, 49 AD3d 471, 857 N.Y.S.2d 53 (1st Dept. 2008) discusses the laws regarding cigar bars. Petitioner's predecessor company, 1120 First LLC, started a cigar bar in 1997 on the lower level of the premises, and operated a restaurant upstairs. In December 2001, ostensibly for estate planning purposes, the businesses were transferred from 1125 to the current owner, 62nd & 1st LLC. The officers, members, and respective percentages of ownership of the members, remained the same after the transfer. In 2002, after the amendment of the New York City Smoke Free Air Act (Title 17), petitioner sought to register as a grandfathered tobacco bar exempt from the ban on smoking in enclosed areas within public spaces (Admin. Code. 17-503 and 24 RCNY 10-07).

Admin. Code Sec. 17-502 (j) defines "tobacco bar" as: "a bar that, in the calendar year ending December 31, 2001, generated ten percent or more of its total annual gross income from the on-site sale of tobacco products and the rental of on-site humidor, not including any sales from vending machines." Such registration shall remain in effect for one year and shall be renewable only if: (i) in the preceding calendar year, the previously registered tobacco bar generated ten percent or more of its total gross annual income from the on-site sale of tobacco products and the rental of on-site humidors, and (ii) the tobacco bar has not expanded its size or changed its location from its size or location as of December 31, 2001.

The City denied the application, claiming that the change in ownership resulted in an automatic revocation of the food service establishment (FSE) permit (see 24 RCNY 5.11) and that therefore petitioner had not shown, as it required, that it operated a tobacco bar pursuant to an FSE permit since the calendar year ending December 31, 2001.

The court, however, held that since there was no change in actual beneficial ownership, and since the change in nominal ownership did not appear to be designed to evade the grandfathering law, the revocation penalty imposed by the City was grossly disproportionate to the offense and an abuse of discretion.

The City had also denied the grandfathering application on the ground that petitioner had failed to include the upper-level restaurant in its calculating of gross sales from tobacco. The court found that this determination was arbitrary and capricious. The City cited the facts that the premises had a single owner, single FSE permit and single entrance from which patrons could proceed to the upper or lower level, and that the two businesses filed a single tax

return in 2001 and 2002. However, the court gave greater weight to factors in petitioner's favor: the restaurant and cigar bar began operations on different dates and maintained separate records, separate menus, separate hours, separate restroom facilities, separate ventilation systems and, most importantly, separate liquor licenses.

***** Current through December 2009 ****

*NYC Administrative Code 17-503*

Administrative Code of the City of New York

Title 17 Health

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-503 Prohibition of smoking.

a. Smoking is prohibited in all enclosed areas within public places except as otherwise restricted in accordance with the provisions below. Such public places include, but are not limited to, the following:

1. Public transportation facilities, including, but not limited to, ticketing, boarding and waiting areas of public transit depots.

2. Public means of mass transportation, including, but not limited to, subway cars and all underground areas of a subway station, buses, vans, taxicabs and all for-hire vehicles, including but not limited to limousines, required to be licensed or franchised by the city of New York.

3. Public restrooms.

4. Retail stores (other than retail tobacco stores).

5. Restaurants.

6. Business establishments (other than retail tobacco stores) including, but not limited to, banks and other financial institutions, catering halls, offices where trade or vocational activity occurs or professional or consumer services are rendered and non-profit entities, including religious institutions; provided however, that this paragraph shall not apply to membership associations.

7. Libraries, museums and galleries.

8. Motion picture theaters, concert halls, buildings or areas or rooms in buildings primarily used for or designed for the primary purpose of exhibiting movies or presenting performances, including, but not limited to, stage, musical recital, dance, lecture or other similar performances, except that smoking may be part of a theatrical production.

9. Auditoriums.

10. Convention halls.

11. Sports arenas and recreational areas.

12. Gymnasiums, health clubs and enclosed areas containing a swimming pool.

13. Places of meeting or public assembly during such time as a meeting open to the public is being conducted for educational, religious, recreational, or political purposes, but not including meetings conducted in private residences, unless such meetings are conducted in an area in a private residence where a child day care center or health care facility is operated during the times of operation or in an area which constitutes a common area of a multiple dwelling containing ten or more dwelling units.

14. Health care facilities including, but not limited to, hospitals, clinics, psychiatric facilities, residential health care facilities, physical therapy facilities, convalescent homes, and homes for the aged; provided however, that this paragraph shall not prohibit smoking by patients in separate enclosed rooms of residential health care facilities or facilities where day treatment programs are provided, which are designated as smoking rooms for patients of such facilities or programs, provided, however, that prior written approval is received from the fire commissioner pursuant to section 27-4276 of the code.

15. All schools other than public and private pre-primary, primary, and secondary schools providing instruction for students at or below the twelfth-grade level, including, but not limited to, community colleges, technical training establishments, specialty schools, colleges and universities.

16. Children's institutions.

17. Zoos.

18. Elevators.

19. Public areas where bingo is played.

20. Bars; provided however, that smoking shall be permitted in:

(a) tobacco bars; (b) owner operated bars; and (c)*20 separate smoking rooms in bars, provided, however, that the owner or operator of such bar shall have filed a copy of the architectural or engineering plan for such room with the department of health and mental hygiene.

21. Tobacco businesses, except that smoking shall be permitted in areas within a tobacco business designated by such business for the purpose of testing or development of tobacco or tobacco products; provided, however, that such areas must all be located on no more than two floors of the building where such business is located.

22. Membership associations; provided however, that smoking shall only be allowed in membership associations in which all of the duties with respect to the operation of such association, including, but not limited to, the preparation of food and beverages, the service of food and beverages, reception and secretarial work, and the security services of the membership association are performed by members of such membership association who do not receive compensation of any kind from the membership association or any other entity for the performance of such duties.

b. Smoking is prohibited on any service line, waiting area, or portion thereof, whether located indoor or outdoor during the times in which the public is invited or permitted, notwithstanding the fact that the service line, waiting area, or portion thereof, is in an area otherwise designated for smoking pursuant to subdivision a of this section; provided, however, that this subdivision shall not be construed to prohibit smoking in any area where smoking is permitted pursuant to section 17-505.

c. Smoking is prohibited in the following outdoor areas of public places, except as otherwise restricted in accordance with the provisions below:

1. Outdoor dining areas of restaurants with no roof or other ceiling enclosure; provided, however, that smoking may be permitted in a contiguous outdoor area designated for smoking so long as such area: (i) constitutes no more than twenty-five percent of the outdoor seating capacity of such restaurant; (ii) is at least three feet away from the outdoor area of such restaurant not designated for smoking; and (iii) is clearly designated with written signage as a smoking area.

2. Outdoor seating or viewing areas of open-air motion picture presentations or open-air concert, stage, dance, lecture or recital presentations or performances or other similar open-air presentations or performances, when seating or standing room is assigned by issuance of tickets.

3. Outdoor seating or viewing areas of sports arenas and recreational areas, when seating or standing room is assigned by issuance of tickets.

4. Outdoor areas of all children's institutions.

5. Playgrounds.

d. Smoking is prohibited in all indoor and outdoor areas of the following public places at all times:

1. All public and private pre-primary, primary, and secondary schools providing instruction for students at or below the twelfth-grade level, and any vehicles owned, operated or leased by such schools which are used to transport such students or the personnel of such schools.

2. All child day care centers; provided, however, that with respect to child day care centers operated in private residences, this paragraph shall apply only to those areas of such private residences where the child day care centers are operated during the times of operation or during the time employees are working in such child day care centers.

**NOTE**

Provisions of L.L. 47/2002:

21a. Before the ninetieth day after this local law shall have become a law, every employer shall make any changes necessary in their written smoking policies to bring them into compliance with the requairements of chapter 5 of title 17 of the administrative code of the city of New York as amended by this local law.

b. Nothing in this law shall be construed to impair, diminish or otherwise affect any collectively bargained procedure or remedy available to an employee, existing prior to the effective date of this local law, with respect to disputes arising under the emloyer's smoking policy or with respect to the establishment of a procedure for redress of any adverse personnel action taken against an employee in retaliation for that employee's attempt to exercise his or her rights under chapter 5 of title 17 of the administrative code with respect to the place of employment.

§22. If any provision of this local law, including but not limited to the provisions relating to tobacco bars and owner operated bars is ruled invalid, the remainder of the local law shall remain in force and effect. It is the intent of the Council that if any exemption from the prohibition of smoking is determined to be invalid, the remainder of the law shall be enforced as if that exemption had not been enacted, and smoking shall be prohibited in any place where the exemption previously applied.

§23. Notwithstanding any provision of this local law, it is the intent of the Council not to prohibit the owner of any establishment regulated under this local law, or any family member of such owner, from smoking on the premises at times when such establishment is not open for business.

§24. Subparagraph c of paragraph 20 of subdivision a of section 17-503 of the administrative code of the city of New York, as added by section 5 of this local law, is REPEALED.

**CASE NOTES**

¶ 1. The court rejected a constitutional challenge to the law's restrictions to the law's prohibitions against cigar smoking in restaurants. The plaintiff contended that the statute lacked a rational basis in that, unlike the case of second hand cigarette smoke, no scientific studies had demonstrated that second hand cigar smoke harmed others. The court, pointed to various materials submitted by the City, including a report by the U.S. Environmental Protection Administration, showing that cigar smoke might well be as dangerous as cigarette smoke. The City did not have to conclusively prove that cigar smoke was dangerous to non-smokers. So long as there was enough evidence to furnish a rational basis for the legislation, the law would be upheld. Beatie v. City of New York, 123 F.3d 707 (2nd Cir. 1997).

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 17-504*

Administrative Code of the City of New York

Title 17 Health

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-504 Regulation of smoking in places of employment.

a. Smoking is prohibited in those indoor areas of places of employment to which the general public does not generally have access. This section shall not prohibit smoking in any area where smoking is not regulated pursuant to section 17-505.

b. Repealed.

c. Smoking is prohibited in company vehicles occupied by more than one person. Smoking is prohibited in all vehicles owned by the city of New York.

d. No employer shall take any retaliatory adverse personnel action against any employee or applicant for employment on the basis of such person's exercise, or attempt to exercise, his or her rights under this chapter with respect to the place of employment. Such adverse personnel action includes, but is not limited to, dismissal, demotion, suspension, disciplinary action, negative performance evaluation, any action resulting in loss of staff, compensation or other benefit, failure to hire, failure to appoint, failure to promote, or transfer or assignment or failure to transfer or assign against the wishes of the affected employee. The employer shall establish a procedure to provide for the adequate redress of any such adverse personnel action taken against an employee in retaliation for that employee's attempt to exercise his or her rights under this chapter with respect to the place of employment.

e. By November 1, 1995, every employer subject to the provisions of this chapter shall adopt, implement, make known, maintain and update to reflect any changes, a written smoking policy which shall contain at minimum, the following requirements:

1. The prohibition of smoking except in accordance with the provisions of this chapter and any rules promulgated pursuant thereto, and a description of the smoking restrictions adopted or implemented.

2. As set forth in subdivision d of this section, the (A) protection from retaliatory adverse personnel action with respect to all employees or applicants for employment who exercise, or attempt to exercise, any rights granted under such subdivision; and (B) the establishment of a procedure to provide for the adequate redress of any such adverse personnel action taken against an employee in retaliation for that employee's attempt to exercise his or her rights under this chapter with respect to the place of employment.

f. Employers shall prominently post the smoking policy in the workplace, and shall, within three weeks of its adoption and any modification, disseminate the policy to all employees, and to new employees when hired.

g. Employers shall supply a written copy of the smoking policy upon request to any employee or prospective employee.

h. A copy of the smoking policy shall be provided to the department, the department of buildings, the department of consumer affairs, the department of environmental protection, the fire department and the department of sanitation upon request.

i. This section shall not be construed to permit smoking in any area in which smoking is prohibited or restricted pursuant to section 17-503. Where a place of employment is also a public place where smoking is prohibited or restricted pursuant to section 17-503, and is not exempt from regulation under section 17-505, smoking shall be prohibited.

j. Nothing in this section shall be construed to impair, diminish, or otherwise affect any collectively bargained procedure or remedy available to an employee, existing as of February 1, 1995, with respect to disputes arising under the employer's smoking policy or with respect to the establishment of a procedure for redress of any adverse personnel action taken against an employee in retaliation for that employee's attempt to exercise his or her rights under this chapter with respect to the place of employment. Upon expiration of any such collectively bargained procedure or remedy, the provisions of this section shall take effect.

**HISTORICAL NOTE**

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-505 Areas where smoking is not regulated by this chapter.

The following areas shall not be subject to the smoking restrictions of this chapter; provided however, that nothing in this section shall be construed to permit smoking where smoking is otherwise prohibited or restricted by any other law or rule:

a. Repealed.

b. Private residences, except any area of a private residence where a child day care center or health care facility is operated (i) during the times of operation or (ii) during the times when employees are working in such child day care center or health care facility areas; provided, however, that a common area of a multiple dwelling containing ten or more dwelling units shall be subject to smoking restrictions.

c. Hotel and motel rooms occupied by, or available for, occupancy by guests.

d. Repealed.

e. Repealed.

f. Private automobiles.

g. Retail tobacco stores.

h. Enclosed rooms in restaurants, bars, catering halls, convention halls, hotel and motel conference rooms, and

other such similar facilities during the time these enclosed areas or rooms are being used exclusively for functions where the public is invited for the primary purpose of promoting and sampling tobacco products, and the service of food and drink is incidental to such purpose, provided that the operator of such function shall have provided notice to the department of health and mental hygiene in a form satisfactory to such department at least two weeks before such a function begins, and such notice has identified the dates on which such function shall occur. No such facility may permit smoking under this subdivision for more than five days in any calendar year.

i. Repealed.

j. Repealed.

k. Repealed.

l. Repealed.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-506 Posting of signs; prohibition of ashtrays.

a. Except as may otherwise be provided by rules promulgated by the commissioner, "Smoking" or "No Smoking" signs, or the international symbols indicating the same, and any other signs necessary to comply with the provisions of this chapter shall be prominently and conspicuously posted where smoking is either prohibited, permitted or otherwise regulated by this chapter, by the owner, operator, manager or other person having control of such area. The size, style and location of such signs shall be determined in accordance with rules promulgated by the commissioner, but in promulgating such rules, the commissioner shall take into consideration the concerns of the various types of establishments regulated herein with respect to the style and design of such signs.

b. In addition to the posting of signs as provided in subdivision a, every owner, manager or operator of a theatre which exhibits motion pictures to the public shall show upon the screen for at least five seconds prior to the showing of each feature motion picture, information indicating that smoking is prohibited within the premises.

c. The owner, operator or manager of a hotel or motel that chooses to develop and implement a smoking policy for rooms rented to guests shall post a notice at the reception area of the establishment as to the availability, upon request, of smoke-free rooms.

d. Ashtrays are prohibited in all smoke-free areas covered by this chapter except (i) ashtrays offered for sale or (ii) ashtrays placed immediately adjacent to hotel and motel elevators and immediately adjacent to public entrances to hotels and motels, provided that such ashtrays are positioned so that second-hand smoke emanating from such ashtrays will not ordinarily activate smoke detectors and provided further that "No Smoking" signs as set forth in subdivision a of this section and in any rules promulgated by the commissioner shall be posted immediately adjacent to such ashtrays.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-507 Enforcement.

a. The department shall enforce the provisions of this chapter. In addition, designated enforcement employees of the department of buildings, the department of consumer affairs, the department of environmental protection, the fire department and the department of sanitation shall have the power to enforce the provisions of this chapter.

b. Any person who desires to register a complaint under this chapter may do so with the department.

c. With respect to a public place or place of employment, the operator or employer shall inform, or shall designate an agent who shall be responsible for informing, individuals smoking in restricted areas that they are in violation of this local law; provided, however, that the obligations under this subdivision with respect to an operator of a multiple dwelling containing ten or more dwelling units shall be limited to (i) those multiple dwellings where an agent is on duty and (ii) designating such agent to be responsible for informing individuals smoking in restricted common indoor areas where such agent is on duty, during the times such agent is on duty, that such individuals are in violation of this local law.

d. Where an owner or building manager of a public place where smoking is prohibited or restricted pursuant to section 17-503 is not the operator of such public place but has an agent on duty in such place, the owner or building manager shall designate such agent to inform individuals smoking in restricted common indoor areas (i) where such agent is on duty and (ii) during the times when such agent is on duty, that such individuals are in violation of this local law.

e. Where an owner or building manager of a building in which a place of employment is located where smoking

is prohibited or restricted pursuant to section 17-504 is not the operator or employer of such place of employment but has an agent on duty in such place, the owner or building manager shall designate such agent to inform individuals smoking in restricted common indoor areas (i) where such agent is on duty and (ii) during the times when such agent is on duty, that such individuals are in violation of this local law. Such owner or building manager shall also mail a notice to tenants operating such place of employment, informing such tenants of their obligations under this chapter with respect to such restricted common indoor areas. A copy of the mailed notice shall be provided to the department upon request.

f. The department shall seek to obtain voluntary compliance with this chapter by means of publicity and education programs, and the issuance of warnings, where appropriate.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-508 Violations and penalties.

a. It shall be unlawful for any person who owns, manages, operates or otherwise controls the use of premises in which smoking is prohibited or restricted pursuant to this chapter, or the designated agent thereof, to (i) provide a room designated for smoking including, but not limited to, a separate smoking room or an enclosed room, which fails to comply with the provisions of this chapter; provided, however, that the obligations of an owner or building manager of a building (where such owner or building manager of a building in which a public place is located is not the operator or employer of such public place) with respect to such a room shall be limited to work authorized by any permits necessary to perform construction obtained by the owner or his or her agent; (ii) fail to post the signs required by section 17-506; (iii) fail to remove ashtrays as required by subdivision d of section 17-506; or (iv) fail to make a good faith effort to comply with subdivisions c, d and e of section 17-507. In actions brought for violations of this subdivision, the following shall be affirmative defenses: (i) that during the relevant time period actual control of the premises was not exercised by the respondent or a person under the control of the respondent, but rather by a lessee, sublessee or any other person; provided, however, that after receiving the notice of violation, the respondent submits to the department within five business days, by certified mail, a sworn affidavit and other such proof as may be necessary, indicating that he or she has not exercised actual control during the relevant time period; (ii) that a person smoking in any area where smoking is prohibited pursuant to section 17-503 was informed by a person who owns, manages, operates or otherwise controls the use of such premises, or the designated agent thereof, that such person smoking is in violation of this local law and that such person who owns, manages, operates or otherwise controls the use of such premises has complied with all applicable provisions of this chapter during the relevant time period; provided, however, that after receiving notice of violation, the respondent submits to the department within five business days, by certified mail, a sworn affidavit and other such proof as may be necessary, indicating that respondent informed the person smoking in any area

where smoking is prohibited pursuant to section 17-503 that such person was in violation of this local law and that respondent has complied with all applicable provisions of this chapter during the relevant time period; or (iii) that a person smoking in any restricted common indoor area where smoking is prohibited pursuant to section 17-503 was not informed by the owner or building manager of the premises (where such owner or building manager of a building in which a public place or a place of employment is located is not the operator or employer of such public place or place of employment) or by the operator of a multiple dwelling containing ten or more dwelling units that such person smoking is in violation of this local law because such owner, building manager or operator did not have a designated agent on duty when such person was smoking and that such owner or building manager has, where applicable, complied with the mailing of a notice required pursuant to subdivision e of section 17-507; provided however, that after receiving notice of violation, the respondent submits to the department within five business days, by certified mail, a sworn affidavit and other such proof as may be necessary, indicating that a person smoking in any restricted common indoor area where smoking is prohibited pursuant to section 17-503 was not informed by the respondent that such person smoking is in violation of this local law because the respondent did not have a designated agent on duty when such person was smoking and that the respondent has, where applicable, mailed the notice required pursuant to subdivision e of section 17-507.

b. It shall be unlawful for an employer whose place of employment is subject to regulation under section 17-504 to fail to comply with the provisions of that section, including, but not limited to, those provisions requiring the adoption, implementation, dissemination and maintenance of a written smoking policy which conforms to the requirements of subdivision e of section 17-504, or to fail to make a good faith effort to comply with subdivision c of section 17-507. In actions brought for violations of this subdivision, it shall be an affirmative defense that the employer (i) has made good faith efforts to insure that employees comply with the provisions of such written smoking policy and (ii) has complied with all applicable provisions of this chapter.

c. Repealed.

d. It shall be unlawful for any person to smoke in any area where smoking is prohibited under section 17-503 and section 17-504.

e. Every person who violates subdivisions a or b of this section shall, for a first violation thereof, be liable for a civil penalty of not less than two hundred dollars nor more than four hundred dollars; for a second violation, both of which were committed within a period of twelve months, be liable for a civil penalty of not less than five hundred dollars nor more than one thousand dollars; and for a third or subsequent violation, all of which were committed within a period of twelve months, be liable for a civil penalty of not less than one thousand dollars nor more than two thousand dollars. Every person who violates subdivision d of this section shall be liable for a civil penalty of one hundred dollars for each violation.

f. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivision e of this section shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health. The board of health's administrative tribunal shall have the power to impose the civil penalties prescribed by subdivision e of this section.

g. Whenever a notice of violation of subdivision a or b of this section is served by a person with power to enforce the provisions of this chapter pursuant to subdivision a of section 17-507, such notice shall, where applicable, include an order which requires the respondent to correct the condition constituting the violation and to file a certification with the department that the condition has been corrected. Such order shall require that the condition be corrected within ten days from the date that the order is issued and that certification of the correction of the condition be filed with the department in a manner and form within such further period of time to be determined in accordance with rules and regulations promulgated by the commissioner.

h. If the administrative tribunal established by the board of health finds, upon good cause shown, that the

respondent cannot correct the violation specified in subdivision g of this section, it may postpone the period for compliance with such order upon such terms and conditions and for such period of time as shall be appropriate under the circumstances.

i. In any proceeding before the administrative tribunal established by the board of health, if the tribunal finds that the department or other agency issuing the notice of violation has failed to prove the violation charged, it shall notify the department or other agency issuing the notice of violation, and the order requiring the respondent to correct the condition constituting the violation shall be deemed to be revoked.

j. When the owner or operator of a bar has been found to be in violation of subparagraph c of paragraph twenty of subdivision a of section 17-503 on two or more occasions on the basis of one or more employees being in a separate smoking room at times not permitted under this chapter, the tribunal shall revoke the right of such owner or operator to maintain a separate smoking room in such bar.

k. The penalties provided by this section shall be in addition to any other penalty imposed by any other provision of law or regulation thereunder.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-512 General provisions.

a. Nothing in this chapter shall be construed to permit smoking where it is otherwise prohibited by law or regulation.

b. Nothing in this chapter shall be construed to prohibit owners, operators, managers, employers or other persons having control of any establishment subject to this chapter from adopting a smoke-free policy which completely prohibits smoking on the premises of such establishment at all times.

c. Nothing in this chapter shall be construed to require owners, operators, managers, employers or other persons having control of any establishment subject to this chapter to choose to construct a separate smoking room, an enclosed room where smoking is permitted or a solid floor-to-ceiling partition separating a restaurant bar from the indoor dining area of a restaurant as the means of complying with this chapter.

d. Nothing in this chapter shall be construed to preclude owners, operators, managers, employers or other persons having control of any establishment covered by this act from prohibiting smoking in such establishment to a greater extent than is provided by this chapter, in accordance with applicable law.

e. Nothing in this chapter shall be construed to allow owners, operators, managers, employers or other persons having control of any establishment covered by this act to be subject to any legal proceeding or action to enforce this chapter in any court by any party, other than the city of New York or its designated agencies, based on such owners', operators', managers', employers' or other persons alleged manner or method of compliance with the provisions of this chapter or his or her alleged failure to comply with the same.

CHAPTER 5*13 SMOKE-FREE AIR ACT

§ 17-513 Rules and report.

a. The commissioner shall promulgate rules in accordance with the provisions contained in this chapter, and such other rules as may be necessary for the purpose of implementing and carrying out the provisions of this chapter.

b. The commissioner of the department of buildings in conjunction with the commissioner of the department of environmental protection, the commissioner of the fire department and the commissioner shall study methods of and, if deemed appropriate, develop recommendations with respect to preventing, to the greatest extent practicable, second-hand smoke from drifting or recirculating from restaurant bars to indoor smoke-free areas of restaurants. The study and any recommendations of such commissioners shall include, but not be limited to, the advisability of requiring restaurant bars to construct or implement any of the following:

1. Separate smoking rooms.

2. Enclosed rooms.

3. Ventilation systems.

4. Separation of restaurant bar from indoor smoke-free areas by means of a partition.

5. Spatial separation of restaurant bar from indoor smoke-free areas by a specific distance.

In determining the advisability of requiring that certain protections from second-hand smoke be provided in restaurant bars, the commissioners shall consider any applicable standards or recommendations of the American Society

of Heating, Refrigerating and Air-Conditioning Engineers, any applicable standards or recommendations of the United States environmental protection agency and the occupational safety and health administration of the United States department of labor with respect to indoor air quality relating to second-hand smoke, the impact on public health of exposure to second-hand smoke and any other factors which such commissioners deem appropriate. Such commissioner shall report to the council by January 1, 1996 regarding the results of the study required pursuant to this subdivision and any recommendations.

CHAPTER 6*15 DRUG TESTING OF SCHOOL SYSTEM CONVEYANCE DRIVERS

§ 17-601 Definitions.

As used in this chapter, the following terms shall be defined as follows:

a. "Driver" or "Bus driver" shall mean every person employed by a motor carrier who drives and operates a bus or other motor vehicle to transport school children and every person employed by a motor carrier who drives and operates a mobile instructional unit pursuant to a contract between the motor carrier and the board of education.

b. "Motor carrier" shall mean any person, corporation, or entity who operates or employs others to operate buses or other motor vehicles to transport school children and any person, corporation, or entity who operates or employs others to operate mobile instructional units pursuant to a contract with the board of education.

c. "The department" shall mean the New York city department of health and mental hygiene.

d. "Board" or "Board of education" shall mean the New York city board of education.

e. "Illegal drug" shall mean marijuana or concentrated cannabis, cocaine and its derivatives, opiates, amphetamines, phencyclidine and any other drug the board of education shall designate by rule pursuant to section 17-609 of this chapter.

f. "Drug test" shall mean a scientific procedure employing an initial screening test and, where required by this chapter, a subsequent confirmatory test on urine to detect the presence of illegal drugs.

g. "Sample" shall mean a portion of a urine specimen used for testing.

h. "Screening test" shall mean an immunoassay screen using a test at least as reliable as the enzyme multiplied immunoassay test.

i. "Confirmatory test" shall mean a second analytical procedure performed on a different sample of the same specimen that has tested positive on the screening test.

j. "Pre-employment test" shall mean a drug test given to an applicant for the position of driver.

k. "Random test" shall mean a drug test given annually to a predetermined percentage of drivers who are selected on a scientifically defensible random and unannounced basis.

l. "Post-accident test" shall mean a drug test administered to a driver after a serious accident or series of accidents, as defined in section 17-607, has occurred during his or her operation of a bus or other motor vehicle in the course of his or her employment.

m. "Return to duty test" shall mean a drug test given to a driver who previously tested positive to a drug test and is returning to active duty, and any additional, unannounced drug test administered for a period of up to sixty months after a positive test result.

n. "Serious accident" shall mean an accident associated with the operation of a bus or other motor vehicle used to transport school children in which an individual dies or must be taken to a medical treatment facility, or in which property damage is estimated to be more than two thousand five hundred dollars.

o. "Chain of custody procedures" shall mean procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition of the specimen.

p. "Medical review officer" shall mean a licensed physician responsible for receiving and interpreting laboratory results generated by a drug testing program.

q. "Positive test result" shall mean that the drug test result shows positive evidence that an illegal drug is present in a driver's system in a level established by the board of education pursuant to section 17-609.

r. "Pass a drug test" shall mean that a medical review officer has determined, pursuant to section 17-609 herein, that the results of a drug test administered under this chapter: (1) showed no evidence or insufficient evidence of an illegal drug; (2) showed evidence of an illegal drug but there was a legitimate medical explanation for the result; (3) were scientifically insufficient to warrant further action; or (4) were suspect because of irregularities in the administration of the test or observation of chain of custody procedures.

s. "Active duty" shall mean the operation of a bus or other motor vehicle used for the transportation of school children.

t. "School year" shall mean the period of time commencing September first and ending on August thirty-first.

u. "Mobile instructional unit" shall mean a vehicle in which federally mandated educational services are provided to eligible non-public school children pursuant to title I of the Elementary and Secondary Education Act of 1965, as amended.

Note provisions of L.L. 104/1989 § 1:

Section one. Declaration of legislative intent and findings. The Council finds that the safety of more than 100,000 school children depends on the ability of New York City school bus drivers to perform at their optimum mental and physical capacities. It is clear that drug use by a school bus driver could severely impede his or her ability to transport children to school safely. It has been documented that drug use impairs the central nervous system, often causing detrimental changes in alertness, consciousness, coordination, judgment, personality, muscle strength, reflex reactions and time sequencing. Consequently, it is necessary to ensure that school bus drivers do not operate buses or other motor vehicles while under the influence of drugs. Implementation of a drug testing program for school bus drivers is the best way to detect drug use by drivers and to prevent those under the influence of drugs from endangering themselves and others. In this manner, parents may be assured that their child's bus driver is drug-free. As such, the Council finds it appropriate, for the protection of the health, safety and welfare of all New Yorkers, to mandate that all entities contracting with the Board of Education to transport school children implement a drug testing program for drivers.

CHAPTER 6*15 DRUG TESTING OF SCHOOL SYSTEM CONVEYANCE DRIVERS

§ 17-605 Random testing.

a. All drivers employed by a motor carrier subject to this chapter shall be subject to drug testing on an unannounced and random basis.

b. During the school year commencing September 1, 1990 and ending August 31, 1991, every motor carrier shall administer a number of random drug tests equal to twenty-five percent of all drivers employed during that year. For each subsequent school year, every motor carrier shall administer a number of random drug tests equal to fifty percent of all drivers employed by such motor carrier during that year.

c. Each driver shall be in a pool from which random selection is made. Each driver in the pool shall have an equal chance of selection and shall remain in the pool after he or she has been tested.

d. A driver shall be selected for drug testing on a random basis by using a scientifically valid random number generation method.

e. Testing shall be spread through the twelve-month period of the school year.

f. The board of education shall select the dates and times that random drug tests shall be administered and shall be responsible for the driver selection process required by subdivision d of this section.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 6*15 DRUG TESTING OF SCHOOL SYSTEM CONVEYANCE DRIVERS

§ 17-609 Drug testing procedures.

a. All drug tests administered pursuant to this chapter shall utilize those reliable screening and confirmatory procedures set forth in rules promulgated by the board of education which are at least as reliable as the enzyme multiplied immunoassay screening test and the gas chromatography/mass spectrometry confirmatory test.

b. If a sample yields a positive test result, another sample from the same specimen shall be re-tested using a test at least as reliable as the gas chromatography/mass spectrometry test. Such a confirmatory test shall use a portion of the same test specimen collected from the employee for use in the first test. If such confirmatory test yields a positive test result the driver may, at his or her option and expense, have an additional test conducted on a sample from the same specimen by any laboratory eligible to conduct drug testing under this chapter within thirty days of the administration of the original test.

c. (1) All test results shall be interpreted and verified by a medical review officer employed by the motor carrier. The medical review officer shall be a licensed physician with knowledge of substance abuse disorders and appropriate medical training to interpret and evaluate an individual's test result together with his or her individual medical history and any other relevant biomedical information.

(2) The medical review officer shall (i) receive the results of all drug tests from the laboratory; (ii) verify that the laboratory report and assessment of all drug test results are reliable and treat the results as confidential until such verification is made; (iii) determine whether an individual passes a drug test; (iv) promptly report all test results to the driver in writing; (v) report each test that does not pass to the individual whom the motor carrier has designated to receive the results and the chancellor of the board of education or his or her designee; (vi) recommend to the motor

carrier whether a driver who refused to take or did not pass a drug test administered under this chapter and who passes a subsequent return to active duty test may return to active duty; and (vii) maintain records of all recommendations to the motor carrier concerning removal from or return to active duty and in cases where rehabilitation is not recommended after a confirmed positive test result, the reasons for such recommendation shall be submitted to the chancellor of the board of education or his or her designee.

(3) When reviewing positive results of a confirmatory test under this section, the medical review officer may consider the individual's medical history, including any medical records and biomedical information provided, in determining whether there is a legitimate medical explanation for the result, including the use of a legally prescribed medication.

(4) A driver may submit a list of any legally prescribed medication he or she is using to the medical review officer prior to the administration of a drug test.

d. (1) The board of education, in consultation with the department of health and mental hygiene, shall promulgate rules, which to the extent practicable are consistent with the procedures established by the United States department of transportation, to implement this chapter. Such rules shall include initial cutoff levels to be used when screening urine specimens to determine whether they test positive for illegal drugs, chain of custody procedures to account for the integrity of each urine specimen by tracking its handling and storage from point of specimen collection to final disposition, specimen collection procedures, quality assurance and quality control programs, procedures governing the reporting and review of test results and procedures to safeguard the confidentiality of drivers.

(2) The board of education shall provide motor carriers with written guidelines and procedures for the implementation of the drug testing program pursuant to this chapter no later than the effective date of this local law.

e. Motor carriers subject to this chapter shall use only those laboratories certified under the United States department of health and human services mandatory guidelines for federal workplace drug testing programs or approved by the New York state department of health, to execute the drug testing program required by this chapter.

f. Laboratories employed by motor carriers to execute the drug testing program pursuant to this chapter shall report drug test results to the medical review officer in writing within five days after a drug test has been administered. All drug test specimens shall be retained by such laboratories for at least six months.

g. Two or more motor carriers may join together for the purpose of employing a medical review officer and/or a laboratory to comply with the requirements of this chapter. Notwithstanding the foregoing, each motor carrier shall be individually responsible for complying with the provisions of this chapter.

CHAPTER 6*15 DRUG TESTING OF SCHOOL SYSTEM CONVEYANCE DRIVERS

§ 17-610 Consequences of failure to pass a drug test; refusal to take a drug test.

a. Any driver who does not pass a drug test administered pursuant to this chapter shall immediately be removed from active duty. The medical review officer may, where appropriate, recommend rehabilitation or other treatment programs. No driver shall return to active duty unless he or she submits proof of successful completion of a rehabilitation program or other recommended treatment and passes a return to active duty drug test as required by section 17-608.

b. Any driver who does not pass a drug test shall receive within ten days of the confirmatory test, together with written notification of his or her test result, written notice of the right to undergo an additional drug test performed on a sample of the same specimen, at his or her option and expense, within thirty days after the administration of the original drug test.

c. Any driver who refuses to take a drug test shall immediately be removed from active duty for a period of at least one year and shall not return to active duty until passing a return to active duty drug test as required by section 17-608.

**HISTORICAL NOTE**

Section added L.L. 104/1989 § 2 eff. Sept. 1, 1990.

**CASE NOTES**

¶ 1. A school bus driver, who had a previously unblemished record, was ordered to submit to a random drug test, and was told that her failure to take a test that same day could lead to permanent decertification as a driver. The driver had a previously scheduled appointment with her physician and kept it. She then took the drug test the following day, and passed it. The Department of Education, claiming she had "refused" to take a drug test, permanently decertified her. She then brought an Article 78 proceeding. The court granted the Article 78 proceeding. Even assuming that petitioner's postponement of the drug test until the following day was a "refusal," the maximum penalty was removal from active duty for one year and reinstatement upon passing a drug test. The agency could not properly impose a penalty not provided for by statute or its own rules and regulations. In re Gomez v. NYC Dept. of Educ. 2008 NY Slip Op. 3956, 2008 N.Y. App.Div. Lexis 3730 856 NYS2d 603.

CHAPTER 6*15 DRUG TESTING OF SCHOOL SYSTEM CONVEYANCE DRIVERS

§ 17-611 Recordkeeping and reporting.

a. Motor carriers shall designate an individual or individuals to serve as drug testing program designees to ensure compliance with this chapter. The designees shall be responsible for the implementation of the drug testing program and maintaining all records related to the administration of drug tests. Motor carriers shall retain records related to the collection process and reports of individuals who have not passed a drug test for at least five years and records of individuals who have passed a drug test for at least one year.

b. The medical review officer shall maintain records of individuals who have not passed a drug test for at least five years and the records of individuals who have passed a drug test for at least one year.

c. A motor carrier shall permit the chancellor of the board of education or his or her designee to examine all records relating to the administration and results of the drug testing program established by such motor carrier pursuant to this chapter.

d. A motor carrier shall promptly give written notice to the chancellor of the board of education or his or her designee whenever a driver is removed from active duty or returned to active duty pursuant to this chapter. Such written notice shall include the driver's name and the date of removal from or return to active duty.

e. A motor carrier shall submit semi-annual reports to the board of education on April first and October first of each year summarizing the following information for the periods from September first through March first and March second through August thirtyfirst, respectively:

(1) The total number of drug tests administered;

(2) The number of drug tests administered and the dates of administration in each testing category (i.e., pre-employment, post-accident, reasonable suspicion, random, and return to duty);

(3) The number of post-accident drug tests administered and the dates of administration in each accident category (i.e., fatal, personal injury, property damage or three accidents);

(4) For post-accident tests, the number of hours between the accident and the collection of a urine specimen;

(5) The total number of individuals who did not pass a drug test; (6) The number of individuals who did not pass a drug test by testing category;

(7) The number of individuals who did not pass a post-accident drug test by accident category;

(8) The action taken by the motor carrier with respect to each individual who did not pass a drug test;

(9) The number of drug tests submitted to the laboratory that showed evidence of one or more illegal drugs in the immunoassay screening test in a sufficient quantity to warrant a confirmatory test; (10) The total number of drug tests submitted to the laboratory that showed evidence of one or more illegal drugs in the confirmatory test in a sufficient quantity to be reported as positive to the medical review officer;

(11) The number of drug tests submitted to the laboratory that showed evidence of one or more illegal drugs in the confirmatory test in a sufficient quantity to be reported as positive by the medical review officer;

(12) Such other relevant information as the board of education shall require.

f. The first semi-annual report required by this section shall be due on April 1, 1991.

Section one. Declaration of legislative intent and findings. The Council finds that the safety of more than 100,000 school children depends on the ability of New York City school bus drivers to perform at their optimum mental and physical capacities. It is clear that drug use by a school bus driver could severely impede his or her ability to transport children to school safely. It has been documented that drug use impairs the central nervous system, often causing detrimental changes in alertness, consciousness, coordination, judgment, personality, muscle strength, reflex reactions and time sequencing. Consequently, it is necessary to ensure that school bus drivers do not operate buses or other motor vehicles while under the influence of drugs. Implementation of a drug testing program for school bus drivers is the best way to detect drug use by drivers and to prevent those under the influence of drugs from endangering themselves and others. In this manner, parents may be assured that their child's bus driver is drug-free. As such, the Council finds it appropriate, for the protection of the health,

safety and welfare of all New Yorkers, to mandate that all entities contracting with the Board of Education to transport school children implement a drug testing program for drivers.

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-616 Short title.

This chapter shall be known and may be cited as the "Tobacco Product Regulation Act."

**HISTORICAL NOTE**

Section added L.L. 83/1992 § 2, eff. Apr. 25, 1993.

**CASE NOTES**

¶ 1. Under the City ordinance, one public health message (warning of health risks of smoking) had to be displayed for every four tobacco advertisements displayed on certain property and facilities licensed by the City, such as taxicabs. A company in the business of displaying advertising signs on the exterior of taxicabs challenged the law. The court held that the ordinance was pre-empted by the Federal Cigarette Labeling and Advertising Act of 1965. Vango Media, Inc. v. City of New York, 34 F.3d 68 (2nd Cir. 1994).

**FOOTNOTES**

16

[Footnote 16]: * Note provisions of L.L. 83/1992 § 1:

Section 1. Declaration of legislative findings and intent. The Council finds that the health risks attributable to tobacco use have been well established. According to the United States Centers for Disease Control, tobacco addiction kills 434,000 Americans each year and is responsible for approximately 1,199,000 years of potential life lost before the age of 65. In New York City, the Department of Health reports that tobacco addiction kills some 11,000 New Yorkers each year.

The Council finds that the problem of tobacco addiction among children is particularly alarming. In 1988, American children under the age of eighteen spent $1.26 billion for one billion packs of cigarettes and 26 million containers of chewing tobacco, resulting in profits of $221 million for cigarette manufacturers. Studies show that the majority of adult tobacco addicts began smoking in their teens. According to the American Heart Association, Lung Association and Cancer Society, 25% of tobacco addicts begin using tobacco products before the age of 12, 50% before the age of 14 and 90% before the age of 20. The New York City Department of Consumer Affairs reports that 200 New York children begin the deadly habit of cigarette smoking every day, and, according to the National Institute on Drug Abuse, 18.7% of high school seniors smoke daily. National Institute on Drug Abuse studies also indicate that high school seniors who smoke are more likely to have used illicit drugs as compared to non-smoking high school seniors, demonstrating that tobacco is often a gateway drug.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents.

It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities. However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real property.

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-617 Definitions.

For purposes of this chapter, the following terms shall be defined as follows:

a. "Affiliated company" means any business entity which is the holder of a right to place or display advertisements in or on a unit of advertising space and which has a relationship with a holder of a right to place or display advertisements in or on another unit of advertising space; such relationship shall be an identity of all principal owners or all directors; provided, however, that only entities which are holders of a right to place or display advertisements on the same type of units of advertising space shall be considered affiliated companies for purposes of this chapter.

b. "Authorizing agency" means the agency or other unit of local government of the city of New York which is (i) acting on behalf of the city with respect to a written agreement between the city and a private party which allows the placement or display of advertisements in or on a unit of advertising space; (ii) any agency designated by the mayor as having responsibility for a unit of advertising space that is the subject of a written agreement with the city which allows the placement or display of advertisements in or on such unit; or (iii) the issuer of a license or permit that expressly grants the right to place or display advertisements in or on a unit of advertising space. In the event that there is no authorizing agency as defined by this subdivision for a unit of advertising space, the authorizing agency for such unit shall be the agency with the primary expertise in the subject area covered by the written agreement with the city which allows the placement or display of advertisements in or on such unit.

c. "Cigarette license" means the license issued pursuant to section 11-1303 or 20-202 of the code.

d. "City of New York" or "city" means the city of New York or any of its agencies or other unit of local government.

e. "Employee" means any person who provides services for the payment of direct or indirect monetary wages or profit, or any person who volunteers his or her services without monetary compensation.

f. "For-hire vehicle" means "for-hire vehicle" as defined in section 19-502 of the code.

g. "For-hire vehicle base" means a place of business from which for-hire vehicles are dispatched.

h. "Instrumentality of public transportation" means buses operated pursuant to a franchise or consent issued by or from the city of New York, ferries and ferry terminals owned or operated by the city of New York, trams and their appurtenances, bus stop shelters and licensed vehicles as defined in section 19-502 of the code.

i. "Person" means any natural person, partnership, corporation, government agency, association or other legal entity.

j. "Public health message" means words, pictures, photographs, symbols, graphics or visual images of any kind, or any combination thereof, the primary purpose of which is to communicate the health risks of tobacco product use or the health benefits of not using tobacco products.

k. "Retail dealer" means "retail dealer" as defined in section 11-1301 of the code, and any employee or other agent of such retail dealer.

l. "School premises" means the buildings, grounds or facilities, or any portion thereof, owned or occupied by public or private institutions for the primary purpose of providing educational instruction to students at or below the twelfth grade level.

m. "Special event" means an event (i) for which a permit has been issued by the city of New York; (ii) which has a duration of no longer than seven days; and (iii) for which an agreement has been entered into with the city that provides for the placement or display of signage intended to discourage the use of tobacco products.

n. "Taxicab" means "taxicab" as defined in section 19-502 of the code.

o. "Taxicab fleet" means a corporate entity organized for the ownership or operation of twenty-five or more taxicabs, which taxicabs are dispatched from a single location serving as both garage and office of record, which location has been approved by the taxi and limousine commission as adequate for the storage, maintenance, repair and dispatch of the fleet taxicabs, and which location has a dispatcher on the premises at least eighteen hours every day who is responsible for assigning drivers to fleet taxicabs.

p. "Taxicab minifleet" means a corporation licensed by the taxi and limousine commission to own and operate two or more taxicabs.

q. "Tobacco advertisement" means words, pictures, photographs, symbols, graphics or visual images of any kind, or any combination thereof, which bear a health warning required by federal statute, the purpose or effect of which is to identify a brand of a tobacco product, a trademark of a tobacco product or a trade name associated exclusively with a tobacco product, or to promote the use or sale of a tobacco product.

r. "Tobacco product" means any substance which contains tobacco, including but not limited to cigarettes, cigars, pipe tobacco and chewing tobacco.

s. "Trademark" means any word, name, symbol, logo, emblem or device, or any combination thereof, used by a person to identify and distinguish his or her goods from those manufactured or sold by others and to indicate the source

of the goods, even if that source is unknown.

t. "Trade name" means any name used by a person to identify his or her business or vocation

u. "Unit of advertising space" means any real property, space, facility or instrumentality of public transportation, or any portion thereof, (i) owned or operated by, or leased from or to the city, or which is located or operates on real property owned or operated by or leased from or to the city, and which is the subject of the same contract, lease, rental agreement, franchise, revocable consent, concession or other similar written agreement with the city which allows the placement or display of advertisements, but not including any real property, space or facility leased from the city for a term of thirty years or more during the entire term of the lease or any real property, space or facility leased from or to the industrial development agency; or (ii) with respect to which a license or permit has been issued by the city that expressly grants the right to place or display advertisements, but not including licenses or permits issued pursuant to the building code.

v. "Wholesale dealer" means "wholesale dealer" as defined in section 11-1301 of the code, and any employee or other agent of such wholesale dealer.

According to the United States Centers for Disease Control, tobacco addiction kills 434,000 Americans each year and is responsible for approximately 1,199,000 years of potential life lost before the age of 65. In New York City, the Department of Health reports that tobacco addiction kills some 11,000 New Yorkers each year.

The Council finds that the problem of tobacco addiction among children is particularly alarming. In 1988, American children under the age of eighteen spent $1.26 billion for one billion packs of cigarettes and 26 million containers of chewing tobacco, resulting in profits of $221 million for cigarette manufacturers. Studies show that the majority of adult tobacco addicts began smoking in their teens. According to the American Heart Association, Lung Association and Cancer Society, 25% of tobacco addicts begin using tobacco products before the age of 12, 50% before the age of 14 and 90% before the age of 20. The New York City Department of Consumer Affairs reports that 200 New York children begin the deadly habit of cigarette smoking every day, and, according to the National Institute on Drug Abuse, 18.7% of high school seniors smoke daily. National Institute on Drug Abuse studies also indicate that high school seniors who smoke are more likely to have used illicit drugs as compared to non-smoking high school seniors, demonstrating that tobacco is often a gateway drug.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents. It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities. However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real

property.

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-620 Sale of tobacco products to minors prohibited.

Any person operating a place of business wherein tobacco products are sold or offered for sale must be licensed as required by section 17-617.1 of this code and is prohibited from selling such products to individuals under eighteen years of age, and shall post in a conspicuous place a sign upon which there shall be imprinted the following statement, "SALE OF CIGARETTES, CIGARS, CHEWING TOBACCO, POWDERED TOBACCO, OR OTHER TOBACCO PRODUCTS, ROLLING PAPER OR PIPES, TO PERSONS UNDER EIGHTEEN YEARS OF AGE IS PROHIBITED BY LAW." Such sign shall be printed on a white card in red letters at least one-half inch in height. Sale of tobacco products in such places, other than by a vending machine, shall be made only to an individual who demonstrates, through a driver's license or other photographic identification card issued by a government entity or educational institution, that the individual is at least eighteen years of age. Such identification need not be required of any individual who reasonably appears to be at least twenty-five years of age, provided, however, that such appearance shall not constitute a defense in any proceeding alleging the sale of a tobacco product to an individual under eighteen years of age.

*NYC Administrative Code 17-621*

Administrative Code of the City of New York

Title 17 Health

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-621 Public health messages required where tobacco advertisements appear on certain properties.

a. (1) There shall be a minimum of one public health message placed or displayed in or on a unit of advertising space for every four tobacco advertisements placed or displayed in or on such unit. Twenty-five percent of the public health messages placed or displayed in or on such unit shall be directed to the youth population. In the event that there is at least one tobacco advertisement but fewer than four tobacco advertisements placed or displayed in or on a unit of advertising space, there shall be a minimum of one public health message placed or displayed in or on such unit and such public health message shall be directed to the youth population. Unless otherwise expressly provided, the requirements set forth in this section shall not be applicable to any advertisements placed or displayed in connection with a special event; provided, however, that any advertisements placed or displayed in connection with a special event which would otherwise be subject to the requirements of this section shall not be exempt from such requirements where the advertisements are placed or displayed more than thirty days prior to the commencement of such special event. In addition, the requirements set forth in this section shall not be applicable to any tobacco advertisement which is less than one hundred forty-four square inches and is placed or displayed in or on a sales counter where the sale of tobacco products is transacted in a place of business that is located on real property owned or operated by or leased from or to the city.

(2) The public health messages required by this section shall, to the greatest extent possible, be comparable in size, location and visibility to the tobacco advertisements placed or displayed in or on a unit of advertising space and shall be installed and maintained by the holder of the right to place or display advertisements in or on such unit in accordance with the same standards, and the holder shall utilize the same materials and methods for display, as are used by such holder for any advertisements placed or displayed in or one such unit.

b. (1) It shall be the responsibility of the holder of the right to place or display advertisements in or on a unit of advertising space (i) to maintain at all times the ratio of public health messages to tobacco advertisements required by this section; and (ii) to maintain accurate records indicating on a daily basis the number of tobacco advertisements and public health messages placed or displayed by such holder, the locations of such advertisements and public health messages, and any other information deemed necessary by the authorizing agency or the department of health and mental hygiene. Such holder shall provide to the city council and the authorizing agency for such unit a quarterly report containing the number of tobacco advertisements and public health messages placed or displayed by such holder during the preceding three months, the locations of such advertisements and public health messages, the dates on which such advertisements and public health messages were placed and displayed and any other information deemed necessary by the authorizing agency or the department of health and mental hygiene. The authorizing agency shall provide a copy of the quarterly report to the department of health and any analysis of such report deemed necessary by the department. Any such holders who are affiliated companies may combine their units of advertising space for purposes of complying with the ratio requirements, maintaining the daily records and providing the quarterly report, required by this section. Taxicabs which are part of a taxicab fleet or taxicab minifleet may be combined for purposes of complying with the ratio requirements, maintaining the daily records and providing the quarterly report, required by this section. For-hire vehicles affiliated with a for-hire vehicle base may be combined for purposes of complying with the ratio requirements, maintaining the daily records and providing the quarterly report, required by this section. In such cases, the owner of the taxicab fleet, taxicab minifleet or for-hire vehicle base shall comply with the ratio requirements, maintain the daily records and provide the quarterly report on behalf of the owners of the taxicabs or for-hire vehicles.

(2) The holder of the permit authorizing a special event shall provide a report to the authorizing agency containing the number, locations and dates of placement and display of (i) advertisements which promoted the special event, identifying those advertisements which were tobacco advertisements; (ii) signage which was intended to discourage the use of tobacco products; and (iii) any public health messages. Such report shall also include any other information deemed necessary by the authorizing agency or the department of health and mental hygiene. The authorizing agency shall provide a copy of such report to the department.

c. The department of health and mental hygiene, together with the authorizing agencies, shall encourage the creation and submission of public health messages by interested individuals, groups or other entities. The authorizing agency for a unit of advertising space shall ensure that (i) at least twenty-five percent of the public health messages placed or displayed in or on such unit are directed to the youth population; and (ii) the ratio of public health messages to tobacco advertisements required by this section is achieved for such unit, through regular monitoring and enforcement activities.

d. Any interested individual, group or other entity may develop, print and make available for distribution such public health messages at no cost to the city of New York or the holders of the right to place or display advertisements in or on units of advertising space. Such public health messages shall be printed utilizing the same materials as are used for any advertisements placed or displayed in or on each unit of advertising space. Any costs associated with the posting of the public health messages required by this section and any costs in terms of foregone advertising revenues associated with the placement or display of such public health messages in or on a unit of advertising space shall be borne by the holder of the right to place or display advertisements in or on such unit. Where the city is the sole holder of the right to place or display advertisements in or on a unit of advertising space, the city shall bear any costs associated with the posting of the public health messages and any costs in terms of foregone advertising revenues.

e. (1) Any interested individual, group or other entity may submit a proposed public health message to the department of health and mental hygiene for approval. The department shall select for placement or display in or on a unit of advertising space those public health messages which it deems to communicate most effectively the health risks of tobacco product use or the health benefits of not using tobacco products. Such public health messages shall not use the name, image or likeness of any individual without the consent of that individual or shall not infringe any person's trade name, trademark, service mark or copyright, under applicable federal and state law. The department shall, to the greatest extent possible, select public health messages which are sufficiently different in visual images and text in order

to ensure the holder of the right to place or display advertising an adequate selection of public health messages for placement or display in or on such holder's unit of advertising space. The department shall clearly indicate those public health messages which it deems to be directed to the youth population.

(2) The authorizing agency for a unit of advertising space shall review the public health messages selected by the department for conformance to the same standards, if any, regarding form, appearance and appropriateness to which advertisements accepted for placement or display in or on such unit are required to conform, pursuant to any agreement applicable to such unit to which the city is a party, or to any license or permit which has been issued by the city that expressly grants the right to place or display advertisements in or on such unit. The authorizing agency shall submit to the holder of the right to place or display advertising in or on such unit, those public health messages which it deems to conform to applicable standards pursuant to any agreement with or license or permit from the city applicable to such holder's unit. Within one week after the receipt of such public health messages, the holder of the right to place or display advertisements or his or her designee shall submit to the authorizing agency any recommendations concerning the selected public health messages based upon the standards, if any, regarding form, appearance and appropriateness to which advertisements accepted for placement or display in or on the unit of advertising space are required to conform pursuant to any contracts governing the placement or display of advertisements in or on such unit. Within two weeks after the receipt of any recommendations from the holder of the right to place or display advertising, the authorizing agency shall make its final decision as to which public health messages conform to applicable standards and notify the department which samples of public health messages the authorizing agency will make available to the holder for placement or display. The holder of the right to place or display advertisements in or on the unit of advertising space shall not be required to replace a public health message placed or displayed in or on such unit with a different public health message more than four times annually.

f. It shall be the responsibility of the interested individuals, groups or other entities to provide the public health messages required by this section. To the extent that such public health messages are not provided in sufficient quantity to maintain the ratio between tobacco advertisements and public health messages required by this section: (1) those public health messages actually provided shall be placed or displayed in or one a unit of advertising space in accordance with the requirements of this section to the extent possible; and (2) tobacco advertisements may continue to be placed or displayed in or one such unit in a proportion in excess of the ratio required by this section.

g. (1) Any person who is the holder of a valid license or permit from, or is a party to an otherwise valid agreement with, the city of New York in effect on the date of enactment of the local law that added this section shall not be subject to the requirements of this section for the term of such license, permit or agreement. However, where such agreement provides for a right or rights of renewal for one or more periods upon the same terms and conditions or terms and conditions set forth in such agreement, the holder who is a party to such agreement or any agreements entered into pursuant to such right or rights of renewal shall be subject to the requirements of this section five years after the commencement of the first renewal period.

(2) Any holder of the right to place or display advertisements in or on a unit of advertising space who is subject to a collective bargaining agreement in effect on the date of enactment of the local law that added this section which provides for an apportionment of revenues resulting from advertisements placed or displayed in or on such unit shall not be subject to the requirements of this section until the expiration of the collective bargaining agreement.

h. If on the date of enactment of the local law that added this section, any party to a valid agreement with, or holder of a valid license or permit from, the city of New York is also a party to a valid contract entered into on or prior to such date with an entity other than the city of New York which extends beyond the term of such party's agreement with, or license or permit from, the city, such party shall not be subject to the requirements of subdivisions a through g of this section if compliance with such subdivisions would results in a material breach of the contract between such party and an entity other than the city, provided that such party:

1. shall promptly comply with subdivisions a through g of this section upon the expiration of such contract term,

excluding any periods of time subject to an option to renew such contract, or upon the removal of any legal barrier to compliance prior to the expiration of the original contract term, whichever is earlier. Any person who claims to be covered by this paragraph and who fails to comply with subdivisions a through g of this section within the time limits set forth herein shall be liable for a civil penalty of not more than five hundred dollars for each day of non-compliance following the expiration of the original contract term or upon the removal of any legal barrier to compliance, whichever is earlier. Such civil penalty shall be recovered in accordance with the provisions of subdivision b of section 17-624; and

2. shall within ten days of the effective date of the local law that added this section, notify the authorizing agency for the unit of advertising space in writing of such person's inability to comply with subdivisions a through g of this section, setting forth in detail the reasons therefor and the earliest date upon which compliance can be achieved. The authorizing agency shall, as soon as practicable after receipt of such information, forward it to the department of health and mental hygiene and the city council. Any person who fails to notify the authorizing agency as required by this paragraph or who knowingly submits information required by this paragraph which is false or misleading shall, in addition to any other penalties provided by law, be liable for a civil penalty of not more than one thousand dollars.

i. Nothing in this chapter shall be construed to permit the placement of a tobacco product advertisement as defined in subdivision m of section 27-508.2 of this code where such advertisement is prohibited by section 27-508.3 of this code or by any other law or rule.

**FOOTNOTES**

16

[Footnote 16]: * Note provisions of L.L. 83/1992 § 1:

Section 1. Declaration of legislative findings and intent. The Council finds that the health risks

attributable to tobacco use have been well established. According to the United States Centers for Disease Control, tobacco addiction kills 434,000 Americans each year and is responsible for approximately 1,199,000 years of potential life lost before the age of 65. In New York City, the Department of Health reports that tobacco addiction kills some 11,000 New Yorkers each year.

The Council finds that the problem of tobacco addiction among children is particularly alarming. In 1988, American children under the age of eighteen spent $1.26 billion for one billion packs of cigarettes and 26 million containers of chewing tobacco, resulting in profits of $221 million for cigarette manufacturers. Studies show that the majority of adult tobacco addicts began smoking in their teens. According to the American Heart Association, Lung Association and Cancer Society, 25% of tobacco addicts begin using tobacco products before the age of 12, 50% before the age of 14 and 90% before the age of 20. The New York City Department of Consumer Affairs reports that 200 New York children begin the deadly habit of cigarette smoking every day, and, according to the National Institute on Drug Abuse, 18.7% of high school seniors smoke daily. National Institute on Drug Abuse studies also indicate that high school seniors who smoke are more likely to have used illicit drugs as compared to non-smoking high school seniors, demonstrating that tobacco is often a gateway drug.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents. It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities.

However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real property.

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-622 Use of tobacco products on school premises prohibited.

It shall be unlawful for any person to use a tobacco product, including chewing tobacco, on school premises at any time.

**HISTORICAL NOTE**

Section added L.L. 83/1992 § 2, eff. Apr. 25, 1993.

**FOOTNOTES**

16

[Footnote 16]: * Note provisions of L.L. 83/1992 § 1:

Section 1. Declaration of legislative findings and intent. The Council finds that the health risks attributable to tobacco use have been well established. According to the United States Centers for Disease Control, tobacco addiction kills 434,000 Americans each year and is responsible for approximately 1,199,000 years of potential life lost before the age of 65. In New York City, the Department of Health reports that tobacco addiction kills some 11,000 New Yorkers each year.

The Council finds that the problem of tobacco addiction among children is particularly alarming. In 1988,

American children under the age of eighteen spent $1.26 billion for one billion packs of cigarettes and 26 million containers of chewing tobacco, resulting in profits of $221 million for cigarette manufacturers. Studies show that the majority of adult tobacco addicts began smoking in their teens. According to the American Heart Association, Lung Association and Cancer Society, 25% of tobacco addicts begin using tobacco products before the age of 12, 50% before the age of 14 and 90% before the age of 20. The New York City Department of Consumer Affairs reports that 200 New York children begin the deadly habit of cigarette smoking every day, and, according to the National Institute on Drug Abuse, 18.7% of high school seniors smoke daily. National Institute on Drug Abuse studies also indicate that high school seniors who smoke are more likely to have used illicit drugs as compared to non-smoking high school seniors, demonstrating that tobacco is often a gateway drug.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents. It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities. However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real property.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 7 TOBACCO PRODUCT REGULATION ACT*16

§ 17-624 Violations and penalties.

a. Any person found to be in violation of section 17-618, 17-619 or 17-620 shall be liable for a civil penalty of not more than one thousand dollars for the first violation, and not more than one thousand dollars for each additional violation found on that day; and not more than two thousand dollars for the second violation and each subsequent violation at the same place of business within a two-year period. In addition, for a second violation occurring on a different day and all subsequent violations occurring on different days at the same place of business within a two-year period, any person who engages in business as a retail dealer shall be subject to the mandatory revocation of his or her cigarette license for such place of business. For purposes of this section, any violation of section 17-618, 17-619 or 17-620 by any license holder at a place of business shall be included in determining the number of violations by any subsequent license holder at the same place of business unless the subsequent license holder provides the commissioner of consumer affairs with adequate documentation demonstrating that the subsequent license holder acquired the premises or business through an arm's length transaction as defined in subdivision e of this section and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of violations on the premises. A cigarette license shall be revoked at the same hearing at which a retail dealer is found liable for a second violation or subsequent violations at the same place of business within a two-year period. Any person who shall knowingly make a false statement or who shall falsify or allow to be falsified any record or report required by section 17-621, shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not less than five hundred dollars nor more than one thousand five hundred dollars, or by imprisonment not to exceed six months, or both. Any person who shall make a false statement or who shall falsify or allow to be falsified any record or report required by section 17-621, or who shall fail to maintain any record or submit any report required by section 17-621, shall be liable for a civil penalty of not less than three hundred dollars nor more than one thousand five hundred

dollars. Any person who violates section 17-622 shall be liable for a civil penalty of not more than fifty dollars for each violation.

b. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivision a of this section for a violation of section 17-618, 17-619 or 17-620 of this chapter shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health where the department of health and mental hygiene issues such notice or the adjudication division of the department of consumer affairs where that department or a designated employee of any authorizing agency or the department of finance issues such notice. Such notice shall contain a statement that any hearing for a second violation or subsequent violations of section 17-618, 17-619 or 17-620 at the same place of business within a two-year period shall also constitute a hearing for the revocation of a retail dealer's cigarette license where the retail dealer is found to be in violation of any such sections. Where the department of health and mental hygiene finds a retail dealer to be liable for a violation of section 17-618, 17-619 or 17-620 that department shall notify the department of consumer affairs within thirty days of such finding. Where the department of consumer affairs finds a retail dealer to be liable for a violation of section 17-618, 17-619 or 17-620, that department shall notify the department of health within thirty days of such finding. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivision a of this section for a violation of section 17-621 or authorized pursuant to subdivision h of section 17-621 shall be returnable to the administrative tribunal established by the board of health. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivision a of this section for a violation of section 17-622 shall be returnable to the administrative tribunal established by the board of health. Such tribunal shall have the power to impose the civil penalties prescribed by subdivision a of this section or subdivision h of section 17-621 of this chapter. The adjudication division of the department of consumer affairs shall have the power to impose the civil penalties prescribed by subdivision a of this section for a violation of section 17-618, 17-619 or 17-620 of this chapter.

c. The penalties provided by subdivision a of this section and subdivision h of section 17-621 of this chapter shall be in addition to any other penalty imposed by any other provision of law or rulee promulgated thereunder.

d. Whenever any person has engaged in any acts or practices which constitute a violation of any provision of this chapter or of any rule promulgated thereunder, the city may make application to a court of competent jurisdiction for an order enjoining such acts or practices and for an order granting a temporary or permanent injunction, restraining order or other order enjoining such acts or practices.

e. For purposes of this section, "arm's length transaction" means a sale of a fee or all undivided interests in real property, or lease of any part thereof, or a sale of a business, in good faith and for valuable consideration, that reflects the fair market value of such real property or lease, or business, in the open market, between two informed and willing parties, where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale or lease was made for the purpose of permitting the original licensee to avoid the effect of violations on the premises. The following sales or leases shall be presumed not to be arm's length transactions unless adequate documentation is provided demonstrating that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of violations on the premises:

(1) a sale between relatives; or

(2) a sale between related companies or partners in a business; or

(3) a sale or lease affected by other facts or circumstances that would indicate that the sale or lease is entered into for the primary purpose of permitting the original licensee to avoid the effect of violations on the premises.

f. Notwithstanding the provisions of subdivision a of this section, the mandatory revocation of a license for a second offense shall be waived if, upon the submission of satisfactory proof, the commissioner determines that the person or persons who committed the violations which are the basis for the mandatory revocation acted against the

licensee's will in committing such violations, the licensee utilized extensive precautionary measures to prevent violations of the provisions of sections 17-618, 17-619 and 17-620 of this code, and the licensee has terminated any financial or employment relationship with each person who committed the violations which are the basis of the mandatory revocation of its license or has taken other significant disciplinary action against such persons. The commissioner shall not determine that a licensee utilized extensive precautionary measures to prevent violations of the provisions of sections 17-618, 17-619 and 17-620 of this code unless the licensee submits satisfactory proof demonstrating that the licensee had, prior to the second violation which is the basis for the mandatory revocation of its license, done the following:

(1) implemented a clear policy requiring all persons working in the place of business to strictly comply with the provisions of sections 17-618, 17-619 and 17-620 of this code and permitting persons working in the place of business to complete a tobacco product sales transaction only after establishing the age of a prospective purchaser of tobacco products through identification that has been verified for authenticity or through photographic identification as required by section 17-620 of this code; and

(2) trained all persons working in the place of business to comply with any such policy before they are allowed to sell tobacco products to the public; and

(3) monitored the performance of persons working in the place of business to ensure that they adhere to such policy, or, in accordance with rules promulgated by the commissioner, conducted periodic retraining of persons working in the place of business.

[Footnote 16]: * Note provisions of L.L. 83/1992 § 1:

Section 1. Declaration of legislative findings and intent. The Council finds that the health risks attributable to tobacco use have been well established. According to the United States Centers for Disease Control, tobacco addiction kills 434,000 Americans each year and is responsible for approximately 1,199,000 years of potential life lost before the age of 65. In New York City, the Department of Health reports that tobacco addiction kills some 11,000 New Yorkers each year.

The Council finds that the problem of tobacco addiction among children is particularly alarming. In 1988, American children under the age of eighteen spent $1.26 billion for one billion packs of cigarettes and 26 million containers of chewing tobacco, resulting in profits of $221 million for cigarette manufacturers. Studies

show that the majority of adult tobacco addicts began smoking in their teens. According to the American Heart Association, Lung Association and Cancer Society, 25% of tobacco addicts begin using tobacco products before the age of 12, 50% before the age of 14 and 90% before the age of 20. The New York City Department of Consumer Affairs reports that 200 New York children begin the deadly habit of cigarette smoking every day, and, according to the National Institute on Drug Abuse, 18.7% of high school seniors smoke daily. National Institute on Drug Abuse studies also indicate that high school seniors who smoke are more likely to have used illicit drugs as compared to non-smoking high school seniors, demonstrating that tobacco is often a gateway drug.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents. It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities. However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real property.

It is the intention of the Council to make it more difficult for minors to unlawfully purchase tobacco products. This legislation would require the direct retail seller of tobacco products to be at least 18 years of age or under the direct supervision of someone at least 18 years of age. That seller would be required to have direct, personal contact with the purchaser, who must provide photographic proof-of-age indicating that he or she is legally permitted to buy tobacco products in New York State, unless he or she reasonably appears to be at least twenty-five years of age. The legislation would also prohibit the sale of loose, individual cigarettes or other tobacco products that have been removed from their packaging so as to eliminate the health warnings required by law. In addition, it is the Council's intention to provide New York City's students with tobacco-free educational environments to the greatest extent allowble by law. Thus, tobacco product use on all school premises, both public and private, shall be prohibited.

Besides the grave dangers posed by tobacco use to the health of New York City residents of all ages, the Council also finds that tobacco use threatens the general welfare of all New Yorkers by causing enormous financial costs to the taxpayers, in the form of health care benefits, and a loss of productivity among the city's workforce.

Costs associated with illness and injury due to smoking may be immediate or deferred; there are both costs to the individual and costs to society in general. In the United States, economic costs due to smoking-attributable disease were estimated at $53.7 billion in 1984 and $65 billion in 1985. These costs include direct health care costs, indirect costs and other cost factors. Direct health care costs relating to smoking include hospitalization, physician services, nursing home care and medication. These costs are ordinarily paid by the individual, however, due to the large number of uninsured individuals in New York City and due to the fact that New York City pays a portion of Medicaid costs, the city is forced to bear a portion of the burden of direct health care costs relating to smoking. According to the New York City Department of Health, in 1989, direct health care costs attributable to smoking in New York City exceeded $550 million. Indirect costs due to smoking are the value of lost productivity, output or foregone manpower when smoking related illness and death cause lost time from work and from other productive activities. According to the Department of Health, in 1989, indirect costs due to smoking exceeded $1.3 billion in New York City.

The Council concludes that the enormous public costs resulting from tobacco addiction must be decreased by attempting to discourage all New Yorkers from the use of tobacco products. The Council deems the placement of tobacco product advertisements on certain property owned or operated by the city and certain property or facilities licensed by the city, inappropriate and contrary to the general welfare of the city's residents. It is the Council's desire to eliminate tobacco product advertisements from such properties and facilities. However, if such tobacco product advertisements are permitted on these properties and facilities, it is the intention of the Council to require the placement of at least one public health message for every four tobacco advertisements placed or appearing in or on certain property and facilities owned or operated, in whole or in part, by the City of New York and certain property and facilities licensed by the City of New York. It is not the intent of the Council to require the placement or display of such public health messages on privately owned real property.

CHAPTER 8**19 ANIMAL SHELTERS AND STERILIZATION ACT

§ 17-801 Legislative findings.

The City Council hereby finds that New York City is experiencing a serious overpopulation of unwanted dogs and cats. This is a matter of serious concern affecting the public health, safety and welfare. The Center for Animal Care and Control, which operates animal shelters under contract with the City's Department of Health and mental hygiene, estimates that 67,000 unwanted, stray or abandoned dogs and cats entered its facilities in 1998. Of these animals, approximately seventy percent were not spayed or neutered. While wandering the City's streets, homeless dogs and cats reproduce at alarming rates, exacerbating a potentially unhealthy and dangerous situation. As a result of this situation, dog packs have formed in some areas, increasing numbers of individuals and animals are at risk for rabies, and many homeless animals have become the victims of vehicular accidents. These animals also suffer from lack of food and water and exposure to the elements. Given the large and growing number of unwanted dogs and cats, the Council finds that a law providing for a full-service animal shelter in each borough and the spaying and neutering of animals adopted from animal shelters or purchased from pet shops is necessary to protect the health, safety and welfare of New York City residents. The Council also finds that with the advancement of medical knowledge over the past ten years, many veterinarians now advocate and practice early sterilization of pets, as early as eight weeks of age. Veterinarians at animal hospitals and humane shelters across the country, as well as the American Society for the Prevention of Cruelty to Animals, have performed thousands of early spay-neuter surgeries. Many veterinary associations now also agree that even though any surgery has inherent risks, kittens and puppies heal faster and are lower surgical risks than older animals who may be ill, in heat, or pregnant. If dogs or cats are spayed or neutered before adoption from a shelter or purchase from a pet shop, then the chance that they will add more unwanted offspring to the numbers that already exist will be eliminated.

**CASE NOTES**

¶ 1. In Georgoutsos v. Animal Care and Control of NYC, 16 Misc.3d 1105A, 2007 NY Misc. Lexis 4638 (Sup.Ct. Kings County), the plaintiff and his dog were victims of a crime, and the dog was placed in a shelter. The defendant contended that under applicable law, sterilization of the dog was required, and refused to release the dog unless and until that procedure was carried out. The court, however, held that plaintiff was entitled to the return of the dog, and that sterilization was not required. The court explained that the purpose of the statute was to limit the reproduction of unwanted stray or abandoned dogs and cats. This particular dog was neither a stray nor abandoned, so that the law did not apply. The court noted that plaintiff had produced a veterinary certification (Adm. Code § 17-804) indicating that a sterilization procedure would endanger the dog's life.

CHAPTER 8**19 ANIMAL SHELTERS AND STERILIZATION ACT

§ 17-802 Definitions.

For the purposes of this chapter, the following terms shall be defined as follows:

a. "Adoption" means the delivery of a dog or cat deemed appropriate and suitable as a companion animal by an animal shelter to an individual at least eighteen years of age who has been approved to own, care and provide for the animal by the animal shelter.

b. "Consumer" means any individual purchasing an animal from a pet shop. A pet shop shall not be considered a consumer.

c. "Full-service shelter" shall mean a facility required to have a permit issued pursuant to subdivision (b) of section 161.09 of the New York city health code that houses lost, stray or homeless animals and:

(1) accepts dogs and cats pursuant to section 17-809 of this chapter;

(2) has an adoption program open pursuant to such section 17-809; and

(3) provides sterilization services for dogs and cats and any other veterinary services deemed necessary by a licensed veterinarian at such shelter or at a veterinary facility.

d. "Pet shop" means a facility required to have a permit issued pursuant to subdivision (a) of section 161.09 of the New York city health code, where dogs and/or cats are sold, exchanged, bartered, or offered for sale as pet animals to the general public at retail for profit. Such definition shall not include full-service shelters or other animal shelters

that make dogs and cats available for adoption whether or not a fee for such adoption is charged.

e. "Sterilization" means rendering a dog or cat, who is at least eight weeks of age, unable to reproduce by surgically altering the dog's or cat's reproductive organs. Such definition shall include the spaying of a female dog or cat or the neutering of a male dog or cat.

*NYC Administrative Code 17-804*

Administrative Code of the City of New York

Title 17 Health

CHAPTER 8**19 ANIMAL SHELTERS AND STERILIZATION ACT

§ 17-804 Sterilization required.

a. No full-service shelter or other shelter for homeless animals required to have a permit issued pursuant to subdivision (b) of section 161.09 of the New York city health code shall release a dog or cat to a person claiming ownership thereof, or to a person adopting such dog or cat, unless such dog or cat has been sterilized by a licensed veterinarian; provided, however, that such requirement shall not apply:

(1) if a licensed veterinarian certifies to such shelter that he or she has examined such dog or cat and found that because of a medical reason, the life of such dog or cat would be endangered by sterilization; provided, however, that such reason shall not consist solely of the youth of such dog or cat, if such dog or cat is at least eight weeks of age;

(2) in the case of a dog, if such dog, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of the shelter that such dog has a breed ring show record from the American Kennel Club or United Kennel Club or other similar, registry association, dated no more than twelve months prior to the date such dog entered such shelter, or such person claiming ownership is able to provide proof that such dog has successfully completed the requirements of the American Kennel Club or United Kennel Club or other similar, registry association, for the title Champion or its equivalent, at any time prior to the arrival of the dog at the shelter;

(3) in the case of a dog, if such dog, within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of the shelter that such dog is a guide dog, hearing dog, service dog or police work dog; or

(4) in the case of a cat, if such cat within the time period provided for by law, rule or regulation, is claimed by a person claiming ownership thereof, and such person demonstrates to the satisfaction of such shelter that such cat has a breed show record from the Cat Fancier Association or other similar, registry association dated no more than twelve months prior to the date such cat entered such shelter or such person claiming ownership is able to provide proof that such cat has successfully completed the requirements of the Cat Fancier Association or other similar, registry association for the title Champion, Grand Champion or its equivalent, at any time prior to the arrival of the cat at the shelter.

b. No pet shop shall release to a consumer a dog or cat that has not been sterilized by a licensed veterinarian; provided, however, that such requirement shall not apply to a consumer who presents to the pet shop a letter from such consumer's licensed veterinarian, dated within the immediately preceding ten days, stating the reason(s) why, in the opinion of such veterinarian, such dog or cat should not be sterilized until a later specified date, not to exceed four months following the date of such letter. Such letter shall state that such veterinarian will cause such dog or cat to be sterilized at the request of such consumer on or before such later specified date. Such veterinarian shall also provide to the pet shop a certificate, in such form and manner as determined by rules promulgated by the department, stating the date on which such sterilization was performed. Any consumer who provides a pet shop with a letter with respect to a later sterilization of a dog or cat must ensure that such animal is sterilized by the date indicated in the letter.

c. Every pet shop, in accordance with rules promulgated by the department, shall maintain records of dog and cat sales, sterilization procedures performed at the request of the pet shop, and veterinarian letters and certificates received, and shall retain such records, letters and certificates for a period of two years. Such records, letters, and certificates shall be made available to the department according to rules promulgated by the deprtment.

**HISTORICAL NOTE**

Section added L.L. 26/2000 § 1, eff. Nov. 8, 2000.

**CASE NOTES**

¶ 1. A marshal executed an order of eviction, found two male Rottweiler puppies in the apartment and turned them over to defendant's shelter. The defendant, invoking Admin. Code §17-804, refused to release the dogs to the plaintiff owner unless they were first neutered. Plaintiff challenged the constitutionality of the statute under the Equal Protection Clause. There was a statutory exemption for dogs having a breed show ring record from a recognized registry, and plaintiff contended that there was no rational basis for the distinction between his dogs and the show dogs covered by the exemption. The court upheld the constitutionality of the statute. In areas of social and economic policy, a statutory classification that neither proceeds along suspect lines nor infringes fundamental constitutional rights must be upheld if there is any reasonably conceivable state of facts that could provide a rational basis for the classification. So long as the law did not discriminate against suspect classes of people, a court must accord wide latitude to a legislature's judgment as to the circumstances warranting the exercise of police power. Plaintiff, who had the burden of proof, failed to establish that there was no rational connection between the regulation and the promotion of safety. Johnson v. Center for Animal Care and Control, Inc., 192 Misc.2d 210, 745 N.Y.S.2d 890 (Sup.Ct. Kings Co.).

CHAPTER 8**19 ANIMAL SHELTERS AND STERILIZATION ACT

§ 17-805 Reporting requirement.

The department shall provide the mayor and the city council with a report by February twenty-eighth of each year which shall set forth information regarding the management and operation of all full-service shelters performing services pursuant to a contract with the city of New York, including but not limited to:

a. the number of animals accepted by each full-service shelter during the previous calendar year;

b. the number of animals that were sterilized at each full-service shelter during the previous calendar year;

c. the number of animals that were humanely euthanized at each full-service shelter during the previous calendar year;

d. the number of adoptable animals that were humanely euthanized at each full-service shelter during the previous calendar year;

e. the number of animals that were adopted at each full-service shelter during the previous calendar year;

f. the number of animals at each full-service shelter that were returned to their owner during the previous calendar year; and

g. the number of animals at each full-service shelter that were provided to other shelters for adoption during the previous calendar year.

h. Provided, however, that the department shall report to the council each month the number of adoptable animals that were humanely euthanized at each full service shelter during the previous month.

CHAPTER 9 LEAD-BASED PAINT IN DAY CARE FACILITIES*21

SUBCHAPTER 1 DEFINITIONS

§ 17-900 Definitions.

For the purpose of this chapter the following terms shall have the following meanings:

1. " Chewable surface" shall mean a protruding interior window sill in a day care facility that is readily accessible to a child of applicable age. "Chewable surface" shall also mean any other type of interior edge or protrusion in a day care facility, such as a rail or stair, where there is evidence that such other edge or protrusion has been chewed or where the operator of such day care facility has observed that a child under six years of age has mouthed or chewed such edge or protrusion.

2. "Day care facility" shall mean any facility used to provide day care service.

3. "Day care service" shall mean any service which, during all or part of the day, regularly gives care to seven or more children under six years of age, not all of common parentage, which operates more than five hours per week for more than one month a year. Day care service shall not mean a kindergarten or higher grade in a facility operated by the board of education.

4. "Deteriorated subsurface" shall mean an unstable or unsound painted subsurface, an indication of which can be observed through a visual inspection, including but not limited to, rotted or decayed wood, or wood or plaster that has been subject to moisture or disturbance.

5. "Friction Surface" shall mean any painted surface that touches or is in contact with another surface, such that the two surfaces are capable of relative motion, and abrade, scrape or bind when in motion. Friction surfaces shall include, but not be limited to, window frames and jambs, doors, and hinges.

6. "Impact Surface" shall mean any interior painted surface that shows evidence, such as marking, denting, or chipping, that it is subject to damage by repeated sudden force, such as certain parts of door frames, moldings, or baseboards.

7. "Lead-based paint" shall mean paint or other similar surface-coating material containing 1.0 milligrams of lead per square centimeter or greater, as determined by laboratory analysis, or by an x-ray fluorescence analyzer. If an x-ray fluorescence analyzer is used, readings shall be corrected for substrate bias when necessary as specified by the performance characteristic sheets released by the United States environmental protection agency and the United States department of housing and urban development for the specific x-ray fluorescence analyzer used. X-ray fluorescence readings shall be classified as positive, negative or inconclusive in accordance with the United States department of housing and urban development "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995, revised 1997) and the PCS released by the United States environmental protection agency and the United States department of housing and urban development for the specific x-ray fluorescence analyzer used. X-ray fluorescence readings that fall within the inconclusive zone, as determined by the performance characteristic sheets, shall be confirmed by laboratory analysis of paint chips, results shall be reported in milligrams of lead per square centimeter and the measure of such laboratory analysis shall be definitive. If laboratory analysis is used to determine lead content, results shall be reported in milligrams of lead per square centimeter. Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, laboratory analysis may be reported in percent by weight. In such case, lead-based paint shall mean any paint or other similar surface-coating material containing more than 0.5% of metallic lead, based on the non-volatile content of the paint or other similar surface-coating material.

8. "Lead-based paint hazard" shall mean any condition that causes exposure to lead from lead-contaminated dust, from lead-based paint that is peeling, or from lead-based paint that is present on chewable surfaces, deteriorated subsurfaces, friction surfaces, or impact surfaces that would result in adverse human health effects.

9. "Lead-contaminated dust" shall mean dust containing lead at 40 or more micrograms per square foot on a floor, 250 or more micrograms per square foot on window sills, and 400 or more micrograms per square foot on window wells, or such more stringent standards as may be adopted by the New York City board of health.

10. "Operator of such day care facility" shall mean any person who provides day care service and the owner of the premises where such day care facility is located. "Person" shall mean an individual, corporation, partnership, association or other for-profit or not-for-profit entity.

11. "Peeling" shall mean that the paint or other surface-coating material is curling, cracking, scaling, flaking, blistering, chipping, chalking, or loose in any manner, such that a space or pocket of air is behind a portion thereof or such that the paint is not completely adhered to the underlying surface.

12. "Remediation" or "Remediate" shall mean the reduction or elimination of a lead-based paint hazard through the wet scraping and repainting, removal, encapsulation, enclosure, or replacement of lead based paint, or other method approved by the commissioner of health and mental hygiene.

CHAPTER 9 LEAD-BASED PAINT IN DAY CARE FACILITIES*21

SUBCHAPTER 2 REMEDIATION OF LEAD-BASED PAINT HAZARDS IN DAY CARE FACILITIES

§ 17-910 Presumption.

a. All paint or similar surface-coating material on the interior of any day care facility in a structure erected prior to January 1, 1978, shall be presumed to be lead-based paint.

b. The presumption established by this section may be rebutted by the operator or owner of the day care facility by submitting to the department a sworn written statement by the operator or owner of the day care facility supported by lead-based paint testing or sampling results, a sworn written statement by the person who performed the testing if performed by an employee or agent of the operator or owner of the day care facility, and such other proof as the department may require. Testing performed to rebut the presumption may only be performed by a person who has been certified as an inspector or risk assessor in accordance with subparts L and Q of part 745 of title 40 of the code of federal regulations or successor regulations. The determination as to whether such proof is adequate to rebut the presumption established by this section shall be made by the department.

CHAPTER 9 LEAD-BASED PAINT IN DAY CARE FACILITIES*21

SUBCHAPTER 2 REMEDIATION OF LEAD-BASED PAINT HAZARDS IN DAY CARE FACILITIES

§ 17-911 Remediation.

a. There shall be no peeling lead-based paint in any portion of any day care facility.

b. Lead based paint or paint of unknown lead content that is peeling, or which is present on chewable surfaces, deteriorated subsurfaces, friction surfaces, or impact surfaces shall be immediately remediated in a manner authorized by the department.

c. Any equipment that is painted shall be painted with lead-free paint.

d. Whenever a condition prohibited by this section is found to exist, the department shall immediately serve an order on the operator or owner of such day care facility to remediate the condition. In the event such order is not complied with within forty-five days of service thereof, the department shall immediately request an agency of the city of New York to execute such order pursuant to the provisions of section 17-147 of this code. The agency shall execute the order within forty-five days of the department's request. The city of New York shall be entitled to enforce its rights for reimbursement of expenses incurred thereby, including as credits toward lease payments.

e. When lead-based paint hazards are remediated pursuant to this section such work shall be performed in compliance with work practices established by the department pursuant to section 17-912 of this sub- chapter.

SUBCHAPTER 2 REMEDIATION OF LEAD-BASED PAINT HAZARDS IN DAY CARE FACILITIES

§ 17-912 Department rules.

The department shall promulgate such rules as may be necessary for the implementation of this chapter. Such rules shall incorporate work practices that are no less protective of public health than those set forth in section 173.14 (d) and (e) and those parts of subdivision b of the health code applicable thereto or a successor rule, and shall include a requirement that lead-contaminated dust clearance testing be performed at the completion of such work. Such rules shall require that such work be performed by a person who has, at a minimum, successfully completed a course on lead-safe work practices given by or on behalf of the department or, by the United States environmental protection agency or an entity authorized by it to give such course, or by the United States department of housing and urban development or an entity authorized by it to give such course. Such rules shall not apply where such work disturbs surfaces of less than (a) two square feet of peeling lead-based paint per room or (b) ten percent of the total surface area of peeling paint on a type of component with a small surface area, such as a window sill or door frame.

CHAPTER 10 AVAILABILITY OF INFORMATION REGARDING DAY CARE SERVICES*22

§ 17-914 Definitions.

a. "Day care service" means any service which is permitted as a group day care service in accordance with rules and regulations of the department.

b. "Day care service permittee" means the person to whom a permit to operate a day care service is issued by the commissioner of the department.

c. "Department" means the department of health and mental hygiene of the city of New York.

d. "Permit" means an authorization to operate a day care service issued by the commissioner of the department in accordance with articles 5 and 47 of title 24 of the rules of the city of New York.

e. "Serious injury" means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

f. "Summary day care service inspection report" is a report that includes, at a minimum, the following information:

(1) the name of the day care service;

(2) the name of the day care service permittee;

(3) the day care service permit number and expiration date;

(4) the address of the day care service;

(5) the date of the most recent inspection;

(6) the maximum number of children authorized to be present at any one time as specified in the day care service permit;

(7) any violations identified by the department during inspections conducted over the past three years; and

(8) whether a permit has been ordered suspended or revoked in the past twelve months; whether a day care service has, during the past three years, been ordered closed because its continued operation represented a danger to the health or safety of children; and the terms and conditions, if any, under which such day care service has been allowed to reopen and is authorized to operate.

g. "Violation" means a citation issued by the department which alleges that a day care service has failed to comply with a provision of applicable law, rule or regulation.

Section 1. Legislative intent. The city of New York has an obligation to protect the safety and well being of its children, who are among its most vulnerable residents. This includes the regulation of child day care services regulated by the city of New York and not otherwise regulated by the state of New York, which provide care for children while their parents are at work. The Council recognizes an ever-increasing demand for day care services to help maintain the financial security of families. The Council finds, however, that parents often do not have access to complete, accurate information they need to make informed decisions when they select child care facilities for their children. The purpose of this local law is to

ensure that parents have access to critical information they need to make informed decisions regarding their children's care and to improve the quality of day care throughout New York City.

CHAPTER 10 AVAILABILITY OF INFORMATION REGARDING DAY CARE SERVICES*22

§ 17-917 Denial of permit.

a. Every applicant for a new or renewal permit to operate a day care service shall disclose whether a serious injury or the death of a child in its care, or the care of any of its owners, directors, employees, volunteers or agents, has occurred. Every such permit applicant shall further disclose any civil or criminal court verdicts holding that the applicant, or any of its owners, directors, employees, volunteers or agents, was responsible for such serious injury or death of a child, or administrative agency decisions holding or finding that there is credible evidence that the applicant, or any of its owners, directors, employees, volunteers or agents, was responsible for such serious injury or death of a child, and whether any legal proceeding involving the serious injury or death of a child is pending against the applicant, or any of its owners, directors, employees, volunteers or agents. The department shall deny such a permit unless, on the basis of the application and other papers submitted, including the information provided pursuant to this section, and on the basis of department or City investigation, if any, it is satisfied that the provisions of the New York City health code and other applicable law will be met. The death of a child or the occurrence of more than one incident resulting in a serious injury to a child or children in the care of an applicant or permittee shall create a presumption in any proceeding brought by the department to deny or revoke such a permit of the inability of the applicant or permittee to comply with the provisions of said code or other applicable law. Nothing herein shall otherwise limit the department's authority to deny the issuance or renewal of a permit or to revoke a permit.

b. To the extent permissible by law, where the department has received written notification that a person with responsibility for oversight and direction of a day care service has a felony conviction at any time for a sex offense, crime against a child, or a crime involving violence, or a felony conviction within the past five years for a drug-related offense, the department shall, when consistent with article twenty-three-A of the correction law, deny the application for

a permit to operate such day care service.

CHAPTER 10 AVAILABILITY OF INFORMATION REGARDING DAY CARE SERVICES*22

§ 17-919 Distribution of information to referral agencies.

a. Definitions. 1. "Child day care program" means any program that provides child day care as defined in section 390 of the New York state social services law or day care services as defined in article 47 of title 24 of the rules of the city of New York.

2. "Referral agency" means the administration for children's services, the department of social services/human resources administration or any state-funded child care resource and referral agency operating in New York City.

b. To the extent permissible under law, the department shall promptly make available to referral agencies information regarding any child day care program for which the department is aware of a current suspension of its license, registration or permit or that it has had its license, registration or permit terminated.

c. The department shall request that referral agencies advise parents to seek additional information regarding any program to which a referral is made by consulting the department's website or by calling 311.

d. Within six months of the effective date of the local law that added this section, the department shall publish an informational pamphlet which shall, at a minimum, do the following:

1. Describe the government authorities responsible for regulating child day care programs, along with contact information for persons to use if they have questions or complaints about child day care programs.

2. Describe key rules or regulations relating to child day care, including mandated staff and adult/child ratios,

maximum capacity and health and safety standards.

3. Describe the inspection process and the registration, licensing and permitting processes for child day care programs.

4. Advise parents seeking child day care to ask child day care program providers to see the program's current license, registration or permit and not to enroll a child in any program that does not have a current registration, license or permit or has a current suspension of its registration, license or permit.

The informational pamphlet required by this section shall be translated into all covered languages as defined in §8-1002 of the administrative code of the city of New York. Copies of the pamphlet shall be provided to all referral agencies.

§ 17-920 Reports regarding child care facilities citywide.*

a. Beginning 4523 days after the end of the first full calendar quarter following the effective date of the local law that added this section and 45 days after the end of each succeeding calendar quarter thereafter, the department will furnish to the speaker of the city council a report regarding child day care in New York City that includes, at a minimum, and to the extent that the department has access to such information, the following information concerning state regulated family and group family day care homes and school age child care programs and day care services regulated pursuant to Articles 5 and 47 of the New York City health code:

1. number of providers currently holding a valid license, registration or permit issued under state or local law or regulations, disaggregated by borough and by type of program;

2. number of inspections of such child day care providers, programs and services conducted, disaggregated borough and by the type of day care inspected;

3. number of license, registration or permit renewal applications received, disaggregated by type of day care;

4. number of new applications for licenses, registrations or permits received, disaggregated by type of program and by borough;

5. number of renewal licenses, registrations and permits issued, disaggregated by type of program and by borough;

6. number of new licenses, registrations and permits issued, disaggregated by type of program and by borough;

7. number of complaints received regarding day care operating with a license, registration or permit, disaggregated by the type of day care and borough of the day care that is the subject of the complaint;

8. number of complaints received regarding day care operating without a license, registration or permit, disaggregated by the borough in which the day care that is the subject of the complaint is located;

9. number of State licensed or registered day care providers or programs cited for having violations, disaggregated by borough and by the type of provider or program;

10. number of City permitted day care services:

(a) that have passed initial inspections by the department;

(b) that have failed initial inspections by the department;

(c) that have passed compliance inspections by the department; and

(d) that have failed compliance inspections by the department;

11. number of day care licenses, registrations or permits revoked, disaggregated by type of day care;

12. number of day care licenses, registrations or permits suspended, disaggregated by the type of day care;

13. number of cease and desist orders issued, disaggregated by the type of state licensed or registered provider or program;

14. number of city permitted day care services closed by order of the department;

15. number of early childhood consultants employed in the department's bureau of day care as of the close of business on the final day of the reporting period;

16. number of early childhood consultant vacancies in the department's bureau of day care as of the close of business on the final day of the reporting period;

17. number of public health sanitarians employed in the department's bureau of day care as of the close of business on the final day of the reporting period; and

18. number of public health sanitarian vacancies in the department's bureau of day care as of the close of business on the final day of the reporting period.

b. Within 45 days after the end of each calendar year, the department will publish and make available on its website an annual report containing the information set forth in subdivision a of this section for the prior calendar year.

CHAPTER 10 PRESCRIPTION DRUG DISCOUNT CARD ACT*24

§ 17-1001 Short title.

This chapter shall be known and may be cited as the "Prescription Drug Discount Card Act."

**HISTORICAL NOTE**

Section added L.L. 19/2005 § 2, eff. July 5, 2005. [See Chapter 10 footnote]

**FOOTNOTES**

24

[Footnote 24]: * There are two chapters 10. Chapter 10 added L.L. 19/2005 § 2, eff. July 5, 2005. Note provisions of L.L. 19/2005:

Section 1. Legislative findings and intent. National spending for prescription drugs has continued to rise dramatically over the last decade. It is estimated that Americans spent more than $180 billion on prescription drugs in 2003, and that such spending could reach as much as $250 billion by 2006. According to a recent report from the Association of Chain Drug Stores, brand-name retail drug prices jumped nearly $10 per prescription between 2002 and 2003.

The rising cost of prescription drugs has become particularly problematic as the number of uninsured individuals has continued to increase. According to a 2004 report by Families USA, approximately 81.8 million people-including one out of three of those under the age of 65-were without health insurance in the United States for all or part of 2002 and 2003. In New York State, the proportion of individuals without insurance is even higher than the national average, with more than one out of three people under the age of 65 without health insurance for all or part of 2002 and 2003. In New York City, it is estimated that 1.8 million people had no health insurance in 2002, and two-thirds of the uninsured were employed. According to the New York City Community Health Survey, during 2003, an estimated 908,000 people chose not to fill one or more prescriptions because of cost.

Accordingly, the New York City Council finds that a New York City prescription drug discount card program should be made available to all New York City residents regardless of age, income, immigration status or health insurance coverage status, and without any barriers, such as a fee for the card or a registration process, to participation in the program.

It is the intent of the Council that the discounts under such program will pass to the beneficiary-the consumer-at the point of sale. Based on the experience of prescription drug discount cards in other jurisdictions, the Council expects that consumers will receive a substantial discount on prescription drugs under the New York City program. For example, under the Nassau County prescription drug card program, users of the NassauRx card benefited from drug prices that were up to 40% lower than the lowest commonly available retail price. Furthermore, it is also the intent of the Council that a New York City prescription drug discount card be used for purchases at pharmacies, through mail order and over the Internet. It is not the intent of the Council that the New York City prescription drug discount card be used in conjunction with any other discount prescription drug card during the same transaction or that this chapter be construed to require prescription drug manufacturers to participate in such program or to negotiate with any administrator regarding such program.

CHAPTER 10 PRESCRIPTION DRUG DISCOUNT CARD ACT*24

§ 17-1003 Prescription drug discount card program.

a. The department shall develop a prescription drug discount card program which shall be made available to all New York city residents, regardless of age, income, immigration status or health insurance coverage status, for the purpose of providing all New York city residents with a prescription drug discount card which may be used to buy prescription drugs at reduced prices at participating pharmacies. Such prescription drug discount card program shall enable each user of such program to purchase at a reduced price from a pharmacy that participates in the program any prescription drug that is eligible for a discount through such program. The prescription drug discount card program shall allow users to purchase a drug at the lower of either the drug price available through the prescription drug discount card program or the pharmacy's customary and usual price. Any prescription drug discount card issued pursuant to this section may not be utilized in conjunction with another type of prescription drug discount card for the same transaction.

b. Nothing in this chapter shall be construed to provide any governmental entity other than the department with access to any individually identifiable information regarding users of the prescription drug discount card program established pursuant to this section. The department shall keep confidential all information concerning the identity of users of the program and the drugs that such users purchase through the program. The department may use such information solely to conduct epidemiological and health planning studies and to provide general information to users about the drugs such users are taking, the conditions for which such users are taking the drugs and other services of the department or the city of New York related to such conditions.

c. No administrator of the prescription drug discount card program shall provide the prescription drug discount card developed pursuant to this section to any resident of the city of New York unless such administrator ensures that a portion of any rebate payments received from drug manufacturers is distributed to users of such program, including

pharmacies participating in the program.

d. Any duly licensed pharmacy willing to comply with the terms and conditions of the prescription drug discount card program shall be permitted to participate in the program.

[Footnote 24]: * There are two chapters 10. Chapter 10 added L.L. 19/2005 § 2, eff. July 5, 2005. Note provisions of L.L. 19/2005:

Section 1. Legislative findings and intent. National spending for prescription drugs has continued to rise dramatically over the last decade. It is estimated that Americans spent more than $180 billion on prescription drugs in 2003, and that such spending could reach as much as $250 billion by 2006. According to a recent report from the Association of Chain Drug Stores, brand-name retail drug prices jumped nearly $10 per prescription between 2002 and 2003.

The rising cost of prescription drugs has become particularly problematic as the number of uninsured individuals has continued to increase. According to a 2004 report by Families USA, approximately 81.8 million people-including one out of three of those under the age of 65-were without health insurance in the United States for all or part of 2002 and 2003. In New York State, the proportion of individuals without insurance is even higher than the national average, with more than one out of three people under the age of 65 without health insurance for all or part of 2002 and 2003. In New York City, it is estimated that 1.8 million people had no health insurance in 2002, and two-thirds of the uninsured were employed. According to the New York City Community Health Survey, during 2003, an estimated 908,000 people chose not to fill one or more prescriptions because of cost.

Accordingly, the New York City Council finds that a New York City prescription drug discount card program should be made available to all New York City residents regardless of age, income, immigration status or health insurance coverage status, and without any barriers, such as a fee for the card or a registration process, to participation in the program.

It is the intent of the Council that the discounts under such program will pass to the beneficiary-the consumer-at the point of sale. Based on the experience of prescription drug discount cards in other jurisdictions, the Council expects that consumers will receive a substantial discount on prescription drugs under the New York City program. For example, under the Nassau County prescription drug card program, users of the NassauRx card benefited from drug prices that were up to 40% lower than the lowest commonly available retail price. Furthermore, it is also the intent of the Council that a New York City prescription drug discount card be used for purchases at pharmacies, through mail order and over the Internet. It is not the intent of the Council that the New York City prescription drug discount card be used in conjunction with any other discount prescription drug card during the same transaction or that this chapter be construed to require prescription drug manufacturers to participate in such program or to negotiate with any administrator regarding such program.

§ 17-1004 Report.

Not later than sixty days after the end of each twelve-month period during which the prescription drug discount card program has been in operation, the department shall provide the city council with a report regarding such program. Such report shall provide information regarding the operation of such program during the reporting period, including, but not limited to (i) the number of prescription drug discount card holders who used the prescription drug discount card at least once, (ii) the total cost savings to all card holders generated by the program, (iii) the average cost savings to a card holder per prescription, (iv) the source and method of cost savings under the program, (v) the major drug categories that are not discounted under the program and an explanation as to why such drugs are not listed, (vi) the drugs for which rebates are offered under the program, listed according to major drug category, (vii) the number of pharmacies participating in the program, and (viii) to the extent available, any costs incurred by pharmacies to participate in the program.

Title 17 Health

CHAPTER 11 NEIGHBOR NOTIFICATION OF PESTICIDE APPLICATION*25

§ 17-1101 Definitions.

For the purposes of this chapter only, the following terms shall have the following meanings:

1. "Abutting property" means any property which has any boundary or boundary point in common with the property on which the pesticide is to be applied.

2. "Agricultural commodity" means any plant or part thereof, or animal, or animal product, produced by a person (including farmers, ranchers, vineyardists, plant propagators, Christmas tree growers, aquaculturalists, floriculturists, orchardists, foresters or other comparable persons) primarily for sale, consumption, propagation or other use by man or animals.

3. "Agency" means any state agency; municipal corporation; public authority; college, as that term is defined in the education law; railroad, as that term is defined in the railroad law; or telegraph, telephone, telegraph and telephone, pipeline, gas, electric, or gas and electric corporation, as those terms are defined in the transportation corporations law, which applies pesticides.

4. "Commercial lawn application" means the application of pesticide to ground, trees or shrubs on public or private outdoor property. For the purposes of this section, the following shall not be considered commercial lawn application:

i. the application of pesticide for the purpose of producing an agricultural commodity;

ii. residential application of pesticides;

iii. the application of pesticides around or near the foundation of a building for the purpose of indoor pest control;

iv. the application of pesticides by or on behalf of agencies except that agencies shall be subject to visual notification requirements pursuant to section 33-1003 of the environmental conservation law where such application is within one hundred feet of a dwelling, multiple dwelling, public building or public park; and

v. the application of pesticides on golf courses or turf farms.

5. "Dwelling" means any building or structure or portion thereof which is occupied in whole or in part as the home, residence or sleeping place for one or two families.

6. "General use pesticide" means a pesticide which does not meet the state criteria for a restricted pesticide as established under authority of section 33-0303 of the environmental conservation law.

7. "Multiple dwelling" means any dwelling which is to be occupied by or is occupied as the residence or home of three or more families living independently of each other.

8. "Pesticide" means:

i. any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any pest; and

ii. any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant.

9. "Premises" means land and improvements or appurtenances or any part thereof.

10. "Residential lawn application" means the application of general use pesticides to ground, trees, or shrubs on property owned by or leased to the individual making such application. For the purposes of this section, the following shall not be considered residential lawn application:

i. the application of pesticides for the purpose of producing an agricultural commodity;

ii. the application of pesticides around or near the foundation of a building for the purpose of indoor pest control;

iii. the application of pesticides by or on behalf of agencies, except that agencies shall be subject to visual notification requirements pursuant to section 33-1003 of the environmental conservation law where such application is within one hundred feet of a dwelling, multiple dwelling, public building or public park; and

iv. the application of pesticides on golf courses or turf farms.

25

[Footnote 25]: * Chapter 11 added L.L. 36/2005 § 2, eff. Jan. 1, 2006. Note provisions of L.L. 36/2005: Section 1. Legislative Findings. The Council finds that individuals and their personal property are, or can be, unwittingly exposed to pesticides applied on their neighbor's property. The Council further finds that pesticides may pose health and safety risks to people, particularly children, pregnant women, the elderly and people with infirmities. Such potential risks include short-term impacts, such as headaches, nausea, seizures and respiratory problems, and long-term impacts, such as neurological damage, hormone disruption, reproductive disorders and various cancers. The intent of this local law is to provide information to City residents about certain pesticide applications to which they may be exposed, so that they can take steps to minimize such exposure to themselves, their families, pets, backyard wildlife and property.

Accordingly, this Council adopts the special notice requirements for commercial and residential applications of pesticides as set forth in Section 33-1004 of the New York Environmental Conservation Law. It is intended that this local law be read and applied consistently with that section and all other applicable provisions of the Environmental Conservation Law and regulations promulgated thereunder.

. . . . . § 3. Within twenty days after the enactment of this local law, the clerk of the city of New York shall forward one certified copy of this law to the New York state commissioner of environmental conservation and one to the New York state attorney general.

§ 4. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 5. This local law shall take effect on the first day of January after it shall have been enacted into law.

CHAPTER 11 NEIGHBOR NOTIFICATION OF PESTICIDE APPLICATION*25

§ 17-1102 Notification requirements for commercial and residential lawn applications.

a. (1) All retail establishments that sell general use pesticides for commercial or residential lawn application shall display a sign meeting standards, established by the New York state commissioner of environmental conservation pursuant to subdivision one of section 33-1005 of the environmental conservation law, in a conspicuous place, and such sign shall be placed as close as possible to the place where such pesticides are displayed.

(2) The signs required to be displayed pursuant to paragraph one of this subdivision shall contain, at a minimum, pursuant to section 33-1005 of the environmental conservation law:

i. a warning notice directing consumers to follow directions on labels;

ii. a provision to inform the customer of the posting requirements set forth in subdivision c of this section; and

iii. a recommendation that the customer notify neighbors prior to the application of pesticides so that such neighbors may take precautions to avoid pesticide exposure.

b. (1) At least forty-eight hours prior to any commercial lawn application of a pesticide, the person or business making such application shall supply written notice, as defined in subdivision three of section 33-1005 of the environmental conservation law, to:

i. occupants of all dwellings on abutting property with a boundary that is within one hundred fifty feet of the site of such application; and

ii. owners, owners' agents or other persons in a position of authority for all other types of premises that are on abutting property with a boundary that is within one hundred fifty feet of the site of such application. Owners or owners' agents of multiple family dwellings shall supply such written notice to the occupants of such multiple family dwellings and for all other types of premises, owners, owners' agents or other persons in a position of authority shall post such written notice in a manner specified by the New York state commissioner of environmental conservation.

(2) The written notice required pursuant to paragraph one of this subdivision shall contain, at a minimum, pursuant to section 33-1005 of the environmental conservation law:

i. the address of the premises where application is to be done;

ii. the name and telephone number and pesticide business registration number or certified applicator number of the person providing the application;

iii. the specific date of each pesticide application and two alternative dates to the proposed date of application when, due to weather conditions, the pesticide application on the proposed date is precluded;

iv. the product name or names and the United States environmental protection agency registration number or numbers of the pesticide or pesticides to be applied; and

v. a prominent statement that reads: "This notice is to inform you of a pending pesticide application to neighboring property. You may wish to take precautions to minimize pesticide exposure to yourself, family members, pets or family possessions. Further information about the product or products being applied, including any warnings that appear on the labels of such pesticide or pesticides that are pertinent to the protection of humans, animals or the environment, can be obtained by calling the National Pesticides Telecommunications Network at 1-800-858-7378 or the New York State Department of Health Center for Environmental Health Info line at 1-800-458-1158."

(3) The prior notification provisions of paragraph one of this subdivision shall not apply to the following:

i. the application of anti-microbial pesticides and anti-microbial products as defined by the federal insecticide, fungicide and rodenticide act (FIFRA) in 7 U.S.C. sections 136(mm) and 136q(h)(2);

ii. the use of an aerosol product with a directed spray, in containers of eighteen fluid ounces or less, when used to protect individuals from an imminent threat from stinging and biting insects, including venomous spiders, bees, wasps and hornets. This section shall not exempt from notification the use of any fogger product or aerosol product that discharges to a wide area;

iii. the use of non-volatile insect or rodent bait in a tamper resistant container;

iv. the application of a pesticide classified by the United States environmental protection agency as an exempt material under section 152.25 of title forty of the code of federal regulations;

v. the application of a pesticide which the United States environmental protection agency has determined satisfies its reduced risk criteria, including a biopesticide;

vi. the use of boric acid and disodium octaborate tetrahydrate;

vii. the use of horticultural soap and oils that do not contain synthetic pesticides or synergists;

viii. the application of a granular pesticide, where granular pesticide means any ground applied solid pesticide that is not a dust or powder;

ix. the application of a pesticide by direct injection into a plant or the ground;

x. the spot application of a pesticide, where spot application means the application of pesticide in a manually pressurized or non-pressurized container of thirty-two fluid ounces or less to an area of ground less than nine square feet;

xi. the application of a pesticide to the ground or turf of any cemetery; and

xii. an emergency application of a pesticide when necessary to protect against an imminent threat to human health, provided, however, that prior to any such emergency application, the person providing such application shall make a good faith effort to supply the written notice required pursuant to this chapter. Upon making an emergency application, the person making such application shall notify the New York state commissioner of health, using a form developed by such commissioner for such purposes that shall include minimally the name of the person making such application, the pesticide business registration number or certified applicator number of the person making such application, the location of such application, the date of such application, the product name and United States environmental protection agency registration number of the pesticide applied and the reason for such application.

c. (1) All persons performing residential lawn applications treating an area more than one hundred square feet shall affix markers to be placed within or along the perimeter of the area where pesticides will be applied. Markers are to be placed so as to be clearly visible to persons immediately outside the perimeter of such property. Such markers shall be posted at least twelve inches above the ground and shall be at least four inches by five inches in size.

(2) The markers required pursuant to paragraph one of this subdivision shall be in place on the day during which the pesticide is being applied and shall instruct persons not to enter the property and not to remove the signs for a period of at least twenty-four hours. Such instruction shall be printed boldly in letters at least three-eighths of an inch in height.

CHAPTER 11 NEIGHBOR NOTIFICATION OF PESTICIDE APPLICATION*25

§ 17-1103 Enforcement.

a. Pursuant to section 33-1004 of the environmental conservation law, the department and the department of environmental protection shall have concurrent authority with the state of New York to enforce the provisions of this chapter, provided that all penalties, which shall be assessed after providing a hearing or opportunity to be heard, shall be as specified in section 17-1104 of this chapter and shall be payable to and deposited with the city of New York.

b. Pursuant to section 33-1004 of the environmental conservation law, the department of consumer affairs shall have concurrent authority with the department, the department of environmental protection and the state of New York to enforce the provisions of subdivision a of section 17-1102 of this chapter, provided that all penalties, which shall be assessed after providing a hearing or opportunity to be heard, shall be as specified in section 17-1104 of this chapter and shall be payable to and deposited with New York city.

c. A proceeding to recover any civil penalty authorized pursuant to section 17-1104 shall be commenced by the service of a notice of violation returnable to the administrative tribunal established by the board of health pursuant to section 558 of the charter of the city of New York where the department issues such notice, the environmental control board established pursuant to section 1049-a of the charter of the city of New York where the department of environmental protection issues such notice, or the adjudication division of the department of consumer affairs established pursuant to section 20-104(e) of the administrative code of the city of New York where that department issues such notice. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained therein. The administrative tribunal of the board of health, the environmental control board and the adjudication division of the department of consumer affairs shall have the power to render decisions and orders and to impose the remedies and

penalties provided for in section 17-1104, in addition to any other remedies or penalties provided for the enforcement of such provisions under any other law including, but not limited to, civil or criminal actions or proceedings.

[Footnote 25]: * Chapter 11 added L.L. 36/2005 § 2, eff. Jan. 1, 2006. Note provisions of L.L. 36/2005: Section 1. Legislative Findings. The Council finds that individuals and their personal property are, or can be, unwittingly exposed to pesticides applied on their neighbor's property. The Council further finds that pesticides may pose health and safety risks to people, particularly children, pregnant women, the elderly and people with infirmities. Such potential risks include short-term impacts, such as headaches, nausea, seizures and respiratory problems, and long-term impacts, such as neurological damage, hormone disruption, reproductive disorders and various cancers. The intent of this local law is to provide information to City residents about certain pesticide applications to which they may be exposed, so that they can take steps to minimize such exposure to themselves, their families, pets, backyard wildlife and property.

Accordingly, this Council adopts the special notice requirements for commercial and residential applications of pesticides as set forth in Section 33-1004 of the New York Environmental Conservation Law. It is intended that this local law be read and applied consistently with that section and all other applicable provisions of the Environmental Conservation Law and regulations promulgated thereunder.

. . . . . § 3. Within twenty days after the enactment of this local law, the clerk of the city of New York shall forward one certified copy of this law to the New York state commissioner of environmental conservation and one to the New York state attorney general.

§ 4. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 5. This local law shall take effect on the first day of January after it shall have been enacted into law.

CHAPTER 11 NEIGHBOR NOTIFICATION OF PESTICIDE APPLICATION*25

§ 17-1104 Civil and criminal penalties.

a. (1) Any person providing a commercial lawn application who violates any provision of subdivision b of section 17-1102 of this chapter or any rule promulgated pursuant thereto shall be liable for a civil penalty not to exceed five thousand dollars for a first violation, and not to exceed ten thousand dollars for a subsequent offense.

(2) Notwithstanding any provision of law to the contrary, an owner or owner's agent of a multiple dwelling or owner, owner's agent or a person in a position of authority for all other types of premises who violates any provision of subdivision b of section 17-1102 of this chapter or any rule or regulation promulgated pursuant thereto and any person who violates any provision of subdivision c of section 17-1102 of this chapter or any rule promulgated pursuant thereto shall, for a first such violation, in lieu of a penalty, be issued a written warning and shall also be issued educational materials pursuant to subdivision two of section 33-1005 of the environmental conservation law. Such persons shall, however, be liable for a civil penalty not to exceed one hundred dollars for a second violation, and not to exceed two hundred fifty dollars for any subsequent violation.

(3) Notwithstanding any provision of law to the contrary, any person who violates the provisions of subdivision a of section 17-1102 of this chapter shall be issued a warning for the first violation and shall be provided seven days to correct such violation. Such person shall, however, be liable for a civil penalty not to exceed one hundred dollars for a second violation and not to exceed two hundred fifty dollars for any subsequent violation.

b. (1) Any person providing a commercial lawn application who, having the culpable mental states defined in subdivision one or subdivision two of section 15.05 or in section 20.20 of the penal law, violates any provision of subdivision b of section 17-1102 of this chapter, except an offense relating to the application of a general use pesticide,

shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed five thousand dollars for each day during which such violation continues or by imprisonment for a term of not more than one year, or by both such fine and imprisonment. If the conviction is for a subsequent offense committed after a first conviction of such person under this subdivision, punishment shall be by a fine not to exceed ten thousand dollars for each day during which such violation continues or by imprisonment for a term of not more than one year, or by both such fine and imprisonment.

(2) Any person providing a commercial lawn application who violates any provision of subdivision b of section 17-1102 of this chapter relating to the use of a general use pesticide shall be guilty of a violation and, upon conviction thereof, shall be punished by a fine not to exceed two thousand five hundred dollars. If the conviction is for a subsequent offense committed after a first such conviction of such person under this subdivision, punishment shall be by a fine not to exceed five thousand dollars.

CHAPTER 12 PESTICIDE USE BY CITY AGENCIES*26

§ 17-1202 Definitions.

For the purposes of this chapter only, the following terms shall have the following meanings:

(1) "Anti-microbial pesticide" shall mean:

i. disinfectants intended to destroy or irreversibly inactivate infectious or other undesirable bacteria, pathogenic fungi, or viruses on surfaces or inanimate objects;

ii. sanitizers intended to reduce the number of living bacteria or viable virus particles on inanimate surfaces, in water, or in air;

iii. bacteriostats intended to inhibit the growth of bacteria in the presence of moisture;

iv. sterilizers intended to destroy viruses and all living bacteria, fungi and their spores, on inanimate surfaces;

v. fungicides and fungistats intended to inhibit the growth of, or destroy, fungi (including yeasts), pathogenic to humans or other animals on inanimate surfaces; and

vi. commodity preservatives and protectants intended to inhibit the growth of, or destroy bacteria in or on raw materials (such as adhesives and plastics) used in manufacturing, or manufactured products (such as fuel, textiles, lubricants, and paints), but not those utilized in the pulp and paper process or cooling towers.

(2) "Biological pesticide" shall mean a pesticide which is a naturally occurring substance that controls pests and

microorganisms that control pests.

(3) "City agency" shall mean a city, county, borough, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(4) "Contractor" shall mean any person or entity that enters into a contract with a city agency, or any person or entity that enters into an agreement with such person or entity to perform work or provide labor or services related to such contract.

(5) "Pest" shall mean:

i. any insect, rodent, fungus, or weed; or

ii. any other form of terrestrial or aquatic plant or animal life or virus, bacteria or other microorganism (except viruses, bacteria or other microorganisms on or in living man or other living animals) which the commissioner of environmental conservation declares to be a pest.

(6) "Pesticide" shall mean:

i. any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest; or

ii. any substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant.

CHAPTER 12 PESTICIDE USE BY CITY AGENCIES*26

§ 17-1203 Reduction of pesticide use.

a. Effective six months after the enactment of the local law that added this section, no city agency or contractor shall apply to any property owned or leased by the city any pesticide classified as Toxicity Category I by the United States environmental protection agency as of April 1, 2005, provided that for any pesticide classified as Toxicity Category I by the United States environmental protection agency after April 1, 2005, no such agency or contractor shall apply such pesticide after six months of its having been so classified, except as provided for in sections 17-1205 or 17-1206 of this chapter.

b. Effective twelve months after the enactment of the local law that added this section, no city agency or contractor shall apply to any property owned or leased by the city any pesticide classified as a human carcinogen, likely to be carcinogenic to humans, a known/likely carcinogen, a probable human carcinogen, or a possible human carcinogen by the office of pesticide programs of the United States environmental protection agency as of April 1, 2005, except as provided for in sections 17-1205 or 17-1206 of this chapter.

c. Effective eighteen months after enactment of the local law that added this section, no city agency or contractor shall apply to any property owned or leased by the city any pesticide classified by the California office of environmental health hazard assessment as a developmental toxin as of April 1, 2005, except as provided for in sections 17-1205 or 17-1206 of this chapter.

d. On February 1, 2007, and every February 1 thereafter, the department shall submit to the City Council a report listing changes made to the list of pesticides classified as a human carcinogen, likely to be carcinogenic to humans, a known/likely carcinogen, a probable human carcinogen, or a possible human carcinogen by the office of

pesticide programs of the United States environmental protection agency and the list of pesticides classified as developmental toxins by the California office of environmental health hazard assessment after April 1, 2005. Such reports shall also include, for each pesticide added to or removed from such classifications, whether and to what extent such pesticide is used by city agencies or contractors in the city of New York.

§ 17-1204 Interagency pest management committee.

a. Effective three months after enactment of the local law that added this section, an interagency pest management committee shall be formed, which shall be headed by the commissioner, or a designee, and which shall include the commissioners of sanitation, environmental protection, citywide administrative services and parks and recreation, the chair of the New York city housing authority and the chancellor of education, or their designees. Such committee shall share information related to the pest control strategies and experience of city agencies and shall meet on a semi-annual basis.

b. By January 1, 2007, the interagency pest management committee shall develop a plan to further reduce pesticide use by city agencies, including initiatives to implement integrated pest management, giving preference to employing physical, mechanical, cultural, biological and educational tactics to prevent conditions that promote pest infestations, which shall be updated on an annual basis, as necessary. The plan, and any updates of such plan, shall be submitted to the mayor and the speaker of the council within thirty days of issuance.

§ 17-1205 Exemptions.

a. The restrictions established pursuant to section 17-1203 of this chapter shall not apply to the following:

(1) pesticides otherwise lawfully used for the purpose of maintaining a safe drinking water supply at drinking water treatment plants, wastewater treatment plants, reservoirs, and related collection, distribution and treatment facilities;

(2) anti-microbial pesticides;

(3) pesticides applied to professional sports playing fields, golf courses or used to maintain water quality in swimming pools;

(4) pesticides used for the purpose of maintaining heating, ventilation and air conditioning systems, cooling towers and other industrial cooling and heating systems;

(5) pesticides used for the purpose of rodent control in containerized baits or placed directly into rodent burrows or placed in areas inaccessible to children or pets;

(6) pesticides or classes of pesticides classified by the United States environmental protection agency as not requiring regulation under the federal insecticide, fungicide and rodenticide act, and therefore exempt from such regulation when intended for use, and used only in the manner specified;

(7) biological pesticides; and

(8) boric acid and disodium tetrahydrate, silica gels, diatomaceous earth, and nonvolatile insect bait in tamper resistant containers.

§ 17-1206 Waiver.

Any city agency, including the department, is authorized to apply to the commissioner for a waiver of the restrictions established pursuant to section 17-1203 of this chapter. Such application shall be in a form and manner prescribed by the commissioner and shall contain such information as the commissioner deems reasonable and necessary to determine whether such waiver should be granted. In determining whether to grant or deny a request for a waiver, the commissioner shall consider whether the application of 17-1203 would be, in the absence of the waiver, unreasonable with respect to (i) the magnitude of the infestation, (ii) the threat to public health, (iii) the availability of effective alternatives and (iv) the likelihood of exposure of humans to the pesticide. Such waiver may be issued with respect to one or multiple applications and may be granted for a term deemed appropriate by the commissioner, provided, however, that such term shall not exceed one year. Within thirty days of granting a waiver, the department shall provide the pest management committee with a copy of such waiver.

§ 17-1207 Notification.

a. Any city agency or contractor applying pesticides on property owned or leased by the city shall post a notice at publicly accessible locations on such site at least twenty-four hours prior to any such application, in a form and manner prescribed by the commissioner, provided, however, that applications requiring immediate action for public health reasons, such as severe rodent infestations, where mosquito larvae are present, or where populations of infected mosquitoes are present shall require that notice be placed concurrently with such application. Such notice shall include, but not be limited to:

(1) Date of posting, proposed date of pesticide application and two alternative dates to the proposed date of application when, due to weather conditions, the pesticide application on the proposed date is precluded;

(2) Address of pesticide application and, if known, specific sites to which the pesticide is to be applied;

(3) Pest to be controlled and method of pesticide application;

(4) Common trade names of the pesticide, if applicable;

(5) United States environmental protection agency registration number of the pesticide, the active ingredient(s) contained in the pesticide and information on how to obtain further information about the products applied, such as by calling the National Pesticides Telecommunications Network at 1-800-858-7378 or the New York State Department of Health Center for Environmental Health Info line at 1-800-458-1158; and

(6) Name and telephone number of the city agency or contractor responsible for the application.

b. The city agency or contractor responsible for posting the notice required pursuant to subdivision a of this section shall not remove such notice for the longer of either three days subsequent to the last moment of pesticide application or the number of days required on the pesticide product label.

c. The notification requirements established pursuant to this section shall not apply to pesticides listed in section 17-1205 of this chapter.

CHAPTER 12 PESTICIDE USE BY CITY AGENCIES*26

§ 17-1208 Recordkeeping and reporting.

a. Each city agency that uses pesticides shall keep records, for a minimum of three years or such longer time period required by statute, regulation, or agency directive, of each pesticide application by such agency, or by a contractor in the fulfillment of a contract with such agency, which shall include, but not be limited to:

(1) Date and location of the specific site of pesticide use;

(2) Pest to be controlled and the method of pesticide application;

(3) Name and quantity of the pesticide used, including common trade names of such pesticide, if applicable;

(4) United States environmental protection agency registration number of the pesticide and active ingredient(s) contained in the pesticide;

(5) Name and telephone number of the city agency or contractor responsible for the application;

(6) Proof that notice required pursuant to section 17-1207 was provided;

(7) Any waiver that was granted pursuant to section 17-1206 of this chapter, if applicable.

b. Effective February 1, 2007, and every February first thereafter, each city agency that is subject to the requirements of subdivision a of this section shall submit a report to the commissioner, in a form and manner prescribed by the commissioner, which shall contain the information required to be maintained pursuant to that subdivision for

review and analysis. Effective May 1, 2008, and every May first thereafter, the commissioner shall submit a report to the speaker of the council that includes the information reported by each agency pursuant to this subdivision and a summary of such information. Such summary report shall include, but not be limited to, a summary, disaggregated by agency, of the number of times each pesticide was used, the total amount of each pesticide used and the Toxicity Category for each pesticide as determined by the United States environmental protection agency.

c. The department of parks and recreation shall submit a report to the speaker of the New York City Council on February 1, 2007, indicating the pesticides used on city owned golf courses, the frequency of application of such pesticides and any integrated pest management program for such golf courses.

**CASE NOTES FROM FORMER SECTION**

¶ 1. The language of this section which authorized the Commissioner of Parks to delegate to specified officers, authority to act generally for or in place of the Commissioner, contains no language justifying an inference that the section was intended to confer upon the Commissioner the right to delegate to a subordinate the power of removal of employees which, under the provisions of Civil Service Law § 22 was not to be delegated by the removing power. Thus, the dismissal of a park employee by the consulting park engineer rather than by the Park Commissioner was a violation of Civil Service Law § 22.-Matter of Morrison, 172 Misc. 129, 14 N.Y.S. 2d 67 [1939], aff'd 258 App. Div. 955, 17 N.Y.S. 2d 997 [1940].

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-104 Trees and vegetation; jurisdiction.

The planting, care and cultivation of all trees and other forms of vegetation in streets shall be under the exclusive jurisdiction of the commissioner, except as otherwise provided in section 18-105 of this title. The commissioner is authorized to use such portions of the parks, for the cultivation of tree plants, as he or she may set apart for that purpose, without detriment to the parks in which such nurseries are established, to enable him or her at all times to have tree plants adapted for growth under the varying conditions of soil and surroundings in streets.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-105 Trees under private or public ownership; care and cultivation.

All trees in streets, which on investigation are found to be without ownership, shall be under the exclusive care and cultivation of the commissioner, and such commissioner shall employ the most improved methods for the protection and cultivation of the trees selected for preservation, and remove those condemned as unfit for cultivation. Trees found to be in the care of individual owners, corporations, societies, or associations, shall not be subject to the jurisdiction of the commissioner, unless the owners thereof make written application to the commissioner to have such trees transferred to his or her care. If the commissioner approves such transfer, he or she shall forthwith assume full control thereof and the former owner shall be relieved of all expense connected with the cultivation of such trees. In all cases where land-owners, societies or associations elect to plant and cultivate their own trees in streets, such planting and cultivation must conform to the rules and regulations adopted by the commissioner. The commissioner may, however, on the written application of any land-owner, plant and cultivate trees on the streets adjoining his or her land and charge for such service an amount not to exceed the actual cost to the department for labor and materials.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-105.1 Trees, bushes and other vegetation obstructing a traffic signal or device.

a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "Traffic control signal" shall mean any such signal as defined in section 154 of the vehicle and traffic law.

2. "Select traffic control device" shall mean any stop sign, yield sign or do not enter sign.

3. "Traffic control device" shall mean any traffic control device as defined in section 153 of the vehicle and traffic law, other than a select traffic control device.

b. The department shall inspect any location within four days of receiving notice that any traffic control signal, select traffic control device or traffic control device at such location is not visible or legible to a motorist who must obey or rely upon such sign due to an obstruction by a tree, bush or other vegetation or any portion thereof.

c. The department shall within ten days of the inspection required pursuant to subdivision b of this section prune or cause to be pruned any tree, bush or other vegetation found to require pruning because it obstructs any select traffic control device or traffic control signal; provided that the department shall prioritize such pruning the department determines is most immediately needed to correct a hazard.

d. The department shall within twenty days of the inspection required pursuant to subdivision b of this section prune or cause to be pruned any tree, bush or other vegetation found to require pruning because it obstructs any traffic control device.

e. The department shall maintain a log of all notices of the type described in subdivision b of this section. Such log shall include the date and time such notice was received, the date and time on which such location was inspected, and the date and time when such tree, bush or other vegetation was pruned or the date and time of a determination that such tree, bush or other vegetation did not require pruning, as applicable.

§ 18-107 Replacement of trees removed during construction.

Any individual, firm or corporation that intends to remove during construction any tree that is within the jurisdiction of the commissioner, shall post a bond with the commissioner to insure that within thirty days after the completion of construction all trees removed, destroyed or severely damaged shall be replaced at the expense of the permittee. The total caliper of all trees planted in the course of restoration shall in no event be less than the total caliper of all trees removed. Replacement shall be made with 2 1/2 to 6 inch caliper trees and/or directed by the department horticultural officer. The replacement shall be made in the spring or fall season, as determined by such horticultural officer. The amount of the bond as determined by the commissioner shall be sufficient to cover the cost of replacement.

Administrative Code of the City of New York

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-108.1 Prohibitions on beaches.

a. For the purposes of this section, the following terms shall have the following meanings:

(1) "All terrain vehicle" or "ATV" shall mean any self-propelled vehicle which is manufactured for sale for operation primarily on off-highway trails or in off-highway competitions and only incidentally operated on public highways provided that such vehicle does not exceed sixty inches in width, or eight hundred pounds dry weight. This definition shall not include a "snowmobile" or other self-propelled vehicles manufactured for off-highway use which utilize an endless belt tread.

(2) "Authorized emergency vehicle" shall mean every ambulance, police vehicle or bicycle, correction vehicle, fire vehicle, civil defense emergency vehicle, emergency ambulance service vehicle, environmental emergency response vehicle, sanitation patrol vehicle, hazardous materials emergency vehicle and ordinance disposal vehicle of the armed forces of the United States.

(3) "Beach" shall mean land along the shores of an ocean, bay, estuary, inlet or river of New York City landward from the mean low water line extending contiguously to the place where there is a distinct difference in topography which may be demarcated by the furthest of either (i) a vegetation line; (ii) an artifically-made feature generally parallel to the ocean, bay, estuary, inlet or river, such as, but not limited to, a retaining structure, seawall, bulkhead, parking area or road, except that land that extends under an elevated boardwalk is considered to be a part of the beach; or (iii) the landward toe of the dune, which is furthest from the ocean, bay, estuary, inlet or river and twenty-five feet landward from that point.

(4) "Dune" shall mean a natural or artifically-made ridge or hill of vegetated or drifing windblown soil, the principal component of which is sand, that lies generally parallel to and landward of the shore. However, a dune shall not mean a small mount of loose, windblown sand found on a park, road or structure.

(5) "Motor vehicle" shall mean any vehicle designed to be operated or driven upon a public highway which is propelled by any power other than muscular power, except (i) electrically-driven mobility devices operated or driven by a person with a disability, (ii) vehicles which run only upon rails or tracks, (iii) snowmobiles as defined in article forty-seven of the vehicle and traffic law, and (iv) all terrain vehicles as defined in article forty-eight-B of the vehicle and traffic law.

(6) "Motorcycle" shall mean any motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor.

(7) "Owner" shall mean a person, other than a lien holder, having the property in or title to a vehicle or vessel. The term includes a person entitled to the use and possession of a vehicle or vessel subject to a secutiy interest in another person and also includes any lessee or bailee of a motor vehicle or vessel having the exclusive use thereof, under a lease or otherwise, for a period greater than thirty days.

(8) "Operator" shall mean any person who uses a motorcycle, all terrain vehicle, snowmobile or motor vehicle.

(9) "Snowmobile" shall mean any self-propelled vehicle designed for travel on snow or ice, steered by skis or runners and supported in whole or in part by one or more skis, belts or cleats.

(10) "Toe" shall mean the lowest point on a slope of a dune.

b. No unauthorized person may operate any motorcycle, all terrain vehicle, snowmobile or motor vehicle on a beach under the jurisdiction of the commissioner. An authorized person shall include (1) a person operating a motorcycle, an all terrain vehicle, a snowmobile or a motor vehicle in accordance with a permit issued pursuant to subdivision (g) of this section; and (2) a department employee engaged in the proper and authorized performance of his or her assigned duties, a member of the police department, or an operator of an authorized emergency vehicle engaged in the proper and authorized performance of his or her assigned duties.

c. (1) A person who violates subdivision (b) of this section shall be guilty of a misdemeanor punishable by not more than ninety days imprisonment or by a fine of not more than one thousand dollars or by both such fine and imprisonment. Notwithstanding the provisions of paragraph nine of subdivision (a) of section five hundred thirty-three of the New York city charter, such person shall also be liable for a civil penalty of not less than five hundred dollars nor more than one thousand dollars which may be recovered in a proceeding before the environmental control board. (2) Where the operator is less than fourteen years of age, a notice of violation of this section shall be personally served upon such operator's parent or guardian in accordance with the civil practice law and rules. Where the operator is fourteen years of age or over, but less than eighteen years of age, a notice of violation of this section shall be personally served upon such operator and his or her parent or guardian in accordance with the civil practice law and rules. (3) Notwithstanding the provisions of any other local law, where a summons or a notice of violation is issued for a violation of subdivision (b), an authorized designee of the commissioner or a member of the police department may seize and impound the motorcycle, all terrain vehicle, snowmobile or motor vehicle.

d. A motorcycle, all terrain vehicle, snowmobile or motor vehicle seized and impounded pursuant to this section shall be released to the owner or other person lawfully entitled to possession upon payment of the costs of removal and storage as set forth in the rules of the department and proof of payment of any fine or civil penalty imposed for the violation or, if a proceeding in connection with the violation is pending before a court or the environmental control board, upon the posting of a bond or other form of security acceptable to the department in an amount which will secure the payment of such costs and any fine or civil penalty which may be imposed for the violation. If a court or the environmental control board finds in favor of the respondent, the owner shall be entitled forthwith to possession of the

motorcycle, all terrain vehicle, snowmobile or motor vehicle without charge and to the extent that any amount has been previously paid for release of the motorcycle, all terrain vehicle, snowmobile or motor vehicle, such amount shall be refunded.

e. The owner of a motorcycle, all terrain vehicle, snowmobile or motor vehicle shall be given the opportunity for a post seizure hearing within five business days before the environmental control board regarding the seizure. The environmental control board shall render a determination within three business days after the conclusion of the hearing. Where the environmental control board finds that there was no basis for the seizure, the owner shall be entitled forthwith to possession of the motorcycle, all terrain vehicle, snowmobile or motor vehicle without charge and to the extent that any amount has been previously paid for release of the motorcycle, all terrain vehicle, snowmobile or motor vehicle, such amount shall be refunded.

f. Upon the seizure of a motorcycle, all terrain vehicle, snowmobile or motor vehicle pursuant to this section, the operator shall be given written notice of the procedure for redemption of the motorcycle, all terrain vehicle, snowmobile or motor vehicle and the procedure for requesting a post seizure hearing. Where the operator is not the owner thereof, such notice provided to the operator shall be deemed to be notice to the owner. Where the motorcycle, all terrain vehicle, snowmobile or motor vehicle is registered pursuant to the vehicle and traffic law, such notice shall also be mailed to the registered owner. Where the operator is less than eighteen years old, such notice shall also be either personally served upon the operator's parent or guardian or mailed to the operator's parent or guardian if the name and address of such person is reasonably ascertainable.

g. The commissioner shall have the right to issue a permit to operate a motorcycle, all terrain vehicle, snowmobile or motor vehicle upon any beach for a special purpose, including but not limited to, the recording or filming of audio, video or other electronic media.

h. The provisions of this section shall be enforced by an authorized designee of the commissioner or by a member of the police department.

i. The commissioner, in consultation with the police commissioner, shall promulgate such rules as are necessary, (1) to set forth the procedures which must be followed regarding the seizure and release of any motorcycle, all terrain vehicle, snowmobile or motor vehicle pursuant to subdivision (c) of this section; (2) to establish the time within which a motorcycle, all terrain vehicle, snowmobile or motor vehicle which is not redeemed shall be deemed abandoned, and the procedures for subsequent disposal; and (3) to provide for reasonable fees for the transportation and storage of such vehicles.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-116 Garage in Lincoln Square Performing Arts Center.

The mayor, upon the recommendation of the commissioner, may provide for the construction by the city acting by the commissioner and for the operation and maintenance by the city through the commissioner or by a person, firm or corporation under permit or license from the commissioner, with the approval of the mayor, of a surface or subsurface garage upon and under the public park property in Lincoln Square Performing Arts Center for the purpose of accommodating persons using the facilities included in the Performing Arts Center and the adjacent public parks. With the consent of the mayor and upon obtaining the approvals of the departments having jurisdiction of the subject matter involved herein, the commissioner may provide for the sale of gasoline and oil and the furnishing of minor motor vehicle repairs and services in such garage premises, notwithstanding the provisions of any law, rule, regulation or zoning resolution of the city to the contrary.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-117 Perkins arboretum.

a. The commissioner shall have jurisdiction over and may conduct, operate and maintain or enter into an agreement as authorized by subdivision c of this section, for the conduct, operation and maintenance of certain premises formerly owned by Evelina B. Perkins and Dorothy Perkins Freeman located at Riverdale in the borough of the Bronx and conveyed to the city, as an arboretum to be known as the Perkins Garden to be used:

(i) for the study and exhibition of plant life and plantings suitable to the city of New York with special reference to the problems affecting growers of plants under urban conditions, and the promotion of extensive and effective use of plants and as a place for rest and passive recreation,

(ii) as a center for environmental and ecological studies, including oceanography, the ecology of the Hudson river , the city of New York and of the air and waters about it, urban management and planning, and the improvement of the urban environment (such studies may include but shall not be limited to scientific investigations, classes, demonstrations, exhibitions, lectures, educational activities, conferences and publications), and

(iii) as a place for such other educational and cultural activities compatible with the foregoing purposes as Wave Hill, Incorporated, with the concurrence of the commissioner shall in the discretion of its board of directors permit to be conducted.

b. In the event that the commissioner shall determine that Perkins Garden shall be operated and maintained by the department, said commissioner shall have power:

1. To make and promulgate rules and regulations for the use of the premises described in this section including provisions for entrance and admission charges to the premises or any part thereof and for life, annual or other periodic memberships in the activities of the arboretum in exchange for the payment of dues or fees.

2. In connection with the operation of said arboretum, to provide and enter into agreements with persons, firms and corporations for the parking of automobiles, instruction in the activities of the arboretum, the sale of books, pamphlets and other publications, the sale of seeds, bulbs, plants and botanical cuttings, the conduct of cultural activities, the sale of food, at, but not limited to a restaurant, and to make provision for the charges to be made and fees to be paid for such sales and services regardless of whether the same shall be made or provided by the commissioner or others.

c. In lieu of such operation and maintenance by the department, the commissioner may, in his or her discretion, enter into an agreement with Wave Hill, Incorporated, for so long as it remains a non-profit membership corporation no part of the net earnings of which inures to the benefit of any member thereof or any other person and no part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation, or any such corporation which is a successor to Wave Hill, Incorporated, for the operation and maintenance by such corporation of the Perkins Garden for the purposes described in subdivision a of this section. Such agreement shall become effective only upon the approval of the mayor, and, notwithstanding any other provision of law, may provide for and authorize ex officio membership on the board of directors of such corporation, of the mayor, the borough president of the Bronx and the commissioner. Such agreement may also provide that (1) such corporation may charge such fees as may be approved by the commissioner for entrance and admission to the premises or any part thereof and for life, annual or other periodic memberships in the activities of the arboretum in exchange for the payment of dues or fees; (2) such corporation may retain such fees and apply them to the operation and maintenance of the Perkins Garden; (3) such corporation may exercise, subject to the approval of the commissioner, any or all of the powers specified in subdivision b of this section; (4) such corporation may from time to time enter into agreements with any agency of the city or the state or any non-profit corporation or association allowing it or them to occupy a portion of the Perkins Garden for one or more of the purposes specified in subdivision a hereof, any such agreement with a nonprofit corporation or association to be only for so long as no part of its net earnings inures to the benefit of any member thereof or any other person and no part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation; and (5) such other terms and conditions as may be necessary or desirable to effectuate the purposes of this section. Upon the making of such contract, the city, in its discretion, may annually appropriate for such corporation, from city funds and from the funds in the special bank account established pursuant to subdivision d hereof, such sum or sums as it may determine for the maintenance and support of the Perkins Garden and the activities of Wave Hill, Incorporated, in connection therewith.

d. The comptroller shall deposit in a special bank account or accounts any and all sums of money received by him or her including whatever endowment fund may be received from the donors of the land and the funds received from all sources in connection with the operation of the said arboretum and its appurtenant services. Such moneys shall be used and applied solely to the conduct, operation, maintenance and improvement of such arboretum and the premises described in this section. If the Perkins Garden shall be maintained and operated by the department as authorized by subdivision b of this section, the commissioner shall have power to make necessary and required withdrawals and payments from such account or accounts. The provisions of this subdivision shall not apply to funds which may be appropriated by the city for the operation, maintenance and conduct of the arboretum or for the activities of Wave Hill, Incorporated, in connection therewith.

e. Notwithstanding the provisions contained in subdivision a of this section, in the event the commissioner elects to enter into an agreement with Wave Hill, Incorporated, such agreement may provide, in part, that a lease be entered into between Wave Hill, Incorporated and the board of higher education of the city of New York for a period of two and onehalf years, renewable at the option of the parties thereto and the commissioner for one additional period of two and one-half years. Such lease shall provide for the occupation by the board of higher education of the city of New York of part of the presently existing facilities of Perkins Garden for the purpose of carrying on oceanographic studies. Such

occupation of the present Perkins Garden facilities shall be on such terms as approved by the commissioner, and shall not provide for (1) the construction of any structure; or (2) the alteration of any part of the landscape; or (3) the use of parking facilities by the board of higher education of the city of New York employees or agents, except as expressly permitted by the commissioner. The commissioner shall have sole authority to require further provisions in such lease in order to insure conformance with the purposes of Perkins Garden as contained in subdivision a of this section.

f. It is the intent of the legislature in enacting subdivision e of this section that an absolute prohibition be placed on the further construction of any substantial structure or additional parking facilities not in furtherance of the purposes of Perkins Garden as contained in subdivision a of this section.

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-118 Renting of stadium in Flushing Meadow park; exemption from down payment requirements.

a. Notwithstanding any other provision of law, general, special or local, the city, acting by the commissioner, with the approval of the board of estimate, is hereby authorized and empowered from time to time to enter into contracts, leases or rental agreements with, or grant licenses, permits, concessions or other authorizations to, any person or persons, upon such terms and conditions, for such consideration, and for such term of duration as may be agreed upon by the city and such person or persons, whereby such person or persons are granted the right, for any purpose or purposes referred to in subdivision b of this section, to use, occupy or carry on activities in, the whole or any part of a stadium, with appurtenant grounds, parking areas and other facilities, to be constructed by the city on certain tracts of land described in subdivision c of this section, being a part of Flushing Meadow park and situated in the borough of Queens, city and state of New York, title to which tracts is now in the city. Prior to or after the expiration or termination of the terms of duration of any contracts, leases, rental agreements, licenses, permits, concessions or other authorizations entered into or granted pursuant to the provisions of this subdivision and subdivision b of this section, the city, in accordance with the requirements and conditions of this subdivision and subdivision b of this section, may from time to time enter into amended, new, additional or further contracts, leases or rental agreements with, and grant new, additional or further licenses, permits, concessions or other authorizations to, the same or any other person or persons for any purpose or purposes referred to in subdivision b of this section.

b. Any contract, lease, rental agreement, license, permit, concession or other authorization referred to in subdivision a of this section may grant to the person or persons contracting with the city thereunder, the right to use, occupy or carry on activities in, the whole or any part of such stadium, grounds, parking areas and other facilities, (1) for any purpose or purposes which is of such a nature as to furnish to, or foster or promote among, or provide for the

benefit of, the people of the city, recreation, entertainment, amusement, education, enlightenment, cultural development or betterment, and improvement of trade and commerce, including professional, amateur and scholastic sports and athletic events, theatrical, musical or other entertainment presentations, and meetings, assemblages, conventions and exhibitions for any purpose, including meetings, assemblages, conventions and exhibitions held for business or trade purposes, and other events of civic, community and general public interest, and/or (2) for any business or commercial purpose which aids in the financing of the construction and operation of such stadium, grounds, parking areas and facilities, and any additions, alterations or improvements thereto, or to the equipment thereof, and which does not interfere with the accomplishment of the purposes referred to in paragraph one of this subdivision. It is hereby declared that all of the purposes referred to in this subdivision are for the benefit of the people of the city and for the improvement of their health, welfare, recreation and prosperity, for the promotion of competitive sports for youth and the prevention of juvenile delinquency, and for the improvement of trade and commerce, and are hereby declared to be public purposes.

c. The tracts of land referred to in subdivision a of this section are more particularly described as follows:

1. The area of land bounded on the north by the south side of Northern boulevard, on the east by the west side of One hundred twenty-sixth street, on the south by the north side of Roosevelt avenue, and on the west by the east side of Grand Central parkway.

2. The area of land bounded on the north by the south side of Roosevelt avenue, on the east by the west side of One hundred twenty-sixth street, on the south by lands of the city of New York occupied by the New York city transit authority, and on the west by the east side of Grand Central parkway, excepting from such area of land, the portion thereof fronting on Roosevelt avenue occupied by such authority as a substation.

d. Notwithstanding the foregoing provisions of this section or the provisions of any other law, general, special or local, the commissioner, acting in behalf of the city, is hereby authorized and empowered, without the approval of the board of estimate, to enter into contracts, leases or rental agreements with or grant licenses, permits, concessions or other authorizations to any person or persons, upon such terms and conditions and for such consideration as may be agreed upon by the commissioner and such person or persons, for terms of duration, which, in the case of each such contract, lease, rental agreement, license, permit or other authorization, including renewals, shall not be in excess of one year, whereby such person or persons are granted the right to use, occupy or carry on activities in, the whole or any part of such stadium, grounds, parking areas and other facilities, for any purpose or purposes referred to in subdivision b of this section. Upon the expiration of the terms of duration of any of such contracts, leases, rental agreements, licenses, permits, concessions or other authorizations entered into or granted pursuant to the provisions of this subdivision, or within thirty days prior to such expiration or termination, the commissioner, in accordance with the requirements and conditions of this subdivision, acting in behalf of the city, and without the approval of the board of estimate, may from time to time enter into new, additional or further contracts, leases or rental agreements with, and may grant new, additional or further licenses, permits, concessions or other authorizations to, the same or any other person or persons for any purpose or purposes referred to in subdivision b of this section.

e. Notwithstanding the provisions of section 107.00 of the local finance law, for the purpose of financing and paying the cost of the construction of such stadium, grounds, parking areas and facilities, and the construction of any additions, alterations or improvements thereto or to the equipment thereof, including a roof for such stadium and increased seating capacity therein, the city is hereby authorized and empowered, without providing from current funds any part of such cost or otherwise complying with the provisions of section 107.00 of such law, but upon compliance by the city with all other applicable provisions of the local finance law, to issue bonds and bond anticipation notes and to make expenditures from the proceeds of such bonds and bond anticipation notes or from any fund into which such proceeds are paid.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-119 Queens Zoological and Botanical Gardens.

The commissioner may enter into an agreement with New York World's Fair 1964-1965 Corporation and the Queens Botanical Garden Society, Inc. for the operation and maintenance by such Queens Botanical Garden Society, Inc. of the botanical garden and arboretum which was constructed by New York World's Fair 1964-1965 Corporation in Kissena Corridor Park in the borough of Queens on land now under lease from the city of New York to the New York World's Fair 1964-1965 Corporation, and for the adequate keeping, maintenance, extension, preservation, management, and operation of such botanical garden and arboretum for the collection and culture of plants, flowers, shrubs and trees, the advancement of botanical science and knowledge and the prosecution of original researches therein and in kindred subjects, for affording instruction in the same, for the prosecution and exhibition of ornamental and decorative horticulture and gardening, and for the entertainment, recreation and instruction of the people. The term of such agreement shall commence upon the completion of construction of such botanical garden and arboretum. Such agreement shall become effective only upon the approval of the mayor and may provide, in addition to other terms and conditions, for use, with the approval of New York World's Fair 1964-1965 Corporation, of such botanical garden and aboretum for exhibits connected with the World's Fair held in the city of New York during the years nineteen hundred sixty-four-nineteen hundred sixty-five and for membership on the board of directors of Queens Botanical Garden Society, Inc. of the mayor and the commissioner and the president of the borough of Queens, and their successors in office. The commissioner may enter into an agreement with Queens Botanical Garden Society, Inc. for the operation and maintenance by Queens Botanical Garden Society, Inc. of a zoo on the land hereinabove described, or other park land which may be made available for such purpose in the future, and for the adequate keeping, maintenance, extension, preservation, management and operation of such zoo for the exhibition of animals and birds, all for the instruction, entertainment, and recreation of the people. Said agreement may also provide for the construction of such zoo by the

New York World's Fair 1964-1965 Corporation, the city of New York or both. Such agreement shall become effective only upon the approval of the mayor. Upon completion of the construction of said botanical garden and arboretum, the city may annually, in its discretion, appropriate for the Queens Botanical Garden Society, Inc. such sum or sums as it may determine for the construction, keeping, maintenance, extension, preservation, management and operation of the said zoo, botanical garden and arboretum and the activities of the Queens Botanical Garden Society, Inc. in connection therewith. The facilities operated and maintained by said Queens Botanical Garden Society, Inc. pursuant to the agreement or agreements referred to in this section shall be known as and bear the name "Queens Zoological and Botanical Gardens." All references in this section to Queens Botanical Garden Society, Inc. shall be deemed to refer to that corporation under its present name or under any name which shall hereafter be used by it.

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-122 Bicycle and tricycle areas in parks.

a. Legislative intent.

The city council hereby declares that a drastically high number of adults and children are annually killed and injured by motor vehicles while operating bicycles and tricycles in the streets of our city and countless pedestrians have been injured by the operation of bicycles and tricycles on sidewalks and pedestrian walks in parks.

Although the riding of bicycles and tricycles is healthy and wholesome and a normal activity for developing youngsters, the streets and sidewalks of the city of New York are highly congested and, in most areas, dangerous.

The safety of the children of New York city requires that a maximum number of off-street areas be developed for the operation of bicycles and tricycles in local communities, and it is impossible to adequately meet this problem except by a large centralized riding area in each borough.

It is the intent of the council to assure the broad development of such a program by this legislation.

b. Designation areas. 1. The commissioner shall cause to be created and maintained, in all parks whose total area exceeds five acres, adequate areas appropriately designed for the use of bicycles and of tricycles.

2. Such areas shall be designed and constructed in accordance with plans and specifications approved by the commissioner.

3. For purposes of this section, the word "areas" shall mean and include "bicycle paths" at least one mile long in

parks whose area is greater than twenty-five acres, "bicycle tracks" at least one-quarter of a mile long in parks whose area is greater than five acres, and "tricycle circles" located close to adequate seating space for adults.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-125 Thomas Pell Wildlife Refuge and Sanctuary.

The commissioner shall set aside as a haven and preserve for wildlife, four sections of park lands in the northwestern portion of Pelham Bay Park designated on the official maps of the department as proposed sanitation landfill areas II, III, IV and VI, broadly described as follows:

1. Area II, an irregularly-shaped parcel bounded on the north and northeast by the Hutchinson river parkway and Rock uplands, on the east by the Split Rock golf course, on the south by the New York, New Haven and Hartford railroad tracks and on the west by Bartow road, and running through the center thereof, a substantial portion of Goose creek.

2. Area III, an irregularly-shaped parcel bounded on the north by an area of land south of the Hutchinson parkway and the Bartow road exit from said parkway, on the east by a land area west of Bartow road, on the south by the tracks of the New York, New Haven and Hartford railroad tracks and on the west by the center line of the Hutchinson river, but to include Goose island.

3. Area IV, an irregularly-shaped parcel of land bounded on the north by the New England thruway, on the east by the Hutchinson parkway, and on the south and on the west by the center line of the Hutchinson river.

4. Area VI an irregularly-shaped parcel of land bounded on the north and west by the Hutchinson river, on the east and south by Shore road, said land being known as Tallapoosa west.

Excluding, however, Tallapoosa east in said park lands which has been designated as a landfill area for use by

the department of sanitation.

The commissioner may enter into an agreement with a nonprofit organization for the operation and maintenance by such organization of the areas hereinabove referred to for the adequate keeping, maintenance, management, operation and preservation by such organization of the animals, aquatic animals, migratory and resident fowl and songbirds, fish and other flora and fauna indigenous to the area, to establish collections of specimens and provide interested nature lovers and educational institutions with opportunities for study and research in the areas. Upon the making of such agreement, the city may annually, in its discretion, appropriate to the operating organization such sum or sums as it may determine for the maintenance and support of the Thomas Pell Wildlife Refuge and Sanctuary and the activities of the operating organization in connection therewith. The failure of the commissioner to enter into such an agreement shall in no way alter the status of the abovedescribed areas as wildlife sanctuaries.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-126 Hunter Island Marine Zoology and Geology Sanctuary.

The commissioner shall set aside as a zoological and geological haven and preserve, the section of park lands and lands under water in the northeastern portion of Pelham Bay park designated on the official maps of the department as proposed sanitation land fill area V broadly described as follows:

Area V, an irregular N-shaped area of marsh lands and lands under water running from a point where the sand of Orchard beach terminate in Long Island sound at the extreme northern tip of the beach, thence northwesterly to the eastern shore of Hunter island, thence northeast along the high water mark line of the eastern shore of Hunter island to that point of the island which still faces east into Long Island sound, thence in a wide arc going easterly and southerly, through the waters of Long Island sound, including within the arc the islands known as Cat Briars island or One Tree island, and Twin islands, back to the point of beginning.

The commissioner may enter into an agreement with a nonprofit organization for the operation and maintenance by such organization of the areas hereinabove referred to for the adequate keeping, maintenance, management, operation and preservation by such organization of the animals, aquatic animals, migratory and resident fowl and songbirds, fish and other glacial or post glacial flora and fauna indigenous to the area, to establish collections of specimens and provide interested individual nature lovers and educational institutions with opportunities for study and research in the areas. Upon the making of such agreement, the city may annually, in its discretion, appropriate to the operating organization such sum as it may determine for the maintenance and support of the Hunter Island Marine Zoology and Geology Sanctuary and the activities of the operating organization in connection therewith. The failure of the commissioner to enter into such an agreement shall in no way alter the status of the above described areas as a marine zoology and geology sanctuary.

§ 18-128 Renting of tennis stadium and center in Flushing Meadows-Corona Park.

a. Notwithstanding any other provision of law, general, special or local, the city, acting by the commissioner is hereby authorized and empowered to enter into contracts, long-term leases or rental agreements with, or grant licenses, permits, concessions or other authorizations to, the USTA National Tennis Center Incorporated, its affiliates, successors or mortgagees, or assigns in connection with or pursuant to a mortgage or other financing (including an assignment by a mortgagee) ("NTC") upon such terms and conditions, for such consideration, and for such term of duration as may be agreed upon by the city and the NTC, whereby the NTC is granted the right, for any purpose or purposes referred to in subdivision b of this section, to use, occupy or carry on activities on certain tracts of land described in subdivision c of this section, including the facilities constructed on such tracts of land, being a part of Flushing Meadows-Corona Park and situated in the borough of Queens, city and state of New York, title to which tracts is now in the city, with rights of ingress and egress thereto and therefrom, together with appurtenant rights to use areas within the park other than those described in subdivision c of this section, upon such terms and conditions as agreed upon by the commissioner, for up to sixty days in any calendar year for ancillary parking to support the U.S. Open Tennis Championships or other similar competitive tennis events. Prior to or after the expiration or termination of the terms of duration of any contracts, leases, rental agreements, licenses, permits, concessions or other authorizations entered into or granted pursuant to the provisions of this subdivision and subdivision b of this section, the city, in accordance with the requirements and conditions of this subdivision and subdivision b of this section, may from time to time enter into amended, new, additional or further contracts, leases or rental agreements with, and grant new, additional or further licenses, permits, concessions or other authorizations to the NTC or other person for any purpose or purposes referred to in subdivision b of this section; provided however, that any such lease entered into with a person other than the NTC shall not exceed a period of more than one year and shall not be renewable; and provided further that upon the expiration of such one year

period, the city may not enter into any further leases for the lands and facilities described in this section.

b. Any contract, lease, rental agreement, license, permit, concession or other authorization referred to in subdivision a of this section may grant to the NTC or other person, the right to use, occupy or carry on activities in, the whole or any part of such tracts of land, including such facilities constructed on such tracts of land, (1) for any purpose or purposes which is of such nature as to furnish to, or foster or promote among, or provide for the benefit of, the people of the city, recreational use and activities including entertainment, amusement, education, enlightenment, cultural development or betterment, and improvement of trade and commerce, including professional, amateur and scholastic sports and athletic events, theatrical, musical or other cultural and entertainment presentations, and meetings, assemblages, conventions and exhibitions, including those held for business or trade purposes, and other events of charitable, civic, community and general public interest, and/or (2) for any charitable, business or commercial purpose which aids in the operation of the facilities constructed on such tracts of land and which does not interfere with the accomplishment of the purposes referred to in paragraph (1) of this subdivision. Any such lease, rental agreement, license, permit, concession or other authorization shall contain provisions with respect to: the establishment of a fund by the NTC to be used by the city, with the approval of the commissioner after consultation with the borough president, for park improvement purposes; the operation of expanded public programs designed to meet the needs of the community, and to encourage broad participation by the public in the sport of tennis as agreed to by the commissioner; and the implementation of non-discrimination and affirmative action policies. It is hereby declared that all of the purposes referred to in this subdivision are for the benefit of the people of the city and for the improvement of their health, welfare, recreation and prosperity, for the promotion of competitive sports for youth and the prevention of juvenile delinquency, lessening of the burdens of government, and for the improvement of trade and commerce, and are hereby declared to be public purposes.

c. The tracts of land referred to in subdivision a of this section are more particularly described as follows:

All that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in Flushing Meadows-Corona Park in the borough of Queens, city and state of New York bounded and described as follows:

1. BEGINNING at a point being the corner formed by the intersection of the southeasterly side of the Long Island Rail Road R.O.W. (Flushing and North Side Division) with the northeasterly side of the Grand Central Parkway, said Point of Beginning being N.Y.C. Monument No. 23945 as laid out on N.Y.C. Alteration Maps numbers 4164, 4179 and 4496;

Running thence North 36°-13'-30" East, along the southeasterly side of the Long Island Rail Road R.O.W., a distance of 1,223.44 feet to a point;

Running thence North 49°-26'-52" East, a distance of 245.50 feet to a point of curvature;

Running thence along a curve, bearing to the left and having a central angle of 13°-13'-20" and a radius of 610.00 feet, a distance of 140.77 feet to a point of tangency;

Running thence North 36°-13'-33" East, a distance of 211.45 feet to a point;

Running thence South 54°-01'-05" East, a distance of 245.89 feet to a point;

Running thence South 35°-58'-51" West, a distance of 7.98 feet to a point;

Running thence South 54°-01'-05" East, a distance of 39.78 feet to a point;

Running thence North 35°-46'-36" East, a distance of 8.27 feet to a point;

Running thence South 54°-01'-05" East, a distance of 25.80 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the left and having a central angle of 58°-23'-39", a radius of 130.00 feet and a radial bearing of North 65°-23'-12" East, a distance of 132.49 feet to a point (not a point of tangency);

Running thence South 11°-06'-58" East, a distance of 853.90 feet to a point of curvature;

Running thence along a curve, bearing to the right and having a central angle of 68°-12'-53" and a radius of 18.79 feet, a distance of 22.37 feet to a point of reverse curvature;

Running thence along a curve, bearing to the left and having a central angle of 18°-37'-21" and a radius of 485.48 feet, a distance of 157.79 feet to a point of tangency;

Running thence South 38°-28'-34" West, a distance of 485.81 feet to a point;

Running thence North 51°-38'-40" West, a distance of 8.99 feet to a point;

Running thence South 38°-06'-51" West, a distance of 340.83 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the right and having a central angle of 84°-29'-16", a radius of 40.00 feet and a radial bearing of South 44°-03'-16" West, a distance of 58.98 feet to point (not a point of tangency);

Running thence South 38°-32'-31" West, a distance of 185.86 feet to a point;

Running thence North 55°-21'-03" West, a distance of 14.76 feet to a point;

Running thence South 38°-45'-41" West, a distance of 32.45 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the right and having a central angle of 5°-34'-27", a radius of 7,000.00 feet and a radial bearing of North 33°-38'-33" East, a distance of 681.01 feet to a point of tangency;

Running thence North 50°-47'-00" West, a distance of 403.24 feet to the POINT OR PLACE OF BEGINNING.

The area of this parcel is 1,825,541.05 sq. ft. (41.91 acres) and the total perimeter is 55527.37 feet.

2. BEGINNING at a point being the following courses and distances from the corner formed by the intersection of the southeasterly side of the Long Island Rail Road R.O.W. (Flushing and North Side Division) with the northeasterly side of the Grand Central Parkway, said Point of Beginning being N.Y.C. Monument No. 23945 as laid out on N.Y.C. Alteration Maps numbers 4164, 4179 and 4496;

(1) Running thence North 36°-13'-30" East, along the southeasterly side of the Long Island Rail Road R.O.W., a distance of 1,223.44 feet to a point;

(2) Running thence North 49°-26'-52" East, a distance of 245.50 feet to a point of curvature;

(3) Running thence along a curve, bearing to the left and having a central angle of 13°-13'-20" and a radius of 610.00 feet, a distance of 140.77 feet to a point of tangency;

(4) Running thence North 36°-13'-33" East, a distance of 460.50 feet to a point;

(5) Running thence South 53°-51'-28" East, a distance of 89.31 feet to the POINT OR PLACE OF BEGINNING;

Running thence North 35°-59'-23" East, a distance of 168.81 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the left and having a central angle of 5°-13'-58", a radius of 588.03 feet and a radial bearing of North 57°-54'-08" West, a distance of 53.70 feet to a point of tangency;

Running thence North 26°-51'-55" East, a distance of 67.58 feet to a point of curvature;

Running thence along a curve, bearing to the right and having a central angle of 26°-02'-29" and a radius of 329.01 feet, a distance of 149.54 feet to a point (not a point of tangency);

Running thence North 54°-51'-58" East, a distance of 30.77 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the right, having a central angle of 113°-46'-56", a radius of 15.62 feet and a radial bearing of South 36°-25'-54" East, a distance of 31.03 feet to a point (not a point of tangency);

Running thence South 01°-03'-39" East, a distance of 71.24 feet to a point (not a point of curvature);

Running thence along a curve, bearing to the right, having a central angle of 25°-55'-13", a radius of 1,000 feet and a radial bearing of North 88°-41'-48" West, a distance of 452.39 feet to a point (not a point of tangency);

Running thence North 53°-51'-28" West, a distance of 237.41 feet to the POINT OR PLACE OF BEGINNING.

The area of this parcel is 78,284.99 sq. ft. (1.80 acres) and the total perimeter is 1,262.48 feet.

3. BEGINNING at a point being the following courses and distances from the corner formed by the intersection of the southeasterly side of the Long Island Rail Road R.O.W (Flushing and North Side Division) with the northeasterly side of the Grand Central Parkway, said Point of Beginning being N.Y.C. Monument No. 23945 as laid out on N.Y.C. Alteration Maps numbers 4164, 4179 and 4496;

(1) Running thence North 36°-13'-30" East, along the southeasterly side of the Long Island Rail Road R.O.W., a distance of 1,223.44 feet to a point;

(2) Running thence North 49°-26'-52" East, a distance of 245.50 feet to a point of curvature;

(3) Running thence along a curve, bearing to the left and having a central angle of 13°-13'-20" and a radius of 610.00 feet, a distance of 140.77 feet to a point of tangency;

(4) Running thence North 36°-13'-33" East, a distance of 460.50 feet to a point;

(5) Running thence South 53°-51'-28" East, a distance of 401.06 feet to a point (not a point of curvature);

(6) Running thence along a curve, bearing to the left, having a central angle of 00°-59'-45", a radius of 1,073.50 feet and a radial bearing of N 62°-09'-41" West, a distance of 18.66 feet to the POINT OR PLACE OF BEGINNING:

Running thence along the same curve, bearing to the left, having a central angle of 10°-34'-58", a radius of 1,073.50 feet and a radial bearing of North 63°-09'-27" West, a distance of 198.28 feet to a point;

Running thence South 77°-26'-40" East, a distance of 69.89 feet to a point;

Running thence South 52°-56'-05" East, a distance of 240.12 feet to a point;

Running thence South 37°-03'-55" West, a distance of 147.20 to a point (not a point of curvature);

Running thence along a curve, bearing to the left, having a central angle of 4°-37'-36", a radius of 2,600.00 feet and a radial bearing of South 10°-56'-00" West, a distance of 209.95 feet to a point of reverse curvature;

Running thence along a curve, bearing to the right, having a central angle of 60°-37'-23" and a radius of 15.00 feet, a distance of 15.87 feet to a point of reverse curvature;

Running thence along a curve, bearing to the left, having a central angle of 16°-53'-47" and a radius of 145.00 feet, a distance of 42.76 feet to a point of reverse curvature;

Running thence along a curve bearing to the right, having a central angle of 66°-48'-33" and a radius of 15.00 feet, a distance of 17.49 feet to POINT OR PLACE OF BEGINNING.

The area of this parcel is 56,975.79 sq. ft. (1.31 acres) and the total perimeter is 941.56 feet.

**HISTORICAL NOTE**

Section amended ch. 442/1993 § 1 eff. July 26, 1993.

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 532-24.0 added chap 1048/1981 § 1

**NOTE**

Provisions of ch. 442/1993:

§ 2 If the city enters into any lease, rental agreement, license, permit, concession or other authorization pursuant to section one of this act, the lands specified in section three of this act shall be dedicated as park lands.

§ 3. The lands required by this act to be dedicated as park lands are as follows:

The property known as "Powell's Cove", tax blocks 3961, 3984 and 3986, and portions of tax blocks 3960, 3982, 3983, 3985 and 3987 on the tax map of the city of New York for the borough of Queens, generally bounded by 11th Avenue, 131st Street, 135th Street, and United States Pierhead line, consisting of 31 acres, more or less.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 18-128.1*

Administrative Code of the City of New York

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-128.1 Snug Harbor.

a. Notwithstanding any other provision of law, general, special or local the city, acting by the commissioner of parks and recreation and the commissioner of cultural affairs with the approval of the board of estimate, is hereby authorized and empowered to transfer, grant, demise or let to the Snug Harbor Cultural Center, Inc. or other not-for-profit corporation or corporations, or a local development corporation or corporations, or any combination thereof, their successors or assigns (individually or collectively, herein referred to as "NPC") by contract, lease, license or other instrument, upon such terms and conditions as shall be agreed upon between the city and NPC, the right, for any purpose or purposes referred to in subdivisions b and c of this section, to use, occupy, license, lease or carry on or cause to be carried on activities in or on the whole or any part of the tracts of land described in subdivision d of this section, including the buildings and other facilities thereon, which tracts are situated in the borough of Staten Island and are commonly known as Snug Harbor.

b. Any contract, lease, license, or other instrument referred to in subdivision a of this section may authorize or grant to NPC the right to use, occupy, license, lease and carry on or cause to be carried on activities in or on the whole or any part of the tracts of land described in subdivision d of this section for any purpose or purposes which furnish, foster or promote for the benefit of the people of the city, cultural development, education, recreation, historic preservation of buildings and improvement of business and commerce, including: theatrical, musical, artistic presentations and exhibitions; meetings, assemblages, conventions and conferences; telecommunication systems; events of civic, community and general public interest; and general business or commercial purposes which aid the other purposes set out in this subdivision, provided, however, that nothing herein shall grant to NPC the right to conduct any business or commerce, or contract with any other party for the same, unless such business or commerce is compatible

with and conducted in conjunction with the use of Snug Harbor cultural center, as a multi-purpose cultural center, and further provided that nothing herein shall permit the erection or maintenance of telecommunication towers or other above ground apparatus for telecommunication transmission systems on the grounds of Snug Harbor. Subject to the limitations set forth in subdivision c of this section, such land may be used for the purpose of providing residences and work spaces for artists affiliated with the NPC for the duration of such affiliation. It is hereby declared that all of the purposes referred to in this subdivision are for the benefit of the health, welfare and prosperity of the people of the city and are public purposes.

c. Except as hereinafter provided, the tracts of land described in subdivision d of this section shall not be used, occupied, licensed or leased for the purpose of housing. Such land may be used to provide residences for artists who are affiliated with the NPC and who through their work, exhibits, lectures or writings contribute to the goals of the NPC. Artists shall only be entitled to occupy such residences for the duration of their affiliation with the NPC and any lease or occupancy permit of a dwelling unit to an artist shall specify that the tenancy or occupancy shall terminate upon the termination of the artist's affiliation with the NPC. Notwithstanding any other provision of law, such dwelling units shall not be subject to regulation or control pursuant to the emergency housing rent control act, the emergency tenant protection act of nineteen seventy-four or any local laws enacted pursuant thereto, the emergency housing rent control law, the rent stabilization law of nineteen hundred sixty-nine or any other law which confers rights of occupancy upon tenants which are inconsistent with the intent of this subdivision to permit the NPC to provide residences for artists only for the duration of their affiliation with the NPC.

The provisions of this subdivision shall not be construed to prohibit the NPC from providing residential accommodations to persons employed by the NPC where such residence is necessary for the maintenance or protection of the property such as a resident caretaker, supervisor of maintenance or supervisor of security.

d. The tracts of land referred to in subdivisions a, b and c of this section are more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of Richmond Terrace and the westerly line of Tysen Street as shown on borough president of Staten Island map #3861, said point of beginning having coordinates S 4888.33, W 15824.79. Running thence:

1) South 03° 42' 57" East, 485.63 feet along the westerly line of Tysen Street to the northerly line of Fillmore Street.

2) South 86° 24' 09" West, along the northerly line of Fillmore Street, 100.59 feet.

3) North 06° 33' 33" West, 139.83 feet.

4) South 87° 58' 30" West, 50.00 feet.

5) South 06° 31' 23" East, 141.20 feet to the northerly line of Fillmore Street.

6) South 86° 24' 09" West, along the northerly line of Fillmore Street, 46.06 feet to a point of curvature.

7) Southerly, curving to the left on the arc of a circle with a radius of 7.50 feet, an angle of 93° 45' 01", 12.27 feet to a point of tangency.

8) South 7° 20' 52" East, 359.97 feet.

9) South 6° 51' 31" East, 300.02 feet.

10) South 7° 00' 45" East, 416.19 feet to a point on the northerly line of Henderson Avenue.

11) South 72° 23' 50" West, along the northerly line of Henderson Avenue, 1447.71 feet.

12) South 81° 13' 07" West, along the northerly line of Henderson Avenue, 122.79 feet to the easterly line of Kissel Avenue.

13) North 9° 03' 54" West, along the easterly line of Kissel Avenue, 1917.41 feet to the southerly line of Snug Harbor Road.

Thence, easterly along the southerly lines of Snug Harbor Road and Richmond Terrace as in use the following 22 courses and distances:

1) North 81° 52' 30" East, 343.00 feet.

2) North 74° 30' 34" East, 22.48 feet to a point of curvature.

3) Northerly, curving to the left on the arc of a circle with a radius of 50.00 feet, an angle of 39° 04' 12", 34.10 feet to a point of compound curvature.

4) Northerly, curving to the left on the arc of a circle with a radius of 200.00 feet, an angle of 09° 22' 30", 32.73 feet.

5) North 26° 03' 52" East, 41.69 feet.

6) North 22° 56' 18" East, 75.00 feet.

7) North 19° 30' 48" East, 75.29 feet.

8) North 16° 59' 24" East, 53.98 feet to a point of curvature.

9) Easterly, curving to the right on the arc of a circle with a radius of 75.00 feet, an angle of 61° 42' 53", 80.78 feet to a point of tangency.

10) North 78° 42' 17" East, 44.75 feet.

11) North 82° 23' 05" East, 75.33 feet.

12) North 85° 01' 47" East, 75.08 feet.

13) North 86° 52' 08" East, 83.22 feet to a point of curvature.

14) Easterly, curving to the right on the arc of a circle with a radius of 900.00 feet, an angle of 7° 33' 52", 118.82 feet to a point of compound curvature.

15) Easterly, curving to the right on the arc of a circle with a radius of 450.00 feet, an angle of 12° 50' 35", 100.87 feet to a point of tangency.

16) South 72° 43' 25" East, 91.81 feet to a point of curvature.

17) Easterly, curving to the right on the arc of a circle, with a radius of 1460.00 feet, an angle of 14° 29' 21", a distance of 369.21 feet to a point of reverse curvature.

18) Easterly, curving to the left on the arc of a circle with a radius of 180.00 feet, an angle of 28° 00' 03", 78.96 feet to a point of tangency.

19) South 83° 22' 07" East, 58.01 feet.

20) South 89° 57' 40" East, 25.00 feet.

21) North 88° 49' 32" East, 220.28 feet to the westerly line of Tysen Street as in use.

22) South 03° 42' 57" East, along the westerly line of Tysen Street as in use, 46.90 feet to the point or place of beginning.

Beginning at a point formed by the intersection of the southerly line of Richmond Terrace and the easterly line of Snug Harbor Road, the intersection of said streets forming an interior angle of 70° 43' 30" as shown on the borough president of Staten Island map #3887, said point of beginning having coordinates S 4714.62, W 17955.22. Running thence easterly along the southerly line of Richmond Terrace, N 89° 41' 08" E, 727.73 feet to a point on Snug Harbor Road.

Thence the following 5 courses and distances along Snug Harbor Road:

1) South 18° 21' 55" West, 24.95 feet.

2) South 22° 56' 18" West, 179.68 feet to a point of curvature.

3) Westerly, curving to the right on the arc of a circle with a radius of 90.00 feet, an angle of 58° 56' 12", 92.53 feet to a point of tangency.

4) South 81° 52' 30" West, 472.31 feet.

5) North 22" 02' 30" West, 296.46 feet to the point or place of beginning.

Beginning at a point on the northerly line of Richmond Terrace, generally opposite the prolongation of the westerly line of Tysen Street as shown on the president of the borough of Staten Island map #3887, said point of beginning having coordinates S 4788.43, W 15831.26. Running thence westerly along the northerly line of Richmond Terrace the following 9 courses and distances:

1) South 89° 00' 30" West, 212.27 feet to a point of curvature.

2) Westerly, curving to the right on the arc of a circle with a radius of 220.00 feet, an angle of 25° 23' 59", 97.53 feet to a point of tangency.

3) North 65° 35' 31" West, 235.43 feet to a point of curvature.

4) Westerly, curving to the left on the arc of a circle with a radius of 1680.00 feet, an angle of 12° 45' 26", 374.06 feet to a point of compound curvature.

5) Westerly, curving to the left on the arc of a circle with a radius of 120.00 feet, an angle of 11° 40' 19", 24.45 feet to a point of compound curvature.

6) Westerly, curving to the left on the arc of a circle with a radius of 1680.00 feet, an angle of 4° 29' 58", 131.93 feet to a point of reverse curvature.

7) Westerly, curving to the right on the arc of a circle with a radius of 720.00 feet, an angle of 7° 44' 03", 97.19 feet.

8) South 86° 39' 38" West, 291.90 feet.

9) South 88° 24' 46" West, 701.54 feet.

Thence northerly, North 01° 19' 01" East, 59.39 feet to a point on the southerly line of the Staten Island Rapid Transit Railway.

Thence easterly along the southerly line of the Staten Island Rapid Transit Railway, the following 12 courses and distances:

1) North 89° 31' 08" East, 338.03 feet.

2) South 01° 19" 01" West, 15.00 feet.

3) North 89° 31' 08" East, 383.31 feet.

4) North 32° 53' 35" East, 17.96 feet.

5) North 89° 31' 08" East, 396.00 feet to a point of curvature.

6) Easterly, curving to the right on the arc of a circle with a radius of 1131.00 feet, an angle of 18° 58' 00", 374.40 feet to a point of tangency.

7) South 69° 57' 32" East, 264.42 feet to a point of curvature.

8) Easterly, curving to the left on the arc of a circle with a radius of 1448.00 feet, an angle of 5° 41' 55", 144.01 feet.

9) South 66° 56' 46" East, 134.55 feet.

10) South 03° 41' 50" East, 2.00 feet.

11) South 88° 57' 04" East, 112.19 feet.

12) South 03° 41' 50" East, 6.00 feet to the point or place of beginning.

Beginning at a point on the U.S. Pierhead and Bulkhead line in Kill Van Kull, approved by the secretary of war, October 30, 1915, said point of beginning having coordinates South 4497.61, West 16082.50, and being 234.38 feet west of a point formed by the extension of the westerly line of Tysen Street with the U.S. Pierhead and Bulkhead line; running thence westerly along the northerly line of the Staten Island Rapid Transit Railway, the following 10 courses and distances:

1) South 03° 41' 50" East, 197.07 feet.

2) North 77° 38' 47" West, 132.04 feet.

3) North 69° 57' 32" West, 264.42 feet to a point of curvature.

4) Westerly, curving to the left on the arc of a circle with a radius of 1161.00 feet an angle of 18° 58' 00", 384.33 feet to a point.

5) South 89° 31' 08" West, 338.00 feet.

6) North 00° 28' 52" West, 15.00 feet.

7) South 89° 31' 00" West, 449.31 feet.

8) South 01° 19' 01" West, 15.00 feet.

9) South 89° 31' 08" West, 338.03 feet.

10) North 01° 19' 01" East, 106.33 feet to the U.S. Pierhead and Bulkhead line.

Thence easterly along the U.S. Pierhead and Bulkhead line the following 2 courses and distances:

1) North 87° 27' 41" East, 560.68 feet.

2) South 85° 27' 28" East, 1309.86 feet to the place or point of beginning.

Beginning at a point on the northerly line of the lands of the Staten Island Rapid Transit Railway Company, being distant 88.00 feet from the northerly line of Richmond Terrace and generally on a prolongation of the westerly line of Tysen Street as indicated on the president of the borough of Staten Island map #3887, said point of beginning having coordinates South 4700.61, West 15836.93, thence:

1) North 84° 54' 35" West along the northerly line of the lands of the Staten Island Rapid Transit Railway, 113.13 feet.

2) North 03° 41' 50" West, 183.73 feet to the U.S. Pierhead and Bulkhead line approved by the secretary of war on October 30, 1915.

3) South 85° 27' 28" East along said U.S. Pierhead and Bulkhead line, 112.98 feet.

4) South 03° 41' 50" East, 184.83 feet to the point or place of beginning.

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-128.2 Bryant Park.

a. Notwithstanding the provisions of section three hundred eighty-three of the New York city charter and section twenty of the general city law or any other law prohibiting the alienation of park lands, the city, acting by the commissioner with the approval of the board of estimate, is hereby authorized and empowered to lease to Bryant Park Restoration Corporation ("BPRC"), a not-for-profit corporation organized under the laws of the state of New York for the purpose of assisting the city in restoring and maintaining Bryant Park, for the purposes referred to in subdivision b of this section, upon such terms and conditions and for such duration as shall be agreed upon by the city, The New York Public Library, Astor, Lenox and Tilden Foundations ("NYPL") and BPRC, all or part of the tract of land situated in the borough of Manhattan known as the west terrace of the New York Public Library (the "West Terrace"), and more particularly described as follows:

ALL THAT CERTAIN PLOT, piece or parcel of land, comprising a portion of that land known as Bryant Park, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City and State of New York, bounded and described as follows:

BEGINNING at a point lying along the south side of West 42nd Street, 482 feet west of the intersection formed by the said south side of West 42nd Street and the west side of Fifth Avenue, and running thence easterly along the south side of West 42nd Street 119 feet to a point lying along said southerly side of West 42nd Street; thence southerly, along the rear wall of the New York Public Library Building, 455 feet to the northerly side of West 40th Street; thence westerly along the northerly side of West 40th Street 119 feet; thence northerly 455 feet to the point or place of BEGINNING.

Notwithstanding the foregoing provision, such grant shall not include any portion of the building erected, constructed, equipped and furnished pursuant to chapter five hundred fifty-six of the laws of eighteen hundred ninety-seven (the "NYPL Building"), including appurtenances thereto, except upon the written approval of NYPL.

b. The grant referred to in subdivision a of this section may authorize BPRC to sublease all or any portion of the West Terrace for the construction of a structure which may be used for the operation of a restaurant and related purposes, and for such other uses as may be consistent with the purposes of BPRC and NYPL, upon such terms and conditions, for such duration and for such consideration as shall be agreed upon by the city, BPRC and NYPL; provided, however, that no portion of any such structure shall extend beyond sixty feet west of the western most portion of the NYPL Building. It is hereby declared that all of the purposes referred to in this subdivision are for the benefit of the people of the city and are public purposes.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-129 Fines for unlawful cutting of trees on department property.

a. It shall be unlawful for any individual, firm, corporation, agent, employee or person under the control of such individual, firm or corporation to cut, remove or in any way destroy or cause to be destroyed, any tree or other form of vegetation on public property under the jurisdiction of the commissioner without acquiring written consent from the commissioner. The foregoing provision shall not apply to department employees who are engaged in the proper and authorized performance of their assigned duties.

b. Any individual, firm, corporation, agent, employee or person under the control of such individual, firm or corporation violating the provisions of subdivision a of this section concerning a tree shall be liable to arrest and upon conviction thereof shall be deemed guilty of a misdemeanor and shall be punished by a fine of not more than fifteen thousand dollars or by imprisonment of not more than one year or by both such fine and imprisonment for each such violation. Such individual, firm, corporation, agent, employee or person under the control of such individual, firm or corporation shall also be liable for a civil penalty of not more than ten thousand dollars for each such violation which may be recovered in a proceeding before the environmental control board. A proceeding to recover any civil penalty authorized pursuant to this section shall be commenced by the service of a notice of violation returnable to the environmental control board. The environmental control board shall have the power to impose the civil penalties prescribed herein.

Any individual, firm, corporation, agent, employee or person under the control of such individual, firm or corporation violating the provisions of subdivision a of this section concerning any other form of vegetation shall be liable to arrest and upon conviction thereof shall be deemed guilty of a misdemeanor and shall be punished by a fine of not more than one thousand dollars or by imprisonment of not more than ninety days or by both such fine and

imprisonment for each such violation.

c. Any individual, firm, corporation, agent, employee or person under the control of such individual, firm or corporation found to be guilty of violating the provisions of subdivision a of this section or section 10-148 of this code by a court of competent jurisdiction or by the environmental control board shall be denied the opportunity to obtain written consent from the commissioner or from an agency having control of public property to cut, remove or in any way destroy or cause to be destroyed, any tree or other form of vegetation on public property under the jurisdiction of the commissioner, or such agency, for a maximum of two years from the date of conviction, or from the date the civil penalty was imposed.

**CASE NOTES**

¶ 1. Defendant was charged with a misdemeanor, cutting "a tree under the jurisdiction" of the NYC Parks Department without a permit, Ad Cd §18-129(a), after cutting off a limb from a tree standing between the curb and sidewalk in front of his home. The tree being on "public property" is an essential part of the offense. While the street may be a "park street" that is a street abutting a park, the sidewalks of such park streets may not fall under the jurisdiction of the Parks Department. People v. Rementeria, 150 Misc. 2d 930 [1991].

Administrative Code of the City of New York

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-130 Ward's and Randall's islands; development into park.

a. There being a shortage of parks and park areas within the city to provide the necessary facilities for fresh air and recreation for the growing population of such city and more particularly for residents of the boroughs of Manhattan, Bronx and Queens; and the creation and establishment of such parks being essential to the health, comfort and welfare of the citizens of the state; and it appearing to the legislature to be necessary and proper that city parks be created and established on the islands known as Ward's and Randall's, within such city, and that the inmates and patients in the various state and city institutions now located on such islands be removed therefrom, excepting the lands on Ward's island presently occupied by the Manhattan state hospital other than parcels one and two hereinafter described and that the buildings and structures of such institutions be demolished for the purpose of such parks; the provisions hereinafter prescribed are enacted and their necessity in the public interest is hereby declared as a matter of legislative determination.

b. In order that the state may reconstruct, modernize and rebuild some or all of the building and facilities of Manhattan state hospital on Ward's island, and continue to maintain such hospital, so as to furnish modern facilities for treatment and care of mental patients of the metropolitan district to the benefit of its residents, the city is hereby authorized to extend the lease executed between the city and the state of New York pursuant to the provisions of chapter one hundred thirty-nine of the laws of nineteen hundred and eight, as amended by chapter six hundred ninety-six of the laws of nineteen hundred and thirteen, for a period not exceeding fifty years beyond its present termination date with respect to any or all of the lands now occupied by or used in connection with Manhattan state hospital on Ward's island except the lands hereinafter described as parcel one and parcel two. The department of mental health is hereby directed to remove the remaining inmates on or before April seventh, nineteen hundred fifty-nine from all the buildings of the

Manhattan state hospital located on that part of Ward's island described as follows:

PARCEL 1

Beginning at the intersection of the shore line of Harlem River with the northerly boundary line of property in the southwest portion of the island, now under the jurisdiction of the Department of Parks of the City of New York, which boundary line was established by the consent of the Governor, dated April 20, 1938, pursuant to Chapter 23 of the laws of 1938, and filed in the Department of Parks and the Department of Mental Health, as shown on map entitled "Index Map of Wards Island", dated April 28, 1936 accompanying said consent, thence generally easterly along said boundary line to its intersection with the westerly line of the right-of-way of the Triborough Bridge; thence generally northerly along said westerly right-of-way line to its intersection with the southwesterly line of Morgan Avenue; thence northwesterly along the southwesterly line of Morgan Avenue to its intersection with the southeasterly line of Scholer Street; thence southwesterly along the southeasterly line of Scholer Street to its intersection with a straight line which is 25 feet southwesterly from and parallel to Building No. 103; thence northwesterly along said line to its intersection with the shore line of Harlem River; thence southwesterly along the shore line of Harlem River to the point or place of beginning.

PARCEL 2

Beginning at the intersection of the westerly line of the right-of-way of the New York Connecting Railroad with the shore line of Little Hell Gate as shown on the map referred to in Parcel 1, thence generally southerly along said westerly right-of-way line to its intersection with the shore line of the East River; thence southwesterly along said shore line of the East River to its intersection with the northerly boundary line of park property in the southwest portion of the island, as defined in Parcel 1; thence generally northwesterly along said boundary line to its intersection with the easterly line of the right-of-way of the Triborough Bridge; thence generally northerly along said easterly right-of-way line to its intersection with the northeasterly line of Morgan Avenue; thence southeasterly, generally, along the northeasterly line of Morgan Avenue to its intersection with the southeasterly line of Macy Avenue; thence northeasterly along the southeasterly line of Macy Avenue and its prolongation to its intersection with the southeasterly prolongation of the northeasterly line of Pinel Avenue; thence northwesterly along the northeasterly line of Pinel Avenue to its intersection with the northeasterly line of the cinder road on the northeast side of Buildings Nos. 95, 96, 97 and 98; thence northwesterly along said northeasterly line of said cinder road as prolonged, to its intersection with the easterly line of the right-of-way of the Triborough Bridge; thence generally northerly along said easterly right-of-way line to its intersection with the shore line of Little Hell Gate; thence easterly along said shore line to the point or place of beginning, and such property and equipment used in or in connection with such hospital, as it may desire, to the Pilgrim state hospital on Long Island, or to other state hospitals, in which it shall establish suitable quarters and accommodations for them, within the amounts of appropriations made for such purpose by the legislature. The lease heretofore executed between the city of New York and the state of New York, pursuant to the provisions of chapter one hundred thirty-nine of the laws of nineteen hundred eight, as amended by chapter six hundred ninety-six of the laws of nineteen hundred thirteen, shall be deemed terminated within the meaning and intent of such lease and statute to the extent that such lease relates to that part of Ward's island hereinabove described, when the governor shall certify in writing to the mayor that such inmates, property and equipment have been so transferred, and that the buildings and structures on Ward's island within the above described area are no longer necessary for the purposes of the Manhattan state hospital.

c. The city shall proceed as soon as possible after the governor shall have so certified to the mayor, as hereinbefore provided, to raze all of the buildings, structures and other improvements of the Manhattan state hospital and all other structures, buildings and improvements on that part of Ward's island described in subdivision b, except those required for park purposes, and except those connected with the present bridge now owned by the New York, New Haven and Hartford Railroad Company, now located at Ward's island and those connected with the proposed city sewage disposal plant as authorized by chapter six hundred eighty-nine of the laws of nineteen hundred twenty-seven and the structures of Triborough Bridge and Tunnel Authority. The city may, however, at any time prior to such

certification by the governor, commence the work of transforming the above described part of the island into a city park and of razing all or such part of such buildings, structures and improvements as may no longer be required for the purposes of such hospital, if the governor consents thereto in writing. Such consent shall specify generally what work is consented to and specifically what buildings, structures and improvements, or parts thereof, may be razed. Copies of each such consent shall be filed with the department of parks and recreation of the city and the department of mental health. No structure, building or improvement shall be erected by the city or the state on Ward's island, except such as are necessary to the proper functioning of the Manhattan state hospital or to the purposes or functions of the sewage disposal plant, established by the city on such island, pursuant to the provisions of chapter six hundred eighty-nine of the laws of nineteen hundred twenty-seven, or except such as may be necessary for the construction, reconstruction, maintenance and operation of the structures of Triborough Bridge and Tunnel Authority, or the present bridge now owned by the New York, New Haven and Hartford Railroad Company, now located on Ward's island or except such as may be consented to by the governor as hereinbefore provided.

d. When the buildings and structures of the Manhattan state hospital affected by this section shall have been removed as hereinbefore provided, all of Randall's island and that part of Ward's island described in subdivision b shall be devoted exclusively to the purposes of city parks; and the city is hereby directed to transform the same into parks as soon thereafter as possible, and the same shall henceforth be used for no other purposes. There shall be excluded, however, from the operation of this section all of the land necessary for the continuance of the railroad bridge on such islands, the land necessary for the city sewage disposal plant, established by such city, as authorized by chapter six hundred eighty-nine of the laws of nineteen hundred twenty-seven, and the land deemed necessary by the Triborough Bridge and Tunnel Authority for the construction, reconstruction, maintenance and operation of the structures of Triborough Bridge and Tunnel Authority, provided, however, that there shall be provided by such city convenient means of access from such Triborough Bridge at convenient locations to such parks located on such islands, and convenient connections between the two islands.

e. Notwithstanding the provisions of subdivisions b, c and d, the city is hereby authorized to lease to the people of the state of New York the lands on Ward's island hereinafter described by amending the extension of lease dated December eleventh, nineteen hundred fifty-three, executed between the city of New York and the state of New York pursuant to the provisions of chapter one hundred one of the laws of nineteen hundred fifty-two, so as to include such lands within the terms and provisions of such extension of lease.

Beginning at a point on the southeasterly line of Scholer Street, where it would be intersected by the continuation easterly in a straight line of the northerly boundary line of "Parcel 1A" as released to the City of New York by the consent of the Governor dated January 18, 1950; thence continuing generally easterly along the further prolongation easterly of said boundary line to its intersection with the westerly line of the right-of-way of the Triborough Bridge; thence generally northerly along said westerly right-of-way line to its intersection with the southwesterly line of Morgan Avenue; thence northwesterly along the southwesterly line of Morgan Avenue to its intersection with the southeasterly line of Scholer Street; thence southwesterly along the southeasterly line of Scholer Street to the point or place of beginning of the parcel herein described.

f. Notwithstanding the provisions of subdivisions b, c, d, and e, the city is hereby authorized to lease to the people of the state of New York, the lands on Ward's island hereinafter described by amending the extension of lease dated December tenth, nineteen hundred sixty-two, executed between the city and the state of New York pursuant to the provisions of chapter five hundred twenty-three of the laws of nineteen hundred sixty-two, so as to include such lands within the terms and provisions of such extension of lease.

All that land now used by the city department of parks and recreation on the southeasterly portion of Ward's island and generally bounded by the Triborough Bridge right-of-way on the west, the shore line of the Hell Gate channel of the East River on the south and southeast and the lands under lease to the state of New York for Manhattan state hospital on the northeast and north, constituting 24 acres, more or less.

g. Notwithstanding the provisions of subdivisions b, c, d, e, and f of this section, in order that the state may reconstruct, modernize and rebuild some or all of the buildings and facilities of the Manhattan psychiatric center and the Kirby forensic psychiatric center on Ward's Island, and continue to maintain said hospitals, so as to furnish modern facilities for treatment and care of patients with mental illness of the metropolitan district and to benefit the health, welfare and safety of its residents, the city of New York is hereby authorized to enter into an agreement for the renewal or further extension of the lease executed between the city of New York and the state of New York pursuant to the provisions of chapter one hundred one of the laws of nineteen hundred fifty-two and chapter five hundred twenty-four of the laws of nineteen hundred sixty-two, for a period not exceeding fifty years beyond its present termination date with respect to any of the lands now occupied by or used in connection with the Manhattan psychiatric center, the Kirby forensic psychiatric center and related programs. Neither the provisions of section one hundred ninety-seven-c of the New York city charter, relating to a uniform land use review procedure, nor the provisions of any other local law of like or similar import shall apply to the renewal or extension of said lease.

Part O

Section 1. The commissioner of mental health and the city of New York are hereby authorized to extend, for a period not exceeding fifty years, the lease of certain portions of Ward's Island authorized by chapter 2 of the laws of 1896, as amended by chapter 380 of the laws of 1900, chapter 139 of the laws of 1908, chapter 696 of the laws of 1913, chapter 101 of the laws of 1952, chapter 491 of the laws of 1952, and chapter 524 of the laws of 1962 for the purposes of the Manhattan psychiatric center, the Kirby forensic psychiatric center and the promotion of the public health, welfare and safety.

. . . . . .

§ 3. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2009.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 18-131*

Administrative Code of the City of New York

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-131 Posting of signs.

a. The commissioner shall be required to post signs pursuant to sections 10-158 and 10-158.1 of this code, for the vessel regulation zone and the "no wake area" established by such sections.

b. 1. The commissioner shall be required to establish a telephone reporting system so that the public can notify the department of any accident or hazardous condition which may occur or exist within park property. The commissioner shall have signs posted in all public parks, playgrounds, including jointly operated playgrounds, beaches and pools which shall contain the telephone number for reporting any accident or hazardous condition that occurs or exists within such public facility.

2. The commissioner shall be required to maintain a record of reports of such accidents or hazardous conditions by borough and service district which shall be provided to the council and mayor on an annual basis. Such report shall include any action taken by the department in response to such reported accident or hazardous condition.

3. Such notice of accident which the commissioner shall receive according to the provisions of this section shall not be sufficient notice as required under article four of the general municipal law.

c. The commissioner shall post the following at all comfort stations at all bathing beaches under the jurisdiction of the department, on its official website, and at such other places or times as the commissioner shall deem appropriate or as required by law, rule or regulation:

1. The dates and the results of departmental inspections of the bathing beach at which such information is

posted. Such information shall be posted within three days of the completion of the inspection cycle in which such inspection was made.

2. The availability of information regarding bathing beaches from the department of health and mental hygiene, which shall include, but not be limited to, the following:

(i) a statement of the availability of information posted pursuant to paragraph three of this subdivision on the department of health and mental hygiene's official website and provided to the 311 citizen service center;

(ii) if a particular bathing beach is under advisory or closed, the reason for such advisory or closure;

(iii) an explanation of how to file a beach-related illness complaint;

(iv) any other information the commissioner of health and mental hygiene shall deem appropriate or as required by law, rule or regulation.

3. The commissioner of health and mental hygiene shall make the information in subparagraphs ii through iv of paragraph two of this subdivision available on its official website and to the 311 citizen service center. In addition, the commissioner of health and mental hygiene shall make available on its official website and to the 311 citizen service center the information set forth in subparagraphs i through vi of this paragraph, and shall make the information in subparagraphs i, ii and iv of this paragraph available within twenty-four hours of receiving the results of any test performed, or by the end of the business day following receipt of the results of any test performed, whichever is later.

(i) the single day enterococci geometric mean for samples taken at a particular bathing beach by the department of health and mental hygiene;

(ii) the enterococcus bacteria thirty day geometric mean for such particular bathing beach;

(iii) an explanation as to the enterococcus bacteria level that could affect a closure at the particular bathing beach;

(iv) dates and results of any inspections or tests made pursuant to New York city health code article one hundred sixty-seven;

(v) an explanation as to the weather and other conditions that could result in issuing an advisory or closing the particular bathing beach;

(vi) any other information the commissioner of health and mental hygiene shall deem appropriate or as required by law, rule or regulation.

4. The commissioner of health and mental hygiene shall make the information required by paragraphs two and three of this subdivision, and such other information deemed appropriate by the commissioner of health and mental hygiene, accessible on the official department website for a period of at least one year. In addition, on or before the first day of November of each year, the commissioner of health and mental hygiene shall forward a combined report of the dates and results of all inspections of all bathing beaches and the dates and reasons for any advisory or closure, and such other information deemed appropriate by the commissioner of health and mental hygiene, for the Friday preceding the last Monday of May until the Friday after the first Monday of September of each year, to the mayor, the public advocate and the speaker of the council.

d. The commissioner shall post the dates and results of departmental inspections of property under the jurisdiction of the department on its official website within seven days of the completion of the inspection cycle in which such inspection was made, except that information regarding the inspections of bathing beaches shall be posted within three days of the completion of the inspection cycle in which such inspection was made, in accordance with

paragraph one of subdivision c of this section. The results of each inspection shall be accessible on the official department website for a period of at least one year. In addition, the commissioner shall forward a combined report of such inspection results to the mayor, the public advocate and the speaker of the council for each fiscal year by the first day of August of the next succeeding fiscal year.

**HISTORICAL NOTE**

Section amended L.L. 29/2005 § 2, eff. Apr. 4, 2005. [See Note 1]

Section added L.L. 48/1990 § 3 eff. August 16, 1990. [See Note after

§ 10-158.]

Subd. a separately amended L.L. 117/2005 § 3, eff. Mar. 29, 2006. [See

§ 10-158.1 Note 1]

**NOTE**

1. Provisions of L.L. L.L. 29/2005:

Section 1. Declaration of legislative findings and intent. As a way to increase public awareness of beach and park cleanliness and to ensure greater transparency and accountability in government, the Council finds that the Department of Parks and Recreation (DPR) ought to publish inspection data for parks and beaches on its official website. Bathing beach cleanliness data will be made available by posting results of water quality sampling obtained by the Department of Health and Mental Hygiene on its official website and having information posted at all bathing beaches operated by the City of New York. This information will inform the public of bathing beach water quality data, including acceptable bathing levels. In addition, the beach posting provisions require that DPR post the date and results of the last inspection of the beach and ancillary areas.

This law also requires DPR to post on its official website the date and results of all inspections of all DPR properties, including, but not limited to parks and beaches, and to provide the public with an easy-to-use mechanism to search for the ratings of their local park property. In addition, this law will correct a technical error in the Administrative Code of the City of New York, in that two sections are numbered § 18-131. To correct this, both sections have been combined under the title "Posting of signs."

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-132 Displaying a POW/MIA flag over public property.

1. Until such time as all members of the United States Armed Forces listed either as missing in action or prisoners of war are accounted for by the United States government, the commissioner shall assure, subject to subdivisions 2 and 3 of this section, that the Prisoner of War/Missing in Action (POW/MIA) flag is flown over all public property under the jurisdiction of the commissioner whenever the American flag is flown over such property.

2. Within sixty days following the effective date of the local law that added this section, the POW/MIA flag shall be flown in twenty-five percent of all parks under the jurisdiction of the commissioner, including all parks under the jurisdiction of the commissioner that bear the name of a veteran of the United States Armed Forces or that include the word "Memorial" in the park name, whenever the American flag is flown over such property.

3. Within three years following the effective date of the local law that added this section, the POW/MIA flag shall be flown over all public property under the jurisdiction of the commissioner whenever the American flag is flown over such property.

4. The commissioner shall submit to the Mayor and the Speaker of the City Council an annual report indicating all public property under the jurisdiction of the commissioner over which the POW/MIA flag is flown. Such reporting requirement shall terminate upon full compliance with the requirements set forth in subdivision 3 of this section, at which time the commissioner shall submit a final report to the Mayor and to the Speaker of the City Council indicating all public property under the jurisdiction of the commissioner over which the POW/MIA flag is flown.

Section added L.L. 32/2003 § 2, eff. May 23, 2003. [See Note 1]

NOTE 1. Provisions of L.L. 32/2003: Section 1. Legislative intent. The Prisoner of War/Missing in Action (POW/MIA) flag was designed to honor and express the United States' gratitude to those members of the United States Armed Forces who have been or remain prisoners of war, and those who remain missing in action. the POW/MIA flag is a powerful symbol of our nation's concern and commitment to determining, as fully as possible, the fates of American military personnel still imprisoned or missing overseas. It is the Council's intent to require the POW/MIA flag to be flown over every piece of property under the jurisdiction of the department of parks and recreation, whenever the American flag is flown over such property. Furthermore, although it is the Council's desire to require the department of parks and recreation to fully implement this program immediately, given New York City's current fiscal constraints, this program will be implemented over a three-year period.

Title 18 Parks

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-133 Adopt-A-Park Program.

a. Definitions. For the purposes of this section, "sponsor" shall mean the person(s) or group(s) that have entered into an agreement with the department with respect to the maintenance, renovation and agreement requirements provided for in the Adopt-A-Park program.

b. The commissioner is authorized to enter into agreements with one or more individuals, corporations, partnerships or other entities, other than political candidates and their campaign organizations, to sponsor any park, playground, beach, pool, recreation center, ballfield, green space, greenstreet, vehicle, equipment, structure or other property under the jurisdiction of the department, except as provided in subdivision g of this section. Such sponsor may elect to be recognized by a sign at or on the area sponsored which shall not be larger than the standard sign used by the department. The commissioner shall erect such signs in a manner that best preserves the aesthetic quality of the sponsored area. Where the erection of such a sign is impossible, requires approval by another governmental entity or is otherwise prohibited by law, the department and the sponsor may agree to another form of recognition.

c. Sponsorship agreements may be entered into for a period of one to eight years from the date of the agreement. Nothing herein shall prohibit more than one sponsor at a particular site, and a sponsor may enter into agreements with the department to sponsor more than one site.

d. The department and the sponsor may renew an agreement for a term which shall be at the discretion of the commissioner, but is not to exceed the limits designated in subdivision c of this section. The existing sponsor may apply for renewal of the agreement no less than thirty days before the expiration of the agreement.

e. Nothing herein shall be construed to mean that the property or structure sponsored has been renamed for the sponsor or gives the sponsor or an agent or member thereof any authority to sell or display merchandise or use the sponsored area in any manner inconsistent with the New York city charter or any statute, law, rule or regulation. No sponsorship shall impede or impair in any way any concession or lease agreement between the department and any other individual or entity.

f. (1) Sponsors shall make a sponsorship payment to be determined by the commissioner, which shall reflect the size and nature of the sponsored area and the maintenance, level of use, security and program costs or any portion thereof to be undertaken or provided for by the sponsor. Such sponsorship payments shall be treated as private categorical grants and shall be used solely by the department for the sponsored area for park maintenance, capital projects, security, recreation, art and educational programs and the acquisition and development of parkland and related structures or facilities. Any grant in the amount of five thousand dollars or more shall be separately identified.

(2) Notwithstanding the provisions of paragraph one of this subdivision, the commissioner may enter into a sponsorship agreement at a reduced sponsorship payment or no sponsorship payment with one or more organizations or individuals who undertake the responsibility to perform uncompensated volunteer assistance of beautification and/or clean-up work consistent with departmental standards.

(3) Any sponsorship agreement shall hold the city harmless from liability for any damage or injury arising from such sponsorship and shall provide for indemnification of the city by the sponsor in the event that any judgment or other financial obligation is imposed upon the city with respect to such sponsorship.

g. (1) The provisions of this section shall not apply to any park or facility under the jurisdiction of the department that has a trust, conservancy, or partnership with the department whose annual contributions exceed five hundred thousand dollars to the park or facility.

(2) The commissioner may only enter into sponsorships with those individuals or groups in a manner consistent with the integrity of the park, playground, facility or property.

h. The comptroller shall have the power to audit and investigate all matters relating to the finances and the financial operations of the program.

**HISTORICAL NOTE**

Section added L.L. 55/2003 § 2, eff. Dec. 3, 2003. [See Note 1]

**NOTE**

1. Provisions of L.L. 55/2003:

Section 1. Declaration of legislative findings and intent. Due to the increased cost of maintenance and the necessity to increase revenue for the preservation of our precious parkland, particularly neighborhood parks, open space and urban forest, the Council believes it is appropriate to create a source of funding through community involvement and direct financial giving. This program is not intended to rename any park property or structure, but to provide another mechanism whereby individuals, community groups, businesses and corporations can help the city preserve its precious land and recreational programs. Through local community commitment, this program is designed to provide another avenue of assistance for all parks, from small playgrounds and greenstreets to beachfronts, pools and recreation centers. The revenue generated through this program is intended to supplement all allocations and sources of revenue for the Department of Parks and Recreation.

CHAPTER 1 DEPARTMENT OF PARKS AND RECREATION

§ 18-134 Annual report on non-governmental funding for parks.

Beginning December 1, 2009 and annually thereafter, the commissioner shall submit a report to the council for the immediately preceding fiscal year on funding and donations provided by non-governmental sources to parks under the jurisdiction of the department. Such report shall include (i) the amount of funding allocated and the value of goods donated by organizations or individuals to the department by park where such funding or goods are designated for a particular park, or by service district or borough if there is no such designation, provided that such funding and value is more than five thousand dollars; and (ii) the amount of funding allocated and the value of goods donated by organizations and individuals for each park where such information is provided by such organization or individual exempt under applicable provisions of the Internal Revenue Code who file IRS Form 990 based on their having annual gross receipts of more than twenty-five thousand dollars, or for each service district or borough where such information is so designated. Such report, to the extent practical, shall list organizations and individuals allocating such funds or donating such goods, provided that any such organization or individual allocating such funds or donating such goods anonymously shall be listed without identifying information.

CHAPTER 2 SUMMER CAMPS FOR CHILDREN

§ 18-201 Summer camps for children.

a. The board of estimate, within the amounts appropriated therefor, is authorized to establish camps in spaces provided therefor in parks adjacent to the city under the jurisdiction and control of the state council of parks, recreation and historic preservation. Such camps shall be used to furnish free instruction and maintenance of children between the ages of six and sixteen years and shall be under the jurisdiction of such agency as may be designated by the board.

b. Such agency shall provide opportunity for children to receive instruction which shall not exceed ten hours per week in camp sanitation, elementary hygiene, first aid to the injured, life saving, swimming and physical training and such other similar subjects as it may deem proper. Such agency shall prescribe rules and regulations for admission to such camps and the conduct and discipline thereof.

c. Such camps shall be operated between July first and August thirty-first of each year. Children shall be entitled to free instruction and maintenance in any such camp for a period of only two weeks during any one year.

d. Such agency shall make an annual report to the mayor on or before the fifteenth day of February of matters relating to carrying out the provisions of this section.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-103 Permits.

a. In addition to any of the requirements specified in this subchapter and except as hereinafter specifically provided, all permits issued by the commissioner pursuant to this subchapter shall be subject to the provisions of this section and any rules promulgated pursuant thereto. All applications for permits shall be submitted to the commissioner in such form and shall contain such information as the commissioner shall prescribe.

b. Each permit shall be subject to such reasonable conditions as the commissioner may determine are necessary to protect public safety and to safeguard the interests of the city.

c. The commissioner may require that an applicant for a permit deposit cash and/or a bond or other form of security with the city in an amount which the commissioner determines may be necessary to cover and pay all of the expenses, costs and liability that the city may incur as a result of the activity for which the permit is to be issued, to insure prompt compliance with the terms and conditions of the permit or to otherwise safeguard the interests of the city.

d. The commissioner may suspend review of applications for permits pending (i) payment by an applicant of outstanding fines, civil penalties or judgments imposed or entered against such applicant by a court or the environmental control board pursuant to this subchapter, (ii) payment by an applicant of outstanding fees or other charges lawfully assessed by the commissioner against such applicant pursuant to this subchapter and/or (iii) satisfactory compliance by an applicant with a request for corrective action or order issued by the commissioner

pursuant to this subchapter.

e. 1. The commissioner may, after giving the permittee notice and an opportunity to be heard, revoke or refuse to renew a permit: (a) for failure to comply with the terms or conditions of such permit or the provisions of this subchapter or of section 24-521 of the code or the rules or orders of the department in carrying out the activity for which the permit was issued;

(b) whenever there has been any false statement or any misrepresentation as to a material fact in the application or accompanying papers upon which the issuance of the permit was based; or

(c) whenever a permit has been issued in error and the conditions are such that the permit should not have been issued.

2. Notwithstanding the foregoing provision, if the commissioner determines that an imminent peril to life or property exists, the commissioner may revoke a permit without affording the permittee an opportunity to be heard prior to such revocation. The permittee shall have an opportunity to be heard, in accordance with the rules of the department, within five days after such revocation.

f. The commissioner may refuse to issue a permit to an applicant (i) who has exhibited a pattern of disregard for the provisions of this subchapter, of section 24-521 of the code, the rules or orders of the department in relation thereto or the terms or conditions of permits issued pursuant to such provisions, or (ii) who has been found liable by a court or in a proceeding before the environmental control board for a violation of any provision of this subchapter, of section 24-521 of the code, of a rule or order of the department in relation thereto or of a term or condition of a permit issued pursuant to such provision, which violation caused an imminent peril to life or property.

g. The commissioner, consistent with article twenty-three-A of the correction law, may refuse to issue a permit if the applicant or any officer, principal, director or stockholder of such applicant owning more than ten percent of the outstanding stock of the corporation has been convicted of a crime which in the judgment of the commissioner has a direct relationship to fitness or ability to perform the activity for which the permit is required.

h. 1. If the commissioner finds that a permittee or any employee, agent, independent contractor or other person engaged in performing an activity for which a permit has been issued has violated the terms or conditions of such permit or any provision of this subchapter or of section 24-521 of the code relating to the activity for which the permit has been issued or any order issued by or rule promulgated by the commissioner pursuant thereto or that a condition exists in any street which is in violation of a provision of this subchapter or of section 24-521 of the code or any order issued by or rule promulgated by the commissioner pursuant thereto, unless the condition is an imminent threat to life or safety, the commissioner may (i) notify the permittee or other responsible person of the condition found by the commissioner to constitute such violation and request that action be taken to correct the condition in such a manner and within such period of time as shall be set forth in such request, and (ii) afford such permittee or other responsible person an opportunity to contest the commissioner's finding in a manner to be set forth in the rules of the department. The commissioner may assess a fee for the administrative expense and the expense of additional inspections which the department may incur as a result of such condition.

2. The provisions of this subdivision shall not be construed to limit the power of the commissioner to take any other action authorized pursuant to thhis subchapter with respect to any violation, including but not limited to, the commencement of an action or proceeding in a court or before the environmental control board or to require that the commissioner resort to the procedure set forth in this subdivision as a prerequisite to the commencement of an action or proceeding in a court or before the environmental control board or the taking of any other action authorized pursuant to this subchapter with respect to a violation.

i. As used in this section, the term "permit" includes a license.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-107 Temporary closing of streets.

a. (i) Except as otherwise provided by law, it shall be unlawful for any person to close any street, or a portion thereof, within the jurisdiction of the commissioner, to pedestrian or vehicular traffic without a permit from the commissioner.

(ii) The commissioner may temporarily close or may issue a permit to temporarily close to pedestrian or vehicular traffic any street, or a portion thereof, within his or her jurisdiction, when, in his or her judgment, travel therein is deemed to be dangerous to life, in consequences of there being carried on in such street activities such as building operations, repairs to street pavements, sewer connections, or blasting for the purpose of removing rock from abutting property, or upon advice from the police commissioner, fire commissioner or commissioner of the office of emergency management that such closure will promote or protect safety or life, or when such closure may be necessary for a public purpose. In such event, the commissioner shall make available to the community board and council member in whose district such street is located information regarding any such closure which continues beyond five business days, state the reason or reasons for such closure and the estimated date for the street, or any portion thereof, to reopen.

b. In the event that a publicly mapped street that is used for vehicular or vehicular and pedestrian access, for which vehicular access is fully closed for more than one hundred eighty consecutive days, the commissioner shall issue or cause to be issued a community reassessment, impact and amelioration (CRIA) statement that has been approved by the commissioner or other government entity initiating the street closure which shall be delivered to both the

community board and the council member in whose district the street is located on or before the two hundred tenth day of the closure. Such CRIA statement shall contain the following: the objectives of the closure and the reasons why the continued street closure is necessary to attain those objectives, which in the case of a closure initiated by a local law enforcement agency for security reasons shall be satisfied by a statement from the local law enforcement agency that the street has been closed and will remain closed for security reasons; identification of the least expensive alternative means of attaining those objectives and the costs of such alternatives, or a statement and explanation as to the unavailability of such alternatives, which in the case of a closure initiated by a local law enforcement agency for security reasons shall be satisfied by a statement from the law enforcement agency that there are no alternative means available; how the continued street closure will impact access and traffic flow to and within the surrounding community, including but not limited to, access to emergency vehicles, residences, businesses, facilities, paratransit transportation and school bus services; and any recommendations to mitigate adverse impact and increase access to and within the area. In the case of a closure initiated for security reasons, the police department shall ensure that the CRIA statement does not reveal non-routine investigative techniques or confidential information or potentially compromises the safety of the public or police officers or otherwise potentially compromise law enforcement investigations or operations, provided that the issuance of the CRIA statement shall not be delayed beyond the required time period. The requirement for the issuance of a CRIA statement as described in this subdivision may be satisfied by delivery of an environmental assessment statement, environmental impact statement, or similar document required by law to be prepared in relation to the street closure. Prior to the issuance of a CRIA statement, the commissioner, in the case of a closure for which a permit issued by the department is required, shall hold at least one public forum, publicized in advance, in any affected community at which the community may register its input concerning any potential adverse impacts of the street closure, including but not limited to concerns regarding timeliness of emergency vehicle response and traffic congestion resulting in a potential increase in noise and any other adverse conditions caused by the closure. In the case of a street closure effectuated for security reasons by a local law enforcement agency, such law enforcement agency shall hold the public forum provided herein. Following the public forum(s), the council member in whose district the street closure is located may forward to the government entity which held the public forum(s) issues raised at the public forum(s) by the participants. The government entity which held the public forum(s) shall make its best efforts to respond to the issues raised, utilizing the expertise of other city agencies if appropriate, and shall provide such response to be appended to the CRIA statement. In the case that an environmental assessment statement, environmental impact statement, or similar document is substituted in lieu of the CRIA statement, as provided for above, the public forum provisions provided herein shall still apply.

c. For purposes of this section, a "street closure" shall not include a street closure undertaken by a federal or state governmental entity.

**NOTE**

1. Provisions of L.L. L.L. 24/2005:

§ 2. This local law shall take effect one hundred eighty days after it is enacted into law and shall apply to any street closures which commence after the day this local law is enacted into law, except those street closures related to construction pursuant to a project for which a bid has been issued by the city prior to the effective date of this local law, and provided further that it shall apply to those closures initiated by a local law enforcement agency for security reasons, which, if closed prior to the enactment of this local law, shall be deemed to have commenced on the date of enactment of this local law. However, if the government entity responsible for issuing the community reassessment, impact and amelioration (CRIA) statement described in subdivision b for such closure initiated by a local law enforcement agency for security reasons and in effect on the date of enactment of this local law is unable to complete such statement within two hundred ten days of the date of enactment of this local law, the commissioner shall so notify the council member in whose district the street closure is located and the time within which to issue the CRIA statement shall be extended to no more than one hundred eighty additional days, provided that a public forum is held within the first two hundred ten days. In addition, the commissioner of transportation may take any actions necessary prior to such effective date for the implementation of this local law, and shall adopt any necessary rules including, but not limited to, rules that may require a public or private entity seeking permission for a street closure to prepare the CRIA statement.

**CASE NOTES**

Section 19-105 was derived from § 692-5.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 48 (formerly § 82d-2.0).

Formerly 19-106 added chap 907/1985 § 1

Formerly 692-6.0 added chap 929/1937 § 1, renumbered chap 100/1963 § 49 (formerly § 82d-3.0). Subs d, e, g amended chap 100/1963 § 49

Formerly 19-154 required protections at excavations like fences or guard rails. Added by chap 907/1985 § 1 it was deleted by LL 104/1993 § 1 and generally incorporated into § 19-109. Section 19-154 was derived from § 693a-2.0 added LL 43/1961 § 1, renumbered chap 100/1963 § 129 (formerly § 83-4.1).

**CASE NOTES FROM FORMER SECTION 19-106**

¶ 1. In action to recover for injuries sustained when plaintiff fell into an unguarded hole left in sidewalk by defendant's removal of pole supporting a sign, defendant should have been permitted to plead that the hole was made under a permit from the City, in order to meet a possible claim that it had committed an absolute nuisance.-Nuccio v. L.I.R.R., 262 App. Div. 763, 27 N.Y.S. 2d 655 [1941].

¶ 2. Plaintiff **held** barred by contributory negligence from recovering for injuries sustained when she fell over a two-inch rubber hose temporarily placed across the sidewalk for purpose of delivering fuel oil to premises abutting the sidewalk, it being broad daylight and the hose lying flat upon the ground and in plain view.-Levine v. Vijack Coal Corp., 102 (147) N.Y.L.J. (12-27-39) 2325, Col. 5 M.

¶ 3. Plaintiff who was injured when he fell into a highway excavation five feet long, three feet wide and four feet deep made by gas company's employees on crosswalk at street intersection in the course of repairing a gas leak in a transmission main, **held** entitled to damages from the gas company on ground the company was negligent in failing to take adequate precautions to warn person using the sidewalk at night of the excavation it had made in close proximity to the curb. The presence of stanchions located five feet apart with a piece of white tape an inch in width stretched between them was not a "fence or railing" within meaning of Administrative Code § 82d-3.0, requiring such a fence or railing about an excavation as will prevent danger to persons traveling the streets.-Baer v. Consol. Edison Co., 130 (118) N.Y.L.J. (12-18-53) 1503, Col. 5 F.

¶ 4. Where the defendant had been issued a permit to excavate a sidewalk and as a result of the negligent backfilling of the excavation a child was caused to fall and sustain injuries and both the licensee and the City had been held liable, the City was entitled to recover over against the licensee.-Sims v. Consolidated Edison Co., 133 (107) N.Y.L.J. (6-2-55) 7, Col. 7 T.

¶ 5. A subcontractor in charge of installation of underground electrical conduit system for a utility, pursuant to a city permit, failed to erect suitable barriers and warnings and as a result a motorist ran into an excavation. **Held:** the City as well as the utility and the contractor was liable but the City could recover back against the utility and the contractor.-Williams v. Consolidated Edison Company, 143 (3) N.Y.L.J. (1-6-60) 11, Col. 7 M.

¶ 6. Work mentioned in Ad Cd §19-106 such as digging down, paving or obstructing a public street must be obtained under contract with the city or by permission of the city for the city to be liable. Petrucci v. City of New York, 167 Ad 2d 29 [1991].

**CASE NOTES FROM FORMER SECTION 19-105**

¶ 1. Court properly instructed jury that it could find some evidence of negligence from failure of defendant to place a suitable notice of obstructions in a conspicuous place even though the Department of Highways never prescribed the form of the notice since in the absence of a prescribed form the intent of the statute requires the posting of a reasonably suitable notice.-Shulman v. Consolidated Edison Co., 85 App. Div. 186 [1982].

¶ 2. Section 19-105 of the Administrative Code of the City of New York which requires the posting of notices regarding unsafe conditions and obstructions created by the excavation of roadways and/or sidewalk cuts is not unconstitutionally vague because the terms "unsafe conditions" and "obstructions" have an accepted meaning long recognized in law and life thereby giving sufficient notice to defendant as to what is required to avoid liability. People v. Consolidated Edison Co., 146 Misc. 2d 547.

**CASE NOTES FROM FORMER SECTION**

¶ 1. The City issued a permit for the opening of an area. The plaintiff fell over an obstruction of uneven cobblestone left by the excavation contractor. **Held:** the City was equally liable with the permit holder and the contractor, since the obstruction was noticeable for a month. However, the City was entitled to recover on its cross-complaint against the permit holder and the contractor, since the knowledge of the City, if any, was constructive.-Sobel v. the City of New York, 9 N.Y. 2d 187, 213 N.Y.S. 2d 36, 173 N.E. 2d 771 [1961].

¶ 2. Where city through its Department of Highways temporarily repaired potholes in area of accident but there was then a cave-in condition city was entitled to recover from co-defendant in the total amount of recoveries in favor of plaintiffs in their negligence action although city had constructive but not actual notice of the condition which caused the accident.-Meyer v. City of N.Y., 48 A.D. 2d 930, 370 N.Y.S. 2d 17 [1975].

¶ 3. City is not entitled to indemnification from the municipal transit authority pursuant to Ad Cd §19-107 which provides that those performing work for the city shall be answerable for damage from careless performance. City is not negligent because city did not contract or give permission for the work. Petrucci v. City of NY 167 Ad2d 29 [1991].

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-112 Ramps on curbs.

In the construction and installation of all new and reconstructed curbs at corner located street intersections and pedestrian crosswalks not located at street intersections, provision shall be made for the installation of the following: two ramps at corners located at street intersections and one ramp at pedestrian crosswalks not located at street intersections. Such ramps shall be no less than four feet wide and shall blend to a common level with the roadway. If a common level is unobtainable, then the lip of such ramps shall not exceed a maximum of five-eights of an inch and shall have a rounded edge. The slope of such ramp shall not exceed eight per cent. This section shall apply to all construction of new curbs and to all replacement of existing curbs. The commissioner shall have discretion to waive one of the two mandatory ramps at corners located at street intersections where any of the following obstacles exists preventing construction of such ramp within an intersection: fire hydrants, light poles, traffic signals, fire alarms, or free-standing police alarms, underground vaults, tunnels, utility maintenance holes (manholes), chambers or where the gradient of the street on which the ramp is to be located or an intersecting street exceeds a gradient of 1:8. The commissioner may waive the construction of both such ramps where the existence of underground vaults, tunnels, utility maintenance holes (manholes) and chambers would either prevent the safe construction of such ramps or render impossible the construction of such ramps to proper specifications without removal of said underground installations. A certification to such effect shall be made part of the engineering design documents for such construction, and a copy thereof shall be filed with the city clerk. Curbs for non-pedestrian routes, such as, but not limited to, service paths for highways and pedestrian restricted traffic islands shall not be subject to the provisions of this section.

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-117 Licensing of vaults.

a. Limitation. It shall be unlawful for any person to erect or build, or cause or permit any vault to be made without a license issued by the commissioner pursuant to this section or a revocable consent issued pursuant to chapter fourteen of the charter and the rules adopted by the commissioner pursuant thereto. All vaults shall be constructed in accordance with the provisions of the building code of the city of New York. A license issued pursuant to this section shall not authorize the construction of a vault which extends further than the line of the sidewalk or curbstone of any street.

b. Licenses. Every application for a license to erect a vault shall be in writing, signed by the person making the same, and shall state the intended length and width of such vault and the number of square feet of ground which is required therefor.

c. Compensation. Upon receiving such license the applicant therefor shall forthwith pay to the commissioner such sum as the commissioner shall certify in the license to be a just compensation to the city for such privilege, calculated at the rate of not less than thirty cents, nor more than two dollars, per foot, for each square foot of ground mentioned as required for such vault.

d. Measurement. In the case of a new vault, before the arching or covering thereof shall be commenced, the person to whom the license for such vault shall have been granted shall cause the same to be measured by a city surveyor. Such surveyor shall deliver to the commissioner, a certificate, signed by the surveyor, specifying the

dimensions of the vault. The certificate shall be accompanied by a diagram showing the square foot area of the vault, including its sustaining walls, and indicating its location relative to the building and curb lines and to the nearest intersecting street corner. In the case of an existing vault, the person claiming the right to the use thereof shall furnish a like certificate and diagram in respect thereof, but in such case the measurement shall exclude the sustaining walls.

e. Refunds. If, from subsequent measurements, it shall appear that less space has been taken than that paid for, the licensee shall be entitled to receive a certificate from the commissioner showing the difference. Upon the presentation of such certificate of difference to the comptroller, the comptroller shall pay a rebate to the licensee, the amount of which shall be the difference in money between the space fee originally paid and the fee for space actually taken.

f. Unauthorized encroachments. If it shall appear that the vault or cistern occupies a grater number of square feet than shall have been so paid for, the owner thereof shall, in addition to the penalty imposed for such violation pursuant to section 19-149 or 19-150 of this subchapter, forfeit and pay twice the sum previously paid for each square foot of ground occupied by the vault over and above the number of square feet paid for as aforesaid.

g. Responsibility. The master builder who shall complete or begin the construction of a vault, and the owner or person for whom the same shall be excavated or constructed shall be subject to the provisions and payments of this section and sections 19-118, 19-119, and 19-120 of this subchapter and to the penalties for violations thereof, severally and respectively.

h. Exemption. Openings over which substantial and securely fixed gratings of metal or other noncombustible material have been erected in accordance with the provisions of this section and sections 19-118, 19-119 and 19-120 of this subchapter, shall be exempted from payment of fees for licenses for vaults, provided such openings be used primarily for light and ventilation, and provided such gratings are of sufficient strength to sustain a live load of three hundred pounds per square foot and are constructed with at least forty percent of open work.

**HISTORICAL NOTE**

Section amended L.L. 104/1993 § 1, eff. Jan. 27, 1994.

Section added chap 907/1985 § 1

Formerly § 692e-1.0 added chap 929/1937 § 1

Renumbered and amended chap 100/1963 § 62

(formerly § 82d5-1.0)

Sub a amended LL 76/1968 § 46

Sub i added LL 54/1977 § 62

**CASE NOTES FROM FORMER SECTION**

¶ 1. The right of the property owner to maintain a vault under the sidewalk in front of the premises is a temporary privilege revocable at will by the City, and may be converted into a nuisance whenever municipal authorities exercise the power to direct its removal.-Rosenthal v. West, 78 N.Y.S. 2d 398 [1948], rev'd on other grounds, 274 App. Div. 442, 84 N.Y.S. 2d 452 [1948].

¶ 2. Maintenance of vault under sidewalk in front of the premises constituting the subject matter of the contract of

sale, without payment of the license fee imposed by the City for the privilege of maintenance of the vault, was a violation of law, and, under contract clause requiring conveyance of the premises free of any violations "against or affecting the premises" it was the duty of the seller, and the buyer, to pay the balance due on the license.-Rosenthal v. West, 274 App. Div. 442, 84 N.Y.S. 2d 452 [1948].

¶ 3. Where the judgment established that the immediate cause of the injuries to plaintiff resulting from a fall into a broken and uncovered coal hole in front of defendant J's building was the affirmative wrongdoing of defendants D and O, who had backed their truck onto the sidewalk and over the coal hole, breaking the cover, and the City had been held liable for suffering an improper condition to continue after it knew or should reasonably have known about it, the City was guilty merely of passive negligence, and was entitled to be indemnified by defendants D and O. When the City authorized maintenance of the coal hole and granted a permit for that purpose, it did not thereby create an unreasonable danger to person or property, and was not thereby guilty of active negligence.-City of N.Y. v. Jordon, 123 (16) N.Y.L.J. (1-24-50) 291, Col. 7 F.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-121 Construction and excavation sites; storage of materials and equipment on street.

a. Permit. It shall be unlawful for any person to obstruct, or cause to be obstructed, any portion of a street with construction materials or equipment, unless authorized by a permit issued by the commissioner.

b. Conditions. In addition to any other conditions which may be set forth in such permit or in the rules of the department, the following conditions shall apply:

1. Any permit granted pursuant to this section shall be posted in a conspicuous place on or near the material or equipment or kept on the site or in the designated field headquarters of the work with respect to which the permit was issued so as to be readily accessible to inspection.

2. Sidewalks, gutters, crosswalks and driveways shall at all times be kept clear and unobstructed, and all dirt, debris and rubbish shall be promptly removed therefrom. The commissioner may authorize encumbrance of the sidewalk with equipment or material in a manner which will not prevent the safe passage of pedestrians on such sidewalk.

3. The outer surface of such construction material or equipment shall be clearly marked with high intensity fluorescent paint, reflectors, or other marking which is capable of producing a warning glow when struck by the headlamps of a vehicle or other source of illumination.

4. All construction material and equipment shall have printed thereon the name, address and telephone number of the owner thereof.

5. In a street upon which there is a surface railroad, construction materials or equipment shall not be placed nearer to the track than five feet.

6. The street under such construction material or equipment shall be shielded by wooden planking, skids or other protective covering approved by the commissioner.

7. Construction material or equipment shall not obstruct a fire hydrant, bus stop or any other area as set forth in the rules of the department the obstruction of which would impair the safety or convenience of the public.

c. Removal of unauthorized obstructions. The commissioner may remove any construction material or equipment placed in or upon any street in violation of this section, the rules of the department or the terms or conditions of a permit issued pursuant to this section. If the identity and address of the owner is reasonably ascertainable, notice of the removal shall be sent to the owner within a reasonable period of time after the removal. If such material or equipment is not claimed within thirty days after its removal, it shall be deemed to be abandoned. If the equipment is a vehicle, its disposition shall be governed by section twelve hundred twenty-four of the vehicle and traffic law. All other unclaimed material or equipment may be sold at public auction after having been advertised in the City Record and the proceeds paid into the general fund or such unclaimed material or equipment may be used or converted for use by the department or by another city agency or by a not-for-profit corporation engaged in the construction of subsidized housing. Material or equipment removed pursuant to this subdivision shall be released to the owner or other person lawfully entitled to possession upon payment of the costs of removal and storage as set forth in the rules of the department and any fines or civil penalties imposed for the violation or, if an action or proceeding for the violation is pending in court or before the environmental control board, upon the posting of a bond or other form of security acceptable to the department in an amount which will secure the payment of such costs and any fines or civil penalties which may be imposed for the violation.

Sub f par a amended LL 9/1984 § 2

Formerly 19-125 dealt with contractors paving a street incumbering sidewalks with material without a permit.

Added by chap 907/1985 § 1 it was deleted by LL 104/1993 § 1 and generally incorporated into § 19-121. Section 19-125 was derived from § 692f-7.0 added chap 929/1937 § 1, amended LL 172/1939 § 2, renumbered and amended chap 100/1963 § 90 (formerly § 82d7-11.0).

Formerly 19-147 dealt with unlawfully taking up a sidewalk, but did not apply to persons making repairs. Added by chap 907/1985 § 1 it was deleted by LL 104/1993 § 1 and generally incorporated into § 19-121. Section 19-147 was derived from § 693-1.0 added chap 929/1937 § 1, renumbered chap 100/1963 § 58 (formerly § 82d1-7.0), Sub a amended chap 100/1963 § 58.

**CASE NOTES FROM FORMER SECTION 692f-1.0**

¶ 1. The Department of Highways does not have the power under the terms of this section to suspend a permit once validly issued.-People v. Psaty and Fuhrman, Inc., 39 Misc. 2d 435, 240 N.Y.S. 2d 830 [1963].

¶ 2. The owners of property under construction, obtained a permit for use of a roadway to store building materials and for use of a crane extending into the roadway. The permits were violated in that the crane extended too far into the roadway and building materials were stored in excess of the allowable 8 feet of the roadway. Summonses issued by police officers were served upon the individual who violated the Code. **Held:** civil penalty could be exacted from the permitttee who violated a non-delegable duty.-City of N.Y. v. Benenson, 41 Misc. 2d 20, 244 N.Y.S. 2d 653 [1963].

¶ 3. A civil penalty can be imposed upon an employee who violates this section and this sanction can be imposed even though he has not been criminally convicted for its violation as the legislature intended to provide both criminal sanctions and civil penalties. His prior acquittal of the criminal charge against him is not admissible in the subsequent civil action to prove innocence.-City of N.Y. v. Carolla, 48 Misc. 2d 140, 264 N.Y.S. 2d 408 [1965].

CASE NOTES FROM FORMER §19-122 ¶ 1. "Owner" of receptacles provided to builders for the collection of construction and demolition debris is not required to get street use permit pursuant to Ad Cd §19-122 because subdivision a requires a "builder" to obtain a permit as distinguished from the owner of the receptacle. Furthermore, such dumpsters must be proved to contain building debris and not just ordinary garbage. People v. Flag Container Service Inc., 150 Misc. 2d 523 [1991]. ¶ 2. Owners and builders can be held criminally liable by the terms of §19-122 which prohibits the placement of building equipment on asphalt pavement without protective planking violations of §19-122 can be made by "Any person . . .", §19-122(f). The failure of the permit to include planking requirement does not shield defendant from violating this requirement. People v. Allied Sanit. Inc., 156 Misc. 2d 85 [1993].

§ 19-122 Removal of debris.

Any person other than the commissioner of environmental protection or the commissioner of design and construction, who may hereafter pave or cause to be paved any street, shall remove the sand, dirt, rubbish or debris from such street and every part thereof, within seven days after the pavement shall have been completed. In addition to any penalties which may be imposed for violation of this section, either commissioner may cause such sand, dirt, rubbish or debris to be removed at the expense of the party neglecting or refusing so to do, who shall be liable for the amount expended by the city. This section shall be so construed as to apply to the removal of all sand, dirt, rubbish or debris collected in any part of any and all streets covered by any pavement so done or laid, or excavation that may have been made, or other work done in pursuance thereof.

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-123 Commercial refuse containers.

It shall be unlawful for any person using a commercial refuse container or the owner or lessee thereof to place or to permit the placement of such container on any street unless the owner of such container has obtained a permit therefor from the commissioner and unless such container is in compliance with the provisions of this section and the rules of the department in relation thereto. Commercial refuse containers may be placed temporarily on the street for such purposes and in such manner as the commissioner shall prescribe. Such containers shall not be used for the deposit of putrescible waste. The name and address of the owner of the container and the permit number shall be posted on the container in the manner provided in the rules of the department. The container shall be painted with a phosphorescent substance, in a manner to be set forth in the rules of the department, so that the dimensions thereof shall be clearly discernible at night. The street under such container shall be shielded by wooden planking, skids or other protective covering approved by the commissioner. The provisions of this section which require the owner of a container to obtain a permit prior to the placement of such container on the street shall not apply to containers which are specifically authorized to be placed on the street under a permit issued pursuant to section 19-121 of this subchapter.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-124 Canopies.

a. Permit required. It shall be unlawful to erect or maintain a canopy over the sidewalk without a permit granted by the commissioner, and unless such canopy is erected and maintained in accordance with this section and the rules of the department. Such canopies may be erected and maintained:

1. In connection with the entrance to a building or place of business within a building by or with the consent of the owner of the building.

2. In connection with a sidewalk cafe licensed by the commissioner of consumer affairs. Such canopies shall be constructed of a noncombustible frame, covered with flameproof canvas or cloth, approved slow-burning plastic, sheet metal or other equivalent material, securely fastened to the face of the building and supported by posts in the ground or in the sidewalk, located between the building line and the curb line, and not less than eight feet above the sidewalk.

b. Permit conditions. A permit may be issued by the commissioner to erect and maintain a canopy over the sidewalk of any street, in accordance with the rules of the department if deemed by the commissioner as adequate in respect to public safety and convenience and the special circumstances of the particular street or streets. Evidence of the issuance of such permit in a form prescribed by the commissioner shall be displayed at all times and in such manner as the commissioner may direct. No such permit may be issued in streets listed as "restricted streets" in the rules of the department, nor where such permit would extend a non-conforming use in a residence district, as defined by the zoning

resolution of the city.

c. Permit fees. Prior to the issuance of such permit, each applicant shall pay to the commissioner an annual fee as set forth in the rules of the department, except that the fee for a permit for a canopy in connection with a sidewalk cafe licensed by the commissioner of consumer affairs shall be twenty-five dollars.

d. Term; transferability.

1. Each permit shall expire one year from the date of issuance thereof unless sooner revoked by the commissioner.

2. A permit issued hereunder shall not be transferable from person to person or from the location for which it is originally issued.

e. Advertising prohibited. It shall be unlawful to paint, print, stencil or otherwise erect, attach or maintain any advertising sign, picture, flag, banner, side curtain or other device upon any canopy except that it shall be lawful to paint, imprint or stencil directly upon a canopy, within the character and area limitations prescribed by the zoning resolution of the city, the house or street number and/or firm name or duly filed trade name limited to identification and excluding any descriptive words contained in such firm name or duly filed trade name tending to advertise the business conducted in such premises.

f. Obstructing of egress prohibited. No part of any canopy shall be located beneath a fire escape or so located as to obstruct operation of fire escape drop ladders or counterbalanced stairs or so as to obstruct any exit from a building.

g. Violations. The owner or agent of any building and the owner, lessee, tenant, manager or agent in charge of any portion of a building for the use or benefit of which an awning or canopy is erected or maintained shall be liable for a violation of this section.

h. Rules. The commissioner may, except as otherwise provided by law, make rules for the design, construction and maintenance of canopies within the lines of any street and for the removal, storage and disposal of unauthorized canopies as he or she may deem necessary for the safety and convenience of the public.

i. Removal of unauthorized canopies. 1. Notwithstanding any provision of law the commissioner may serve an order upon the owner of any premises requiring such owner to remove or to cause to be removed any unauthorized canopy fastened to or erected in front of his or her building, within a period to be designated in such order. Upon the owner's failure to comply with such order as and within the time specified therein, the department may remove such canopy or cause the same to be removed, the cost of which shall be due and payable and shall constitute a lien against the premises to which such canopy may be attached or in front of which it may be erected when the amount thereof shall have been definitely computed by such department and an entry of the amount thereof shall have been entered in the office of the city collector in the book in which such charges against the premises are to be entered. A notice thereof, stating the amount due and the nature of the charge shall be mailed by the city collector, within five days after such entry, to the last known address of the person whose name appears on the records in the office of the city collector as being the owner or agent or as the person designated by the owner to receive tax bills, or where no name appears, to the premises addressed to either the owner or the agent. If such charge is not paid within ninety days from the date of entry, it shall be the duty of the city collector to collect and receive interest thereon at the rate that would be applicable to a delinquent tax on such property, to be calculated to the ate of payment from the date of entry. Such charge and the interest thereon shall continue to be, until paid, a lien on the premises. Such charge and interest shall be collected and the lien thereof may be foreclosed in the manner provided by law for the collection and foreclosure of the lien of such taxes, sewer rents, sewer surcharges and water rents due and payable to the city, and the provisions of law applicable to the collection and foreclosure of the lien of such taxes, sewer rents, sewer surcharges and water rents shall apply to such charge and the interest thereon and the lien thereof.

2. Service of an order upon an owner pursuant to the provisions of this section shall be made personally upon such owner or by certified mail addressed to the last known address of the person whose name appears upon the records in the office of the city collector as being the owner of the premises or as the agent of such owner or as the person designated by the owner to receive the tax bills or, if no such name appears, at the address set forth as the address of the owner in the last recorded deed with respect to such premises. A copy of such order shall also be filed in the clerk's office of each county where the property is situated and posted in a conspicuous place on the premises.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Plaintiff, who proved that defendant's metal awning bar which he struck was not six feet in the clear above the sidewalk as required by Administrative Code § 82d7-4.0, and that defendant had knowledge of such defective condition for at least three or four days before the accident, made out a prima facie case, and the issues should have been submitted to the jury.-Steinhardt v. Winter, 264 App. Div. 232, 35 N.Y.S. 2d 231 [1942].

¶ 2. City was not enjoined from enforcing provisions of the Administrative Code against an awning maintained by plaintiff for advertising purposes, on ground that, although awning was maintained in violation of law, the City's method of enforcement of laws involved was unconstitutional. The City apparently followed a policy of enforcing alleged violations of law whenever such were called to its attention. There was no showing that the manner of enforcement was intentionally unequal or discriminatory.-Park Check Cashiers, Inc. v. City of N.Y., 149 (8) N.Y.L.J. (1-11-63) 15, Col. 3 F.

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-125 Posts and poles.

a. General provisions. It shall be unlawful for any person to erect any post or pole in any street unless under a permit or revocable consent of the commissioner.

b. Flagpole sockets. It shall be permissible, by and with a permit of the commissioner and with the permission of the owners of abutting property, for any organization of military, naval and marine war veterans to place in sidewalks near the curb, at suitable distances apart, sockets to be used only for the placing therein of stanchions or poles on which to display American flags to be used on patriotic occasions, public celebrations, or in connection with public parades.

c. Barber poles. The commissioner may grant permits for the placement of barber poles, not exceeding eight feet in height above the sidewalk level, and other emblematic signs within the stoop-lines or fastened to the railing of any stoop, by or with the consent of the occupant of the ground floor thereof, but not beyond five feet from the house line or wall of any building where the stoop-line extends further, except on streets where the stoop-lines have been abolished.

d. Ornamental lamp-posts. It shall be permissible by and with a revocable consent granted by the commissioner and with the permission of the owner of the abutting property to install ornamental posts, surmounted by lamps, on sidewalks, near the curb in front of hotels, places of worship, theatres, railroad stations, places of business, apartment houses and places of public assemblage. No such post shall exceed in dimensions at the base more than eighteen inches in diameter, if circular in form, or, if upon a square base, no side thereof shall exceed eighteen inches. Each bulb

installed and maintained on each of the lamp-posts to be erected shall be lighted and remain lighted every night, during the hours in which public street lamps are illuminated. The installation and maintenance of such poles and lamps and the power supplied shall be at the expense of the person to whom the consent is granted.

e. Notwithstanding any provision of law to the contrary, any business subject to the provisions of subdivision a of this section, and any organization of military, naval and marine war veterans subject to the provisions of subdivision b of this section which displays the flag of the United States on its property or on patriotic occasions, public celebrations, or in connection with public parades shall be required to obtain a permit or revocable consent for the erection of a post or pole for such display but shall be exempt from any fee normally charged by the department for the maintenance or erection of a post, flagpole or flagpole socket for that purpose.

§ 19-128 Damaged or missing signs.

a. For the purposes of this section, the phrase "priority regulatory sign" shall mean a stop sign, yield sign, do not enter sign, or one way sign.

b. The department shall maintain a log of notices regarding priority regulatory signs that are missing or damaged to the extent that any such sign is not visible or legible to a motorist who must obey or rely upon such sign. Such log shall include the date and time such notice was received and the date and time on which such priority regulatory sign or one way sign was repaired or replaced, or the date on which a determination was made that repair or replacement was not warranted and the reason for such determination.

c. The department shall within three business days of receiving notice that a stop sign, yield sign or do not enter sign is missing or damaged to the extent that such sign is not visible or legible to a motorist who must obey or rely upon such sign either (i) repair or replace such sign or (ii) make a determination that repair or replacement is not warranted.

d. The department shall within seven business days of receiving notice that a one way sign is missing or damaged to the extent that such sign is not visible or legible to a motorist who must obey or rely upon such sign either (i) repair or replace such sign or (ii) make a determination that repair or replacement is not warranted.

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-128.1 Newsracks.

a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "Newsrack" shall mean any self-service or coin-operated box, container or other dispenser installed, used or maintained for the display, sale or distribution of newspapers or other written matter to the general public.

2. "Person" shall mean a natural person, partnership, corporation, limited liability company or other association.

3. "Sidewalk" shall mean that portion of a street between the curb lines or the lateral lines of a roadway and the adjacent property lines, but not including the curb, intended for the use of pedestrians.

4. "Crosswalk" shall mean that part of a roadway, whether marked or unmarked, which is included within the extension of the sidewalk lines between opposite sides of the roadway at an intersection.

5. "Crosswalk area" shall mean that area of the sidewalk bounded by the extension of the lines of a crosswalk onto the sidewalk up to the building or property line.

6. "Corner area" shall mean that area of a sidewalk encompassed by the extension of the building lines to the curb on each corner.

7. "Board" shall mean the environmental control board of the city of New York.

8. "Close proximity" shall mean a distance adjacent to an area designed to facilitate safe ingress or egress that will reasonably permit and protect such safe ingress or egress.

b. Requirements. It shall be a violation for any person to place, install or maintain a newsrack on any sidewalk unless such newsrack is in compliance with the provisions of this section.

1. The maximum height of any newsrack containing a single publication shall be fifty inches. The maximum width of any such newsrack shall be twenty-four inches. The maximum depth of any such newsrack shall be twenty-four inches.

2. No newsrack shall be used for advertising or promotional purposes, other than announcing the name and/or website of the newspaper or other written matter offered for distribution in such newsrack.

3. Each newsrack used to sell newspapers or other written matter shall be equipped with a coin return mechanism in good working order so as to permit a person to secure a refund in the event that the newsrack malfunctions.

4. The owner or person in control of each newsrack shall affix his or her name, address, telephone number, and email address, if any, on the newsrack in a readily visible location and shall conform such information to any changes required to be reported to the department in accordance with the provisions of subdivision c of this section. In no event shall a post office box be considered an acceptable address for purposes of this paragraph.

5. Subject to the limitations set forth in this section, newsracks shall be placed near a curb.

6. A newsrack shall not be placed, installed or maintained: (a) within fifteen feet of any fire hydrant; (b) in any driveway or within close proximity of any driveway; (c) in any curb cut designed to facilitate street access by disabled persons or within two feet of any such curb cut; (d) within close proximity of the entrance or exit of any railway station or subway station; (e) within any bus stop; (f) within a crosswalk area; (g) within a corner area or within five feet of any corner area; (h) on any surface where such installation or maintenance will cause damage to or will interfere with the use of any pipes, vault areas, telephone or electrical cables or other similar locations; (i) on any cellar door, grating, utility maintenance cover or other similar locations; (j) on, in or over any part of the roadway of any public street; (k) unless eight feet of sidewalk width is preserved for unobstructed pedestrian passage; (l) in any park or on any sidewalk immediately contiguous to a park where such sidewalk is an integral part of the park design, such as the sidewalks surrounding Central Park or Prospect Park; (m) on any area of lawn, flowers, shrubs, trees or other landscaping or in such a manner that use of the newsrack would cause damage to such landscaping; or (n) where such placement, installation or maintenance endangers the safety of persons or property. Any limitation on the placement or installation of newsracks pursuant to this paragraph shall be no more restrictive than necessary to ensure the safe and unobstructed flow of pedestrian and vehicular traffic, and otherwise to assure the safety of persons and property.

7. Every newsrack shall be placed or installed in a manner that will ensure that such newsrack cannot be tipped over.

c. Notification to city of location of newsrack. 1. (a) Where a newsrack has been placed or installed on a sidewalk before the effective date of this section, the owner or person in control of such newsrack shall, within sixty days after such effective date, submit to the commissioner a form identifying: (i) the address of such newsrack; (ii) the name of the newspaper(s) or written matter to be offered for distribution in such newsrack; and (iii) the name, address, telephone number, and email address of the owner or person in control of such newsracks; and representing that such newsracks comply with the provisions of this section.

(b) Any other owner or person in control of a newsrack shall, prior to placing or installing such newsrack on a

sidewalk, submit to the commissioner a form providing the information in clauses (ii) and (iii) of subparagraph (a) of this paragraph.

2. Subsequent to the initial notification requirements set forth in paragraph one of this subdivision, the owner or person in control of any newsrack shall submit the information set forth in subparagraph a of such paragraph once a year to the commissioner in accordance with a notification schedule to be established by the commissioner. However, if the number of newsracks owned or controlled by such owner or person increases or decreases by ten percent or more of the number of newsracks that have been included in the most recent notification required to be submitted by such owner or person, such owner or person shall also be required to submit the information set forth in such paragraph within seven days of such change, and provided, further, that such owner or person shall advise the department of any change in his or her name or address within seven days of such change.

3. Notification to the city, as required by paragraphs 1 and 2 of this subdivision, may be submitted to the department electronically.

d. Indemnification and insurance. 1. Each person who owns or controls a newsrack placed or installed on any sidewalk shall indemnify and hold the city harmless from any and all losses, costs, damages, expenses, claims, judgments or liabilities that the city may incur by reason of the placement, installation or maintenance of such newsrack, except to the extent such damage results from the negligence or intentional act of the city.

2. Each person who owns or controls a newsrack on any sidewalk shall maintain a general liability insurance policy naming the city of New York, and its departments, boards, officers, employees and agents as additional insureds for the specific purpose of indemnifying and holding harmless those additional insureds from and against any and all losses, costs, damages, expenses, claims, judgments or liabilities that result from or arise out of the placement, installation and/or the maintenance of any newsrack. The minimum limits of such insurance coverage shall be no less than three hundred thousand dollars combined single limit for bodily injury, including death, and property damage, except that any person who maintains an average of one hundred or more newsracks at any one time shall maintain such minimum insurance coverage of one million dollars. An insurance certificate demonstrating compliance with the requirements of this subdivision shall be submitted annually by December 31st to the commissioner by the person who owns or controls such insured newsracks. Should said policy be called upon to satisfy any liability for damages covered by said policy, the policy must be of such a nature that the original amount of coverage is restored after any payment of damages under the policy. Failure to maintain a satisfactory insurance policy pursuant to this subdivision or failure to submit an annual insurance certificate to the commissioner pursuant to this subdivision, shall be deemed a violation of this section subject to subparagraph b-1 of paragraph one of subdivision f of this section.

e. Maintenance, continuous use, repair and removal. 1. Any person who owns or is in control of a newsrack shall certify once every four months to the commissioner on forms prescribed by the commissioner that each newsrack under his or her ownership or control has been repainted, or that best efforts have been made to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions at least once during the immediately preceding four month period. Such person shall maintain a log in which the measures and the dates and times when they are taken are recorded in accordance with a format approved or set forth by the commissioner. Such person shall maintain records for a period of three years documenting the use of materials, employees, contractors, other resources and expenditures utilized for the purpose of demonstrating the repainting or best efforts of such person to remove such graffiti or other unauthorized writing, painting, drawing, or other markings or inscriptions. Such person shall, solely for the purposes of complying with the provisions of this paragraph, make such log and such records, and only such log and such records, available to the department for inspection and copying during normal and regular business hours and shall deliver copies to the department upon its request. Such inspection may only be conducted by the department once per certification period. If the department determines that such certification, log and records do not accurately demonstrate that an owner or person in control of a newsrack has repainted or used best efforts for such purposes as required by this paragraph, or upon a determination by the department that an owner or such person failed to comply with any other provision of this paragraph, the department shall issue a notice of violation in accordance with subparagraph b-1 of

paragraph one of subdivision f of this section.

2. Any person who owns or is in control of a newsrack shall use best efforts to ensure that each newsrack under his or her ownership or control is not used as a depository for the placement of refuse and shall be required to remove any refuse placed within such newsrack within forty-eight hours of receipt of a notice of correction from the commissioner as provided in subparagraph a of paragraph one of subdivision f of this section regarding such condition.

3. In no event shall the owner or person in control of a newsrack fail to keep such newsrack supplied with written matter for a period of more than seven consecutive days without securing the door so as to prevent the deposit of refuse therein. In no event shall such newsrack remain empty for a period of more than thirty consecutive days.

4. Any newsrack that has been damaged or is in need of repair shall be repaired, replaced or removed by the owner or person in control of such newsrack within seven business days of receipt of a notice of correction from the commissioner as provided in subparagraph a of paragraph one of subdivision f of this section regarding such damage or need for repair. If such newsrack has been damaged, or if it is in a state of disrepair, such that it constitutes a danger to persons or property, it shall be made safe within a reasonable time following receipt of such a notice of correction from the commissioner regarding such condition.

5. Any damage to city property resulting from the placement, installation, maintenance or removal of a newsrack shall be repaired promptly by the owner or person in control of such newsrack. If a newsrack is removed from its location on a sidewalk, the owner or person in control of such newsrack shall be responsible for restoring the sidewalk and any other affected city property to the condition existing prior to installation of that newsrack.

f. Enforcement. 1. (a) Whenever any newsrack is found to be in violation of any provision of subdivision b of this section or paragraphs two, three, four or five of subdivision e of this section, the commissioner shall issue a notice of correction specifying the date and nature of the violation and shall send written notification, by regular mail, to the owner or person in control of the newsrack. In addition, the commissioner may send a copy of such notice of correction to a person designated by such owner or person to receive such notice, and/or the commissioner may send such notice by electronic mail to such owner or such person specifying the date and nature of the violation. However, failure to send a copy by regular or electronic mail will not extend the time period within which such owner or other person is required by any provision of this section to take action, nor will such failure result in the dismissal of a notice of violation issued pursuant to any provision of this section. The commissioner shall cause photographic evidence of such violation to be taken. Such evidence shall be sent by regular mail together with the notice of correction. Except as otherwise provided for the removal of refuse in paragraph two of subdivision e of this section, such person shall within seven business days from the date of receipt of notification via regular mail cause the violation to be corrected. For the purposes of this section, a notice of correction shall be deemed to have been received five days from the date on which it was mailed by the commissioner.

(b) If an owner or other person in control of a newsrack fails to comply with a notice of correction issued pursuant to subparagraph a of this paragraph or an order by the commissioner to remove served pursuant to paragraph three of this subdivision, a notice of violation returnable to the board shall be served on such owner or person in control of such newsrack. No notice of violation shall be issued for the failure to comply with a notice of correction issued pursuant to subparagraph a of paragraph one of this subdivision unless the commissioner has caused a second inspection of the violation to take place within a period of time that commences on the day after the applicable period for correcting such violation expires and ends fourteen days after such day. In addition, the commissioner may send to such owner or other person in control of such newsrack, by electronic mail, photographic evidence of such violation taken at such second inspection. Failure to send such photographic evidence by electronic mail will not result in the dismissal of a notice of violation issued pursuant to any provision of this section.

(b-1) Failure by an owner or a person in control of a newsrack to comply with subdivision c or d of this section, failure by such owner or person to certify or failure to accurately demonstrate that such owner or person has repainted

or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions, as required by paragraph one of subdivision e of this section, shall be a violation and shall be subject to the applicable penalties provided in paragraph six of this subdivision. A proceeding to recover any civil penalty authorized by this subparagraph shall be commenced with service on such owner or person of a notice of violation returnable to the board. The commissioner shall not be required to issue a notice of correction before issuing or serving a notice of violation pursuant to this subparagraph.

(c) If the return date of a notice of violation issued pursuant to subparagraph b or b-1 of this paragraph is more than five business days after the service of such notice, the board shall, upon the request of the respondent, in person at the office of the board, provide a hearing on such violation prior to such return date and no later than five business days after the date of such request. At the time set for such hearing, or at the date to which such hearing is continued, the board shall receive all evidence relevant to the occurrence or non-occurrence of the specified violation(s), the compliance or noncompliance with any of the provisions of this section, and any other relevant information. Such hearing need not be conducted according to technical rules relating to evidence and witnesses. Oral evidence shall be taken only on oath or affirmation. Within five business days after the conclusion of the hearing, the board shall render a decision, based upon the facts adduced at said hearing, whether any violations of this section have occurred. The decision shall be in writing and shall contain findings of fact and a determination of the issues presented. The board shall send to the owner or person in control of the newsrack by regular mail, a copy of its decision and order.

2. (a) If the board renders a decision upholding the finding of a violation against the respondent upon default or after a hearing held pursuant to paragraph one of this subdivision, other than a decision finding a violation of the provisions of paragraph one of subdivision e of this section, and the violation is not remedied within seven days of receipt of the decision of the board, the commissioner or his or her designee is authorized to provide for the removal of such newsrack and any contents thereof to a place of safety. For purposes of this subparagraph, a decision shall be deemed to have been received five days from the date on which it was mailed. If such newsrack and any contents thereof are not claimed within thirty days after their removal by a person entitled to their return, they shall be deemed to be abandoned and may be either sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of, and the owner or person in control shall be liable to the City for the costs of removal and storage and shall be subject to a civil penalty pursuant to subparagraph a of paragraph six of subdivision f of this section. Newsracks and the contents thereof that are removed pursuant to this subparagraph shall be released to the owner or other person lawfully entitled to possession upon payment of the costs for removal and storage and any civil penalty or, if an action or proceeding concerning the violation is pending, upon the posting of a bond or other form of security acceptable to the department in an amount that will secure the payment of such costs and any penalty that may be imposed hereunder.

(b) If the board renders a decision upholding the finding of a violation against the respondent for having failed to certify, or having failed to accurately demonstrate that such respondent repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions or having failed to comply with any other provision of paragraph one of subdivision e of this section, the board shall impose a penalty in accordance with subparagraph b of paragraph six of this subdivision.

3. The commissioner may, upon notice, serve an order upon the owner or other person in control of a newsrack requiring such person to remove or cause to be removed such newsrack within seven business days of receipt of such order where such removal is required because the site or location at which such newsrack is placed is used or is to be used for public utility purposes, public transportation, or public safety purposes, or when such newsrack unreasonably interferes with construction activities in nearby or adjacent buildings, or if removal is required in connection with a street widening or other capital project or improvement. If such person does not remove such newsrack within seven business days of receipt of such order, the provisions contained in subparagraphs b and c of paragraph one of this subdivision and subparagraph a of paragraph two of this subdivision regarding issuance of a notice of violation and alternatives for removal, storage, abandonment, disposal, and release, shall apply.

4. Notwithstanding any other provision of law to the contrary, if a newsrack has been deemed to have been abandoned in accordance with this paragraph, the commissioner, his or her designee, an authorized officer or employee of any city agency or a police officer is authorized to provide for the removal of such newsrack and it may either be sold at public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of. A newsrack shall be deemed to have been abandoned for purposes of this paragraph if the name, address or other identifying material of the owner or other person in control of such newsrack is not affixed to such newsrack as required by paragraph four of subdivision b of this section and such owner or other person has not submitted to the commissioner the information required in clauses (ii) and (iii) of subparagraph a of paragraph one of subdivision c of this section.

5. (a) Where emergency circumstances exist and the commissioner or his or her designee gives notice to the owner or other person in control of a newsrack to remove such newsrack, such person shall comply with such notice. For the purposes of this paragraph, emergency circumstances shall mean circumstances which present an imminent threat to public health or safety.

(b) If any owner or other person in control of a newsrack does not remove such newsrack when directed to do so pursuant to the provisions of subparagraph a of this paragraph, or if circumstances are such that public safety requires the immediate removal of a newsrack and it is not reasonable to give the owner or other person in control of such newsrack notice prior to removal, the commissioner or his or her designee may provide for the removal of such newsrack to a place of safety. Unless an administrative proceeding brought pursuant to subparagraph c of this paragraph has terminated in favor of such owner or other person in control of such newsrack, such owner or other person in control of such newsrack may be charged with the reasonable costs of removal and storage payable prior to the release of such newsrack and the contents thereof.

(c) If an owner or other person in control of a newsrack fails to comply with a notice issued pursuant to subparagraph a of this paragraph to remove such newsrack, a notice of violation returnable to the board shall be served on such owner or person in control of such newsrack. If the newsrack has been removed by the city pursuant to subparagraph b of this paragraph, such notice of violation shall be served immediately after removal, and, if the return date of the notice of violation is more than five business days after the service of such notice, the board shall, upon the request of the respondent, in person at the office of the board, provide a hearing on such violation prior to such return date and no later than five business days after the date of such request. The hearing shall take place under the provisions set forth in subparagraphs b and c of paragraph one of this subdivision and a decision shall be rendered by the board within five business days after the conclusion of the hearing. If a decision is rendered at such hearing that emergency circumstances did not exist, such newsrack shall be returned within ten days to the location from which it was removed by the commissioner or his or her designee. If a decision is rendered against the respondent upon default or after a hearing that such emergency circumstances existed, such newsrack and the contents thereof shall be released to the owner or other person lawfully entitled to possession. If, after a board decision that removal was proper, such newsrack and any contents thereof are not claimed within thirty days after the date of removal by a person entitled to their return, such newsrack and any contents thereof shall be deemed abandoned and may be either sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of.

6. (a) Any owner or person in control of a newsrack found to be in violation of any provision of this section shall, after a board decision has been issued upon default or after a hearing, be subject to a civil penalty in the amount of (i) no less than fifty dollars and no more than one hundred dollars for each violation for a specific newsrack of any of the provisions of paragraphs two, three, four or five of subdivision e of this section or paragraph four of subdivision b of this section, except that a person found in violation of any of such provisions after a decision of the board issued on default shall be subject to a penalty of no less than one hundred dollars and no more than five hundred dollars; (ii) no less than five hundred dollars and no more than four thousand dollars for each violation of paragraph one of subdivision c of this section; and (iii) no less than one hundred dollars and no more than five hundred dollars for each violation of paragraphs one, two, three, five, six and seven of subdivision b of this section.

(b) Any owner or person in control of one or more newsracks found by the board to have failed to certify, or to have failed to accurately demonstrate that such owner or person repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions, as required by paragraph one of subdivision e of this section, or failed to comply with any other requirements of such paragraph, or failed to comply with any provision of paragraph two of subdivision c of this section, or failed to maintain insurance as required by subdivision d of this section, shall be liable for a civil penalty determined in accordance with the number of newsracks such person owns or controls as follows:

Number of newsracks owned or controlled by such person A violation of paragraph one of subdivision e, paragraph two of subdivision c or subdivision d of this section

Up to and including ninety-nine newracks Two hundred fifty to five hundred dollars

More than ninety-nine and less than two hundred fifty newsracks Three hundred seventy-five to seven hundred fifty dollars

More than two hundred forty-nine and less than five hundred newsracks Seven hundred fifty to one thousand five hundred dollars

More than four hundred ninety-nine and less than seven hundred fifty newsracks One thousand one hundred twenty-five to two thousand two hundred fifty dollars

More than seven hundred forty-nine and less than one thousand newsracks One thousand five hundred to three thousand dollars

One thousand or more newsracks Two thousand to four thousand dollars

7. The commissioner shall remove or cause to be removed from any sidewalk for a period of three consecutive months, every newsrack and the contents thereof under the ownership or control of any person who repeatedly violates any provision or provisions of this subdivision. For purposes of this paragraph, a person shall be deemed to have repeatedly violated this section if such person has been determined by the board, upon default or after a hearing, to have violated the provisions of this section ten or more times within any six-month period and that such person has failed to pay three or more civil penalties imposed during that same time period. For purposes of this paragraph, a person shall also be deemed to have repeatedly violated this section if such person is determined by the board, upon default or after a hearing, to have failed to make the certification required by paragraph one of subdivision e of this section or to have failed to accurately demonstrate that such person repainted or used best efforts to remove graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions as required by such paragraph in each of two consecutive certification periods in any two year period or three times in any two-year period. The department shall maintain a record of all persons who repeatedly violate any provision or provisions of this subdivision. In the event that the commissioner removes or causes to be removed all newsracks and the contents thereof under the ownership or control of any person based upon this paragraph, such person shall be permitted to replace all such newsracks at the locations from which they were removed upon payment in full of all outstanding civil penalties imposed for violations of this section and the reasonable costs of removal and storage, provided that such newsracks meet the requirements of this section. If any newsracks or contents thereof removed pursuant to this paragraph are not claimed within thirty days after the expiration of the three-month removal period, such newsracks or the contents thereof shall be deemed abandoned and may be either sold at public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency or otherwise disposed of.

8. In giving any notice of correction or serving any commissioners order required under this section, except as otherwise provided by law, the commissioner may rely on the validity of any address (a) posted on the newsrack pursuant to paragraph four of subdivision b of this section as the address of the owner or person in control of the

newsrack or (b) submitted to the department pursuant to subdivision c of this section, and shall provide such notice by regular mail. If the owner of a newsrack or person in control of a newsrack shall have failed to comply with paragraph four of subdivision b or with subdivision c of this section, the commissioner shall make reasonable efforts to ascertain the identity and address of the owner or person in control of such newsrack for the purpose of giving any required notice, and having done so, may take action as if any required notice had been given.

9. Nothing in this section shall preclude the immediate removal of a newsrack when otherwise authorized by law.

g. Severability. If any subdivision, paragraph, subparagraph, sentence or clause of this section is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this section.

**NOTE**

1. Provisions of L.L. 23/2002:

Section 1. Declaration of legislative findings and intent. The Council finds that the unregulated placement and maintenance of newsracks on the City's sidewalks present an inconvenience and danger to the safety and welfare of persons using such sidewalks, including pedestrians, persons entering and leaving vehicles and buildings, and persons performing essential utility, traffic control and emergency services. Further, the proliferation of unregulated newsracks has a deleterious impact on the appearance of such sidewalks and the City in general. The Council recognizes, however, that the dissemination of newspapers and other written matter is in the public interest, and that any governmental action with respect to such dissemination must be consistent with the protection accorded a free press by the First Amendment to the United States Constitution. To accommodate these interests in a complementary and mutually advantageous manner, the Council adopts this local law.

. . . . . .

§ 3. Notwithstanding any other provision of law, a newsrack placed or installed on any sidewalk as of the effective date of this local law may continue to remain in such location until sixty days after the effective date of this local law. Thereafter, any such newsrack may remain in such location only if such newsrack is in compliance with the provisions of this local law.

§ 4. Notwithstanding the provisions of any other law, no person shall be subject to the imposition of criminal liability for any violation of section 19-128.1 of the administrative code of the city of New York as added by section two of this local law.

§ 5. This local law shall take effect one hundred and eighty days after its enactment into law, except that the commissioner of transportation shall be authorized to take such administrative actions deemed necessary to effectuate the provisions of this local law prior to its effective date.

2. Provisions of L.L. 36/2004:

§ 6. This local law shall take effect sixty days after its enactment into law, except that the commissioner of transportation shall be authorized to take such administrative actions deemed necessary to effectuate the provisions of this local law prior to its effective date.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-131 Restrictions on Clinton avenue.

a. The two strips of land, each twenty feet in width, which were added to each side of Clinton avenue in the borough of Brooklyn between Gates avenue and Willoughby avenue pursuant to chapter two hundred fifty-seven of the laws of eighteen hundred ninety-nine shall not be added to the traveled portion of Clinton avenue, but shall be reserved and preserved as ornamental courtyards for the benefit and improvement of such avenue.

b. Any building erected and completed before the first of March in the year eighteen hundred ninety-nine, or before that date so far erected that its foundations or walls were carried up so far as the level of the street, and any piazza or appurtenant structure erected before such date may remain or be completed with all rights as though this section had not been passed; but in case any such building is destroyed, or removed from such courtyard space, the right reserved therefor shall be at an end.

c. The several parts of such court-yard space as adjoin the several lots fronting thereon may be used and occupied by the owners of such lots respectively for the following purposes:

1. Grass, shade trees, shrubbery, statuary, fountains, walks, paths, pavements, sewer, gas, electric and other house connections, and low ornamental fences, and

2. Ingress and egress, and

3. Stoops, porches and piazzas, provided they are open at either end and are not less than ten feet from the line of such avenue as established prior to the enactment of chapter two hundred fifty-seven of the laws of eighteen hundred ninety-nine, and

4. Steps and approaches to a house, provided they are in usual form and do not interfere with the general intent of this section, and

5. Such other purposes as are usual and proper for a plot fronting on a street and appurtenant to a residence, hotel, apartment house or other dwelling-house.

d. Nothing shall be erected, done or allowed on such court-yard space, that will interfere with its open and ornamental character, or that is not in accordance with the above uses and purposes.

e. This section shall not affect the title, or the right to possession of the several lots or plots of land in such two strips of land, except as the use thereof is limited and restricted as provided in this section.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-133 Removal of unauthorized projections and encroachments.

a. The commissioner may serve an order upon the owner of any premises requiring such owner to remove or alter any unauthorized projection or encroachment, on or in front of his premises, within a period to be specified in such order. Such order shall be served personally, or by leaving it at the house or place of business of the owner, occupant or person having charge of the house or lot in front of which the projection or encroachment may be, or by posting such order thereon.

b. At any time after the expiration of the time specified for that purpose in the order, if such encroachment or projection shall not then have been removed or altered, the commissioner may remove or alter or cause such encroachment or projection to be removed or altered at the expense of the owner or constructor thereof, who shall be liable to the city for all expenses that it may incur by such removal or alteration, together with the penalties prescribed by this subchapter for the violation of such order, to be recovered with costs of suit.

c. 1. In addition to any otheer remedies or penalties, whenever such removal, alteration, repair and restoration is undertaken by the commissioner he or she may certify separately the costs and expense of such removal, alteration, repair and restoration to the commissioner of finance. The commissioner of finance shall, upon the certificate of the commissioner, charge the amount of such costs and expenses against the property upon and with respect to which the work was performed. Every such charge shall be a lien upon the property or premises in respect to which the same shall have been made, which lien shall have priority over all other liens and incumbrances except taxes and assessments for

other public or local improvements, sewer rents, water rents and interest or penalty thereon levied or charged pursuant to law. Such lien shall be enforced in all respects in the manner provided by law for the enforcement of liens of taxes, assessments, sewer rents and water rents and interest or penalties thereon.

2. As an alternative to the remedy prescribed in paragraph one of this subdivision, the commissioner may in his or her discretion institute, through the corporation counsel, any appropriate action or proceeding at law against such owner for the recovery of the costs and expenses of such removal, alteration, repair and restoration, undertaken by the commissioner, as provided herein.

Renumbered and amended chap 100/1963 § 74

(formerly § 82d6-6.0)

**CASE NOTES FROM FORMER SECTION**

¶ 1. Title to real property was not marketable where a certain stairway and other adjuncts of the property encroached upon a City street, even though the building proper was entirely within the metes-and-bounds description. A purchaser accepting such property would face the possibility of having great expense to remove the encroachments at any time upon demand of the Borough President.-Dukas v. Tolmach, 2 App. Div. 2d 57, 153 S. 2d 392 [1956].

¶ 2. Where the City contracted to sell premises free and clear of liens and encumbrances, a six-foot encroachment of a bay window over the street rendered the title unmarketable, and the purchaser could recover its down payment. The city's contention that any realistic use of the property by a purchaser would entail demolition of the buildings thereon, including the bay window, was rejected, in view of the fact that the notice of sale was silent on this question.-Ossining Associates, Inc. v. City of New York, 6 App. Div. 2d 621, 180 N.Y.S. 2d 43 [1958], aff'd 7 N.Y. 2d 865, 196 N.Y.S. 2d 997, 164 N.E. 2d 868 [1959].

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-134 Certain extensions and projections not removable.

a. If the front or other exterior wall of any building standing on the twenty-fifth day of May, eighteen hundred ninety-nine in the county of New York as then constituted, shall extend ten inches or less upon any street, such wall shall be removable, only if an action or proceeding for the removal of such wall was instituted by or in behalf of the city within the period of one year from such date, and notice of pendency of such action or proceeding was duly filed in the office of the clerk of the county of New York, and duly indexed against the owner and the premises. If a structure, or part of a building standing on the thirteenth day of May, eighteen hundred ninety-six, in such county, known as a baywindow or oriel window, shall extend twelve inches or less upon any street, such structure shall be removable only if an action or proceeding for its removal was instituted by or in behalf of the city within one year from such date, and notice of pendency of such action or proceeding was duly filed in the office of the clerk of the county of New York, and duly indexed against the owner and the premises.

b. If the front or other exterior wall of any building standing on the seventeenth day of May, eighteen hundred ninety-seven in the city of Brooklyn, as then constituted, shall extend four inches or less upon any street, such wall shall be removable only if an action or proceeding for the removal of such wall was instituted by or in behalf of the city of Brooklyn or its successor, within the period of one year from such date, and notice of pendency of such action or proceeding was duly filed in the office of the clerk of the county of Kings, and duly indexed against the owner of the premises.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-135 Projections prohibited.

It shall be unlawful to build, erect or make areas, steps or other projections (except those indicated in subdivisions a, b, c, d and f of section 27-313 of the code) beyond the building line, upon the following streets:

1. Grand Boulevard and Concourse, in the borough of The Bronx, between East One hundred sixty-first street and Mosholu Parkway.

Exception. In that section of the Grand Boulevard and Concourse located within a business use district, areas (meaning open spaces below the ground level immediately outside of the structure and enclosed by substantial walls) may project beyond the building line at most one-fifteenth of the width of the street or a maximum of five feet, provided that every such area is covered over at the street level by an approved grating of metal or other incombustible material of sufficient strength to carry safely the pedestrian street traffic.

2. Newkirk avenue, between Flatbush avenue and Coney Island avenue, in the borough of Brooklyn, and on all streets in the borough of Brooklyn where projections are prohibited by law.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-136 Obstructions.

a. It shall be unlawful for any person to hang or place any goods, wares or merchandise, or suffer, maintain or permit the same to be hung or placed, at a greater distance than three feet in front of his or her house, store or other building and a greater height than five feet above the level of the sidewalk, or to lease or permit any other person to use any space on the sidewalk located adjacent to such house, store or other building for the purpose of selling or displaying any merchandise.

1. Such an obstruction is hereby forbidden in front of a house, store or other building facing any street market, except upon a permit from the commissioner of small business services.

2. Wares or merchandise in process of loading, unloading, shipment, or being received from shipment, may be transferred from trucks or other vehicles over the sidewalk by the use of skids, or by backing up trucks on the sidewalks while so doing.

3. Household furniture may be temporarily placed on a sidewalk for the purpose of loading or unloading the same, during daylight and without unreasonable delay; but, in any such case a passageway shall be kept open within the stoopline of the building, abutting on the sidewalk so obstructed, for the free movement of pedestrians.

4. Storekeepers and peddlers may sell and display coniferous trees during the month of December and palm

branches, myrtle branches, willow branches, and citron during the months of September and October on a sidewalk; but in any such case the permission of the owner of the premises fronting on such sidewalk shall be first obtained and a passageway shall be kept open on the sidewalk so obstructed for the free movement of pedestrians.

5. Such an obstruction is hereby forbidden on Mermaid avenue between West 17th street and West 37th street, of the borough of Brooklyn.

6. Such an obstruction is hereby forbidden on all sidewalks less than ten feet in width in the fifth ward of the borough of Queens.

7. Such an obstruction is hereby forbidden from the building line on Avenue U between Coney Island avenue and Stuart street in the borough of Brooklyn.

8. Such an obstruction is hereby forbidden from the building line on Steinway street between 34th avenue and Astoria boulevard south in the borough of Queens.

9. Such an obstruction is hereby forbidden from the building line on 31st street between 23rd avenue and 21st avenue in the borough of Queens.

10. Such an obstruction is hereby forbidden from the building line on Ditmars boulevard between 28th street and Steinway street in the borough of Queens.

11. Such an obstruction is hereby forbidden from the building line on 23rd avenue between 28th street and Steinway street in the borough of Queens.

12. Such an obstruction is hereby forbidden from the building line on 30th avenue between 25th street (Crescent street) and 45th street in the borough of Queens.

13. Such an obstruction is hereby forbidden from the building line on 31st avenue between 25th street (Crescent street) and 45th street in the borough of Queens.

14. Such an obstruction is hereby forbidden from the building line on Broadway between 25th street (Crescent street) and 45th street in the borough of Queens.

15. Such an obstruction is hereby forbidden from the building line on 71st avenue between Queens boulevard and Burns street in the borough of Queens.

16. Such an obstruction is hereby forbidden from the building line on Austin street between Ascan avenue and Yellowstone boulevard in the borough of Queens.

17. Such an obstruction is hereby forbidden from the building line on Queens boulevard between Union turnpike and 63rd drive, in the borough of Queens.

18. Such an obstruction is hereby forbidden from the building line on 63rd drive between 9th street and Alderton street in the borough of Queens.

19. Such an obstruction is hereby forbidden from the building line on Myrtle avenue between Wyckoff avenue and Cooper avenue in the borough of Queens.

20. Such an obstruction is hereby forbidden from the building line on Fresh Pond road between Myrtle avenue and Metropolitan avenue in the borough of Queens.

21. Such an obstruction is hereby forbidden from the building line on Jamaica avenue between 177th street and

Queens boulevard in the borough of Queens.

22. Such an obstruction is hereby forbidden from the building line on 165th street betweeen 177th street and Queens boulevard in the borough of Queens.

23. Such an obstruction is hereby forbidden from the building line on New York boulevard between Archer avenue and Jamaica avenue in the borough of Queens.

24. Such an obstruction is hereby forbidden from the building line on Farmers boulevard between Liberty avenue and Merrick boulevard in the borough of Queens.

25. Such an obstruction is hereby forbidden from the building line on Montague street and the Promenade in the borough of Brooklyn.

26. Such an obstruction is hereby forbidden from the building line on Fulton street from Flatbush avenue to Adams street in the borough of Brooklyn.

27. Such an obstruction is hereby forbidden from the building line on Manhattan avenue from Greenpoint avenue to Nassau avenue, in the borough of Brooklyn.

28. Such an obstruction is hereby forbidden from the building line on Queens Boulevard between 57th Avenue and Grand Avenue in the borough of Queens.

b. It shall be unlawful for any person, directly or indirectly, to use any portion of a sidewalk or courtyard, established by law, between the building line and the curb line for the parking, storage, display or sale of motor vehicles.

c. 1. Except as otherwise hereinafter provided, in addition to the streets designated pursuant to subdivision a of this section, such an obstruction shall be prohibited on any street at such time where either general vending or food vending has been prohibited by local law or by the street vendor review panel pursuant to section 20-465.1 of this code and any rules promulgated thereunder.

2. As chairperson of the street vendor review panel established pursuant to section 20-465.1 of this code, the commissioner of the department of small business services or his or her designee may recommend that in specified areas of the city the provisions of subdivision a of this section or paragraph one of this subdivision which prohibit such obstructions shall not apply. In making such a recommendation, such commissioner or his or her designee shall consider (a) whether such obstructions are intrinsic to the operation of businesses within such areas and such businesses constitute an essential part of the unique historical and commercial nature of such area and (b) the measures which shall be taken to ameliorate the danger to the public health, safety and welfare in such areas which may be caused, in whole or in part, by the maintenance of such obstructions. Such commissioner may from time to time review, modify or revoke such recommendations. A recommendation by the commissioner or his or her designee pursuant to this paragraph shall be effective upon the report of such recommendation to the council and the approval of such recommendation by the council pursuant to local law. Notice of any recommendation made by the commissioner or his or her designee shall be published in the City Record and mailed to each community board not less than thirty days prior to such commissioner's report to the council.

3. Notice of any hearing held pursuant to paragraph two of this subdivision shall be published in the City Record and shall be mailed to each affected community board and the department of city planning not less than thirty days prior to the date of such hearing.

4. On the following streets where general vending has been prohibited by the street vendor review panel pursuant to section 20-465.1 of this code and any rules promulgated thereunder, the provisions of paragraph one of this

subdivision shall not apply:

(a) Thirteenth avenue between 39th street and 44th street in the borough of Brooklyn;

(b) Newkirk Plaza between Foster avenue and Newkirk avenue in the borough of Brooklyn;

(c) Eighty-sixth street between Bay Parkway and 23rd avenue in the borough of Brooklyn;

(d) West 4th street between Sixth avenue and Seventh avenue in the borough of Manhattan;

(e) Delancey street between Orchard street and Essex street in the borough of Manhattan.

5. The provisions of subdivision a of this section which prohibit the hanging or placement of any goods, wares or merchandise in front of a house, store or other building shall not apply to the following streets:

(a) Delancey street between Essex street and Allen street in the borough of Manhattan, provided that no goods, wares or merchandise be hung or placed at a greater distance than seven feet in front of a house, store or other building or a greater height than five feet above the level of the sidewalks;

(b) Rivington street between Essex street and Allen street in the borough of Manhattan, provided that no goods, wares or merchandise be hung or placed at a greater distance than five feet in front of a house, store or other building or a greater height than five feet above the level of the sidewalk;

(c) Essex street between Delancey street and Stanton street in the borough of Manhattan, provided that no goods, wares or merchandise be hung or placed at a greater distance than five feet in front of a house, store or other building or a greater height than five feet above the level of the sidewalk;

(d) Orchard street between Delancey street and Houston street in the borough of Manhattan, provided that no goods, wares or merchandise be hung or placed at a greater distance than five feet in front of a house, store or other building or a greater height than five feet above the level of the sidewalk;

(e) Avenue of the Americas between 25th street and 30th street in the borough of Manhattan, provided that no goods, wares or merchandise be hung or placed at a greater distance than three feet in front of a house, store or other building or at a greater distance than five feet from the curb towards the building line or a greater height than five feet above the level of the sidewalk.

d. In any area where such obstructions are not prohibited pursuant to the provisions of this section, the use of the public space for the display of goods, wares or merchandise shall, in addition to the restrictions set forth in subdivision a of this section, be subject to the following additional restrictions:

1. Except as otherwise provided in paragraph four of subdivision a of this section, only the goods, wares or merchandise of a commercial establishment which is located adjacent to such public space may be displayed in such public space.

2. Except as otherwise provided in paragraph four of subdivision a of this section, the goods, wares or merchandise displayed in the public space shall be of the same type or kind which are displayed within the premises of the commercial establishment located adjacent to such space.

e. 1. Where exigent circumstances exist and a police officer or other authorized officer or employee of any city agency gives notice to any person who displays any goods, wares or merchandise pursuant to subdivision a of this section to temporarily remove or otherwise disassemble such display, such person shall comply with such notice and shall not continue to maintain such display. For the purposes of this subdivision, exigent circumstances shall include, but not be limited to, unusually heavy pedestrian or vehicular traffic, the existence of obstructions in the public space,

and accident, fire or other emergency situation, a parade, demonstration or other such event at or near the location of such stand.

2. If any person who displays any goods, wares or merchandise pursuant to subdivision a of this section does not remove or otherwise disassemble such display when directed to do so by a police officer or other authorized officer or employee of the city in accordance with the provisions of paragraph one of this subdivision, such officer or employee is authorized to provide for the removal of such person's goods, wares or merchandise and such display to any garage, automobile pound or other place of safety, and the owner or other person lawfully entitled to the possession of such goods, wares and merchandise and such display may be charged with reasonable costs for removal and storage payable prior to the release of such goods, wares or merchandise and such display.

f. In the event that any seizure made pursuant to this section shall include any perishable items or food products which cannot be retained in custody without such items or food products becoming unwholesome, putrid, decomposed or unfit in any way, they may be delivered to the commissioner of health for disposition pursuant to the provisions of section 17-323 of the code.

g. Any person who sells or displays or who permits the sale or display of any goods, wares or merchandise in a public space in violation of any of the provisions of this section other than subdivision j of this section shall be considered to be an unlicensed general vendor or an unlicensed food vendor and shall be subject to the penalty and enforcement provisions of either subchapter twenty-seven of chapter two of title twenty or subchapter two of chapter three of title seventeen of this code, whichever is applicable. The provisions of sections 19-149, 19-150 and 19-151 shall not apply to such violations.

h. In addition to police officers, officers and authorized employees of the department, the department of consumer affairs, the department of health and mental hygiene, and the department of sanitation shall have the power to enforce the provisions of this section, other than subdivision j of this section, relating to the sale and display of goods, wares or merchandise in the public space.

i. The provisions of this section shall not be construed to apply to obstructions authorized in connection with temporary activities conducted under any permit issued by the city or any agency thereof.

j. Fixed stand coin operated rides. 1. For purposes of this subdivision, "fixed stand coin operated ride" shall mean a coin operated ride on a stationary stand which provides an up and down rocking and/or circular motion for the enjoyment of not more than two people at a time.

2. Notwithstanding any inconsistent provision of this section, a fixed stand coin operated ride may be placed on a sidewalk adjacent to any commercial establishment, including those located on particular streets or in particular locations enumerated in paragraphs five through twenty-eight of subdivision a of this section and any particular streets or locations added to subdivision a of this section by local law on or after January 16, 1996, provided that (i) no portion of such ride shall extend further than five feet from the building line and a width of at least nine and one-half feet shall be maintained on the sidewalk in front of such ride without obstructing pedestrian movement; (ii) such ride shall not be bolted to the sidewalk or chained to a lamppost or other street furniture; (iii) such ride shall be removed from its location on a sidewalk adjacent to a commercial establishment between the hours of 11:00 p.m. and 7:00 a.m. on every day of the week, including Sundays and holidays; and (iv) such ride is in compliance with any other law and with any rules promulgated by the commissioner for purposes of protecting the health, safety, convenience and welfare, and to safeguard the interests of the city.

3. No more than three fixed stand coin operated rides may be placed in front of any commercial establishment.

4. If a fixed stand coin operated ride is placed on the sidewalk in violation of the provisions of this subdivision, any authorized officer or employee of the department or the department of consumer affairs, or member of the police department, is authorized to provide for the removal of such fixed stand coin operated ride to any garage, automobile

pound or other place of safety, and such ride may be subject to forfeiture upon notice and judicial determination. If a forfeiture hearing is not commenced, the owner or other person lawfully entitled to the possession of such ride may be charged with reasonable costs for removal and storage payable prior to the release of such device; provided, however, that a fixed stand coin operated ride that is not claimed within thirty days after its removal shall be deemed to be abandoned and may be sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund or such unclaimed fixed stand coin operated ride may be used or converted for use by the department or by another city agency or by a not-for-profit corporation.

5. The provisions of subdivision e of this section and sections 19-149, 19-150 and 19-151 of this subchapter shall apply to fixed stand coin operated rides placed on sidewalks.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Charter § 42 (b), prohibiting City Council from passing any local law authorizing an obstruction or encroachment upon any street or sidewalk, except the temporary occupation thereof for erection, demolition or repair of buildings and for erection of booths, stands or displays or maintenance of sidewalk cafes under license, **held** to require licenses for all the enumerated classifications of temporary obstructions, including the erection of booths, stands or displays. Hence Administrative Code § 82d7-15.0(4), authorizing storekeepers and peddlers to sell and display Christmas trees, holiday decorations and toys on sidewalk upon obtaining consent of owner of abutting premises, was invalid as in violation of Charter § 42 (b), requiring a license.-People (McLees) v. Berner; People (Desmond) v. Traeg, 170 Misc. 501, 10 N.Y.S. 2d 339 [1939].

¶ 2. That defendants had displayed their wares upon the sidewalk without a license in reliance on § 82d7-15.0(4) did not exonerate them inasmuch as such statute was a nullity. The reliance, however, might be considered in connection with the penalty.-Id.

¶ 3. Administrative Code § 82d7-15.0, making it unlawful for any person to place goods or merchandise or "suffer, maintain or permit the same" to be placed at a greater distance than three feet in front of his house, store or other building, inferentially permitted the display of merchandise within the three-foot line, and such was the accepted construction.-People v. Friedman, 16 N.Y.S. 2d 925 [1940].

¶ 4. However, § 82d7-15.0 permits only the owner of the abutting premises to display merchandise, and the owner may not authorize others to maintain stands on a rental basis.-Id.

¶ 5. Furthermore, § 82d7-15.0 merely permits the **display,** but not the sale, of goods by the owner.-Id.

¶ 6. Administrative Code § 82d7-15.0, when construed so as to permit owners of stores to maintain stands in front thereof for display purposes but not to permit the use thereof by third persons, **held** not unconstitutional as discriminatory, since the use permitted was a reasonable one, as was also the classification of those entitled to such use, and furthermore it had had the legal sanction for more than a century.-Id.

¶ 7. Articles of furniture placed in front of store for display purposes by proprietor of second-hand furniture store, would not seem to be a "stand", which is defined as a "framework" on which something is supported or displayed, as article in a museum or goods in a store.-People v. Gerand, 21 N.Y.S. 2d 428 [1940].

¶ 8. Commissioner of Licenses was without authority to issue rules and regulations entirely restricting the displaying of goods on the sidewalks in certain areas, inasmuch as such power would permit the Commissioner to over-ride the specific provisions of the Administrative Code authorizing maintenance of displays of prescribed dimensions.-Id.

¶ 9. The parking of a truck across a sidewalk for an unnecessarily long time could be negligence. The owner of a coal truck parked about 45 minutes when it took only about 20 minutes to unload could have been liable for injuries suffered by an infant who walked into the road to get past the truck and while in the road was struck by an automobile.-Bolkin v. Levy, 286 App. Div. 819, 142 N.Y.S. 2d 17 [1955].

¶ 10. The owner of multiple dwellings may maintain an injunction action to restrain a nuisance occasioned by an adjacent laundry which parks its trucks upon the sidewalk giving access to plaintiff's premises without proving any particular quantum of special damage. It is immaterial that the laundry had indulged in this practice for ten years and for a period long before plaintiff acquired ownership of his property. It is also immaterial that plaintiff may have had an administrative remedy in the form of Police Department action. However, the defendant should not be restrained from conducting reasonable loading and unloading operations which might block the sidewalk for limited periods.-Graceland Corp. v. Consolidated Laundries Corp., 7 App. Div. 2d 89, 180 N.Y.S. 2d 644 [1958], aff'd, 6 N.Y. 2d 900, 190 N.Y.S. 2d 708, 160 N.E. 2d 926 [1959].

¶ 11. Complaint for parking and displaying automobiles in front of a dealer's building dismissed for insufficiency of proof. The cars were located in an area formerly classified as the "courtyard", 20 feet in depth, between the 19-foot sidewalk and the building.-People v. Silverman, 16 Misc. 2d 158, 183 N.Y.S. 2d 700 [1959].

*NYC Administrative Code 19-137*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-137 Land contour work.

a. As used in this section.

1. The term "land contour work" means clearing, grubbing, grading, filling or excavating vacant lots and other land areas but does not include minor work which does not change surface drainage patterns.

2. The term "clearing" means removing surface encumbrances from a land area, including but not limited to fences, trees, logs, stumps, brush, stones, vegetation and earth.

3. The term "grubbing" means the removal of root systems incident to surface growths of trees and vegetation.

4. The term "grading" means leveling, sloping, raising, lowering or otherwise changing the existing surface of land area.

5. The term "excavation" means removal of material, regardless of its nature, from below the existing ground surface.

6. The term "filling" means the deposition, leveling or compacting of organic or inorganic material at or in a vacant lot or land area for a purpose relating to the composition, contour, use, or proposed use of the land or for the purpose of disposing of material removed from another lot or land area.

b. It shall be unlawful for any person to perform or cause, procure, suffer or permit to be performed any land contour work, except as provided in subdivision c hereof, without a written permit from the commissioner.

c. Subdivision b hereof shall not apply: 1. To land contour work performed in connection with or in the course of the erection of one or more buildings or other structures or in connection with land uses pursuant to a permit therefor issued by the department of buildings, provided however that, (a) such permit specifically authorizes such land contour work, and (b) such land contour work is performed entirely within the lot lines of the building site for which such permit is issued. In such cases where water courses, drainage ditches, conduits or other means of carrying off water exist on the property and are to be altered or relocated, the commissioner of buildings shall consult with the commissioner of environmental protection concerning the means of disposal of surface water prior to issuance of a permit.

2. to land contour work which consists only of making improvements to a land area on which a one or two-family house already exists and which does not result in any change in the surface runoff pattern of such land area.

d. No condition shall be created or maintained as the result of land contour work that will interfere with existing drainage unless a substitute therefor is provided which is satisfactory to the commissioner and the commissioner of environmental protection in accordance with criteria established by such commissioners in consultation with the department of health and mental hygiene. Watercourses, drainage ditches, conduits and other like or unlike means of carrying off water or disposing of surface water shall not be obstructed by refuse, waste, building materials, earth, stones, tree stumps, branches or by any other means that may interfere with surface drainage or cause the impoundment of surface waters either within or without the area on which contour work is performed. All excavations shall be drained and the drainage maintained as long as the excavation continues or remains. Where necessary, pumping shall be used. Fill material shall consist of inert, inorganic matter. It shall be unlawful to deposit garbage, waste paper, lumber or other organic material in land fill. The provisions of this section shall not prevent placement of organic matter for fill by the department of sanitation in locations under the jurisdiction of such department. The commissioner shall have the power, in consultation with the commissioner of buildings to adopt rules concerning the type of material that may be used for fill on land not mapped as park land. The commissioner shall enforce compliance with the provisions hereof, and shall make immediate complaint to the corporation counsel of any violation thereof. In addition, the commissioner of buildings shall similarly enforce compliance with the provisions hereof with respect to any land contour work performed pursuant to a permit issued by the commissioner of buildings, and in addition thereto shall inform the department of any failure to comply with a department of buildings violation order relating to the provisions hereof.

e. 1. Whenever the department shall determine that a condition has been created, or has resulted by reason of land contour work which violates any provision of subdivision (d) hereof, the department may serve an order in the manner prescribed in paragraph two of this subdivision upon the owners of the land upon which such condition has been created or has occurred, to correct such condition within the time designated in such order. Upon the owner's failure to comply with any order of the department as and within the time specified therein by such department, such department may perform such work or cause the same to be performed, the cost of which shall be due and payable and shall constitute a lien upon the land to which such order pertains, when the amount thereof shall have been finally computed by such department and an entry of the amount thereof shall have been entered in the office of the city collector in the book in which such charges against the premises are to be entered. A notice thereof, stating the amount due and the nature of the charge shall be mailed by the city collector, within five days after such entry, to the last known address of the person whose name appears on the records in the office of the city collector as being the owner or agent or as the person designated by the owner to receive tax bills, or where no name appears, to the premises addressed to either the owner or agent. If such charge is not paid within ninety days from the date of entry, it shall be the duty of the city collector to collect and receive interest thereon at the rate that would be applicable to a delinquent tax on such property, to be calculated to the date of payment from the date of entry. Such charge and the interest thereon shall continue to be, until paid, a lien on the premises on which such work was performed. Such charge and interest shall be collected and the lien thereon may be foreclosed in the manner provided by law for the collection and foreclosure of the lien of taxes, sewer rents, sewer surcharges and water rents due and payable to the city, and the provisions of law

applicable to the collection and foreclosure of the lien of such taxes, sewer rents, surcharges and water rents shall apply to such charge.

The provisions of section 11-307 of the code applicable to the payment of assessments shall also apply to charges heretofore or hereafter established pursuant to this section.

2. Service of an order upon an owner pursuant to the provisions of this section shall be made personally upon such owner or by certified mail addressed to the last known address of the person whose name appears upon the records in the office of the city collector as being the owner of the premises or as the agent of such owner or as the person designated by the owner to receive the tax bills or, if no such name appears, to the address set forth as the address of the owner in the last recorded deed with respect to such premises. A copy of such order shall also be filed in the clerk's office of each county where the property is situated and shall be posted in a conspicuous place on the premises.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-142 Workers on excavations.

A person to whom a permit may be issued, to use or open a street, shall be required, before such permit may be issued, to agree that none but competent workers, skilled in the work required of them, shall be employed thereon, and that the prevailing scale of union wages shall be the prevailing wage for similar titles as established by the fiscal officer pursuant to section two hundred twenty of the labor law, paid to those so employed. No permit shall be issued until such agreement shall have been entered into with the department, and all such permits hereafter issued shall include therein a copy of this provision. When permits are issued to utility companies or their contractors, the power to enforce this provision shall be vested with the comptroller of the city of New York consistent with the provisions of section two hundred twenty of the labor law.

**HISTORICAL NOTE**

Section amended chap 576/1999 § 1, eff. Dec. 1, 1999.

Section renumbered & amended L.L. 104/1993 § 1, eff. Jan. 27,

1994. (Formerly §19-153)

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 693a-1.0 added chap 929/1937 § 1

Renumbered and amended chap 100/1963 § 128

(formerly § 83-4.0)

**CASE NOTES FROM FORMER SECTION**

¶ 1. Although Administrative Code § 83-4.0, requiring that the prevailing scale of union wages shall be paid to those employed in making street excavations, was subject to attack as being invalid for vagueness in failing to define the "prevailing scale of union wages" or provide a method to ascertain it, the Court would endeavor to construe the statute so as to sustain its validity and carry out the legislative intent, and the reasonable inference therefore was that the Legislature intended that the parties would themselves employ such legal methods as they believed would determine the prevailing rate of union wages (231 N.Y. 51).-Larkin v. Consol. Tel. & Elec. Subway Co., 193 Misc. 1001, 85 N.Y.S. 2d 631 [1948].

¶ 2. In action under Administrative Code § 83-4.0 to recover alleged difference between the claimed prevailing scale of union wages and the union scale of wages paid to plaintiff, defense alleging that plaintiff was represented by unions certified by the National Labor Relations Board as the sole and exclusive agents to bargain collectively for all weekly employees of defendant, that pursuant to collective bargaining contracts made by defendant with such unions and arbitration awards growing out of such contracts and approval by appropriate governmental agencies, the contracts and awards thus fixed and determined the plaintiff's union scale of wages during the period and constituted the prevailing scale of union wages for the life of the contracts, **held** sufficient.-Id.

¶ 3. Defense alleging that defendant paid and plaintiff received without protest the wages paid him in accordance with such collective bargaining contracts and thereby waived any claim under the statute, **held** sufficient, as plaintiff could voluntarily waive the benefit of the statute, and whether by his conduct he intended to so waive his rights thereunder presented a question for trial determination.-Id.

¶ 4. Defense pleading that if and insofar as the statute and permits issued pursuant thereto require payment of a scale of wages higher than the union scale fixed by the collective bargaining contracts, the statute and permits were invalid as in contravention of the public policy expressed by Constitution Art. I, § 17, and inconsistent with the National and State Labor Relations Acts, **held** sufficient.-Id.

¶ 5. To construe § 83-4.0 as over-riding the wage fixation as determined by the collective bargaining contracts, would result in a discriminatory interference with the rights of defendant's employees to bargain collectively, and would require defendant to pay plaintiff more than was due him under such contract and would unjustly discriminate in his favor, and such legislation would be invalid (Const. Art. I, § 11).-Id.

§ 19-144 Issuance of permit to open street within five years after completion of city capital construction project requiring resurfacing or reconstruction of such street.

All persons having or proposing to install facilities in, on or over any street shall be responsible for reviewing the city's capital budget, capital plan and capital commitment plan. Such persons shall make provision to do any work, except emergency work, which requires the opening or use of any street prior to or during the construction of any capital project requiring resurfacing or reconstruction proposed in such budget or plan for such street. No permit to use or open any street, except for emergency work, shall be issued to any person within a five year period after the completion of the construction of a capital project set forth in such budget or plan relating to such street requiring resurfacing or reconstruction unless such person demonstrates that the need for the work could not have reasonably been anticipated prior to or during such construction. Notwithstanding the foregoing provision, the commissioner of transportation may issue a permit to open a street within such five year period upon a finding of necessity therefor, subject to such conditions as the commissioner may establish by rule, which shall include appropriate guarantees against the deterioration of the restored pavement.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-147 Replacement of pavement and maintenance of street hardware.

a. General provisions. Whenever any pavement, sidewalk, curb or gutter in any street shall be taken up, the person or persons by whom or for whose benefit the same is removed shall restore such pavement, sidewalk, curb or gutter to its proper condition to the satisfaction of the commissioner of transportation.

b. Rock refills. Whenever rock is excavated, not more than one-third of the total excavation shall be refilled with the broken stone, which must be in pieces not exceeding six inches in their largest dimension, mingled with clean earth and sand, and restored in such manner as to insure the thorough and compact filling of all spaces.

c. Restoration in certain cases. Whenever any pavement in any street shall be taken up, or any paving stones in a street shall have been removed in violation of this subchapter or of section 24-521 of the code, the person or persons by whom or for whose benefit the pavement was taken up or paving stones removed shall forthwith return such stones to their former places, and shall otherwise restore the pavement to its normal condition to the satisfaction of the commissioner.

d. Maintenance of street hardware. All utility maintenance hole (manhole) covers, castings, and other street hardware shall be maintained flush with the existing surrounding grade. All loose, slippery or broken utility maintenance hole (manhole) covers, castings and other street hardware shall be replaced at the direction of and to the satisfaction of the commissioner.

e. Payment of cost. If the pavement, sidewalk, curb, gutter or street hardware is not properly restored, replaced or maintained to the satisfaction of the commissioner pursuant to subdivisions a, b, c and d of this section, the commissioner may restore, replace or maintain the pavement, sidewalk, curb, gutter or street hardware to its proper condition and the person or persons by whom or for whose benefit the same was removed shall be liable for the cost and expense of the restoration.

f. Rules. The commissioner is hereby authorized to establish such rules as, in his or her judgment, shall be deemed necessary for the purpose of carrying out the provisions of this section.

g. Reasonable notice of improper or inadequate restoration of pavement or maintenance of street hardware. Except where the condition of the pavement or hardware is an imminent danger to life or safety, reasonable notice of improper or inadequate restoration of pavement or maintenance of street hardware shall be given to a person by ordinary mail. In the case of utilities such notice may be oral or written and shall be given to a person or at a place designated by the utility and the utility shall respond within twenty-four hours.

| 19-145 | 5,000 |
| 19-146 | 1,000 |
| 19-147 | 1,000 |
| 19-148 | 1,000 |
| 24-521 | 5,000 |
| All other Provisions of this subchapter and rules or orders relating thereto | 500 |

Note: Reference to an administrative code provision is intended to encompass the penalties for violations of the rules or orders made or of the terms or conditions of permits issued pursuant to such code provision.

2. The civil penalties provided for in this subdivision may be recovered in a proceeding before the environmental control board or in an action in any court of competent jurisdiction.

3. The environmental control board shall have the power to impose the civil penalties provided for in this subdivision. A proceeding before such board shall be commenced by the service of a notice of violation returnable before such board.

c. In addition to the civil penalty determined in accordance with subdivision b of this section an additional civil penalty may be recovered in the amount of the expense, if any, incurred by the city to restore or replace pavement unlawfully removed, taken up or broken or to remedy any other unsafe condition on any street resulting from such violation. Such additional civil penalty may be recovered in an action or proceeding in any court of competent jurisdiction.

**HISTORICAL NOTE**

Section added L.L. 104/1993 § 1, eff. Jan. 27, 1994.

**DERIVATION**

Formerly § This section is a consolidation of §§ 19-108, 19-112, 19-121, 19-127, 19-134 and 19-144, all added by chap 907/1985 § 1 and repealed by LL 104/1993 § 1. Section 19-108 was formerly § 692-8.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 51 (formerly § 82d-5.0). Section 19-112 was formerly § 692a-3.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 54 (formerly § 82d1-3.0). Section 19-121 was formerly § 692e-5.0 added chap 929/1937 § 1, renumbered LL 50/1942 § 2 (formerly § 82d-5.0), renumbered and

amended chap 100/1963 § 66 (formerly § 82d5-5.0). Section 19-127 was formerly § 692f-9.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 92 (formerly § 82d7-13.0). Section 19-134 was formerly § 692f-15.0 added chap 929/1937 § 1, Sub a amended LL 50/1942 § 7, renumbered chap 100/1963 § 99 (formerly § 82d7-18.0), Sub a amended chap 100/1963 § 99, Sub a amended LL 18/1980 § 1. Section 19-144 was formerly § 692h-9.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 78 (formerly § 82d6-10.0).

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-151 Enforcement.

a. In addition to police officers, authorized officers and employees of the department of transportation and of other city agencies who are designated by the commissioner shall have the power to enforce the provisions of this subchapter and the rules and orders of the commissioner in relation thereto and to issue summonses and appearance tickets returnable in the criminal court and notices of violation returnable before the environmental control board for violations thereof.

b. In addition to the orders specifically referred to in this subchapter, the commissioner shall have the power to issue any other orders which may be necessary or appropriate (i) to enforce compliance with any of the provisions of this subchapter or of section 24-521 of the code, the rules of the department in relation thereto or the terms or conditions of any permit issued pursuant thereto, or (ii) to remedy any condition found to exist on any street which is in violation of any of the provisions of this subchapter or of section 24-521 of the code, the rules of the department in relation thereto or the terms or conditions of any permit issued pursuant thereto. Such orders shall be served in the manner provided by the rules of the department. The commissioner shall afford the persons to whom such order is directed an opportunity to be heard in accordance with the rules of the department.

c. The commissioner may request the corporation counsel to institute any action or proceeding that may be appropriate or necessary to restrain, correct or abate a violation of this subchapter or of section 24-521 of the code or the rules of the department in relation thereto or to compel compliance with any order issued by the commissioner

thereunder or with the terms or conditions of any permit issued pursuant to this subchapter. Such actions and proceedings may be instituted by the corporation counsel in any court of appropriate jurisdiction. In such actions or proceedings the city may apply for restraining orders, preliminary injunctions or other provisional remedies. The court to which such application is made may make any or all of the orders specified as may be required in such application, with or without notice, and may make such other or further orders or directions as may be necessary to render the same effectual.

d. If the commissioner finds that any work in violation of this subchapter or of section 24-521 of the code, the rules of the department or the terms or conditions of a permit issued pursuant to this subchapter creates an imminent danger to life or safety, he or she may issue an order to cease and desist. Such order shall be given orally or in writing to the persons executing the work and shall require immediate compliance therewith. The order may also require such persons to execute such work or take such action as the commissioner determines may be necessary to remove the danger or otherwise make the street reasonably safe, including but not limited to filling in an excavation and repairing, restoring or replacing the pavement thereon or removing construction material or equipment or dirt, debris or rubbish therefrom.

e. In addition to any other remedies or penalties set forth in this subchapter, upon the failure to comply with an order issued by the commissioner to remedy any condition on any street which is in violation of this subchapter, or of section 24-521 of the code, the rules of the department in relation thereto or the terms or conditions of a permit issued pursuant to this subchapter, including an order to cease and desist, within the time set forth in such order, the commissioner may execute the work required to be executed in such order. All costs and expenses of the city for such work may be recovered from the persons who are found to be liable for the violation. Before undertaking to execute any work required by an order, other than work required by an order to cease and desist, the commissioner shall afford the persons to whom such order is directed an opportunity to be heard in accordance with the rules of the department.

f. The provisions of sections 19-149 and 19-150 shall be construed to provide that a permittee or a person for whose benefit any activity for which a permit is required pursuant to this subchapter is performed shall be liable with his or her employee, agent or independent contractor for a violation of the provisions of this subchapter or of section 24-521 of the code or any order issued by or rule promulgated by the commissioner pursuant thereto or the terms or conditions of any permit issued pursuant thereto which is committed by such employee, agent or independent contractor in the course of performing the activity for which a permit was issued to such permittee or the activity which benefited such person. Notwithstanding the foregoing provision in any action or proceeding against a person who owns or leases real property for a violation arising out of work in a street which benefited the real property owned or leased by such person, it shall be an affirmative defense by such owner or lessee that the work which was the subject of such violation was performed by a licensed master plumber as defined in subdivision e of section 26-141 of the administrative code under a permit issued by the department or by an operator of an underground facility as defined in 12 NYCRR 53-1.5.

**HISTORICAL NOTE**

Section added L.L. 104/1993 § 1, eff. Jan. 27, 1994.

**DERIVATION**

Formerly § 19-143 required notifying the Corporation Counsel of all encroachments on the streets. Added by chap 907/1985 § 1 it was deleted by LL 104/1993 § 1 and generally incorporated into § 19-151. Section 19-143 was derived from § 692h-8.0 added chap 929/1937 § 1, renumbered and amended chap 100/1963 § 77 (formerly § 82d6-9.0).

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-152 Duties and obligations of property owner with respect to sidewalks and lots.

a. The owner of any real property, at his or her own cost and expense, shall (1) install, construct, repave, reconstruct and repair the sidewalk flags in front of or abutting such property, including but not limited to the intersection quadrant for corner property, and (2) fence any vacant lot or lots, fill any sunken lot or lots and/or cut down any raised lots comprising part or all of such property whenever the commissioner of the department shall so order or direct. The commissioner shall so order or direct the owner to reinstall, construct, reconstruct, repave or repair a defective sidewalk flag in front of or abutting such property, including but not limited to the intersection quadrant for corner property or fence any vacant lot or lots, fill any sunken lot or lots and/or cut down any raised lots comprising part or all of such property after an inspection of such real property by a departmental inspector. The commissioner shall not direct the owner to reinstall, reconstruct, repave or repair a sidewalk flag which was damaged by the city, its agents or any contractor employed by the city during the course of a city capital construction project. The commissioner shall direct the owner to install, reinstall, construct, reconstruct, repave or repair only those sidewalk flags which contain a substantial defect. For the purposes of this subdivision, a substantial defect shall include any of the following:

1. where one or more sidewalk flags is missing or where the sidewalk was never built;

2. one or more sidewalk flag(s) are cracked to such an extent that one or more pieces of the flag(s) may be loosened or readily removed;

3. an undermined sidewalk flag below which there is a visible void or a loose sidewalk flag tht rocks or seesaws;

4. a trip hazard, where the vertical grade differential between adjacent sidewalk flags is greater than or equal to one half inch or where a sidewalk flag contains one or more surface defects of one inch or greater in all horizontal directions and is one half inch or more in depth;

5. improper slope, which shall mean (i) a flag that does not drain toward the curb and retains water, (ii) flag(s) that must be replaced to provide for adequate drainage or (iii) a cross slope exceeding established standards;

6. hardware defects which shall mean (i) hardware or other appurtenances not flush within 1/2" of the sidewalk surface or (ii) cellar doors that deflect greater than one inch when walked on, are not skid resistant or are otherwise in a dangerous or unsafe condition;

7. a defect involving structural integrity, which shall mean a flag that has a common joint, which is not an expansion joint, with a defective flag and has a crack that meets such common joint and one other joint;

8. non-compliance with DOT specifications for sidewalk construction; and

9. patchwork which shall mean (i) less than full-depth repairs to all or part of the surface area of broken, cracked or chipped flag(s) or (ii) flag(s) which are partially or wholly constructed with asphalt or other unapproved non-concrete material; except that, patchwork resulting from the installation of canopy poles, meters, light poles, signs and bus stop shelters shall not be subject to the provisions of this subdivision unless the patchwork constitutes a substantial defect as set forth in paragraphs (1) through (8) of this subdivision.

a-1. An owner of real property shall bear the cost for repairing, repaving, installing, reinstalling, constructing or reconstructing any sidewalk flag in front of or abutting his or her property, including but not limited to the intersection quadrant for corner property, deemed to have a substantial defect which is discovered in the course of a city capital construction project or pursuant to the department's prior notification program, wherein the department receives notification of a defective sidewalk flag(s) by any member of the general public or by an employee of the department. However, with respect to substantial defects identified pursuant to the prior notification program, the sidewalk must be deemed to be a hazard prior to the issuance of a violation for any substantial defect contained in subdivision a of this section for any sidewalk flag on such sidewalk. For purposes of this subdivision, a hazard shall exist on any sidewalk where there is any of the following:

1. one or more sidewalk flags is missing or the sidewalk was never built;

2. one or more sidewalk flag(s) is cracked to such an extent that one or more pieces of the flag(s) may be loosened or readily removed;

3. an undermined sidewalk flag below which there is a visible void;

4. a loose sidewalk flag that rocks or seesaws;

5. a vertical grade differential between adjacent sidewalk flags greater than or equal to one half inch or a sidewalk flag which contains one or more surface defects of one inch or greater in all horizontal directions and is one half inch or more in depth; or

6. cellar doors that deflect greater than one inch when walked on, are not skid resistant or are otherwise in a dangerous or unsafe condition.

b. All such work shall be done in accordance with such specifications and regulations prescribed by the department.

c. Whenever the department shall determine that a sidewalk flag should be installed, constructed, reconstructed, or repaved, or that a vacant lot should be fenced, or a sunken lot filled or a raised lot cut down, it may order the owner of the property abutting on such sidewalk flag or the owner of such vacant, sunken or raised lot by issuing a violation order to perform such work. Such order shall provide a detailed explanation of the inspection and the sidewalk defects according to sidewalk flags including a detailed diagram of the property and defects by type. The order shall also inform the owner of the existence of the borough offices within the department together with an explanation of the procedures utilized by the borough office as provided for in paragraph eighteen of subdivision a of section twenty-nine hundred three of the New York city charter as well as a complaint and appeal process, including the right to request a reinspection and then the right to appeal by filing a notice of claim with the office of the comptroller of the city of New York and thereafter a petition for appeal and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed under the direction of or by the department as provided herein and the procedures as to how to appeal by filing a notice of claim with the office of the comptroller of the city of New York and how to file a petition and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed as provided herein and the location, where the forms may be obtained. Such order shall specify the work to be performed, an estimate of the cost of the work to repair the defects and the order shall also specify a reasonable time for compliance, provided that the time for compliance shall be a minimum of forty-five days. The department shall, by appropriate regulations, provide for a reinspection by a different departmental inspector than the inspector that conducted the first or original inspection upon request of the property owner to the appropriate borough office. Where appropriate, the department shall notify the property owner of the date of reinspection at least five days prior to the reinspection date. Such inspector conducting the reinspection shall conduct an independent inspection of the property without access to the reports from the first inspection. The inspector conducting the reinspection shall file a new report and the department shall issue a new order to the owner specifying the results of the reinspection with a detailed diagram of the property and defects by type. Such order shall also advise the owner of the procedures utilized by the borough office as provided for in paragraph eighteen of subdivision a of section twenty-nine hundred three of the New York city charter and also of the right to challenge the notice of account and/or the quality of the work performed by filing a notice of claim with the office of the comptroller and thereafter a petition and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed under the direction of or by the department as provided in sections 19-152.2 and 19-152.3 of the code and specify the procedures as to how to appeal by filing a notice of claim with the office of the comptroller of the city of New York and how to file a petition and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed and the location where the forms may be obtained.

d. If the department has been notified in writing of the existence of a defective, unsafe, dangerous or obstructed condition of a sidewalk pursuant to subdivision (c) of section 7-201 of the code, and the department determines that such condition constitutes an immediate danger to the public, it may notify the property owner that such condition constitutes an immediate danger to the public and direct such owner to repair same within ten days of the service of the notice.

e. Upon the owner's failure to comply with such order or notice within forty-five days of service and filing thereof, or within ten days if such period is fixed by the department pursuant to subdivision d of this section, the department may perform the work or cause same to be performed under the supervision of the department, the cost of which, together with administrative expenses, as determined by the commissioner, but not to exceed twenty percent of the cost of performance, shall constitute a debt recoverable from the owner by lien on the property affected or otherwise. Upon entry by the city collector, in the book in which such charges are to be entered, of the amount definitely computed as a statement of account by the department, such debt shall become a lien prior to all liens or encumbrances on such property, other than taxes. An owner shall be deemed to have complied with this subdivision if he or she obtains a permit from the department to perform such work as specified in the order within the time set forth therein and completes such work within ten days thereafter.

f. Service of a notice or order by the department upon an owner pursuant to the provisions of this section shall

be made upon such owner or upon his or her designated managing agent personally or by certified or registered mail, return receipt requested, addressed to the person whose name appears on the records of the city collector as being the owner of the premises. If the records of the city collector show that a party, other than the owner, has been designated to receive tax bills for such property, the notice shall be mailed to such party as well as to the owner of record, at his or her last known address, or, if it is a multiple dwelling, service upon the owner or managing agent may be made in accordance with section 27-2095 of the code. If the postal service returns the order with a notation that the owner refused to accept delivery of such notice, it may be served by ordinary mail and posted in a conspicuous place on the premises.

g. A copy of such notice or order shall also be filed in the office of the clerk of each county where the property is situated, together with proof of service thereof.

h. Nothing contained in this section shall impair or diminish the power of the city to install, construct, reconstruct, repave or repair sidewalk flags or to fence vacant lots or to fill sunken lots or to cut down raised lots or to enter into contracts with the owners of premises abutting on streets for such installation, construction, reconstruction, repaving or repair of sidewalk flags or fencing of vacant lots or filling of sunken lots, or cutting down of any raised lots, in accordance with the rules of the procurement policy board. Nor shall anything contained in this section affect or impair any act done or right accrued or accruing, or acquired, or liability incurred prior to the effective date of this section, but the same may be enjoyed or asserted as fully and to the same extent as if this section had not been enacted.

i. After the work has been performed or after inspection by the department in the case where the work was performed under the direction of the department a notice of such account, stating the amount due and the nature of the charge, shall be mailed by the city collector, within five days after such entry, to the last known address of the person whose name appears on the records of the city collector as being the owner or agent or as the person designated by the owner to receive tax bills or, where no name appears, to the premises, addressed to either the owner or the agent. Such notice shall also inform the addressee of the existence of a complaint and appeal process including the procedures utilized by the borough office as provided for in paragraph eighteen of subdivision a of section twenty-nine hundred three of the New York city charter the right to appeal the amount due and the quality of work performed under the direction of or by the department by filing a notice of a claim with the office of the comptroller of the city of New York and thereafter by filing a petition and commence a proceeding to review and/or correct the notice of such account and/or the quality of the work performed under direction of or by the department as provided in section 19-152.2 and 19-152.3 of the code and the location where the forms may be obtained. The owner shall only be responsible for the cost of reinstalling, constructing, reconstructing, repaving or repairing defective sidewalk flags ordered or directed by the department, not an entire sidewalk if the entire sidewalk lacks defects.

j. If such charge is not paid within ninety days from the date of entry, it shall be the duty of the city collector to charge and receive interest thereon, to be calculated to the date of payment from the date of entry.

(1) Except as otherwise provided in paragraph (2) of this subdivision, interest shall be charged at the rate of interest applicable to such property for real property taxes pursuant to section 11-224 of the code.

(2) With respect to any parcel on which the annual tax is not more than two thousand seven hundred fifty dollars, other than a parcel which consists of vacant or unimproved land, interest shall be charged at the rate determined pursuant to subdivision p or at the rate of eight and one-half percent whichever is lower.

k. Such charge and interest shall be collected and the lien thereof may be foreclosed in the manner provided by law for the collection and foreclosure of the lien of taxes, sewer rents, sewer surcharges and water charges due and payable to the city, and the provisions of chapter four of title eleven of the code shall apply to such charge and the interest thereon and the lien thereof.

l. In addition to collecting the charge for the cost of installation, construction, repaving, reconstruction and

repair of sidewalk, fencing of a vacant lot, filling of a sunken lot and/or cutting down any raised lot as a lien, the city may maintain a civil action for recovery of such charge against a property owner who is responsible under this section for such work in the first instance, provided, however, that in the event that the department performs the work without duly notifying such person in the manner prescribed in subdivision f, the cost to the city of performing such work shall be prima facie evidence of the reasonable cost thereof.

m. Upon application in writing of either (i) an owner of real property which is improved by a one, two, three, four, five or six family house: or (ii) an owner of real property which has an assessed valuation of no more than thirty thousand dollars, upon which a charge in excess of two hundred fifty dollars but not in excess of five thousand dollars has been entered pursuant to this section, the commissioner of finance may agree with the owner to divide the charge into four annual installments. Each installment shall be as nearly equal as may be. The first installment thereof shall be due and payable upon approval of the application and each succeeding installment shall be due and payable on the next ensuing anniversary date of the date of entry of the charge, together with interest thereon from the date of entry at the rate determined pursuant to subdivision p, or at the rate of eight and one-half percent per annum, whichever is lower. The commissioner may require owners of parcels making application pursuant to this subdivision to furnish satisfactory proof of their eligibility. In the event that the owner fails to make payment of any installment within thirty days of the due date, the commissioner may declare such installment agreement to be null and void and the balance of the charge shall become immediately due and payable with interest at the rate prescribed in subdivision j of this section to be calculated from the date of entry to the date of payment. The installments not yet due with interest to date of payment may be paid at any time. The city may not enforce a lien against any owner who has entered into an agreement with the commissioner of finance pursuant to this section provided that he or she is not in default thereunder. No installment shall be a lien or deemed an encumbrance upon the title to real property charged until it becomes due as herein provided. In the event that the city shall acquire, by condemnation or otherwise, any property upon which installments are not due, such installments shall become due as of the date of acquisition of title by the city and shall be set off against any award that may be made for the property acquired, with interest to the date of acquisition of title.

n. All orders or notices served by the commissioner in connection with the installation, construction, reconstruction, repavement or repair of sidewalks, fencing of vacant lots, filling of sunken lots or cutting down of raised lots and all charges arising out of the performance of such work by the department subsequent to January first, nineteen hundred seventy-seven are hereby legalized, validated, ratified and confirmed as though such orders, notices and charges were made pursuant to this section.

o. Repealed.

p. On or before the first day of June, nineteen hundred eighty-six, and on or before the first day of June of each succeeding year, the director of the office of management and budget shall determine and certify the city's cost of debt service, expressed as a percentage and rounded to the nearest one-tenth of a percentage point and shall transmit copies of such certification to the city council and the commissioner of finance. The percentage so determined and certified shall be the rate of interest applicable for purposes of paragraph (2) of subdivision j and subdivision m during the ensuing fiscal year of the city, provided, however, that for the period beginning on February third, nineteen hundred eighty-five and ending on June thirtieth, nineteen hundred eighty-six, the applicable rate of interest shall be eight and one-half percent per annum. Any rate determined pursuant to this subdivision shall apply to charges, or any portion thereof, which remain or become due on or after the date on which such rate becomes effective and shall apply only with respect to interest computed or computable for periods or portions of periods occurring in the period in which such rate is in effect. For the purposes of this subdivision, the city's cost of debt service shall be the average rate of interest paid by the city during the first ten months of the fiscal year in which the determination is made on general obligation bonds issued by the city during such period with a maturity of four years or if no general obligation bonds with a maturity of four years are issued during such period, on general obligation bonds with a maturity of no less than three nor more than five years.

q. Notwithstanding any inconsistent provision of this section, the amount charged an owner for sidewalk

reconstruction performed or caused to be performed by the department in connection with a city capital construction project for street or sewer reconstruction shall be determined according to the average city expenditure for such sidewalk reconstruction projects in the borough where such reconstruction is performed. Such average expenditure shall be computed by the commissioner.

r. The department shall keep record of all complaints submitted and work ordered and performed under this section and shall issue a public report for a minimum of three years containing such information including the number of complaints heard each year according to category, the number of reinspections performed, and the dispositions of such reinspections.

s. The provisions of sections 19-149, 19-150 and 19-151 shall not apply to orders issued pursuant to this section.

**CASE NOTES**

¶ 1. Notice was sent to property owners that a sidewalk needed repairs. Although they were given only a few days between delivery and commencement of work by a city contractor this is not reason enough to defeat city lien. There was no challenge to the need for repairs or the amount of the bill and petitioners' entire attack is procedural. Petitioners argument that due process was violated because property is taken without notice is incorrect because petitioner is not deprived of any property until the city commences an action after the bill goes unpaid, prove it performed the work and the cost was reasonable. Alizio v. City of N.Y., 146 Misc 2d 214 [1990].

¶ 2. St. Jacques v. City of New York, 215 A.D.2d 75, 633 N.Y.S.2d 97, 633 N.Y.S.2d 97, aff'd 88 N.Y.2d 920, 646 N.Y.S.2d 787 (1996), aff'd 1996 Westlaw 303060 (New York Court of Appeals). A police officer who fell on the sidewalk while chasing a suspect sued the City, alleging that the sidewalk was defective. The general rule is that in the absence of a statutory violation that increases the risks inherent in police work, a police officer is unable to recover against either the City or a private property owner. The officer contended that § 19-152 constitutes such a violation, but the court held that the statute did not create an affirmative duty on the City to keep its sidewalks in good repair, and that the injury arose from the ordinary risks inherent in police work. Thus, the action against the City was dismissed.

¶ 3. Where an owner failed to perform needed sidewalk repairs, the City was permitted to engage an independent contractor to complete the work, subject to statutory protections against overbilling by contractors. Lenox Terrace Development Associates v. Riccio, 200 A.D.2d 362, 606 N.Y.S.2d 183 (1st Dept. 1994).

¶ 4. Administrative Code §19-152, can form a predicate for a claim under General Municipal Law 205-e, which provides for recovery by injured police officers against the municipality. These provisions are part of a well-developed body of law and imposes a clear legal duty on the city to take appropriate steps to keep the sidewalks in safe repair. Gonzalez v. Iacovello, 93 N.Y.2d 539, 693 N.Y.S.2d 486 (1999).

¶ 5. The statute does not impose any affirmative sidewalk maintenance duty on either the City or its contractor. Herrera v. City of New York, 8 A.D.3d 139, 779 N.Y.S.2d 27 (1st Dept. 2004).

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-152.2 Claim process.

a. A claim against the department arising from the city's performance pursuant to section 19-152 of the code shall be initiated within one year from the date of entry of a notice of account by filing a notice of claim with the office of the comptroller of the city of New York. The claim forms shall be provided to property owners upon request at no cost.

b. If the office of the comptroller determines that the final work was improper, the office of the comptroller shall notify the department. The department shall pursue corrective measures and shall issue and mail a new notice within thirty days of such determination, stating when the same will be corrected and by whom, by mail addressed to the person whose name appears on the records of the city collector as being the owner of the premises. If the records of the city collector show that a party other than the owner has been designated to receive the tax bills for such property, the notice shall be mailed to such party as well as to the owner of record, at his or her last known address, or if it is a multiple dwelling, service upon the owner or managing agent may be made in accordance with section 27-2095 of the code.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-152.3 Appeal process to small claims assessment review part.

a. If an owner of property claiming to be aggrieved does not secure satisfaction with the office of the comptroller, such owner of property may file a petition for appeal and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed with the small claims assessment review part in the supreme court. The petition for appeal forms shall be provided to property owners upon request, at no cost. A fee of twenty-five dollars shall be paid upon filing of each petition, which shall be the sole fee required for petitions pursuant to this section. Such petition shall contain an allegation that at least thirty days have elapsed since the notice of claim, based on section 7-201 of the code upon which such action is founded, was presented to the office of the comptroller for adjustment, and that the comptroller has neglected or refused to make an adjustment, or payment thereof for thirty days after such presentment.

b. The petition for an appeal form shall be prescribed by the department after consultation with the office of court administration. Such form shall require the petitioner to set forth his name, address and telephone number, a description of the real property for which the appeal is sought, the types of property defects or a description of the violations, a concise statement of the ground or grounds upon which the review is sought and any such information as may be required by the department and the office of court administration. No petition for an appeal form shall relate to more than one parcel of real property. The petition may be made by a person who has knowledge of the facts stated therein and who is authorized in writing by the property owner to file such petition. Such written authorization must be made a part of such petition and bear a date within the same calendar year during which the petition was filed.

c. The petitioner shall personally deliver or mail by certified mail, return receipt requested a copy of the petition within seven days from the date of filing with the clerk of the supreme court to the commissioner of the department or a designee of the commis- sioner.

d. The chief administrator of the courts shall appoint a panel of small claims hearing officers within the small claims assessment review program in the supreme court selected from persons requesting to serve as such hearing officers who have submitted resumes of qualifications to hear the proceedings relating to sidewalks and lots. Hearing officers to be appointed to the panel shall be qualified by training, experience, and knowledge of real property improvement and valuation practices and provisions of state and local law governing real property improvements, liabilities and assessments, but need not be attorneys at law. The chief administrator of the court shall randomly assign a hearing officer or hearing officers to conduct an informal hearing on the petition for appeal with the applicants for small claims and a representative of the department. Hearing officers assigned shall be familiar with the department and shall not possess any conflict of interest as defined by the public officers law with regard to the petitions heard. Hearing officers shall be compensated for their services in accordance with a fee schedule established by the chief administrator of the courts.

e. The small claims proceedings shall be held within thirty days after the date of filing the petition. Such proceeding, where practicable, shall be held at a location within the county in which the real property subject to review is located. The petitioner and the department shall be advised by mail of the time and place of such proceeding.

f. The petitioner need not present expert witnesses nor be represented by an attorney at such hearing. Such proceedings shall be conducted on an informal basis in such manner as to do substantial justice between the parties according to the rules of substantive law. The petitioner shall not be bound by statutory provisions of rules of practice, procedure, pleading or evidence. The hearing officer shall be empowered to compel the department and any other party who performed the work to produce records and other evidence relevant and material to the proceeding. All statements and presentation of evidence made at the hearing by either party shall be made or presented to the hearing officer who shall assure that decorum is maintained at the hearing. The hearing officer shall consider the best evidence presented in each particular case. Such evidence may include but shall not be limited to, photographs of the sidewalk or lots, construction contracts or bills from licensed firms that performed the work to correct the alleged violations. The hearing officer may, if he deems it appropriate, view or inspect the real property subject to review. The petitioner shall have the burden of proving entitlement to the relief sought.

g. All parties are required to appear at the hearing. Failure to appear shall result in the petition being determined upon inquest by the hearing officer based upon the available evidence submitted.

h. The hearing officer shall determine all questions of fact and law de novo.

i. The hearing officer shall make a decision in writing with respect to the petition for appeal within thirty days after conclusion of the hearing conducted with respect thereto. The hearing officer's decision may grant the petition in full or in part or may deny the petition. If the hearing officer grants the petition in full or in part, the hearing officer shall award the petitioner costs against the respondent in an amount equal to the fee paid by the petitioner to file the petition for appeal. The hearing officer may award the petitioner costs against the respondent in an amount equal to the fee paid by the petitioner to file the petition for appeal where he deems it appropriate.

j. If the hearing officer grants the petition in full or in part, the hearing officer shall order the department and the city collector, where appropriate, to change or correct their records to reflect the determination or order the work corrected and reinspected by a departmental inspector after the work was performed.

k. The decision of the hearing officer shall state the findings of fact and the evidence upon which it is based. Such decisions shall be attached to and made part of the petition for appeal and shall be dated and signed.

l. The hearing officer shall promptly transmit the decision to the clerk of the court, who shall file and enter it and

the hearing officer shall promptly mail a copy of the decision to the petitioner or the commissioner of the department or the designee of the commissioner and to the city collector, where appropriate.

m. No transcript of testimony shall be made of a small claims review hearing. The hearing officer's decision of a petition of appeal shall not constitute precedent for any purpose or proceeding involving the parties or any other person or persons.

n. A petitioner to an action pursuant to this section may seek judicial review pursuant to article seventy-eight of the civil practice law and rules provided that such review shall be maintained against the same parties named in the small claims petition.

o. The chief administrator of the courts shall adopt such rules of practice and procedure, not inconsistent herewith as may be necessary to implement the appeal procedures hereby established. Such rules shall provide for the scheduling of evening hearings where practicable, the availability of petition forms, and the procedures for the filing of decisions rendered by hearing officers pursuant to the provisions of this section.

p. If in the final order in any proceeding, it is determined that the amount due was excessive or improper and ordered or directed that the same be corrected, the city collector shall issue and mail a new notice of such account stating the new amount owed to the person whose name appears on the records of the city collector as being the owner of the premises. If the records of the city collector show that a party other than the owner has been designated to receive the tax bills for such property, the notice shall be mailed to such party as well as to the owner of record, at his or her last known address, or, if it is a multiple dwelling, service upon the owner or managing agent may be made in accordance with section 27-2095 of the code. If such charge is not paid within ninety days from the date of entry, it shall be the duty of the city collector to charge and receive interest thereon, to be calculated to the date of payment from the date of entry. Where appropriate, if in the final order in any proceeding, it is determined that the amount due was excessive or improper and the owner of the property is entitled to a refund for the excessive amount, the hearing officer shall promptly order and direct such refund within thirty days.

q. If in the final order in any proceeding, it is determined that the final work was improper and ordered or directed that the same be corrected, the department shall issue and mail a new notice of such within thirty days stating when the same will be corrected and by whom, by mail, addressed to the person whose name appears on the records of the city collector as being the owner of the premises. If the records of the city collector show that a party other than the owner has been designated to receive the tax bills for such property, the notice shall be mailed to such party as well as to the owner of record, at his or her last known address, or, if it is a multiple dwelling, service upon the owner or managing agent may be made in accordance with section 27-2095 of the code.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 1 CONSTRUCTION, MAINTENANCE, REPAIR, OBSTRUCTION AND CLOSURE OF STREETS

§ 19-153 Inspection, testing and repair of electrical-related infrastructure.

a. The provisions of this section shall only apply to electrical-related infrastructure located in the city of New York capable of emitting stray voltage. For purposes of this section, the following terms shall have the following meanings: 1. "Local electric corporation" shall mean an electric corporation as defined in paragraph 13 of section 2 of the public service law, or its successor provision, that owns and operates transmission and distribution systems for the provision of electrical service in the city of New York.

2. "Stray voltage" shall mean any unintended electrical potentials between contact points that may be encountered by humans or animals.

3. "Voltmeter" shall mean an instrument that measures differences of electric potential in volts.

4. "Non-conductive protective material" shall mean any casing or material of sufficient composition or thickness to adequately obstruct the unintended flow of electricity.

b. All local electric corporations shall, where practicable and appropriate for the protection of public safety, utilize non-conductive protective materials to insulate their electrical-related infrastructure to prevent stray voltage.

c. All local electric corporations shall establish and implement written guidelines and procedures for the annual

inspection or testing of each category of its electrical-related infrastructure used to provide electrical service and for the repair of such infrastructure if required. Such guidelines and procedures shall include the annual inspection of each category of its electrical-related infrastructure located on, above or below any sidewalk used to provide electrical service and the repair of such infrastructure if required. Such guidelines and procedures shall also include the annual testing of each category of its electrical-related infrastructure in any location other than on, above or below a sidewalk used to provide electrical service and the repair of such infrastructure if required. Each inspection and testing period shall be comprised of an uninterrupted twelve month period concluding on November 30 of each year. Such local electric corporations shall establish such inspection and testing schedules and procedures for at least the following categories of electrical-related infrastructure: transformers, switching and protective devices, regulators and capacitors, overhead and underground cables, wires and conductors, above and below ground utility and connection boxes, manhole covers, metal plates, gratings and poles.

d. Each piece of electrical-related infrastructure included in the list of categories of such infrastructure set forth in subdivision c of this section that has been found to emit stray voltage shall be repaired or made safe within twenty-four hours of discovery or knowledge of such condition by the local electric corporation that owns and operates the infrastructure, or a contractor or subcontractor thereof, in a manner that completely eliminates the emission of any such stray voltage.

e. Upon completion of the annual inspection, testing and repair program mandated by subdivision c of this section, all local electric corporations shall provide the council, the department and the public service commission with a written report no later than January 15 of each year. Such report shall state that each piece of its electrical-related infrastructure has been inspected where required, tested where required, and, if necessary, repaired during the immediately preceding inspection and testing period. Such report shall indicate each location at which stray voltage was found and shall state that in each such instance, each repair was completed in accordance with accepted professional standards and that no public safety hazard exists. Such report shall include a detailed account of all types of non-conductive protective materials utilized to insulate such local electric corporation's electrical-related infrastructure during the period being reported upon, as well as any planned changes in the types of non-conductive protective materials to be employed during the next reporting period to meet the mandate set forth in subdivision b of this section with an explanation for any proposed change. Such report shall also include a complete list of all inspections, tests and repairs for the detection and elimination of stray voltage conducted outside the course of the inspection and testing schedules required by subdivision c of this section, such as those initiated in response to consumer complaints, including the nature and location of the condition complained of, whether the complaint was founded, what repair work was undertaken and to what category of electrical-related infrastructure and the amount of time taken from receipt of the complaint to completely eliminate any stray voltage.

f. The department shall conduct random tests, by utilizing a voltmeter, of the electrical-related infrastructure of any local electric corporation for the purposes of detecting stray voltage and shall maintain written reports of the results of each such test. Commencing with the twelve month inspection and testing period beginning on December 1, 2004, the department shall conduct at least two hundred fifty such tests at random sites during each twelve month inspection and testing period. The reports created pursuant to this testing shall be forwarded to the public service commission and to the local electric corporation whose sites and department tests.

g. All local electric corporations shall establish and implement an educational campaign aimed at informing the public of how to identify and protect themselves from the dangers of stray voltage potentially emanating from their electrical-related infrastructure. The campaign shall utilize the information from the annual report of inspections, tests and repairs required by this section to alert the public to the locations most frequently documented as having had stray voltage.

**HISTORICAL NOTE**

Section added L.L. 44/2004 § 2, eff. Oct. 14, 2004. [See Note 1]

**NOTE**

1. Provisions of L.L. 44/2004:

Section 1. Declaration of legislative findings and intent. The Council finds that an ongoing state of danger exists on the streets and sidewalks of the City of New York in the form of stray voltage emanating from electrical-related infrastructure. This danger became immediately apparent on January 16, 2004 when Jodie S. Lane was tragically killed when she stepped on an electrically charged metal plate while walking her two dogs in Manhattan. The stray voltage that led to Ms. Lane's death prompted an examination of the state of the electrical-related infrastructure in the City for purposes of determining the incidence of stray voltage emanating from that infrastructure and the extent of the danger posed to New Yorkers in simply traversing the City's streets and sidewalks as they go about their daily routine. The examination found hundreds of cases of stray voltage throughout the five boroughs that were potentially harmful to the public. It is believed that the stray voltage was subsequently eliminated at these locations, but the widespread nature of these findings and the propensity for numerous additional cases of stray voltage in the future has demonstrated the necessity for the Council to act in an effort to protect New Yorkers from the dangers associated with stray voltage.

By requiring the New York City Department of Transportation to test for stray voltage in accordance with the provisions of this local law, the Council does not intend to impose any liability on the City or the New York City Department of Transportation for failure to detect stray voltage or to eliminate its source. The Council merely intends for the New York City Department of Transportation to provide an inependent check on the stray voltage inspection, testing and repair program mandated by this local law in an effort to further safeguard New Yorkers from the dangers of stray voltage.

It is further the Council's intent that the local action manifested in this local law is necessary until such time as the New York State Public Service Commission, or its successor, adopts rules or regulations imposing obligations upon electric corporations to conduct annual inspections, tests and repairs of its electrical-related infrastructure to detect and eliminate stray voltage.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-162 Permissible parking for certain purposes.

1. Notwithstanding any local law or regulation to the contrary, but subject to the provisions of the vehicle and traffic law, it shall be permissible for a bus owned, used or hired by public or nonpublic schools to park at any time, including overnight, upon any street or roadway, provided said bus occupies a parking spot in front of and within the building lines of the premises of the said public school or nonpublic school.

2. Notwithstanding the department of transportation regulation prohibiting parking in front of private driveways, it shall be permissible for the owner or lessor of the lot accessed by such driveway to park a passenger vehicle registered to him or her at that address in front of such driveway, provided that such lot does not contain more than two dwelling units and, further provided that such parking does not violate any other provision of the vehicle and traffic law or local law, rule or regulation concerning the parking, stopping, or standing of motor vehicles. The hearing officer shall dismiss any notice of violation issued to the owner of such passenger vehicle upon receipt from the owner, in person or by mail, of a copy of the vehicle registration containing the same address as that at which the ticket was given or other suitable evidence showing compliance with the law. The director of the bureau shall set forth the proof required in the case of lots where confusion may arise including, but not limited to, corner lots or lots with dual addresses.

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-162.1 Permissible parking for members of the clergy; houses of worship and hospitals.

a. For the purposes of this section the following terms shall have the following meanings:

1. The term "member of the clergy" as used in this section means a clergyman or minister as defined in the religious corporations law including, but not limited to a pastor, rector, priest, rabbi or imam who officiates at or presides over services on behalf of a religious corporation or association of any denomination. Such term shall not include clergy who derive their principal income from any other occupation or profession or who do not officiate at or preside over services on behalf of a religious corporation or association of any denomination.

2. The term "passenger car" as used in this section means a motor vehicle designed and used for carrying not more than fifteen people, including the driver. Such term shall not include a vehicle licensed to operate pursuant to chapter five of this title or a commercial vehicle as defined in section 19-170 of this code.

3. The term "house of worship" as used in this section means a building or space owned or leased by a religious corporation or association of any denomination or used by a religious corporation or association of any denomination pursuant to the written permission of the owner thereof, which is used by members principally as a meeting place for divine worship or other religious observances presided over by a member of the clergy and which is classified in occupancy group F-1(b) pursuant to article eight of subchapter three of chapter one of title twenty-seven of this code. Such term shall not include a dwelling unit as defined in the housing maintenance code.

4. The term "hospital" as used in this section means a general hospital, nursing home or hospice in-patient facility certified pursuant to the public health law or a psychiatric center established pursuant to section 7.17 of the mental hygiene law.

b. Notwithstanding any local law or rule to the contrary, it shall be permissible for a member of the clergy to park a passenger car which is owned, registered or leased by such member of the clergy and displays an appropriate department permit, in an available space where parking is prohibited by a posted sign (i) for a period of up to four hours upon the roadway adjacent to the house of worship at whose services such member of the clergy officiates or presides as noted on such permit or, (ii) for a period of up to three hours on the roadway adjacent to a hospital when such member of the clergy is performing official duties at such hospital. It shall not be permissible for a member of the clergy to park where parking is prohibited by rule or where stopping or standing are prohibited by posted sign or rule.

c. An application for a permit to be issued pursuant to this section, and such supporting documentation as may be required by the commissioner, shall be submitted on behalf of a member of the clergy by the religious corporation or association at whose services the member of the clergy officiates or presides. Such religious corporation or association shall certify on a form provided by the department that the member of the clergy on whose behalf the application is made will use such permit only while performing official duties at the house of worship at whose services such member of the clergy officiates or presides or while performing such official duties at a hospital and that such member of the clergy otherwise qualifies for the benefits of this section. Only one permit shall be issued to any religious corporation or association and shall include on the front side thereof the license plate numbers of up to three vehicles owned, registered or leased by members of the clergy on whose behalf such religious corporation or association submitted an application. In accordance with the criteria set forth in this subdivision for the issuance of a permit, the commissioner shall add, delete or substitute license plate numbers as may be applied for by a religious corporation or association.

d. Where a permit issued pursuant to this section is used for a purpose other than official duties as set forth in this section or by a person other than the member of the clergy indicated in an application such permit may be rescinded. The member of the clergy who engaged in or allowed such unauthorized use of the permit shall not be eligible for inclusion in an application pursuant to this section. The commissioner shall promulgate such rules as may be necessary for the implementation of this section and shall set such fee as may be appropriate for the issuance of permits pursuant to this section.

**HISTORICAL NOTE**

Section added L.L. 73/1996 § 2, eff. Dec. 12, 1996. [See Note]

**NOTE**

Provisions of L.L. 73/1996 § 1:

Section 1. Legislative findings and intent. It is hereby found that many members of the clergy are frequently called upon to respond to emergencies or situations which warrant immediate attention during the course of performing their official duties. In these instances, many members of the clergy are burdened with the task of locating permissible parking, often delaying their ability to attend to someone in a hospital or to perform an official function.

It is also hereby found that under current New York city traffic rules limited exemptions from parking restrictions exist for doctors and dentists, governmental employees and representatives of certain not-for-profit organizations while these persons are engaged in the performance of their official duties but that there is no analogous exemption from parking restrictions for members of the clergy.

It is the intent of this local law to alleviate a burden on members of the clergy who perform a vital and invaluable public service in the city of New York.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-162.2 Permissible parking for emergency ambulance service vehicles operating for volunteer ambulance services.

a. For purposes of this section the following terms shall have the following meanings:

1. "volunteer emergency medical technician" shall mean an individual who meets the minimum requirements established by regulations pursuant to section three thousand two of the public health law and who is responsible for the administration or supervision of initial emergency medical care and transportation of sick or injured persons and who performs such services without the receipt or expectation of monetary compensation.

2. "volunteer ambulance service" shall mean a registered or certified volunteer ambulance service as defined in section three thousand four of the public health law.

3. "emergency ambulance service vehicle" shall mean a vehicle which is an appropriately equipped motor vehicle owned or operated by an ambulance service as defined in section three thousand one of the public health law and used for the purpose of transporting emergency medical personnel and equipment to sick or injured persons and which is transporting a certified first responder.

4. "certified first responder" shall mean an individual who meets the minimum requirements established by regulations pursuant to section three thousand two of the public health law and who is responsible for administration of initial life saving care of sick and injured persons.

b. The commissioner shall issue an annual on-street parking permit for a vehicle authorized by a volunteer ambulance service to operate as an emergency ambulance service vehicle. The volunteer ambulance service shall submit an application for each permit requested on such form as the commissioner shall determine and shall certify that the permit is necessary for the performance by a volunteer emergency medical technician of his or her duties on behalf of that volunteer ambulance service.

c. The volunteer ambulance service shall specify the requested geographic territory for each permit, which may not exceed the primary operating territory listed on the department of health and mental hygiene ambulance service registration or certification pursuant to section three thousand four of the public health law.

d. Such parking permit shall only be used for the purpose of parking a specified emergency ambulance service vehicle where parking is prohibited by sign or rule, and only while such vehicle is on standby for use by a volunteer emergency medical technician to respond to medical emergencies.

e. The license plate number of the vehicle and the name, address and telephone number where the volunteer ambulance service can be reached shall be written on the face side of the permit.

f. Notwithstanding any other provision of law, such parking permit shall not authorize the parking of a motor vehicle in a bus stop, a taxi-stand, within fifteen feet of a fire hydrant, a fire zone, a driveway, a crosswalk, a no stopping zone, a no standing zone, or where the vehicle would be double-parked.

g. Any misuse of such permit shall be sufficient cause for revocation of said permit.

h. Notwithstanding any other provision of law, no vehicle bearing an annual on-street parking permit issued pursuant to this section may be towed when such vehicle is being used in accordance with the purpose for which such permit was issued, except in public safety emergencies to be determined by the police department.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-169 Removal of vehicles parked in front of a private driveway.

a. Subject to the provisions of this section an owner of a lot containing no more than two dwelling units, or his or her lessee, may cause any vehicle which is parked in front of his or her private driveway and which blocks the entry or egress of a vehicle from such property to be removed by a person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code, where a person authorized to issue a notice of parking violation has issued such a notice and affixed it to such unlawfully parked vehicle; the issuance of such a notice shall constitute authorization to the owner of such property, or his or her lessee, to arrange for removal of such unlawfully parked vehicle, and such removal shall be deemed to be at the request of the person who issued the notice.

b. Where the owner of such property, or his or her lessee, requests a police officer to arrange for removal of any such unlawfully parked vehicle, such vehicle shall be removed at the direction of the police department by the next available towing company participating in the rotation tow program established pursuant to section 20-519 of the code. Nothing in this section shall be construed to preclude an owner of such property, or his or her lessee, acting pursuant to this section, from arranging for the removal of such unlawfully parked vehicle by a tow operator of such person's choice. The commissioner of consumer affairs shall promulgate a regulation establishing performance standards for licensees in order to insure that vehicles summonsed under this section are towed as expeditiously as possible.

c. 1. No vehicle may be removed pursuant to this section without the express written authorization issued to a person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code by the

owner of such property, or his or her lessee. Such authorization shall include the location of the vehicle to be removed, the make, model, color and license plate number of such vehicle and a statement that such vehicle was removed pursuant to a notice of parking violation and shall be signed by the owner of such property, or his or her lessee, prior to removal.

2. A vehicle may not be removed if it is occupied by any person.

3. Notwithstanding any other provision of law, a vehicle which is removed shall be taken directly to a facility for storage maintained by the person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code who has removed such vehicle and which is within ten miles from the point of removal. If no such facility is available, the closest available facility for storage maintained by a person so licensed shall be utilized. Such facility for storage must be a secure place for safekeeping vehicles.

4. Any person who removes a vehicle pursuant to this section shall within thirty minutes of the vehicle's arrival at a facility for storage notify the local police precinct having jurisdiction over the area of such removal of the storage site, the time the vehicle was removed, the location the vehicle was removed from, the make, model, color and license plate number of the vehicle, the name of the person who signed an authorization for the removal and the fact that such vehicle was removed pursuant to a notice of parking violation and shall obtain the name of the person at such police precinct to whom such information was reported and note such name on a trip record together with the date and time that the vehicle was removed.

5. If the registered owner or other person in control of the vehicle arrives at the scene prior to removal of the vehicle and such vehicle is connected to any apparatus for removal, the vehicle shall be disconnected from such apparatus and such person shall be allowed to remove the vehicle without interference upon payment of a reasonable service fee of not more than one-half of the charge allowed for removal as provided in paragraph eight of this subdivision, for which a receipt shall be given.

6. The registered owner or other person in control of a vehicle which has been removed pursuant to this section shall have the right to inspect the vehicle before accepting its return. No release or waiver of any kind which would release the person or company removing the vehicle from liability for damages may be required from any such owner or other person as a condition of release of the vehicle to such person. A detailed, signed receipt showing the legal name of the person or company removing the vehicle must be given to the person paying the removal and storage charges at the time of payment.

7. Any person who removes a vehicle pursuant to this section shall comply with the notice provisions of subdivision two of section one hundred eighty-four of the lien law.

8. Notwithstanding the charges permitted to be collected under subdivision c of section 20-519 of this code, a person who removes a vehicle pursuant to section 19-169 of this code may collect the following charges from the owner or other person in control of such vehicle, payable before the vehicle is released: one hundred dollars for removal and the first three days of storage; ten dollars per day for storage thereafter, except that no charge may be collected for removal or storage of a vehicle pursuant to this section by a person who is not licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code.

9. This section does not apply to law enforcement, firefighting, rescue squad, ambulance, or other emergency vehicles which are marked as such.

10. When an owner of property, or his or her lessee, improperly causes a vehicle to be removed, such person shall be liable to the owner or other person in control of the vehicle for the cost of removal, transportation and storage and for any damage resulting from the removal, transportation and storage of the vehicle.

d. No person licensed pursuant to subchapter thirty-one of chapter two of title twenty of the code shall refuse,

without justifiable grounds, a request by any person acting pursuant to this section to remove a vehicle unlawfully blocking a private driveway. Any person who violates this subdivision shall be punished as follows: for the first violation, a fine of one hundred dollars; for the second violation within a period of twelve months of the date of a first violation, a fine of two hundred dollars; and for any additional violations within a period of twenty-four months of the date of a first violation, a fine of five hundred dollars.

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-169.1 Removal of vehicles improperly parked on private property.

a. Notwithstanding any other provision of law, where a licensed tow operator removes a vehicle because it is parked on private property in a manner inconsistent with posted instructions, and such removal is pursuant to a contract between the owner of the private property and the licensed tow operator for the removal of any such improperly parked vehicles, such tow operator may collect the following charges from the vehicle owner or other person in control of such vehicle, payable before the vehicle is released: up to but not more than one hundred dollars for removal and the first three days of storage; up to but not more than ten dollars per day for storage thereafter; except that no charge may be collected for removal or storage of a vehicle pursuant to this section by a person who is not licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of this code.

b. No owner or operator of parking facilities on private property shall tow or cause to be towed from such private property any motor vehicle unless such owner or operator shall conspicuously post and maintain upon such private property a sign stating the name, address and telephone number of the tow operator, the hours of operation for vehicle redemption, towing and storage fees of the tow operator and the hours vehicles are prohibited from parking and subject to tow.

c. No vehicle shall be removed by a tow operator from private property without express written authorization by the owner of the private property or his or her agent as designated in the contract between the owner of the private property and the tow operator. Such authorization shall be required for each vehicle removed, and shall include the

location, make, model, color and license plate number of the vehicle to be removed.

d. A vehicle may not be removed if it is occupied by any person.

e. Notwithstanding any other provision of law, a vehicle which is removed shall be taken directly to a facility for storage maintained by the person licensed to engage in towing pursuant to subchapter thirty-one of chapter two of title twenty of the code who has removed such vehicle and which is within city limits and no more than ten miles from the point of removal. If no such facility is available, the closest available facility for storage within New York city maintained by a person so licensed shall be utilized. Such facility for storage must be a secure place for safekeeping vehicles.

f. Any person who removes a vehicle pursuant to this section shall, within thirty minutes of the vehicle's arrival at a facility for storage, notify the local police precinct having jurisdiction over the area from which the vehicle was removed, as to the storage site, the time the vehicle was removed, the location from which the vehicle was removed, the name of the person who authorized the removal, and the fact that the removal was pursuant to a contract with the owner of the private property, and shall obtain the name of the person at such police precinct to whom such information was reported and note such name on a trip record together with the time and date that the vehicle was removed.

g. If the registered owner or other person in control of a vehicle arrives at the scene prior to the removal of the vehicle, and such vehicle is connected to any apparatus for removal, the vehicle shall be disconnected from such apparatus and such registered owner or other person in control of such vehicle shall be allowed to remove the vehicle from the premises without interference upon payment of a reasonable service fee of not more than one-half of the charge allowed for removal as provided in subdivision a of this section, for which a receipt shall be given. Each tow operator shall carry a legible copy of this sectiion with this paragraph highlighted, and shall show it to a vehicle owner, or other person in control of the vehicle, who arrives at the scene prior to the removal of a vehicle.

h. The registered owner or other person in control of a vehicle which has been removed pursuant to this section shall have the right to inspect the vehicle before accepting its return. No release or waiver of any kind which would release the person or company removing the vehicle from liability for damages may be required from any such owner or other person as a condition of release of the vehicle to such person. A detailed, signed receipt showing the legal name of the person or company removing the vehicle must be given to the person paying the removal and storage charges at the time of payment.

i. When an owner of private property, his or her agent as designated in the contract with the tow operator, or a tow operator contracting with such owner causes a vehicle to be removed in violation of this section, there shall be no charge to the owner or other person in charge of the vehicle for the cost of removal and storage. Such person who has violated this section shall be liable to the owner or other person in control of the vehicle for any amounts actually paid for removal, transportation and storage of the vehicle, as well as for any damage resulting from the removal, transportation and storage of the vehicle.

j. Any person who violates this section shall be punished as follows: for the first violation, a fine of two hundred and fifty dollars; for the second violation within a period of twelve months of the date of the first violation, a fine of five hundred dollars; and for any additional violations within a period of twenty-four months of the date of a first violation, a fine of one thousand dollars.

k. No person may, under authority of this section, cause the removal of any ambulance, police vehicle, fire vehicle, civil defense emergency vehicle, emergency ambulance service vehicle, environmental emergency response vehicle, sanitation patrol vehicle, hazardous materials emergency vehicle or ordinance disposal vehicle of the armed forces of the United States.

l. Authorized officers and employees of the department and the department of consumer affairs and members of the police department shall have the power to enforce the provisions of this section and any rules promulgated

hereunder.

m. The commissioner of consumer affairs is authorized to promulgate such rules as the commissioner deems necessary to effectuate the provisions of this section.

**HISTORICAL NOTE**

Section amended L.L. 104/1993 § 1, eff. Jan. 27, 1994.

Section added L.L. 21/1991 § 1, eff. May 4, 1991.

Subds. l, m added L.L. 94/1997 § 1, eff. Dec. 30, 1997.

**CASE NOTES**

¶ 1. In Sweeney v. Bruckner Plaza, 57 A.D.3d 347, 869 NYS3d 453 (1st Dept. 2008), the court refused to dismiss an action brought under §19-169.1. Plaintiff, a quadriplegic, commenced an action to recover for personal injuries allegedly sustained when he traveled a long distance in cold weather to retrieve his vehicle, which had been towed from defendant's parking lot. Allegedly, plaintiff developed pneumonia after his ordeal. The basis for liability was that the defendant had failed to list the name and location of the towing pound. The majority opinion is scant on facts, but the dissenting opinion gives somewhat more detail. Apparently, plaintiff had parked in a handicapped spot in the lot but his vehicle did not display the proper handicapped decal, as a result the car was towed. Allegedly, a tow truck driver erroneously told plaintiff that the pound was only about two blocks away from the shopping center, when in fact the distance was about 1.2 miles. The court said that there was at least an arguable causal connection between the violation (failure to list the location of the pound) and the injury allegedly sustained by plaintiff as a result of the long trip (note-the opinion is not clear as to how plaintiff managed to make the trip at all).

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-169.2 Booting of improperly parked motor vehicles.

a. Definitions. For the purposes of this section, the following terms shall have the following meanings:

1. "Boot" or "booting" shall mean the act of placing on a parked motor vehicle a mechanical device that is designed to be attached to the wheel or tire or other part of such vehicle so as to prohibit its usual manner of movement;

2. "Person" shall mean any individual, partnership, corporation, association, firm or other business entity; and

3. "Private street" shall mean every way or place in private ownership that is used for vehicular travel by the owner and those having express or implied permission of the owner or that may be used by the public for vehicular travel.

b. Except as provided in paragraph two of subdivision a of section 20-531 of this code, no person shall engage in booting unless such person is licensed by the department of consumer affairs pursuant to subchapter 32 of chapter 2 of title 20 of this code and any rules promulgated pursuant thereto.

c. 1. No motor vehicle may be booted unless a sufficient number of signs is conspicuously posted and maintained by the owner of the property in the form, manner and location prescribed by rule of the commissioner of consumer affairs and this subdivision. Such signs shall contain such information as the commissioner of consumer

affairs shall prescribe in such rule including, but not limited to, the word "warning," the name, business address, business telephone number and license number of the person authorized by the property owner to boot the vehicle, the hours during which and the circumstances under which vehicles are prohibited from parking on such property and are subject to booting or towing, if applicable, the fees to be charged for booting and the telephone number of the office within the department of consumer affairs responsible for receiving complaints regarding booting. The word "warning" on such signs shall be in letters not less than five inches high and shall be in the color red and the lettering on such signs stating the hours during which and the circumstances under which vehicles are prohibited from parking on such property and are subject to booting shall be not less than two inches high. The lettering on such signs which provides the name, business address, business telephone number, and license number of the person authorized to boot the vehicle, the fees to be charged for booting and the department of consumer affairs telephone complaint number, shall be not less than three-fourths of an inch high.

2. Notwithstanding paragraph one of this subdivision, the provisions of this subdivision shall be satisfied with respect to a private street if (i) a sign containing the information required by this subdivision is posted and maintained by the owner of such private street at each place where such private street intersects a public street and such signs are situated in such a manner as to be readily visible and readable by the operator of a motor vehicle traveling from a public street onto such private street, and (ii) there are also a sufficient number of signs on every other private street that is in the same ownership stating that vehicles parked on such street without the permission of such owner may be booted and containing the business telephone number of the person authorized by the owner to boot the vehicle, which signs are readily visible and readable by an operator of a motor vehicle traveling on such street.

3. No charge for the release of a vehicle that has been booted in excess of that which is contained in the signs required by this subdivision may be imposed.

4. No motor vehicle shall be booted by a person licensed by the department of consumer affairs pursuant to subchapter thirty-two of chapter two of title twenty of this code and any rule promulgated pursuant thereto unless such licensee has been authorized to boot such motor vehicle pursuant to a written contract between such licensee and the owner, lessee, managing agent or other person in control of the property on which such motor vehicle is parked. Such contract shall also provide that such owner, lessee, managing agent or other person in control of the property shall be liable for any violation by such licensee or his or her employees or agents of any of the provisions of this section or of subchapter thirty-two of chapter two of title twenty of this code or of any rules promulgated pursuant to this section or such subchapter.

5. An owner, lessee, managing agent or other person in control of property who has entered into a written contract with a person licensed by the department of consumer affairs pursuant to subchapter thirty-two of chapter two of title twenty of this code authorizing such licensee to boot motor vehicles parked on such property shall be liable for any violation by such licensee or such licensee's employees or agents of the provisions of this section, of subchapter thirty-two of chapter two of title twenty of this code or of any rules promulgated pursuant to this section or such subchapter.

6. Paragraphs four and five of this subdivision shall not apply to the booting of motor vehicles on a private street.

d. In addition to the provisions of subdivision c of this section, no motor vehicle may be booted (1) unless such vehicle is unlawfully parked; (2) where such vehicle is occupied by any person or live animal; (3) when such vehicle is parked on the roadway side of a vehicle stopped, standing or parked at the curb; (4) where such vehicle is parked in a fire lane, or in front of or immediately adjacent to a fire hydrant, fire connection or building emergency exit; (5) unless the express written authorization of the owner of a private driveway blocked by such vehicle has been obtained, which authorization includes the location, make, model, color and license plate number of such vehicle; (6) if such vehicle is an ambulance, correction vehicle, police vehicle, fire vehicle, civil defense emergency vehicle, emergency ambulance service vehicle, environmental emergency response vehicle, sanitation patrol vehicle, hazardous materials emergency

vehicle, ordinance  disposal vehicle of the armed forces of the United States; and (7) where such vehicle bears a special vehicle identification parking permit issued in accordance with the provisions of paragraph 15 of subdivision a of section 2903 of the New York city charter or issued in accordance with the provisions of section 1203-a of the vehicle and traffic law, or "MD" New York registration plates.

e. Immediately after a vehicle is booted, the person booting such vehicle, the owner of the property where such vehicle was booted, or an employee or agent of such person or owner, shall affix at the rear-most portion of the window adjacent to the driver's seat of such vehicle a sticker measuring eight and one-half inches by eleven inches containing a warning that any attempt to move the vehicle may result in damage to the vehicle, and stating the time the vehicle was booted and the name, business address and the license number of the person who booted such vehicle as well as a business telephone number which will facilitate the dispatch of personnel responsible for removing the boot.

f. No release or waiver of any kind purporting to limit or avoid liability for damages to a vehicle that has been booted shall be valid. In addition, any person who booted a vehicle, or other person authorized to accept payment of any charges for such booting, shall provide a signed receipt to the individual paying the booting charges at the time such charges are paid. Such receipt shall state the name, business address, business telephone number and license number of the person who has booted such vehicle as such information appears on the license to engage in booting, and such receipt shall also include a telephone number for the office within the department of consumer affairs responsible for receiving complaints with respect to booting.

g. No charge shall be imposed for the booting of a vehicle when any person has committed a violation of this section, subchapter thirty-two of chapter two of title twenty of this code or any rules promulgated pursuant to this section or such subchapter with respect to such vehicle, and any such unlawful charge shall be reimbursed by any person liable for a violation of this section.

h. Any person who has booted a motor vehicle shall release such vehicle within thirty minutes of receiving a request for such vehicle's release; provided, however, that payment of any charge for booting is made at or prior to the time of such vehicle's release. The owner or person in control of a vehicle which has been booted by a licensee or such licensee's employee or agent shall be permitted to pay any charge for booting at the location where such vehicle was booted and the licensee, or other person authorized to accept payment, shall accept such payment in person by credit card in accordance with generally accepted business practices.

i. Any person who violates any provision of this section or any rule promulgated pursuant thereto shall be liable for a civil penalty of not less than five hundred nor more than one thousand dollars.

j. Authorized employees of the department, or the department of consumer affairs, or any police officer, shall have the power to enforce the provisions of this section and any rules promulgated pursuant thereto and the department of consumer affairs shall be authorized to impose the civil penalties provided for in this section, may arrange for the redress of any injuries caused by violations of this section and may otherwise provide for compliance with the provisions and purposes of this section.

k. The commissioner of consumer affairs is authorized to promulgate such rules as the commissioner deems necessary to effectuate the provisions of this section.

l. The provisions of this section shall not apply to the booting of a motor vehicle by:

1. The city, any other governmental entity, or a person acting under the direction of the city or such governmental entity, where such booting is authorized by any other provision of law or any rule or regulation promulgated pursuant thereto; or

2. Any person who has a lien pursuant to section 184 of the lien law and who detains such motor vehicle in his or her lawful possession.

**HISTORICAL NOTE**

Section added L.L. 24/1995 § 2, eff. July 9, 1995. See Note.

Subd. c par 1 amended L.L. 90/1997 § 1, eff. Jan. 16, 1998.

Subd. c pars 4, 5, 6 added L.L. 88/1997 § 1, eff. Jan. 16, 1998.

Subd. g amended L.L. 88/1997 § 2, eff. Jan. 16, 1988.

**NOTE**

Provisions of L.L. 24/1995 § 1

Section 1. Legislative findings and intent. It is hereby found and declared that the booting of motor vehicles by private persons should be regulated in order to alleviate some of the problems motorists have experienced and to give motorists a forum in which to have their complaints heard and addressed. In 1994, the Department of Consumer Affairs received complaints from consumers who maintained that their vehicles had been legally parked when the boots were applied, that no signs had been posted indicating that vehicles would be booted if they were improperly parked or that the booting personnel were abusive and unresponsive. By far, the largest portion of these complaints concerned the booting of motor vehicles on private parking lots serving stores and other business establishments where motorists were forced not only to pay high booting charges to have their vehicles released, but also to pay charges for both the booting and the subsequent towing of their vehicles. Since booting is currently an unlicensed activity, the Department of Consumer Affairs has been unable to mediate any of these consumer complaints and to award restitution to consumers where appropriate. This local law would authorize the Department of Consumer Affairs to license private persons who boot motor vehicles and thereby hear and respond to complaints and impose sanctions for any violation of this law. It would also establish certain standards that would govern booting activities, thereby helping to ensure that licensed companies do not wrongfully boot motor vehicles or engage in booting in such a manner as to endanger the public safety. The Council further finds that the licensing of booting companies will protect the public from undue inconvenience and potential damage to vehicles.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-170 Limitation on parking of commercial vehicles.

a. When parking is not otherwise restricted, no person shall park a commercial vehicle in excess of three hours. For purposes of this section, the term commercial vehicle shall mean a motor vehicle designed, maintained, or used primarily for the transportation of property.

b. Notwithstanding the foregoing, no person shall park a commercial vehicle on a residential street from 9 p.m. to 5 a.m. For the purpose of this subdivision, residential streets are defined as those streets, or parts thereof, which are located within a residential district under the zoning resolution. Where a commercial vehicle is parked in violation of this subdivision, it shall be an affirmative defense to said violation, with the burden of proof on the person who received the summons, that he or she was actively engaged in business at the time the summons was issued at a premises located within three city blocks of where the summons was issued. This subdivision shall not apply to vehicles owned or operated by gas or oil heat suppliers or gas or oil heat systems maintenance companies, the agents or employees, thereof, or any public utility.

c. A violation of this section shall be punishable by the monetary fine authorized for violation of the rules and regulations of the commissioner in paragraph one of subdivision a of section twenty nine hundred and three of the New York City Charter.

d. Any commercial vehicle parked in violation of subdivision a or b of this section shall be subject to

impoundment by the department. Any motor vehicle impounded pursuant to the provisions of this subdivision shall not be released until all applicable towing and storage fees have been paid. The commissioner shall be authorized to promulgate regulations concerning the procedure for the impoundment of vehicles.

e. The sanctions and fees provided for in this section shall be in addition to any other sanctions, fees or remedies provided by law or regulation.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-171 Helmet requirement for persons under the age of fourteen operating scooters.

a. Definitions. For the purposes of this section:

(1) The term "public highway" means any highway, road, street, roadway, sidewalk, avenue, alley, public place, public driveway or any other public way.

(2) The term "scooter" means a device propelled by muscular power, consisting of a footboard between end wheels and an upright handle attached to a front wheel or to the footboard.

(3) The term "wearing a helmet" means having a helmet of good fit fastened securely upon the head with the helmet straps.

b. This section is applicable to the operation of a scooter upon any public highway or any private road open to public motor vehicle traffic, and within a park or other area under the jurisdiction of the commissioner of parks and recreation.

c. No person less than fourteen years of age shall operate a scooter unless such person is wearing a helmet meeting the standards of the American National Standards Institute (ANSI Z 90.4 bicycle helmet standards), the Snell Memorial Foundation's standards for protective headgear for use in bicycling, the American Society of Testing and

Materials (ASTM) standards for bicycle helmets, the Safety Equipment Institute standards for bicycle helmets, or the United States Consumer Product Safety Commission standards for bicycle helmets.

d. It is a traffic infraction to violate the provisions of this section punishable, upon conviction, by a civil penalty of not more than fifty dollars. Such traffic infractions shall be heard and determined in accordance with article 2-A of the vehicle and traffic law. A hearing officer shall waive the civil penalty for which the parent or guardian of a person who violates the provisions of this section would be liable if such parent or guardian supplies proof that between the date of violation and the appearance date for such violation such parent or guardian purchased or rented a helmet that meets the requirements of this section. A hearing officer may waive the civil penalty for which the parent or guardian of a person who violates the provisions of this section would be liable if he or she finds that due to reasons of economic hardship such parent or guardian was unable to purchase or rent a helmet. A waiver of the civil penalty shall not apply to a second or subsequent conviction under this section.

e. The parent or guardian of a person less than fourteen years of age shall be liable for a violation of this section by such person less than fourteen years of age. A summons for a violation of this section by a person less than fourteen years of age shall only be issued to the parent or guardian of such person if the violation occurs in the presence of such parent or guardian and where such parent or guardian is eighteen years of age or more. Such summons shall only be issued to such parent or guardian and shall not be issued to the person less than fourteen years of age.

f. The failure of any person to comply with the provisions of this section shall not constitute contributory negligence or assumption of risk, and shall not in any way bar, preclude or foreclose an action for personal injury or wrongful death by or on behalf of such person, nor in any way diminish or reduce the damages recoverable in any such action.

g. The department of health and mental hygiene shall distribute informational materials through the department's school health program, which shall include information explaining the hazards of operating scooters without protective headgear. These informational materials shall be printed in multiple languages and shall be made available to any member of the public upon request.

h. The police department and the department of parks and recreation shall enforce the provisions of this section.

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 2*1 PARKING AND OTHER USES OF STREETS

§ 19-171.1 Multi-passenger wheeled device and motorized pedicab prohibited.

a. Definitions. For purposes of this section:

1. "Motorized pedicab" shall mean a wheeled device that is designed and constructed to transport or carry passengers, that is propelled in whole or in part by other than human power, and that is operated to transport passengers for hire.

2. "Multi-passenger wheeled device" shall mean a wheeled device with three or more wheels that is designed and constructed to permit seating by more than two people, that is propelled by human power, and that is designed to permit propulsion by more than two individuals simultaneously.

3. "Owner" shall mean any person who possesses with good legal title, or possesses under a lease, reserve title contract, conditional sales agreement or vendor's agreement or similar agreement one or more motorized pedicabs or multi-passenger wheeled devices in the city of New York.

4. "Tandem bicycle" shall mean a wheeled device that is constructed so that its wheels are aligned in a straight line, one behind the other, permitting operation by two or more people.

b. It shall be unlawful to operate, or cause to be operated, any motorized pedicab or multi-passenger wheeled

device, other than a tandem bicycle, on any street, sidewalk, highway, bridge, tunnel or park within New York City.

c. Any person who violates subdivision b of this section may be issued a notice of violation and shall be subject to a civil penalty that shall not be: (1) less than two hundred nor more than five hundred dollars for the first violation; (2) less than five hundred nor more than one thousand dollars for the second violation committed within a one year period; (3) less than one thousand nor more than four thousand dollars for the third violation committed within a one year period. Such penalty may be recovered in a proceeding before the environmental control board.

d. A person who violates subdivision b of this section shall be guilty of a misdemeanor, punishable by a fine of not more than two hundred fifty dollars or imprisonment of up to sixteen days, or by both such fine and imprisonment.

e. Where a police or peace officer or an authorized employee of a department designated by the commissioner serves a summons or notice of violation for violation of this section on a person operating a multi-passenger wheeled device or motorized pedicab, such multi-passenger wheeled device or motorized pedicab may be seized. Any device seized pursuant to this subdivision shall be delivered into the custody of the police department. The environmental control board shall hold a hearing to adjudicate the violation of subdivision b of this section on an expedited schedule and shall render its determination accordingly.

f. The owner of a multi-passenger wheeled device or motorized pedicab seized pursuant to subdivision e of this section shall be eligible to obtain release of such device prior to the hearing provided for in such subdivision, if such owner has not been found liable for a violation of subdivision b of this section within a five year period prior to the violation resulting in seizure. The multi-passenger wheeled device or motorized pedicab shall be released to such owner upon the posting of an all cash bond in a form satisfactory to the commissioner in an amount satisfactory to cover the maximum civil penalties which may be imposed for a violation of subdivision b of this section and all reasonable costs for removal and storage of such device.

g. Where the environmental control board finds that there was no violation of subdivision b of this section, the owner shall be entitled forthwith to possession of the multi-passenger wheeled device or motorized pedicab without charge or to the extent that any amount has been previously paid for release of the device, such amount shall be refunded.

h. Where the board, after adjudication of the violation of subdivision b of this section, finds a violation of such subdivision, then (i) if the multi-passenger wheeled device or motorized pedicab is not subject to forfeiture pursuant to paragraph one of subdivision j, the police department shall release such device to its owner upon payment of all applicable civil penalties and all reasonable costs of removal and storage; or (ii) if the multi-passenger wheeled device or motorized pedicab is subject to forfeiture pursuant to paragraph one of subdivision j of this section, the police department may release such device to its owner upon payment of all civil penalties and all reasonable costs of removal and storage, or may commence a forfeiture action within ten days after the written demand by such owner for such device.

i. The department shall establish by rule the time within which multi-passenger wheeled devices or motorized pedicabs that are not redeemed may be deemed abandoned and the procedures for disposal.

j. 1. In addition to any other penalty or sanction provided for in this section, a multi-passenger wheeled device or motorized pedicab seized pursuant to subdivision e of this section, and all rights, title and interest therein shall be subject to forfeiture to the city upon notice and judicial determination thereof if the owner of such multi-passenger wheeled device or motorized pedicab has been found liable at least two times within a five-year period for violation of subdivision b of this section.

2. A forfeiture action pursuant to this subdivision shall be commenced by the filing of a summons with a notice or a summons and complaint in accordance with the civil practice law and rules. Such summons with notice or a summons and complaint shall be served in accordance with the civil practice law and rules on the owner of such

multi-passenger wheeled device or motorized pedicab. A multi-passenger wheeled device or motorized pedicab which is the subject of such action shall remain in the custody of the police department or other appropriate agency pending the final determination of the forfeiture action.

3. Any person who receives notice of the institution of a forfeiture action who claims an interest in the multi-passenger wheeled device or motorized pedicab subject to forfeiture may assert a claim in such action for the recovery of such device or satisfaction of such owner's interest in such device.

4. Forfeiture pursuant to this subdivision shall be made subject to the interest of a person who claims an interest in such device pursuant to subdivision three of this subdivision, where such person establishes that: (i) such multi-passenger wheeled device or motorized pedicab was operated in violation of this section without the knowledge of such person, or if such person had knowledge of such operation, that such person did not consent to such operation by doing all that could reasonably have been done to prevent such operation, or (ii) that the operation of such multi-passenger wheeled device or motorized pedicab in violation of this section was conducted by any person other than such person claiming an interest in the device, while such device was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

5. The police department, after judicial determination of forfeiture, shall, by public notice of at least five days, sell such forfeited multi-passenger wheeled device or motorized pedicab at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

6. In any forfeiture action commenced pursuant to this subdivision, where the court awards a sum of money to one or more persons in satisfaction of such person's interest in the forfeited device, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited device after deduction of the lawful expenses incurred by the city, including reasonable costs of removal and storage of the device between the time of the seizure and the date of sale.

k. The penalties provided by subdivisions c, d, e and j of this section shall be in addition to any other penalty imposed by any other provision of law or rule promulgated thereunder.

§ 19-174 Passengers boarding horse drawn cabs.

a. The commissioner shall designate by rule specific locations on the streets, avenues and roadways which shall be the sole locations where passengers may board horse drawn cabs if such passengers have not prearranged such horse drawn cab rides in accordance with the provisions of subdivision b of this section and any rules promulgated pursuant thereto.

b. (1) Horse drawn cabs may accept passengers on a prearranged basis in areas and at times that are not restricted pursuant to section 20-381.1 of the code. Such prearranged rides shall commence in front of hotels and restaurants that have obtained the approval of the owner of the premises at which such hotel or restaurant is located.

(2) This subdivision shall not be construed to permit the operation, parking, stopping or standing of any horse drawn cab in any area at any time where or when such operation, parking, stopping or standing is prohibited by any other law or rule.

c. The department shall annually review existing locations of horse drawn cab stands and any proposals by the department and any written proposals by others to establish or eliminate horse drawn cab stands and shall report the results of such review to the mayor and the council. This report shall include a list of those locations proposed to be added or eliminated, those considered by the department, the reasons why any proposal was not considered and the reasons why the department did or did not establish or eliminate a horse drawn cab stand at each proposed location that

was considered. Such report shall be submitted to the mayor and the council within sixty days after the close of the fiscal year.

§ 19-175 Variance for special events.

a. Notwithstanding the provisions of section 20-381.1 of the code, the owner or operator of a horse drawn cab may apply for a variance from the provisions of section 20-381.1 for the limited purpose of carrying out a contract to provide a horse drawn cab for the filming of a movie, television show or commercial, or for a wedding, parade, or other special event as shall be defined by the commissioner by rule. The commissioner shall grant such variance when he or she determines that the issuance of such variance would not have an adverse effect on vehicular or pedestrian congestion, commencement of theatrical productions or public safety.

b. A variance application shall be in such form as prescribed by the commissioner and shall be submitted to the commissioner no fewer than three business days prior to the date of the event for which the variance is requested.

c. The commissioner may require the payment of an application processing fee in an amount to be established by rule.

d. The commissioner shall issue a document specifying the variance. Whenever a horse drawn cab is being operated in accordance with a duly issued variance, such variance shall be carried by the driver of such horse drawn cab and shall be produced upon the demand of any police, traffic, parks or other enforcement officer authorized to enforce section 20-381.1 of the code.

e. Use of a variance by any person other than the person to whom it was issued, or for any purpose other than the purpose for which it was issued, shall subject the person using such variance to a civil penalty of not less than five hundred dollars.

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 3 PEDESTRIAN RIGHTS AND SAFETY

§ 19-176 Bicycle operation on sidewalks prohibited.

a. For purposes of this section:

(1) The term "bicycle" shall mean a two or three wheeled device upon which a person or persons may ride, propelled by human power through a belt, a chain or gears, with such wheels in a tandem or tricycle, except that it shall not include such a device having solid tires and intended for use only on a sidewalk by a child.

(2) The term "sidewalk" shall mean that portion of the street, whether paved or unpaved, between the curb lines or the lateral lines of a roadway and the adjacent property lines, intended for the use of pedestrians. Where it is not clear which section is intended for the use of pedestrians the sidewalk will be deemed to be that portion of the street between the building line and the curb.

(3) The term "child" shall mean a person less than fourteen years of age.

b. No person shall ride a bicycle upon any sidewalk unless permitted by an official sign. A person who violates this subdivision may be issued a notice of violation and shall be liable for a civil penalty of not more than one hundred dollars which may be recovered in a proceeding before the environmental control board.

c. A person who violates subdivision b of this section in a manner that endangers any other person or property

shall be guilty of a misdemeanor, punishable by a fine of not more than one hundred dollars or imprisonment for not more than twenty days or both such fine and imprisonment. Such person shall also be liable for a civil penalty of not less than one hundred dollars nor more than three hundred dollars, except where a hearing officer has determined that where there was physical contact between the rider and another person, an additional civil penalty of not less than one hundred dollars nor more than two hundred dollars may be imposed. Such civil penalties may be recovered in a proceeding before the environmental control board. Enforcement agents shall indicate on the summons or notice of violation issued pursuant to this subdivision whether physical contact was made between the rider and another person. Any person who violates any provision of this subdivision more than once within any six month period shall be subject to the imposition of civil penalties in an amount that is double what would otherwise have been imposed for the commission of a first violation. It shall be an affirmative defense that physical contact between a rider and another person was in no way the fault of the rider.

d. Where a summons or notice of violation is issued for a violation of subdivision c of this section, the bicycle may be seized and impounded.

e. A bicycle impounded pursuant to this section shall be released to the owner or other person lawfully entitled to possession upon payment of the costs of removal and storage as set forth in the rules of the police department and proof of payment of any fine or civil penalty for the violation or, if a proceeding for the violation is pending in a court or before the environmental control board, upon the posting of a bond or other form of security acceptable to the police department in an amount which will assure the payment of such costs and any fine or civil penalty which may be imposed for the violation. If the court or the environmental control board finds in favor of the defendant or respondent, the owner shall be entitled forthwith to possession of the bicycle without charge or to the extent that any amount has been previously paid for release of the bicycle, such amount shall be refunded. The police department shall establish by rule the time within which bicycles which are not redeemed may be deemed abandoned and the procedures for disposal.

f. The owner of a bicycle shall be given the opportunity for a post seizure hearing within five business days before the environmental control board regarding the impoundment. The environmental control board shall render a determination within three business days after the conclusion of the hearing. Where the board finds that there was no basis for the impoundment, the owner shall be entitled forthwith to possession of the bicycle without charge or to the extent that any amount has been previously paid for release of the bicycle, such amount shall be refunded.

g. Upon the impoundment of a bicycle, the rider shall be given written notice of the procedure for redemption of the bicycle and the procedure for requesting a post seizure hearing. Where the rider of a bicycle is not the owner thereof notice provided to the rider shall be deemed to be notice to the owner. Where the defendant or respondent is less than eighteen years old such notice shall also be mailed to the parent, guardian or where relevant, employer of the respondent, if the name and address of such person is reasonably ascertainable.

h. In any proceeding under this section it shall be an affirmative defense that the defendant or respondent was less than fourteen years old at the time the violation was committed.

i. The provisions of this section may be enforced by the police department or designated employees of the department, the department of sanitation, the department of parks and recreation.

Subd. i relettered and amended (former subd. g) L.L. 14/2002 § 4, eff.

July 10, 2002.

**CASE NOTES**

¶ 1. In one case, a defendant was stopped for violation of Sec. 19-176, which prohibits persons from riding bicycles on sidewalks. After the police arrested defendant, they searched him and found an illegal firearm. Defendant then sought to suppress the fruits of the search, claiming that the search violated the Fourth Amendment to the Constitution. The court, however, held that the ordinance constituted a traffic infraction. Thus, the police had the right to make a warrantless arrest if they had probable cause to believe that defendant had violated the ordinance. Since the search was incident to a lawful arrest, the motion to suppress the firearms evidence was denied (note-ordinarily, the police might have just issued a summons for a traffic infraction, but they arrested defendant when he was unable to produce satisfactory identification). United States v. McFadden, 238 F.3d 98 (2d Cir. 2001).

*NYC Administrative Code 19-176.1*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 3 PEDESTRIAN RIGHTS AND SAFETY

§ 19-176.1 Reckless operation of roller skates, in-line skates and skateboards prohibited.

a. For purposes of this section:

(1) The term "in-line skate" shall mean a manufactured or assembled device consisting of an upper portion that is intended to be secured to a human foot, with a frame or chassis attached along the length of the bottom of such upper portion, with such frame or chassis holding two or more wheels that are longitudinally aligned and used to skate or glide, by means of human foot and leg power while having such device attached to each such foot or leg.

(2) The term "reckless operation" shall mean operating roller skates, in-line skates or a skateboard on a public street, highway or sidewalk in such a manner as to endanger the safety or property of another.

(3) The term "roller skate" shall mean a manufactured or assembled device consisting of a frame or shoe having clamps or straps or both for fastening, with a pair of small wheels near the toe and another pair at the heel mounted or permanently attached thereto, for skating or gliding by means of human foot and leg power.

(4) The term "sidewalk" shall mean that portion of the street, whether paved or unpaved, between the curb lines or the lateral lines of a roadway and the adjacent property lines, intended for the use of pedestrians. Where it is not clear which section is intended for the use of pedestrians the sidewalk will be deemed to be that portion of the street between the building line and the curb.

(5) The term "skateboard" shall mean a device consisting of a platform usually curved upwards at each end, to which are mounted or permanently attached two swiveling frames, each of which is used to support and guide a pair of small wheels, which device glides or is propelled by means of human foot or leg power.

b. No person shall engage in the reckless operation of roller skates, in-line skates or a skateboard.

c. A violation of subdivision b of this section shall be a traffic infraction and shall be punishable in accordance with section 1800 of the vehicle and traffic law. Any person who is found guilty of the reckless operation of roller skates, in-line skates or a skateboard shall be subject to a fine of not less than fifty dollars nor more than one hundred dollars.

d. The provisions of this section shall be enforced by the department, the police department and the department of parks and recreation.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 3 PEDESTRIAN RIGHTS AND SAFETY

§ 19-176.2 Motorized scooters.

a. For purposes of this section, the term "motorized scooter" shall mean any wheeled device that has handlebars that is designed to be stood or sat upon by the operator, is powered by an electric motor or by a gasoline motor that is capable of propelling the device without human power and is not capable of being registered with the New York State Department of Motor Vehicles. For the purposes of this section, the term motorized scooter shall not include wheelchairs or other mobility aids designed for use by disabled persons, electric powered devices not capable of exceeding fifteen miles per hour or "electric personal assistive mobility devices" defined as self-balancing, two non-tandem wheeled devices designed to transport one person by means of an electric propulsion system.

b. No person shall operate a motorized scooter in the city of New York.

c. Any person who violates subdivision b of this section shall be liable for a civil penalty in the amount of five hundred dollars. Authorized employees of the police department and department of parks and recreation shall have the authority to enforce the provisions of this section. Such penalties shall be recovered in a civil action or in a proceeding commenced by the service of a notice of violation that shall be returnable before the environmental control board. In addition, such violation shall be a traffic infraction and shall be punishable in accordance with section eighteen hundred of the New York state vehicle and traffic law.

d. Any motorized scooter that has been used or is being used in violation of the provisions of this section may be

impounded and shall not be released until any and all removed charges and storage fees and the applicable fines have been paid or a bond has been posted in an amount satisfactory to the police commissioner.

**HISTORICAL NOTE**

Section added L.L. 51/2004 § 2, eff. Mar. 23, 2005. [See Note 1]

**NOTE**

1. Provisions of L.L. 51/2004:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that the operation of motorized scooters in the City presents a growing risk to the life and health of scooter operators, motorists, and pedestrians. The United States Consumer Product Safety Commission reported 4,390 emergency room-treated injuries associated with motorized scooters in the year 2000. Thirty-nine percent of those injured were under 15 years of age.

These motorized scooters come in many forms. A recent manifestation of these devices, one that has been proliferating rapidly in the City, is the so-called "pocket-rocket". Pocket-rockets are relatively inexpensive and are easily obtained, but are very dangerous. Many reach speeds of forty miles per hour or greater while not being equipped to protect the rider properly. This became abundantly clear in the recent tragic death of a 19-year old pocket-rocket rider in Queens on July 29, 2004 when the device struck a pothole at an excessive speed.

Scooters were originally designed for human power and low-speed operation. Their motorized counterparts travel up to forty miles per hour and cannot be maneuvered safely at these speeds. Difficulty of control poses risks to operators, pedestrians and vehicular traffic in the streets of the City. The absence of licensing or safety requirements compounds these risks.

The New York State Vehicle and Traffic Law mandates that registration is required for operating motorized vehicles on public streets. The Department of Motor Vehicles has declared that motorized scooters cannot be registered and therefore should not be allowed on public streets. The Council is enacting this local law to eliminate the significant safety risks posed by the increasing use of motorized scooters.

. . . . . .

§ 4. This local law shall take effect one hundred twenty days after its enactment into law [vetoed Oct. 27, 2004 and overridden Nov. 23, 2004], except that the police commissioner and the commissioners of consumer affairs and parks and recreation shall take such actions as are necessary for its implementation, including the promulgation of rules, prior to such effective date.

§ 19-179 Traffic calming study.

a. The commissioner shall conduct a study on the feasibility of installing traffic calming measures, including but not limited to, raised crosswalks, traffic circles and protected pedestrian phases in appropriate locations in the city. Within one year of the effective date of this local law, the commissioner shall submit a report of the department's findings to the council.

b. For purposes of this section, the following terms shall have the following meanings:

(1) "traffic calming" shall mean any engineering measure which slows vehicular traffic and accommodates other street users such as pedestrians, bicyclists or children at play.

(2) "raised crosswalks" shall mean crosswalks which are raised several inches above street level in order to slow vehicular traffic.

(3) "traffic circles" shall mean landscaped islands in the middle of intersections which can replace traffic control indications or stop signs on non-arterial streets.

(4) "protected pedestrian phases" shall mean traffic control indications that are adjusted to provide that all conflicting vehicular movements are stopped in order to accommodate pedestrian movement.

CHAPTER 1 STREETS AND SIDEWALKS

SUBCHAPTER 3 PEDESTRIAN RIGHTS AND SAFETY

§ 19-180 Performance5 indicators.

a. For the purposes of this section, the following terms shall be defined as follows:

1. "Bicycle screen lines" shall mean locations where bicycles are ridden, including but not limited to greenways, roadways and bridge crossings.

2. "Borough screen lines" shall mean locations where roadways cross between boroughs.

3. "City screen lines" shall mean locations where roadways enter the city.

4. "High performance modes" shall mean a form of surface transportation other than automobiles, including buses, ferries, bicycling and walking, that more efficiently uses roadways and waterways to move people.

5. "Key corridors" shall mean major arterial roadways where changes in street operations, such as lane reapportionments, lane reconfigurations, significant adjustments in traffic and parking regulations and changes in traffic signal timing have been completed, are being implemented or are being studied.

b. The department shall develop and monitor performance indicators that will assist in assessing and reducing the amount of traffic on transportation infrastructure and promote high performance modes citywide and within each borough. Such indicators shall include:

1. vehicle volume data at city screen lines, borough screen lines and river crossings.

2. vehicle volume data and other data where appropriate, including but not limited to vehicle speed, bus speed and ridership, pedestrian, bicycle and crash data, on key corridors.

3. vehicle speed data to be determined utilizing available global positioning systems data.

4. bicycle volume data based on bicycle screen lines.

5. ferry volume data based upon information on ridership from city-operated and private ferry services.

c. The performance indicators developed pursuant to this section shall be measured and reported citywide and by borough by the department and submitted in a written report to the council and the mayor by November 1st of each following calendar year. Where such report provides information for a key corridor, such report shall provide performance indicators before and after construction or project implementation. Such report shall include information for each indicator from the prior calendar year and shall describe departmental assessments about the projects where appropriate.

d. All reports required to be submitted pursuant to subdivision c of this section shall be made available on the department's official website within seven days of each such submission.

**HISTORICAL NOTE**

Section added L.L. 23/2008 § 2, eff. June 3, 2008 with special provisions.

[See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 23/2008:

Section 1. Declaration of legislative findings and intent. The New York City Department of Transportation ("DOT") currently measures surface transportation performance through an array of output measures such as the number of traffic lights repaired and the number of potholes filled. While such indicators provide valuable information about the state of New York City's roads and other infrastructure, such indicators do not help to monitor and evaluate many of the broader transportation issues facing New York City. These issues include reducing congestion and promoting modes of surface transportation that generate less pollution and consume less street space per traveler than private automobiles. These "high performance" modes include buses, ferries, bicycling and walking.

The Council finds that requiring DOT to monitor performance indicators will help DOT to reduce automobile traffic and encourage more sustainable means of transportation vital to combating congestion, pollution and improving the City's long term economic health. Requiring DOT to report on these indicators for a major arterial roadway before and after traffic engineering initiatives have been completed will allow DOT and the public to assess the effectiveness of DOT's work.

. . . . . .

§ 3. This local law shall take effect immediately, except that the reporting of information required pursuant to the provisions of paragraphs 2, 3 and 4 of subdivision b of section 19-180 within bill section two shall take effect on January 1, 2009.

§ 19-180 Safety audits6 of crash locations involving pedestrians.

a. Within one hundred and eighty days of receiving access to New York state department of motor vehicles traffic crash data involving pedestrian injuries or fatalities for the previous calendar year, the department shall:

1. Identify the twenty highest crash locations based upon a ranking of the total number of crashes involving pedestrians and selected proportionally by borough based upon the percentage of total crashes involving pedestrians in such borough; and

2. Inspect and conduct audits at such locations and, where warranted, make improvements or incorporate improvements into capital projects.

b. Within thirty days of completing the inspections and audits required under paragraph 2 of subdivision a of this section, the department shall send a report noting such inspection and audit and summarizing its recommendations and steps to be taken, including a schedule to implement such recommendations, to the council member and community board in whose district the crash location is located.

c. If any crash location appears on the department's annual list of twenty highest crash locations involving pedestrians in two consecutive years, such location shall be removed from the annual list and replaced by the location with the next highest number of crashes involving pedestrians located within the same borough as the consecutively

appearing location; provided that the department shall continue to monitor such crash data and/or make safety improvements at such removed location until such removed location is no longer one of the highest crash locations.

§ 19-203 Functions, powers and duties of the parking violations bureau.

The parking violations bureau shall have the following functions, powers and duties:

a. To accept pleas to, and to hear and determine, charges of parking violations;

b. To provide for penalties other than imprisonment for parking violations, provided however, that monetary penalties shall not exceed fifty dollars for each parking violation, provided that monetary penalties shall not exceed one hundred dollars for each parking violation committed in a space where stopping or standing is prohibited and provided, further, that monetary penalties shall not exceed one hundred fifty dollars for each handicapped parking violation;

c. To adopt rules and regulations not inconsistent with any applicable provision of law to carry out the purposes of this chapter, including but not limited to rules and regulations prescribing the internal procedures and organization of the bureau, the manner and time of entering pleas, the conduct of hearings, and the amount and manner of payment of penalties;

d. To issue subpoenas to compel the attendance of persons to give testimony at hearings and to compel the production of relevant books, papers and other things;

e. To enter judgments and enforce them, without court proceedings, in the same manner as the enforcement of money judgments in civil actions;

f. To compile and maintain complete and accurate records relating to all charges and dispositions;

g. To remit to the commissioner of finance , on or before the fifteenth day of each month, all monetary penalties or fees received by the bureau during the prior calendar month, along with a statement thereof, and, at the same time, to file a duplicate copy of such statement with the comptroller;

h. To prepare and issue a notice of violation in blank to members of the police department, the fire department, the department of transportation and to other officers as the bureau by regulation shall determine. The notice of violation, when filled in and sworn to or affirmed by such designated officers, and served as provided in this chapter, shall constitute notice of the parking violation charged.

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-204 Notice of violation.

a. The notice of violation shall contain information advising the person charged of the manner and the time in which he or she may plead either guilty or not guilty to the charge alleged in the notice. Such notice of violation shall also contain a warning to advise the person charged that failure to plead in the manner and time provided shall be deemed, for all purposes, an admission of liability and that a default judgment may be rendered. The form and wording of the notice of violation shall be prescribed by the director. A copy of each notice of violation served shall be filed and retained by the bureau, and shall be deemed a record kept in the ordinary course of business, and shall be prima facie evidence of the facts contained therein.

b. The notice of violation shall be served personally upon the operator of a motor vehicle who is present at the time of service, and his or her name, together with the license designation as shown by the registration plates on said vehicle, shall be inserted therein. The notice of violation shall be served upon the owner of the motor vehicle if the operator is not present, by affixing such notice to said vehicle in a conspicuous place. Whenever such notice is so affixed, in lieu of inserting the name of the person charged with the violation in the space provided for the identification of said person, the words "owner of the motor vehicle bearing license" may be inserted to be followed by the license designation as shown by the registration plates on said vehicle. Service of the notice of violation by affixation as herein provided shall have the same force and effect and shall be subject to the same penalties for disregard thereof as though the same was personally served with the name of the person charged with the violation inserted therein.

c. For purposes of this section, an operator of a motor vehicle who is not the owner thereof but who uses or operates such vehicle with the permission of the owner, express or implied, shall be deemed to be the agent of such owner to receive notices of violation, whether personally served on such operator or served by affixation in the manner

aforesaid, and service made in either manner as herein provided shall also be deemed to be lawful service upon such owner.

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-205 Liability.

a. 1. Whenever used in this chapter, the term "owner", shall include: (A) the registered owner of a motor vehicle used or operated in the city of New York, and (B) any person, corporation, firm, agency, association or organization that is the renter or lessor of a motor vehicle used or operated in the city of New York.

2. Whenever used in this chapter, the term "operator" means any person, corporation, firm, agency, association or organization that uses or operates a motor vehicle with or without the permission of the owner, and an owner who operates his or her own motor vehicle.

b. The operator of a motor vehicle shall be primarily liable for the penalties imposed pursuant to this chapter. The owner of the motor vehicle, even if not the operator thereof, shall also be liable therefor, if such motor vehicle was used or operated with his permission, express or implied, but in such case, the owner may recover any penalties paid by him or her from the operator.

c. Notwithstanding any inconsistent provisions of this chapter or of any other provision of law, any person, corporation, firm, agency, association or organization that is the renter or lessor of a motor vehicle shall not be liable for penalties imposed pursuant to this chapter if at the time the notice of violation is served, the registration plate number of the vehicle for which said notice of violation was served and the address of the lessor has been filed by the lessor with the bureau and notice of the service of a notice of violation for a parking violation has not been given to the renter or lessor within ninety days after such service. Such notice shall be given by ordinary mail to the address on file with the bureau.

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-206 Hearings.

a. Notice of hearing. Whenever a person charged with a parking violation enters a plea of not guilty, the bureau shall advise such person personally or by registered or certified mail, return receipt requested, of the date on which he or she must appear to answer the charge at a hearing. The form and content of such notice of hearing shall be prescribed by the director, and shall contain a warning to advise the person so pleading that failure to appear on the date designated, or on any subsequent adjourned date, shall be deemed, for all purposes, an admission of liability, and that a default judgment may be rendered.

b. Conduct of Hearings. 1. Every hearing for the adjudication of a charge of parking violation shall be held before a senior hearing examiner or a hearing examiner in accordance with rules and regulations promulgated by the bureau.

2. No charge may be established except upon proof by a preponderance of the evidence.

3. The hearing officer shall not be bound by the rules of evidence in the conduct of the hearing, except rules relating to privileged communications.

4. The hearing officer may, in his or her discretion, or at the request of the person charged, issue a subpoena to compel the appearance at a hearing of the officer who served the notice of violation or of other persons to give testimony, and may issue a subpoena duces tecum to compel the production for examination or introduction into evidence, of any book, paper or other thing relevant to the charges.

5. In the case of a refusal to obey a subpoena, the bureau may make application to the supreme court pursuant to section twenty-three hundred eight of the civil practice law and rules, for an order requiring such apppearance, testimony or production of evidence.

6. The hearing officer shall not examine the parking record of a person charged prior to making a determination.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 883a-6.0 added chap 1075/1969 § 4

**CASE NOTES FROM FORMER SECTION**

¶ 1. Parking Violations Bureau was not required to subpoena the officer who issued parking ticket to appear at hearing merely upon petitioner's request without showing any reasonable cause therefor.-In re Raphael (Newman), 167 (6) N.Y.L.J. (1-10-72) 2, Col. 4 F.

¶ 2. Rules contained in Manual for Adjudication distributed by the Parking Violations Bureau and its hearing examiners which provides that the summons is "prima facie evidence of the statements contained therein" have the effect of placing the burden of proof on petitioner which is contrary to the rule in civil proceedings that the charge must be established by a preponderance of the evidence.-Gruen v. Parking Violation Bureau, 58 A.D. 2d 48 [1977].

¶ 3. Petitioner was deprived of procedural due process when the hearing officer took "judicial notice" of the practice of the Parking Violations Bureau to send late notices on all summonses since the decision which was based on the "presumption" of mailing impermissibly shifted the burden of proof on this issue to petitioner.-Finkelman v. Transportation Administration Parking Violations Bureau, 69 A.D. 2d 806 [1979].

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-207 Judgments.

a. The hearing officer shall make a determination on the charges, either sustaining or dismissing them. Where the hearing officer determines that the charges have been sustained he or she may examine the parking violations record of the person charged prior to rendering a judgment. Judgments sustaining or dismissing charges shall be entered on a judgment roll maintained by the bureau together with records showing payment and non-payment of penalties.

b. Where an operator or owner fails to enter a plea to a charge of parking violation or fails to appear on a designated hearing date or subsequent adjourned date, as prescribed by this chapter or by rule or regulation of the bureau, such failure to plead or to appear shall be deemed, for all purposes, an admission of liability and shall be grounds for rendering and entering a default judgment. However, after the expiration of the time prescribed for entering a plea or making an appearance, and before such default judgment may be rendered, the bureau shall notify such operator or owner, by ordinary mail (1) of the violation charge, (2) of the impending default judgment, and (3) that a default may be avoided by entering a plea or making an appearance within thirty days of the sending of such notice. Pleas entered or appearances made within that period shall be in the manner prescribed in the notice and not subject to additional penalty or fee. Such notice of impending default judgment shall not be required prior to the rendering and entry thereof in the case of operators or owners who are non-residents of the state of New York. In no case shall a default judgment be rendered or, where required, a notice of impending default judgment be sent, more than two years after the expiration of the time prescribed for entering a plea or making an appearance.

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-208 Appeals within the bureau.

a. There shall be an appeals board within the bureau which shall consist of three or more senior hearing examiners, as the director shall determine.

b. An appeal from a judgment of any hearing officer shall be submitted to the appeals board, which shall have power to review the facts and the law, but shall not consider any evidence which was not presented to the hearing officer and shall have power to reverse or modify any judgment appealed from for error of fact or law.

c. A party aggrieved by the judgment of a hearing officer may obtain a review thereof by serving upon the bureau within thirty days of the entry of such judgment, a notice of appeal setting forth the reasons why the judgment should be reversed or modified.

d. Appeals shall be made without the appearance of the appellant unless requested by the appellant or the appeals board. Within ten days after a request for an appearance, made by the appellant or the board, the bureau shall advise the appellant, either personally or by registered or certified mail, return receipt requested, of the date on which he or she shall appear. The appellant shall be notified in writing of the decision of the appeals board.

e. The service of a notice of appeal shall not stay the enforcement of a judgment appealed from unless the appellant shall have posted a bond in the amount of the judgment appealed from, at the time of, or before the service of such notice.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 883a-8.0 added chap 1075/1969 § 4

**CASE NOTES FROM FORMER SECTION**

¶ 1. Where examiner found guilt on the wrong date because the summons was illegible his action was arbitrary and capricious and the hearing was not fair and reasonable, and the Appeals Board in affirming the hearing examiner acted illegally and beyond the power granted to it by this section.-Matter of White, Jr. (Mautner) 177 (22) N.Y.L.J. (2-1-77) 5, Col. 2 B.

¶ 2. Where default judgment was entered against defendant for parking violations and he failed to avail himself of the remedies available under this section but moved in the Civil Court by order to show cause to restrain the Parking Violations Bureau from enforcing the judgments and to determine the legality and constitutionality of the procedures of the PVB and to determine the facts in the matter the PVB was granted a writ of prohibition on the ground that the Civil Court has no power to vacate a default judgment of the PVB and was without power to determine the constitutionality of the legislation creating the PVB which was being determined as though it were an action for declaratory judgment.-Voccola v. Shilling, 88 Misc. 2d 103, 388 N.Y.S. 2d 71 [1976].

¶ 3. Where petitioner requested right to appear for appeal and he was not advised within 10 days of the date of which he was to appear for the appeal and no transcript was delivered to petitioner for 3 months after its demand he could commence an article 78 proceeding before receiving notice of hearing on his appeal as against claim that he had failed to exhaust his administrative remedies.-Gruen v. Parking Violation Bureau, 58, A.D. 2d 48 [1977].

¶ 4. Where Parking Violations Bureau Appeals Board held a **de novo** hearing instead of merely reviewing the transcript for errors and affirmed the decision of the hearing officer and petitioner began an Article 78 proceeding, court held that appeals board was limited to a review of the initial hearing for errors of fact or law and could not conduct a **de novo** hearing and hence its determination was void.-Finkleman v. Transportation Administration Parking Violations Bureau, 69 A.D. 2d 806 [1979].

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-210 Owner liability for failure of operator to comply with traffic-control indications.

(a) 1. Notwithstanding any other provision of law, the parking violations bureau is hereby authorized and empowered to establish a demonstration program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with traffic-control indications in accordance with the provisions of this section. The department of transportation, for purposes of implementation of such program, shall be authorized to install and operate traffic-control signal photo violation-monitoring devices at no more than one hundred fifty intersections at any one time.

2. Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs produced by such traffic-control signal photo violation-monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because a photograph or photographs allow for the identification of the contents of a vehicle, provided that such city has made a reasonable effort to comply with the provisions of this paragraph.

(b) 1. The owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law, and such violation is evidenced by information obtained from a traffic-control signal photo violation-monitoring system; provided, however, that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law.

2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was operating such vehicle without the consent of the owner at the time such operator failed to obey a traffic-control indication. For purposes of this subdivision, there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator failed to obey a traffic-control indication.

(c) For purposes of this section, "owner" shall mean any person, corporation, partnership, firm, agency, association, lessor, or organization who at the time of the issuance of a notice of violation in which a vehicle is operated:

(1) is the beneficial or equitable owner of such vehicle; or

(2) has title to such vehicle; or

(3) is the registrant or co-registrant of such vehicle which is registered with the department of motor vehicles of this state or any other state, territory, district, province nation or other jurisdiction; or

(4) uses such vehicle in its vehicle renting and/or leasing business; or

(5) is an owner of such vehicle as defined by section one hundred twenty-eight or subdivision (a) of section twenty-one hundred one of the vehicle and traffic law.

(d) For purposes of this section, "traffic-control signal photo violation-monitoring system" shall mean a device installed to work in conjunction with a traffic-control signal which, during operation, automatically produces two or more photographs, two or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law.

(e) A certificate, sworn to or affirmed by a technician employed by the department, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a traffic-control signal photo violation-monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation imposed pursuant to this section.

(f) An owner liable for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section shall be liable for monetary penalties in accordance with a schedule of fines and penalties to be promulgated by such bureau. The liability of the owner pursuant to this section shall not exceed fifty dollars for each violation; provided however that such bureau may provide for an additional penalty not in excess of twenty-five dollars for each violation for the failure to respond to a notice of liability within the prescribed time period. Such bureau shall adjudicate liability imposed by this section.

(g) An imposition of liability under this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(h) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section. Personal service on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and

time of such violation and the identification number of the camera which recorded the violation or other document locator number.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which he or she may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the persons charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the bureau or its designee.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail, return receipt requested, to such bureau.

(j) If the owner liable for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

(k) An appeal of an adjudication of liability pursuant to this section may be taken in accordance with the provisions of section 19-208.

(l) 1. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (h) of this section shall not be liable for the violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law provided that: A. prior to the violation the lessor has filed with the bureau and paid the required filing fee in accordance with the provisions of section two hundred thirty-nine of the vehicle and traffic law; and

B. within thirty-seven days after receiving notice from the bureau of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to the bureau the correct name and address of the lessee of the vehicle indentified in the notice of liability at the time of such violation, together with such other additional information contained in the rental lease or other contract document, as may be reasonably required by the bureau pursuant to regulations that may be promulgated for such purpose.

2. Failure to comply with subparagraph B or paragraph one of this subdivision shall render the owner liable for the penalty prescribed in this section.

3. Where the lessor complies with the provisions of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (h) of this section.

(m) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law.

(n) On or before September 1, 1989, and every four months thereafter, until such time as the demonstration program authorized in subdivision (a) hereof shall be fully operational, the commissioner of transportation shall submit a written report to the council on the status of said demonstration program. Such report shall include, but not be limited to, the locations selected for inclusion in the demonstration program and the cost to the city, both individually and collectively, of each location included in such demonstration project.

(o) The commissioner shall submit to the governor, the temporary president of the senate, the speaker of the assembly and the council an annual report on the results of the use of a traffic-control signal photo violation-monitoring system on or before June first, two thousand seven and on the same date in each succeeding year in which the demonstration program is operable. Such report shall include, but not be limited to:

1. a description of the locations where traffic-control signal photo violation-monitoring systems were used;

2. within each borough of such city, the aggregate number, type and severity of accidents reported at intersections where a traffic-control signal photo violation-monitoring system is used for the year preceding the installation of such system, to the extent the information is maintained by the department of motor vehicles of this state;

3. within each borough of such city, the aggregate number, type and severity of accidents reported at intersections where a traffic-control signal photo violation-monitoring system is used, to the extent the information is maintained by the department of motor vehicles of this state;

4. the number of violations recorded at each intersection where a traffic-control signal photo violation-monitoring system is used and in the aggregate on a daily, weekly and monthly basis;

5. the total number of notices of liability issued for violations recorded by such systems;

6. the number of fines and total amount of fines paid after first notice of liability issued for violations recorded by such systems;

7. the number of violations adjudicated and results of such adjudications including breakdowns of dispositions made for violations recorded by such systems;

8. the total amount of revenue realized by such city from such adjudications;

9. expenses incurred by such city in connection with the program; and

10. quality of the adjudication process and its results.

(p) It shall be a defense to any prosecution for a violation of subdivision (d) of section eleven hundred eleven of the vehicle and traffic law pursuant to this section that such traffic-control indications were malfunctioning at the time of the alleged violation.

CHAPTER 2 PARKING VIOLATIONS BUREAU

§ 19-211 Additional penalties for parking violations.

In accordance with paragraph b-1 of subdivision two of section two hundred thirty-five of the vehicle and traffic law, the parking violations bureau may adopt a rule providing for the imposition of the additional penalties set forth in the following schedule for failure to respond to a notice of violation for a parking violation:

a. Failure to respond to a notice of violation for a parking violation within thirty days shall result in liability, commencing on the thirty-first day, for an additional penalty in an amount, not to exceed ten dollars, indicated on the notice of violation for a parking violation; where a city has given a second notice pursuant to paragraph a of subdivision two of section two hundred thirty-five of the vehicle and traffic law failure to respond to a notice of violation for a parking violation within forty-five days may result in liability, commencing on the forty-sixth day, for the penalty prescribed above for failure to respond within thirty days and an additional penalty not to exceed twenty dollars; and where a city has given a second notice pursuant to paragraph a of subdivision two of section two hundred thirty-five of the vehicle and traffic law failure to respond to a notice of violation for a parking violation within seventy-five days may result in liability, commencing on the seventy-sixth day, for the penalty prescribed above for failure to respond within thirty days and for a failure to respond within forty-five days and an additional penalty not to exceed thirty dollars.

b. Notwithstanding the foregoing schedule of additional penalties, if an owner makes a plea or appears within twenty days after the issuance of a second notice of violation in accordance with paragraph a of subdivision two of section two hundred thirty-five of the vehicle and traffic law, or prior to such mailing, such additional penalty shall not exceed ten dollars.

**NOTE**

Provisions of L.L. 33/1993 § 2 as amended by L.L. 58/1993 § 2:

§ 2. Where a judgment or judgments have been entered based upon notices of violation issued against a motor vehicle charging that such motor vehicle is parked, stopped or standing in violation of any provision of the vehicle and

traffic law or any law or rule promulgated pursuant to thereto: (a) for a period of ninety days from the effective date of this local law, such motor vehicle shall not be removed from any street or other public area solely for the purpose of satisfying such judgment or judgments unless the total amount of such judgment or judgments exceeds two hundred and fifty dollars: and (b) for a period commencing on the ninety-first day after the effective date of this local law and ending on December 31, 1993, such motor vehicle shall not be removed from any street or other public area solely for the purpose of satisfying such judgment or judgments unless the total amount of such judgment or judgments exceeds one hundred eighty dollars. The provisions of this section shall not be construed to prohibit the removal of a motor vehicle which is illegally parked, stopped or standing.

CHAPTER 3 FERRIES

§ 19-305 Ferry service.

a. Any city owned and operated ferry operating between the Whitehall terminal in the borough of Manhattan and the St. George terminal in the borough of Staten Island shall operate, at a minimum, according to the following schedule: (i) On Monday through Friday, except on legal holidays, a ferry shall depart from the Whitehall terminal in the borough of Manhattan every twenty minutes between 6:30 a.m. and 8:30 a.m.; every fifteen minutes between 8:30 a.m. and 9:30 a.m.; every thirty minutes between 9:30 a.m. and 4:00 p.m.; every twenty minutes between 4:00 p.m. and 5:00 p.m.; every fifteen minutes between 5:00 p.m. and 7:00 p.m.; every twenty minutes between 7:00 p.m. and 8:00 p.m.; every thirty minutes between 8:00 p.m. and 1:30 a.m; and every hour between 2:00 a.m. and 6:00 a.m.

(ii) On Monday through Friday, except on legal holidays, a ferry shall depart from the St. George terminal in the borough of Staten Island at 5:30 a.m.; every twenty minutes between 6:00 a.m. and 7:00 a.m.; every fifteen minutes between 7:00 a.m. and 9:00 a.m.; every thirty minutes between 9:00 a.m. and 3:30 p.m.; every twenty minutes between 3:30 p.m. and 5:30 p.m.; every fifteen minutes between 5:30 p.m. and 7:00 p.m.; every thirty minutes between 7:00 p.m. and 1:00 a.m.; and every hour between 1:00 a.m. and 5:00 a.m.

(iii) On Saturdays, except on legal holidays, service both to and from Manhattan's Whitehall terminal and Staten Island's St. George terminal shall be every hour except between the hours of 6:00 a.m. and 7:00 p.m., in which case service shall be every thirty minutes.

(iv) On Sundays, except on legal holidays, service both to and from Manhattan's Whitehall terminal and Staten Island's St. George terminal shall be every hour except between the hours of 9:00 a.m. and 7:00 p.m., in which case service shall be every thirty minutes.

(v) On legal holidays, service both to and from Manhattan's Whitehall terminal and Staten Island's St. George terminal shall include ferry departures every thirty minutes between the hours of 7:00 a.m. and 7:00 p.m.

b. The schedule of service set forth in subdivision a of this section shall not apply to service disruptions resulting from security concerns, mechanical malfunctions of a ferry, unsafe weather conditions, emergencies or other similar events beyond the control of the department that would prevent compliance with such schedule. In the event of any such disruption in the schedule of service set forth in subdivision a of this section that lasts longer than twenty-four hours, the commissioner or a designee shall submit a written report to the mayor and speaker of the council which shall include the specific reasons for the disruption and the time at which service was restored. If service has not been restored by the time the report must be submitted, the report shall also include the estimated duration of the disruption in service and what, if any, attempts are being made to mitigate the loss of scheduled service. In the event a disruption in the schedule of service lasts longer than seven days, on the eighth day and every seven days thereafter, the commissioner or a designee shall submit a written report to the mayor and speaker of the council that shall include an update on the status of resuming service.

c. The commissioner shall provide the council with comprehensive ferry ridership numbers for each departure time slot on the ferry schedule every two months for a continuous twelve-month period. Such period shall commence upon the installation and implementation of the department's rider counting mechanisms at both Manhattan's Whitehall terminal and Staten Island's St. George terminal or upon the effective date of this subdivision, whichever is later. At the conclusion of the twelve-month period, the commissioner shall, in consultation with the council, consider such ridership information, as well as economic development and mass transportation equity issues, for purposes of adding additional departures in Staten Island ferry service.

**HISTORICAL NOTE**

Section repealed and added L.L. 55/2005 § 2, eff. Aug. 17, 2005 with

special provisions. [See Note 1]

Section added L.L. 11/2005 § 1, eff. May 19, 2005.

**NOTE**

1. Provisions of L.L. L.L. 55/2005:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that, in recognition of the steady population growth in Staten Island over the past several decades and the corresponding increases in ridership levels on the Staten Island Ferry, more frequent service is warranted. Moreover, increased Staten Island Ferry service serves as a necessary first step in minimizing the mass transit inequities currently experienced by Staten Islanders who do not have the option of utilizing the multitude of mass transit options available to residents of the City's other four boroughs. The Council believes that this legislation is a responsible response to the needs of Staten Islanders in the context of safety on the ferries, the City's current fiscal situation and current and foreseeable future staffing levels. The Council looks forward to working with the Mayoral Administration to address issues of mass transportation equity for Staten Islanders and to ensure that fair and safe service levels match the passenger counts that will soon be regularly recorded by the Department of Transportation through the rider-counting mechanisms recently installed at both Whitehall and St. George Terminals.

. . . . . § 3. This local law shall take effect ninety days after it is enacted into law, except for paragraphs (iii), (iv) and (v) of subdivision (a) which shall take effect three hundred sixty days after it is enacted into law or no more than five hundred forty days after it is enacted into law only upon written notice to the council from the commissioner of transportation that such additional time is needed solely due to a shortage of qualified personnel needed to ensure proper ferry service.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 19-306*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 3 FERRIES

§ 19-306 Temporary citywide boater safety and wake reduction task force.

a. For the purpose of this section the following terms shall be defined as follows:

1. "Hand-powered vessel" means every non-mechanically propelled water craft operating within the city of New York or its territorial waters, including rowboats, kayaks, racing shells*7 canoes, and sailboats.

2. "Hand-powered vessel launch" means any dock, slip or pier located within the city of New York or its territorial waters capable of being utilized by a hand-powered vessel.

3. "Operator" means any person or private or governmental entity that owns or operates a water-borne mechanically-propelled vessel or water-borne hand-powered vessel.

4. "Point of embarkation or disembarkation" means any portal point of entry or exit onto or off of a water-borne vessel, or into or out of the main cabin area of such water-borne vessel.

5. "Wake" shall mean all changes in the vertical height of the water's surface caused by the passage of a water-borne vessel including, but not limited to, such craft's bow wave, stern wake and propeller wash.

6. "Water-borne commercial services facility" means any dock, slip, pier or terminal located within the city of New York or its territorial waters and capable of being utilized by a water-borne vessel, and any concession, ticket purchasing or other facility or amenity available at or on such dock, pier, slip or terminal but excluding hand-powered vessel launches.

7. "Water-borne vessel" means every water craft operating within the city of New York or its territorial waters, including commuter ferries, tugboats, speedboats, motorboats and personal watercraft, but excluding seaplanes.

b. Within ninety days of the effective date of this section, there shall be established a temporary citywide boater safety and wake reduction task force. Such task force shall be comprised of nine members, four of whom shall be appointed by the speaker of the council and five of whom shall be appointed by the mayor. The mayor shall designate one member as the chairperson. To the extent possible, appointments to the task force shall reflect the interests of water-borne vessel operators, the port authority of New York and New Jersey, the United States coast guard and other appropriate regulatory agencies, hand-powered vessel operators, operators of privately-owned piers and marinas within the city of New York, owners of other waterfront property, experts on the waterfront environment, and members of the general public. Each appointed task force member may be removed for cause by the appointing authority and any vacancy shall be filled in the same manner as the appointment was made. The temporary citywide boater safety and wake reduction task force shall be deemed established upon the appointment of four of its members.

c. Members of the task force shall serve without compensation and shall meet when deemed necessary by the chairperson or whenever the department or the department of parks and recreation proposes rules relating to the travel of water-borne vessels on waterways within the territorial waters of New York city, but in no event shall the task force meet less often than three times in every calendar year.

d. The task force shall examine, but need not be limited to, examining the following issues: existing and proposed points of embarkation or disembarkation in the territorial waters of New York city; existing and proposed hand-powered vessel launches; geographic areas where wake impacts are currently or may in the future adversely affect hand-powered or water-borne vessel launches, and/or hand-powered or water-borne vessel users; geographic areas where wake impacts are causing or may cause possible erosion of shore front property and wetlands; community outreach; education, enforcement, and any other activities relating to improvements in boater safety and the reduction of wakes.

e. The task force shall issue a report to the speaker and the mayor within twelve to fifteen months from the establishment of the task force. Such report shall include, but not be limited to, recommendations for minimizing wake impacts on hand-powered or water-borne vessel launches and/or hand-powered or water-borne vessel users; minimizing wake impacts to shore front property; community outreach; education; and enforcement activities. Such report shall be posted on the city's website within seven days from its submission to the speaker and the mayor. The task force shall cease operation one year after the submission of the report.

*NYC Administrative Code 19-307*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 3 FERRIES

§ 19-307 Use of ultra low sulfur diesel fuel and best available technology for city ferries.

a. For purposes of this section only, the following terms shall have the following meanings:

(1) "City ferry" means any motorized watercraft that is used as a means of commuter passenger mass transportation by water that is owned or operated by the city of New York.

(2) "Retrofit" means the installation of a pollution control device on the exhaust system after the engine, such as a diesel oxidation catalyst.

(3) "Tier 2 air quality standards for marine engines" means the engine exhaust emission standards listed in 40 C.F.R. Sec. 89.112(a) (for marine diesel engines under 37 kW) and listed in 40 C.F.R. Sec.94.2 (a) (for all other marine diesel engines).

(4) "Ultra low sulfur diesel fuel" means diesel fuel that has a sulfur content of no more than fifteen parts per million.

b. As of July 1, 2008, every diesel fuel-powered city ferry shall be powered by ultra low sulfur diesel fuel.

c. (1) Engine upgrades. Diesel fuel-powered city ferries shall utilize the best available technology for reducing the emissions of pollutants through engine upgrades, in accordance with the following schedule:

(i) two such ferries shall utilize such technology by July 1, 2008;

(ii) three such ferries shall utilize such technology by January 1, 2009; (iii) four such ferries shall utilize such technology by January 1, 2010; (iv) five such ferries shall utilize such technology by July 1, 2010;

(v) all such ferries shall utilize such technology by January 1, 2011.

(2) Retrofits on the exhaust system. Diesel fuel-powered city ferries shall utilize the best available technology for reducing the emissions of pollutants through retrofits on the exhaust system, in accordance with a proposed schedule to be developed by the commissioner and submitted to the council by July 1, 2009. Thirty days after any successful demonstration of a technology on a city ferry, the schedule shall be reviewed and revised, if appropriate, and resubmitted to the council. Any such proposed and revised schedule shall require the retrofitting of every city ferry as soon as is possible given manufacturing, dry dock, repair and operational considerations.

d. (1) Any diesel fuel-powered city ferry that is newly purchased or placed in operation after the effective date of this section shall meet the then current United States environmental protection agency's air quality standards, provided that such standards shall be at least as stringent as the United States environmental protection agency's Tier 2 air quality standards for marine engines.

(2) Any engine upgrade kit that is certified by the United States environmental protection agency may be used to achieve Tier 2 air quality standards for marine engines.

(3) Any diesel fuel-powered city ferry that on the day first purchased or newly operated by the city meets the then current United States environmental protection agency's air quality standards for marine engines, provided that such standards shall be at least as stringent as the United States environmental protection agency's Tier 2 air quality standards for marine engines, shall meet the requirements of subdivision c of this section.

(4) Any diesel fuel-powered city ferry that is in use thirty years after being placed into service or at least seven years after the installation of best available technology and cannot be retrofitted, upgraded or repowered to comply with the United States environmental protection agency's Tier 2 air quality standards for marine engines, shall be retired.

e. (1) The commissioner shall make determinations, subject to the written approval of the commissioner of environmental protection, and shall publish a list of such determinations as to the best available technology to be used for each class of city ferry to which this section applies for the purposes of subdivision c of this section. Each such determination, which shall be reviewed and revised as needed but in no event less often than once every six months, shall be based upon the reduction in emissions of particulate matter and the reduction in emissions of nitrogen oxides associated with the use of such technology and shall in no event result in an increase in the emissions of either such pollutant. In determining the best available technology for each class of city ferry, the commissioner shall select technology that has been certified by the United States environmental protection agency or approved by the United States coast guard or such other technology that the commissioner determines is at least as stringent as the United States environmental protection agency Tier 2 air quality standards for marine engines.

(2) The city shall not be required to replace best available technology for reducing the emission of pollutants or other authorized technology utilized for a diesel fuel-powered city ferry in accordance with the provisions of paragraph one of subdivision c of this section within seven years of having first utilized such technology for such ferry.

f. This section shall not apply: (i) where federal or state funding precludes the city from imposing the requirements of this section; or (ii) to purchases that are emergency procurements pursuant to section three hundred fifteen of the charter.

g. Subdivision b of this section shall not apply where the commissioner, subject to the written approval of the commissioner of environmental protection, makes a written finding that a sufficient quantity of ultra low sulfur diesel fuel is not available to meet the requirements of subdivision b of this section or is not technically or operationally feasible; provided that the city, shall maximize its use of ultra low sulfur diesel fuel with a sulfur content of fifteen parts

per million, and further provided that any diesel fuel used that is not ultra low sulfur diesel fuel contains the next lowest sulfur content available. Any finding made pursuant to this subdivision shall expire after six months, at which time the requirements of subdivision b of this section shall be in full force and effect unless the commissioner renews the finding in writing and such renewal is approved in writing by the commissioner of environmental protection.

h. Subdivision c of this section shall not apply to a diesel fuel-powered city ferry where the commissioner makes a written finding, which is approved in writing by the commissioner of environmental protection, that the best available technology for reducing the emission of pollutants as required by that subdivision is unavailable for such city ferry, is not technically, operationally or economically feasible, or is not available on the required time table due to delays in manufacturing such technology or in the availability of dry dock or other repair facilities that are necessary for installing such technology. Where a finding is in effect pursuant to this subdivision, the city shall revise its proposed engine upgrade implementation schedule within thirty days of the grant of renewal of the finding and use the next best available technology for reducing the emission of pollutants that is appropriate for such city ferry. Any finding made pursuant to this subdivision shall expire after six months, at which time the requirements of subdivision c of this section shall be in full force and effect unless the commissioner renews the finding in writing and such renewal is approved in writing by the commissioner of environmental protection.

i. In determining which technology to use for the purposes of subdivision h of this section, the city shall consider the reduction in emissions of particulate matter and the reduction in emissions of nitrogen oxides associated with the use of such technology, which shall in no event result in an increase in the emissions of either such pollutant.

j. (1) On or before October 1, 2009 and every succeeding October 1 thereafter, the mayor shall submit to the comptroller and the council a report regarding the use of ultra low sulfur diesel fuel and the best available technology for reducing the emission of pollutants and such other authorized technology in accordance with this section for diesel fuel-powered city ferries during the immediately preceding fiscal year. The information contained in such report shall also be included in the mayor's preliminary management report and the mayor's management report for the relevant fiscal year and shall include, but not be limited to: (i) the total number of diesel fuel-powered city ferries; (ii) the number of such diesel-fuel powered city ferries that were powered by ultra low sulfur diesel fuel; (iii) the number of such diesel-fuel powered city ferries that utilized the best available technology for reducing the emission of pollutants, including a breakdown by the type of technology used for each ferry model; (iv) the number of such diesel fuel-powered city ferries that utilized other authorized technology in accordance with this section, including a breakdown by the type of technology used for each city ferry model; (v) the number of city ferries purchased or newly operated by the city after the effective date of this section and whether or not emissions from such ferries meet the United States environmental protection agency's marine engine standards in effect at the time of such purchase or operation, and if the emissions from such ferries do not meet such standards, when they can be expected to meet such standards or meet, at a minimum, the United States environmental protection agency's Tier 2 air quality standards for marine engines; (vi) all findings and renewals of such findings issued pursuant to subdivision g of this section, which, for each finding and renewal, shall include, but not be limited to, the quantity of ultra low sulfur diesel fuel needed to power diesel fuel-powered city ferries and any quantity of diesel fuel used that was not ultra low sulfur diesel fuel; and (vii) all findings and renewals of such findings issued pursuant to subdivision h of this section, which shall include, but not be limited to, all specific information submitted by the city upon which such findings and renewals are based and the type of other authorized technology, if any, utilized in accordance with this section in relation to each finding and renewal.

CHAPTER 4 REDUCED FARE CONTRACTS

§ 19-401 Authorization of reduced fare contracts.

a. The board of estimate shall have the power, pursuant to section one hundred nineteen-r of the general municipal law, to enter into a contract or contracts with any person, firm or corporation owning and operating a mass transportation facility within the city in order to provide transportation at a reduced fare during specified days and hours for eligible residents of the city who are over sixty-five years of age and not fully employed.

b. Any such contract may provide for reimbursement of the actual or estimated difference between the reduced fare collected from such passengers and the established rate of fare, plus such other administrative costs as may be incurred by the contracting person, firm or corporation.

c. The separate and additional approval of the mayor shall be necessary to the validity of any such contract.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-501 Legislative findings.

It is hereby declared and found that the business of transporting passengers for hire by motor vehicle in the city of New York is affected with a public interest, is a vital and integral part of the transportation system of the city, and must therefore be supervised, regulated and controlled by the city.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 2301 added LL 12/1971 § 4

**CASE NOTES**

¶ 1. The constitutionality of the statute, which prohibits commuter vans from dropping off and picking up passengers on bus routes and requires all commuter van passenger service to be performed on a prearranged basis, was upheld by the court. The challenged law bore a rational relationship to a legitimate governmental purpose, i.e. the regulation of transportation and the preventing of conditions dangerous to the public welfare. Ricketts v. City of New York, 722 N.Y.S.2d 25 (App.Div. 1st Dept. 2001).

*NYC Administrative Code 19-502*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-502 Definitions.

For the purpose of this chapter:

a. "Coach" means a motor vehicle carrying passengers for hire in the city, designed to comfortably seat not more than seven passengers, operating from coach hack stands designated by the commission, and duly licensed as a coach by the commission.

b. "Commission" means the New York city taxi and limousine commission.

c. "Driver" means a person licensed hereunder to drive a licensed vehicle in the city.

d. "Driver's license" means a license for a driver issued by the commission.

e. "Vehicle license" means taxicab license, coach license, wheelchair accessible van license or for-hire vehicle license issued by the commission.

f. "Licensed vehicle" means a taxicab, coach, wheelchair accessible van or for-hire vehicle licensed by the commission.

g. "For-hire vehicle" means a motor vehicle carrying passengers for hire in the city, with a seating capacity of twenty passengers or less, not including the driver, other than a taxicab, coach, wheelchair accessible van, commuter van or an authorized bus operating pursuant to applicable provisions of law. For the purpose of this subdivision, "seating capacity" shall include any plain view location which is capable of accommodating a normal adult is part of an

overall seat configuration and design and is likely to be used as a seating position while the vehicle is in motion.

h. "Medallion" means the metal plate issued by the commission for displaying the license number of a licensed taxicab on the outside of the vehicle.

i. Except as is otherwise provided in subdivision f of section 19-506 "owner" means any person, firm, partnership, corporation or association owning and operating a licensed vehicle or vehicles and shall include a purchaser under a reserve title contract, conditional sales agreement or vendors lien agreement, and a lessee of any such vehicle or vehicles under a written lease or similar contract approved by the commission. Provided, however, that with respect to a commuter van, "owner" means a person, other than a lien holder, having the property in or title to a vehicle. The term includes a person entitled to the use and possession of a vehicle subject to a security interest in another person and also includes any lessee or bailee of a vehicle having the exclusive use thereof, under a lease or otherwise, for a period greater than thirty days. If a vehicle is sold under a contract of sale which reserves a security interest in the vehicle in favor of the vendor, such vendor or his assignee shall not, after delivery of such vehicle, be deemed to be an owner within the provisions of this subdivision, but the vendee, or his or her assignee, receiving possession thereof, shall be deemed an owner notwithstanding the terms of such contract, until the vendor or his or her assignee shall retake possession of such vehicle. A secured party in whose favor there is a security interest in any vehicle out of his or her possession shall not be deemed to, be an owner within the provisions of this subdivision.

j. "Rate card" means a card, issued by the commission for each vehicle, which displays the vehicle license number, rates of fare, and such other data as the commission may prescribe.

k. "Taximeter" means an instrument or device approved by the commission by which the charge to a passenger for hire of a licensed vehicle is automatically calculated and on which such charge is plainly indicated.

1. "Taxi", "taxicab" or "cab" means motor vehicle carrying passengers for hire in the city, designed to carry a maximum of five passengers, duly licensed as a taxi cab by the commission and permitted to accept hails from passengers in the street.

m. "Wheelchair accessible van" means any motor vehicle equipped with a hydraulic lift or ramps designed for the purpose of transporting persons in wheelchairs or containing any other physical device or alteration designed to permit access to and enable the transportation of physically handicapped persons.

n. "Handicapped transportation service" means one or more motor vehicles for hire or operated by a non-profit organization for carrying passengers for hire in the city by means of a wheelchair accessible van or vans and not permitted to accept hails from prospective passengers in the street.

o. "Central business district of the borough of Manhattan" means that area of the borough of Manhattan lying south of, and including, ninety-sixth street.

p. "Commuter van" means a commuter van service having a seating capacity of at least nine passengers but not more than twenty passengers or such greater capacity as the commission may establish by rule and carrying passengers for hire in the city duly licensed as a commuter van by the commission and not permitted to accept hails from prospective passengers in the street. For purposes of the provisions of this chapter relating to prohibitions against the operation of an unauthorized commuter van service or an unlicensed commuter van and to the enforcement of such prohibitions and to the imposition of penalties for violations of such prohibitions, the term shall also include any common carrier of passengers by motor vehicle not subject to licensure as a taxicab, for-hire vehicle, or wheelchair accessible van or not operating as an authorized bus line pursuant to applicable provisions of law. The commission shall submit to the council the text of any proposed rule relating to the maximum capacity of commuter vans at the time such proposed rule is published in the City Record.

q. "Commuter van service" means a subclassification of common carriers by passengers of motor vehicles as

such term is defined in subdivision seven of section two of the transportation law, that provides a transportation service through the use of one or more commuter vans on a prearranged regular daily basis, over non-specified or irregular routes, between a zone in a residential neighborhood and a location which shall be a work related central location, a mass transit or mass transportation facility, a shopping center, recreational facility or airport. A "commuter van service" shall not include any person who exclusively provides: (1) any one or more of the forms of transporation that are specifically exempted from article seven of the transportation law; or (2) any one or more of the forms of transportation regulated under this chapter other than transportation by commuter vans.

r. "Security interest" means an interest in a vehicle reserved or created by an agreement and which secures pavement or performance of an obligation. The term includes the interest of a lessor under a lease intended as security. A security interest is perfected when it is valid against third parties generally, subject only to specific statutory exceptions.

s.* "Agent"6 means an individual, partnership or corporation that acts, by employment, contract or otherwise, on behalf of one or more owners to operate or provide for the operation of a taxicab in accordance with the requirements of this chapter and any rule promulgated by the commission. The term "agent" shall not include an attorney or representative who appears on behalf of one or more owners before the commission or an administrative tribunal, and taxicab drivers licensed pursuant to this chapter when acting in that capacity.

s.* "Affiliated vehicle" means a for-hire vehicle other than a black car or a luxury limousine which a base station is authorized by the commission to dispatch.

t. "Base station" means a central facility which manages, organizes or dispatches affiliated vehicles licensed under this chapter, not including luxury limousines or black cars.

u. "Black car" means a for-hire vehicle dispatched from a central facility whose owner holds a franchise from the corporation or other business entity which operates such central facility, or who is a member of a cooperative that operates such central facility, where such central facility has certified to the satisfaction of the commission that more than ninety percent of the central facility's for-hire business is on a payment basis other than direct cash payment by a passenger.

v. "Luxury limousine" means a for-hire vehicle which is dispatched from a central facility which has certified to the satisfaction of the commission that more than ninety percent of its for-hire business is on a payment basis other than direct cash payment by a passenger, for which there is maintained personal injury insurance coverage of no less than five hundred thousand dollars per accident where one person is injured and one million dollars per accident for all persons injured in that same accident, whose passengers are charged on the basis of garage to garage service and on a flat rate basis or per unit of time or mileage.

w. "Wheelchair accessible vehicle" shall mean a for-hire vehicle which is designed for the purpose of transporting persons in wheelchairs or containing any physical device or alteration designed to permit access to and enable the transportation of persons in wheelchairs.

**NOTE**

Provisions of L.L. 76/1986 adding legislative intent and other special provisions.

Section 1. Declaration of legislative intent. The council recognizes the value of community-based service provided to the riding public by the city's for-hire vehicle industry including limousines and liveries. The council also recognizes its responsibility to the general public to provide for the safety of for-hire vehicles operating in the city. The council hereby finds that the public safety requires regulation to ensure that for-hire vehicles have adequate liability insurance coverage, are mechanically safe, are driven by responsible drivers and are in compliance with other standards of operation to be set forth by the taxi and limousine commission.

Local legislation adopted by the council has given the taxi and limousine commission authority to regulate nonmedallion for-hire vehicles as well as medallion taxicabs. The council previously has denominated nonmedallion for-hire vehicles as "limousines." The council finds that recent court decisions considering the type of vehicles subject to licensing by the taxi and limousine commission as "limousines" have construed the term "limousine" more narrowly than had been the intent of the council. This local law corrects any ambiguity in the law. Rather than continue to apply the term "limousine" to a variety of for-hire vehicles which offer distinctive types of passenger service, the council hereby determines to use the term "for-hire vehicle" to encompass the separate categories of vehicles for hire subject to the regulatory jurisdiction of the taxi and limousine commission and to define such term with specificity so that future uncertainty as to the council's intent will be eliminated.

§ 11. Notwithstanding any inconsistent provision of chapter five of title nineteen of the administrative code of the city of New York, as amended by this local law, a person holding, as of the effective date of this local law, a valid, unrevoked limousine license for the operation of a vehicle reclassified as a for-hire vehicle pursuant to subdivision g of section 19-502 of such code as amended by section two of this local law may continue to operate such for-hire vehicle or its replacement pursuant to such limousine license up to and including the expiration date of such limousine license. Notwithstanding any inconsistent provision of such chapter, title and code, as amended by this local law, a person

holding, as of the effective date of this local law, a valid, unrevoked limousine-driver's license who operates any vehicles reclassified as for-hire vehicles pursuant to subdivision g of section 19-502 of such code as amended by section two of this local law may continue to operate any such vehicle pursuant to such limousine-driver's license up to and including the expiration date of such limousine-driver's license. Notwithstanding the provisions of subdivision b of section 19-504 of such code, the fee for each for-hire vehicle license issued on or after the effective date of this local law and which expires May thirty-first, nineteen hundred eighty-seven shall be one hundred twenty-five dollars or such lesser amount as the taxi and limousine commission may establish by regulation.

§ 12. If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 13. Not later than the thirtieth day after the date of enactment of this local law the taxi and limousine commission shall submit a written report to the council on its plan for implementing the regulatory authority concerning the licensing, inspection, enforcement, adjudication of violations and administration over the various classes of for-hire vehicles, as provided in section 19-503.1 of the administrative code of the city of New York as added by section three of this local law. Not later than the sixtieth day after such date of enactment the commission shall submit a written report to the council on the status of the hiring of personnel and on other actions taken for the improved enforcement of the provisions of chapter five of title nineteen of such code with regard to all vehicles required to be licensed under such chapter and title.

§ 14. This local law shall take effect ninety days after its date of enactment, provided however that the taxi and limousine commission as of the date of enactment of this local law shall be authorized to promulgate any rule or regulation necessary for the administration of and to issue any license provided for in such local law.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of The City of New York, passed by the Council on December 9, 1986 and approved by the Mayor on December 22, 1986.

CARLOS CUEVAS, City Clerk, Clerk of the Council.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Subdivision n which requires the licensing and regulating of wheelchair accessible vans is a valid exercise of the city's power to regulate the health and welfare of its citizens; the state has not pre-empted the field, the local law is not inconsistent with state legislation and there is a valid distinction between the needs of the city and those of other parts of the state.-Ambulance and Medical Trans. Asso. of N.Y. v. City of N.Y., 98 Misc. 2d 537 [1979].

¶ 2. Defendant could not be convicted of being an unlicensed limousine operator when vehicle he was operating had five seats and thus could not comfortably seat a maximum of eight persons.-People v. Estes, 101 Misc. 2d 689 [1979], aff'd, 49 N.Y. 2d 719 [1980].

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-504 General provisions for licensing of vehicles.

a. (1) A taxi-cab, coach, wheelchair accessible van, commuter van or for-hire vehicle shall operate within the city of New York only if the owner shall first have obtained from the commission a taxicab, coach, wheelchair accessible van, commuter van or for-hire vehicle license for such vehicle and only while such license is in full force and effect. Vehicle licenses shall be issued for a term of not less than one nor more than two years and shall expire on the date set forth on the license unless sooner suspended or revoked by the commission. No motor vehicle other than a duly licensed taxicab shall be permitted to accept hails from passengers in the street. No commuter van shall be operated within the city of New York unless it is operated as part of a current, valid authorization to operate a commuter van service duly issued by the commission pursuant to section 19-504.2 of this chapter.

(2) No commuter van license shall be issued unless the following conditions are satisfied:

(i) such commuter van is to be operated as part of a current, valid authorization to operate a commuter van service issued pursuant to section 19-504.2 of this chapter;

(ii) the commission determines that the applicant is fit, willing and able to operate a commuter van;

(iii) the applicant is in compliance with the provisions of section 19-504.3 of this chapter, and the applicant has not engaged in any conduct that would be a basis for suspension or revocation of such license pursuant to rules promulgated by the commission; and

(iv) the applicant has satisfied such other criteria as the commission deems to be in the interest of the safety and

convenience of the public and necessary to effectuate the purposes of this chapter.

b. The license fee for each taxi-cab and coach shall be five hundred fifty dollars annually. The license fee for each wheelchair accessible van and each for-hire vehicle shall be two hundred seventy-five dollars annually. If a license is granted for a period other than one year, the fee shall be prorated accordingly. There shall be an additional fee of twenty-five dollars for late filing of a wheelchair accessible van or for-hire vehicle license renewal application where such filing is permitted by the commission.

c. In the event of the loss, mutilation or destruction of any medallion or vehicle license issued hereunder, the owner may file such statement and proof of the facts as the commission may require, with a fee of twenty-five dollars, at the office of the commission and the commission shall issue a duplicate or substitute medallion or license.

d. Applications for vehicle licenses shall be filed with the commission upon forms which shall be provided by the commission. The date and time of the receipt of each application shall be noted by the commission.

e. Any owner operating a vehicle under a license issued by the commission, or by the New York city police department prior to the effective date of this chapter, shall be entitled to renew such license as a matter of right upon compliance with all the other provisions of this section relating to the licensee's vehicle.

f. All taxicabs now or hereafter licensed pursuant to the provisions of this chapter shall be inspected at an inspection facility operated by the commission at least once every four months, in accordance with a procedure to be established by the commission. All other vehicles now or hereafter licensed pursuant to the provisions of this chapter other than commuter vans shall be inspected at official inspection stations licensed by the commissioner of motor vehicles pursuant to section three hundred three of the vehicle and traffic law at least once every four months in accordance with the regulations of the commissioner of motor vehicles, codified in part seventy-nine of title fifteen of the official compilation of codes, rules and regulations of the state of New York (15 N.Y.C.R.R. part 79). All commuter vans now or hereafter licensed pursuant to the provisions of this chapter shall be inspected and shall meet safety standards as provided in paragraph two of subdivision a of section 19-504.3 of this chapter. The fee payable to the commission for the inspection required for the issuance of a certificate of inspection for a taxicab, inclusive of the issuance of such certificate, shall not exceed thirty-five dollars for taxicabs inspected through June 30, 1991 and fifty dollars for taxicabs inspected on or after July 1, 1991. If any taxicab fails to pass such inspection, it shall be reinspected for no additional fee. If any taxicab fails to pass such reinspection, it shall be reinspected a second time for an additional fee of thirty-five dollars. If any taxicab fails to pass such second reinspection, it shall be reinspected a third time. No additional fee shall be charged for third or subsequent reinspections. The fees payable to the official inspection station for the inspection and the issuance of a certificate of inspection for all other licensed vehicles other than commuter vans shall be the fees charged and collected pursuant to section three hundred five of the vehicle and traffic law. The commission or any other agency authorized by law may conduct on-street inspections of vehicles licensed pursuant to the provisions of this chapter. The date of the inspection of a taxicab and the signature of the persons making the inspection shall be recorded upon the rate card in the space provided therefor. An owner shall be ordered by the commission to repair or replace his or her licensed vehicle where it appears that it no longer meets the reasonable standards for safe operation prescribed by the commission. Upon failure of such owner to have his or her vehicle inspected or to comply with any such order within ten days after service thereof, the license shall be suspended; upon failure of such owner to comply with any such order within one hundred twenty days after service thereof, the license may, at the discretion of the commission, be deemed to have been abandoned by nonuser.

g. The commission shall revoke any license for nonuse in the event it shall determine that the vehicle has not been operated for sixty consecutive days, provided that such failure to operate shall not have been caused by strike, riot, war or other public catastrophe or other act beyond the control of the owner; or in the event the owner has sold his or her vehicle and has failed to replace the vehicle within one hundred and twenty days from the date of sale. However, in the event that it is shown to the commission by competent proof that an owner-driver has been disabled through illness, his or her license shall not be revoked because of such nonuse as provided in this subdivision.

h. A medallion or license may be transferred from one vehicle to another, subject to the approval of the commission and upon payment of such fee as the commission shall require, but not to exceed fifty dollars. A vehicle licensee may change the base communications system with which it is affiliated, subject to the approval of the commission and upon payment of such fee as the commission shall require, but not to exceed fifty dollars.

i. The ratio of the number of taxicab licenses, as determined by the total number of taxicab licenses held by owners of more than one taxicab license and the total number of taxicab licenses held by the owners of one taxicab license, shall remain the same as it exists at the time of the enactment of this section unless or until changed by local law.

j. The commission shall replace the medallion for every taxicab license which is renewed pursuant to this section once every two years, or more frequently at the discretion of the commission. The commission may charge a fee not to exceed ten dollars for each replacement medallion.

k. The commission may charge a fee not to exceed twenty-five dollars per vehicle for the replacement of license plates issued by the New York state department of motor vehicles.

l. Prior to the issuance of a commuter van license, the applicant shall be fingerprinted for the purpose of securing criminal history records from the state division of criminal justice services. The applicant shall pay any processing fee required by the state division of criminal justice services. Fingerprints shall be taken of the individual owner if the applicant is a sole proprietorship; the general partners if the applicant is a partnership; the officers, principals, and stockholders owning more than ten percent of the outstanding stock of the corporation if the applicant is a corporation.

m. The commission shall approve or disapprove an application for a commuter van license within one hundred and eighty days after the completed application is filed. The failure to approve or disapprove such completed application within such time shall be deemed a disapproval of such application.

n. Every commuter van license shall be issued on the condition that the applicant is in compliance with the registration and insurance requirements set forth in section 19-504.3 of this chapter and any rules promulgated pursuant thereto during the time that such license is in effect. Notwithstanding any other provision of law, the failure to comply with either such registration or insurance requirements shall render the commuter van license suspended on and after the date of such noncompliance and during the period of such noncompliance, and any person using such commuter van in the course of operations of a commuter van service during such period of noncompliance shall be deemed to be operating without a license required by this section.

o. The annual license fee for each commuter van license shall be two hundred seventy-five dollars. Commencing two years after the date of enactment of the local law that added this subdivision, the annual license fee for each commuter van shall be an amount equal to the license fee for a for-hire vehicle set forth in subdivision b of this section, as it may be amended. The license fee shall be prorated to the term of the license.

p. A commuter van license shall not be transferable or assignable.

**NOTE**

Provision of L.L. 83/1989 § 2.

§ 2. The chairperson of the taxi and limousine commission shall devise a system for determining the license terms for vehicle licenses issued on or after June first, nineteen hundred eighty-nine for the purpose of staggering license expiration dates throughout the calendar year.

**CASE NOTES FROM FORMER SECTION**

¶ 1. The duties imposed upon the city pursuant to chapter 65 of this code created a special relationship between the city and riders of taxicabs and allegation of negligence by city in failing to properly inspect taxi supported cause of action for personal injury.-Linindoll v. Perrin, 112 Misc. 2d 257 [1981].

**CASE NOTES**

¶ 1. A limousine service sued an entertainer for breach of a contract under which it was to provide exclusive limousine services for her. She sought to impose, as a defense, the fact that plaintiff was not licensed. The court held that although the statute makes it illegal for a limousine service to operate in the City without a license, the plaintiff's failure to have a license does not render the contract invalid. Showcase Limousine v. Carey, 269 A.D.2d 133, modified in part, 273 A.D.2d 20, 716 N.Y.S.2d 551 (1st Dept. 2000), leave to appeal dismissed, 95 N.Y.2d 902, 716 N.Y.S.2d 642 (2000), 703 N.Y.S.2d 22 (App.Div. 1st Dept. 2000).

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-504.2 Authorization to operate a commuter van service.

a. No person shall operate a commuter van service wholly within the boundaries of the city or partly within the city if the partial operation consists of the pick up and discharge of passengers wholly within the city without first obtaining authorization from the commission.

b. The commission shall not issue or renew an authorization to operate a commuter van service unless the following conditions have been satisfied:

(1) the commission determines that the applicant is fit, willing and able to provide the transportation for which authorization is sought;

(2) the applicant is in compliance with the provisions of section 19-504.3 of this chapter, and the applicant has not engaged in any conduct that would be a basis for suspension or revocation of such authorization pursuant to rules promulgated by the commission; and

(3) the applicant has satisfied such other criteria as the commission deems to be in the interest of the safety and convenience of the public and necessary to effectuate the purposes of this chapter.

c. Prior to the issuance or renewal of an authorization to operate a commuter van service, the applicant shall be fingerprinted for the purpose of securing criminal history records from the state division of criminal justice services. The applicant shall pay any processing fee required by the state division of criminal justice services. Fingerprints shall be taken of the individual owner if the applicant is a sole proprietorship; the general partners if the applicant is a

partnership; the officers, principals, and stockholders owning more than ten percent of the outstanding stock of the corporation if the applicant is a corporation.

d. An application for an authorization to operate a commuter van service or for renewal thereof shall be made to the commission in the form and manner prescribed by the commission.

e. (1) The applicant shall have the burden of demonstrating that the service proposed will be required by the present or future public convenience and necessity. The commission shall not issue an authorization to operate a commuter van service unless the commissioner of transportation determines that the service proposed will be required by the present or future public convenience and necessity. Such determination that the service proposed will be required by the present or future public convenience and necessity shall be in effect for six years after the date of issuance of such authorization, unless such authorization has not been renewed or has been revoked by the commission prior to the end of such six-year period in which case such determination shall be in effect only until the expiration or revocation of such authorization. After the expiration or revocation of such determination of public convenience and necessity, no authorization to operate a commuter van service shall be renewed unless a new determination is made by the commissioner of transportation that the service proposed will be required by the present or future public convenience and necessity.

(2) When such a determination by the commissioner of transportation is required by this subdivision, the application for authorization to operate a commuter van service shall set forth the geographic area proposed to be served by the applicant and the maximum number of vehicles to be operated and the capacity of each such vehicle, and the commission shall forward a copy of such application to the commissioner of transportation.

(3) The commissioner of transportation, after consultation with the state department of transportation, shall make a determination whether the service proposed in the application will be required by the present or future public convenience and necessity. The commissioner of transportation may request that the applicant provide any additional information relevant to such determination. The commissioner of transportation shall notify the New York city transit authority and all council members and community boards representing any portion of the geographic area set forth in the application for the purpose of obtaining comment on the present or future public convenience and necessity for any proposed service. The commissioner of transportation shall provide for publication in the City Record of a notice of any such application and shall allow for public comment on such application for a period not to exceed sixty days after the date of publication of such notice. If any such application is protested by a bus line operating in the city or by the New York city transit authority, and such bus line and/or transit authority has timely submitted objections to the application to the commissioner of transportation, the commissioner shall, in making such determination, evaluate such objections in accordance with the following criteria:

(a) the adequacy of the existing mass transit and mass transportation facilities to meet the transportation needs of any particular segment of the general public for the proposed service; and

(b) the impact that the proposed operation may have on any existing mass transit or mass transportation facilities.

Any determination by the commissioner that a service proposed will be required by the present or future public convenience and necessity shall specify the geographic area where service is authorized and the number of commuter vans authorized to be used in providing such service.

f. (1) The commission, after consultation with the state department of transportation, shall approve or disapprove such application for authorization to operate a commuter van service within one hundred eighty days after the date a completed application has been filed. The failure to approve or disapprove such completed application within such one hundred eighty day period shall be deemed a disapproval of such application.

(2) Any determination by the commission to approve an application for authorization to operate a commuter van

service pursuant to this section shall be in writing and shall be submitted to the council within five days of such determination being made. Within twenty days of such submission the council may adopt a resolution by majority vote of all council members to review that deter- mination.

(3) Within thirty days of the adoption of the council of a resolution pursuant to this subdivision, the council, may act by local law to approve or disapprove the determination of the commission. In the event that the council fails to act by local law within the thirty day period provided for in this paragraph the determination of the commission shall remain in effect.

g. An authorization to operate a commuter van service shall be issued for a term of not less than one nor more than two years and shall expire on the date set forth in such authorization unless sooner suspended or revoked by the commission.

h. The commission shall not issue a temporary authorization to operate a commuter van service. An authorization to operate a commuter van service shall not be assignable or transferable, unless otherwise provided by the commission.

i. In the event of the loss, mutilation or destruction of any authorization to operate a commuter van service the owner shall file such statement and proof of the facts as the commission may require, with a fee not to exceed twenty-five dollars for each authorization, at the offices of the commission, and the commission may issue a duplicate or substitute authorization.

j. No application for authorization to operate a commuter van service shall be approved if the applicant has been found guilty of operating a commuter van service without authorization to operate such commuter van service two times within a six-month period prior to the date of application, provided that such violations were committed on or after the date occurring six months after the effective date of this subdivision.

k. (i) Notwithstanding any other provision of this section, no application for authorization to operate a commuter van service, to increase the number of commuter vans that a commuter van service is authorized to operate, to increase the number of hours during which a commuter van service may operate or to modify the territory within which a commuter van service may operate, other than an application to renew an authorization to operate a commuter van service, shall be accepted or processed and no pending application, other than an application to renew an authorization to operate a commuter van service, shall be approved by the commission for a period of one year from the effective date of this paragraph.

(ii) The department of city planning shall submit to the mayor and the council copies of the final report reflecting the results of a commuter van service policy study currently being conducted under the auspices of the department of city planning, or any similar study, within five business days of its completion.

**HISTORICAL NOTE**

Section added L.L. 115/1993 § 7, eff. Sept. 26, 1994.

Subd. k added L.L. 83/1997 § 3, eff. Oct. 29, 1997. See Note

**NOTE**

Provisions of L.L. 83/1997 § 1:

Section one. Legislative Intent and Findings. In 1993 Local Law 115 was enacted which established a licensing and regulatory structure for the operation of commuter van services, the performance of the drivers who drive for such services and the commuter vans used in such operations. This allowed for licensing and enforcement to be performed by

City agencies. Previously, the licensing and regulation of commuter van services was within the exclusive jurisdiction of the New York State Department of Transportation.

Local Law 115 contained a provision by which the Council could, at its discretion, review those commuter van service applications which were approved by the Taxi and Limousine Commission and could, by local law, either approve or disapprove those determinations. In the two years since the first commuter van service application became subject to Council review the Council has chosen to review each approval of a commuter van service that was presented to it and, in fact, has approved more determinations than it has disapproved. However, the independent analyses conducted by the Council during its review of these applications has disclosed significant weaknesses in the manner in which the Taxi and Limousine Commission and the New York City Department of Transportation, the agencies charged under Local Law 115 with evaluating those applications, meet that obligation. Moreover, it has become readily apparent that the decisions made by those agencies to authorize the operation of a commuter van service in specific geographic areas have been made without the benefit of any comprehensive study having been made of where in the City commuter vans are needed as a complement to existing mass transit services, not as competitors, the number of vans actually necessary to provide this complementary service, the hours during which complementary service is really needed and concerns related to traffic congestion and physical safety as the number of commuter vans proliferates. Recognition of this deficiency led the Department of City Planning to initiate a Commuter Van Service Policy Study this Spring, whose mission includes identifying areas underserved by existing mass transit, and the creation of a Technical Advisory Committee comprised largely of representatives from a number of City, State and Federal agencies. A Final Report is scheduled to be completed by March 31, 1998.

Finally, for many years, even prior to the enactment of Local Law 115, many members of the Council have decried the lack of effective enforcement against those who operate commuter van services without legal authorization and those with legal authorization to operate but who do so in an illegal manner.

For these reasons, it is the strongly held view of the Council that no further applications for authorization to operate or expand the operations of commuter van services should be approved for a period of one year during which period the Final Report of the Department of City Planning should be issued and the Council will have had a reasonable period of time to consider its contents, and/or until the Council has conducted its own study of these issues. During this period the Council will also have a fair and reasonable opportunity to consider regulatory changes which may be appropriate and to undertake any necessary legislative action.

**CASE NOTES**

¶ 1. The court invalidated the call-up provision of § 19-504.2, which granted the City Council the authority to veto a final determination of a City agency. This provision violated the State Enabling Act, the Municipal Home Rule Law and the City Charter, the court said. Ricketts v. City of New York, 722 N.Y.S.2d 25 (App.Div. 1st Dept. 2001).

Administrative Code of the City of New York

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-504.3 Conditions of operation relating to commuter vans.

a. A commuter van service and an owner of a commuter van shall be responsible for compliance with the following provisions and shall be liable for violations thereof:

(1) No commuter van shall be used in the course of operations of a commuter van service unless a commuter van license has been obtained for such vehicle pursuant to section 19-504 of this chapter and such commuter van displays a license identification in the manner prescribed by the commission.

(2) No commuter van shall be used in the course of operations of a commuter van service unless such vehicle (a) is inspected by the state department of transportation as provided under section one hundred forty of the transportation law or any rules or regulations promulgated thereunder or as provided under an agreement between the state department of transportation and the commission entered into pursuant to subparagraph one of paragraph a of subdivision five of section eighty of the transportation law, (b) prominently displays the name of the holder of the authorization and certificate evidencing an inspection, and (c) meets the vehicle safety standards prescribed by rule or regulation of the state commissioner of transportation pursuant to section one hundred forty of the transportation law.

(3) No commuter van shall be used in the course of operations of a commuter van service unless such vehicle is in compliance with the registration requirements of the vehicle and traffic law.

(4) No commuter van shall be used in the course of operations of a commuter van service unless a surety bond or policy of insurance is maintained covering such commuter van conditioned for the payment of all claims and judgments for damages or injuries caused in the operation, maintenance, use or the defective construction of such

commuter van in at least the following amounts unless higher amounts are established by rule of the commission:

(a) if the commuter van has a carrying capacity of twelve passengers or less: for personal injury or death to one person, one hundred thousand dollars; for personal injury or death to all persons in one accident, three hundred thousand dollars, with a maximum of one hundred thousand dollars for each person; and for property damage, fifty thousand dollars.

(b) if the commuter van has a carrying capacity of more than twelve passengers and less than twenty-one passengers: for personal injury or death to one person, one hundred thousand dollars; for personal injury or death to all persons in one accident, five hundred thousand dollars, with a maximum of one hundred thousand dollars for each person; and for property damage, fifty thousand dollars.

(c) if the commuter van has a carrying capacity of more than twenty passengers: for personal injury or death to one person, one hundred thousand dollars; for personal injury or death to all persons in one accident, one million dollars, with a maximum of one hundred thousand dollars for each person; and for property damage, fifty thousand dollars.

(5) No commuter van shall be used in the course of operations of a commuter van service unless the driver holds (a) a commercial driver's license which pursuant to the vehicle and traffic law is valid for the operation of such commuter van for the transportation of passengers for-hire and (b) a commuter van driver's license issued pursuant to section 19-505 of this chapter.

(6) No commuter van that utilizes a two-way radio or other communications system shall be used in the course of operations of a commuter van service unless such commuter van service and the owner of such commuter van are in compliance with all regulations of the federal communications commission applicable to such use.

(7) A commuter van service and an owner of a commuter van shall maintain such records as the commission shall prescribe by rule including, but not limited to, records of requests for service and trips. Such records shall be subject to inspection by authorized officers or employees of the commission during regular business hours.

(8) A commuter van service shall designate each and every driver who operates pursuant to an authorization to operate such commuter van service as agent for service of any and all legal process from the commission which may be issued against such commuter van service. An owner of a commuter van shall designate each and every driver who operates such commuter van as agent for service of any and all legal process from the commission which may be issued against such commuter van owner.

b. A commuter van service shall certify annually in accordance with rules of the commission that such commuter van service is in compliance with title III of the federal americans with disabilities act of 1990 (42 U.S.C. §12101 et seq.) and any regulations promulgated thereunder, as such act and regulations may be amended.

c. A commuter van service shall comply with such provisions of section five of the federal omnibus transportation testing act of 1991 (49 U.S.C. APP. § 2717) and any regulations promulgated thereunder, as that act and regulations may be amended, as are applicable to such commuter van service. A commuter van service shall certify such compliance annually in accordance with rules of the commission.

§ 19-504.4 Renewal, suspension and revocation of authorizations to operate a commuter van service, commuter van licenses and commuter van drivers' licenses.

a. An authorization to operate a commuter van service shall be revoked after the holder of such authorization has had an opportunity for a hearing in accordance with procedures to be established by the commission and upon the occurrence of any one or more of the following conditions:

(1) Where each commuter van comprising a number of commuter vans equaling at least thirty percent of the total number of commuter vans operating as part of the same current, valid authorization rounded up to the next whole number, has failed to maintain the required liability insurance at least three times within a twelve month period;

(2) Where each commuter van comprising a number of commuter vans equaling at least thirty percent of the total number of commuter vans operating as part of the same current, valid authorization, rounded up to the next whole number, has operated without complying with any safety inspection requirements arising from any applicable law, rule or regulation at least three times within a twelve month period;

(3) Where a commuter van driver has had his or her license revoked pursuant to subdivision p of section 19-505 of this chapter while operating as part of such authorization and thereafter is found to be operating a commuter van as part of such authorization without a commuter van driver's license required pursuant to section 19-505 of this chapter three times within a six month period; or

(4) Where the number of violations of paragraph five of subdivision a of section 19-504.3 of this chapter occurring within a twelve month period is equal to the following: ninety percent of the number of commuter vans

authorized to operate as part of such authorization rounded up to the next whole number, or five, whichever is greater.

b. Any commuter van license shall be revoked after the holder of such license has had an opportunity for a hearing in accordance with procedures to be established by the commission and after which the holder of such license is found guilty of any of the following:

(1) Failure to maintain the required liability insurance three times within a period of one year; or

(2) Operating without complying with any safety inspection requirements arising from any applicable law, rule or regulation three times within a period of one year.

c. The commission may refuse to renew any authorization to operate a commuter van service or any commuter van license or commuter van driver's license required by this chapter and, after due notice and an opportunity to be heard, may suspend or revoke any such authorization or license upon the occurrence of any one or more of the following conditions:

(1) the holder of an authorization or a license or any of its officers, principals,, directors, employees,, or stockholders owning more than ten percent of the outstanding stock of the corporation has been found by the commission to have violated any of the provisions of this chapter or any rule promulgated thereunder governing the operation of commuter van services, commuter vans and commuter van drivers; or

(2) the holder of an authorization or a license or any of its officers, principals, directors, employees, or stockholders owning more than ten percent of the outstanding stock of the corporation has made a material false statement or concealed a material fact in connection with the filing of any application or certification pursuant to this chapter or has engaged in any fraud or misrepresentation in connection with rendering transportation service; or

(3) the holder of an authorization or a license or any of its officers, principals, directors, or stockholders owning more than ten percent of the outstanding stock of the corporation has not paid any penalty duly imposed pursuant to the provisions of this chapter or any rule promulgated hereunder; or

(4) the holder of an authorization or a license or any of its officers, principals, directors, or stockholders owning more than ten percent of the outstanding stock of the corporation has been convicted of a crime which, in the judgment of the commission, has a direct relationship to such person's fitness or ability to perform any of the activities for which an authorization or a license is required under this chapter, or has been convicted of any other offense which under the provisions of article twenty-three-a of the correction law, would provide a basis for the commission to refuse to renew, or to suspend or revoke, such authorization or license; or

(5) the holder of an authorization or a license has failed to maintain the conditions of operation applicable to the particular authorization or license as provided in this chapter; or

(6) the holder of an authorization or a license or any of its officers, principals, directors, employees, or stockholders owning more than ten percent of the outstanding stock of the corporation has been found to have violated any of the provisions of section 8-107 of the code concerning unlawful discriminatory practices in public accommodations in the operation of a commuter van service or a commuter van.

d. Notwithstanding the foregoing provisions, the chairperson of the commission may immediately suspend any authorization to operate a commuter van service or commuter van license or commuter van driver's license issued under this chapter without a prior hearing where the chairperson determines that the continued possession of such authorization or license poses a serious danger to the public health, safety or welfare, provided that after such suspension an opportunity for a hearing shall be provided on an expedited basis, within a period not to exceed fourteen days.

e. Where the commission suspends or revokes an authorization to operate a commuter van service pursuant to this section:

(1) any commuter van license which has been issued as part of such authorization shall be deemed suspended or revoked, as the case may be, where the suspension or revocation of the authorization to operate a commuter van service was based, in whole or in part, upon thhe operation of such commuter van; or

(2) any commuter van license which has been issued as part of such authorization shall continue to be valid in accordance with its terms where the suspension or revocation of the authorization to operate a commuter van service was not based, in whole or in part, upon the operation of such commuter van; provided, however, that such commuter van shall not be operated in the course of operations of such commuter van service unless and until such commuter van operates as part of a current, valid authorization to operate a commuter van service; provided, further that any such commuter van which operates without being part of a current, valid authorization to operate a commuter van service shall be deemed to be operating without a commuter van license and shall be subject to any and all of the penalties that may be imposed under this chapter for the unlicensed operation of commuter vans, including seizure and forfeiture as provided in sections 19-529.2 and 19-529.3 of this chapter.

f. Notwithstanding any other provision of law, any person who has had an authorization to operate a commuter van service revoked by the commission pursuant to this section shall not be permitted to apply for an authorization to operate a commuter van service under this chapter for a period of six months after the date of such revocation.

g. The commission shall notify the holder of an authorization to operate a commuter van sevice of all violations issued to any driver or vehicle operating pursuant to such authorization.

**HISTORICAL NOTE**

Section added L.L. 115/1993 § 9, eff. Sept. 26, 1994.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 19-505*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-505 General provisions for licensing of drivers.

a. No person shall drive any motor vehicle for hire which is regulated by the provisions of this chapter without first obtaining from the commission:

(i) a taxicab driver's license, if the vehicle driven is a taxicab; or

(ii) a coach driver's license, if the vehicle driven is a coach; or

(iii) a for-hire vehicle driver's license, if the vehicle driven is a for-hire vehicle; or

(iv) a wheelchair accessible van driver's license, if the vehicle driven is a wheelchair accessible van; or

(v) a commuter van driver's license, if the vehicle driven is a commuter van.

The issuance of a license to a person to drive any one of the aforementioned licensed vehicles shall not entitle such person to drive any other such licensed vehicle without first obtaining the additional appropriate driver's license.

b. Each applicant for a license, other than a commuter van driver's license must:

1. Hold a New York state chauffeur's license.

2. Be nineteen years of age or over.

3. Be of sound physical condition with good eyesight and no epilepsy, vertigo, heart trouble or any other infirmity of body or mind which might render him or her unfit for the safe operation of a licensed vehicle.

4. Be fingerprinted.

5. Be of good moral character.

6. Not be addicted to the use of drugs or intoxicating liquors.

c. Applications for driver's licenses must be filed as directed by the commission, and must be accompanied by the required license fee. Such application shall be on a form provided by the commission and contain such information as the commission deems reasonably necessary.

d. Each applicant for a driver's license under the provisions of this chapter, other than a commuter van driver's license, shall be examined as to his or her physical condition by a duly licensed physician designated by the commission; each such applicant shall also be examined by the commission as to his or her knowledge of the city, as well as city and state laws governing the idling of engines, and if the result of any of these examinations is unsatisfactory, he or she shall be refused a license.

e. Each applicant for a driver's license must file with his or her application two recent photos of such applicant of a size which may be easily attached to his or her license, one of which shall be attached to the license when issued and the other filed with the application in the office of the commission.

f. Upon satisfactory fulfillment of the applicable requirements, there shall be issued to the applicant a driver's license which shall be in such form as the commission may direct.

g. Original driver's licenses and renewals thereof shall be valid for a period of not less than one year nor more than three years.

h. The commission may renew a driver's license provided the driver shall have made application on the prescribed form during the period which the commission shall designate, and the commission may require the same standards and tests as are applicable for original applications.

i. The commission may revoke any driver's license for nonuse, in the event it shall determine that the driver has not worked at least twenty-five days as a licensed driver in the calendar year preceding the calendar year in which such determination is made, provided that such failure to work as a licensed driver shall not have been caused by strike, riot, war or other public catastrophe. However, in the event that it is shown to the commission by competent proof that a driver has been disabled through illness, his or her license shall not be revoked because of such nonuse as provided in this subdivision.

j. Fees shall be paid by each applicant for a driver's license, as determined by the commission, but not to exceed the following:

For each original one-year license $60.00

For renewal of a one year period $60.00

The fee for an original license or a renewal thereof shall be paid at the time of filing the applications and shall not be refunded in the event of disapproval of the application. An additional fee not exceeding twenty-five dollars shall be paid for each license issued to replace a lost or mutilated license. There shall be an additional fee of twenty-five dollars for late filing of a license renewal application where such late filing is permitted by the commission.

k. Every driver who has obtained a license pursuant to this section shall comply with the rules and regulations

promulgated by the commission for drivers of the type of vehicle for which the driver is licensed.

l. The commission may, after a hearing, suspend or revoke any driver's license for failure to comply with any provision of this chapter applicable to licensed drivers or for failure to comply with the commission's rules and regulations.

m. Notwithstanding any other provision of this section, the commission shall not issue a commuter van driver's license to an applicant unless the applicant: (1) has been fingerprinted for the purpose of securing criminal history records from the state division of criminal justice services for which the applicant shall pay any processing fee required by the state division of criminal justice services; (2) satisfies the commission that such applicant is fit and able to drive the commuter van for which the license is sought; (3) possesses a commercial driver's license which pursuant to the vehicle and traffic law is valid for the operation of such commuter van for the transportation of passengers for-hire; (4) has met the qualifications set forth in article nineteen-A of the vehicle and traffic law for the operation of a bus as defined in such article; and (5) has not engaged in any conduct that would be a basis for suspension or revocation of such license pursuant to rules promulgated by the commission.

n. The commission shall approve or disapprove an application for the issuance of a commuter van driver's license within one hundred eighty days after the completed application is filed. The failure to approve or disapprove such application within such time shall be deemed a disapproval of such application.

o. Every commuter van driver's license shall be issued on the condition that the applicant possesses a commercial driver's license and complies with article nineteen-A of the vehicle and traffic law as described in paragraphs three and four of subdivision m of this section during the time that such commuter van driver's license is in effect. Notwithstanding any other provision of law, suspension or revocation of such commercial driver's license pursuant to the vehicle and traffic law or noncompliance with article nineteen-A of the vehicle and traffic law shall render the commuter van driver's license suspended on and after the date of the suspension or revocation of such commercial driver's license or noncompliance with such article nineteen-A and during the period of such suspension revocation or noncompliance, and any person who drives a commuter van that is required to be licensed pursuant to section 19-504 of this chapter during the period of such suspension revocation or noncompliance shall be deemed to be driving a commuter van without a license required by this section.

p. Any commuter van driver's license issued pursuant to this section shall be revoked after the holder of such license has had an opportunity for a hearing in accordance with procedures to be established by the commission and such holder is found to have failed to comply with paragraph two of subdivision a of section 19-529.1 of this chapter three times within a period of six months.

**CASE NOTES**

¶ 1. The TLC sought to use Section 19-505 as a basis for suspending the license of a driver who committed a first or second offense of refusal of service. In other words, the TLC contended that this section permitted suspension even though another section, 19-507, provided a specific fine for refusals of service. The court, however, held that the TLC was limited to the imposition of the statutory fines of § 19-507 and could not suspend a driver's license for a first or second offense of refusal of service. Lys v. New York City Taxi and Limousine Commission, N.Y.L.J., Jan. 31, 2002, page 21, col. 4, 2002 WL 338187 (Civ.Ct. New York Co.).

¶ 2. The Commission has brought revocation hearings on the ground that the driver no longer possesses the qualifications for license under this section. In particular, it has alleged the licensee does not possess good moral character, as required by subsection (b)(5) of this section. See annotations below.

¶ 3. Licensee's misdemeanor conviction for driving his personal car while intoxicated plus his evasiveness in testifying about the incident at a fitness hearing, supported a finding that the licensee lacked good moral character required to maintain license. Taxi & Limousine Comm'n v. Corrales, OATH Index No. 259/08 (Aug. 24, 2007).

¶ 4, Probationary licensee's conviction for driving his personal car while under the influence of alcohol (a traffic infraction) did not establish charge that he lacked moral character required for license, where driver candidly admitted his "big mistake" at the fitness hearing. Nevertheless, license revocation was recommended for violation of

Administrative Code section 19-512.1(a) on the ground that the driver posed a risk to public safety. Taxi & Limousine Comm'n v. Alexandridis, OATH Index No. 202/08 (Aug. 28, 2007).

¶ 5. ALJ found licensee's conviction for driving his personal car while ability impaired by alcohol (a traffic infraction) alone did not establish charge that he lacked moral character required for fitness to hold a license, where driver acknowledged his mistake, showed remorse for drinking and driving, and completed alcohol treatment program. Nevertheless, ALJ recommended license revocation for violation of Administrative Code section 19-512.1(a) on the ground that the driver posed a risk to public safety. TLC Commissioner/Chair affirmed revocation, but on the ground that conviction for violation alone established licensee lacked fitness. The Commissioner/Chair's decision did not address the question of whether the Commission established the driver lacked moral character. Taxi & Limousine Comm'n v. Pardo, Comm'r/Chair's Dec. (Nov. 19, 2007), adopting on other grounds, OATH Index No. 798/08 (Oct. 31, 2007).

¶ 6. Licensee's conviction for off-duty driving while ability impaired by alcohol (a traffic infraction), plus his evasive testimony at his fitness hearing, established charge that he lacked moral character required to maintain license. Taxi & Limousine Comm'n v. Chulsky, OATH Index No. 233/08 (Aug. 28, 2007).

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 19-506*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-506 [Regulations and enforcement.]

a. Regulations and Enforcement. Except as provided by section 19-512.1, the commission may impose reasonable fines and/or*9 suspend or revoke any license issued by the commission where the holder has failed to comply with or has willfully or knowingly violated any of the provisions of this chapter or a rule or regulation of the commission after adjudication of such violation by the administrative tribunal established by the commission in accordance with section 2303 of the New York city charter.

b. 1. Any person who shall permit another to operate or who shall knowingly operate or offer to operate for hire any vehicle as a taxicab, coach, wheelchair accessible van or for-hire vehicle in the city, without first having obtained an appropriate license therefor, shall be guilty of a violation hereof, and upon conviction in the criminal court shall be punished by a fine of not less than four hundred dollars or more than one thousand dollars or imprisonment for not more than sixty days, or both such fine and imprisonment.

2. Where a violation of this chapter or any rules promulgated thereunder is committed using a vehicle which is owned by a rental vehicle company and has been rented or leased by such rental vehicle company, it shall be an affirmative defense that the rental vehicle company did not know or have any reason to know that the person to whom it was rented or leased would operate or offer to operate for hire such vehicle as a taxicab, coach, wheelchair accessible van or for-hire vehicle in the city. For purposes of this subdivision, a "rental vehicle company" shall be defined as any person or organization or any subsidiary or affiliate, including a franchisee, in the business of providing rental vehicles to the public.

c. (1) No person shall operate or permit to be operated any vehicle bearing the words "hack," "taxi," "taxicab,"

"cab," "coach," "for hire vehicle," "livery," "limousine," "commuter van service," "van service," "commuter van," "van" or other designation of similar import unless the vehicle is licensed as a taxicab, coach, for-hire vehicle, or commuter van, as appropriate, and the driver has an appropriate driver's license under this chapter, and in the case of a commuter van service, such person has an authorization to operate a commuter van service nor shall any person advertise or hold himself or herself out as doing business as a taxi, taxicab, hack or coach service unless he or she holds a vehicle license and medallion for each vehicle used therefor, nor shall any person advertise or hold himself or herself out as doing business as a "limousine service," "livery service," a "for-hire vehicle service," or other similar designation unless a for-hire vehicle license is in effect for each vehicle used therefor, nor shall any person advertise or hold himself or herself out as doing business as a "commuter van service," "van service," "commuter van," "van" or other designation of similar import unless such person is authorized to operate a commuter van service and a commuter van license is in effect for each vehicle used therefor as required by this chapter, nor shall any person advertise or hold himself or herself out as doing business as a wheelchair accessible van service or other similar designation unless a wheelchair accessible van license is in effect for each vehicle used therefor.

(2) Any person required to obtain a license under this chapter shall conspicuously state in all print and broadcast advertising, with respect to such licensed activity, the vehicle license number and that the activity is licensed by the commission; provided, however, that as applied to the owner of a for-hire vehicle base station, or wheelchair accessible van base station, such license number shall be the number of the license issued to such base station; provided further, that the requirement of this subdivision respecting the display of vehicle license numbers in print and broadcast advertising shall not apply to any owner of five or more taxicabs. No person who is required to obtain authorization to operate a commuter van service under this chapter shall advertise in print or in a broadcast medium the activity for which authorization is required without conspicuously stating in such advertising the commuter van service authorization number and that the activity is licensed by the commission.

d. Any person, other than a person holding a driver's license issued pursuant to section 19-505 and a New York state class A, B, C or E license, neither of which is revoked or suspended, who drives or operates for hire a licensed vehicle in the city except a commuter van, shall be guilty of a violation hereof, and upon conviction in the criminal court, shall be punished by a fine of not less than one hundred or more than five hundred dollars or imprisonment for a term not exceeding thirty days, or both such fine and imprisonment.

e. As an alternative to the penalties provided for the violation of subdivisions b, c and d of this section, any person who shall violate any of the provisions of such subdivisions shall be liable for a civil penalty of not less than two hundred dollars nor more than one thousand five hundred dollars for each violation. A proceeding to impose such a civil penalty or a civil penalty prescribed in subdivision f of this section shall be commenced by the service of a notice of violation returnable before the commission or an administrative tribunal of the commission. The commission or such tribunal, after a hearing as provided by the rules of the commission, shall have the power to enforce its decisions and orders imposing such civil penalties as if they were money judgments pursuant to subdivision c of section two thousand three hundred three of the charter.

f. As an alternative to the penalties provided for the violation of subdivision c of this section, the commission, after notice and hearing, shall be authorized to impose the civil penalties provided in this subdivision upon any person found to have advertised in print or in a broadcast medium in violation of such subdivision, provided, however, that such civil penalties may be imposed only when such person was not licensed by the commission at the time of such violation. Such penalties shall be levied for each broadcast in violation of such subdivision and shall be not less than one hundred dollars nor more than five hundred fifty dollars for each such broadcast. Such penalties for printed advertisements shall be levied for each publication and shall be determined based on the period of time the publication in which the advertisement appears remains current. The current period shall be determined as that time when a publication is initially offered for sale or distribution until the period when the next dated publication is offered for sale or distribution. In no case shall this period be less than twenty-four hours. If the current period is:

daily, such penalty shall be not less than one hundred dollars nor more than five hundred dollars per day;

weekly, such penalty shall be not less than two hundred fifty dollars nor more than seven hundred fifty dollars;

greater than one week and not more than one month, such penalty shall be not less than seven hundred fifty dollars nor more than one thousand dollars; and

greater than one month, such penalty shall be not less than one thousand dollars nor more than two thousand dollars.

g. The commission shall undertake a public awareness campaign advising the public to patronize only licensed taxicabs and for-hire vehicles and, when selecting a taxicab or for-hire vehicle from an advertisement, to look for the commission license number in any such advertisement.

h. (1) Any officer or employee of the commission designated by the chairperson of the commission and any police officer may seize any vehicle which he or she has probable cause to believe is operated or offered to be operated without an appropriate vehicle license for such operation in violation of subdivision b or c of this section. Therefore, either the commission or an administrative tribunal of the commission at a proceeding commenced in accordance with subdivision e of this section, or the criminal court, as provided in this section, shall determine whether a vehicle seized pursuant to this subdivision was operated or offered to be operated in violation of either such subdivision. The commission shall have the power to promulgate regulations concerning the seizure and release of vehicles and may provide in such regulations for reasonable fees for the removal and storage of such vehicles. Unless the charge of violating subdivision b or c of this section is dismissed, no vehicle seized pursuant to this subdivision shall be released until all fees for removal and storage and the applicable fine or civil penalty have been paid or a bond has been posted in a form and amount satisfactory to the commission, except as is otherwise provided for vehicles subject to forfeiture pursuant to paragraph two of this subdivision.

(2) In addition to any other penalties provided in this section, if the owner is convicted in the criminal court of, or found liable in accordance with subdivision e of this section for, a violation of either subdivision b or c of this section three or more times, and all of such violations were committed on or after the effective date of this section and within a thirty-six month period, the interest of such owner in any vehicle used in the commission of any such third or subsequent violation shall be subject to forfeiture upon notice and judicial determination. Notice of the institution of the forfeiture proceeding shall be in accordance with the provisions of the civil practice law and rules.

(3) Except as hereinafter provided, the city agency having custody of a vehicle after judicial determination of forfeiture, shall, no sooner than thirty days after such determination and upon a notice of at least five days, sell such forfeited vehicle at public sale. Any person, other than an owner whose interest is forfeited pursuant to this section, who establishes a right of ownership in a vehicle, including a part ownership or security interest, shall be entitle*5 to delivery of the vehicle if such person;

(A) redeems the ownership interest which was subject to forfeiture by payment to the city of the value thereof;

(B) pays the reasonable expenses of the safekeeping of the vehicle between the time of seizure and such redemption; and

(C) either (i) asserts a claim in the forfeiture proceeding, or (ii) submits a claim in writing to the commission within thirty days after judicial determination of forfeiture.

(4) Notwithstanding the provisions of paragraph three of this subdivision, establishment of a right of ownership shall not entitle a person to delivery of a vehicle if the city establishes in the forfeiture proceeding or in a separate administrative adjudication of a claim asserted pursuant to subparagraph C of paragraph three of this subdivision that the violations of subdivision b or c of this section upon which the forfeiture is predicated were expressly or impliedly permitted by such person. The commission shall promulgate rules and regulations setting forth the procedure for such an administrative adjudication, which shall include provision for a hearing.

(5) For purposes of this subdivision, the term "owner" shall mean an owner as defined in section one hundred twenty-eight and in subdivision three of section three hundred eighty-eight of the vehicle and traffic law.

(6) The provisions of this subdivision shall not apply to the seizure and forfeiture of commuter vans which shall be governed by sections 19-529.2 and 19-529.3 of this chapter.

i. (1) Notwithstanding any inconsistent provision of this chapter, any person who violates any provision of this chapter or any rule promulgated hereunder applicable to commuter van services, commuter vans or drivers of commuter vans shall be subject to a civil penalty in an amount to be prescribed by the commission by rule for specific violations which amount shall not exceed one thousand dollars for a first violation and twenty-five hundred dollars for a second and subsequent violation committed within two years of a first violation. Where such violation involves the operation of a commuter van service without the authorization required by this chapter, the operation of a commuter van without the license required by this chapter or the operation of a commuter van that is not pursuant to a current, valid authorization to operate a commuter van service, such person shall be liable for a civil penalty of not less than five hundred dollars and not more than one thousand dollars, and for a subsequent violation committed within two years of the first violation, such person shall be liable for a civil penalty of not less than one thousand dollars and not more than ttwenty-five hundred dollars.

(2) A proceeding to impose such civil penalty shall be commenced by the service of a notice of violation returnable before the commission or an administrative tribunal of the commission. Such civil penalties shall be imposed after a hearing in accordance with the rules of the commission.

(3) Except as otherwise provided in paragraph four of this subdivision, civil penalties imposed by the commission or such tribunal may be recovered by the corporation counsel in a civil action in any court of competent jurisdiction.

(4) Decisions and orders of the commission or such tribunal imposing civil penalties for violations relating to, the operation of commuter van service without authorization and the operation of unlicensed commuter vans and unlicensed drivers of commuter vans may be entered and enforced as if they were money judgments of a court pursuant to subdivision c of section two thousand three hundred three of the charter.

(5) Notices of violation which are returnable to the commission or such tribunal may be served by any officers or employees designated by the commission, any police officer or any authorized officers or employees of the department of transportation or the New York city transit authority.

j. Where the commission or administrative tribunal thereof finds an owner liable for operating a vehicle as a commuter van without an authorization to operate a commuter van service or without a commuter van license, the commission shall notify the New York state commissioner of motor vehicles pursuant to subparagraph four of paragraph a of subdivision five of section eighty of the New York state transportation law of such finding. Upon such notification, the commissioner of motor vehicles, pursuant to such subparagraph four, shall thereupon suspend the registration of such vehicle and shall deny any application for the registration of such vehicle or any application for the renewal thereof pursuant to subdivision five-a of section four hundred one of the vehicle and traffic law until such time as the commission may give notice that the violation has been corrected to its satisfaction. Operation of any motor vehicle for which the registration has been suspended as herein provided shall constitute a class A misdemeanor. The commission shall also notify the department of finance where it finds an owner liable for operating a vehicle as a commuter van without an authorization to operate a commuter van service or without a commuter van license.

Sub d amended LL 59/1980 § 1

Sub e added chap 1021/1983 § 1

**NOTE**

Provisions of L.L. 90/1989 § 1.

Section 1. Declaration of legislative findings and intent. The council finds that vehicles operating as taxicabs, for-hire vehicles, coaches and wheelchair accessible vans without an appropriate license issued by the taxi and limousine commission are a threat to the health, safety and well-being of their passengers and the general public. Many of the vehicles operated in disregard of the commission's regulatory authority lack adequate insurance coverage, are mechanically unsafe and are not driven by responsible drivers. Most persons charged with operating a vehicle without

an appropriate license issued by the taxi and limousine commission simply ignore summonses they receive and continue to operate vehicles without the appropriate license having been duly issued. Thus, the overwhelming majority of summonses issued for operating without a license have resulted in unsatisfied default judgments.

Therefore, in order that the taxi and limousine commission may effectively enforce the vehicle licensing requirements of chapter five of title nineteen of the administrative code of the city of New York, the council hereby provides that the commission shall have the power to seize and subject to forfeiture vehicles operating as taxicabs, for-hire vehicles, coaches or wheelchair accessible vans without the appropriate license issued by the commission. These more stringent enforcement measures are clearly necessary to reduce the large number of illegally operating vehicles, compel compliance with the commission's licensing and other requirements, and to assure that the public is served by vehicles meeting the legal requirements for service, safety and insurance.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Court would not enjoin city from issuing summonses to plaintiffs for violation of this section when it was not clear that plaintiffs' business of private car rental by prearrangement was not the business of "transportation of persons by licensed vehicles for hire".-Kelly's Rental v. City of N.Y., 48 A.D. 2d 662 [1975].

¶ 2. Plaintiff's business of private car rentals by prearrangement using ordinary four door sedans was subject to the jurisdiction of the City Taxi and Limousine Commission since vehicles operated by business were limousines.-Kelly's Rental, Inc. v. City of N.Y., 52 A.D. 2d 904 [1976], modified, 44 N.Y. 2d 700 [1978].

¶ 3. Defendant who operated a vehicle with "car service" signs on it violated subdivision c of this section.-People v. Estes-El, 101 Misc. 2d 689 [1979], aff'd, 49 N.Y. 2d [1980].

**CASE NOTES**

¶ 1. Taxicab owners, who leased their medallions to third parties who had illegally removed the vehicle identification numbers from the taxicabs and had reattached them to other vehicles, were strictly liable for the operating violations, even though the violations allegedly were committed without their knowledge. Boiadjian v. New York City Taxi and Limousine Commission, N.Y.L.J., Oct. 27, 1997, page 26, col. 1 (App.Div. 1st Dept.). See also Mystic Cab Corp. v. New York City Taxi & Limousine Commission, N.Y.L.J., Oct. 27, 1997, page 25, col. 6 (App.Div. 1st Dept.) (owners strictly liable where their agents had submited fraudulent workers' compensation certificates to the Commission.).

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-506.1 Administrative Tribunal.

a. If the commission is unable to produce a complaining witness in person, where such witness' credibility is relevant to the charges made in the notice of violation, the commission shall make reasonable efforts to make such witness available during the hearing by videoconferencing or teleconferencing. If the complaining witness is not available during a hearing, the commission shall produce a statement outlining its efforts to produce such witness. An administrative law judge shall examine such statement and if he or she decides the commission's efforts to produce the complaining witness were inadequate, the administrative law judge shall dismiss the notice of violation.

b. Hearings where the commission seeks the revocation of a commission issued license for a rule violation that does not provide for the mandatory revocation of such license as a penalty shall be conducted before the office of administrative trials and hearings and shall be subject to the procedures of that tribunal. The commission may authorize other hearings to be conducted before the office of administrative trials and hearings.

c. If a respondent timely files to appeal a decision of the administrative tribunal, any fines imposed by the administrative tribunal shall be stayed until a decision is made in such appeal, provided that the commission shall not be required to refund any fines paid before respondent made his or her appeal unless such appeal is successful. The administrative tribunal shall expedite any appeal involving a suspension or revocation of a commission issued license.

d. If, for the purposes of appealing a decision, a respondent requests a copy of the hearing recording, such recording shall be produced to such respondent within thirty days after receipt of a written request from such respondent. If the commission cannot produce the recording within the thirty day period, the determination being appealed shall be dismissed without prejudice.

e. Notwithstanding any other laws, rules or regulations, where a respondent fails to appear at a scheduled hearing, such respondent shall have two years from the entry of any determination to move to vacate such determination and seek a new hearing. After mailing a notice of default to a respondent, the commission shall prepare a record containing the name of the person who mailed such notice, and the date, time and method used to mail such notice. The commission shall make such record available upon request to such respondent.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-507 Mandatory penalties.

a. The commission shall fine any driver, or suspend or revoke the driver's license of any driver, as provided in subdivision b of this section, who shall have been found in violation of any of the following:

1. No driver of a taxicab shall seek to ascertain, without justifiable grounds, the destination of a passenger before such passenger shall be seated in the vehicle.

2. No driver of a taxicab shall refuse, without justifiable grounds, to take any passenger or prospective passenger to any destination within the city.

3. No driver of a vehicle the fares of which are set by the commission shall charge or attempt to charge a fare above the fare set by the commission.

4. No driver of a for-hire vehicle shall accept passengers unless the passengers have engaged the use of the for-hire vehicle on the basis of telephone contract or prearrangement.

b. 1. Any driver who has been found to have violated a provision of paragraph one, two, three or four of subdivision a of this section, or any combination thereof, shall be fined not less than two hundred dollars nor more than three hundred fifty dollars for the first offense. Any driver who has been found in violation of any of the provisions of such paragraphs, or any combination thereof, for a second time within a twenty-four month period shall be fined not less than three hundred fifty dollars nor more than five hundred dollars, and the commission may suspend the driver's license of such driver for a period not to exceed thirty days. The commission shall revoke the driver's license of any

driver who has been found to have violated any of the provisions of paragraph one, two, three or four of such subdivision, or any combination thereof, three or more times within a thirty-six month period.

2. Notwithstanding the provisions of paragraph one of this subdivision, the commission shall revoke the driver's license of any person found to have violated paragraph three of subdivision a of this section by charging or attempting to charge a fare of ten dollars or more above the approved rate of fare for taxicabs.

c. The commission shall not issue any license under this chapter to any person who has had his or her driver's license revoked pursuant to subdivision b of this section prior to a period of one year from the date of such revocation.

d. 1. Each owner shall make a reasonable good faith effort, by a driver education program or other affirmative measures, to deter the commission of violations of paragraphs one, two and three of subdivision a of this section by drivers of taxicabs for which such owner holds a vehicle license. A finding that a driver has committed a violation of any such paragraph shall create a rebuttable presumption that the owner holding the vehicle license for the taxicab in which such violation was committed has failed to make a reasonable good faith effort to deter the commission of such violation. In any proceeding for a violation of this paragraph, it is an affirmative defense that the owner made a reasonable good faith effort, by a driver education program or other affirmative measures, to deter the commission of violations of paragraphs one, two and three of subdivision a of this section. The commission shall advise an owner in writing of his or her potential liability pursuant to this subdivision upon a finding that a violation of such paragraph was committed in a taxicab for which such owner holds a vehicle license.

2. If the owner holding a vehicle license for a taxicab or taxicabs in which a driver or drivers have been found to have committed violations of paragraphs one, two or three of subdivision a of this section, or any combination thereof, is found not to have made a reasonable good faith effort to deter such violation, the owner shall be liable for a violation of paragraph one of this subdivision as follows:

(i) for the second violation of paragraphs one, two or three of subdivision a of this section, or any combination thereof, committed in a taxicab or taxicabs for which the owner holds a vehicle license or licenses, the commission shall fine the owner two hundred dollars;

(ii) for the third violation of paragraphs one, two or three of subdivision a of this section, or any combination thereof, committed in a taxicab or taxicabs for which the owner holds a vehicle license or licenses, the commission shall fine the owner not less than two hundred dollars nor more than three hundred fifty dollars;

(iii) for the fourth and each subsequent violation of paragraphs one, two or three of subdivision a of this section, or any combination thereof, committed in a taxicab or taxicabs for which the owner holds a vehicle license or licenses, the commission shall fine the owner not less than three hundred fifty nor more than five hundred dollars;

(iv) for the fifth and each subsequent violation of paragraphs one, two or three of subdivision a of this section, or any combination thereof, committed in a taxicab or taxicabs for which the owner holds a vehicle license or licenses, the commission shall suspend the vehicle license of the taxicab used in the commission of the most recent violation for a period not to exceed sixty days.

For purposes of this paragraph, the obligation to have made a "reasonable good faith effort" shall be met if the owner, upon the hiring of each new driver and for all drivers, shall, at least once annually, distribute a copy of applicable commission rules to each driver and obtains a written receipt therefore. The commission shall supply owners with a copy of all such applicable rules. In addition, such rules shall be conspicuously posted by the owner at the owner's place of business so that they are readily visible to all drivers.

3. The commission shall promulgate rules and regulations setting forth the procedure for an administrative adjudication of violations of paragraph one of this subdivision, which shall include provision for notice and a hearing.

e. The term "without justifiable ground" used in paragraphs one and two of subdivision a of this section shall mean that standard of behavior which fails to conform to that of a reasonable and prudent person acting in compliance with any regulations promulgated by the commission.

f. The commission may suspend or revoke the license of any person whom it determines has obtained a license by fraud or false representation, or willful misstatement or omission of a material fact.

Sub e added LL 72/1980 § 4

**CASE NOTES**

¶ 1. Bungeroth v. New York City Taxi & Limousine Commission, 634 N.Y.S.2d 471 (App.Div. 1st Dept. 1995). Penalty of license revocation was mandatory under § 19-507(b)(1) where the petitioner had been found guilty of overcharging at least three times within a 36 month period.

¶ 2. A court held that the TLC's suspension of the driver's license by reason of a first offense of service refusal unlawfully deprived the driver of the property right which the license represented. The penalties imposed were in excess of those called for by Administrative Code § 19-507, which provided for a fine of between $250 and $350 for a first offense. Lys v. New York City Taxi and Limousine Commission, N.Y.L.J., Jan. 31, 2002, page 21, col. 4, 2002 WL 338187 (Civ.Ct. New York Co.).

¶ 3. In Padberg v. McGrath McKechnie, N.Y.L.J., May 2, 2001, page 31, col. 2, 2002 WL 826795 (U.S. Dist. Ct. E.D.N.Y.), the court declined to grant a preliminary injunction against the TLC's enforcement of a policy of suspending drivers' licenses for a first or second offense of service refusal. Apparently, the Padberg court, which did not discuss the Lys case, found that Sec. 19-507 did not preclude the TLC from imposing penalties greater than the fines set forth in the statute. The decision was affirmed by the Second Circuit Court of Appeals, 2003 WL 1191179, 60 Fed.Apdx. 861 (2d Cir.).

¶ 4. Penalty for first time service refusal under subsection (b)(1) of this section is limited to a fine between $200 and $350. Maximum fine of $350 for refusal was recommended where verbal abuse and refusal were found to be egregious. **Taxi & Limousine Comm'n v. Hussein**, OATH Index No. 572/08 (Jan. 14, 2008).

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-507.1 Persistent Violators of Rules Relating to Drivers of Taxicabs and For-Hire Vehicles.

a. (1) On or after September 1, 1999, any taxicab or for-hire vehicle driver may attend a remedial or refresher course approved by the commission. Upon satisfactory completion of a commission-approved course by such driver, two points shall be deducted from the number of points assessed under the persistent violators program against his or her taxicab or for-hire vehicle driver's license. A taxicab or for-hire vehicle driver shall be eligible for a point reduction pursuant to this subdivision only once within the five-year period commencing on or after September 1, 1999.

(2) Notwithstanding the provisions of paragraph one of this subdivision, any taxicab or for-hire vehicle driver may attend one remedial or refresher course approved by the commission between the effective date of this local law and August 31, 1999. Upon satisfactory completion of a commission-approved course by such driver two points shall be deducted from the number of points assessed under the persistent violators program against his or her taxicab or for-hire vehicle driver's license.

(3) Notwithstanding the provisions of paragraphs one or two of this subdivision, no point reduction shall affect any suspension or revocation action which may be taken by the commission pursuant to this program prior to the completion of the course and no taxicab or for-hire vehicle driver shall receive a point reduction unless attendance at the course is voluntary on the part of the driver. If the commission has no approved remedial or refresher course on the effective date of this subdivision, then a department of motor vehicles-approved course shall be deemed acceptable until such time as the commission approves a course.

b. Any taxicab or for-hire vehicle driver who has been found guilty of violations of the commission's rules such that six or more points have been assessed against his or her taxicab or for-hire vehicle driver's license within any

fifteen-month period and whose license has not been revoked shall have his or her taxicab or for-hire vehicle driver's license suspended for thirty days. The provisions of this subdivision shall apply only to violations issued on or after July 26, 1998.

c. Any taxicab or for-hire vehicle driver who has been found guilty of violations of the commission's rules such that ten or more points have been assessed against his or her taxicab or for-hire vehicle driver's license within any fifteen-month period shall have his or her taxicab or for-hire vehicle driver's license revoked. The provisions of this subdivision shall apply only to violations issued on or after July 26, 1998.

d. For the purposes of assessing points against the license of a taxicab or for-hire vehicle driver, where a taxicab or for-hire vehicle driver has been found guilty of multiple violations arising from a single enforcement action by an authorized enforcement agent, such driver shall be deemed guilty of the single violation having the highest point assessment.

e. A taxicab or for-hire vehicle driver shall not be subject to an assessment of points against his or her taxicab or for-hire vehicle driver's license or the imposition of duplicate penalties where the same act is a violation under provisions of law other than commission rules and where such violations duplicate each other or are substantively the same and any such driver may be issued only one summons or notice of violation for such violation. Points assessed by the department of motor vehicles by reason of violations under the vehicle and traffic law may not be added to points assessed by the commission under this section for violations of commission rules.

f. It shall be an affirmative defense that the act which formed the basis for the violation was beyond the control and influence of the taxicab or for-hire vehicle driver.

g. Any violation issued to a taxicab driver or owner for meter-tampering shall be served on the licensee by personal delivery or by certified and regular mail within five calendar days of its issuance. The licensee shall have an opportunity to request a hearing before the commission or other administrative tribunal of competent jurisdiction within ten calendar days after receipt of any such notification. Upon request such hearing shall be scheduled within ten calendar days. If the tenth day falls on a Saturday, Sunday or holiday, the hearing may be held on the next business day. A decision shall be made with respect to any such proceeding within sixty calendar days after the close of the hearing. In the event such decision is not made within that time period, the license or medallion which is the subject of the proceeding shall be returned by the commission to the licensee and deemed to be in full force and effect until such determination is made. It shall be an affirmative defense to any violation for meter-tampering issued to a taxicab driver or owner that such person (i) did not know of or participate in the alleged meter-tampering and (ii) exercised due diligence to ensure that meter-tampering does not occur.

h. For purposes of subdivision g of this section, examples of an owner's due diligence shall include, but are not limited to (1) giving to their drivers a clear warning that violations of the meter tampering rules will result in the immediate termination of any lease agreement, the reporting to the commission of driver tampering and the commission's probable revocation of the driver's taxicab driver's license, (2) including in any written lease agreement provisions containing the warnings against violation of meter tampering rules, (3) stamping warnings about the illegality of meter tampering on the trip cards issued to all drivers of an owner's taxicabs, (4) having management personnel or mechanics periodically check for proper odometer and meter mileage comparisons in order to determine if there are inappropriate disparities between the two sets of figures, (5) conducting periodic random inspections of the taxicab meter and its wiring for all of its taxicabs to detect any evidence of violation of the meter tampering rules and (6) having all of such owner's taxicabs inspected by a licensed meter shop once every commission inspection cycle.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-507.2 Critical driver program.

a. Any taxicab or for-hire vehicle driver who has been found guilty of violations such that six or more points have been assessed by the department of motor vehicles or an equivalent licensing agency of the driver's state of residence against the driver license issued to such taxicab or for-hire vehicle driver within any fifteen-month period and whose taxicab or for-hire vehicle driver's license has not been revoked shall have his or her taxicab or for-hire vehicle driver's license suspended for thirty days. The provisions of this subdivision shall apply only to violations issued on or after February 15, 1999.

b. Any taxicab or for-hire vehicle driver who has been found guilty of violations such that ten or more points have been assessed by the department of motor vehicles or an equivalent licensing agency of the driver's state of residence against the driver license issued to such taxicab or for-hire vehicle driver within any fifteen-month period shall have his or her taxicab or for-hire vehicle driver's license revoked. The provisions of this subdivision shall apply only to violations issued on or after February 15, 1999.

c. (1) On or after September 1, 1999, a taxicab or for-hire vehicle driver shall be eligible to receive a two point reduction in the number of points assessed pursuant to the critical driver program upon the submission to the commission of proof of the satisfactory completion of a motor vehicle accident prevention course approved by the department of motor vehicles. Such point reduction shall be considered in computing the total number of points accumulated by such driver as a result of violations which occurred within fifteen months prior to the date of the completion of the course.

(2) Notwithstanding the provisions of paragraph one of this subdivision no point reduction shall affect any

suspension or revocation action which may be taken by the commission pursuant to this program prior to the completion of the course. No person shall receive a point reduction more than once in any eighteen month period and no person shall receive a point reduction unless attendance at the course is voluntary on the part of the driver.

(3) Notwithstanding the provisions of paragraphs one and two of this subdivision, any taxicab or for-hire vehicle driver who voluntarily attends and satisfactorily completes one motor vehicle accident prevention course approved by the department of motor vehicles between the effective date of this local law and August 31, 1999, shall have two points deducted from the total number of points assessed pursuant to the critical driver program against his or her taxicab or for-hire vehicle driver's license. No point reduction shall affect any suspension or revocation action which may be taken by the commission pursuant to this program prior to the completion of the course.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-508 Meters, radios and other equipment.

a. All taxicabs shall be equipped with meters, and the commission may permit or require other licensed vehicles to be equipped with the same or different types of meters.

b. The commission may permit or require the installation of radio or other equipment of specified types in licensed vehicles, except that the commission shall require that all wheelchair accessible vans contain two-way radios where the owner employs a dispatcher, a number of portable or fixed seat belts equal to the maximum capacity of the van, safety ties sufficient to secure any wheelchair or wheelchairs which the van may at any given time be transporting and such other special equipment as the commission shall determine is necessary to insure the safe transportation of physically handicapped persons. The commission shall require the use of a specified frequency for any radio used by licensed vehicles, said frequency to be assigned by the federal communications commission.

c. 1. For purposes of this section, the term "trouble light" shall mean a help or distress signaling light system consisting of two turn signal type "lollipop" lights.

2. Every for-hire vehicle or taxicab placed into operation shall carry a minimum of two spare turn signal type "lollipop" lights of a type approved by the commission. In the event that any authorized enforcement agent indicates to a for-hire vehicle or taxicab driver that the vehicle's trouble light is defective, such driver shall have the opportunity to return such defective trouble light to proper working order by replacing one or both bulbs, or by any other corrective action, in the presence of such enforcement agent. If the replacement of a bulb or bulbs, or any other corrective action, restores the trouble light to proper working order, no summons or notice of violation may be issued for operating a for-hire vehicle or taxicab with a defective trouble light. In the event that repair of the defective condition is not made in

the presence of such enforcement agent and a summons or notice of violation is issued for a defective for-hire vehicle or taxicab trouble light, such summons or notice of violation shall be dismissed by the adjudicatory body before which such summons or notice of violation is heard if: (a) proof that repair of such defect was made within twenty-four hours of the issuance of the summons or notice of violation is provided to the adjudicatory body and (b) the vehicle was not used for hire during the period of time from when the summons or notice of violation was issued to the time the repair was made.

3. Any person found to have violated the provisions of this subdivision shall be liable for a fine of one hundred seventy-five dollars for each such violation and in addition thereto the license for such vehicle shall be suspended until the defective condition is corrected.

§ 19-509 Licensing of taximeter business.

a. It shall be unlawful for any person to engage in the business of manufacturing, selling, repairing and adjusting or calibrating taximeters or taximeter equipment for use upon any licensed vehicle in the city unless he or she shall secure a license therefor from the commission, and such person engaged in the business of installing, repairing, adjusting or calibrating taximeters shall only be licensed if he shall have a place of business within the city large enough simultaneously to accommodate at least three vehicles. Such licenses shall be issued for a period not exceeding one year and shall expire on the thirty-first day of March following the date of issue. The fee for the issuance of each such license shall be five hundred dollars per annum for each place of business licensed provided, however, that upon the issuance of a license for a period of six months or less, the fee shall be one-half the annual fee fixed by the com- mission.

b. It shall be unlawful for such person to sell or attach to a licensed vehicle for use within the city a taximeter which does not comply with the rules and regulations established by the commission, and the commission may establish such rules and regulations in respect to the taximeter business as may be reasonable to assure adequate protection of the public and enforcement of the provisions and purposes of this chapter and may require such reports and other information as it deems necessary or advisable. Any person who shall install, repair, adjust or calibrate any taximeter shall securely affix to the inside of the glass window thereon, so as to be clearly legible from the outside, a printed poster bearing his or her license number.

c. Fees to be charged by persons licensed pursuant to this section shall be subject to approval of the commission. In determining whether any proposed fee or fee schedules shall be approved, the commission shall take into consideration the nature of the service performed, the costs of the licensee, a reasonable profit to the licensee, fees for similar services charged in other communities, and the welfare of the taxicab and taximeter industries.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-511 Licensing of communications systems and base stations.

a. The commission shall require licenses for the operation of two-way radio or other communications systems used for dispatching or conveying information to drivers of licensed vehicles, including for-hire vehicles or wheelchair accessible vans and shall require licenses for base stations, upon such terms as it deems advisable and upon payment of reasonable license fees of not more than five hundred dollars a year. There shall be an additional fee of twenty-five dollars for late filing of a license renewal application where such filing is permitted by the commission.

b. The operator of a base station shall provide and utilize lawful off-street facilities for the parking and storage of the licensed for-hire vehicles that are to be dispatched from that base station equal to not less than one parking space for every two such vehicles or fraction thereof. The commission shall establish by rule criteria for off-street parking which shall include, but not be limited to, the maximum permissible distance between the base station and such off-street parking facilities and the proximity of such off-street parking facilities and the proximity of such off-street parking facilities to residences and community facilities as defined in the zoning resolution of the city of New York. A license for a new base station shall only be granted where the applicant has demonstrated to the commission prior to the issuance of such license that off-street parking facilities sufficient to satisfy the requirements of this subdivision shall be provided.

c. Notwithstanding the provisions of subdivision b of this section, a license for a base station which was valid on the effective date of this section shall only be renewed upon the condition that within two years of such renewal the licensee shall provide off-street parking facilities as required by subdivision b of this section.

d. (1) No license for a new base station shall be issued unless the applicant demonstrates to the satisfaction of

the commission that the applicant will comply with the off-street parking requirements of subdivision b of this section and the commission finds that the operation of a base station by the applicant at the proposed location would meet such other criteria as may be established by the commission. Among the other factors which must be examined and considered by the commission in making a determination to issue a license are the adequacy of existing mass transit and mass transportation facilities to meet the transportation needs of the public any adverse impact that the proposed operation may have on those existing services and the fitness of the applicant. In determining the fitness of the applicant the commission shall consider, but is not limited to considering, such factors as the ability of the applicant to adequately manage the base station, the applicant's financial stability and whether the applicant operates or previously operated a licensed base station and the manner in which any such base station was operated. The commission shall also consider the extent and quality of service provided by existing lawfully operating for-hire vehicles and taxicabs.

(2) No license for a new base station shall be issued for a period of three years subsequent to a determination in a judicial or administrative proceeding that the applicant or any officer, shareholder, director or partner of the applicant operated a base station that had not been licensed by the commission.

(3) In its review of an application for a license to operate a new base station and in its review of an application to renew a base station license the commission shall also consider the possible adverse effect of such base station on the quality of life in the vicinity of the base station including, but not limited to, traffic congestion, sidewalk congestion and noise. In its review of an application to renew a base station license the commission shall also consider whether a determination has been made after an administrative proceeding that the operator has violated any applicable rule of the commission.

(4) No base station license shall be renewed where it has been determined after an administrative proceeding that the applicant has failed to comply with the off-street parking requirements set forth in subdivision b of this section or as they may have been modified pursuant to subdivision h of this section.

e. A licensed base station shall at all times have no fewer than ten affiliated vehicles, except that a base station for which a license was first issued prior to January 1, 1988 and which at that time had fewer than ten affiliated vehicles or a base station which has an affiliation with a wheelchair accessible vehicle may have as few as five affiliated vehicles, not including black cars and luxury lim- ousines.

f. Prior to the issuance of a license for a base station or the renewal of a valid base station license, the applicant shall provide to the commission a bond in the amount of five thousand dollars with one or more sureties to be approved by the commission. Such bond shall be for the benefit of the city and shall be conditioned upon the licensee complying with the requirement that the licensee dispatch only vehicles which are currently licensed by the commission and which have a current New York city commercial use motor vehicle tax stamp and upon the payment by the licensee of all civil penalties imposed pursuant to any provision of this chapter.

g. Upon receiving an application for the issuance of a license for a new base station or for the renewal of a license for a base station pursuant to this section, the commission shall, within five business days, submit a copy of such application to the council and to the district office of the council member and the community board for the area in which the base station is or would be located.

h. Notwithstanding the provisions of subdivisions b and c of this section, the commission may reduce the number of required off-street parking spaces or may waive such requirement in its entirety where the commission determines that sufficient lawful off-street parking facilities do not exist within the maximum permissible distance from the base station or an applicant demonstrates to the satisfaction of the commission that complying with the off-street parking requirements set forth in such subdivisions would impose an economic hardship upon the applicant; except that the commission shall not reduce or waive the off-street parking requirements where it has been determined in an administrative proceeding that the applicant, or a predecessor in interest, has violated any provision of section 6-03 of the rules of the commission or any successor thereto, as such may from time to time be amended. A determination to

waive or reduce the off-street parking requirements shall be made in writing, shall contain a detailed statement of the reasons why such determination was made and shall be made a part of the commission's determination to approve an application for a base station license.

i. The determination by the commission to approve an application for a license to operate a new base station or for the renewal of a license to operate a base station shall be made in writing and shall be accompanied by copies of the data, information and other materials relied upon by the commission in making that determination. Such determination shall be sent to the council and to the district office of the council member within whose district that base station is or would be located within five business days of such determination being made.

§ 19-511.1 Council review.

Any determination by the commission to approve an application for a license to operate a new base station or to renew a license to operate a base station shall be subject to review by the council. Within ninety days of the first stated meeting following receipt of such determination and its accompanying materials, the council may approve or disapprove such determination by local law, after having adopted a resolution to review that determination. In the event that the council fails to act by local law within the ninety day period provided for in this section, the determination of the commission shall remain in effect. Where a base station license would otherwise expire while a determination by the commission to approve a renewal of such license is pending before the council, such license shall remain in full force and effect, unless suspended or revoked by the commission, until either the council has passed a local law to disapprove such determination or the period within which the council may act has elapsed.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-512 Transferability of taxicab licenses issued prior to the effective date of this chapter.

a. Any taxicab license first issued prior to July sixteenth, nineteen hundred seventy-one, and in force on such date, and any renewals thereof, shall be transferable to a transferee who has demonstrated to the satisfaction of the commission that he is qualified to assume the duties and obligations of a taxicab owner, provided that either the applicant or his or her vendor or transferor shall have filed a bond to cover all the outstanding tort liabilities of the vendor or transferor in excess of the amount covered by a bond or insurance policy which is in effect pursuant to the vehicle and traffic law of the state of New York.

b. No voluntary sale or transfer of such taxicab license may be made if a judgment has been filed within the city against the holder of a license and remains unsatisfied and notice of said judgment has been filed with the commission, except that a transfer may be permitted if an appeal is pending from an unsatisfied judgment and a bond is filed in sufficient amount to satisfy the judgment. A transfer may also be permitted without filing a bond as set forth in this subdivision provided that all the judgment creditors of unsatisfied judgments file written permission for such a transfer with the commission or provided that the proceeds of sale are paid into court or held in escrow on terms and conditions approved by the commission which will have the effect of protecting the rights of all parties who may have an interest therein.

c. An owner's interest in such taxicab license may be transferred involuntarily and disposed of by public or private sale in the same manner as personal property provided, however, that upon such involuntary transfer the owner's license shall immediately be cancelled and a new license issued to the purchaser or his or her vendee, provided that such purchaser or vendee satisfied the requirements of subdivision (a) hereof, except that if the judgment against the involuntary transfer is by reason of a tort judgment against the involuntary transferor, no bond need be provided with

respect to the same judgment.

d. The commission may charge a fee of one hundred sixty dollars for its administrative expenses in connection with the transfer (i) of an owner's interest in a taxicab license transferable pursuant to the provisions of this section or (ii) of the stock in a corporation which is an owner of a taxicab license that is transferable pursuant to the provisions of this section.

**CASE NOTES FROM FORMER SECTION**

¶ 1. It is unrealistic to construe tort "liabilities" in subsection to require a bond to cover all tort liabilities including both absolute obligations and the face amount of any pending claims since the amount claimed as damages in negligence actions often exceeds the true value of the claim. Liabilities cover "absolute obligations plus those amounts a transferor may reasonably be expected to pay upon contingent obligations".-In the Matter of Cab Transportation Corp. v. N.Y. City Taxi and Limousine Comm., 58 A.D. 2d 604 [1979].

Administrative Code of the City of New York

***** Current through December 2009 ****

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-512.1 Revocation of taxicab licenses.

a. The commission may, for good cause shown relating to a direct and substantial threat to the public health or safety and prior to giving notice and an opportunity for a hearing, suspend a taxicab or for-hire vehicle license issued pursuant to this chapter and, after notice and an opportunity for a hearing, suspend or revoke such license. The commission may also, without having suspended a taxicab or for-hire vehicle license, issue a determination to seek suspension or revocation of such license and after notice and an opportunity for a hearing, suspend or revoke such license. Notice of such suspension or of a determination by the commission to seek suspension or revocation of a taxicab or for-hire vehicle license shall be served on the licensee by personal delivery or by certified and regular mail within five calendar days of the pre-hearing suspension or of such determination. The licensee shall have an opportunity to request a hearing before an administrative tribunal of competent jurisdiction within ten calendar days after receipt of any such notification. Upon request such hearing shall be scheduled within ten calendar days, unless the commission or other administrative tribunal of competent jurisdiction determines that such hearing would be prejudicial to an ongoing criminal or civil investigation. If the tenth day falls on a Saturday, Sunday or holiday, the hearing may be held on the next business day. A decision shall be made with respect to any such proceeding within sixty calendar days after the close of the hearing. In the event such decision is not made within that time period, the license or medallion which is the subject of the proceeding shall be returned by the commission to the licensee and deemed to be in full force and effect until such determination is made, unless the commission or other administrative tribunal of competent jurisdiction determines that the issuance of such determination would be prejudicial to an ongoing criminal or civil investigation.

b. It shall be an affirmative defense that the holder of the taxicab or for-hire vehicle license or the owner of the taxicab or for-hire vehicle has (1) exercised due diligence in the inspection, management and/or operation of the taxicab

or for-hire vehicle and (2) did not know or have reason to know of the acts of any other person with respect to that taxicab or for-hire vehicle license or taxicab or for-hire vehicle upon which a suspension, proposed suspension or proposed revocation is based. With respect to any violation arising from taximeter tampering, an owner's due diligence shall include, but not be limited to, those actions set forth in subdivision h of section 19-507.1 of this chapter. Any pre-hearing suspension period shall be counted towards any suspension period made in any final determination.

**HISTORICAL NOTE**

Section added L.L. 20/1999 § 4, eff. May 26, 1999. [See Note]

Subd. a amended L.L. 16/2008 § 5, eff. Sept. 3, 2008.

**NOTE**

Provisions of L.L. 20/1999 § 1:

Section 1. Legislative Intent and Findings. The Council has, from the time it first established the Taxi and Limousine Commission, understood the strong need for aggressive regulation of the taxicab and for-hire vehicle industry and those directly responsible for the safety of the riding public. However, the Council finds that certain of the rules promulgated within the past several months by the New York City Taxi and Limousine Commission, such as those that modify the disciplinary measures that may be imposed against taxicab and for-hire vehicle drivers, taxicab and for-hire vehicle owners and taxicab medallion owners are onerous.

The Taxi and Limousine Commission was established in 1971 when the Council enacted Local Law 12 to add Chapter 65 to the New York City Charter and a companion Chapter 65 (now portions of Title 19) to the Administrative Code of the City of New York. Chapter 65 of the New York City Charter sets forth the jurisdiction, powers and duties of the Taxi and Limousine Commission. Therein, the Council conferred upon the Taxi and Limousine Commission authority with respect to ". . . the regulation and supervision of the business and industry of transportation of persons by licensed vehicles for hire in the city pursuant to the provisions of this chapter[.]". The Taxi and Limousine Commission's authority included, inter alia, the licensing of taxicab and for-hire vehicle drivers and owners and the setting of standards for their conduct. Former Chapter 65 of the Administrative Code established discrete policies with regard to the regulation of taxicabs and for-hire vehicles and set forth in considerable detail the manner in which the newly-created Commission was to implement its new powers. Local Law 12 of 1971 also amended the New York City Charter to divest the Police Commissioner of the long-held authority to oversee the licensing and regulation of taxicabs, for-hire vehicles and taxicab and for-hire vehicle drivers.

In the nearly thirty years since the Taxi and Limousine Commission was created, the Council has enacted local laws relating to many of those subject areas where authority to regulate was conferred upon the Taxi and Limousine Commission by Local Law 12. These include creating a licensing program for agents (Local Law 83 of 1995), restructuring the manner in which base stations and their affiliated vehicles operate (Local Law 51 of 1996) and modifying the liability of rental car companies for violations of Taxi and Limousine Commission rules by their customers (Local Law 35 of 1998).

It is the Council's view that Int. No. 472-C establishes a superior balancing of the concern for safe and high quality service with the need for fair treatment of an industry important to New York City. Accordingly, it is the Council's determination that any rules of the Taxi and Limousine Commission that are inconsistent with any provision of the New York City Charter and Administrative Code of the City of New York as enacted by the City Council are superseded and thereby void and of no legal force and effect.

**CASE NOTES**

¶ 1. Under subsection (a) of this section the Commission may revoke any license where the licensee constitutes "a

threat to the public health, or safety." License of probationary for-hire vehicle driver was revoked pursuant to this section based upon driver's recent conviction for driving while ability impaired by alcohol. ALJ found that permitting the licensee to maintain his license would pose a serious threat to public safety. Taxi & Limousine Comm'n v. Fuentes, OATH Index No. 201/08 (Aug. 28, 2007).

¶ 2. ALJ found licensee's recent conviction for driving his personal car while ability impaired by alcohol (a traffic infraction) established the driver posed a risk to public safety and recommended license revocation on that basis. TLC Commissioner/Chair affirmed revocation, but on the ground that conviction for violation alone established licensee was unfit. Taxi & Limousine Comm'n v. Pardo, Comm'r/Chair's Dec. (Nov. 19, 2007), adopting on other grounds, OATH Index No. 798/08 (Oct. 31, 2007).

¶ 3. Pursuant to subsection (a) of this section, the Commission may, for good cause shown relating to a threat to public health or safety and prior to giving notice and opportunity for a hearing, suspend a taxicab or for-hire vehicle license. A licensee may request a hearing within ten days after receipt of notification of the summary suspension. See annotations below.

¶ 4. At summary suspension hearing, ALJ found that the licensee posed a threat to the health or safety of the public based upon proof of his arrest for second degree assault and criminal possession of a weapon and she recommended continuation of summary suspension. Taxi & Limousine Comm'n v. Shahbaz, OATH Index No. 1014/08 (Nov. 30, 2007).

¶ 5. At summary suspension hearing, ALJ found that TLC licensee posed a threat to the health or safety of the public based upon proof of his arrest for second degree assault. ALJ recommended continuation of summary suspension. Taxi & Limousine Comm'n v. Chaudhry, OATH Index No. 1012/08 (Nov. 30, 2007).

¶ 6. In one case, a driver, whose license was revoked by reason of a positive drug test, challenged the determination made by an Administrative Law Judge, and contended that he was entitled to a hearing before the entire Taxi and Limousine Commission. The court, however, rejected his contention, stating that a plain reading and common sense interpretation (§ 19-512.1(a)) did not indicate that the full Commission had to be involved in every aspect statutory function simply because the word "Commission" was used. In re Wai Lun Fung v. Matthew Daus, NYC Taxi and Limousine Comm., 45 A.D.3d 392, 846 N.Y.S.2d 104 (1st Dept. 2008).

¶ 7. The Commission has broad authority under subsection (a) in its obligation to protect the public, including passengers, other drivers, and pedestrians. Revocation of a license because of a criminal conviction for an act that is directly related to driving advances the Commission's interest in protecting the public. Probationary licensee convicted of driving while intoxicated lacked fitness to maintain a for-hire driver's license and presented a risk to the public safety. **Taxi & Limousine Comm'n v. Liriano-Blanco**, OATH Index No. 1196/08 (Feb. 1, 2008).

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-513 Repossessions.

Any taxicab which is transferred involuntarily because of a default in the payment or installments due under the contract of sale, or any other contract or in any other manner whereby the license holder's interest in the license is not also transferred, and which is disposed according to law at public or private sale, may be operated by the purchaser thereof or his or her vendee, provided such purchaser or vendee is acceptable to the commission as a person suitable to receive a license. Upon such involuntary transfer, the license of said taxicab shall be cancelled immediately and a temporary, nontransferable, nonrenewable license issued to such purchaser or vendee for a period not exceeding one year upon the payment of a fee of not exceeding one hundred dollars therefor. At the end of such time, the original holder of the license, or his or her transferee if the license was first issued before the effective date of this chapter, shall be entitled to renewal of the license, provided that the provisions of subdivision (a) of section 19-512 of this chapter are complied with by such applicant, whether he or she is the original holder or a transferee.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-514 Color schemes and emblems.

a. The exterior of all taxicabs shall be painted yellow or any shade thereof.

b. The name of the corporate owner shall be printed on both rear doors or on both front doors of each taxicab in such a manner as shall be prescribed by the commission.

c. The commission may grant to any taxicab owner or association of taxicab owners, upon proper application therefor, the exclusive right to use one or more distinctive emblems or other identifying designs to be displayed on the vehicles of such applicant.

d. Such applications must include colored sketches of the proposed color schemes of the emblems or designs, together with such other and further information as the commission may require.

e. An owner shall not use an emblem granted to another owner or association, an emblem so similar as to lead to confusion in the mind of the public, or an emblem granted to any association unless he or she be a member of said association. The commission may suspend the license of any owner violating the provisions hereof.

f. Each taxicab license shall be represented by a metal medallion which shall bear the license number and be affixed to the outside of the licensed taxicab. The commission may require that a notice be posted at the main entrance of each garage housing taxicab vehicles reciting the number of such vehicles, their license numbers and such other information as the commission may designate.

g. Any vehicle for hire except those licensed under the provisions of this chapter shall not bear the colors yellow, orange, or gold, or, in combination of yellow-white, orange-white, gold-white, green-white, blue-white or any other combination of the above said colors or color scheme or striping in said colors.

h. Any accessible taxicab or for-hire vehicle licensed by the commission shall display the international wheelchair insignia or other insignia approved by the commission that identifies such vehicle as an accessible vehicle, in a minimum of two prominent locations on such vehicle's exterior. For purposes of this subdivision, "accessible vehicle" shall mean any vehicle approved for use by the commission as a taxicab or for-hire vehicle that meets the specifications and requirements for accessible vehicles pursuant to the americans with disabilities act of 1990, as amended, and rules promulgated by the commission.

i. Any clean air vehicle licensed by the commission shall display the words "CLEAN AIR VEHICLE" or such other term or symbol approved by the commission that identifies such vehicle as a clean air vehicle in a minimum of two prominent locations on such vehicle's exterior. For the purposes of this subdivision, "clean air vehicle" shall mean any taxicab or for-hire vehicle approved for use by the commission that receives an air pollution score of 9.0 or higher from the United States environmental protection agency or its successor agency and is estimated to emit 6.4 tons or less of equivalent carbon dioxide per year by the United States department of energy or its successor agency; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards. In the event the test method used by the United States environmental protection agency or its successor agency for determining fuel economy is adjusted in a way that impacts United States department of energy or its successor agency estimates of equivalent carbon dioxide emissions for motor vehicles, the commission shall, for vehicles that fall within the affected model years, modify by rule the equivalent carbon dioxide emissions estimate included herein so as to appropriately reflect such adjustment's impact consistent with the intent of this section.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-518 Transfer of licenses.

a. No for-hire vehicle license shall be transferred or assigned, nor shall such vehicle license be used in affiliation with any garage or business location other than the location stated in such license.

b. Any base station license or ownership interest in the licensee may be transferred to a proposed transferee who has demonstrated to the satisfaction of the commission the qualifications to assume the duties and obligations of a base station owner provided that either the transferor or transferee shall have filed a bond to cover all the outstanding tort liabilities of the transferor arising out of the operation of a base station and the for-hire vehicles owned by the transferor which is in excess of the amount covered by any bond or insurance policy in effect pursuant to the vehicle and traffic law, and all outstanding fines, penalties and other liabilities which the transferor owes to the commission shall have been satisfied. All such transfers and any changes in corporate offices or directors must be approved by the commission in order to be effective. The commission shall establish by rule the factors to be considered for approval of a proposed transferee, officer or director which shall include, but not be limited to, the criminal history of the proposed transferee and of the transferee's officers, shareholders, directors and partners, if any, or the proposed officers or directors, in a manner consistent with article twenty-three-A of the correction law, any relevant information maintained in the records of the department of more vehicles or the commission, and transferee's financial stability.

c. A transfer shall not be approved if in the past two years, the proposed transferee or any officer, shareholder, director or partner of the proposed transferee, where appropriate, has been found to have violated any law or rule involving:

(i) assaultive behavior toward a passenger, official or member of the public in connection with any matter

relating to a for-hire vehicle;

(ii) conviction for giving or offering an unlawful gratuity to a public servant, as defined in section 10.00 of the penal law.

(iii) providing the commission with false information; or

(iv) three unexplained failures to respond to an official communication of the commission or the department of investigation which was sent via certified mail, return receipt requested.

d. No voluntary transfer of a base station license may be made if a judgment in favor of the city of New York or any agency thereof or any state or federal agency has been docketed with the clerk of any county within the city of New York against the licensee and remains unsatisfied, except that a transfer may be permitted if an appeal is pending from an unsatisfied judgment and a bond is filed in an amount sufficient to satisfy the judgment. A transfer may also be permitted without filing a bond as set forth in this subdivision provided that all the judgment creditors of a licensee file written permission for such a transfer with the commission or that the proceeds from the transfer are paid into court or held in escrow on terms and conditions approved by the commission which will have the effect of protecting the rights of all parties who may have an interest therein.

e. The commission may by rule establish a fee in connection with an application to transfer a base station license or an ownership interest in a base station licensee.

f. The commission shall revoke any base station license for nonuse in the event it shall find after a public hearing that the base station has not been in operation for sixty consecutive days, provided that such failure to operate shall not have been caused by strike, riot, war, public catastrophe or other act beyond the control of the licensee. Where the commission finds that a particular base station cannot be operated due to an act beyond the control of the licensee, a replacement base station license shall be issued to the same licensee for an alternative location, provided that all other requirements for such license are met and provided further that the unexpired term of the original license is six months or more.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-519 Anti-noise and air pollution provisions.

a. Definitions. The term "octane rating" shall mean research octane rating or number measured by the research method.

The term zero grams lead per gallon shall include gasoline containing up to 0.075 grams of lead per gallon.

b. Effective July first, nineteen hundred seventy-one, all motor vehicles licensed under the provisions of this chapter, which are manufactured in the model years nineteen hundred seventy-two or later, shall be equipped with an engine designed to operate on non-leaded gasoline. All motor vehicles manufactured prior to the nineteen hundred seventy-two model year which are licensed under the provisions of this chapter shall operate in the city on the effective dates set forth below only on gasoline which contains no more than the following amount of lead by weight for the respective octane ranges as follows:

**[See tabular material in printed version]**

c. Effective July first, nineteen hundred seventy-one, all motor vehicles manufactured in model years prior to nineteen hundred seventy, which are licensed under the provisions of this chapter shall be equipped with such emission control devices or otherwise comply with the standards governing levels of emissions for carbon monoxide, hydrocarbons and oxides of nitrogen applicable to light duty vehicles and engines manufactured in model year nineteen hundred seventy in accordance with Federal Public Law 91-604 cited as the "Clear Air Amendments of nineteen hundred seventy."

d. Effective July first, nineteen hundred seventy-one, all motor vehicles manufactured in model years nineteen hundred seventy-one and thereafter, which are licensed under the provisions of this chapter shall be equipped with such emission control devices or otherwise comply with the standards governing levels of emissions for particulates, carbon monoxide, hydrocarbons and oxides of nitrogen established by the commission, which in no event shall be less stringent than those promulgated by federal, state or local agencies, whichever is most stringent.

e. No driver shall operate or use a horn or similar signal device installed on a licensed vehicle except as a signal of imminent danger. The commission shall issue regulations and adopt programs facilitating the enforcement of subdivision a and paragraph one of subdivision b of section 10-107 of the code and shall be authorized to entertain complaints against drivers of licensed vehicles charged with a violation thereof.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-520 Advisory Boards.

a. Taxi and limousine commission advisory board. There shall be an advisory board whose members shall be appointed for two-year terms by the mayor to enable the commission to be kept aware of current views of all segments of the taxi industry and of the public and to be available to the commission to provide the expertise of its members for the better administration of the commission and service to the public.

b. The advisory board shall consist of fifteen members, one member each representing the taxi industry, labor, the commissioner of transportation, the commissioner of consumer affairs, the police commissioner, the director of the bureau of franchises, owner-drivers of taxis, the coach and limousine service industry, the private livery industry, the chairperson of the consumer affairs committee and the finance committee of the council and five members of the general public, one from each of the boroughs of the city.

c. Advisory board on transportation of the handicapped. There shall be an advisory board to advise the commission as to fees, safety regulations and any other matters concerning wheelchair accessible vans and handicapped transportation services.

d. This board shall consist of fifteen members to be appointed for two-year terms as follows: two, at least one of whom is handicapped, by the delegation of council members from each borough and five, at least three of whom are handicapped, by the mayor on recommendation of the director of the office for the handicapped. The members of this board shall serve without compensation except for reasonable expenses incurred in the transportation to and from meetings of said board.

e. Livery advisory board. There shall be a livery advisory board to consist of not more than twenty members to be appointed for two-year terms by the chairman to advise the commission concerning matters relating to the livery industry, including the preparation of rules and regulations for the class of for-hire vehicles commonly known as "liveries," for the owners and drivers thereof, and for livery vehicle base operators.

f. There shall be a drivers' advisory board to advise the commission on matters of safety, conditions of work and the fair enforcement of laws and rules governing drivers licensed by the commission and to examine complaints about these matters solely to facilitate the board's ability to advise the commission. This board shall consist of fourteen members each of whom shall, at the time of appointment and thereafter, possess, for at least one year, a valid driver's license in good standing issued by the commission. The board shall be comprised of two taxicab lease drivers and two independent taxicab owner-operators, two for-hire vehicle fleet drivers and two independent for-hire vehicle operators, two black car drivers, two commuter van drivers and two paratransit drivers. Half the members within each category shall be appointed by the speaker of the council and half shall be appointed by the mayor all for two-year terms, none of whom shall be an employee or staff member of the council or the commission. The board shall meet no less often than every three months, unless the board determines otherwise, but in no event shall the board meet less often than every six months.

§ 19-522 Group riding.

The commission shall institute a group riding plan for the taxi industry in the city of New York. Initially, this plan shall encompass, minimally, a pilot group riding program from John F. Kennedy international airport to any and all points in the five boroughs, providing dispatchers at the various airport terminals and a central dispatching system to expedite passenger conveyance. After sixty days from the start of such program at John F. Kennedy international airport, the commission shall seek to establish group riding programs at various points in the five boroughs, to be designated by the commission, with the view to increasing taxicab availability to and from the outlying sections of the city to meet the maximum demands for taxi service.

§ 19-523 Service in areas outside the Manhattan central business district.

a. At the time of the submission of a final environmental impact statement to the council pursuant to section 19-504.1, the commission shall submit a written report to the council setting forth its plan for improving taxicab and for-hire vehicle service in the areas of the city lying outside of the central business district of the borough of Manhattan.

b. The commission shall develop such plan in consultation with community and business leaders, representatives of the taxicab and for-hire vehicle industries and members of the general public. The commission shall conduct at least one public hearing in each of the five boroughs concerning the development of such a plan.

c. The commission shall consider a broad range of service, pricing and regulatory options including, but not limited to, imposing additional requirements to ensure taxicab availability in areas of the city lying outside of the central business district of the borough of Manhattan, establishing group riding programs at various points in the five boroughs, instituting double shifting and shift time changes for taxicabs, altering the fare structure for taxicabs and improving compliance with the requirements of paragraphs one and two of subdivision a of section 19-507. The report to the council shall include a thorough assessment of each possible option for improving service, the commission's recommendations as to which options should be implemented and a timetable for implementing these options.

§ 19-525 Permits for exterior advertising.

a. No vehicle licensed pursuant to the provisions of this chapter shall carry any advertising on the exterior of such vehicle, including its roof and trunk, unless the owner thereof shall first have obtained from the commission a permit to carry such exterior advertising.

b. Such permits shall be issued as of September first, and shall expire on August thirty-first next succeeding unless sooner surrendered, suspended, revoked or terminated.

c. The fee for the issuance of such permit shall not exceed fifty dollars annually. If the permit so issued is surrendered to the commission by the permittee within six months of its date of issuance, one-half of the fee paid shall be refunded to the permittee.

d. Applications for such permits shall be filed with the commission upon forms which shall be provided by the commission.

e. The commission shall promulgate such rules and regulations as are necessary to carry out the provisions of this section, including but not limited to the type and size of any advertising matter.

f. Notwithstanding any other provision of law to the contrary, the commission may revoke any individual permit or the permits of any one medallion ownership corporation, issued pursuant to this section for exterior advertising, if advertising showed in the exterior display is offensive to public morals, and is not removed from public display within a period of fifteen days upon specific request for such action from the taxi and limousine commission.

g. No permit issued under this section shall be transferred or assigned.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-527 Licensing of taxicab brokers.

a. For purposes of this section "taxicab broker" means a person, partnership or corporation who, for another and whether or not acting for a fee, commission or other valuable consideration, acts as an agent or intermediary in negotiating the purchase or sale of a taxicab or of stock of or in a corporation which is an owner as defined in subdivision i of section 19-501 of this chapter, or in negotiating a loan secured or to be secured by an encumbrance upon or transfer of a medallion, vehicle license or licensed vehicle. A purchase or sale under this subdivision shall include a purchase or sale of or under a reserve title contract, conditional sales agreement or vendor lien agreement.

b. On and after the first day of January nineteen hundred eighty-five, no person shall engage in the business or occupation of, or hold himself, herself or itself out or act temporarily or otherwise as a taxicab broker without first obtaining a license therefor from the commission. Such licenses shall be issued as of January first and shall expire on December thirty-first next succeeding, unless sooner suspended or revoked by the commission.

c. The license fee shall be five hundred dollars for a license and five hundred dollars for each subsequent renewal thereof. If a license is granted for a period of six months or less the fee shall be one-half of the annual fee.

d. Applications for taxicab broker licenses and for the renewal thereof shall be filed with the commission in such form and containing such detail as the commission shall prescribe. Each application shall be subscribed by the applicant; or if made by a partnership it shall be subscribed by a member thereof; or if made by a corporation it shall be subscribed by an officer thereof. Each application shall contain an affirmation by the person so subscribing that the statements therein are true under the penalties of perjury.

e. Before such license is issued, an applicant shall deposit with the commission, a bond in the penal sum of fifty thousand dollars containing one or more sureties to be approved by the commission. Such bond shall be payable to the city and shall be conditioned that the person applying for the license will comply with the provisions of this section and any rules or regulations of the commission; and shall pay all fines imposed by the commission pursuant to subdivision f hereof and all judgements awarding from damages occasioned to any person by reason of any misrepresentation, fraud or deceit, or any unlawful act or omission of such licensee, his or her agents or employees, while acting within the scope of their employment, made, committed or omitted in the business conducted under such license, or caused by any other violation of this section in carrying on the business for which such license is granted.

f. The commission may revoke or suspend a taxicab broker license; impose a fine not exceeding ten thousand dollars on a licensee; or deny an application for a taxicab broker license if after notice and hearing it finds that a licensee or applicant has:

(1) made a material misstatement or misrepresentation on an application for a taxicab broker license or the renewal thereof;

(2) made a material misrepresentation or committed a fraudulent, deceitful or unlawful act or omission while engaged in the business or occupation of or holding himself, herself or itself out or acting temporarily or otherwise as a taxicab broker;

(3) violated any provision of this section or any rule or regulation of the commission.

g. The commission shall establish the fee and/or commission rates to be charged by any taxicab broker.

h. Any person who violates the provisions of subdivision b of this section shall be guilty of a misdemeanor punishable by a fine of not less than one hundred dollars nor more than five hundred dollars and shall also be liable for a civil penalty of not less than one hundred dollars nor more than five hundred dollars.

§ 19-528 Additional powers of the commission with respect to unlicensed activities.

a. It shall be unlawful for any person required to be licensed pursuant to the provisions of this chapter to engage in any trade, business or activity for which a license is required without such license.

b. In addition to the enforcement procedures set forth in section 19-506 of this chapter, the commission, after notice and a hearing, shall be authorized:

1. to impose fines upon any person in violation of subdivision a of this section of one hundred dollars per violation per day for each and every day during which such person violates such subdivision.

2. to order any person in violation of subdivision a of this section immediately to discontinue such activity at the premises from which such activity is occurring.

3. to order that such premises from which such activity is occurring be sealed, provided that such premises are primarily used for such activity.

c. Orders of the commission issued pursuant to this subdivision shall be posted at the premises from which unlicensed activity occurs in violation of this section.

d. Orders of the commission issued pursuant to paragraphs two or three of subdivision b of this section shall be stayed with respect to any person who, prior to service of the notice provided in subdivision b of this section, had submitted a full and complete application in proper form and accompanied by the requisite fee for a license or the

renewal of a license while such application is pending.

e. Ten days after the posting of an order issued pursuant to paragraphs two or three of subdivision b of this section and upon the written directive of the commission, officers and employees of the commission and officers of the New York city police department are authorized to act upon and enforce such orders.

f. The commission shall order that any premises which are sealed pursuant to this section shall be unsealed upon:

1. payment of all outstanding fines; and

2. presentation of proof that a license has been obtained for such activity or, if such person or premises are for any reason ineligible to obtain a license, proof satisfactory to the commission that such premises will not be used in violation of this section.

g. It shall be a misdemeanor for any person to remove the seal on any premises sealed in accordance with an order of the com- mission.

h. The owner or other person lawfully entitled to reclaim the contents of the premises sealed pursuant to this section shall reclaim such contents. If such owner or such other person does not reclaim such contents within ninety days of the premises having been sealed, such contents shall be subject to forfeiture upon notice and judicial determination in accordance with provisions of law. Upon forfeiture the commission shall, upon a public notice of at least five days, sell such forfeited contents at public sale. The net proceeds of such sale, after deduction of the lawful expenses incurred, shall be paid into the general fund of the city.

§ 19-529 Seat and shoulder belts required.

a. Beginning with the 1991 model year, for each seating position, every taxicab and for-hire vehicle shall be equipped with seat belts and, for every outside passenger position, shall be equipped with shoulder belts.

b. All seat and shoulder belts required by this section or by any provision of state or federal law shall be clearly visible, accessible and shall be maintained in good working order.

No safety belt installed in a motor vehicle in accordance with the provisions of this section or in accordance with the provisions of state or federal law or the rules or regulations issued by the New York State Department of Transportation or the United States Department of Transportation, shall be removed from said motor vehicle.

c. The owner of any licensed vehicle found to be in violation of subdivision a or b hereof shall be fined not less than one hundred nor more than two hundred fifty dollars.

d. At each inspection of a licensed taxicab or for-hire vehicle made pursuant to subdivision f of section 19-504 of this chapter, failure to comply with subdivision a or b hereof shall be evidence that such vehicle fails to meet reasonable standards for safe operation and shall constitute cause for the suspension of said vehicle license by the commission.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-529.2 Seizure of commuter vans.

a. A police officer or agent of the commission may, upon service of a notice of violation upon the owner or operator of a commuter van, seize a vehicle which such police officer or agent of the commission has reasonable cause to believe is being operated as a commuter van service by or on behalf of a person who is not operating pursuant to a current, valid authorization or operating as a commuter van without a commuter van license as required by this chapter. All passengers in any seized vehicle shall be left in or transported to a location which is readily accessible to other means of public transportation. Any vehicle seized pursuant to this section shall be delivered into the custody of the city.

b. Within one business day after the seizure of a vehicle pursuant to this section, notice of such seizure and a copy of the notice of violation shall be mailed to the owner of such vehicle at the address for such owner set forth in the records maintained by the New York state department of motor vehicles, or, for vehicles not registered in New York state, such equivalent record in such state of regis- tration.

c. A hearing to adjudicate the violation underlying the seizure shall be held before the commission or an administrative tribunal thereof within five business days after the date of the seizure. The commission or an administrative tribunal thereof shall, within one business day of the conclusion of the hearing, render a determination as to whether the vehicle has been operated by or on behalf of a person who is not the holder of a current, valid authorization or has been operated without a commuter van vehicle license required by this chapter.

d. An owner shall be eligible to obtain release of the vehicle prior to such hearing if such owner has not previously been found liable in an administrative or judicial proceeding for operating a vehicle as a commuter van

service without a current, valid authorization or operating a commuter van without a commuter van license as required by this chapter, which violation was committed within a five year period prior to the violation resulting in the seizure. The vehicle shall be released to an eligible owner upon the posting of a bond in a form satisfactory to the commission in an amount that shall not exceed the maximum civil penalties which may be imposed for the violation underlying the seizure and all reasonable costs for removal and storage of such vehicle.

e. Where the commission or an administrative tribunal thereof, after adjudication of the violation underlying the seizure, shall find that the vehicle has been operated as a commuter van by or on behalf of a person who is not the holder of a current, valid authorization or operated as a commuter van without a commuter van license:

(1) if the vehicle is not subject to forfeiture pursuant to section 19-529.3 of this chapter, the commission shall release such vehicle to an owner upon payment of the applicable civil penalties and all reasonable removal and storage costs; or

(2) if the vehicle is subject to forfeiture pursuant to section 19-529.3 of this chapter, the commission may release such vehicle to an owner upon payment of the applicable civil penalties and all reasonable removal and storage costs, or may commence a forfeiture action pursuant to section 19-529.3 of this chapter within ten days after the owner's written demand for such vehicle.

f. Where the commission or an administrative tribunal thereof, after adjudication of the violation underlying the seizure, finds that the charge of operating without an authorization or commuter van license has not been sustained, the vehicle shall be released to the owner.

If an owner or representative of such owner has not sought to reclaim a seized vehicle within thirty days after mailing of notice of such owner of the final adjudication by the commission or such administrative tribunal of the violation underlying the seizure, such vehicle shall be deemed by the commission to be abandoned. Such vehicle shall be disposed of by the city pursuant to section twelve hundred twenty-four of the vehicle and traffic law; provided, however, that notwithstanding any inconsistent provision of section twelve hundred twenty-four of such law, if an owner seeks to reclaim such vehicle pursuant to section twelve hundred twenty-four of such law, such owner shall be deemed to have made a written demand for such vehicle and the commission shall take such action as may be authorized by subdivision e or f of this section.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-529.3 Forfeiture of commuter vans.

a. In addition to the penalties, sanctions and remedies provided in this chapter or subdivisions six and seven of section one hundred forty-five of the transportation law, a vehicle seized pursuant to section 19-529.2 of this chapter, and all rights, title and interest therein, shall be subject to forfeiture to the city in accordance with the provisions of this section upon judicial determination thereof, if the owner of such vehicle has been found liable at least two times in an administrative or court proceeding for operating a commuter van or other such common carrier by or on behalf of a person who is not the holder of a current, valid authorization or operating a commuter van without a commuter van license as required by this chapter, both of which violations were committed within a five-year period.

b. A forfeiture action which is commenced pursuant to this section shall be commenced by filing of a summons with notice or a summons and complaint pursuant to the New York civil practice law and rules, and such summons with notice or summons and complaint shall be served pursuant to subdivision c of this section. A vehicle which is the subject of such an action shall remain in the custody of the city pending the final determination of the forfeiture action.

c. Service of a summons with notice or a summons and complaint shall be made:

(1) by personal service pursuant to the New York civil practice law and rules upon all owners of the vehicle listed in the records maintained by the New York state department of motor vehicles, or for vehicles not registered in New York state, in the records maintained by the state of registration;

(2) by first class mail upon all individuals who have notified the commission or an administrative tribunal thereof that they are an owneer of the vehicle; and

(3) by first class mail upon all persons holding a security interest in such vehicle which security interest has been filed with the New York state department of motor vehicles pursuant to the provisions of title ten of the New York state vehicle and traffic law, at the address set forth in the records of the New York state department of motor vehicles, or, for vehicles not registered in New York state, all persons holding a security interest in such vehicle which security interest has been filed with such state of registration at the address provided by such state of registration.

d. Any owner who receives notice of the institution of a forfeiture action who claims an interest in the vehicle subject to forfeiture shall assert a claim for the recovery of the vehicle or satisfaction of the owner's interest in such vehicle by intervening in the forfeiture action in accordance with the New York civil practice law and rules. Any person with a security interest in such vehicle who receives notice of the institution of the forfeiture action who claims an interest in such vehicle subject to forfeiture shall assert a claim for satisfaction of such person's security interest in such vehicle by intervening in the forfeiture action in accordance with the New York civil practice law and rules.

e. No vehicle shall be forfeited pursuant to this section, to the extent of the interest of a person who claims an interest in the vehicle, if such person shall plead and prove as an affirmative defense that:

(1) the use of the vehicle for the conduct that was the basis for the seizure occurred without the knowledge of such person, or, if such person had knowledge of such use, without the consent of such person, and that such person did not knowingly obtain such interest in the vehicle in order to avoid the forfeiture of such vehicle; or

(2) the conduct that was the basis for the seizure was committed by any person other than such person claiming an interest in the vehicle, while such vehicle was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

f. For purposes of subdivision e of this section, if such person claiming an interest in the vehicle had knowledge of the use of the vehicle for the conduct that was the basis for such seizure, such person shall be deemed to have consented to the unlawful conduct unless such person establishes that he or she did all that could reasonably have been done to prevent the use of the vehicle for such unlawful conduct.

g. The city, after judicial determination of forfeiture, shall, at its discretion, either:

(1) retain such vehicle for the official use of the city; or

(2) by public notice of at least twenty days, sell such forfeited vehicle at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

h. At any time within six months after the forfeiture, any person claiming an interest in a vehicle which has been forfeited pursuant to this section who was not sent notice of the commencement of the forfeiture action pursuant to subdivision b or c of this section or who did not otherwise receive actual notice of the forfeiture action may assert, in an action commenced before the justice of the supreme court before whom the forfeiture action was held, such claim as could have been asserted in such forfeiture action pursuant to this section. The court may grant the relief sought upon such terms and conditions as it deems reasonable and just if such person claiming an interest in the vehicle establishes that he or she was not sent notice of the commencement of the forfeiture action and was without actual knowledge of the forfeiture action and establishes either of the affirmative defenses set forth in subdivision e of this section.

i. In any action commenced pursuant to subdivision b or h of this section, where the court awards a sum of money to one or more persons in satisfaction of such person's or persons' interest or interests in the forfeited vehicle, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited vehicle, after deduction of the lawful expenses incurred by the city, including the reasonable costs of removal and storage of the vehicle between the time of seizure and the date of sale.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-529.4 Color schemes and emblems and additional requirements for commuter vans.

a. Commuter vans shall have the name of the vehicle owner, the name of the person holding the authorization pursuant to which such vehicle is operating and evidence of such authorization displayed on the outside and inside of the vehicle in such form as shall be prescribed by the commission.

b. Commuter vans shall display a sticker on at least the front, back and sides of such vehicles containing a unique emblem in such form as shall be prescribed by the commission. The commission shall issue such stickers to the commuter van owner upon the issuance of a commuter van license and such sticker shall:

(1) be large enough to be easily seen by law enforcement officers and members of the public;

(2) include information uniquely identifying the van, which may include make and model, color(s) of such van, license plate number or information about the commuter van license and the term of such license;

(3) be hard to replicate, with security features such as holograms or other security features as prescribed by the commission; and

(4) include any other information or features as prescribed by the commission.

c. Commuter vans may be painted any color approved by the commission, other than the colors reserved for medallion taxis.

d. All commuter vans shall at all times carry inside the vehicle and the operator shall produce upon demand of

any officer or employee designated by the commission, any police officer or any authorized officers or employees of the department of transportation or the New York city transit authority:

1. the commuter van license;

2. the driver's commuter van driver's license;

3. the authorization to operate a commuter van service, or copy thereof reproduced in accordance with the specifications set forth in rules of the commission;

4. the vehicle registration and evidence of current liability insurance; and

5. a passenger manifest, and such records evidencing prearrangement as are prescribed by rule of the commission.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-530 Licensing of agents.

a. It shall be unlawful to act as an agent without first obtaining a license therefor from the commission. Such licenses shall be issued for a period not to exceed one year and shall expire on December thirty-first of the year in which it was issued, unless sooner suspended or revoked by the commission.

b. The fee for such a license or a renewal of such a license shall be five hundred dollars. However, if a license is granted for a period of six months or less, the fee shall be two hundred fifty dollars.

c. Any person who violates the provisions of subdivision a of this section shall be guilty of a misdemeanor punishable by a fine of not less than five hundred dollars nor more than one thousand dollars and shall also be liable for a civil penalty of not less than five hundred dollars nor more than one thousand dollars. Such person shall also be subject to the provisions of subdivision f of this section.

d. An application for a license required by subdivision a of this section and for the renewal thereof shall be filed with the commission and shall be in such form as the commission shall prescribe. An application for such license shall be submitted on behalf of a sole proprietorship by the proprietor; on behalf of a partnership by a general partner thereof; on behalf of a corporation by an officer or director thereof; or by any other type of business entity by the chief executive officer thereof, irrespective of organizational title. The application shall contain a sworn and notarized statement by such individual that the statements therein are true under the penalties of perjury.

e. Before such license is issued, an applicant shall deposit with the commission a bond, the amount of which shall be determined by rule of the commission, containing one or more sureties to be approved by the commission. Such

bond shall be payable to the city and shall be conditioned on the licensee complying with the provisions of this section and any applicable rules of the commission; payment of all civil penalties imposed pursuant to subdivision f of this section; and payment of all judgments or settlements arising from damages occasioned to any person by reason of any misrepresentation, fraud or deceit, or any unlawful act or omission of such licensee or an employee, officer, director, partner, owner of more than ten percent of the outstanding stock of the licensee or the chief executive officer of such licensee while such individual is acting on behalf of such licensee, or any other violation of this section.

f. The commission may deny an application for a license or renewal of a license or, after notice and hearing, revoke or suspend any license issued pursuant to this section, and/or impose a civil penalty not exceeding ten thousand dollars on a licensee, if it finds that an applicant, a licensee, any officer, director, partner, or owner of more than ten percent of the outstanding stock of an applicant or licensee, or the chief executive officer of an applicant or licensee has:

(1) made a material misstatement or misrepresentation on an application for such a license or the renewal thereof; or

(2) made a material misrepresentation or omission or committed a fraudulent or unlawful act while engaged in the business or occupation of, or holding himself, herself or itself out as an agent. Such acts shall include but not be limited to:

(i) presentation of a vehicle for inspection by the commission with a vehicle identification number other than the one under which such vehicle is licensed by the commission;

(ii) operation of a vehicle with a vehicle identification number which has been removed and reattached, or which is other than the one under which such vehicle is licensed by the commission;

(iii) presentation of a document to the commission which falsely states that insurance requirements with respect to a licensed vehicle have been met; and

(iv) conviction of bribing or attempting to bribe any officer or employee of the commission; or

(3) violated any provision of this section or any applicable rule of the commission.

g. Prior to the issuance of any license pursuant to this section, the applicant shall be fingerprinted by a person designated for such purpose by the chairperson and pay a fee to be submitted by the chairperson to the state division of criminal justice services for the purposes of obtaining criminal history records. For purposes of securing a license pursuant to this section, fingerprints shall be taken of the proprietor if the applicant is a sole proprietorship; all the general partners if the applicant is a partnership; all the officers, directors, and owners of more than ten percent of the outstanding stock of the corporation if the applicant is a corporation; and if the applicant is another type of business entity, the chief executive officer, irrespective of organizational title.

h. An application for a license required by this section or the renewal thereof may be denied where the proprietor, any general partner, officer, director or any owner of ten percent or more of the outstanding stock of the applicant or the chief executive of the applicant as is appropriate, has been convicted of a crime which under article twenty-three-A of the correction law would provide a basis for the denial of such license or renewal.

i. An agent licensed pursuant to this section shall be subject to all applicable rules of the commission.

j. Agents licensed pursuant to this section shall promptly respond to and comply with all inquiries, directives, summonses and other communications from the commission or from the New York city department of investigation, and shall make their business premises and books and records available upon request for inspection by employees or designees of the commission.

k. Any agent acting on behalf of an owner who leases or otherwise dispatches one or more taxicabs for return at the end of a shift shall maintain business premises in a location zoned for the operation of such business with:

(i) sufficient off-street space at or near its business premises to store the lesser of 25 vehicles or the following: fifty percent of the taxicabs leased on a daily or shift basis, plus five percent of the taxicabs leased for longer than one day;

(ii) sufficient office space to conduct business, where all records required by the commission, including trip sheets and driver records are kept;

(iii) regular business hours, including the hours of 9:00 a.m. through 5:00 p.m. on every weekday other than legal holidays; and

(iv) a business address and telephone number on file with the commission.

l. Nothing herein shall relieve the owner of a taxicab medallion of responsibility for compliance with any applicable provision of law or rule. Such owner shall be fully responsible for the operation of a vehicle bearing such medallion, including compliance with all regulatory requirements applicable to such vehicle, regardless of the appointment by such owner of an agent licensed pursuant to this section.

**HISTORICAL NOTE**

Section added L.L. 83/1995 § 2, eff. Mar. 3, 1996.

**CASE NOTES**

¶ 1. The statute provides that the owner of a medallion remains responsible for the operation of a taxicab bearing its medallion. According to a federal court, the statute does not clearly indicate whether the statute extends vicarious liability to medallion owners for the negligent acts of taxicab drivers that cause injury to passengers, and if so, whether it does so even where the medallion owner does not own the taxicab involved in the accident. Here, the medallion owner had permitted a temporary transfer of the medallion to a vehicle owner by another. The Second Circuit certified this question to the New York Court of Appeals, Golden v. Winjohn Taxi Corp., 311 F.3d 513 (2d Cir. 2002). The Court of Appeals accepted the certified question, 99 N.Y.2d 567, 755 NY2d 702 (2003). After the parties settled, the certified question was withdrawn, 99 NY2d 567, 760 NYS2d 89 (2003). Thus, there still is no definite answer to the question.

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-532 Public sale of additional taxicab licenses.

a. Notwithstanding any other provision of law to the contrary, the commission is hereby authorized to issue additional taxicab licenses, provided, however, that such additional licenses shall be issued only after completion by the commission of such review as may be required by article eight of the New York state environmental conservation law. Such additional licenses shall be issued in a number not to exceed the number of taxicab licenses whose public sale was authorized by chapter sixty-three of the laws of two thousand three, and shall be fully transferable and subject to the provisions of this chapter and of chapter sixty-five of the New York city charter. The commission shall prescribe by rule the procedures for the issuance and public sale of such additional licenses, by public auction, sealed bids or other competitive process.

b. Of the total number of taxicab licenses issued by the commission pursuant to subdivision a of this section, at least nine percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses either be powered by compressed natural gas or be a hybrid electric vehicle, and at least nine percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses be fully accessible to persons with disabilities in accordance with standards established by the commission; provided however, of the licenses authorized to be sold pursuant to subdivision a of this section that are issued after June 1, 2006, two hundred fifty-four shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses either be powered by compressed natural gas or be a hybrid electric vehicle, and fifty-four shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses be fully accessible to persons with disabilities in accordance with standards established by the commission; and provided further that if the prices which the commission is able to obtain for the

issuance of licenses subject to either of the foregoing requirements does not exceed ninety percent of the average price otherwise obtained by the commission for the issuance of licenses pursuant to this section, the commission is authorized to issue such licenses without such requirement.

c. In the event that the city of New York is authorized to issue taxicab licenses in addition to those authorized by chapter sixty-three of the laws of two thousand three, such additional licenses shall be issued by the commission only after completion by the commission of such review as may be required by article eight of the New York state environmental conservation law. Such additional licenses shall be issued in a number not to exceed the number of taxicab licenses whose public sale is authorized by law and in accordance with the procedures and conditions set forth in subdivision a of this section, except that the first one hundred fifty such licenses issued shall be subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses be fully accessible to persons with disabilities in accordance with standards established by the commission, regardless of the prices which the commission is able to obtain for the issuance of such licenses.

d. The terms and conditions for the public sale of licenses pursuant to this section shall explicitly provide that vehicles operated by or under agreement with the owners of such licenses shall be entitled to accept hails from passengers in the street in accordance with paragraph one of subdivision a of section 19-504 of this code.

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-533 Clean air taxis.

The commission shall approve one or more hybrid electric vehicle models for use as a taxicab within ninety days after the enactment of this law. The approved vehicle model or models shall be eligible for immediate use by all current and future medallion owners. For the purposes of this chapter, a hybrid electric vehicle shall be defined as a commercially available mass production vehicle originally equipped by the manufacturer with a combustion engine system together with an electric propulsion system that operates in an integrated manner.

Section amended L.L. 53/2006 § 1, eff. Dec. 18, 2006.

Section added L.L. 72/2005 § 2, eff. July 20, 2005. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 72/2005:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that use of alternative fuel vehicles is important to the City's goal of improving air quality and conserving fuel. The use of alternative fuel vehicles is especially appropriate with taxicabs, many of which operate 24 hours per day, spewing an enormous amount of emissions into the air.

The burning of fossil fuels is a major source of greenhouse gases that contribute to the growing problem of

global warming. Furthermore, fuel prices continue to escalate while our reliance on fossil fuels has also increased our dependence on foreign sources of oil. Therefore, it is important to encourage the use and development of alternative fuel vehicles, including hybrid electric vehicles, to increase fuel efficiency, reduce air pollution and lower our dependence on foreign oil.

The New York City Taxi and Limousine Commission has promulgated rules mandating specifications for taxicabs. These specifications, while important to passenger comfort, have prevented many promising alternative fuel vehicles, which do not meet specifications by minimal amounts, from being used as taxicabs. To further the City's policy of improving air quality and conserving fuel, this Council is enacting this law to designate certain alternative fuel vehicles to be used as taxicabs.

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-534 Clean air and accessible taxicab and for-hire vehicle plan.

a. Definitions. For the purposes of this section only, the following terms shall have the following meanings:

(1) "Accessible vehicle" shall mean any taxicab or for-hire vehicle approved for use by the commission as a taxicab or for-hire vehicle that meets the specifications and requirements for accessible vehicles pursuant to the americans with disabilities act of 1990, as amended, and rules promulgated by the commission.

(2) "Clean air vehicle" shall mean any taxicab or for-hire vehicle approved for use by the commission that receives an air pollution score of 9.5 or higher from the United States environmental protection agency or its successor agency and is estimated to emit 5.0 tons or less of equivalent carbon dioxide per year by the United States department of energy or its successor agency; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards. In the event the test method used by the United States environmental protection agency or its successor agency for determining fuel economy is adjusted in a way that impacts United States department of energy or its successor agency estimates of equivalent carbon dioxide emissions for motor vehicles, the commission shall, for vehicles that fall within the affected model years, modify by rule the equivalent carbon dioxide emissions estimate included herein so as to appropriately reflect such adjustment's impact consistent with the intent of this section.

b. No later than one hundred eighty days after the effective date of this section, the commission shall develop and approve a plan to significantly increase the number of clean air and accessible vehicles in New York city. Such plan shall include, but not be limited to:

(1) a description of specific measures the commission will implement, or recommend to the mayor and the

council for implementation through local law, to increase the number of clean air and accessible vehicles and periodic goals for achieving such increases;

(2) a schedule, including interim and final milestones, for implementing such measures; and

(3) an education campaign regarding clean air and accessible vehicles that provides taxicab and for-hire vehicle owners and prospective owners with information regarding the availability, costs and savings, and benefits of such vehicles for such owners. Such information may include, but is not limited to: (i) for available clean air vehicle models: the fuel economy of such vehicles, as compared with other models typically used as taxicabs and for-hire vehicles in New York city; costs and savings associated with the purchase and use of such vehicles; the estimated air quality benefits associated with the use of such vehicles; and any available governmental and manufacturer incentives for the purchase of such vehicles; and (ii) for available accessible vehicle models: the fact that such vehicles can be used to serve specific clients that non-accessible vehicles cannot serve; costs and savings associated with the purchase of such vehicles; and any available governmental and manufacturer incentives for the purchase of such vehicles. Such information shall be posted on the commission's website and shall be provided to owners of taxicabs and for-hire vehicles upon issuance or renewal of a license in accordance with section 19-504 of this chapter; by sending such information directly to such owners with other commission documents and notices; during informational workshops open to all commission licensees; or in any other manner deemed appropriate by the commission.

c. The commission shall implement the plan developed and approved pursuant to subdivision b of this section.

d. The commission shall conduct or participate in at least one informational workshop regarding clean air and accessible vehicles in each of the two calendar years following the development and approval of the plan pursuant to subdivision b of this section.

e. The commission shall in every annual report submitted to the city council pursuant to section twenty three hundred two of the New York city charter, include the following information: (i) the implementation status of the measures included in the plan developed and approved pursuant to this section; (ii) the numbers of clean air and accessible vehicles in New York city, disaggregated by vehicle model, and how such numbers compare to those of the previous year and with the goals set forth in such plan; and (iii) to the extent practicable, the estimated air quality benefits and fuel savings associated with the use of each clean air vehicle model in operation as a taxicab or for-hire vehicle in New York city and the aggregate air quality benefits and fuel savings associated with the use of all such vehicles.

f. The commission shall establish a web page or pages or modify its existing website to make available information regarding clean air and accessible vehicles, which shall include, but not be limited to, the information provided pursuant to paragraph three of subdivision b of this section and the numbers of clean air and accessible vehicles in New York city, disaggregated by vehicle model, which shall be updated, at a minimum, every four months.

g. The commission shall annually review the plan required to be implemented pursuant to subdivision c of this section to determine, among other things, whether such plan has helped to increase the number of clean air and accessible vehicles and whether scheduled milestones and goals included in such plan have been met. The commission shall revise such plan as necessary to accomplish such goals.

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 5 TRANSPORTATION OF PASSENGERS FOR HIRE BY MOTOR VEHICLES

§ 19-535 Extension of retirement periods for taxicabs.

a. Definitions. For the purposes of this section only, the following terms shall have the following meanings:

1. "Accessible taxicab" shall mean any vehicle approved for use by the commission as a taxicab that meets the specifications and requirements for accessible vehicles pursuant to the americans with disabilities act of 1990, as amended, and rules promulgated by the commission.

2. "Level one clean air taxicab" shall mean any vehicle approved for use by the commission as a taxicab that receives an air pollution score of 9.5 or higher from the United States environmental protection agency or its successor agency and is estimated to emit 5.0 tons or less of equivalent carbon dioxide per year by the United States department of energy or its successor agency; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards. In the event the test method used by the United States environmental protection agency or its successor agency for determining fuel economy is adjusted in a way that impacts United States department of energy or its successor agency estimates of equivalent carbon dioxide emissions for motor vehicles, the commission shall, for vehicles that fall within the affected model years, modify by rule the equivalent carbon dioxide emissions estimate included herein so as to appropriately reflect such adjustment's impact consistent with the intent of this section.

3. "Level two clean air taxicab" shall mean any vehicle approved by the commission for use as a taxicab that receives an air pollution score of 9.0 or higher from the United States environmental protection agency or its successor agency and is estimated to emit 6.4 tons or less of equivalent carbon dioxide per year by the United States department of energy or its successor agency and that does not meet the definition of a level one clean air taxicab pursuant to paragraph 2 of this subdivision; provided that such vehicle is powered by the fuel for which such vehicle meets the

above-specified standards. In the event the test method used by the United States environmental protection agency or its successor agency for determining fuel economy is adjusted in a way that impacts United States department of energy or its successor agency estimates of equivalent carbon dioxide emissions for motor vehicles, the commission shall, for vehicles that fall within the affected model years, modify by rule the equivalent carbon dioxide emissions estimate included herein so as to appropriately reflect such adjustment's impact consistent with the intent of this section.

b. Extension of retirement period. 1. The retirement period for any accessible taxicab or level one clean air taxicab shall be extended by two years beyond the applicable standard retirement period for taxicabs established pursuant to rule of the commission; provided that the retirement period for any such taxicab that must be retired and replaced pursuant to rules of the commission no later than thirty-six months after the vehicle is hacked up, shall be extended by one year beyond the applicable standard retirement period for taxicabs established pursuant to rule of the commission. The two-year extension period established pursuant to this paragraph shall also apply to any vehicle, as specified by rule of the commission, which is not a level one clean air taxicab as defined in this section, but which meets or exceeds the standards established pursuant to paragraph 2 of subdivision a of this section.

2. The retirement period for any level two clean air taxicab shall be extended by one year beyond the applicable standard retirement period for taxicabs established pursuant to rule of the commission.

3. The commission may modify the extended retirement period established pursuant to this subdivision for any taxicab where such vehicle does not pass two of the inspections, not including reinspections, conducted at the commission's inspection facility pursuant to section 19-504 of this chapter in the twelve-month period immediately preceding the time at which such vehicle would otherwise be required to be retired pursuant to rule of the commission, or where such vehicle does not pass an inspection conducted at the commission's inspection facility pursuant to section 19-504 of this chapter after the time at which such vehicle would otherwise be required to be retired pursuant to rule of the commission.

c. Nothing contained herein shall affect the authority of the commission pursuant to subdivision f of section 19-504 of this chapter to order an owner to repair or replace a licensed vehicle where it appears that such vehicle no longer meets the reasonable standards for safe operation prescribed by the commission.

**HISTORICAL NOTE**

§ 19-536 Clean air vehicle labeling and information.

a. For the purposes of this section, the term "clean air vehicle" shall mean any taxicab approved for use by the commission that receives an air pollution score of 9.0 or higher from the United States environmental protection agency or its successor agency and is estimated to emit 6.4 tons or less of equivalent carbon dioxide per year by the United States department of energy or its successor agency; provided that such vehicle is powered by the fuel for which such vehicle meets the above-specified standards. In the event the test method used by the United States environmental protection agency or its successor agency for determining fuel economy is adjusted in a way that impacts United States department of energy or its successor agency estimates of equivalent carbon dioxide emissions for motor vehicles, the commission shall, for vehicles that fall within the affected model years, modify by rule the equivalent carbon dioxide emissions estimate included herein so as to appropriately reflect such adjustment's impact consistent with the intent of this section.

b. The commission shall develop and provide information to each owner of a clean air vehicle, which shall be made available for viewing in each such vehicle in a manner that is clearly apparent to a passenger located in the back seat of such vehicle, and which (i) identifies such vehicle as a clean air vehicle; (ii) includes the address of the commission web page(s) required to be established pursuant to section 19-534 of this chapter; and (iii) includes, to the extent practicable, the estimated air quality benefits associated with the use of such vehicle and the type of fuel used to power such vehicle.

§ 19-537 Passengers' bills of rights.

a. For the purposes of this section, the term "livery" shall have the same meaning as defined under Title 35, § 6-01 of the rules of the city of New York.

b. Every owner of a taxicab or livery shall post passengers' bill of rights in at least one conspicuous location in the rear passenger compartment of such taxicab or livery in a form and location to be prescribed by commission rule.

c. The taxicab passengers' bill of rights shall state passengers' rights to:

(1) pay for a ride with credit/debit card subject to taxi and limousine commission rules;

(2) go to any destination in New York city, Westchester county, Nassau county or Newark airport;

(3) a car that is in good condition and has passed all required inspections;

(4) a properly licensed driver in good standing, with the commission-issued driver's license information on display;

(5) direct the route taken;

(6) a safe and courteous driver who obeys all traffic laws;

(7) a knowledgeable driver who speaks english and is familiar with city geography;

(8) air conditioning or heat on request;

(9) a quiet trip free of horn honking or radio or other music playing;

(10) clean air, which is smoke and scent free;

(11) working seatbelts;

(12) a clean vehicle, both inside and outside;

(13) be accompanied by a service animal;

(14) a driver who does not use a cell phone (hand-held or hands free) while driving; and

(15) decline to tip for poor service.

d. The livery passengers' bill of rights shall state passengers' rights to: (1) a car that is in good condition and has passed all required inspections; (2) a properly licensed driver in good standing, with the commission-issued driver's license information on display;

(3) a safe and courteous driver who obeys all traffic laws;

(4) a quiet trip free of horn honking or radio or other music playing;

(5) clean air that is smoke and scent free;

(6) working seatbelts;

(7) air conditioning or heat on request;

(8) be accompanied by a service animal;

(9) pay a pre-approved fare quoted by the dispatcher;

(10) a driver who does not use a cell phone (hand-held or hands free) while driving; and

(11) decline to tip for poor service.

e. In addition to the rights specified in subdivisions c and d of this section, each passengers' bill of rights shall include a statement of passengers' rights regarding fares and payment and regarding the lodging of passenger complaints and compliments. The content of such statement shall be prescribed by commission rule.

f. The commission may by rule provide for additional rights to be stated in any passengers' bill of rights.

CHAPTER 6 SCHOOL BUSES

§ 19-601 Safety measures on school buses; declaration and findings.

The council hereby finds that a serious emergency exists as to the safety of handicapped children transported to and from schools in school buses and other vehicles. Handicapped school children have been grievously injured, maimed and killed due to lack of seat belts and guards or escorts on school buses. The council finds that in order to prevent further tragedies to our handicapped school children the provisions of this section are declared necessary and are designed to protect, the safety, health and general welfare of our school children.

CHAPTER 6 SCHOOL BUSES

§ 19-603 Escorts.

a. All buses and other motor vehicles transporting handicapped children to and from school in the city shall be staffed, in addition to the driver thereof, with an escort. It shall be the duty and responsibility of such escort to generally supervise and aid the handicapped children riding such bus; to require each child to utilize a seat belt or other safety device and to escort the children on and off each bus to an area of safety.

b. The driver of a bus transporting children to and from school in the city shall not proceed after having halted such bus to take on or discharge a passenger until he or she has received assurance from the escort that the children are seated, have fastened the safety belt on the seat and that it is otherwise safe to proceed.

CHAPTER 6 SCHOOL BUSES

§ 19-605 Air-conditioning.

a. Any bus or other motor vehicle transporting a child with a disability to and from a school in the city pursuant to any agreement or contract shall be air-conditioned when the ambient outside temperature exceeds seventy degrees Fahrenheit. Drivers of all such vehicles shall utilize such air conditioning systems in order to make the internal climate of such vehicles comfortable to passengers in order to protect or enhance the health of children with disabilities. Any failure, mechanical or otherwise, of an air-conditioning system required by this section shall be repaired and restored to operable condition as soon as is practicable, but in no event more than three business days subsequent to the failure. For purposes of this section, "child with a disability" shall mean a child with a disability as defined in section 4401(1) of the education law who requires an air-conditioned environment for health reasons.

b. The penalty provisions set forth in section 19-607 of this chapter shall not apply to any violation of the provisions of this section. Any owner, operator or contractor responsible for transporting a child with a disability to and from a school in the city pursuant to any agreement or contract shall be liable for a civil penalty of four hundred dollars for each violation of this section.

Title 19 Transportation

CHAPTER 6 SCHOOL BUSES

§ 19-606 School bus service.

a. Except as provided in subdivisions d, e and f of this section, no student shall be allowed to board a school bus operated by or pursuant to a contract with the board of education unless a seat is available for the student.

b. The board of education shall prepare and, when necessary, revise two school bus service plans annually to ensure that all students eligible to receive school bus service to and from the schools they legally attend shall be provided with a seat on a school bus. One plan shall relate to school bus service to be provided during the session of the school year beginning in September and ending in June and one plan shall relate to school bus service to be provided during a summer school session. Each plan shall be prepared prior to the first day of the session of the school year to which it relates and shall include the following information: (i) the criteria used by the board of education to determine whether a student is eligible to receive school bus service; (ii) for each school, a summary description of the school bus routes servicing the school; (iii) for each school bus route, the number of students eligible to ride on the school bus operating on the route and the maximum seating capacity of such school bus; and (iv) any other information the board of education deems relevant. Upon completion of the plans, they shall be submitted to the mayor and the speaker of the city council.

c. If at any time during any session of a school year the number of students eligible to ride on a school bus operating on a particular school bus route exceeds the maximum seating capacity of the school bus operating on such route, the board of education shall revise the affected school bus service plan, and take all steps necessary to ensure that all students eligible to receive school bus service are provided with a seat on a school bus. A revised plan shall identify any changes to the information provided pursuant to paragraphs (i), (ii), (iii) and (iv) of subdivision b of this section and, in addition, shall describe, for each school bus route affected by the revision, the steps taken to ensure that the

number of students eligible to ride on a school bus operating on a particular school bus route does not exceed the maximum seating capacity of the school bus operating on such route. Upon completion of a revised plan, it shall be submitted to the mayor and the speaker of the city council.

d. Not later than ten days prior to the first day of the session of the school year beginning in September, and not later than ten days prior to the first day of a summer school session, the board of education shall prepare, and provide to each bus company that will be transporting students to or from school, lists of students eligible to ride on the school buses operating on the school bus routes serviced by such bus company. A separate list shall be compiled for each school bus route. Each list shall identify each eligible student by name, school bus stop and school, but shall not contain any other information relating to such student. The board of education shall require that bus companies provide to bus drivers the list appropriate for each school bus route. The board of education shall prepare, and promptly provide to each bus company, revised and updated lists that reflect any changes necessary to comply with the requirements of this section. All students listed as eligible to receive school bus service on a particular school bus route shall be entitled to board the school bus operating on such route. During transport to school at the beginning of the regular school day, students not listed as eligible to receive school bus service on a particular school bus route shall not be allowed to board the school bus operating on such route, provided, however, that where such students waiting to board such school bus are not accompanied by an adult, the bus driver shall allow such students to board such school bus. During transport from school at the close of the regular school day, students not listed as eligible to receive school bus service on a particular school bus route shall not be allowed to board the school bus operating on such route unless authorized to do so by personnel assigned by the principal pursuant to subdivision e of this section.

e. The principal of each school to or from which students are transported by school bus shall assign personnel to monitor students exiting school buses at the beginning of the regular school day and boarding school buses at the close of the regular school day. Such personnel shall be provided with the same lists provided to bus drivers pursuant to subdivision d of this section. Such personnel shall: (i) at the close of the regular school day, determine whether to allow a student not listed as eligible to receive school bus service on a particular school bus route to board the school bus operating on such route; (ii) notify the parent or legal guardian of such student that he or she has been or may be prohibited from boarding a school bus; (iii) provide the parent or legal guardian with the name, address and telephone number of the office responsible for determining whether a student is eligible to receive school bus service; (iv) for each school bus, maintain a record of students not listed as eligible who exit or board the bus; and (v) determine whether information regarding such students should be referred to the office responsible for determining whether a student is eligible to receive school bus service and, where appropriate, report such information to such office. The information reported to such office, together with such other relevant information available to the board of education, shall be considered in determining whether and how to revise the affected school bus service plan and revise and update the lists of eligible students in accordance with subdivisions c and d of this section.

f. Notwithstanding any other provision of this section to the contrary, during the first ten days of the session of the school year beginning in September and during the first ten days of a summer school session, a student waiting at a school bus stop to board a school bus transporting students to the school attended by the student may be allowed to board the school bus, whether or not such student is listed as eligible to receive school bus service on that school bus route and, at the close of the regular school day, may be allowed to board the school bus stopping at such school bus stop.

g. The provisions of this section shall apply only to those school buses operated by or pursuant to a contract with the board of education.

CHAPTER 7 ACCESSIBLE WATER BORNE COMMUTER SERVICES FACILITIES TRANSPORTATION ACT*8

§ 19-702 Legislative findings and intent.

The Council hereby finds that the city of New York's water borne commuter services facilities are not uniformly accessible to disabled persons. This is a matter of serious concern affecting the public safety and welfare. The Council believes that there is an immediate need for regulation of water borne commuter services in order to enable disabled members of the public to have access to such services on an equal basis with non-disabled persons. The Council believes that under the Americans with Disabilities Act (ADA), disabled persons have the right to access commuter transportation services on an equal and non-discriminatory basis. However, the Council finds that no federal or state laws, rules or regulations are in effect that establish specific standards regarding access by disabled persons to water borne commuter services facilities in the city or the safety of such persons when utilizing such facilities. As a result, disabled persons in the city of New York are not assured that they can safely and consistently access water borne commuter services facilities. This legislation sets specific standards in relation to mandating accessible water borne commuter services facilities for disabled persons, thereby minimizing the tremendous and unfair burden placed on disabled persons who rely on these services.

The Council further finds that the city's transportation needs and system are unique in that, unlike many other cities, major waterways are interspersed throughout the greater New York city area, resulting in residential concentrations that are in many instances separated by water from major centers of employment. Consequently, the city historically has had an extensive passenger ferry system. Furthermore, because of increasing levels of traffic congestion and air pollution, and concerns regarding the threat of terrorism to other modes of transportation, the city is rapidly developing an increasingly expansive system of passenger ferry transportation. The Council finds that it is imperative that such development results in water borne commuter services facilities that are accessible to all persons.

CHAPTER 7 ACCESSIBLE WATER BORNE COMMUTER SERVICES FACILITIES TRANSPORTATION ACT*8

§ 19-703 Definitions.

For purposes of this chapter, the following terms shall be defined as follows:

a. "Accessible route" has the meaning set forth in section 19-705.

b. "ADA" means the Americans with Disabilities Act, title 42 of the United States code annotated section 12101 et seq.

c. "Coaming" means the vertical plating bounding a hatch or located at the base of a door for the purpose of stiffening the edges of the opening and resisting entry of water.

d. "Disabled persons" means persons with physical disabilities, including but not limited to mobility impairments, sight impairments, hearing impairments and speech impairments, and further includes persons utilizing a service animal or wheelchair or other physical mobility aid.

e. "Gangway" means a pedestrian walkway that changes slope to accommodate changes in water level, linking a fixed structure or land with a barge, float, dock or other floating structure except a water borne commuter vessel.

f. "Operator" means any person or private or governmental entity that owns or operates a water borne commuter services facility.

g. "Passenger" means every person other than the captain and crew on board a water borne commuter vessel.

h. "Point of embarkation or disembarkation" means any portal point of entry or exit onto or off of a water borne commuter vessel, or into or out of the main cabin area of such water borne commuter vessel.

i. "Transition plate" means any sloping pedestrian walking surface located at the end of a gangway, vessel loading equipment, point of embarkation or disembarkation or coaming.

j. "Vessel loading equipment" means any piece of equipment or assembly of equipment, whether or not such equipment requires operation by water borne commuter services facility personnel, that may be located on a water borne commuter vessel or located on a landing, that bridges from a water borne commuter vessel to a barge, float, dock or other floating structure or landing, the purpose of which is to accommodate the differences in elevation between such water borne commuter vessel and such barge, float, dock or other floating structure or landing.

k. "Water borne commuter services facility" means any dock, pier, slip or terminal located within the city of New York or its territorial waters and utilized by a water borne commuter vessel, as well as water borne commuter vessels and any concession, ticket purchasing or other facility or amenity available at or on such dock, pier, slip, terminal or water borne commuter vessel.

l. "Water borne commuter vessel" means every description of water craft operating within the city of New York or its territorial waters, including commuter ferries but excluding seaplanes, that is used as a means of commuter passenger mass transportation by water.

**HISTORICAL NOTE**

Section added L.L. 68/2005 § 1, eff. July 20, 2005; provided, however,

*NYC Administrative Code 19-705*

Administrative Code of the City of New York

Title 19 Transportation

CHAPTER 7 ACCESSIBLE WATER BORNE COMMUTER SERVICES FACILITIES TRANSPORTATION ACT*8

§ 19-705 Accessible route.

Except as may otherwise be set forth herein, there shall be at least one accessible route (i) to, (ii) into, (iii) onto and (iv) throughout any water borne commuter services facility consisting of a continuous, firm, stable and slip-resistant path that is maintained free of ice and snow; provided, however, that except as may be required pursuant to federal or state law, rule or regulation, no water borne commuter services facility shall be required to modify or install an elevator in order to satisfy the requirements of this chapter. No accessible route may have any vertical steps or rises greater than 1/2 inch unless made accessible by ramps, gangways or transition plates complying with this section. No accessible route may require that use thereof or accessibility thereto be conditioned upon prearrangement except to the extent a ticket must be purchased or fare must be paid. An accessible route shall provide or satisfy the following additional criteria, as applicable:

a. Points of embarkation and disembarkation. Each point of embarkation and disembarkation shall provide or satisfy each of the following criteria:

1. A minimum clear width of 36 inches, exclusive of any bulwarks, lifelines, deck rails and toe rails; provided, however, that where the main deck area of a water borne commuter vessel is less than 3,000 square feet, such clear width shall be at least 32 inches, exclusive of any bulwarks, lifelines, deck rails and toe rails.

2. Doors and doorways with a minimum width of 32 inches; provided, however, that any projections into such clear opening shall be mounted at least 34 inches above the finished deck surface; and provided, further, that any projections situated 34 inches or higher than the finished deck surface and 80 inches or lower from the finished deck surface shall not exceed 4 inches.

3. Transition plates or ramps with a maximum slope of 1:12, or as close thereto as is feasible for access to water borne commuter vessels and the inner cabins of such vessels that have steps or coamings leading into such cabins; provided, however, that such transition plates and ramps may be removable. With respect to water borne commuter vessels designed or constructed after the date of enactment of the local law that added this chapter, removable coamings shall be utilized where feasible and permitted by the United States Coast Guard, pursuant to title 14 of the United States code or any rules or regulations promulgated pursuant thereto.

4. Notwithstanding anything to the contrary contained herein, wherever there are multiple points of embarkation or disembarkation, and two or more such points are simultaneously utilized at any given docking, only one such point need comply with the provisions of this section.

b. Gangways. Gangways shall provide or satisfy each of the following criteria:

1. Handrails on each side.

2. A minimum clear width of 36 inches, which width shall be measured between the inside edges of handrails.

3. A maximum running slope of 1:12 and a maximum cross slope of 1:48, subject to reasonable and minor variations under extreme and unusual tidal conditions.

4. Edge protection on each side.

5. A design that ensures that no water will accumulate on walking surfaces.

6. A rise which may exceed 30 inches.

7. A length which may exceed 30 feet between level landings; provided, however, that such slope may not exceed 1:12 subject to reasonable and minor variations under extreme and unusual tidal conditions.

c. Transition plates. Transition plates shall provide or satisfy each of the following criteria:

1. A maximum slope of 1:12.

2. A minimum clear width of 36 inches.

3. Handrails on each side, where the length of a transition plate exceeds 24 inches.

4. The transition from the deck to the transition plate may be vertical without edge treatment up to $^1/_4$ inch. Changes in level between $^1/_4$ inch and $^1/_2$ inch shall be beveled with a slope no greater than 1:2.

5. Transition plates that are 36 inches or less in length shall support a minimum load of 300 lbs. Transition plates that are greater than 36 inches in length shall support a minimum load of 100 lbs. per square foot.

d. On board maneuvering space and clear paths. On board maneuvering space and clear paths shall provide or satisfy each of the following criteria: 1. An on board maneuvering space shall be provided adjacent to the accessible opening in the bulwarks, lifelines, deck rails or toe rails which is either (i) 60 inches minimum by 60 inches minimum or (ii) 42 inches minimum in depth and starting at one side of the opening and extending 80 inches minimum in width across the opening (see figure 1, L-Shaped Space, as set forth in this subdivision).

2. At least one clear path of at least 32 inches in width shall run from each point of embarkation and disembarkation to all facilities available to the general public on the level of such water borne commuter services vessel where such point of embarkation or disembarkation is located.

FIGURE 1

e. Clear deck spaces. Clear deck spaces shall provide or satisfy each of the following criteria:

1. Measure at least 30 inches by at least 48 inches for placement of wheelchairs, exclusive of legroom for other passengers. Such clear spaces may also be provided in the form of readily folding or removable seats.

2. A tie down system that complies with subdivision (f) of this section.

3. The number of clear deck spaces shall be provided in accordance with Table 1 of this subdivision and shall be dispersed throughout the water borne commuter vessel's passenger areas; provided, however, that at least one such space shall be provided on any outdoor passenger area on water borne commuter vessels with a passenger capacity of 101 or more.

Table 1. Clear Deck Spaces

| Passenger capacity of water borne commuter vessel | Minimum Number |
|---|---|
| 0 to 100 | 2 |
| 101 to 149 | 4 |
| 150 and above | 6 |

4. This subdivision does not apply to spaces reachable only by vertical or inclined ladder.

f. Tie-down systems. Tie-down systems for securing wheelchairs within water borne commuter vessels shall provide or satisfy each of the following criteria:

1. Each tie-down system shall consist of any tie-down system acceptable for taxi, van or bus transportation as provided under the United States department of transportation regulations or four d-rings securely fastened to the deck.

2. Where d-rings are used, lashings, also known as marine-strength quality rope, shall be provided to secure a wheelchair to the d-rings.

3. Security belts for securing disabled persons in their wheelchairs for use by disabled persons at their discretion.

g. Toilet rooms. Where one or more toilet rooms are provided on a water borne commuter vessel at least one such toilet room shall provide or satisfy each of the following criteria:

1. An entry door with a clear width of at least 32 inches that is capable of being opened and closed by the occupant.

2. A maneuvering space of at least 48 inches in depth and at least 80 inches in width outside the entry door (see figure 1, subdivision (d)); provided, however, that where the entry door has a clear width of at least 42 inches, the maneuvering space at the door shall be at least 32 inches by 48 inches.

3. A horizontal grab bar at least 24 inches in length and located 33 inches to 36 inches above the finished deck surface and adjacent to the toilet; provided, however, that this requirement shall not apply to those water borne commuter vessels the deck length of which is 48 feet or less.

4. A toilet positioned 17 inches to 19 inches above the finished deck surface, measured to the top of the toilet seat.

5. Clear deck space of at least 30 inches by at least 48 inches adjacent to the toilet.

6. Notwithstanding anything to the contrary contained herein, any water borne commuter vessel with a passenger capacity of 1000 or more persons currently scheduled to be decommissioned before November 1, 2005 shall be exempt from the requirements of this subdivision.

h. Vessel loading equipment. Vessel loading equipment shall provide or satisfy each of the following criteria:

1. A maximum slope of 1:12 where feasible; provided, however, that where achieving such a maximum slope is not feasible, any vessel loading equipment exceeding such slope shall comply with the following additional criteria:

(i) A slope no greater than 1:10.

(ii) Must be designed and operated such that disabled persons are able to embark onto and disembark from a water borne commuter vessel without water borne commuter services facilities personnel pushing, carrying, pulling, lifting or otherwise physically handling disabled persons.

2. Deck surfaces that do not have protrusions from the surface greater than $^1/_4$ inch.

3. No opening along the bottom surface shall permit passage of a $^1/_2$ inch diameter sphere. Elongated openings shall be placed so that the long dimension is perpendicular to the predominant direction of travel.

4. Handrails on each side.

5. A minimum clear width of 36 inches, which width shall be measured between the inside edges of handrails; provided, however, that where vessel loading equipment leads directly to a point of embarkation or disembarkation that is permitted to be 32 inches in width under the terms of this chapter, such vessel loading equipment may narrow to a width of 32 inches at that end that abuts such 32 inch point of embarkation or dis- embarkation.

6. Edge protection on each side.

7. Any vessel loading equipment that is 30 inches or longer in length shall support a minimum load of 600 lbs. placed at the center of such vessel loading equipment and distributed over an area of 26 inches by 26 inches, with a safety factor of at least 3 based on the ultimate strength of the material. Vessel loading equipment shorter than 30 inches shall support a minimum load of 300 lbs.

CHAPTER 7 ACCESSIBLE WATER BORNE COMMUTER SERVICES FACILITIES TRANSPORTATION ACT*8

§ 19-707 Transportation to and from water borne commuter services facilities.

a. Seventy-five percent of all buses and vans operated, sponsored, chartered, leased or otherwise placed into operation within the city of New York by water borne commuter services facilities operators or their affiliates as of the date of enactment of the local law that added this chapter shall meet the standards for accessibility for new vehicles as set forth in department of transportation regulations at title 49 of the code of federal regulations, part 38, subpart B by March 1, 2007.

b. One hundred percent of all buses and vans operated, sponsored, chartered, leased or otherwise placed into operation within the city of New York by water borne commuter services facilities operators or their affiliates as of the date of enactment of the local law that added this chapter shall meet the standards for accessibility for new vehicles as set forth in department of transportation regulations at title 49 of the code of federal regulations, part 38, subpart B by December 31, 2008.

c. Buses and vans purchased or newly chartered or leased by water borne commuter services facilities operators or their affiliates after the date of enactment of the local law that added this chapter shall meet the standards for accessibility for new vehicles, as set forth in department of transportation regulations at title 49 of the code of federal regulations, part 38, subpart B.

§ 19-711 Reporting requirements.

The department, the commission on human rights and operators of any water borne commuter services facility each shall provide the mayor and the city council with a semiannual report by January thirty-first and July first of each year setting forth information regarding compliance and non-compliance with this chapter at each water borne commuter services facility, as applicable, regulated pursuant to this chapter. Such information shall include, but not be limited to, any violations, fines, complaints reported to the city of New York 311 Citizen Service Center or otherwise reported to the department, the commission on human rights or operators of any water borne commuter services facility, litigation instituted as a result of the provisions of this chapter and a detailed description of safety and training procedures implemented pursuant to section 19-708 of this chapter.

Title 20 Consumer Affairs

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-101 Legislative intent.

The council finds that for the protection and relief of the public from deceptive, unfair and unconscionable practices, for the maintenance of standards of integrity, honesty and fair dealing among persons and organizations engaging in licensed activities, for the protection of the health and safety of the people of New York city and for other purposes requisite to promoting the general welfare, licensing by the department of consumer affairs is a necessary and proper mode of regulation with respect to certain trades, businesses and industries. The council finds further that, in order to secure the above-mentioned purposes, and generally to carry out responsibilities for supervising and regulating licensed activities, trades, businesses and industries, the commissioner of consumer affairs requires powers, remedies and sanctions which are equitable, flexible and efficient. Finally, the council finds that sanctions and penalties applied by the commissioner and by the courts for the violation of laws and regulations by individuals and organizations engaging in various licensed activities, trades, businesses and industries, must be sufficient to achieve these above-mentioned purposes of licensing.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 773-1.0 added LL 20/1973 § 1

**CASE NOTES**

¶ 1. The New York City Dept. of Consumer Affairs (DCA) is charged with the maintenance of standards of honesty, integrity and fair dealing among persons engaging in licensed activities. Under § 20-104, DCA is authorized to impose penalties for violation of any provision of law the enforcement of which is within the jurisdiction of DCA. The filing of a false affidavit of service in any location is relevant to a licensee's fitness to serve process in the City of New York. Thus, the DCA has jurisdiction to bring proceedings to impose penalties against a process server who allegedly signed a false affidavit of service regarding service in Connecticut in connection with a Westchester County (New York) matrimonial action. Laureiro v. New York City Dept. of Consumer Affairs, 41 A.D.3d 717, 837 N.Y.S.2d 746 (2d Dept. 2007).

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-102 Definitions.

Wherever used in this title:

a. "Commissioner" shall mean the commissioner of consumer affairs.

b. "Department" shall mean the department of consumer affairs.

c. "License" shall mean an authorization by the department of consumer affairs to carry on various activities within its jurisdiction, which may take the form of a license, permit, registration, certification or such other form as is designated under law, regulation or rule.

d. "Organization" shall mean a business entity, including but not limited to a corporation, trust, estate, partnership, cooperative, association, firm, club or society.

e. "Person" shall mean a natural person or an organization.

f. "Trade name" shall mean that name under which an organization or person solicits, engages in, conducts or transacts a business or activity.

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-104 Powers of the commissioner with respect to licensing.

a. The commissioner shall have cognizance and control of the granting, issuance, transferring, renewal, denial, revocation, suspension and cancellation of all licenses issued under chapter two and under all other laws conferring such powers upon him or her. The commissioner or the commissioner's designee shall collect all fees for all such licenses and permits and shall otherwise enforce the provisions of chapter two.

b. The commissioner shall, as he or she determines necessary and appropriate, promulgate, amend and rescind regulations and rules:

1. to carry out the powers and duties of the department;

2. to prevent and remedy fraud, misrepresentation, deceit and unconscionable dealing, and to promote fair trade practices by those engaging in licensed activities;

3. to require adequate disclosure by those engaging in licensed activities of both the terms and conditions under which they perform licensed activities, adequate disclosure of the true names or true corporate names of licensees, and adequate disclosure of applicable local, state and federal law pertinent to consumers' interests regarding the conduct of activities licensed under chapter two; 4. to require that licensees keep such records as he or she may determine are necessary or useful for carrying out the purposes of chapter two and, except as specifically set forth in chapter two, retain them for three years;

5. to ensure that all persons and organizations licensed under this title have made appropriate financial

disclosure, and that the premises complies with all legal requirements necessary to engage in the licensed activity;

6. with respect to licensed activities, to protect the health, safety, convenience and welfare of the general public; and

7. to ensure that those engaging in licensed activities do not discriminate against any person on the basis of age, sex, race, color, national origin, creed or religion in violation of city, state or federal laws.

c. The commissioner shall compile all regulations and rules promulgated by the department and maintain a copy thereof, available for public inspection at his or her principal office at such times as that office shall be open for business. A record of each license issued indicating its kind and class, the license number, the fee received therefor and such other records as the commissioner may require shall be kept by the department.

d. The commissioner or the commissioner's designee shall be authorized to conduct investigations, to issue subpoenas, to receive evidence, to hear complaints regarding activities for which a license is or may be required, to take depositions on due notice, to serve interrogatories, to hold public and private hearings upon due notice, to take testimony and to promulgate, amend and modify procedures and practices governing such proceedings.

e. (1) The commissioner shall be authorized, upon due notice and hearing, to suspend, revoke or cancel any license issued by him or her in accordance with the provisions of chapter two and to impose or institute fines or civil penalties for the violation of (i) any of the provisions of chapter two of this title and regulations and rules promulgated under chapter two of this title and (ii) any of the provisions of any other law, rule or regulation, the enforcement of which is within the jurisdiction of the department including but not limited to subchapter one of chapter five of this title (the consumer protection law) subchapter two of chapter five (the truth in-pricing-law); provided that such violation is committed in the course of and is related to the conduct of the business, trade or occupation which is required to be licensed pursuant to chapter two of this title. Except to the extent that dollar limits are otherwise specifically provided such fines or civil penalties shall not exceed five hundred dollars for each violation.

(2) The commissioner may arrange for the redress of injuries caused by such violations, and may otherwise provide for compliance with the provisions and purposes of chapter two of this title.

(3) The commissioner or the commissioner's designee shall be authorized to suspend the license of any person pending payment of such fine or civil penalty or pending compliance with any other lawful order of the department.

(4) The commissioner shall be authorized to impose a fine or civil penalty or to suspend a license or both for a failure to appear at a hearing at the department after due notice of such hearing. If a license has been suspended, it shall be returned to the department forthwith upon receipt of the order of suspension. Failure to surrender the license shall be grounds for a fine or civil penalty or revocation of the license.

(5) Any of the remedies provided for in this section shall be in addition to any other remedies provided under any other provision of law.

f. The commissioner, upon due notice and hearing, may require that persons licensed under chapter two of this title who have committed repeated, multiple or persistent violations of chapter two or any other law, rule or regulation the enforcement of which is within the jurisdiction of the department, conspicuously display at their place of business and in advertisements a notice (of a form, content and size to be specified by the commissioner), which shall describe the person's record of such violations; provided that, for each time such display is required, the commissioner may require that such notice be displayed for not less than ten nor more than one hundred days.

g. The commissioner may refuse to issue or renew any license issued in accordance with the provisions of chapter two of this title and may suspend or revoke any such license, after due notice and opportunity to be heard, upon the occurrence of any one or more of the following conditions:

1. Two or more judgments within a two-year period against the applicant or licensee for theft of identity as defined in section three hundred eighty-s of the general business law; or

2. One criminal conviction against the applicant or licensee for acts of identity theft or unlawful possession of personal identification information as defined in article one hundred ninety of the penal law; or

3. Two or more criminal convictions within a two-year period of any employees or associates of the applicant or licensee for acts of identity theft or unlawful possession of personal identification information as defined in article one hundred ninety of the penal law that are committed with the use of the applicant's or licensee's equipment, data, technology, or other similar resource. It shall be an affirmative defense that a applicant or licensee did not have reasonable grounds to believe the proscribed acts were taking place with the use of the licensee's equipment, data, technology, or other similar resource or that the proscribed acts were not taking place with the use of the applicant's or licensee's equipment, data, technology, or other similar resource.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

Subd. g added L.L. 44/2005 § 2, eff. Sept. 16, 2005. [See Note 1]

**DERIVATION**

Formerly § 773-4.0 added LL 20/1973 § 1

Subs e, f amended LL 74/1982 § 2

**NOTE**

1. Provisions of L.L. 44/2005:

Section 1. Legislative declaration. The Council finds that acts of identity theft are plaguing New Yorkers. Federal Trade Commission statistics for 2002 and 2003 indicate that identity theft is the single most common consumer fraud complaint in the nation. New York City residents are as likely to be victimized by identity theft as the citizens of many cities within the United States.

The Council further finds that identity thieves are constantly developing new ways to harm consumers. Some hack into computer systems storing sensitive information and misuse the contents to defraud innocent victims. Others obtain personal information by stealing paper records or manipulating consumers to unknowingly surrender such data. Most recently, the practice of "skimming," or swiping an Automated Teller Machine card or credit card in a device programmed to steal the personal identification encoded in the card, has facilitated identity theft in small businesses throughout the City. Skimming can be done with a hand-held device or through an instrument installed in a seemingly innocuous Automated Teller Machine.

The Council finds that such acts harm individual consumers and tarnish the good name of hard-working, upstanding New York City business people. Those few bad actors who use their professional resources to engage in identity theft should not be permitted to profit from City residents or act as authorized licensees of the City. The Council thus finds it necessary and appropriate to prevent chronic identity thieves from receiving or maintaining licenses from the Department of Consumer Affairs.

. . . . . .

§ 4. This local law shall take effect 120 days after it shall have been enacted into law; provided that the commissioner may take any actions necessary prior to such effective date for the implementation of this local law

including, but not limited to, establishing guidelines and promulgating rules.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Petitioner could not complain that the refusal of the Commissioner of Licenses to renew its burlesque house license had been hasty and taken on short notice, where petitioner had made application for renewal only six days before expiration of its license then in force, notice of hearing had been given two days later and a hearing was held two days thereafter and the denial was announced on the day of expiration. The predicament of shortness was therefore the fault of petitioner, and moreover the holding of any hearing whatever was favor and not right (Admin. Code § 773a-7.0).-In re Bonserk Theatre Corp. (Moss), 34 N.Y.S. 2d 541 [1942].

¶ 2. Where petitioner's rubbish collector's license was revoked, the hearing granted by the Commissioner of Licenses was discretionary rather than statutory. Therefore his determination was not subject to review under Art. 78 of the C.P.A.-In re Times Square Ash Removal Co., 136 (102) N.Y.L.J. (11-28-56) 8, Col. 5 F.

¶ 3. Under Administrative Code § 773(a)-7.0, Commissioner of Licenses **held** empowered to hear and determine and to suspend a license only after a hearing and determination, and he might not summarily suspend petitioner's amusement license pending a hearing of charges to be held at a later date.-In re Bob's Amus. Co. (O'Neill), 128 (29) N.Y.L.J. (8-11-52) 227, Col. 3 F.

¶ 4. A second-hand automobile dealer was entitled to a hearing prior to revocation of his license even though the statutes do not so provide. In the instant case, the exercise of the statutory power adversely affected the property rights of petitioner.-In re Brody's Auto Wrecking Inc., 31 Misc. 2d 466, 220 N.Y.S. 2d 936 [1961].

¶ 5. Where, even though Commissioner of Public Markets was not obligated by law to conduct a hearing where charges are made against a licensee, general policy of department was nevertheless to conduct hearings, petitioner who had been directed to appear before department on charge that he peddled near a public park should have been granted the adjournment requested by his attorney when he was unable to appear on return day because of illness, especially since petitioner denied the charges and no complaint had ever theretofore been made against him during his 24 years of peddling. In any event, such facts were sufficient to permit Court to review the proceedings, and in view of doubt raised as to identity of petitioner as a violator, and his prior record of good behavior, Commissioner was directed to reissue his license.-Matter of Asrelan (Morgan), 100 (43) N.Y.L.J. (8-20-38) 439, Col. 2 M.

¶ 6. Petitioner's license could be legally revoked without a hearing at which charges made against petitioner were established by formal testimony and the right of cross-examination given.-In re Asrelan (Morgan), 102 (125) N.Y.L.J. (11-30-39) 1880, Col. 6 F.

¶ 7. Where the Commissioner of Licenses, on instigation of the Commissioner of Housing and Buildings, was contemplating the cancellation, without a hearing, of petitioner's license to operate a sideshow at Coney Island because certain advertising signs erected on petitioner's building were not in conformity with the Administrative Code and the City Zoning Laws with respect to size, area, composition and location, petitioner was granted a temporary injunction restraining such revocation in view of considerations that such cancellation would terminate petitioner's business operations without a hearing, that the conditions of the signs did not present any immediate danger to pedestrians nor constitute a public nuisance, that petitioner claimed that the condition prevailed prior to 1940 and therefore she had a lawful right to display the signs, and that petitioner's business season had only a few weeks to run.-Duval v. Gillroy, 82 N.Y.S. 2d 790 [1948].

¶ 8. There is no requirement that the Commissioner grant a hearing in a proceeding to revoke a license, and accordingly the licensee's complaint that the notice of the actual hearing was inadequate, was without merit. However, it might have been better practice for the Commissioner to have indicated specifically the regulations alleged to have been violated and that revocation of petitioner's license was to be considered.-In re Schachne (McCaffrey), 1 Misc. 2d 748, 104 N.Y.S. 2d 107 [1951].

¶ 9. A corporation, a licensed automobile dealer, was granted a hearing on charges that checks in the amount of $80,000 had been returned to the bank, and that its principal officer had a long criminal record. The corporation, instead of proceeding with a hearing, asked for an adjournment. The Commissioner suspended the corporation's license forthwith but stated that it could make an application for reconsideration as soon as convenient. The corporation filed an application in court for an order granting a hearing on the charges made against it. **Held:** The record showed that a hearing was granted to the petitioner and that it failed to proceed therewith. Under these facts, the petitioner was not entitled to an order granting a hearing.-Matter of Elmhurst Motor Sales, Inc. v. O'Connell, 24 Misc. 2d 991, 196 N.Y.S. 2d 15 [1959].

¶ 10. The hearing before the deputy commissioner in a proceeding to revoke the petitioner's parking lot license, at which hearing counsel for petitioner was given a chance to cross-examine the witnesses, was deemed fair in every respect. Furthermore, Administrative Code § 773a-7.0 permits the Commissioner to delegate to the deputy commissioners the power and duty of taking testimony.-Id.

¶ 11. A license to operate a laundromat granted to the petitioner corporation could be revoked without a hearing where the secretary of the corporation had been five times convicted of bookmaking and in the application it was stated that none of the officers had ever been arrested or summoned to court. Inasmuch as a license could have been denied if the true facts had been revealed in the application, it could be thereafter revoked without a hearing.-Clamae v. O'Connell, 135 (24) N.Y.L.J. (2-3-56) 13, Col. 7 M.

¶ 12. Revocation of petitioner's license **held** not to have been arbitrary in view of the evidence that the business did not belong to the licensee, who purported to be the owner thereof, but rather to her father.-In re Weingrad (Moss), 102 (125) N.Y.L.J. (11-30-39) 1880, Col. 6 F.

¶ 13. Petitioners were informed by Department of Licenses that the establishments with which they were connected were conducting fraudulent auctions and were directed to cease operating or continuing their connections with such establishments, under penalty of forfeiting their license. They refused. The Commissioner's action in revoking their auctioneer licenses, under the circumstances, was neither arbitrary, capricious, nor contrary to law.-Matter of Friedman, 18 Misc. 2d 975, 190 N.Y.S. 2d 439 [1959].

¶ 14. Commissioner **held** to have been warranted in revoking petitioner's license where he had violated terms of his license by selling products other than those authorized in his license.-In re Asrelan (Morgan), 102 (125) N.Y.L.J. (11-30-39) 1880, Col. 6 F.

¶ 15. That Commissioner may have based his action in revoking the license on grounds untenable and other than those upon which he presently sustained it, was immaterial, since the Commissioner might justify his action upon any grounds known to him at time of filing of his return, including grounds predicated upon acts occurring subsequent to the action sought to be reviewed.-In re Weingrad (Moss), 102 (125) N.Y.L.J. (11-30-39) 1880, Col. 6 F.

¶ 16. Refusal to renew plaintiff's license was deemed arbitrary, where the papers presented no reasonable basis for the refusal. That petitioner admittedly chose to avail himself of his constitutional privilege against self-incrimination was not sufficient to warrant the refusal.-In re O'Rourke (Murphy), 110 (89) N.Y.L.J. (10-15-43) 942, Col. 5 F.

¶ 17. Application for license was properly denied where the applicant did not intend to carry on the business in accordance with the law and would have continued her association with persons in the conduct of the business who were not entitled to do business either directly or indirectly, it being her plan to have those persons who could not obtain a license conduct the business for her.-Cohen v. Moss, 110 (89) N.Y.L.J. (10-15-43) 943, Col. 1 M.

¶ 18. Conduct of New York City Commissioner of Licenses in revoking petitioner's theatre ticket broker's license, **held** to have been arbitrary and unwarranted, where it appeared that petitioner had built up a substantial business over a period of 36 years, that until 1943 he was not shown ever to have violated any rules but in 1943 the League of New York Theatres, Inc., suspended his operational license for two weeks because of minor alleged violations, that

petitioner's license had been granted for 1944 after a hearing before the Commissioner and a full inquiry into his business activities, and that the Commissioner's conduct in revoking the license in a so-called rehearing held 10 days later was without basis.-Supreme Ticket Office v. Moss, 111 (23) N.Y.L.J. (2-3-44) 46, Col. 4 T.

¶ 19. Commissioner of Licenses **held** not to have abused his discretion in refusing to renew petitioner's ticket broker's license where, after considerable investigation and several hearings, the Commissioner had imposed the condition upon the grant of the license for 1943 that one C, a suspended operator and husband of one of the petitioners, whose police record consisted of 18 arrests for violation of ordinances with respect to the ticket brokerage business, should not be permitted to frequent the place of business, and such condition had been breached.-Circle Theatre Ticket Service Co. v. Moss, 111 (28) N.Y.L.J. (2-3-44) 456, Col. 3 M.

¶ 20. Commissioner's denial of license to petitioner, who had been addicted to gambling and had on numerous occasions been arrested by the police as a participant in crap games, **held** not unreasonable.-In re Goodman (Moss), 112 (64) N.Y.L.J. (9-15-44) 507, Col. 5 F.

¶ 21. This section expressly permits the Commissioner of Licenses to delegate to his Deputy Commissioners the power and duty of taking testimony.-Matter of Schachne, 1 Misc. 2d 748, 104 N.Y.S. 2d 1017 [1951].

¶ 22. The provision of this section requiring the Deputy Commissioner to reduce the record to writing does not require a verbatim transcription of the stenographic minutes; a stenographic summary of the evidence is sufficient. The suspension of petitioner by the Deputy Commissioner was not illegal where there was no evidence that the Commissioner was not ill or absent from the city.-Rose v. O'Connell, 142 (63) N.Y.L.J. (9-28-59) 12, Col. 6 M.

¶ 23. Petitioner failed to have an order issued in an Article 78 proceeding to annul a determination of the Commissioner of Licenses of the City of New York which suspended petitioner's license for failure to disclose complete and accurate information in his application. The Court in applying § 733-7.0 of the Administrative Code said, "the Commissioner is empowered to hear and determine complaints against licenses."-Arroyo v. Moss, 295 N.Y. 755, 66 N.E. 2d 124 [1946].

¶ 24. Even though the Commissioner is empowered to revoke licenses upon conviction of a felony or misdemeanor, the law does not provide that for a policy conviction a man should be deprived of earning a livelihood at his trade. In considering petitioner's time at his trade and the harsh consequences, an order to reinstate the license was granted.-Corro v. Moss, 184 Misc. 1050, 56 N.Y.S. 2d 652 [1945].

¶ 25. Although a license, once it has been granted, may not be revoked except upon conviction for violation of pertinent statutes, the application for a license imports a compact that no such violation will ensue, and if the Commissioner of Licenses believes reasonably and in good faith that he cannot conscientiously accept the promise he may refuse to license.-In re Bonserk Theatre Corp. (Moss), 34 N.Y.S. 2d 541 [1942].

¶ 26. Commissioner of Licenses has no power to declare a legislative policy or to create standards with respect to the granting or exercising of a license, but his duty is merely to apply the declared policy and the rules and standards laid down in statute and ordinance.-Executive Service Corp. v. Moss, 256 App. Div. 345, 10 N.Y.S. 2d 103 [1939].

¶ 27. Commissioner of Licenses of New York City has discretion to deny a license or a renewal thereof to a theatre, although he has not the power to revoke a license for the same reason as might cause him to refuse to renew a license. However, he may not act in an arbitrary manner in passing on applications for licenses.-Matter of Edjomac Amusement Corp., (Moss, Comm'r &c.) 97 (107) N.Y.L.J. (5-8-37) 2318, Col. 5 M.

¶ 28. The Commissioner of Licenses has no power to declare any legislative policy or to create standards governing grant of a license but may only apply the policy declared in the rules laid down in statute and ordinance. However, the rules or standards need not be set forth in the statute in express terms, but it is sufficient that they are clearly implied when the statute is read in the light of its history and purpose.-In re Dorf (Fielding), 120 (7) N.Y.L.J.

(7-12-48) 59, Col. 2 M.

¶ 29. The Commissioner did not abuse his discretion where he rejected the application of petitioner for a license as a second-hand dealer because of three convictions under different names for maintaining a house of prostitution. Good character is a requirement for an applicant for a license, by necessary implication, if not by the express terms of the statute.-Dorf v. Fielding, 20 Misc. 2d 18, 197 N.Y.S. 2d 280 [1948].

¶ 30. The determination of the Commissioner of Licenses which denied a parking lot license for premises owned by a corporation whose sole stockholders were husband and wife was not arbitrary and capricious where the denial was based on the character of the husband and was supported by the record.-Benson Parking Corp., v. O'Connell, 31 Misc. 2d 1037, 220 N.Y.S. 2d 1010 [1961].

¶ 31. Contractor who failed to provide a written contract for home improvements as required by regulations of the Department of Consumer Affairs adopted pursuant to this section was not precluded from seeking to recover on contract or from asserting other rights to recover since the regulations pertains only to proceedings before the Department of Consumer Affairs and the sanctions and disciplines which the commissioner may apply to persons subject to the licensing requirements of this chapter.-Gargano v. Smith, 97 Misc. 2d 535 [1978].

¶ 32. This section authorizes a fine for every car parked over capacity and does not limit the fine to $350 as a single offense regardless of the number of cars overparked.-Meyers Bros. Parking Systems v. Sherman, 87 App. Div. 2d 562 [1982], affirmed, 57 N.Y. 2d 653 [1982].

**CASE NOTES**

¶ 1. A regulation authorizing the Department of Consumer Affairs to conduct physical inspections of parking lots and garages subject to the agency's licensing jurisdiction, was held to be constitutional. The court rejected petitioners' claim that the regulation allowed unconstitutional warrantless searches. Amsterdam Garage v. Department of Consumer Affairs of the City of New York, 139 Misc.2d. 799, 529 N.Y.S.2d 243 (Sup.Ct. New York Co. 1988).

¶ 2. See Laureiro v. New York City Dept. of Consumer Affairs, 41 A.D.3d 717, 837 N.Y.S.2d 746 (2d Dept. 2007), discussed in note to Adm. Code § 20-101.

Title 20 Consumer Affairs

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-105 Additional powers of the commissioner with respect to unlicensed activities.

a. It shall be unlawful for any person required to be licensed pursuant to the provisions of chapter two or pursuant to provisions of state law enforced by the department to engage in any trade, business or activity for which a license is required without such license.

b. In addition to the enforcement procedures set forth in section 20-106 of this chapter, the commissioner after notice and a hearing shall be authorized:

1. to impose fines upon any person in violation of subdivision a of this section of one hundred dollars per violation per day for each and every day during which such person violates such subdivision.

2. to order any person in violation of subdivision a of this section immediately to discontinue such activity at the premises on which such activity is occurring.

3. to order that such premises on which such activity is occurring be sealed, provided that such premises are primarily used for such activity.

4. to order that any devices, items or goods sold, offered for sale available for public use or utilized in the operation of a business and relating to such activity for which a license is required but has not been obtained pursuant to the provisions of chapter two shall be removed, sealed or otherwise made inoperable.

c. Orders of the commissioner issued pursuant to this subdivision shall be posted at the premises on which

unlicensed activity occurs in violation of this section.

d. Orders of the commissioner issued pursuant to paragraph two, three or four of subdivision b of this section shall be stayed with respect to any person who, prior to service of the notice provided in subdivision b of this section, had submitted a full and complete application in proper form and accompanied by the requisite fee for a license or the renewal of a license while such application is pending.

e. Ten days after the posting of an order issued pursuant to paragraph two, three or four of subdivision b of this section and upon the written directive of the commissioner, officers and employees of the department and officers of the New York city police department are authorized to act upon and enforce such orders.

f. Any devices, items or goods removed pursuant to the provisions of subdivision b of this section shall be stored in a garage, pound or other place of safety and the owner or other person lawfully entitled to the possession of such devices, items, or goods may be charged with reasonable costs for removal and storage payable prior to the release of such devices, items or goods to such owner or such other person.

g. The commissioner shall order that any premises which are sealed pursuant to this section shall be unsealed and that any devices, items or goods removed, sealed or otherwise made inoperable pursuant to this section shall be released, unsealed or made operable upon:

1. payment of all outstanding fines and all reasonable costs for removal and storage, and

2. presentation of proof that a license has been obtained for such activity or, if such person or premises are for any reason ineligible to obtain a license, proof satisfactory to the commissioner that such premises, devices, items or goods will not be used in violation of this section.

h. It shall be a misdemeanor for any person to remove the seal on any premises or remove the seal or make operable any devices, items or goods sealed or otherwise made inoperable in accordance with an order of the commissioner.

i. The owner or other person lawfully entitled to reclaim the devices, items or goods removed pursuant to this section shall reclaim such devices, items or goods. If such owner or such other person does not reclaim such devices, items or goods within ninety days of their removal, such devices, items or goods shall be subject to forfeiture upon notice and judicial determination in accordance with provisions of law. Upon forfeiture the department shall, upon a public notice of at least five days, sell such forfeited devices, items or goods at public sale. The net proceeds of such sale, after deduction of the lawful expenses incurred, shall be paid into the general fund of the city.

j. In the event that any removal made pursuant to this section shall include any perishable items, goods or food products which cannot be retained in custody without such items, goods or food products becoming unwholesome, putrid, decomposed or unfit in any way, they may be delivered to the commissioner of health for disposition pursuant to the provisions of section 17-323 of this code.

k. The provisions of this section shall not be construed to apply to general vendors required to be licensed pursuant to subchapter twenty-seven of chapter two of this title.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 773-4.1 added LL 5/1982 § 2

(legislative findings, licence sanctions, LL 5/1982 § 1)

Sub a amended LL 7/1984 § 1

Sub b par 4 amended LL 7/1984 § 2

**CASE NOTES**

¶ 1. The Department of Consumer Affairs of the City of New York is not precluded from pursuing administrative remedies by having already commenced actions in Supreme Court. The administrative remedies of this section did not exist at the time the Supreme Court actions were commenced. Therefore no election of remedies could have been made.-Matter of Gameways v. Dept. of Consumer Affairs of the City of N.Y., 101 A.D. 2d 888 [1984].

¶ 2. Even though only part of the premises are used for dancing, the premises can be deemed an unlicensed caberet for purposes of the padlock law. Thus, the Department of Consumer Affairs properly issued an order stating that the premises would be closed unless the licensed activities were discontinued within ten days. Cafe Iguana Corp. v. City of New York, 181 A.D.2d 586, 581 N.Y.S.2d 770 (1st Dept. 1992).

Title 20 Consumer Affairs

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-106 Judicial enforcement.

a. Except as otherwise specifically provided in chapter two of this title, or in subdivision b of this section, any person, whether or not he or she holds a license issued under chapter two, who violates any provision of chapter two or any regulation or rule promulgated under it shall, upon conviction thereof, be punished for each violation by a fine of not less than twenty-five dollars nor more than five hundred dollars, or by imprisonment not exceeding fifteen days, or both; and any such person shall be subject also to a civil penalty in the sum of one hundred dollars for each violation, to be recovered in a civil action.

b. Any person who engages without a license therefor in an activity for which a license is required by any provision of chapter two, shall, upon conviction thereof, be subject to the following sanctions:

1. If he or she has never held a license for such activity, he or she shall be subject to a fine of not less than twenty-five dollars, nor more than five hundred dollars, or by imprisonment not exceeding fifteen days, or both; and any such person shall be subject also to the payment of a civil penalty in the sum of the greater of twice the applicable license fee or one hundred dollars, to be recovered in a civil action.

2. If he or she has never held a license for such activity, and has been convicted once previously for engaging in such activity without a license, or if he or she has held such license and his or her license has lapsed prior to such person's perfecting an application for a renewal, he or she shall be subject to a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment not exceeding thirty days, or both; and he or she shall be subject also to civil penalty in the sum of one thousand dollars, to be recovered in a civil action.

3. If such person has held such a license, but his or her license has been suspended or revoked, or he or she has twice previously been convicted of engaging in such activity without a license, he or she shall be subject to a fine of not less than two hundred dollars nor more than two thousand dollars, or by imprisonment not exceeding sixty days, or both; and he or she shall be subject also to a civil penalty in the sum of two thousand dollars, to be recovered in a civil action.

c. Every manager or proprietor of a business required to be licensed under chapter two who consents to, causes or allows that business to operate without a license and every person aiding such unlicensed business and every owner or lessee of any building, part of building, grounds, room or place, who leases or lets the premises for the operation of any unlicensed business or assents that the premises be used for any such purpose, is in violation of this title and shall be subject to a penalty of one hundred dollars per day for every day during which the unlicensed business operates. This penalty shall be prosecuted, sued for and recovered in the name of the city.

d. The corporation counsel is authorized to bring an injunction proceeding to restrain or enjoin any violation of this title.

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-107 Application; filing fee; license fee.

All applications for licenses shall be made to the commissioner or the commissioner's designee in such form and detail as shall be prescribed. Except as specifically provided in chapter two, every application shall include the license fee for the full license term. If the license is not issued, the lesser of fifty dollars or one-half of the amount of the annual license fee shall be retained by the department as a non-returnable filing fee. In the event a license is issued for less than the full license term, the applicable fee shall be decreased proportionately to the nearest half year, except that in no case shall the fee be less than the fee for one-half year. Where a two year license is surrendered for a reason other than suspension or revocation and less than one year of the license term has expired, the licensee may apply for a refund of an amount equal to one year's license fee. Except as otherwise specifically provided for in chapter two, reference to fees, license fees or any other word of similar import shall be deemed to be the license fee for one year. Notwithstanding any inconsistent provision of this section, whenever the commissioner increases or decreases the term of a type of license pursuant to section 20-108 of this chapter, the fee for such license shall be increased or decreased proportionately and the amount of refund due upon surrender of such license before the expiration of the term for a reason other than suspension or revocation shall be prorated to the unexpired term.

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-115 Bonds.

Except as specifically provided in chapter two, a bond may be required for any licensed activity in a form and amount approved by the commissioner for the due observance of the provisions of chapter two and the laws, regulations and rules governing the conduct of licensed activities. The amount of the bond shall be established by the commissioner after a public hearing, five-day notice of which shall be published in the City Record.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 773-14.0 added LL 20/1973 § 1

**CASE NOTES**

¶ 1. The establishment of the Home Improvement Business Trust Fund by the New York City Department of Consumer Affairs as an alternative for home improvement contractors traditional bond, Rules of the City of New York 6 RCNY 2-225 is reasonably within the authority delegated to commissioner to require home improvement licensees to furnish a bond "in a form and amount" approved by the commissioner, § 20-115. This statute does not define the type and form of the bond. The "form and amount" of the bond is left to the commissioner's discretion. Brooklyn Gen. Contr. v. Green, 156 Misc. 2d 661 [1993].

¶ 2. This section permits the City to require bonds from licensed home improvement contractors but does not preclude the City from using other methods to protect potential victims of unfair contractor practices. Thus, the court upheld the creation of a New York City Department of Consumer Affairs Home Improvement Business Trust Fund, to which contractors were required to contribute. Brooklyn General Contracting Co. v. Green, 205 A.D.2d 314, 613 N.Y.S.2d 15 (1st Dept. 1994).

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-116 Advertising.

a. Any person required to be licensed under chapter two or pursuant to provisions of state law enforced by the department to carry on a trade, occupation or business activity, who is not so licensed may not advertise the availability of goods and services related to the carrying on of such trade, occupation or business activity in any print publication or broadcast media having a circulation or audience within the city.

b. The commissioner after notice and hearing shall be authorized to impose civil penalties upon any person found to have violated subdivision a of this section. Such penalties shall be levied for each broadcast of such advertisement and shall be not less than fifty dollars nor more than two hundred fifty dollars for each violation. Such penalties for printed advertisements shall be determined based on the period of time the publication in which the advertisement appears remains current. The current period shall be determined as that time when a publication is initially offered for sale until the period when the next dated publication is offered for sale. In no case shall this period be less than twenty-four hours. If the current period is:

daily, such penalty shall be not less than fifty dollars nor more than one hundred dollars per day;

weekly, such penalty shall be not less than two hundred fifty dollars nor more than three hundred fifty dollars per week;

greater than one week and not more than one month, such penalty shall be not less than three hundred fifty dollars nor more than five hundred dollars;

greater than one month, such penalty shall be not less than five hundred dollars nor more than one thousand dollars.

Such civil penalties may be recovered in a civil action before any court having jurisdiction of such actions.

c. The commissioner shall promulgate regulations requiring that any person required to be licensed under this title or pursuant to provisions of state law enforced by the department shall state in all print advertising with respect to such licensed activity the license number, and that the activity is licensed by the department.

CHAPTER 1 LICENSE ENFORCEMENT

§ 20-117 Licensee disclosure of security breach; notification requirements.

a. Definitions. For the purposes of this section,

1. The term "personal identifying information" shall mean any person's date of birth, social security number, driver's license number, non-driver photo identification card number, financial services account number or code, savings account number or code, checking account number or code, brokerage account number or code, credit card account number or code, debit card number or code, automated teller machine number or code, personal identification number, mother's maiden name, computer system password, electronic signature or unique biometric data that is a fingerprint, voice print, retinal image or iris image of another person. This term shall apply to all such data, notwithstanding the method by which such information is maintained.

2. The term "breach of security' shall mean unauthorized possession of personal identifying information that compromises the security, confidentiality or integrity of such information. Good faith or inadvertent possession of any personal identifying information by an employee or agent of the licensee for the legitimate purposes of the business of the licensee shall not constitute a breach of security.

b. Any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, that owns or leases data that includes personal identifying information and any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, that maintains but does not own data that includes personal identifying information shall immediately disclose to the department and to the police department any breach of security following discovery by a supervisor or manager, or following notification to a supervisor or manager, of such breach if such personal identifying information is

reasonably believed to have been acquired by an unauthorized person.

c. Subsequent to compliance with the provisions set forth in subdivision b of this section, any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, that owns or leases data that includes personal identifying information shall disclose, in accordance with the procedures set forth in subdivision e of this section, any breach of security following discovery by a supervisor or manager, or following notification to a supervisor or manager, of such breach to any person whose personal identifying information was, or is reasonably believed to have been, acquired by an unauthorized person.

d. Subsequent to compliance with the provisions set forth in subdivision b of this section, any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, that maintains but does not own data that includes personal identifying information shall disclose, in accordance with the procedures set forth in subdivision e of this section, any breach of security following discovery by a supervisor or manager, or following notification to a supervisor or manager, of such breach to the owner, lessor or licensor of the data if the personal identifying information was, or is reasonably believed to have been, acquired by an unauthorized person.

e. The disclosures required by subdivisions c and d of this section shall be made as soon as practicable by a method reasonable under the circumstances. Provided said method is not inconsistent with the legitimate needs of law enforcement or any other investigative or protective measures necessary to restore the reasonable integrity of the data system, disclosure shall be made by at least one of the following means:

1. Written notice to the individual at his or her last known address; or

2. Verbal notification to the individual by telephonic communication; or

3. Electronic notification to the individual at his or her last known e-mail address.

f. Should disclosure pursuant to paragraphs one, two or three of subdivision e be impracticable or inappropriate given the circumstances of the breach and the identity of the victim, such disclosure shall be made by a mechanism of the licensee's choosing, provided such mechanism is reasonably targeted to the individual in a manner that does not further compromise the integrity of the personal information disclosed and has been approved, or is in compliance with rules promulgated, by the Commissioner.

g. Any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, that discards any records of an individual's personal identifying information shall do so in a manner intended to prevent retrieval of the information contained therein or thereon.

h. Any person required to be licensed pursuant to chapter two of this title, or pursuant to provisions of state law enforced by the department, who shall violate any of the provisions of this section, upon conviction thereof, shall be punishable by a fine of not more than five hundred dollars ($500) and shall be liable for a civil penalty of one hundred dollars ($100) for each violation.

**HISTORICAL NOTE**

Section added L.L. 46/2005 § 2, eff. Sept. 16, 2005. [See Note 1]

**NOTE**

1. Provisions of L.L. 46/2005:

Section 1. Legislative declaration. The Council finds that acts of identity theft are plaguing New Yorkers. Federal Trade Commission statistics for 2002 and 2003 indicate that identity theft is the single most common consumer fraud complaint in the nation. New York City residents are as likely to be victimized by identity theft as the citizens of

many cities within the United States.

The Council finds that identity thieves often gain control of victims' sensitive personal information by hacking into computers or otherwise violating the security of data systems. When such unauthorized persons acquire individuals' personal information, they are able to access bank accounts, take control of credit cards, and defraud unsuspecting victims. The Council thus finds that one of the most effective ways to curtail identity thieves is to inform would-be victims that the security of their sensitive personal information has been violated; individuals can then take the steps necessary to regain control of their privacy and finances.

Accordingly, the Council finds it necessary to require businesses required to be licensed by the Department of Consumer Affairs, or pursuant to provisions of state law enforced by the department, to inform individuals whenever there has been a breach of security with respect to sensitive personal information. Business people can best serve their fellow New Yorkers by making such disclosures expeditiously, while acting in accordance with the procedures of the New York City Police Department and other legitimate law enforcement agents.

. . . . . .

§ 3. If any section, subdivision, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 4. This local law shall take effect 120 days after it shall have been enacted into law; provided that the Commissioner may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, establishing guidelines and promulgating rules.

SUBCHAPTER 19 BINGO LICENSING LAW

§ 20-339 Definitions.

As used in this subchapter, the following terms shall have the following meanings:

a. "Control commission" or "commission" or "board" shall mean the state racing and wagering board.

b. "Bingo" or "game" shall mean and include a specific game of chance, commonly known as bingo or lotto, in which prizes are awarded on the basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random.

c. "Authorized organization" shall mean and include a charitable or educational non-profit organization or a non-profit organization of veterans or any bona fide religious or charitable organization or bona fide educational, fraternal, civil or service organization or bona fide organization of veterans or volunteer firefighters, which by its charter, certificate of incorporation, constitution, or act of the legislature, shall have among its dominant purposes one or more of the lawful purposes as defined in article fourteen-H of the general municipal law, provided that each shall operate without profit to its members, and provided that each such organization has engaged in serving one or more of the lawful purposes as defined in article fourteen-H of the general municipal law for a period of one year immediately prior to applying for a license under this subchapter, and provided, such organization, if unincorporated, has a membership of not less than twenty-five persons.

d. "License" shall mean a license issued pursuant to the provisions of this subchapter and article fourteen-H of the general municipal law.

e. "Regular bingo game" shall mean a game that is played on a card or cards issued to a player upon payment of the admission fee provided in this subchapter.

f. "Special bingo game" shall mean any game which is not a "regular bingo game."

g. "Opportunity" shall mean a one-faced chance to participate in a game or games of bingo.

SUBCHAPTER 19 BINGO LICENSING LAW

§ 20-342 Restrictions upon conduct of bingo games.

The conduct of bingo games authorized by this subchapter shall be subject to the following restrictions:

a. No person, firm, association, corporation or organization other than a licensee under the provisions of this subchapter, shall conduct such game or shall lease or otherwise make available for conducting bingo a hall or other premises for any consideration whatsoever, direct or indirect.

b. No bingo games shall be held, operated or conducted on or within any leased premises if rental under such lease is to be paid, wholly or partly, on the basis of a percentage of the receipts or net profits derived from the operation of such game.

c. No authorized organization licensed under the provisions of this subchapter shall purchase or receive any supplies or equipment specifically designed or adapted for use in the conduct of bingo games from other than a supplier licensed under the bingo licensing law or from another authorized organization.

d. The entire net proceeds of any game of bingo and of any rental shall be exclusively devoted to the lawful purposes of the organization permitted to conduct the same.

e. No prize shall exceed the sum or value of two hundred fifty dollars in any single game of bingo.

f. No series of prizes on any one bingo occasion shall aggregate more than one thousand dollars.

g. No person except a bona fide member of any such organization shall participate in the management or operation of such game.

h. No person shall receive any remuneration for participating in the management or operation of any game of bingo.

i. The unauthorized conduct of a bingo game and any wilful violation of any provision of this subchapter shall constitute and be punishable as a misdemeanor.

CHAPTER 2 LICENSES

SUBCHAPTER 19 BINGO LICENSING LAW

§ 20-343 Application for license.

1. To conduct bingo. a. Each applicant for a license shall file with the commissioner a written application therefor in the form prescribed in the rules and regulations of the control commission, duly executed and verified, in which shall be stated the name and address of the applicant together with sufficient facts relating to its incorporation and organization to enable the commissioner to determine whether or not it is a bona fide authorized organization; the names and addresses of its officers; the place or places where, the date or dates and the time or times when the applicant intends to conduct bingo under the license applied for; in case the applicant intends to lease premises for this purpose from other than an authorized organization, the name and address of the licensed commercial lessor of such premises, and the capacity or potential capacity for public assembly purposes of space in any premises presently owned or occupied by the applicant; the amount of rent to be paid or other consideration to be given directly or indirectly for each occasion for use of the premises of another authorized organization licensed under this subchapter to conduct bingo or for use of the premises of a licensed commercial lessor; all other items of expense intended to be incurred or paid in connection with the holding, operating and conducting of such games of bingo and the names and addresses of the persons to whom, and the purposes for which, they are to be paid; the specific purposes to which the entire net proceeds of such games are to be devoted and in what manner; that no commission, salary, compensation, reward or recompense will be paid to any person for conducting such bingo game or games or for assisting therein except as in this subchapter or article fourteen-H of the general municipal law otherwise provided; and such other information as shall be prescribed by such rules and regulations.

b. In each application there shall be designated an active member or members of the applicant organization under whom the game or games of bingo will be conducted and to the application shall be appended a statement executed by the member or members so designated, that he or she or they will be responsible for the conduct of such bingo games in accordance with the terms of the license and the rules and regulations of the commission and of this subchapter and article fourteen-H of the general municipal law.

c. In each application there shall be designated one special bingo game, to be played on each occasion under such license, which shall be known as the "jackpot game."

2. Commercial lessor. a. Each applicant for a license to lease premises to a licensed organization for the purposes of conducting bingo therein shall file with the commissioner a written application therefor in a form prescribed in the rules and regulations of the control commission duly executed and verified, which shall set forth the name and address of the applicant; designation and address of the premises intended to be covered by the license sought; lawful capacity for public assembly purposes; cost of premises and assessed valuation for real estate tax purposes, or annual net leased rent, whichever is applicable; gross rentals received and itemized expenses for the immediately preceding calendar or fiscal year, if any; gross rentals, if any, derived from bingo during the last preceding calendar or fiscal year; computation by which proposed rental schedule was determined; number of occasions on which applicant anticipates receiving rent for bingo during the ensuing year or shorter period if applicable; proposed rent for each such occasion; estimated gross rental income from all other sources during the ensuing year; estimated expenses itemized for the ensuing year and amount of each item allocated to bingo rentals; a statement that the applicant in all respects conforms with the specifications contained in the definition of "authorized commercial lessor" as set forth in article fourteen-H of the general municipal law, and such other information as shall be prescribed by such rules and regulations.

b. In the event an applicant shall apply for a license for a subsequent year, a recapitulation, in a manner prescribed in the rules and regulations of the commission, shall be made as between said applicant and the commissioner in respect of the gross rental actually received during the preceding license period and the fee paid therefor, and any deficiency of fee thereby shown to be due shall be paid by the applicant and any excess of fee thereby shown to have been paid shall be credited to said applicant, in such manner as the commission by rules and regulations shall prescribe.

CHAPTER 2 LICENSES

SUBCHAPTER 19 BINGO LICENSING LAW

§ 20-344 Investigation; matters to be determined; issuance of license; fees; duration of license.

a. The commissioner shall make an investigation of the qualifications of each applicant and the merits of each application, with due expedition after the filing of the application, and if he or she shall determine that the applicant is duly qualified to be licensed to conduct bingo under this subchapter and article fourteen-H of the general municipal law; that the member or members of the applicant designated in the application to conduct bingo are bona fide active members of the applicant and are persons of good moral character and have never been convicted of a crime; that such game is to be conducted in accordance with the provisions of this subchapter, article fourteen-H of the general municipal law and in accordance with the rules and regulations of the commission, and that the proceeds thereof are to be disposed of as provided by this subchapter and article fourteen-H of the general municipal law, and if the commissioner is satisfied that no commission, salary, compensation, reward or recompense whatever will be paid or given to any person holding, operating or conducting or assisting in the holding, operation and conduct of any such games except as in this subchapter or article fourteen-H of the general municipal law otherwise provided; and that no prize will be offered and given in excess of the sum or value of two hundred fifty dollars in any single game and that the aggregate of all prizes offered and given in all of such games conducted on a single occasion, under said license shall not exceed the sum or value of one thousand dollars, he or she shall issue a license to the applicant for the conduct of bingo upon payment of a license fee of ten dollars for each bingo occasion; provided, however, that he or she shall refuse to issue a license to an applicant seeking to conduct bingo in premises of a licensed commercial lessor where he or she determines that the premises presently owned or occupied by said applicant are in every respect adequate and

suitable for conducting bingo games.

b. Issuance of licenses to commercial lessors. If the commissioner shall determine that the applicant seeking to lease a hall or premises for the conduct of bingo to an authorized organization is duly qualified to be licensed under this subchapter and article fourteen-H of the general municipal law; that the applicant satisfies the requirements for an authorized commercial lessor as defined in article fourteen-H of the general municipal law; that the schedule of proposed rentals provides a fair and reasonable return on the applicant's investment; that the applicant has filed a schedule of proposed rentals in accordance with the rules and regulations of the commission and that the commission has approved such schedule as fair and reasonable and as the maximum rentals the applicant may charge to any authorized organization; that there is no diversion of the funds of the proposed lessee from the lawful purposes as defined in article fourteen-H of the general municipal law; and that such leasing of a hall or premises for the conduct of bingo is to be in accordance with the provisions of this subchapter, article fourteen-H of the general municipal law and in accordance with the rules and regulations of the commission, he or she shall issue a license permitting the applicant to lease said premises for the conduct of bingo to the authorized organization or organizations specified in the application during the period therein specified or such shorter period as he or she shall determine, but not to exceed one year, upon payment of a license fee of ten dollars plus an amount based upon the aggregate rent specified in the license and determined in accordance with the schedule set forth therefor in article fourteen-H of the general municipal law.

c. On or before the thirtieth day of each month, the commissioner of finance shall transmit to the state comptroller a sum equal to fifty percent of all license fees collected by the city pursuant to this section during the preceding calendar month.

d. No license shall be issued under this subchapter and article fourteen-H of the general municipal law which shall be effective for a period of more than one year.

§ 20-352 Charge for admission and participation; charge for other opportunities; amount of prizes, award of prizes.

a. No amount other than one dollar, or such minimum fee as may be fixed by the board shall be charged by any licensee for admission to any room or place in which any game or games of bingo are to be conducted under any license issued under this subchapter and article fourteen-H of the general municipal law, which admission fee, upon payment thereof, shall entitle the person paying the same to only two opportunities to participate without additional charge in all regular games of bingo to be played under such license on such occasion, and no charge in excess of one dollar, or such minimum fee as may be fixed by the board, shall be made for a single opportunity to participate in all special games to be played under such license on such occasion.

b. Extra regular bingo cards. No less than twenty-five cents shall be charged by any licensee for two opportunities to participate in regular games of bingo to be played under such license on such occasion. If the licensee during any occasion conducts less than three special bingo games, no less than twenty-five cents shall be charged for each opportunity to participate in regular games of bingo to be played under such license on such occasion. All such charges for extra regular bingo cards shall be in addition to the two opportunities purchased as part of the admission provided in subdivision a of this section.

c. Special game cards. No less than twenty-five cents shall be charged by any licensee for a single opportunity to participate in each of more than one special bingo game other than the jackpot game and no less than ten cents shall be charged for a single opportunity to participate in any one specified special bingo game, to be played under such license

on such occasion.

d. Jackpot cards. No less than fifty cents shall be charged by any licensee for three opportunities to participate in the jackpot game, and no less than twenty-five cents shall be charged for a single opportunity to participate in the jackpot game to be played under such license on such occasion. A card or cards permitting the player to participate in the jackpot game shall not be used to participate in any other game of bingo to be played under such license on such occasion.

e. Every winner shall be determined and every prize shall be awarded and delivered within the same calendar day as that upon which the game was played. No alcoholic beverage shall be offered or given as a prize in any such game.

SUBCHAPTER 19 BINGO LICENSING LAW

§ 20-354 Statement of receipts, expenses; additional license fees.

a. Within fifteen days after the conclusion of the conducting of any game of bingo, the authorized organization which conducted the same, and its members who were in charge thereof, and when applicable the authorized organization which rented its premises therefor, shall each furnish to the commissioner a duly verified statement showing the amount of the gross receipts derived therefrom and each item of expense incurred, or paid, and each item of expenditure made or to be made, the name and address of each person to whom each such item has been paid, or is to be paid, with a detailed description of the merchandise purchased or the services rendered therefor, the net proceeds derived from such game or rental, as the case may be, and the use to which such proceeds have been or are to be applied and a list of prizes offered and given, with the respective values thereof, and it shall be the duty of each licensee to maintain and keep such books and records as may be necessary to substantiate the particulars of each such statement.

b. Upon the filing of such statement of receipts, the authorized organization furnishing the same shall pay to the commissioner as and for an additional license fee a sum based upon the reported net proceeds, if any, for the occasion covered by such statement and determined in accordance with such schedule as shall be established from time to time by the department to defray the cost of administering the provisions of this subchapter, article fourteen-H of the general municipal law and article nineteen-B of the executive law.

CHAPTER 2 LICENSES

SUBCHAPTER 20 PUBLIC DANCE HALLS, CABARETS AND CATERING ESTABLISHMENTS

§ 20-359 Definitions.

Whenever used in this subchapter the following terms shall mean:

1. "Public dance hall." Any room, place or space in the city in which dancing is carried on and to which the public may gain admission, either with or without the payment of a fee.

2. "Public dance or ball." Any dance or ball of any nature or description to which the public may gain admission.

3. "Cabaret." Any room, place or space in the city in which any musical entertainment, singing, dancing or other form of amusement is permitted in connection with the restaurant business or the business of directly or indirectly selling to the public food or drink, except eating or drinking places, which provide incidental musical entertainment, without dancing, either by mechanical devices, or by not more than three persons.

4. "Catering establishment." Any room, place or space in the city, which is used, leased or hired out in the business of serving food or beverages for a particular function, occasion or event, to which the public is not invited or admitted and wherein music or entertainment is permitted.

5. "Person." An individual, corporation, club, partnership, association, society or any other organized group of persons, and shall include officers, directors and trustees of a corporation, club, association or society.

6. "Employee." A person employed in any capacity or title in connection with a cabaret or public dance hall, including the licensee and any and all persons responsible for the control or management thereof. It shall also include a concessionaire and each person employed by such concessionaire.

7. "Security guard." A person as defined by subdivision six of section eighty nine-f of the general business law. There shall be a rebuttable presumption that a person employed or whose services are retained at a public dance hall or cabaret whose job functions include (1) the monitoring or guarding of the entrance or exit of such public dance hall or cabaret to manage ingress and egress to such public dance hall or cabaret for security purposes during the hours of operation of such establishment and/or (2) protection of such public dance hall or cabaret from disorderly or other unlawful conduct by such patrons is a security guard, provided, however, that such rebuttable presumption shall not apply to the owner of the public dance hall or cabaret.

Sub 3 amended LL 95/1961 § 2

Sub 7 repealed LL 62/1967 § 1

Sub 3 repealed and added LL 15/1971 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Denial of a cabaret license to Playboy Club on ground the granting of a license would not be in the public interest, was arbitrary. The Commissioner could not impose his own personal moral standards upon license applicants. That the so-called sophisticated cartoons displayed in petitioner's premises might be personally offensive to the Commissioner, or that he might equate the "bunnies" work clothes with semi-nudity, formed no basis for denial of the permit.-Playboy Club of New York, Inc. v. O'Connell, 149 (12) N.Y.L.J. (1-17-63) 14, Col. 6 T.

¶ 2. In proceeding by City of N.Y. and Department of Consumer Affairs to restrain defendant from operating a cabaret without a license defendants could not raise the defense of laches for failure of a municipality or governmental agency to enforce illegal activity at a given time does not constitute waiver of the right to do so at a different time.-City of N.Y. v. Reno Sweeney Rest, Inc., 180 (119) N.Y.L.J. (12-22-78) 11, Col. 4T.

¶ 3. Premises in which petitioner operated a restaurant and bar business and had a certificate of occupancy to permit playing of piano and two stringed instruments where dancing was permitted required a cabaret license.-Matter of Moon Luck Corp. v. Guggenheimer, 65 A.D. 2d 745 [1978].

¶ 4. Statute was not unconstitutional as applied to an establishment where patrons danced on premises where drinks were sold although its constitutionality might be questionable when applied to a five-piece band.-People v. Walter, 106 Misc. 2d 359, 431 N.Y.S. 2d 776.

**CASE NOTES**

¶ 1. Cabarets, dance halls and eating establishments must be licensed. There is an exception termed the "incidental music exception" where music may be played without dancing "by not more than three persons", § 20-359(3). City claims the numerical limitation alleviates traffic and congestion but is not a "content" based restriction. Failing to provide studies or other evidence the city has failed to show need for this regulation. The three musician limitation is unconstitutional and abridges the First Amendment rights of composers and performers. Chiasson v. Consumer Affairs, 138 Misc. 2d 394 [1988].

¶ 2. Comedy club may be deemed a cabaret for the purpose of complying with fire regulations. People v. Caroline's Comedy, 141 Misc. 2d 1061 [1988].

¶ 3. In an eviction proceeding evidence was offered that witness observed that liquor and musical instruments were on the premises. There was no evidence of an actual entertainment or amusement or that food or drink was directly or indirectly sold. This does not meet criteria to prove a cabaret license was required. Valentine Assocs. v. Plummer, 148 Misc. 2d 811 [1991].

CHAPTER 2 LICENSES

SUBCHAPTER 20 PUBLIC DANCE HALLS, CABARETS AND CATERING ESTABLISHMENTS

§ 20-360 Licenses and fingerprinting.

a. It shall be unlawful for any person to conduct, maintain or operate, or engage in the business of conducting, maintaining or operating, a public dance hall, cabaret or catering establishment unless the premises wherein the same is conducted, maintained or operated are licensed in the manner prescribed herein.

b. A membership corporation, club, association or society which permits musical entertainment, singing, dancing or other form of amusement in premises wherein food or drink is directly or indirectly sold to its members, or their guests, or to the public, shall be deemed to be conducting a cabaret hereunder.

c. A steamship or boat moored or tied to a dock, pier or shore, and which contains a dance hall or cabaret in use while so moored or tied, shall be required to obtain such license.

d. All applicants for licenses required by the provisions of this subchapter and holders of concessions on premises requiring such license shall be fingerprinted. If the applicant is a partnership, all members of the partnership shall be fingerprinted. Except in the discretion of the commissioner, if the applicant is a corporation, club, association, society or other organized groups of persons, all officers, directors, stockholders and other persons entitled to a share of the income or profits shall be fingerprinted. If the applicant for a cabaret license is the proprietor of a hotel containing more than two hundred rooms, only an officer or manager of the hotel filing the application shall be fingerprinted.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § B32-297.0 added LL 92/1961 § 3

Sub d repealed LL 91/1977 § 1

Sub d relettered LL 91/1977 § 2

(formerly sub e)

**CASE NOTES FROM FORMER SECTION**

¶ 1. Determination of Commissioner of Licenses denying cabaret license to Playboy Club was sustained. There was reasonable ground to be apprehensive that waitresses would mingle with patrons in violation of rule adopted by Commissioner under § B32-305.0.-Matter of the Playboy Club of New York, Inc., 14 N.Y. 2d 503, 248 N.Y.S. 2d 226 [1964], aff'g, 18 App. Div. 2d 339, 239 N.Y.S. 2d 262 [1963].

¶ 2. Defendant did not violate this section by allegedly operating an unlicensed cabaret where one of a performing group of three instrumentalists occasionally put down her instrument and sang solo accompanied by the patrons since her basic employment as an instrumentalist was not thereby compromised.-People v. Byrne, 84 Misc. 2d 211, 375 N.Y.S. 2d 792 [1975].

¶ 3. Defendants who were present before court facing prosecution for operation of an unlicensed cabaret in violation of this section were directly affected by enforcement of the statute and thus had standing to challenge its constitutionality; it is irrelevant that defendant never applied for a license or could have obtained a license.-People v. Walter, 106 Misc. 2d 359, 431 N.Y.S. 2d 776 [1980].

**CASE NOTES**

¶ 1. Section 20-360(b) was not unconstitutional as applied to a nominally non-commercial membership organization which in fact is a commercial enterprise selling food and beverages for profit. Thus, the court upheld an administrative finding that petitioner was guilty of operating an unlicensed caberet. Interliners Lounge Social Club, Ltd. v. Department of Consumer Affairs, 176 A.D.2d 169, 574 N.Y.S.2d 190 (1st Dept. 1991).

¶ 2. The statutory requirement that caterers be licensed is one of general applicability. Hence, the law is not pre-empted by the state Alcholic Beverages Control Act. Cowgirl, Inc. v. Department of Consumer Affairs of the City of New York, 234 A.D.2d 42, 650 N.Y.S.2d 678 (App.Div. 1st Dept. 1996).

¶ 3. A landlord sought to evict a tenant who allegedly operated an unlicensed social club. The court held that even though the landlord's witness testified that he observed bottles of liquor, this did not constitute proof that the tenant sold or possessed liquor to sell for a consideration. Thus, since the landlord failed to show that a liquor license was needed, the eviction petition was dismissed. Valentine Associates v. Plummer, 148 Misc.2d 811, 562 N.Y.S.2d 351 (Civ.Ct. Bronx Co. 1990).

§ 20-360.1 Security guards in public dance halls or cabarets.

a. It shall be a violation of this subchapter for any person to conduct, maintain or operate a public dance hall or cabaret that employs or retains the services of one or more security guards without complying with the provisions of article 7-A of the general business law.

b. A public dance hall or cabaret that employs or retains the services of one or more security guards shall maintain and make available during all hours of operation, in accordance with rules promulgated by the department, proof that each such security guard is validly registered pursuant to article 7-A of the general business law.

c. A public dance hall or cabaret shall maintain a roster of all security guards working at any given time when such public dance hall or cabaret is open to the public, and shall require each security guard to maintain on his or her person proof of registration at all times when on the premises.

d. The enforcement agency shall report any violation of the provisions of this section to the state liquor authority if the licensee holds a license pursuant to the alcoholic beverage control law.

**HISTORICAL NOTE**

Section added L.L. 35/2006 § 5, eff. Nov. 21, 2006. [See Note 1]

**NOTE**

1. Provisions of L.L. 35/2006:

§ 8. Severability. If any subdivision, sentence, clause, phrase or other portion of the local law that added this chapter is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this chapter, which remaining portions shall remain in full force and effect.

§ 9. This local law shall take effect ninety days after its enactment [Nov. 21, 2006]; provided that the relevant city agencies shall take all necessary steps, including but not limited to the promulgation of rules, to ensure the prompt implementation of this local law upon its effective date.

CHAPTER 2 LICENSES

SUBCHAPTER 20 PUBLIC DANCE HALLS, CABARETS AND CATERING ESTABLISHMENTS

§ 20-360.2 Additional security measures for cabarets and public dance halls.

a. No one shall operate a cabaret or public dance hall unless all entrances and exits used by patrons are equipped with digital video surveillance cameras, provided, however, that this section shall not apply to an establishment that operates primarily as a restaurant, as defined by section three of the alcoholic beverage control law, during all hours of operation.

b. Digital video surveillance systems shall comply with the following provisions and with the rules of the commissioner:

1. The video surveillance cameras shall be digital in nature and shall be of sufficient number, type, placement and location to view and record all activity in front of and within 15 feet of either side of each entrance or exit;

2. The video surveillance cameras shall be sufficiently light sensitive and provide sufficient image resolution (supported by additional lighting if necessary) to produce easily discernible images recorded at all times;

3. The video surveillance cameras shall record at a minimum speed of fifteen frames per second;

4. The video surveillance camera images shall be capable of being viewed through use of appropriate technology, including but not limited to a computer screen or closed circuit television monitor;

5. The video surveillance camera system shall be capable of transferring the recorded images to a portable form of media, including but not limited to compact disc or digital video disc;

6. The video surveillance cameras shall not have an audio capability;

7. The video surveillance cameras shall be maintained in good working condition;

8. Except as otherwise provided by rule, the video surveillance cameras shall be in operation and recording continuously during all hours of operation of the cabaret or public dance hall and for two hours after the cabaret or public dance hall closes;

9. The recordings made by video surveillance cameras installed and maintained pursuant to this section shall be indexed by dates and times and preserved for a minimum of thirty days so that they may be made available to the department, the police department and other government agencies acting in furtherance of a criminal investigation or a civil or administrative law enforcement purpose;

10. All recordings made by video surveillance cameras installed and maintained pursuant to this section while in the possession of the cabaret or public dance hall shall be stored in a locked receptacle located in a controlled access area, to which only authorized personnel have access, or shall otherwise be secured so that only authorized personnel may access such video recordings. All personnel authorized to access such video recordings must certify in writing that they have been informed on the appropriate use and retention of recordings as set forth in this section, and on the legal issues associated with video surveillance and the use and retention of recordings. The cabaret or public dance hall shall keep a log of all instances of requests for, access to, dissemination and use of, recorded materials made by video surveillance cameras installed and maintained pursuant to this section. Copies of the certifications by authorized employees and of the access log shall be provided to the department in accordance with its rules;

11. The use or dissemination of recordings made by video surveillance cameras installed and maintained pursuant to this section in violation of the penal law or section 50 of the civil rights law shall result in suspension or revocation of a license and a fine of not less than $5,000 nor more than $50,000; and

12. The cabaret or public dance hall shall post signage at appropriate locations, as determined by rule of the commissioner, to notify the public of its use of video surveillance equipment and the locations of video surveillance equipment so that the public has sufficient warning that surveillance is in operation.

c. Each person subject to the provisions of this section shall submit, or ensure the submission of, a report to the department within thirty days after the effective date of this section, or, in the case of a new cabaret or public dance hall, within thirty days after the establishment of such cabaret or public dance hall. Such report shall certify that the cabaret or public dance hall is in compliance with this section. Reports filed pursuant to this subdivision shall be submitted in such form and manner and containing such information as shall be provided by rule of the commissioner.

d. The department shall conduct periodic inspections of licensees to ensure compliance with the use and retention policies set forth in this section.

e. The commissioner may suspend or revoke a cabaret or public dance hall license if the licensee violates the requirements of this section and, in addition, shall impose a fine of $1,000 for each violation of paragraphs nine, ten or twelve of subdivision (b) of this section, and any additional penalties and fines as required by paragraph eleven of subdivision (b) of this section.

CHAPTER 2 LICENSES

SUBCHAPTER 20 PUBLIC DANCE HALLS, CABARETS AND CATERING ESTABLISHMENTS

§ 20-361 Issuance and renewal of license.

a. The commissioner may refuse to issue or renew a license to an applicant only upon the occurrence of any one or more of the following conditions:

1. the applicant, licensee, its officers, principals, directors and stockholders owning more than ten percent of the outstanding stock of the corporation have not submitted complete and accurate information required by the department in connection with:

(a) an application for a license or renewal thereof;

(b) an application for the approval of a change of ownership;

(c) the furnishing of a record of convictions for offenses as provided in paragraph five of this subdivision;

(d) the furnishing of financial information and records by the applicant, licensee, its officers, principals, directors and stockholders owning more than ten percent of the outstanding stock of the corporation concerning the source of funds used or intended to be used in the operation of the licensed business and the amount of total funds each such individual has invested in the business;

2. the premises on or in which the licensed business is to be conducted have not been certified as in compliance

with the health, fire, buildings, zoning and water, gas and electricity safety requirements and standards established by the laws of the city and state of New York or any other governmental authority having jurisdiction thereof;

3. with respect to a new license application for the premises on or in which the licensed business is to be conducted, there is no current certificate of occupancy to operate a public dance hall, cabaret or catering establishment;

4. the applicant, licensee, its officers, principals, directors and stockholders have not complied with the regulations of the department applicable thereto;

5. the applicant, licensee, its officers, principals, directors and stockholders owning more than ten percent of the outstanding stock of the corporation have been convicted of:

(a) any of the following offenses and there is a relationship between the offense and the conduct of a public dance hall, cabaret or catering establishment:

(i) an offense within article two hundred of the penal law relating to bribery involving public servants;

(ii) a felony within article two hundred ten of the penal law relating to perjury;

(iii) an offense within article two hundred thirty of the penal law relating to prostitution offenses;

(iv) an offense within article two hundred forty-five of the penal law relating to offenses against public sensibilities;

(v) an offense within section 260.20 of the penal law relating to unlawfully dealing with a child;

(b) any other offense which is a felony under the laws of this state or a crime committed in violation of the laws of any other jurisdiction which if committed in this state would be a felony;

(c) any offense which is a misdemeanor involving the premises on or in which the licensed business is to be conducted.

6. the applicant, licensee, its officers, principals, directors and stockholders owning more than ten percent of the outstanding stock of the corporation have suffered or permitted the premises on or in which the licensed business is to be conducted, through improper or inadequate maintenance and supervision, to be used for the commission of any of the offenses set forth in paragraph five of this subdivision;

7. the applicant, its officers, principals, directors, stockholders owning more than ten percent of the outstanding stock of the corporation and employees thereof at the premises on which the licensed business is to be conducted have at least three times been proven to be in violation of the provisions of subchapter one of chapter five of this title of this code or of any regulations promulgated thereunder.

b. The commissioner shall not issue or renew a license if the applicant, licensee, its officers, principals, directors and stockholders owning more than ten percent of the outstanding stock of the corporation have not paid, within the time permitted by law, any fine, penalty or judgment duly imposed in connection with or arising from the use, occupation or operation of the premises on which the licensed business is to be conducted.

e. Each applicant and licensee shall notify the department in writing by registered mail, return receipt requested, within three business days of receipt of notice of service of a summons for a violation relating to the operation of the business licensed or to be licensed or to the premises on or in which the business licensed or to be licensed is to be conducted and of a conviction for any offense set forth in paragraph five of subdivision a of this section occurring after the filing date of the application for a license or a renewal thereof or occurring during the term of the license.

f. In the manner prescribed in rule three hundred eighteen of the civil practice law and rules, each applicant or licensee shall designate an agent, a substitute agent and a successor agent for receiving service of process and communications from this de- partment located within the city of New York. Proof of such designation shall be filed with the license application at the department.

**CASE NOTES**

¶ 1. Plaintiffs, who were served with summonses from the Department of Consumer Affairs, for operating unlicensed cabarets in violation of this section, had standing on a motion for a preliminary injunction enjoining defendant from enforcing the ordinance to challenge the constitutionality of the section even though they had not applied for a cabaret license.-Club Winks v. City of N.Y., 99 Misc. 2d 787 [1979].

¶ 2. This section which authorizes Commissioner of Consumer Affairs to refuse to renew a cabaret license upon the basis of various types of criminal convictions, many unrelated to the use of the premises or qualifications for operating them, is unconstitutional since it vests overly broad discretion in an administrator.-Id.

¶ 3. Provision in statute requiring disclosure of all stockholders holding a minimum of a 10 percent stock interest in corporation and source of their money is unconstitutional, no compelling necessity to procure this information being showed and to do so would violate right to freedom of association and anonymity.-Id.

¶ 4. Where illegal drugs are being sold on respondent's cabaret premises, the City can use such acts as a basis for denying renewal of the cabaret license, and at the same time pursue an action for nuisance abatement. Cromwell v. Hoffman, 724 N.Y.S.2d 420 (App.Div. 1st Dept. 2001).

CHAPTER 2 LICENSES

SUBCHAPTER 20 PUBLIC DANCE HALLS, CABARETS AND CATERING ESTABLISHMENTS

§ 20-363 Fees.

a. The license herein prescribed shall be issued by the commissioner. Application for such license shall be made on a form containing such information as may be determined by the commissioner, and shall be certified to by the applicant. The fee for each cabaret or public dance hall license shall be as follows:

**[See tabular material in printed version]**

b. If additional rooms are to be used independently by the same applicant in the same premises as a public dance hall, cabaret or catering establishment, the applicant shall indicate on the application the location of each and every room or space which is to be used for such purpose. In such cases a separate license shall be required for each such additional independent room or space, and the fee for each such independent additional room or space shall be sixty dollars.

c. A partial fee in an amount equal to one-third of the applicable license fee shall be paid upon filing of an application for a license herein prescribed, in order to defray the cost of processing the application and shall not be refundable. The processing fee shall be applied against the fee to be paid for the issuance of such license as provided herein.

**CASE NOTES**

¶ 1. Discotheque "The Limelight" is licensed as a "cabaret" and also licensed to sell liquor for consumption on premises pursuant to ABCL. Petitioner is charged with violating § 20-367 requiring closing between the hours of 4:00 A.M. and 8:00 A.M. However, State liquor laws only prohibit licensed establishments from selling alcoholic beverages on premises during those hours, patrons may remain on premises and are given $^1/_2$ hour to finish drinking. State law preempts local law in this case. Limelight v. NYC Dep't of Consumer Affairs, 141 AD2d 468 [1988] affirmed 74 NY2d 761 [1989].

¶ 2. This section is pre-empted by the state Alcholic Beverages Control Law (ABC law) but only with respect to estabishments which are also licensed under the ABC law. Thus, the City could not require an ABC licensed discotheque to close at times when customers were otherwise permitted by state law to remain on the premises. Landsdown Entertainment Corp. v. New York City Dept. of Consumer Affairs, 141 AD2d 468, 530 N.Y.S.2d 574 (1st Dept. 1988).

§ 20-369 Suspension and revocation of license.

a. The commissioner may suspend or revoke a license for conduct of the licensee, its officers, principals, directors, agents or employees or in a closely held corporation, stockholders, that would constitute grounds for denying the issuance of renewal of a license pursuant to section 20-361 of this code.

b. The commissioner may suspend or revoke a cabaret or public dance hall license if the licensee violates the requirements of section 20-360.1 of this subchapter, provided, however, that the commissioner shall suspend or revoke a cabaret or public dance hall license upon the third violation by the licensee within two years of the first violation.

c. Upon application to the commissioner and prior to the reinstatement or reissuance of a suspended or revoked license, the licensee, with the commissioner's approval, shall, upon payment of the fee as specified in section 20-362 of this code, be permitted to operate for six months on a probationary license. At the end of such six month period, the license shall be reinstated or reissued unless the commissioner finds that the licensee, its officers, principals, directors, agents or employees or, in a closely held corporation, stockholders, have engaged in conduct that would constitute grounds for denying the issuance or renewal of a license pursuant to section 20-361 of this code. Upon a finding of such conduct the probationary license shall be revoked and shall not be reissued for a period of one year.

CHAPTER 2 LICENSES

SUBCHAPTER 1*5 RETAIL CIGARETTE DEALERS

§ 20-201 Definitions.

Whenever used in this subchapter:

a. "Agent" means any person authorized to purchase and affix adhesive or meter stamps under chapter thirteen of title eleven of this code who is designated as an agent by the commissioner of finance.

b. "Cigarette" shall mean (1) any roll for smoking made wholly or in part of tobacco or any other substance wrapped in paper or in any other substance not containing tobacco, and (2) any roll for smoking made wholly or in part of tobacco wrapped in any substance containing tobacco that, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in paragraph one of this subdivision. However, a roll will not be considered to be a cigarette for purposes of paragraph two of this subdivision if it is not treated as a cigarette for federal excise tax purposes under the applicable federal statute in effect on April first, two thousand eight.

c. "Commissioner of finance" means the commissioner of finance of the City of New York.

d. "Dealer" shall mean any wholesale dealer or retail dealer as hereinafter defined.

e. "Person" shall mean any individual, partnership, society, association, joint-stock company, corporation,

limited liability company, estate, receiver, trustee, assignee, referee or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals.

f. "Retail dealer" shall mean any person other than a wholesale dealer engaged in selling cigarettes. For the purposes of this chapter, the possession or transportation at any one time of five thousand or more cigarettes by any person other than a manufacturer, an agent, a licensed wholesale dealer or a person delivering cigarettes in the regular course of business for a manufacturer, an agent or a licensed wholesale or retail dealer, shall be presumptive evidence that such person is a retail dealer.

g. "Sale or purchase" shall mean any transfer of title or possession or both, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever or any agreement therefor.

h. "Wholesale dealer" shall mean any person who sells cigarettes to retail dealers or other persons for purposes of resale only, and any person who owns, operates or maintains one or more cigarette vending machines in, at or upon premises owned or occupied by any other person.

Administrative Code of the City of New York

Title 20 Consumer Affairs

CHAPTER 2 LICENSES

SUBCHAPTER 1*5 RETAIL CIGARETTE DEALERS

§ 20-202 License.

a. License required of retail dealers.

1. It shall be unlawful for any person to engage in business as a retail dealer without first having obtained a license as hereinafter prescribed for each place of business wherein such person sells cigarettes in the city.

2. It shall be unlawful for a person to permit any premises under such person's control to be used by any other person in violation of paragraph one of subdivision a of this section.

b. License application. In order to obtain a license to engage in business as a retail dealer, a person shall file an application with the commissioner for a license for each place of business that he or she desires to have for the retail sale of cigarettes in the city. The application for each license or renewal thereof shall be made upon such form as prescribed by the commissioner and shall contain such information as the commissioner shall require.

c. Fee and license term. 1. There shall be a biennial fee of one hundred ten dollars for a license to engage in the business of a retail dealer at each place of business where cigarettes are sold in the city.

2. All even-numbered licenses shall expire on December 31 of the even-numbered year, and all odd-numbered licenses shall expire on December 31 of the odd-numbered year, next succeeding the year in which the license is issued.

d. Issuance of license. 1. A license shall be issued to a person to conduct the business of a retail dealer for each place of business where such person engages in selling cigarettes in the city only where:

(A) an applicant for a license or renewal thereof meets all the requirements prescribed herein and any criteria in addition thereto established by the commissioner by rule as he or she deems necessary to effectuate the purposes of this subchapter;

(B) an applicant satisfies the commissioner that such person is fit and able to conduct the business of a retail dealer; and

(C) the commissioner has not received notification from the commissioner of finance or the commissioner of the department of health and mental hygiene that such applicant is not in full compliance with any provision of chapter thirteen of title eleven of this code, or chapter forty of title eleven of this code relating to the sale of cigarettes, or chapter seven of title seventeen of this code, or chapter eight of title seventeen of this code, or any rules promulgated by the commissioner of finance or the commissioner of the department of health and mental hygiene to effectuate the purposes of such chapters.

2. A retail dealer license shall not be assignable and shall be valid only for the persons in whose names it is issued and for the transaction of business in the place designated therein and shall at all times be conspicuously displayed at the place for which it is issued.

3. Where a license for any place of business licensed pursuant to this subchapter has been revoked, the commissioner in his or her discretion may refuse to issue a license required under this subchapter, for a period of two years after such revocation, for such place of business or for any part of the building that had contained such place of business and was connected therewith, unless the applicant for such license demonstrates with documentary proof, to the satisfaction of the commissioner, that the applicant acquired the premises or business through an arm's length transaction.

4. For purposes of revocation of retail dealer licenses pursuant to section 17-624 of the code, any violation of section 17-618, 17-619 or 17-620 by any license holder at a place of business shall be included in determining the number of violations by any subsequent license holder at the same place of business unless the subsequent license holder provides the commissioner with adequate documentation demonstrating that the subsequent license holder acquired the premises or business through an arm's length transaction and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of violations on the premises.

5. For purposes of paragraphs 3 and 4 of section 20-202, "arm's length transaction" means a sale of a fee or all undivided interests in real property, or lease of any part thereof, or a sale of a business, in good faith and for valuable consideration, that reflects the fair market value of such real property or lease, or business, in the open market, between two informed and willing parties, where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale or lease was made for the purpose of permitting the original licensee to avoid the effect of violations on the premises. The following sales or leases shall be presumed not to be arm's length transactions unless adequate documentation is provided demonstrating that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of violations on the premises:

(1) a sale between relatives; or

(2) a sale between related companies or partners in a business; or

(3) a sale or lease affected by other facts or circumstances that would indicate that the sale or lease is entered into for the primary purpose of permitting the original licensee to avoid the effect of violations on the premises, or revocation of a license.

a. A retail dealer shall make and maintain such records of cigarette sales and purchases as are prescribed by the commissioner of finance pursuant to chapter thirteen of title eleven of this code.

b. Such records as are required to be kept shall be available for inspection at the place of business for which a retail dealer license is issued and such records shall be available for inspection by the commissioner of finance or such commissioner's duly authorized representatives as to the extent necessary to ascertain whether such retail dealer is in compliance with the purposes and requirements of chapter thirteen of title eleven of this code.

CHAPTER 2 LICENSES

SUBCHAPTER 1*5 RETAIL CIGARETTE DEALERS

§ 20-206 Renewal, suspension and revocation of licenses.

a. In addition to any other powers of the commissioner, and not in limitation thereof, the commissioner may, after due notice and opportunity to be heard, refuse to renew any license required under this subchapter and may suspend or revoke such license if the person holding such license, or, where applicable, any of its officers, principals, directors, members, managers, employees, or stockholders owning more than ten percent of the outstanding stock of the corporation, has been found to have:

1. made a material false statement or concealed a material fact in connection with the filing of any application pursuant to this subchapter; or

2. not paid, within the time permitted by law, any civil penalty or judgment duly imposed pursuant to the provisions of this subchapter or any rules promulgated thereunder or pursuant to chapter thirteen of title eleven of this code, or chapter forty of title eleven of this code relating to cigarette sales.

3. violated the provisions of section 17-702 of this code or any rules promulgated thereunder.

b. In addition to the commissioner's power to refuse to renew, suspend or revoke a license as provided in subdivision a of this section, the commissioner shall be authorized to refuse to renew any license required under this subchapter and may suspend or revoke such license upon the notification by the commissioner of finance that the person

holding such license, or, where applicable, any of its officers, principals, directors, employees, members, managers, or stockholders owning more than ten percent of the outstanding stock of the corporation, has been found to have violated any provision of chapter thirteen of title eleven of this code, or of chapter forty of title eleven of this code relating to cigarette sales.

c. Upon suspending or revoking any retail cigarette license, the commissioner shall direct the holder thereof to surrender to the commissioner immediately any cigarette retail license or duplicates thereof issued to such holder for such place of business and the holder shall surrender promptly all such licenses to the commissioner as directed.

CHAPTER 2 LICENSES

SUBCHAPTER 3 AMUSEMENT DEVICES, ARCADES AND OPERATORS

§ 20-211 Definitions.

Whenever used in this subchapter, the following terms shall mean:

a. "Amusement device" means any contrivance, open to the public, that carries and conveys passengers along, around or over a fixed or restricted course or within a defined area for the purpose of amusing or entertaining its passengers, other than coin-operated amusement devices as defined in subdivision b of this section.

b. "Player-operated amusement device" means any machine, contrivance, apparatus, booth or other device intended as a game that one or more persons are permitted to play by controlling the mechanical, electrical or electronic components that are needed to operate or manipulate the game in exchange for the payment of a fee, charge or thing of value, and that provides amusement, diversion or entertainment. This shall include, but not be limited to, fixed stand coin-operated rides as defined in subdivision j of section 19-136 of this code.

c. "Amusement arcade" means any premises wherein there are operated, in any combination, five or more of the amusement devices and/or player-operated amusement devices defined in subdivisions a and b of this section.

d. "Amusement operator" means any person who maintains or operates any amusement device, gaming cafe or amusement arcade as defined in subdivisions a, c and i of this section.

e. "Amusement arcade or gaming cafe owner" means any person who owns or otherwise has legal possession or title to an amusement arcade as defined in subdivision c or a gaming cafe as defined in subdivision i of this section.

f. "Amusement device owner" means any person who owns or otherwise has legal possession or title to an amusement device as defined in subdivision a of this section.

g. "Portable amusement device" means an amusement device designed to be operated on the vehicle which is used to transport such device.

h. "Affected community board" means the community board in which an amusement device or amusement arcade would be located if a license were to be granted pursuant to this subchapter.

i. "Gaming cafe" is a place where, for a fee charged directly or indirectly, persons are provided access to three or more computers or electronic devices in which game software has been installed by or for the owner or operator for the purpose of playing a game on the premises.

CHAPTER 2 LICENSES

SUBCHAPTER 3 AMUSEMENT DEVICES, ARCADES AND OPERATORS

§ 20-214 License requirements.

a. Generally.

(1) The application shall be made on a form to be provided by the commissioner and shall include such information as the commissioner shall deem pertinent.

(2) Every amusement device owner, gaming cafe owner or amusement arcade owner must submit to the department either a valid certificate of occupancy or an equivalent document duly issued by the department of buildings stating that the premises in which such amusement device, gaming cafe or amusement arcade is to be located is situated in an area which is zoned to permit such use or a valid, current permit or special permit has been granted by the appropriate city agency permitting such use at the given location. If such permit or special permit shall expire or be terminated for any reason during the pendency of any license, the licensee shall present to the department a new permit or special permit authorizing such continued use of the premises for an amusement device, gaming cafe or amusement arcade. If such new permit or special permit is not presented within ten days of the expiration of the prior permit or special permit, such amusement device license, gaming cafe or amusement arcade license shall be terminated automatically and without any requirement of notice or hearing by the department.

(3) Within fifteen days of receipt of a new application for a license to operate an amusement device, gaming cafe or an amusement arcade, the commissioner shall give notice of such new application to the affected community

board and the council member for that district. The affected community board shall have fifteen days from receipt of the notification to comment on such application to the department.

(4) The commissioner shall promptly notify the affected community board and the council member for that district of the final disposition of any license application that was subject to comment by the community board under paragraph three of this subdivision.

b. Amusement Devices.

(1) In order to apply for an amusement device license, the amusement device owner must present to the department a completed application at least thirty days before the amusement device is to be operated.

(2) Every amusement device owner must submit with his or her license application for an amusement device proof that he or she has purchased insurance or posted cash or other security in an amount not less one million dollars ($1,000,000) per occurrence or a bond in an amount not less than two million five hundred thousand dollars ($2,500,000) in the aggregate against liability for injury to persons arising out of the use of the amusement device. In addition, the application must be accompanied by the certificates of insurance for workers' compensation and disability coverage.

(3) Every amusement device owner must submit proof that an inspection of the amusement device was made by the department of buildings, and that such amusement device passed an elevator and/or electrical control inspection prior to the issuance or renewal of a license.

(4) Every portable amusement device shall be equipped with a stairway on either or both sides thereof so that the stairway in use at any time for access to or egress from such portable amusement device shall at all times be within a reasonable distance from the sidewalk, such distance to be determined at the discretion of the commissioner. The operator of such portable amusement device shall not at any time permit any person to be admitted to the portable amusement device or to depart therefrom except by the stairway.

c. Amusement Arcades and Gaming Cafes.

(1) The commissioner, at the time an amusement arcade or gaming cafe license application is made, may prescribe conditions for the operation of such amusement arcade or gaming cafe in order to minimize adverse effects on the surrounding area, including, but not limited to, prescribing hours of operation and requirements for security and supervision. After a license is granted, the commissioner may prescribe such conditions from time to time upon notice and opportunity to be heard.

(2) Each player-operated amusement device located within an amusement arcade or gaming cafe shall display a sign or signs, located and designed so as to be discernible by all players and prospective players, setting forth the rules of play, including the price of each game.

(3) Where the amusement arcade or gaming cafe owner or the amusement operator in the amusement arcade or gaming cafe offers free games or prizes, signs shall be required to set out with clarity the number of wins or the score required to obtain a free game or prize; provided, however, that no amusement arcade or gaming cafe owner or amusement operator in the amusement arcade or gaming cafe shall offer money prizes or awards or such other prizes or awards which are redeemable or may be redeemed in money at the amusement arcade or gaming cafe or any other establishment, or which may be used as a credit or allowance or which may be exchanged for any money, credit or allowance.

(4) No amusement arcade or gaming cafe owner or operator shall permit persons under the age of eighteen, unless such persons are otherwise exempt under New York State Education Law, to enter or remain in an amusement arcade or gaming cafe between the hours of nine a.m. through three p.m. on weekdays during the regularly scheduled

school year for public schools. Such owners shall prominently display a sign stating that, unless exempt by New York State Education Law, persons under eighteen years of age are not to enter or remain on the premises at such times and that the truancy laws of the state of New York will be enforced.

d. Placement and Operation. No amusement device or player-operated amusement device or group of amusement devices and/or player-operated amusement devices shall be placed or operated in such a manner as to obstruct, or cause by the congregating of persons, an obstruction to, or interfere with, any public corridor or passageway, or to obstruct the entrance or exit to any premises. No amusement device or player-operated amusement device or group of amusement devices and/or player-operated amusement devices shall be placed on a public sidewalk in front of or adjacent to an amusement arcade or gaming cafe.

a. No person shall operate a player-operated amusement device or a gaming cafe within two hundred feet of a public or a private elementary or secondary school.

b. The provisions contained in subdivision a of this section shall not apply to fixed stand coin operated rides as defined in subdivision j of section 19-136 of this code.

c. Any person who violates the provisions of this section or any rules promulgated hereunder shall be guilty of a class B misdemeanor. In addition, the commissioner may, upon due notice, hold hearings to determine whether violations of the provisions of this section have occurred. Such notice shall contain a concise statement of the facts constituting the alleged violation and shall set forth the date, time and place of the hearing. Upon a finding of a violation of the provisions of this section, the commissioner shall be authorized to impose a civil penalty of not more than five hundred dollars.

**DERIVATION**

Formerly § B32-45.0 added chap 929/1937 § 1

Sub d added LL 172/1939 § 12

Sub b amended LL 9/1943 § 1

(Special provision LL 9/1943 § 3)

Sub b amended LL 25/1947 § 1

Amended LL 48/1965 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Not only the applicant's character, but the character of the premises where a poolroom is to be operated, is an important factor in determining whether a license is to be granted or rejected.-Weinberg v. Moss, 112 (129) N.Y.L.J. (12-5-44) 1563, Col. 7 M.

¶ 2. Where petitioner's poolroom was near a school and convent, two churches and a rectory and he failed to disclose an arrest and conviction for vagrancy in 1935 and jostling in 1941, the denial of a poolroom license was not arbitrary.-Hill v. O'Connell, 145 (44) N.Y.L.J. (3-2-61) 14, Col. 2 M.

¶ 3. Petitioner **held** entitled to restoration of his poolroom license, which the Commissioner of Licenses had revoked or threatened to revoke, where it appeared that petitioner had held his license under annual renewals since 1930, that his establishment constituted a substantial investment in a busy part of the City, and that the record merely showed the arrest of an employee on a misdemeanor charge for allegedly allowing a fifteen-year-old boy to take part in a game of pool but the employee had been discharged on his own recognizance, that two summonses were issued for failure to display a sign showing the number allowed to congregate on the premises and failure of an employee to have an attendant's license, but the complaints were dismissed, and that in addition there had been over a fourteen-year period since 1930 fifteen additional "arrests" and one "summons", all of which resulted in dismissals insofar as petitioner was involved and also insofar as others were involved except that on one occasion in 1930 and one in 1933 patrons were convicted of disorderly conduct and received suspended sentences.-In re Katz (Moss), 184 Misc. 133, 55 N.Y.S. 2d 131, 50 N.Y.S. 2d 428 [1944], aff'd, 269 App. Div. 854, 56 N.Y.S. 2d 539 [1945].

¶ 4. In determining propriety of granting a license to operate a bowling alley, the Commissioner of Licenses was entitled to consider the location and suitability of the premises, and the character of the applicant.-In re Rosenberg (Moss), 106 (38) N.Y.L.J. (8-14-41) 343, Col. 7 M, aff'd without opinion, 266 App. Div. 845, 43 N.Y.S. 2d 852 [1944], aff'd, 296 N.Y. 595, 68 N.E. 2d 880 [1946].

¶ 5. Revocation of billiard and pool license merely because two persons convicted of attempted burglary told the authorities that they had planned the crime in petitioner's poolroom, where they spent most of their leisure time, **held** unreasonable, and reinstatement of the license would be directed, where neither petitioner nor her husband had ever been convicted of a crime and had never heard of the convicted men, there had been no complaints against petitioner and her associates for the five years they had had their license, and the husband, who managed the poolroom, had been doing such work for 40 years and had never had a complaint made against him.-In re Kats (Moss), 111 (41) N.Y.L.J. (2-19-44) 674, Col. 4 M.

¶ 6. Action of Commissioner of Licenses in revoking petitioner's poolroom license was arbitrary where there was no evidence to indicate that petitioner knew or might have known that his poolroom was frequented by any known criminal or used by any person planning a crime.-In re Marconi (Moss), 111 (82) N.Y.L.J. (4-20-44) 1537, Col. 7 F.

¶ 7. Refusal of Commissioner of Licenses to grant petitioner a license for operation of a pool and billiard academy at a certain address on ground the police captain of the precinct recommended denial of the license because an unwholesome reputation had been acquired by the premises, **held** not illegal on theory the Commissioner had made the approval of the Police Department a condition precedent to issuance of a license, since actually the Commissioner had merely referred the application to the Police Department for its advisory comment and had not surrendered any prerogative of his office.-In re Rosen (Moss), 101 (112) N.Y.L.J. (5-15-39) 2238, Col. 7 M.

¶ 8. The Commissioner of Licenses reasonably refused petitioner a pool hall license where the premises in question had a bad history, including arrests of patrons and proceedings against the former licensee, deceased.-In re Holloman (O'Connell), 140 (68) N.Y.L.J. (10-6-58) 12, Col. 7 F.

¶ 9. The denial of an application to operate a billiard parlor was not arbitrary where the area where the parlor would be located was predominantly residential, was within 350 feet of a public library and the application was opposed by 89 residents and business people in the area.-Brooks v. O'Connell, 148 (98) N.Y.L.J. (10-21-62) 14, Col. 5 M.

¶ 10. Commissioner's revocation of petitioner's bowling alley license because of a single instance in which an inspector had discovered a boy under the age of 16 engaged in setting up pins in the establishment, **held** to have been arbitrary, where petitioner had operated a bowling alley for 30 years and had invested a substantial sum of money therein, petitioner had not been represented by counsel at the hearing, and petitioner stoutly contended that he had not hired the boy but that a group of players had asked the boy to set up the pins for them for a final game.-In re New Orpheum Bowling Academy, Inc. (Moss), 113 (1) N.Y.L.J. (1-2-45) 13, Col. 5 F.

¶ 11. Revocation of petitioner's bowling alley license because of employment after midnight of a pin setter who was only 16 years of age, **held** to constitute an abuse of discretion where the pin setter was a runaway boy who had stated to petitioner that he was 20 years of age and a veteran of the present war, and had produced a baptismal certificate indicating that he was of the age claimed, and explained his lack of social security and selective service cards by fact that a pick-pocket had relieved him of them.-In re Lindauer (Moss), 52 N.Y.S. 2d 860 [1945].

¶ 12. Revocation of petitioner's license to conduct a bowling alley because petitioner employed a boy $17\frac{1}{2}$ years of age, who was setting up pins at 1:30 in the morning, was deemed unreasonable and arbitrary, inasmuch as there is no positive law against a boy of such age working at such occupation after midnight, and the boy was five feet 10 inches tall and weighed 175 pounds, and testified that the work did not interfere with his progress in high school and that he desired to continue the work until he was graduated or was ready to join the armed forces.-Gardners Bowling Centre, Inc. v. Moss, 269 App. Div. 709, 54 N.Y.S. 2d 196 [1945], aff'd, 294 N.Y. 960, 63 N.E. 2d 186 [1945].

¶ 13. Administrative Code § B32-46.0 provides an absolute prohibition against the use of a public bowling alley by a person under 16 years of age. There is no conflict between this provision and P.L. § 48 (1, 2), insofar as the latter relates to the same subject. Opinion of Attorney General dated Nov. 27, 1944.

¶ 14. A violation of the provisions of Administrative Code § B32-46.0, subd. c, providing that every keeper of a public bowling alley shall maintain good order and allow no person under 16 years of age to bowl therein, is **malum prohibitum,** not **malum in se,** and while the law does not require proof of intent in the application of a **malum prohibitum** statute, it does require that such a statute be strictly construed.-People v. Erwich, 118 N.Y.S. 2d 98 [1952].

¶ 15. Refusal of License Commissioner to issue to petitioners a license to run a billiard parlor on ground petitioners were intimately connected with an organization which, under guise of a political and social club, was a gambling resort, and that many arrests had been made in such place and petitioners had been among those arrested, **held** not to have been arbitrary so as to warrant a mandamus to compel issuance of license.-Matter of Peris (Moss), 98 (104) N.Y.L.J. (11-3-37) 1469, Col. 2 M.

¶ 16. Refusal of Commissioner of Licenses to issue to petitioner a license for operation of a pool and billiard academy on certain premises, **held** not to have been arbitrary or illegal, notwithstanding the good reputation of the

petitioner, where during the preceding eight years 179 persons had been arrested upon the premises for gambling, policy playing, bookmaking and disorderly conduct, and the police captain in the precinct had recommended a denial of the application.-In re Rosen (Moss), 101 (112) N.Y.L.J. (5-15-39) 2238, Col. 7 M.

¶ 17. Commissioner's refusal to renew petitioner's license to operate a billiard room at certain premises, **held** not to have been arbitrary where there had been a long record of arrests on the premises for card gambling and bookmaking, and the place had become a habitat of gamblers, particularly boys and young men.-In re Bobroff (Moss), 183 Misc. 851, 51 N.Y.S. 2d 950 [1944].

¶ 18. Action of Commissioner of Licenses in refusing to renew petitioner's licenses to run a pool room and bowling alley, **held** not to have been arbitrary, where petitioner was twice arrested three years prior thereto for bookmaking and pleaded guilty on both occasions, and on four separate occasions in connection with applications for license renewal he had admittedly made false statements by concealing such convictions.-Matter of Schwab (Moss), 112 (73) N.Y.L.J. (9-26-44) 645, Col. 3 T.

¶ 19. Commissioner's refusal to issue to petitioner a billiard parlor license, **held** not arbitrary where license of petitioner's father, who had been the original licensee, was revoked following his indictment for bribery, and keeping and maintaining a betting establishment, and petitioner had acquired the billiard parlor through a sale, purportedly made prior to the father's indictment and arrest, whereby petitioner was to pay $300 down and $20 per week for two years, for a total of $3200. It appeared that the arrangement would continue the operation of the billiard parlor under the father's control, and the father could take over at any time upon petitioner's failure to make the weekly payments.-In re Blum (Moss), 114 (129) N.Y.L.J. (12-5-45) 1587, Col. 2 F.

¶ 20. Refusal of Commissioner of Licenses to renew petitioner's pool and billiard academy license, **held** to have been arbitrary, and an order would issue directing the Commissioner to renew the license.-In re Blumenthal (McCaffrey), 124 (72) N.Y.L.J. (10-13-50) 797, Col. 5 F; Katz v. McCaffrey, 124 (72) N.Y.L.J. (10-13-50) 797, Col. 6 T.

¶ 21. Act of Commissioner of Licenses in denying a renewal of petitioner's license to operate a pool room because during a five-year period there were four complaints of illegal gambling, three arrests on the premises and two surveys by the Police Department which recommended continued police attention against the premises, **held** to have been arbitrary, where there had been complete exoneration of the licensee and the licensed premises after investigations by the Police Department of the complaints of illegal gambling and the acquittal and dismissal of the three criminal charges, the license had been renewed each year after the Commissioner was cognizant of the complaints and arrests and alleged character of the neighborhood, and after the arrest of petitioner's brother the license was at first suspended and then reinstated, petitioner, relying on such reinstatement, had committed himself to a five-year lease, and since such reinstatement no complaint or arrest had been made.-Feder v. McCaffrey, 110 N.Y.S. 2d 488 [1952].

¶ 22. Determination of Commissioner of Licenses denying petitioner's application for a license to operate a pool and billiard parlor at certain premises on ground the premises had become a habitat for a gambling syndicate, was sustained, as on the facts the decision could not be said to be capricious or unreasonable.-Bloom v. McCaffrey, 126 (85) N.Y.L.J. (10-31-51) 1074, Col. 5 F.

¶ 23. Denial by Commissioner of Licenses of a license to petitioner to operate a pool and billiard parlor at certain premises which had been purchased by petitioner in August, 1951, in which premises petitioner had operated under a license expiring in August 1, 1952, **held** to have been arbitrary, where the denial was based on 16 complaints received by the Police Department since 1936 concerning alleged gambling activities conducted in the premises and alleged numerous arrests made therein for violations of law. However, it was not claimed that any of the arrests resulted in a conviction, petitioners were persons of unblemished record, the 16 complaints were all based on hearsay, and although some basis for complaint arose years ago nevertheless annual licenses had been issued.-In re Bensom Recreation Center, Inc. (McCaffrey), 128 (12) N.Y.L.J. (7-17-52) 102, Col. 1 F.

¶ 24. Commissioner's denial of license to petitioner for operation of pool room at certain premises because of considerations that a number of arrests had been made for illegal gambling at the premises during a period of operation of the premises by petitioner's cousin, that petitioner had refused to testify before a deputy commissioner as to circumstances pertaining to transfer of the pool room to him by his cousin, that testimony at hearings before deputy police commissioner indicated use of the premises for bookmaking, and that the pool room had become known as headquarters for the conduct of illegal gambling, **held** not to have been arbitrary, as in his discretion the Commissioner may determine that the public interest would best be served by not allowing a license for a pool room which had been used for illegal purposes.-Feder v. McCaffrey, 110 N.Y.S. 2d 488 [1952].

¶ 25. Since petitioner was not entitled to a hearing on his application for a license as a matter of right, the Commissioner in reaching his determination had a right to consider any information concerning the matter that had come to his knowledge, even if it were hearsay and was secured in the absence of confrontation by petitioner. That the violations of law occurred prior to petitioner's acquisition of the premises did not preclude consideration thereof.-Id.

¶ 26. Refusal of Commissioner of Licenses to renew petitioner's pool room and billiard parlor license because of alleged laxity in supervision which had resulted in the death of a female employee who had been discovered in a bleeding condition in the female employee's dressing room and had died shortly thereafter, **held** not to have been arbitrary, as negligence on part of the management was clearly established whatever version of the details be credited.-Strand Billiard Academy, Inc. v. Moss, 269 App. Div. 733, 54 N.Y.S. 2d 226 [1945], reversing, 51 N.Y.S. 2d 494 [1944], aff'd without opinion, 294 N.Y. 865, 62 N.E. 2d 490 [1945].

¶ 27. Refusal of Commissioner of Licenses to issue a poolroom license to petitioner, **held** not to have been arbitrary where the premises were located within 500 feet of the church, there was another established poolroom in the neighborhood, and objections to the license were voiced by the pastor of the church, the police of the precinct and others in the neighborhood.-Serra v. McCaffrey, 128 (45) N.Y.L.J. (9-3-52) 363, Col. 7 M.

¶ 28. Denial of license to conduct a billard parlor was not arbitrary, where there were in the immediate vicinity several religious institutions, a public library and a public school, and several residents objected to the application.-In re A. & P. Billiards, Inc. (O'Connell), 150 (47) N.Y.L.J. (9-5-63) 14, Col. 2 M.

¶ 29. Denial of application for a billiard parlor license, was not arbitrary, in view of proximity of proposed premises to a public high school, and objections from a neighborhood parish priest, the local PTA, a community leader, a local civic association and many neighborhood residents.-In re Barovick (O'Connell), 149 (76) N.Y.L.J. (4-19-63) 16, Col. 4 M.

¶ 30. Refusal of Commissioner of Licenses to issue a bowling alley license to petitioner, **held** not to have been arbitrary or capricious, inasmuch as the Commissioner might reasonably have based his decision on considerations that while the alley was to be located in a business zone district it would be in a newly developed residential suburban section where it might be disquieting to the neighborhood, attract undesirables and create traffic problems, and that upon the hearing a great number of property owners and occupants, civic organizations and governmental agencies had protested against the proposed licensing.-In re Rosenberg (Moss), 106 (38) N.Y.L.J. (8-14-44) 343, Col. 7 M, aff'd without opinion, 266 App. Div. 845, 43 N.Y.S. 2d 852 [1944], aff'd, 296 N.Y. 595, 68 N.E. 2d 880 [1946].

¶ 31. Refusal of Commissioner of Licenses to issue a bowling alley license to petitioner for a bowling alley to be situated in basement of a one-story taxpayer building which was about completed in a business district of Jackson Heights, **held** not to have been an abuse of discretion, where, after the receipt in April, 1941, of a letter from a resident of the neighborhood expressing opposition to the bowling alley the Commissioner had made an investigation with a view to having an application for a license made as soon as possible, the builder and petitioner were notified thereof and knew of the protest, the Commissioner had ordered a discretionary hearing when application was finally made by petitioner, and objections to the application had been filed by 35 persons living in the vicinity, most of whom were tenant owners of co-operative apartments, and by a Parent-Teachers Association of a public school located diagonally

opposite the site.-In re Jackson Heights Recreations, Inc. (Moss), 106 (70) N.Y.L.J. (9-22-41) 708, Col. 2 M.

¶ 32. Refusal of Commissioner of Licenses to issue license permitting petitioner to operate a bowling alley at premises adjoining a commercial high school for girls, with a student body of 1,600, on ground the alley would tend to encourage delinquency, would not be disturbed, particularly in view of objections voiced by the school authorities and parents who feared that the bowling alley would attract a loitering element which would constitute a moral danger to the girls.-Erwich Bowling Center, Inc. v. Canella, 82 N.Y.S. 2d 192 [1948].

¶ 33. Where petitioner had been granted a license to operate a pool room and had immediately thereafter obtained a lease upon the premises, purchased equipment, contracted for alterations, made expenditures of over $2,000 and incurred obligations for several thousand dollars more, subsequent revocation of the license at a rehearing was set aside as being without factual evidence, where petitioner's character had not been attacked by any witness, within the radius of a few blocks of petitioner's premises three other pool rooms were operating, and a police officer assigned to the area testified that there were no bad boys in the neighborhood. To hold that a public pool room is in and of itself dangerous to the public welfare is a matter for a legislative body and not for an administrative officer.-In re Greenspan, 102 (83) N.Y.L.J. (10-7-39) 1027, Col. 6 F.

¶ 34. Unless the Commissioner of Licenses was arbitrary or capricious in refusing a grant a license to petitioner to operate a bowling alley, the courts were bound to respect his judgment and might not substitute their discretion for his.-In re Rosenberg (Moss), 106 (38) N.Y.L.J. (8-14-44) 343, Col. 7 M, aff'd without opinion, 266 App. Div. 845, 43 N.Y.S. 2d 852 [1944], aff'd, 296 N.Y. 595, 68 N.E. 2d 880 [1946].

¶ 35. A prosecution under Administrative Code § B32-46.0, subds. c and d, must be leveled at the "keeper" of the public bowling alley. The word "keeper" is broad enough to include the owner and also employees, agents and representatives of the owner, lessees and generally any person who owns, manages, operates or conducts the alley, and is also sufficiently broad to include a corporate or partnership as well as an individual owner.-People v. Erwich, 118 N.Y.S. 2d 98 [1952].

¶ 36. Complaint against defendant for alleged violation of Administrative Code § B32-46.0, subd. c, for permitting four people under the age of 16 years to bowl at bowling alley, was dismissed for failure to make prima facie case, where defendant was not the owner of the bowling alley and was not present at time of the alleged violation. That he was the president or the owner was not sufficient in and of itself to qualify him as the keeper under the facts of the case.-Id.

¶ 37. That the premises were located in a business district and operation of a bowling alley therein was not prohibited by the zoning ordinance, did not ipso facto give rise to a legal right to a license for operation of a bowling alley.-In re Jackson Heights Recreations, Inc. (Moss), 106 (70) N.Y.L.J. (9-22-41) 708, Col. 2 M.

¶ 38. Commissioner of Licenses, having been directed by court order to issue a temporary license to petitioner to operate a billiard parlor, might not issue a license limiting operation to 1 A.M. where formerly the license permitted operation until 5 A.M., other billiard parlors in the vicinity were allowed to operate later than 1 A.M., and the incidents relied upon by the Commissioner as justifying the restriction in operation had all been presented to the justice who had granted the order directing issuance of the license.-In re Strand Billiard Academy, Inc. (Moss), 112 (144) N.Y.L.J. (12-22-44) 1799, Col. 2 T.

¶ 39. Petitioner purchased a bowling alley in September of 1960 and was allowed to continue operations under predecessor's license pending disposition of his own application. In November of 1960 the Department of Licenses issued a summons to the predecessor for a departmental hearing for an incident which occurred in May of 1960. Following failure to appear the license was suspended in December of 1960. Petitioner continued to operate thereafter, and his application for a license was denied because of such continued operation. **Held,** such denial was not arbitrary, but such permanent disqualification appears unduly harsh and the matter is remitted for further consideration.-Janiace

Lanes Inc. v. O'Connell, 145 (56) N.Y.L.J. (3-23-61) 13, Col. 1 M.

¶ 40. The Court would not direct the Commissioner of Licenses to issue a pool and billiard parlor license where the Borough Superintendent had denied the use of the property for such purposes because of a zoning ordinance.-Valelortlino v. O'Connell, 147 (59) N.Y.L.J. (3-27-62) 14, Col. 3 T.

SUBCHAPTER 4 BILLIARD AND POCKET BILLIARD TABLES AND BILLIARD AND POCKET BILLIARD ROOMS*4

§ 20-216 Definitions.

Whenever used in this subchapter, the following terms shall mean:

1. "Billiard and pocket billiard room". Any room or place in the city in which billiards or pocket billiards are played, and which includes three or more billiard or pocket billiard tables, which are available or held out to persons as being available, for the purpose of playing billiards or pocket billiards.

2. "Person". An individual, corporation, club, partnership, association, society or any other organized group of persons and shall include officers, directors and trustees of a corporation club association or society.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

Subd. 1 amended L.L. 32/2007 § 1, eff. Oct. 31, 2007. [See Note 1]

Subds. 3, 4 repealed L.L. 10/1995 § 4, eff. Aug. 1, 1995.

**DERIVATION**

§ 20-217 Prohibitions.

It shall be unlawful for a person, firm, corporation, association, society or any other organized group of persons holding such license to:

1. Suffer or permit any game of chance to be played or gambling in any manner on the licensed premises.

2. Suffer or permit the licensed premises to become disorderly.

3. Sell, barter, furnish or possess in such billiard room or place any habit forming drugs or any appliances for administering same.

4. Suffer or permit any minor under the age of sixteen years to enter or remain in such billiard or pocket billiard room or place unless accompanied by his or her parent or guardian, or by an adult person authorized by his or her parent or guardian.

SUBCHAPTER 6 SIDEWALK CAFES

§ 20-223 Definitions.

Whenever used in this subchapter:

a. "Sidewalk cafe" shall mean a portion of a restaurant operated under permit from the department of health and mental hygiene, located on a public sidewalk, that is either an enclosed or unenclosed sidewalk cafe.

b. "Enclosed sidewalk cafe" shall mean a sidewalk cafe which is constructed predominantly of light materials such as glass, slow-burning plastic or lightweight metal.

c. "Unenclosed sidewalk cafe" shall mean a space on the sidewalk which contains readily removable tables and chairs.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

Subd. a amended L.L. 8/2003 § 1, eff. Mar. 27, 2003 or a later date as

per L.L. 8/2003 § 20. [See Note 1]

Subd. a amended LL 84/1985 § 1

**DERIVATION**

Formerly § B32-53.0 added chap 929/1937 § 1

Repealed and added LL 50/1982 § 2

NOTE 1. Provisions of L.L. 8/2003: §13. Any agency or officer to which are assigned by or pursuant to this local law any functions, powers and duties shall exercise such functions, powers and duties in continuation of their exercise by the agency or officer by which the same were heretofore exercised and shall have power to continue any business, proceeding or other matter commenced by the agency or officer by which such functions, powers and duties were heretofore exercised. Any provision in any law, rule, regulation, contract, grant or other document relating to the subject matter of such functions, powers or duties, and applicable to the agency or officer formerly exercising the same shall, so far as not inconsistent with the provisions of this local law, apply to the agency or officer to which such functions, powers and duties are assigned by or pursuant to this local law. §14. Any rule or regulation in force on the effective date of this local law, and promulgated by an agency or officer whose power to promulgate such type of rule or regulation is assigned by or pursuant to this local law to some other agency or officer, shall continue in force as the rule or regulation of the agency or officer to whom such power is assigned, except as such other agency or officer may hereafter duly amend, supersede or repeal such rule or regulation. §15. No existing right or remedy of any character accruing to the city shall be lost or impaired or affected by reason of the adoption of this local law. §16. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by or pursuant to this local law be assigned or transferred to another agency or officer, but in that event the same may be prosecuted or defended by the head of the agency or the officer to which such functions, powers and duties have been assigned or transferred by or pursuant to this local law. §17. Any license, permit or other authorization in force on the effective date of this local law, and issued by an agency, where the power of such agency to issue such license, permit or authorization is assigned by or pursuant to this local law to another agency or officer, shall continue in force as the license, permit or authorization of such other agency, or officer, except as such license, permit or authorization may expire or be altered, suspended or revoked by the appropriate agency or office pursuant to law. Such license, permit or authorization shall be renewable in accordance with the applicable law by the agency or officer with such power pursuant to law, including this local law. §18. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance shall be held invalid, the remainder of this local law and the application thereof shall not be affected thereby. §19. This local law shall apply to all licenses, permits or other authorizations in force as of its effective date. §20. This local law shall take effect on the later of the date 45 days after its enactment into law or the date upon which amendments to Chapter 4 of Article I of the Zoning Resolution, relating to sidewalk cafe regulations, are adopted, whichever date is later, provided that the City agencies affected, including, but not limited to, the department of consumer affairs and the department of transportation, may take any actions necessary to effectuate the provisions of this local law prior to its effective date, including promulgation of rules prior to such effective date.

*NYC Administrative Code 20-224*

Administrative Code of the City of New York

Title 20 Consumer Affairs

CHAPTER 2 LICENSES

SUBCHAPTER 6 SIDEWALK CAFES

§ 20-224 License required.

a. Any person owning, leasing, managing or operating a restaurant under permit from the department of health and mental hygiene upon property which abuts upon any street within the city may maintain or operate upon the sidewalk of such street in an area immediately adjacent to its premises, a sidewalk cafe, provided that such sidewalk cafe shall be granted a license and a revocable consent by the commissioner.

b. The commissioner, consistent with the provisions of this subchapter and the applicable provisions of the zoning resolution, shall establish such rules, regulations, terms and conditions as the commissioner deems proper in respect to the granting and issuance of such licenses and revocable consents, priorities or rights between applicants for a license covering the same space, and operation (including hours of operation) and maintenance of any sidewalk cafe, to ensure good order and to prevent undue obstruction of the sidewalk, which shall have the force and effect of law. A license to operate a sidewalk cafe shall be issued after the review and approval of a petition for a revocable consent to construct and operate such sidewalk cafe pursuant to the provisions of section 20-225, 20-226 or 20-227 of this subchapter. The operator of a sidewalk cafe under license from the commissioner shall cause the boundary of the area licensed as a sidewalk cafe to be marked in a manner prescribed under rules promulgated by the commissioner.

c. No license shall be granted for an enclosed sidewalk cafe until an alteration permit or any other required permit is issued by the department of buildings. No license shall be granted for a sidewalk cafe located in a historic district, on a landmark site or attached or adjacent to a landmark or an improvement containing an interior landmark

without the required approval of the landmarks preservation commission. No license shall be granted for an unenclosed cafe which obstructs the means of egress from any portion of a building nor for any unenclosed cafe with an awning unless a permit therefor is issued by the department of buildings.

d. The fee for such license shall be at the rate of five hundred and ten dollars for a two-year license. Such license fee shall be in addition to any fee imposed, pursuant to rules of the commissioner, upon approval of a petition for a revocable consent, or a renewal of such revocable consent, to construct and operate a sidewalk cafe or any other applicable fee.

e. A licensee must provide waiter or waitress service to patrons in the sidewalk cafe if alcohol is served. If no alcohol is served at the restaurant, a licensee must provide adequate service to maintain tables in the sidewalk cafe and the adjacent sidewalk in a manner that ensures good order and cleanliness.

f. The license shall be personal to the applicant and may not be sold, leased or transferred and shall be deemed revoked by the sale or transfer of the lease or of title to the building or structure to which the sidewalk cafe is related.

CHAPTER 2 LICENSES

SUBCHAPTER 6 SIDEWALK CAFES

§ 20-225 Review and approval of petitions for revocable consents to construct and operate enclosed sidewalk cafes which do not require special permits.

A petition for a revocable consent to construct and operate an enclosed sidewalk cafe which does not require a special permit modification pursuant to the zoning resolution shall be reviewed and approved in the following manner:

a. The petition shall be in such form as prescribed by the department. The petition shall be filed with the department which, within five days of the filing of such petition, shall forward copies thereof to the department of city planning, the department of environmental protection and the landmarks preservation commission for review pursuant to subdivision b of this section. The department shall forward copies of the petition, within five days of the filing of such petition, to the speaker of the council and to the council member in whose district the cafe is proposed to be located, for informational purposes.

b. The agencies to which the petition has been forwarded shall review the petition and shall indicate any objections to such petition, including any determination by the landmarks preservation commission that the petition requires a certificate of appropriateness, by filing written comments with the department of city planning within twenty-one days of the receipt thereof. The failure of an agency to indicate its objections within the prescribed time to the department of city planning shall be construed to mean that such agency has no objections.

c. If no objections to such petition are filed within the twenty-one day period prescribed in subdivision b of this

section, the department of city planning shall forward the petition within five days after the close of such period to the community board for the community district in which the cafe is proposed to be located, and such board shall review such petition pursuant to subdivision e of this section.

d. If any objections exist, including any objections by the department of city planning, the department of city planning shall inform the petitioner of the objections and that review of the petition has been stayed until the objections indicated are resolved. If the objections are not resolved within six months from the date the petitioner is informed that review of the petition has been stayed, such petition shall be deemed to have been withdrawn. If the objections are resolved within the prescribed time, the department of city planning shall forward the petition within five days of such resolution to the council member in whose district the cafe is proposed to be located and to the community board for the community district in which the cafe is proposed to be located, and such board shall review the petition pursuant to subdivision e of this section.

e. The community board shall, not later than forty-five days after receipt of such petition, either (i) notify the public of the petition in a manner specified by the city planning commission, conduct a public hearing thereon and submit a written recommendation to the department and to the council or (ii) waive by a written statement its public hearing and recommendation on such petition, and submit such statement to the department and to the council.

f. Within thirty days after the expiration of the forty-five day period allowed for the filing of a recommendation or waiver by the community board, the department shall (i) hold a public hearing on the petition, (ii) approve the petition, disapprove it or approve it with modifications, and (iii) file with the council any such decision to approve or approve with modifications, together with the petition. If within the time period provided, the department fails to take the actions on a petition provided for in the preceding sentence, the petition shall be deemed to have been denied. For a period of not less than fifteen calendar days prior to the date of such public hearing, the petitioner shall post notice of the public hearing in a place conspicuous to public view at the location of the proposed sidewalk cafe. At least fifteen days prior to the date of such hearing, the department shall give notice to the community board for the district in which the cafe is proposed to be located, to the president of the borough in which the cafe is proposed to be located and to the council member in whose district the cafe is proposed to be located. Not less than five calendar days prior to the date of any such hearing, notice of the hearing shall be published in the City Record and in one newspaper of local circulation in the community where the cafe is proposed to be located. No other notice requirements shall apply to hearings for revocable consents for sidewalk cafes.

g. Within twenty days of the date the petition is received by the council pursuant to subdivision f of this section, the council may resolve by the majority vote of all council members to review the petition. If the council does not so resolve, the approval of the petition by the department shall be forwarded to the mayor for approval pursuant to subdivision i of this section.

h. If the council resolves to review a petition pursuant to subdivision g of this section, the council shall hold a public hearing, after giving public notice not less than five days in advance of such hearing. The council shall take final action on the petition and shall file with the mayor its resolution, if any, with respect to the petition within fifty days of the filing of the petition with the council pursuant to subdivision f of this section. The affirmative vote of a majority of all the council members shall be required to approve, approve with modifications or disapprove the petition. Any modification by the council shall not affect the terms of any proposed revocable consent agreement which relate to term, compensation, revocability, exclusivity, security, insurance, indemnification, erection, maintenance or removal of any structure, right of access by the city and rights of abutting property owners. If within the time period provided for in this subdivision, the council fails to act or fails to act by the required vote on a petition, the council shall be deemed to have approved the petition.

i. The consent shall be for such term and upon such conditions as may be provided in the approval of the petition by the department, as such approval may be modified by action of the council pursuant to subdivision h of this section, but shall be revocable at any time by the department. The separate and additional approval of the mayor shall be

necessary to its validity.

j. Consents for sidewalk cafes shall provide for fees to be paid annually to the city during the continuance of the consent. Such fees shall be calculated pursuant to a formula established by rule or by local law, which shall apply uniformly to all consents for enclosed sidewalk cafes. The department shall file with the council a written recommendation for a formula to be used to calculate such fees.

**CASE NOTES FROM FORMER SECTION B32-55.0 repealed by L.L. 50/1982**

¶ 1. Complaint alleging that defendant was landlord of certain premises in the City of New York of which plaintiff was in possession of a portion thereof as lessee for operation of a restaurant and bar, that a substantial part of plaintiff's restaurant business was the operation of a sidewalk cafe, that plaintiff each year was required to submit an application to the City Commissioner of Licenses for operation of the cafe and along with such application a written consent from defendant was required, and that defendant refused to grant its consent this year although it had granted such consent in other years, **held** insufficient to state a cause of action for a judgment directing defendant to execute such consent and "specifically to perform the lease", as the lease nowhere bound defendant to give such consent, and the giving of its consent in the past was merely a voluntary act.-Brody v. W. & L. Enterprises, Inc., 117 N.Y.S. 2d 719 [1952], aff'd, 120 N.Y.S. 2d 239 [1953].

CHAPTER 2 LICENSES

SUBCHAPTER 6 SIDEWALK CAFES

§ 20-226 Review and approval of petitions for revocable consents to operate unenclosed sidewalk cafes which do not require special permits.

A petition for a revocable consent to operate an unenclosed sidewalk cafe which does not require a special permit modification shall be reviewed and approved in the following manner:

a. The petition shall be in such form as prescribed by the department. The department shall forward copies of the petition, within five days of the filing of such petition, to the speaker of council and the council member in whose district the cafe is proposed to be located, for information purposes, and to the community board for the community district in which the cafe is proposed to be located, for review pursuant to subdivision b of this section.

b. The community board shall, not later than forty-five days after receipt of such petition, either (i) notify the public of the petition, conduct a public hearing thereon and submit a written recommendation to the department and to the council or (ii) waive by a written statement its public hearing and recommendation on such petition and submit such statement to the department and to the council. The petitioner shall amend the petition if both the community board and the petitioner agree to modifications in writing. Such modifications shall be reflected in the written recommendations of the community board to the department and the council.

c. The department shall hold a public hearing pursuant to subdivision d of this section and approve the petition, disapprove it or approve it with modifications within thirty days of the expiration of the forty-five-day period allowed

for the filing of a recommendation by the community board. If within the time period provided, the department fails to take the actions on a petition provided for in the preceding sentence, the petition shall be deemed to have been denied. Within the thirty-day time period provided for in this subdivision, the department shall file with the council any such decision to approve or approve with modifications, together with the petition.

d. The department shall hold a public hearing on each petition prior to approving, approving with modifications or disapproving the petition. For a period of not less than fifteen calendar days prior to the date of such public hearing, the petitioner shall post notice of the public hearing in a place conspicuous to public view at the location of the proposed sidewalk cafe. At least fifteen days prior to the date of the hearing, the department will give notice to the community board for the district in which the cafe is proposed to be located, to the president of the borough in which the cafe is proposed to be located and to the council member in whose district the cafe is proposed to be located. Not less than five-calendar days prior to the date of any such hearing, notice of the hearing shall be published in the City Record and in one newspaper of local circulation in the community where the cafe is proposed to be located. No other notice requirements shall apply to hearings for revocable consents for sidewalk cafes.

e. Within twenty days of the date the petition is received by the council pursuant to subdivision c of this section, the council may resolve by majority vote of all the council members to review the petition. If the council does not so resolve, the approval of the petition by the department shall be forwarded to the mayor for approval pursuant to subdivision g of this section.

f. If the council resolves to review a petition pursuant to subdivision e of this section, the council shall hold a public hearing, after giving public notice not less than five days in advance of such hearing. The council shall take final action on the petition and shall file with the mayor its resolution, if any, with respect to the petition within fifty days of the filing of the petition with the council pursuant to subdivision c of this section. The affirmative vote of a majority of all the council members shall be required to approve, approve with modifications or disapprove the petition. Any modification by the council shall not affect the terms of any proposed revocable consent agreement which relate to term, compensation, revocability, exclusivity, security, insurance, indemnification, erection, maintenance or removal of any structure, right of access by the city and rights of abutting property owners. If within the time period provided for in this subdivision, the council fails to act or fails to act by the required vote on a petition, the council shall be deemed to have approved the petition. If within the time period provided for in this subdivision, the council approves the petition with modifications, the petitioner shall accept such modifications within fifteen days of such approval, or the council shall be deemed to have denied the petition.

g. The consent shall be for such term and upon such conditions as may be provided in the approval of the petition by the department, as such approval may be modified by action of the council pursuant to subdivision f of this section, but shall be revocable at any time by the department. The separate and additional approval of the mayor shall be necessary to its validity.

h. Consents for sidewalk cafes shall provide for fees to be paid annually to the city during the continuance of the consent. Such fees shall be calculated pursuant to a formula established by rule or by local law, which shall apply uniformly to all consents for unenclosed sidewalk cafes. The department shall file with the council a written recommendation for a formula to be used to calculate such fees.

i. An unenclosed sidewalk cafe may not be opened or operated prior to the approval of the consent therefor by the department pursuant to this section.

CHAPTER 2 LICENSES

SUBCHAPTER 6 SIDEWALK CAFES

§ 20-227.1 [Violations; penalties.]

a. Any person found to be operating an unlicensed sidewalk cafe shall be liable for a civil penalty of at least two hundred and not more than one thousand dollars for the first violation, at least two hundred and not more than one thousand dollars for each additional violation occurring on the same day; and at least five hundred and not more than two thousand dollars for the second violation and each subsequent violation at the same place of business within a two-year period. For purposes of this section, any violation for operating an unlicensed sidewalk cafe shall be included in determining the number of violations by any subsequent license holder at the same place of business unless the subsequent license holder provides the department with adequate documentation demonstrating that the subsequent license holder acquired the premises or business through an arm's length transaction as defined in subdivision f of this section and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original license holder to avoid the effect of violations on the premises.

b. Any holder of a license found to be operating a sidewalk cafe in violation of this subchapter, the terms and conditions of such license and/or a revocable consent or rules promulgated by the commissioner pursuant to this subchapter, shall be liable for a civil penalty of at least two hundred and not more than one thousand dollars for the first violation, at least two hundred and not more than one thousand dollars for each additional violation occurring on the same day; and at least five hundred and not more than two thousand dollars for the second violation, and at least one thousand and not more than four thousand dollars for each subsequent violation at the same place of business within a two-year period. In addition, for a third violation occurring on a different day and all subsequent violations occurring on

different days at the same place of business within a two-year period, any person licensed to operate a sidewalk cafe at such place of business shall be subject to suspension or revocation of his or her sidewalk cafe license for such place of business. For purposes of this section, any such violation by any license holder at a place of business shall be included in determining the number of violations by any subsequent license holder at the same place of business unless the subsequent license holder provides the department with adequate documentation demonstrating that the subsequent license holder acquired the premises or business through an arm's length transaction as defined in subdivision f of this section and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original license holder to avoid the effect of violations on the premises. A sidewalk cafe license shall be suspended or revoked at the same hearing at which a person is found liable for a third violation or subsequent violations at the same place of business within a two-year period.

c. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivisions a or b of this section shall be commenced by service of a notice of violation which shall be returnable to the adjudication division of the department. Such notice shall contain a statement that any hearing for a third violation or subsequent violations of this subchapter, the terms and conditions of a license and/or a revocable consent or rules promulgated by the commissioner under this subchapter at the same place of business within a two-year period shall also constitute a hearing for the suspension or revocation of a license.

d. The penalties provided by subdivisions a and b of this section shall be in addition to any other penalty imposed by any other provision of law or rule promulgated thereunder.

e. In addition to any other enforcement procedures authorized by this subchapter or any other provision of law or rule, the commissioner after notice and a hearing shall be authorized to order that any sidewalk cafe and the restaurant of which it is a portion be sealed for a period not to exceed thirty consecutive days. Such notice may be included with notice of any hearing for a second violation for operating an unlicensed sidewalk cafe as provided in subdivision a of this section, or a third violation of this subchapter, the terms and conditions of a license and/or a revocable consent or rules promulgated by the commissioner, as provided in subdivision b of this section. For purposes of this subdivision, any such violations at a place of business shall be included in determining the number of violations by any subsequent license holder at the same place of business unless the subsequent license holder provides the department with adequate documentation demonstrating that the subsequent license holder acquired the premises or business through an arm's length transaction as defined in subdivision f of this section and that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original license holder to avoid the effect of violations on the premises. The procedures provided for in subdivisions c and e through j of section 20-105 of this title shall apply to an order by the commissioner for sealing of a sidewalk cafe and the restaurant of which it is a portion.

f. For purposes of this section, "arm's length transaction" means a sale of a fee or all undivided interests in real property, or lease of any part thereof, or a sale of a business, in good faith and for valuable consideration, that reflects the fair market value of such real property or lease, or business, in the open market, between two informed and willing parties, where neither is under any compulsion to participate in the transaction, unaffected by any unusual conditions indicating a reasonable possibility that the sale or lease was made for the purpose of permitting the original licensee to avoid the effect of violations on the premises. The following sales or leases shall be presumed not to be arm's length transactions unless adequate documentation is provided demonstrating that the sale or lease was not conducted, in whole or in part, for the purpose of permitting the original licensee to avoid the effect of violations on the premises:

(1) a sale between relatives;

(2) a sale between related companies or partners in a business; or

(3) a sale or lease affected by other facts or circumstances that would indicate that the sale or lease is entered into for the primary purpose of permitting the original licensee to avoid the effect of violations on the premises,

g. Notwithstanding the provisions of subdivisions a or b of this section, the suspension or revocation of a license for a subsequent offense shall be waived if, upon the submission of satisfactory proof, the commissioner determines that the person or persons who committed the violations which are the basis for the suspension or revocation acted against the licensee's will in committing such violations.

**HISTORICAL NOTE**

SUBCHAPTER 7 SIDEWALK STANDS

§ 20-228 Definitions.

Whenever used in this subchapter, the following shall mean:

a. Newsstand. A not readily removable stand or booth operated primarily for the sale of newspapers and periodicals.

b. Area occupied. The sidewalk space occupied when a newsstand is in operation including any space occupied by the stand itself, including racks, tables, doors or anything which prevents ordinary use of the sidewalks.

c. Franchise. A franchise granted pursuant to chapter fourteen of the city charter to construct, install and maintain newsstands in the city of New York. For purposes of this subchapter, the date upon which a franchise is granted shall be the date on which such franchise is registered in accordance with chapter fourteen of the city charter.

d. Franchisee. A person granted a franchise.

e. Replacement newsstand. Either (i) a newsstand that replaces a newsstand at the same location, provided that the license pursuant to section 20-229 of this code for the newsstand that is being replaced is in full force and effect on the date such franchise is granted, or (ii) a newsstand constructed and installed at any location approved by the department of transportation to replace a newsstand that the city requires, for any reason, to be permanently removed

from the location for which it is licensed, provided such license is in full force and effect at the time removal is required.

Subd. a par 2 amended L.L. 29/1997 § 4, eff. May 16, 1997

Subd. b amended L.L. 51/1991 § 2, eff. July 17, 1991

**DERIVATION**

Formerly § B32-60.0 added LL 73/1979 § 2

**CASE NOTES FROM FORMER SECTION B32-59.0**

¶ 1. Determination of Commissioner of Licenses denying petitioner a license for operation of newsstand which had been operated by his father up to time of his death, **held** not to have been arbitrary, where petitioner was 26 years of age and had been gainfully employed from 1946 to shortly before time of his application for the license, and his wife was presently employed.-In re Schneider (McCaffrey), 127 (83) N.Y.L.J. (4-29-52) 1702, Col. 5 F.

¶ 2. The legislative scheme is that licenses are not to pass unto the descendant of a former licensee as a matter of right, but such descendants qualify only in case of dependency. Grant of petitioner's first application for a license as a descendant of a deceased licensee did not afford petitioner any greater rights to future licenses, which were required to be awarded in the order of statutory preference.-Stern v. McCaffrey, 304 N.Y. 828, 109 N.E. 611 [1952], aff'd, 279 App. Div. 461, 110 N.Y.S. 2d 705 [1952].

¶ 3. Where in 1926 a license had been issued for the stand to petitioner's father, who was blind, upon the father's death in 1942 the license was issued to petitioner's mother and upon her death in 1945 petitioner was granted a renewal of the license although at that time he was 40 years of age, apparently in good health and gainfully employed and for practically all of the period since had been employed on a part-time basis delivering publications by automobile, which job paid him in 1950 $67.50 a week plus $25.00 allowance for his automobile, the determination of the Commissioner that he was not a needy dependent or legally entitled to a renewal of the license in 1951, would not be disturbed.-Id.

¶ 4. That the Commissioner offered to issue the license to petitioner if he would give up other employment, was immaterial.-Id.

*NYC Administrative Code 20-231*

Administrative Code of the City of New York

Title 20 Consumer Affairs

CHAPTER 2 LICENSES

SUBCHAPTER 7 SIDEWALK STANDS

§ 20-231 Restrictions; size.

a. No newsstand shall be within three feet of private property without the consent of the owner of that property.

b. Items other than newspapers, magazines, periodicals, and prepaid telecommunication or transit cards may be offered for sale from a newsstand if they are sold for less than five dollars exclusive of taxes; provided, however, that apparel, jewelry, hair ornaments, handbags and video cassettes shall not be offered for sale from a newsstand and that if food items are offered for sale, they must be prepackaged.

c. No new license shall be issued under section 20-229 unless aproval for the location has been obtained from the department of transportation.

d. 1. No license issued under section 20-229 shall be renewed if the department of transportation determines that the newsstand so licensed poses an obstruction to the free use of sidewalks by pedestrians at the time of review.

2. On and after the effective date of the local law that adds this paragraph two to this subdivision d of this section, a newsstand shall not be eligible for a renewal if the area of the sidewalk occupied by it exceeds seventy-two square feet or such newsstand exceeds nine feet in height.

(a) On and after such date, such newsstand that was first licensed on or after the first day of August, nineteen

hundred ninety-one shall not pose an obstruction to the free use of the sidewalks by pedestrians if the location of such newsstand does not

(i) reduce the area maintained on the sidewalk for pedestrian movement below a width of nine and one-half feet.

(ii) place the proposed newsstand within five feet of a fire hydrant.

(iii) create a level of service at the proposed location for the peak fifteen minutes of the peak hour of a pedestrian flow rate equal to or greater than eleven people per minute per linear foot of clear path, as determined by the department of transportation.

(iv) place the proposed newsstand within fifteen feet of an entrance to or exit from a subway.

(v) extend into the area encompassed by the extension of the property lines from the buildings to the curb at the intersection of two streets and the area ten feet on either side of such lines.

(vi) extend into a bus stop.

(vii) otherwise create a hazardous condition. For purposes of this subparagraph, a hazardous condition shall include, but not be limited to, the location of a newsstand less than one foot, six inches from the curb, under a fire escape, within ten feet of a driveway or parking lot or within two feet from underground access points, such as utility access openings, ventilation grills, or cellar doors.

(b) On and after such date, a newsstand that was first licensed prior to the first day of August, nineteen hundred ninety-one shall not pose an obstruction to the free use of the sidewalks by pedestrians if the location of such newsstand does not

(i) reduce the area maintained on the sidewalk for pedestrian movement below a width of nine and one-half feet.

(ii) place the proposed newsstand within five feet of a fire hydrant.

(iii) create a level of service at the proposed location for the peak fifteen minutes of the peak hour of a pedestrian flow rate equal to or greater than eleven people per minute per linear foot of clear path, as determined by the department of transportation.

(iv) violate the restrictions on the location of newsstands in subdivision f of this section, if such newsstand is located at the rear or side of a subway entrance or exit kiosk.

(v) extend into the area encompassed by the extension of the property lines from the buildings to the curb at the intersection of two streets.

(vi) otherwise create a hazardous condition. For purposes of this subparagraph, a hazardous condition shall include, but not be limited to, the location of a newsstand less than one foot, six inches from the curb, under a fire escape, within ten feet of a driveway or parking lot or within two feet from underground access points, such as utility access openings, ventilation grills, or cellar doors.

e. No newsstand shall occupy an area of more than seventy-two square feet or have a height of over nine feet. However, any newsstand that occupied an area of more than seventy-two square feet on the first day of August, nineteen hundred seventy-nine may continue to operate within that area until the thirty-first day of July, nineteen hundred eighty. In no event shall there be less than a width of nine and one-half feet maintained on the sidewalk for pedestrian movement. The provision of this section requiring that no less than nine and one-half feet be maintained on the sidewalk for pedestrian movement shall not apply to any newsstand which was first licensed by the department prior to the first day of August, nineteen hundred seventy-nine where the person who held the license for such newsstand on the first day

of August, nineteen hundred ninety-one continues to be the licensee for such newsstand; provided, however, that where a newsstand which was first licensed prior to the first day of August, nineteen hundred seventy-nine is reconstructed in its entirety or in substantial part, which reconstruction was commenced on or after the first day of August, nineteen hundred ninety-one, such newsstand shall be subject to such requirement that no less than nine and one-half feet be maintained on the sidewalk for pedestrian movement.

f. Stands at subway entrance or exit kiosks shall be maintained at the rear or side of such kiosks. Where such stand is located at the rear of such entrance or exit it shall not be located within fifteen feet of the front of any other entrance or exit and shall not be longer than the width of the kiosk nor occupy an area of more than fifty square feet.

g. It shall be unlawful to erect a stand or booth under the stairs of an elevated railway station, or a projection therefrom, which is wider than the width of the stairs or which extends along the sidewalk a greater distance than to a point where the undersurface is not over seven feet from the level of the sidewalk.

h. 1. After November first, nineteen hundred seventy-nine, no newsstand may be operated unless its design has been approved by the art commission. The art commission shall evaluate newsstand designs in conformity with guidelines to be established by the department of consumer affairs. Approval or disapproval of a design submission shall be issued within thirty days of filing an application with the commission.

2. The department of transportation shall develop criteria for the design of the interior of newsstands constructed and installed by a franchisee pursuant to a franchise in consultation with available representatives of newsstand licensees and available representatives of publishers.

i. No advertising shall be placed on any newsstand other than exterior advertising placed by a franchisee. Nothing herein shall be construed to prohibit or limit the ability of the newsstand licensee to display legal merchandise pursuant to rules promulgated by the department.

j. The licensee shall make reasonable efforts to maintain the cleanliness of his or her newsstand. Such requirement shall not include an obligation to maintain the exterior of a structure installed pursuant to a franchise. The licensee shall make no alteration in the design or dimensions of a newsstand constructed or installed by a franchisee.

k. 1. On and after the grant of a franchise, no new license shall be granted except for operation of a newsstand installed and maintained pursuant to such franchise, and approval of the location of a new newsstand shall be made by the department of transportation in accordance with rules of the department.

2. Notwithstanding any other provision of this section or the second undesignated paragraph of section 15-205 of the code, a newsstand, the location or dimensions of which were not in violation of the provisions of this section or any rule promulgated pursuant thereto at the date of the grant of a franchise and which complies with all of the terms and conditions of such franchise, may be reconstructed at such location by such franchisee if such reconstruction does not change the location of such newsstand or expand the area occupied by such newsstand for any reason, including compliance with the requirements of any provision of law in effect at the time of such reconstruction, such as the requirements of the Americans with Disabilities Act. If such reconstruction results in a change in location or an expansion of the area occupied by such newsstand, such newsstand may be reconstructed at such changed or expanded location if that location complies with the siting criteria applicable to the renewal of the license of such newsstand in subparagraph (a) or (b) of paragraph two of subdivision d of this section. If such reconstruction at such location would not comply with such criteria, such newsstand may be relocated in accordance with the process defined in paragraph five of this subdivision to a location that meets the criteria in subparagraph (a) of such paragraph two.

3. On or after the grant of such franchise, any newsstand applying for renewal of a license issued pursuant to section 20-229 of this subchapter may remain at its then current location if it meets the siting criteria applicable to the renewal of the license of such newsstand in subparagraph (a) or (b) of paragraph two of subdivision d of this section, or, if such location does not meet such criteria, such newsstand may be relocated in accordance with the process defined in

paragraph five of this subdivision to a location that meets the criteria in subparagraph (a) of such paragraph two.

4. On or after the grant of such franchise, the department of transportation shall not exercise its authority, by granting revocable consents or other approvals, to authorize the installation of a structure at a location that would render the location of a licensed newsstand in violation of the siting criteria applicable to the renewal of licenses in subparagraph (a) or (b), as applicable to the renewal of the license of such newsstand, of paragraph two of subdivision d of this section unless the commissioner of such department finds that such installation is for the benefit of public health, safety, welfare or convenience. In the event the installation of a structure not prohibited by this paragraph four causes the location of a newsstand to be in violation of such criteria, such newsstand may be relocated pursuant to the process defined in paragraph five of this subdivision to a location that meets the criteria in subparagraph (a) of such paragraph two.

5. (a) On or after the grant of such a franchise, a newsstand, the location of which fails to meet the siting criteria applicable to the renewal of the license of such newsstand in subparagraph (a) or (b) of paragraph two of subdivision d of this section shall cease operation and shall be removed from such location. A newsstand required by the provisions of this paragraph to be relocated at any time shall be eligible to be relocated to a site within a radius of five hundred feet from such licensed location, referred to in this section as the "catchment area", provided such site is identified by the licensee and meets the siting criteria applicable to the renewal of licenses in subparagraph (a) of paragraph two of subdivision d of this section. Notwithstanding the preceding provisions of this subparagraph (a) of this paragraph five, a newsstand, the license for which is in full force and effect, shall not be required to be replaced before September thirtieth, two thousand six, if the replacement of such newsstand is required to occupy an expanded area solely because of the provisions of the Americans with Disabilities Act, and the installation of such newsstand at such expanded location would not meet the siting criteria applicable to the renewal of the license of such newsstand in subparagraph (a) or (b) of such paragraph two.

(b) If the department of transportation determines that there is no site within such catchment area to which a newsstand may be relocated in accordance with subparagraph (a) of this paragraph five, the licensee of such newsstand may apply for a license for a new newsstand in accordance with the applicable provisions of this subchapter.

6. The department of transportation shall conduct an inspection at the time of the reconstruction and installation of a newsstand by a franchisee in accordance with paragraph two of this subdivision. In addition, such department shall conduct inspections of all newsstands in the year two thousand eight and every six years thereafter to determine whether the location for which each newsstand is licensed violates any laws, rules or regulations applicable to the review by such department of applications for the renewal of licenses, notwithstanding that the term of such licenses is two years, and, except for determinations made pursuant to inspections made in accordance with such paragraph two of this subdivision at the time of the reconstruction and installation of a newsstand by a franchisee, the determination by such department that there is no such violation shall not be revised, except for a mistake of fact, by such department until such six year period has elapsed.

**DERIVATION**

Formerly § B32-61.0 added LL 73/1979 § 2

**CASE NOTES FROM FORMER SECTION B32-58.0**

¶ 1. Plaintiff was not entitled to a temporary injunction where, pursuant to the recommendations of the Commissioner of Licenses, a newsstand owner moved his stand to a position in a subway entrance which blocked plaintiff's window and impeded ingress at plaintiff's store. Plaintiff could seek relief in a speedy trial.-Goldstein v. O'Connell, 146 (60) N.Y.L.J. (9-26-61) 14, Col. 6 T.

**CASE NOTES FROM FORMER SECTION B32-64.0**

¶ 1. Store owner who was engaged in the business of selling newspapers, magazines, and similar items, and who maintained and operated his own newsstand abutting his store, was not required to be licensed under Administrative Code § B32-64.0, in view of the exception contained therein with respect to the owner of a store engaged in the business of selling newspapers.-People v. Levitt, 178 Misc. 320, 34 N.Y.S. 2d 258 [1942].

¶ 2. Administrative Code § B32-64.0 did not work any such material change in § 230, subd. 3, of the Code of

Ordinances, as to require application of rule that the exception was written in by inadvertent error and should be excluded.-Id.

¶ 3. Application to restrain Commissioner of Licenses from removing or attempting to remove certain publications issued by plaintiffs from licensed newsstands, the Commissioner claiming that plaintiff's publications were "tipster sheets", was granted to a limited extent, with a trial of the issues to be had at an early date, in view of the conflicting affidavits and evidence as to whether the publications indicated that plaintiffs were a part of "the criminal gambling element".-Triangle Publications, Inc. v. Moss, 181 Misc. 966, 43 N.Y.S. 2d 171 [1943].

¶ 4. New York City Commissioner of Licenses **held** to have been well within his powers in forbidding the sale of "tipster sheets", in connection with horse racing, by licensees of public newsstands.-Armstrong Racing Publications v. Moss, 181 Misc. 966, 43 N.Y.S. 2d 171 [1943].

¶ 5. However, publications known as "Armstrong, Joe & Asbestos Sports Weekly, The Morning Telegraph, Daily Racing Form, and Daily Racing Guide or Daily Racing Tab," **held** not to be "tipster sheets", but to be merely sheets containing "racing selections", and hence the regulations prohibiting sale of "tipster sheets" by licensees of public newsstands might not properly be extended to them. That such publications were in many instances found in pool rooms and in possession of bookmakers, with the racing page well thumbed, was immaterial.-Id.

¶ 6. Motion for preliminary injunction to restrain Commissioner of Licenses from preventing the sale from licensed newsstands of the publication "Irwin Kaye, Daily Ratings Digest", was denied, on ground it was not clear whether the publication was devoted to "racing tips", as distinguished from "racing selections", inasmuch as the publication, although it contained "racing selections", in addition contained certain "preferred" entries and one "standout spot play", and certain subscribers were entitled to a "super-telephone special".-Kaye v. Moss, 112 (16) N.Y.L.J. (7-20-44) 125, Col. 1 M.

¶ 7. Action of Commissioner of Licenses in sending a notice to newsdealers licensed by his department cautioning them to discontinue the sale and to remove from display certain named magazines containing photographs of nudes, and warning them that in the event that they displayed or offered for sale such publications after a certain date steps would be taken for suspension or revocation of their licenses, **held** not to be an unconstitutional prior restraint upon publication, as the notice was not directed against the sale of nudist magazines or literature as such, but only against those which contained pictures of nudes. The public is not helpless to prevent, by anticipatory action, the recurrence of the open and continuous sale in a community of obscene periodicals.-Sunshine Book Co. v. McCaffrey, 112 N.Y.S. 2d 476 [1952].

¶ 8. The action of the Commissioner of Licenses in sending a letter to newsstands to the effect that they might lose their licenses if they continue to sell certain nudist magazines constituted a prior restraint upon publication and amounted to censorship.-Sunshine Book Co. v. McCaffrey, 4 A.D. 2d 643, 168 N.Y.S. 2d 268 [1957].

¶ 9. Refusal of Commissioner of Licenses to renew petitioner's newsstand license was not arbitrary, in view of evidence supporting his findings that petitioner violated rules of the Department of Licenses in the operation of his newsstand.-In re Liebowitz (McCaffrey), 124 (113) N.Y.L.J. (12-13-50) 1567, Col. 7 T.

¶ 10. Powers of Commissioner of Licenses would appear to include the adoption of rules to prevent newsdealers who are licensed by his department from using those licenses to engage in activities in open and notorious violation of the Penal Laws.-Sunshine Book Co. v. McCaffrey, 112 N.Y.S. 2d 476 [1952].

¶ 11. Plaintiff, operating a curb bench newsstand continually since 1913 applied for and received, because of his ill health, permission to erect an enclosed booth and he expended about $1,200 for this purpose. On complaint that he was obstructing pedestrian traffic the Commissioner of Licenses directed him to remove the stand. The evidence showed that only one complaint had been made by a merchant located in the building opposite plaintiff's stand, that the distance between the building line and the stand was 8 feet 5 inches, one foot less than before, that there were four other

news booths in the same vicinity exposed to about the same pedestrian traffic. **Held,** that although plaintiff did not obtain a vested right to continue the booth by reason of the permission and expenditure of money, he did have the right to expect that permission would continue in the absence of a material change in conditions. **Held,** plaintiff entitled to a permanent injunction restraining the cancellation of his license.-Fordham v. O'Connell, 144 (66) N.Y.L.J. (10-4-60), 14, Col. 7 F (Temporary stay granted in same case), 144 (4) N.Y.L.J. (7-7-60) 5, Col. 8 M.

**CASE NOTES**

¶ 1. Guidelines Booklet for Newsstands states that the desired clear path for newsstands on sidewalks wider than 19 feet is 13 feet, 6 inches. DOT would not grant approval for a clear path less than 13 feet, 6 inches so Consumer Affairs Department could not issue a lincese pursuant to Ad Cd §20-231(c). Hajovsky v. City of New York, 171 Ad 2d 507 [1991].

**CASE NOTES FROM FORMER SECTION B32-66.0**

¶ 1. Appeal by the People from judgment of City Magistrate sustaining a demurrer on constitutional grounds, to a complaint charging a violation

**2**

of Admin. Code § B32-66.0, subd. a, as amended in 1945, prohibiting obstruction of sidewalks in the County of Queens by stoop stands or booths, was dismissed, on ground the People had no right of appeal from the judgment.-People (Kitching) v. Goldstein, 192 Misc. 337, 78 N.Y.S. 2d 256 [1948]. ¶ 2. Denial of petitioner's application for a license for a stoop line stand overruled where the denial was based on a 1912 resolution of the Board of Estimate which, even if still in effect did not apply to the particular facts in the case.-Chiapperini v. McCaffrey, 143 N.Y.S. 2d 735 [1955]. ¶ 3. Where defendant was charged with violation of § B32-66.0 of the Administrative Code and a demurrer to the complaint was sustained, the People have no statutory authority to appeal from such court.-People v. Goldstein, 192 Misc. 337, 78 N.Y.S. 2d 256 [1948]. ¶ 4. Revocation of petitioner's stoop line stand license on ground of personal unfitness in that license had allegedly been obtained from seller by fraud, trick and device and buyer had failed to disclose to Commissioner of Licenses the "equitable interest" of the seller was unwarranted as these facts related solely to a private contract dispute between the seller and buyer as to the agreed price and the Commissioner of Licenses may not use his licensing power to determine such disputes.-In re Saranita, 155 (25) N.Y.L.J. (2-4-66) 17, Col. 3 F.

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § B32-64.0 added chap 929/1937 § 1

Amended chap 100/1963 § 577

Renumbered LL 73/1979 § 5

(formerly § B32-67.0)

**CASE NOTES FROM FORMER SECTION B32-67.0**

¶ 1. Under Administrative Code § B32-67.0, issuance of stoop line stand licenses is not confined to market areas or market streets, and hence refusal of Commissioner of Licenses to issue a stoop line stand license to petitioner for a fruit and vegetable stand in front of premises on Rivington Street on ground a resolution of the Board of Estimate had discontinued Rivington Street as a market area, was arbitrary.-In re Markowitz (Moss), 29 N.Y.S. 2d 709 [1941].

¶ 2. Determination of Commissioner of Licenses suspending petitioner's license to operate a fruit and vegetable stand upon a public sidewalk, would not be disturbed where the records showed that petitioner over a protracted period used a substantial portion of the sidewalk other than that legally permitted for the storage of garbage, that often garbage was allowed to remain upon the greater part of the sidewalk which was also illegally used for the storage of boxes and other packages and bags, that there was a constant shouting of the help to attract customers or to extol the cheapness or quality of the products sold, that 112 residents and citizens had petitioned to have the stand removed, and that petitioner had been summoned to court and fined five times within the past 18 months for the unlawful manner in which he conducted his stand.-In re Kaplan (Moss), 108 (128) N.Y.L.J. (12-3-42) 1729, Col. 5 F.

¶ 3. Where petitioner had record of two violations for operating an unlicensed stand, denial of his application for a fruit and vegetable stand in front of his store was held not arbitrary.-Matter of Haber (O'Connell), 144 (69) N.Y.L.J. (10-7-60) 13, Col. 6 M.

¶ 4. Commissioner's suspension of petitioner's license to maintain a stoop stand for sale of fruits and vegetables, on ground petitioner had persistently violated provisions of her license in regard to size of the stand, and after repeated warnings had continued to maintain stand to annoyance of neighboring residents by obstructing the sidewalk, using glaring lights and by failing to observe cleanliness, **held** not to have been arbitrary.-Greenberg v. Moss, 102 (113) N.Y.L.J. (11-15-39) 1636, Col. 6 F.

¶ 5. Motion to compel issuance of display stand permits to petitioners was denied on basis of affidavit of general inspector of Department of Markets stating that plaintiffs' stands, though designated as display stands, had in fact been used for purpose of making sales in violation of rules of Commissioner of Markets.-Handelman v. Morgan, 104 (148) N.Y.L.J. (12-27-40) 2212, Col. 4 M.

¶ 6. Provision of newly promulgated rules governing the so-called Fulton Fish Market which restricted the issuance of permits to sell fish from stands in the roadway of the street constituting such market to owners or tenants of street level stores, **held** unconstitutional as arbitrarily discriminating against tenants of upper floors and depriving them of property rights incident to such tenancy, and thus denying to them the equal protection of the laws and depriving them of their property without due process of law.-Russo v. Morgan, 103 (125) N.Y.L.J. (5-28-40) 2428, Col. 5 F.

¶ 7. If object of the rules was to give an economic advantage to those maintaining street level stores and the tenants of the city-owned market across the street, this would not tend to establish that the classification was reasonable instead of arbitrary.-Id.

¶ 8. Even if it were established that owners and tenants of street level stores used their street stands merely as an adjunct to their stores and that tenants renting space on upper floors transacted no business therein and used the stands in the street as the sole place of doing business, such differences would not justify the classification.-Id.

¶ 9. Plaintiffs failed to establish a clear right to injunctive relief against the Commissioner of Public Markets in connection with the permits to maintain display stands, where plaintiffs had actually sold merchandise from their stands in violation of rule prohibiting sales from display stands, and were also guilty of other violations of department regulations.-Cinquegrana v. Morgan, 104 (130) N.Y.L.J. (12-5-40) 1880, Col. 3 T.

¶ 10. Even though owner of the abutting premises acted arbitrarily in rescinding her consent given to the Commissioner of Licenses to maintenance of a stoop-line stand, court could not compel her to reinstate the rescinded consent nor direct the Commissioner of Licenses to reinstate the license previously given to plaintiff. Neither plaintiff nor the owner possessed any property right to maintain a stoop-line stand on the land which was the property of the City. Furthermore, a stoop-stand license is a privilege and not a property right; the rent regulations made no provisions for controlling a "license" on City property, and there was no landlord-tenant relationship between the property owner and the licensee.-Mazzanobile v. McCaffrey, 108 N.Y.S. 2d 649 [1951]. See ¶ 11.

¶ 11. In view of considerations that the stand had been at the particular location for 50 years, the plaintiff had had continuous use of it for 18 years, including use of part of the basement of the building for storage purposes, that pipes extended from the building and furnished heat and water, that the abutting owner had been collecting rent from plaintiff as a tenant on a month to month basis and that the tenant offered to pay the September rent although the abutting owner refused to accept it, the Appellate Division granted plaintiff's application for a temporary injunction so that plaintiff might continue operation of the stand pending determination of the owner's right to revoke her consent to the operation of the stand.-Mazzanobile v. McCaffrey, 279 App. Div. 861, 110 N.Y.S. 2d 378.

§ 20-237 Stoop line stands; restrictions.

a. Displays shall not extend farther than three feet from the front of any premises and in no case shall such stand or display exceed seven feet in height. Every licensed stand shall be maintained wholly within the stoop line and shall not obstruct the free use of the sidewalk by pedestrians. It shall not exceed ten feet in length nor four feet in width, provided, however that where the sidewalk in front of the premises is at least sixteen feet wide, such stand shall not exceed ten feet in length nor five feet in width as long as a straight, unobstructed pathway of at least nine and one-half feet is maintained at all times on the sidewalk in front of the entire length of the premises where such stand or stands are located.

b. Any stand licensed for the sale of any combination of the articles enumerated in subdivision b of section 20-233 of this subchapter, shall not exceed ten by four feet, provided, however that where the sidewalk in front of the premises is at least sixteen feet wide, such stand shall not exceed ten feet in length nor five feet in width as long as a straight, unobstructed pathway of at least nine and one-half feet is maintained at all times on the sidewalk in front of the entire length of the premises where such stand or stands are located.

c. It shall be unlawful for any person to lease or permit any other person to use any space on the sidewalk located adjacent to such store for the purpose of selling or displaying any merchandise. Violations of this section shall be punishable by a fine of one hundred dollars per day for each day said space is leased.

d. The commissioner shall promulgate any rules and regulations necessary for the proper implementation of this section.

**CASE NOTES FROM FORMER SECTION B32-70.0**

¶ 1. For a period of years the Commissioner of Licenses issued more than one license for stoop line stands at a given location, provided no stand exceeded 10 feet in length. In the midst of a license year, he arrived at a new interpretation of the statute and thereafter would issue only one new license at a given location, with a result that holders of existing licenses might continue to operate several stands for the balance of the term. Since all licenses expired uniformly on March 31, his action was arbitrary and capricious in the middle of a license year.-Matter of Guarino v. O'Connell, 8 Misc. 2d 454, 168 N.Y.S. 2d 132 [1957].

§ 20-240.1 Enforcement.

a. Where exigent circumstances exist and a police officer or other authorized officer or employee of any city agency gives notice to the owner or operator of a stand licensed pursuant to section 20-233 of this subchapter to temporarily remove or otherwise disassemble such stand, such owner or operator shall comply with such notice and shall not continue to sell or display from such stand. For the purposes of this subdivision, exigent circumstances shall include, but not be limited to, unusually heavy pedestrian or vehicular traffic, the existence of obstructions in the public space, and accident, fire or other emergency situation, a parade, demonstration or other such event at or near the location of such stand.

b. If an owner or operator of a stand licensed pursuant to section 20-233 does not remove or otherwise disassemble such stand when directed to do so by a police officer or other authorized officer or employee of the city in accordance with the provisions of subdivision a of this section, such officer or employee is authorized to provide for the removal of such owner's or operator's goods and stand to any garage, automobile pound or other place of safety, and the owner or other person lawfully entitled to the possession of such goods and such stand may be charged with reasonable costs for removal and storage payable prior to the release of such goods and such stand.

c. In the event that any seizure made pursuant to this section shall include any perishable items or food products which cannot be retained in custody without such items or food products becoming unwholesome, putrid, decomposed or unfit in any way, they may be delivered to the commissioner of health for disposition pursuant to the provisions of

section 17-323 of this code.

d. Any person who violates the provisions of this section or section 20-237 shall be considered to be an unlicensed general vendor or an unlicensed food vendor and shall be subject to the penalty and enforcement provisions of either subchapter twenty-five of chapter two of this title or subchapter two of chapter three of title seventeen of the code, whichever is applicable.

CHAPTER 2 LICENSES

SUBCHAPTER 7 SIDEWALK STANDS

§ 20-241.1 a.* Newsstands99 installed and maintained pursuant to a franchise.

a. Construction. Upon the grant of a franchise, no person shall construct or install a newsstand other than a franchisee granted such a franchise. Newsstands installed and maintained pursuant to such a franchise shall comply with all applicable law, rules and regulations.

b. Transition. Upon the grant of a franchise, each licensee operating or maintaining a newsstand licensed pursuant to this subchapter shall be provided with reasonable notice when such newsstand structure is to be replaced by a newsstand installed and maintained pursuant to such franchise at a location approved by the department of transportation and instructions for applying for a replacement newsstand within the catchment area of such newsstand. Such replacement shall be subject to contractual incentives and/or penalties, if any, to ensure timely replacement of the newsstand pursuant to such franchise. The licensee shall have the option of removing the existing structure or such structure shall be removed by the franchisee granted such franchise. Operation of the newsstand licensed pursuant to this subchapter shall cease during such time as the newsstand is replaced. Upon being notified of the completion of the replacement of the newsstand, the licensee may resume operation pursuant to the terms of his or her license and the provisions of this subchapter.

c. Costs. 1. The cost of constructing and installing a replacement newsstand by the franchisee pursuant to such franchise shall be borne by the franchisee in accordance with such franchise. The cost of constructing and installing a newsstand by the franchisee pursuant to such franchise, which newsstand is not a replacement newsstand, shall be borne

by the licensee of such newsstand in accordance with paragraph two of this subdivision.

2. A licensee who maintains or operates a newsstand that is not a replacement newsstand and that has been constructed and installed by the franchisee pursuant to such franchise shall reimburse the franchisee for the cost of such construction and installation, which cost shall include costs associated with any interior electric and/or telephone hook-ups to the newsstand structure. The department shall determine the applicable construction and installation costs for purposes of this paragraph, which costs shall be limited to the costs incurred by the franchisee and certified by the franchisee to the department.

d. Fees. A licensee licensed to maintain or operate a newsstand constructed and installed by the franchisee pursuant to such franchise shall be liable for the payment to the department of the biennial fee for a license to operate a newsstand payable in accordance with subdivision b of section 20-230 of the code.

e. Enforcement. Notwithstanding any other provision of law to the contrary, the commissioner shall be authorized, after notice and an opportunity to be heard, to order any person who is unlawfully operating a newsstand that has been constructed or installed by a person other than the franchisee in violation of subdivision a of this section to remove such newsstand within seven days of the issuance of such order. Such order shall be posted at the premises of such newsstand. If such person does not remove such newsstand within seven days of the issuance of such order, an authorized officer or employee of any city agency or a police officer is authorized to provide for the removal of such person's newsstand and the contents thereof to a place of safety. If such newsstand or the contents thereof are not claimed within thirty days after their removal, they shall be deemed to be abandoned and may be either sold at a public auction after having been advertised in the City Record, the proceeds thereof being paid into the general fund, used or converted for use by the department or another city agency, or otherwise disposed of. Newsstands and the contents thereof that are removed pursuant to this subdivision shall be released to the owner or other person lawfully entitled to possession upon payment of the costs for removal and storage and any civil penalty imposed for the violation or, if an action or proceeding for the violation is pending, upon the posting of a bond or other form of security acceptable to the department in an amount which will secure the payment of such costs and any penalty which may be imposed for the violation. In the event that any removal made pursuant to this subdivision shall include any perishable items, goods, or food products which cannot be retained in custody without such items, goods, or food products becoming unwholesome, putrid, decomposed or unfit in any way, they may be delivered to the commissioner of health and mental hygiene for disposition pursuant to the provisions of section 17-323 of this code.

**HISTORICAL NOTE**

Section added L.L. 64/2003 § 10, eff. Oct. 29, 2003. [See Note 1]

**NOTE**

1. Provisions of L.L. 64/2003:

Section 1. Declaration of intent. In the interests of better serving the public, improving the appearance of street furniture, including newsstands, located on the sidewalks throughout the City, and to enhance the revenues available to the City, the Council adopted Resolution No. 1004 authorizing the Department of Transportation to grant nonexclusive franchises for the installation, operation, and maintenance of coordinated franchise structures. It is anticipated that compliance with legally applicable requirements for the reconstruction of newsstands pursuant to such a franchise or franchises may result in the enlargement of the footprints of the existing stands as well as other changes in their design. As a result of these changes, the existing locations of licensed newsstands may intrude into buffer zones defined under existing rules of the Department of Consumer Affairs and cease to be eligible for the placement by a franchisee of a larger or redesigned newsstand.

The presence of newsstands on the streets of the City is an important amenity that provides pedestrians with convenient access to a variety of items, particularly newspapers and magazines. The Council recognizes that the

placement of newsstands must be regulated so that the public is protected from unsafe conditions, including pedestrian traffic congestion, obstructions of important sight lines by which drivers see pedestrians and pedestrians are aware of vehicles, and obstacles at entrances to buildings or in bus stops and pedestrian crosswalks. The Council also recognizes that it is essential to ensure that the newsstand structures do not interfere with the provision of essential City services, such as the City's fire-fighting services, that depend, for example, on unobstructed access to fire hydrants. Accordingly, the Council seeks to minimize the disruption of the licensees of newsstands and the convenience of pedestrians who purchase items from newsstands by reducing the siting criteria that would be applicable to newsstands installed by a franchisee to those that are essential to the protection of the health, safety and welfare of the public.

. . . . . .

§ 11. This local law shall take effect on the later of the date on which it is enacted into law or the date upon which a resolution authorizing the department of transportation to grant nonexclusive franchises for the installation, operation and maintenance of coordinated franchise structures is passed by the city council, provided that the department of consumer affairs and the department of transportation may take any actions necessary to effectuate the provisions of this local law prior to its effective date, including the promulgation of new rules and the modification of existing rules prior to such date.

SUBCHAPTER 9 PEDICABS*100

§ 20-248 Legislative findings.

It is the purpose of this subchapter to regulate and control pedicab businesses to protect consumers and to ensure the safety of the public, including passengers and drivers operating pedicabs. It is also the purpose of this subchapter to minimize the effect of pedicabs on traffic and congestion by establishing a maximum number of pedicabs that can be authorized to operate in the city. It is the purpose of this subchapter to require the inspection of pedicabs to ensure that pedicabs are safely operated in the streets of the city, and to provide a process for their removal if they have not been inspected as required.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-249 Definitions.

Whenever used in this subchapter:

a. "Family member" shall mean a member of the immediate family, including, but not limited to, a spouse, domestic partner, sibling, child, grandchild, parent or grandparent.

b. "Owned" or "owns" shall mean possession with good legal title, or possession under a lease, reserve title contract, conditional sales agreement or vendor's agreement or similar agreement.

c. "Pedicab" shall mean a bicycle as defined in the vehicle and traffic law or other device that is designed and constructed to transport or carry passengers, that is solely propelled by human power, and that is operated to transport passengers for hire.

d. "Pedicab owner" or "owner" shall mean any person who owns one or more pedicabs in the city of New York.

e. "Pedicab business" or "business" shall mean a pedicab owner who operates or authorizes the operation of one or more pedicabs in the city of New York.

f. "Pedicab business license" shall mean a license issued by the commissioner pursuant to section 20-250.

g. "Pedicab driver" shall mean any natural person who propels and operates a pedicab in the city of New York.

h. "Pedicab driver license" shall mean a license issued by the commissioner to a pedicab driver to operate a pedicab.

i. "Person" shall mean any natural person, firm, partnership, joint venture, corporation or association.

**HISTORICAL NOTE**

Section added L.L. 19/2007 § 1, eff. Sept. 20, 2007. [See Subchapter 9

footnote]

**CASE NOTES**

¶ 1. See Application of NYC Pedicab Owner's Assoc. d/b/a Manhattan Rickshaw Co. v. NYC Dept. of Consumer Affairs 2008 NY Slip Op. 28014, 19 Misc.3d 170, 855 NYS2d 831, 2008 NY Misc. Lexis 127 (Sup. Ct. NY county), discussed in note 1 of Admin. Code. § 20-251.

¶ 2. The pedicab licensing scheme provides that a pedicab must be actually owned by the applicant at the time of the application for a pedicab license. Therefore, the Department of Consumer Affairs, in enacting 6 RCNY 2-416[b][2], exceeded its legislative authority when it permitted applications for more licenses and registrations than the number of pedicabs actually owned by the applicant. In re: NYC Pedicab Owners' Assoc. et al. v. NYC Dept. of Consumer Affairs, 877 NYS2d 283 (1st Dept. 2009).

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-250 Pedicab business license.

a. It shall be unlawful for a pedicab owner to conduct a pedicab business unless such pedicab owner shall have first obtained from the commissioner a pedicab business license.

b. In order to obtain, amend or renew a pedicab business license, a pedicab owner must provide the commissioner with the following:

1. A list of all pedicabs owned, leased or controlled by such pedicab owner for which such owner seeks registration pursuant to section 20-255. Each such pedicab shall be uniquely identified on such list;

2. Proof that there is in force for the full license term a policy of public liability and property damage insurance that meets the requirements of section 20-253 of this subchapter for each pedicab listed pursuant to paragraph one of this subdivision; and

3. Such other information as the commissioner may require to establish the pedicab owner's eligibility for a pedicab business license under this subchapter.

c. A pedicab business license shall be valid for a term of one year. There shall be an annual fee of one hundred and ten dollars for such license that shall include the fee for registration, required by section 20-255, of one pedicab.

The registration fee for each additional pedicab shall be sixty dollars.

d. Notwithstanding subdivision a of this section, a person holding a pedicab driver license shall not be required to obtain a pedicab business license to drive a pedicab that is owned by a pedicab business licensed under this subchapter.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-251 Cap on101 pedicabs.

a. The commissioner shall not issue registration plates or replaceable registration tags or decals, pursuant to section 20-255, to more than three hundred and twenty-five pedicabs at any one time.

b. The commissioner shall not issue registration plates or replaceable registration tags or decals to more than thirty pedicabs for any pedicab business at any one time. A pedicab business shall be deemed to have more than thirty pedicab registrations if:

(1) an owner of such pedicab business has a direct or indirect beneficial interest in one or more other pedicab businesses and the businesses together have more than thirty pedicab registrations;

(2) a family member of the owner of such business has a direct or indirect beneficial interest in one or more other pedicab businesses and the businesses together have more than thirty pedicab registrations;

(3) a person who has a direct or indirect beneficial interest in such pedicab business has a direct or indirect beneficial interest in one or more other pedicab businesses and the businesses together have more than thirty pedicab registrations; or

(4) a family member of a person who has a direct or indirect beneficial interest in such pedicab business has a

direct or indirect beneficial interest in one or more other pedicab businesses and the businesses together have more than thirty pedicab registrations.

c. The commissioner may prescribe by rule the process by which the number of pedicabs that each pedicab business can register is determined, consistent with the caps specified in subdivisions a and b of this section, including but not limited to, the procedures for the initial application and issuance of pedicab business licenses. Such selection process may consider whether the applicant has, prior to the enactment of this subchapter, owned or operated a pedicab and give priority to applicants who can provide proof of such previous ownership or operation of a pedicab.

**HISTORICAL NOTE**

Section added L.L. 19/2007 § 1, eff. Sept. 20, 2007 and repealed Sept.

20, 2009 per L.L. 19/2007 § 5. [See Subchapter 9 footnote]

**CASE NOTES**

¶ 1. Local Law 19 (Chapter 2 of Title 20 of the Admin. Code) which became effective on April 23, 2007, sought to regulate the pedicab business by requiring all pedicabs to display a registration plate, but limits the number of plates that may be issued by the Department of Consumer Affairs (DCA) at any one time to 325, and provided that no more than 30 plates could be issued for any pedicab business at any one time (Admin. Code Sec. 20-251). In an Article 78 proceeding, petitioners challenged Section 2-416 of the DCA regulations, which permitted applications for pedicab licenses by persons who did not currently own pedicabs. The court held that the regulation conflicted with § 20-251c. Thus, to the extent that the regulation permits a non-owner to apply for one of the 325 available registration plates and permit an owner to apply for more plates than the number of pedicabs owned, the regulations conflicted with the statute and were therefore invalid. The court granted the petition to the extent that the DCA was directed to revise the list of persons eligible to be included in the "established business pool" to include only persons who owned pedicabs at the time of application for the registration plate and to limit the number of licenses that may be issued to any applicant to the number of pedicabs owned (as defined in Sec. 20-249) at the time of the application. Matter of New York City Pedicab Owners Association v. New York City Dept. of Consumer Affairs, 19 Misc.3d 170, 855 N.Y.S.2d 831 (Sup.Ct. New York Co. 2008).

¶ 2. See In re: NYC Pedicab Owners' Assoc. et al v. NYC Dept. of Consumer Affairs, 877 NYS2d 283 (1st Dept. 2009), note 1 in 20-249.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-252 Issuance of pedicab business license.

a. A pedicab business license shall be issued only to a person who meets all the requirements of this subchapter and any rules promulgated by the commissioner to effectuate the purposes of this subchapter.

b. A pedicab business license shall be valid only for the person in whose name it is issued.

c. The commissioner may refuse to issue to a pedicab owner a pedicab business license or to renew a pedicab business license to a pedicab owner based upon a determination that such applicant has engaged in conduct that would constitute a basis for license suspension or revocation as set forth in subdivision a of section 20-261 of this subchapter.

d. A pedicab business license cannot be transferred or sold. The commissioner shall promulgate rules as to whether, and the extent to which, a pedicab business license remains valid after any change in the beneficial ownership of a pedicab business, including, without limitation, any such change resulting from a direct or indirect, voluntary or involuntary, sale or transfer of a beneficial ownership interest.

§ 20-253 Insurance.

a. It shall be unlawful for any pedicab business to operate or authorize the operation of a pedicab within the city unless there is in force for such pedicab a policy of insurance that meets the requirements of this section.

b. Such policy of liability insurance shall insure such pedicab business and all pedicab drivers of the pedicabs of such business, whether such pedicab drivers are employees of the pedicab business or operate such pedicabs otherwise by agreement with the pedicab business. Such insurance policy must provide, at minimum, the following protection:

1. The pedicab business carries a policy providing liability coverage for injury or death of any person or persons, and damage to or destruction of any property in a combined single limit amount of two million dollars, or such higher amount as the commissioner may determine pursuant to rule, with a maximum of one million dollars for each accident, where liability for such injury or death of a person or persons, or damage to or destruction of property shall arise out of the operation of the pedicab business's pedicabs; or

2. Each pedicab is insured in at least the following amounts, unless the commissioner establishes higher amounts pursuant to rule, where liability for such injury or death of a person or persons, or damage to or destruction of property shall arise out of the operation of the pedicab:

(i) for personal injury or death to one person, one hundred thousand dollars;

(ii) for personal injury or death to all persons in one accident, three hundred thousand dollars, with a maximum of one hundred thousand dollars for each person; and

(iii) for property damage, fifty thousand dollars.

c. Such policy of liability insurance shall name the city of New York as an insured party.

d. The pedicab business shall notify the commissioner of any modification, amendment, cancellation or substitution of any insurance policy required under subdivision b of this section within fourteen days of the date of the notice to the pedicab business of such modification, amendment, cancellation or substitution.

e. If the policy of insurance required by this section lapses for any reason, the license issued pursuant to section 20-250 shall become void for such pedicab business.

a. Each pedicab operated in the city shall be equipped with the following features:

1. three or more wheels;
2. a unibody frame for the entire vehicle;
3. seating for no more than three passengers;
4. hydraulic or mechanical disc or drum brakes, which are unaffected by rain or wet conditions;
5. a secondary or emergency brake system;
6. battery-operated headlights capable of projecting a beam of light for a distance of 300 feet;
7. battery-operated taillights which are visible from 500 feet;
8. turn lights;
9. passenger seat belts;

10. an audible signaling device;

11. reflectors on the spokes of the wheels of the pedicab;

12. a timer, of a type approved by the commissioner, affixed within clear view of passengers, if the rate charged is based on period of use;

13. a sign attached to the interior of the pedicab within view of passengers indicating the name and telephone number of the pedicab business, the pedicab's registration number and a telephone number that can be used to direct consumer complaints about such pedicab to the department; and

14. a sign conspicuously posted on the exterior of the pedicab indicating the amount to be charged for the use of the pedicab or the basis for calculating such amount.

b. The maximum width of a pedicab shall be fifty-five inches and the maximum length of a pedicab shall be ten feet.

c. It shall be unlawful for a pedicab business to operate or authorize the operation of, or for a pedicab driver to operate, a pedicab that does not comply with the requirements of this section.

§ 20-255 Inspection; pedicab registration plate.

a. It shall be unlawful for a pedicab business to operate or authorize the operation of, or for a pedicab driver to operate, a pedicab unless:

1. it has been inspected by the department;

2. it has been issued a registration plate that indicates on such plate, or by a replaceable registration tag or decal, the expiration date of the current registration; and

3. such registration is in effect.

b. The registration shall be valid for a period no longer than one year and the expiration date of such registration plate or replaceable registration tag or decal shall be a date specified by the commissioner by rule.

c. If the commissioner determines after such inspection that a pedicab is equipped with the features set forth in subdivision a of section 20-254, upon payment of the registration fee provided by section 20-250 of this subchapter, the department shall issue a registration plate or replaceable registration tag or decal to the pedicab business that leased or otherwise authorized the operation of such pedicab.

d. Such registration plate shall be securely affixed by the department to a conspicuous and indispensable part of

each pedicab.

e. The registration plate may, in the discretion of the commissioner, be of a permanent nature with a replaceable registration tag or decal attached thereto, indicating the expiration date of the current registration tag or decal.

f. The registration plate and the replaceable registration tag or decal shall be of such material, form, design and dimension and set forth such distinguishing number or other identification marks as the commissioner shall prescribe.

g. A pedicab business shall pay an additional fifty-five dollars as the re-inspection fee for any pedicab that is determined upon inspection not to meet the requirements of this section and such business re-applies for a registration plate or replaceable registration tag or decal.

Administrative Code of the City of New York

Title 20 Consumer Affairs

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-257 Pedicab driver license.

a. It shall be unlawful for a pedicab driver to operate a pedicab unless the pedicab driver shall have first obtained a pedicab driver license from the commissioner.

b. It shall be unlawful for a pedicab business to permit the operation of any pedicabs owned by it by a person who does not have a pedicab driver license and a motor vehicle driver's license in full force and effect.

c. In order to obtain or renew a pedicab driver license, a pedicab driver shall file an application with the commissioner for such pedicab driver license. Such application shall be made upon such form as prescribed by the commissioner and shall contain such information as the commissioner may require to establish the applicant's eligibility for a pedicab driver license under this subchapter.

d. To be eligible for a pedicab driver license, an applicant shall:

1. be at least eighteen years of age;

2. possess a currently valid motor vehicle driver's license;

3. not have his or her New York State motor vehicle driver's license suspended or revoked; and

4. meet such fitness requirements as the commissioner may determine by rule.

e. A pedicab driver license shall be valid for a term of one year. There shall be a fee of thirty-five dollars for such license. The commissioner shall establish the expiration date for such license by rule.

f. The commissioner may refuse to issue a pedicab driver license or to renew such a license based upon a determination that such pedicab driver has engaged in conduct which would constitute a basis for the suspension or revocation of a pedicab driver license as set forth in subdivision c of section 20-261 of this subchapter.

[Footnote 100]: * Subchapter 9 added L.L. 19/2007 § 1, eff. Sept. 20, 2007. Note provisions of L.L. 19/2007:

§ 4. Severability clause.

If any clause, sentence, paragraph, subdivision, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remaining portions of this local law, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 5. This local law shall take effect 150 days after it shall have become a law [Sept. 20, 2007], except that prior to such date, the Commissioner may take such actions, including the promulgating of rules and the processing of applications as provided in subchapter 9 of chapter 2 of title 20 of the administrative code of the city of New York and in such rules, as necessary to implement this local law, and except that section three of this local law shall take effect immediately and except that section 20-251 of the administrative code of the city of New York, as added by section one of this local law, shall be deemed repealed two years after it shall have become a law.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-258 Display of pedicab driver's identification.

a. The commissioner shall provide a photo identification card to each pedicab driver who has obtained a pedicab driver license. Such photo identification card shall include the license number of such pedicab driver license and the motor vehicle driver's license number of such pedicab driver, as well as the issuing state of such motor vehicle driver's license.

b. The pedicab driver shall wear such photo identification card so that it is visible to passengers and enforcement officers when such pedicab driver is operating a pedicab. A copy of such photo identification card shall also be displayed inside any pedicab under the control of such driver in a manner clearly visible to the passengers of such pedicab.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-259 Restrictions on the operation of pedicabs.

a. A pedicab driver shall be subject to all provisions of state and local law governing the operation of a bicycle, which include, but are not limited to, provisions of the vehicle and traffic law, the New York city administrative code, and rules of the city of New York promulgated by the department of transportation and the department of parks and recreation.

b. A pedicab driver shall not:

1. operate a pedicab to transport more than three passengers.

2. operate a pedicab in motion while a passenger is standing in such pedicab.

3. operate a pedicab on any bridge or in any tunnel or in any bicycle lane.

4. permit a pedicab to be operated simultaneously by anyone in addition to him or herself.

5. operate a pedicab that is designed or constructed to permit propulsion by more than one individual at any one time.

6. operate a pedicab while such pedicab driver's ability to operate such pedicab is impaired by the consumption

of alcohol, the use of any drug or by any other means or while such pedicab driver is in an intoxicated condition. A pedicab driver operating a pedicab which has been involved in an accident or has been operated in violation of subdivision a of this section shall be deemed to have given consent to a breath test and shall, at the request of a police officer, submit to a breath test to be administered by the police officer. Failure to submit to such breath test shall serve as the basis for an immediate suspension of the pedicab driver's license, subject to a prompt post-suspension hearing.

7. operate a pedicab without a currently valid motor vehicle driver's license or while such pedicab driver's New York State motor vehicle driver's license is suspended or revoked.

c. Pedicabs can be operated within any public park or any property under the charge or control of the department of parks and recreation pursuant to the rules of the department of parks and recreation and in accordance with the rules of the department of transportation.

d. A pedicab business shall submit to the department, upon such form prescribed by the commissioner, a written report of every accident relating to a pedicab by such pedicab business within twenty-four hours after the occurrence of such accident. Such form shall be signed by a principal or officer of such pedicab business as well as by the pedicab driver involved in such accident with an affirmation of the truth of the contents of the form.

e. If there are exigent circumstances and a police officer or other authorized officer or employee of any city agency directs a pedicab driver to move his or her pedicab from any street, avenue or other location, such pedicab driver shall not operate his or her pedicab at such street, avenue or location for the duration of such exigent circumstances.

1. For the purposes of this subdivision, exigent circumstances shall include, but not be limited to, unusually heavy pedestrian or vehicular traffic, existence of any obstructions in the public space, an accident, fire or other emergency, a parade, demonstration or other such event at or near such location.

f. If there are exceptional circumstances, the police commissioner, in consultation with the commissioners of the departments of consumer affairs and transportation, shall be authorized, upon notice, to restrict or prohibit any pedicab driver from operating his or her pedicab on any street, avenue or other location for a specified period of time. Such specified period of time shall not exceed fourteen days except, during the period that commences November 12 and concludes January 7 of the following year, in and around the area of Manhattan bound on the north by Fifty-ninth Street, on the south by Thirty-ninth Street, on the east by Lexington Avenue and on the west by Eighth Avenue, the fourteen day time limit shall not be in effect.

1. For the purposes of this subdivision, exceptional circumstances shall include, but not be limited to, unusually heavy pedestrian or vehicular traffic, existence of any obstructions in the public space, a parade, demonstration or other such event or occurrence at or near such location.

g. Every affected community board may, at any time subsequent to enactment of this local law, conduct public hearings hereon and submit written recommendations to the department of consumer affairs, the department of transportation, the police department and the council. Such recommendations may include, but not be limited to, methods to address any impact this law may have on such community with respect to pedestrian and vehicle traffic flow.

§ 20-260 Rates of pedicabs.

a. The basis for calculating the amount of the charge for the use of a pedicab shall be displayed on the pedicab at all times.

b. It shall be unlawful for a pedicab driver to charge a passenger more than the amount or rate displayed on the pedicab.

c. The pedicab driver shall provide passengers with a receipt listing the amount of the charge for the use of the pedicab, the license number of the pedicab business and a telephone number of such business to which complaints by consumers shall be directed, the pedicab driver's license number and the telephone number at the department where complaints by consumers can be reported.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-261 Denial of license or renewal, suspension and revocation.

a. In addition to any of the powers that may be exercised by the commissioner pursuant to this subchapter or chapter one of this title, the commissioner, after due notice and an opportunity to be heard, may suspend or revoke a pedicab business license upon the occurrence of any one or more of the following conditions:

1. the occurrence of fraud, misrepresentation, or false statements contained in the application for such license;

2. the operation of a pedicab, owned by the pedicab business, by a pedicab driver who does not have in full force and effect a pedicab driver license and a motor vehicle driver's license;

3. the operation of a pedicab, owned by the pedicab business, that has not been inspected or that does not have affixed to it a registration plate or replaceable registration tag or decal as required by section 20-255 of this subchapter; or

4. violation by a pedicab business of any of the provisions of chapter one of this title, provisions of this subchapter, rules promulgated pursuant to this subchapter, or any other law applicable to the operation of a pedicab business.

b. Notwithstanding subdivision a of this section, upon the occurrence of any of the conditions set forth in

subdivision a, if the commissioner determines that continued possession by a pedicab owner of a pedicab business license would pose an exigent danger to the public, the commissioner may suspend such pedicab business license, subject to a prompt post-suspension hearing.

c. In addition to any of the powers that may be exercised by the commissioner pursuant to this subchapter or chapter one of this title, the commissioner, after due notice and an opportunity to be heard, may suspend or revoke a pedicab driver license upon the occurrence of any one or more of the following conditions:

1. the occurrence of fraud, misrepresentation, or false statements contained in the application for such license;

2. the operation of a pedicab that has not been inspected or that does not have affixed to it a registration plate or replaceable registration tag or decal as required by section 20-255 of this subchapter; or

3. the violation by a pedicab driver of any of the provisions of chapter one of this title, provisions of this subchapter, rules promulgated pursuant to this subchapter, or of any other law applicable to the operation of a pedicab by such pedicab driver.

d. Notwithstanding subdivision c of this section, upon the occurrence of any of the provisions set forth in subdivision c of this section, if the commissioner determines that continued possession by a pedicab driver of a pedicab driver license would pose an exigent danger to the public, the commissioner may suspend such pedicab driver license, subject to a prompt post-suspension hearing.

e. Any pedicab business that has been found, or pedicab driver who has been found, to have committed at least three violations of this subchapter within any twelve-month period shall have its, his or her license suspended by the commissioner for a period of not less than three months. For purposes of this subdivision only, all violations committed on any one day shall constitute a single violation.

f. Notwithstanding the provisions of subdivision e of this section, any pedicab business that has been found, or pedicab driver who has been found, to have committed at least five violations of this subchapter within any twelve month period shall have its, his or her license revoked by the commissioner. For purposes of this subdivision only, all violations committed on any one day shall constitute a single violation.

g. A pedicab business that, or pedicab driver who, has had its, his or her license revoked, in accordance with this section may not apply for a new license for three years from the date of revocation.

CHAPTER 2 LICENSES

SUBCHAPTER 9 PEDICABS*100

§ 20-263 Penalties.

a. It is a traffic infraction to violate any provision of this subchapter and such traffic infractions shall be punishable in accordance with section eighteen hundred of the New York state vehicle and traffic law.

b. Any person who violates any provision of this subchapter or any rules promulgated pursuant to this subchapter shall be subject to a civil penalty that shall not be: (1) less than two hundred nor more than five hundred dollars for the first violation and for each additional violation committed on the same day; (2) less than five hundred nor more than one thousand dollars for the second violation committed, and each additional violation committed on the same day, within a one year period; (3) less than one thousand nor more than four thousand dollars for the third violation committed, and each additional violation committed on the same day, within a one year period. The pedicab business that authorizes the operation of such pedicab shall be jointly and severally liable with the pedicab driver thereof, for the penalties imposed by this section.

c. A violation of section 20-250 or 20-257 or paragraph 6 of subdivision b of section 20-259 of this subchapter or any rules promulgated thereunder shall constitute a violation punishable by a fine of not more than five hundred dollars or imprisonment of up to fifteen days, or by both such fine and imprisonment.

d. Any police or peace officer or authorized officer or employee of the department, upon service on the pedicab business or pedicab driver of a notice of violation for the failure of the pedicab business to obtain the required

inspection of a pedicab pursuant to subdivision a of section 20-255 or for the failure of a pedicab driver to be licensed pursuant to section 20-257, may seize such pedicab. Any pedicab seized pursuant to this subdivision shall be delivered into the custody of the department or other appropriate agency. The commissioner shall hold a hearing to adjudicate the violation of subdivision a of section 20-255 or section 20-257 within two business days after the date of the seizure and shall render his or her determination within two business days after the conclusion of the hearing.

e. A pedicab business shall be eligible to obtain release of a pedicab seized pursuant to subdivision d of this section prior to the hearing provided for in such subdivision, if such business has not been found liable for a violation of subdivision a of section 20-255 or section 20-257 within a five-year period prior to the violation resulting in seizure. The pedicab shall be released to such business upon the posting of an all cash bond in a form satisfactory to the commissioner in an amount sufficient to cover the maximum civil penalties which may be imposed for a violation of subdivision a of section 20-255 or section 20-257 and all reasonable costs for removal and storage of such vehicle.

f. Where the commissioner, after adjudication of the violation of subdivision a of section 20-255 or section 20-257, finds that the pedicab business has not violated such subdivision, the department shall promptly release such pedicab upon written demand of the pedicab business.

g. Where the commissioner, after adjudication of the violation of subdivision a of section 20-255 or section 20-257, finds a violation of such subdivision or such section, then (i) if the pedicab is not subject to forfeiture pursuant to paragraph one of subdivision i of this section, the department shall release such pedicab to the pedicab business upon payment of all applicable civil penalties and all reasonable costs of removal and storage; or (ii) if the pedicab is subject to forfeiture pursuant to paragraph one of subdivision i of this section, the department may release such pedicab to the pedicab business upon payment of all civil penalties and all reasonable costs of removal and storage, or may commence a forfeiture action within ten days after the written demand by such business for such pedicab.

h. The department shall establish by rule the time within which pedicabs that are not redeemed may be deemed abandoned and the procedures for disposal.

i. 1. In addition to any other penalty or sanction provided for in section 20-261 or in this section, a pedicab seized pursuant to subdivision d of this section, and all rights, title and interest therein shall be subject to forfeiture to the city upon notice and judicial determination thereof if the pedicab business that owns such pedicab has been found liable at least two times within a five-year period for failing to have such pedicab inspected as required by subdivision a of section 20-255 or for permitting operation by an unlicensed pedicab driver in violation of section 20-257.

2. A forfeiture action pursuant to this subdivision shall be commenced by the filing of a summons with a notice or a summons and complaint in accordance with the civil practice law and rules. Such summons with notice or a summons and complaint shall be served in accordance with the civil practice law and rules on the pedicab business that owns such pedicab, and on any person listed on an application or other record of the department as an owner of such pedicab. A pedicab which is the subject of such action shall remain in the custody of the department or other appropriate agency pending the final determination of the forfeiture action.

3. Any person who receives notice of the institution of a forfeiture action who claims an interest in the pedicab subject to forfeiture may assert a claim in such action for the recovery of the pedicab or satisfaction of such owner's interest in such pedicab.

4. Forfeiture pursuant to this subdivision shall be made subject to the interest of a person who claims an interest in such pedicab pursuant to subdivision three of this subdivision, where such person establishes that: (i) such pedicab was operated without having been inspected as required by subdivision a of section 20-255 or operated in violation of section 20-257 without the knowledge of such person, or if such person had knowledge of such operation, that such person did not consent to such operation by doing all that could reasonably have been done to prevent such operation, or (ii) that the operation of such pedicab without having been inspected as required by subdivision a of section 20-255 or

operated in violation of section 20-257 was conducted by any person other than such person claiming an interest in the pedicab, while such pedicab was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

5. The department or agency having custody of the pedicab, after judicial determination of forfeiture, shall, by public notice of at least five days, sell such forfeited pedicab at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

6. In any forfeiture action commenced pursuant to this subdivision, where the court awards a sum of money to one or more persons in satisfaction of such person's interest in the forfeited pedicab, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited vehicle after deduction of the lawful expenses incurred by the city, including reasonable costs of removal and storage of the pedicab between the time of the seizure and the date of sale.

j. The penalties provided by subdivisions a, b, c, d and i of this section shall be in addition to any other penalty imposed by any other provision of law or rule promulgated thereunder.

CHAPTER 2 LICENSES

SUBCHAPTER 11 DEALERS IN SECOND-HAND ARTICLES

§ 20-264 Definitions.

a. Whenever used in this subchapter, the words "dealer in second-hand articles" shall mean any person who, in any way or as a principal broker or agent:

1. Deals in the purchase or sale of second-hand articles of whatever nature, or

2. Accepts or receives second-hand articles as returns of merchandise or in exchange for or for credits on any other articles or merchandise, or

3. Deals in the purchase or sale of any second-hand manufactured article composed wholly or in part of gold, silver, platinum or other metals, or

4. Deals in the purchase or sale of old gold, silver, platinum or other precious metals, or

5. Deals in the purchase of articles or things comprised of gold, silver, platinum or other precious metals for the purpose of melting or refining, or

6. Engages in melting previous metals for the purpose of selling, or

7. Deals in the purchase or sale of pawnbroker tickets or other evidence of pledged articles, or

8. Not being a pawnbroker deals in the redemption or sale of pledged articles, or

9. Deals in the purchase or sale of any used electrical appliance, electronic equipment or component parts.

b. Nothing contained in this subchapter shall be construed to apply to:

1. Pianos, books, magazines, rugs, tapestries, artists' burlaps, painting, sculpture, drawings, etchings and engravings;

2. The first purchase or sale in the city of any imported second-hand article;

3. The acceptance or receipt of merchandise which is not second-hand as a return, exchange, or for credit or refund if such merchandise was originally purchased as new merchandise from the person accepting or receiving the same, nor to the resale of such merchandise;

4. The acceptance or receipt of second-hand merchandise as a return, trade-in, exchange, or for credit or refund if such merchandise was originally purchased as new merchandise from the person accepting or receiving the same, nor to the first subsequent sale or exchange of such merchandise to any person other than an ultimate consumer;

5. The first sale, at retail of merchandise which has been rebuilt by the manufacturer or vendor originally manufacturing it, or the licensed agents thereof, and sold as factory rebuilt merchandise.

c. The burden of proof that an article was originally purchased from the person accepting or receiving it, that it was the first subsequent sale or exchange thereof to a person other than an ultimate consumer or that it was a first sale at retail of such factory rebuilt merchandise shall be upon the person asserting the same. Evidence of an existing trade-practice in the city, if any, shall be admissible for the purpose of determining whether or not merchandise is second-hand.

Sub a amended LL 80/1959 § 1

Sub b amended LL 50/1962 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Administrative Code § B32-127.0, making it unlawful for any person to act as a dealer in second-hand articles without a license therefor, and defining (§ B32-126.0) the words "dealer in second-hand articles" as a person "dealing in the purchase or sale of second-hand articles", but excepting from the application of the law credits on merchandise accepted in full or part payment for new merchandise, **held** not intended to apply to the resale of used articles taken in trade as part payment. The statute, being penal in character, was to be construed strictly, and the exception relating to credits on merchandise taken in part payment for new merchandise would be of little value if the

used merchandise could not be resold.-People v. Rudolph Wurlitzer Co., 282 N.Y. 457, 26 N.E. 2d 976 [1940].

¶ 2. Administrative Code § B32-126.0, relating to the licensing of dealers in second-hand articles, was intended to apply to the ordinary dealer in second-hand articles as a business for profit. Hence the Salvation Army, which is a religious and charitable organization, was not required to be licensed in order to conduct various stores in the City of New York where second-hand articles were sold or given away, the stores being maintained in conjunction with the organization's Men's Social Service Department and the articles having been acquired through donation or collection without payment therefor.-People (Mintzes) v. The Salvation Army, 176 Misc. 755, 29 N.Y.S. 2d 70 [1941].

¶ 3. Commissioner of Licenses **held** not to have acted arbitrarily in denying a license to petitioner to act as dealer in second hand articles, where petitioner stated in her application for a license that she had been arrested in 1947 for maintaining a house of prostitution but had failed to reveal that she had been arrested on the same charge in 1936 and again in 1939 and in each instance received a suspended sentence, and that in each instance her record was under a different name.-In re Dorf (Fielding), 120 (7) N.Y.L.J. (7-12-48) 59, Col. 2 M.

¶ 4. Contention of petitioner that the Commissioner had no right to consider her character as the statute imposed only the requirements of citizenship, a bond and payment of a fee, was rejected, as implicit in the fact of requiring a license is a command to the Commissioner to take reasonable steps to see that the applicant is a fit and proper person to engage in the licensed business. By necessary implication there is clear authority to refuse licenses to those who violate the law.-Id.

¶ 5. Refusal of Commissioner of Licenses to issue to petitioners a second-hand dealer's license for an auto wrecking business to be conducted in a commercial and unrestricted zoning area, **held** to have been arbitrary, where no claim was made that petitioners were not proper persons to engage in such a business, under the zoning laws a second-hand auto dealer's business was a permitted use at the location, and the properties surrounding petitioner's premises were used as a fuel depot equipped with silos and loading gear, and a lumber yard, and use of the premises by petitioners would not change the general character of the community.-In re Moehrer (McCaffrey), 127 (5) N.Y.L.J. (1-8-52) 91, Col. 1 T.

¶ 6. Commissioner's suspension of petitioner's license as a second-hand dealer would not be disturbed when on one occasion at least another whose license as a second-hand dealer and auctioneer had been previously suspended was present on petitioner's premises for purpose of negotiating a transaction in second-hand personal property, and it could be reasonably implied from the evidence that such person was conducting business in partnership or association with petitioner without being licensed.-Schepps v. Moss, 115 (62) N.Y.L.J. (3-16-46) 1047, Col. 4 T.

¶ 7. Determination of Commissioner of Licenses suspending petitioner's license as a used car dealer primarily because of two convictions of violating the Administrative Code and two convictions for violation of the State War Emergency Act, would not be disturbed notwithstanding a certificate of reasonable doubt had been granted as to such convictions. The violations were of such a nature as to affect the integrity of the license privilege granted to the petitioner and its conduct with the public, and mere reversal of the convictions would not preclude investigation by the Commissioner or justify interference with the license suspension unless the Commissioner acted arbitrarily.-In re Sel-Zin Auto Sales, Inc. (Fielding), 116 (26) N.Y.L.J. (8-6-46) 215, Col. 5 T.

¶ 8. A second-hand automobile dealer was entitled to a hearing prior to revocation of his license even though the statutes do not so provide. In the instant case, the exercise of the statutory power adversely affected the property rights of petitioner.-In re Brody's Auto Wrecking, Inc., 31 Misc. 2d 466, 220 N.Y.S. 2d 936 [1961].

CHAPTER 2 LICENSES

SUBCHAPTER 11 DEALERS IN SECOND-HAND ARTICLES

§ 20-265 License required.*

a. It shall be31 unlawful for any person to act as a dealer in second-hand articles without a license therefor.

b. There shall be the following types of licenses:

A general license which shall authorize the licensee to act as a secondhand dealer with respect to all articles other than secondhand automobiles, within the city during the license period specified in section 20-266 of this subchapter.

A management license which shall authorize the licensee who is not a dealer in antiques to operate and manage an antique exposition where such antiques are sold at any fair, show or exhibit within the city during a period of one month from the date of issuance of such license.

A secondhand automobile dealer's license which shall authorize the licensee to act as a secondhand dealer with respect to secondhand automobiles within the city during the license period specified in section 20-266 of this subchapter.

**HISTORICAL NOTE**

Section amended L.L. 7/1995 § 1, eff. Jan. 10, 1995.

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § B32-127.0 added chap 929/1937 § 1

Amended LL 3/1954 § 1

Sub b amended LL 71/1958 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. This section did not apply to defendants, who, as a part of their businesses, sold cancelled postage stamps and old coins.-People v. Blumenthal, 17 Misc. 2d 93, 192 N.Y.S. 2d 284 [1959].

¶ 2. Petitioner, a second-hand dealer, lost his license on the basis of a false application for a motor vehicle license plus several arrests and convictions as a "scofflaw". **Held:** The action of the Commissioner was arbitrary, since the petitioner was not guilty of any fraud in connection with his license as a second-hand dealer. Furthermore, since the petitioner had been in business for 26 years and was the father of 12 children, it would be unfair to deprive him of his license.-Matter of Morales v. O'Connell, 19 Misc. 2d 949, 197 N.Y.S. 2d 245 [1959].

¶ 3. Where petitioner, a 75-year-old man had been engaged in the second-hand business for many years, was arrested in 1929 for receiving stolen goods, and in 1958 for impairing the morals of a minor, had failed to disclose these arrests in previous applications, had received several summonses for operating without a license, and his license was revoked nine months previous for failure to appear before the Commissioner, denial of his application for a license was not arbitrary.-Matter of Bimler (O'Connell), 145 (11) N.Y.L.J. (1-7-61) 12, Col. 3 M.

¶ 4. Defendant who was president of corporation which sold at wholesale remanufactured parts for gas and oil heating equipment and where purchaser would turn in defective or unworkable part which was then sent for remanufacture and sale was conducting the business of second-hand dealer although the purchaser was given no credit or price reduction for the defective part where no purchase could be made without a trade-in.-People v. Bailey, 26 N.Y. 2d 648, 256 N.E. 2d 192, 307 N.Y.S. 2d 885 [1970].

§ 20-266 Bonds; fee; term; fingerprinting.

a. Each dealer securing a general license shall furnish a bond to the city, with sufficient surety, to be approved by the commissioner in the penal sum of one thousand dollars conditioned for the due observance of the law relating to such dealers.

b. The fee for licenses shall be as follows: for a general license, a biennial fee of three hundred forty dollars; for a second-hand automobile dealer's license, a biennial fee of six hundred dollars.

c. The commissioner shall require that applicants for licenses issued pursuant to this subchapter be fingerprinted for the purpose of securing criminal history records from the state division of criminal justice services. The applicant shall pay a processing fee as required by the state division of criminal justice services. Fingerprints shall be taken of the individual owner if the applicant is a sole proprietorship; the general partners if the applicant is a partnership; and the officers, principals, directors, and stockholders owning more than ten percent of the outstanding stock of the corporation if the applicant is a corporation. Any person required to be fingerprinted hereunder shall furnish to the department three current passport-size photographs of such person. Notwithstanding the foregoing, the commissioner need not require applicants for licenses required under this subchapter to be fingerprinted if criminal history records concerning such applicants are not available from the state division of criminal justice services.

**CASE NOTES**

¶ 1. The previous owner of a 5.71 carat ring brought a conversion action against Winston. Plaintiff had sold the ring to a person named Flick, who paid for it with a check drawn on a non-existent bank. Winston, allegedly being unaware of the fraud, purchased the ring from Flick. Winston defended the suit on the ground that it was a good faith purchaser of the ring within the meaning of Uniform Commercial Code § 2-403. The court, however, held that where

Winston filed a "Dealer's Report of Pledged or Purchased Property," in compliance with Administrative Code § 20-267, Winston treated the item as second hand goods. The court held that since Winston admittedly did not have a second hand dealer's license at the time of purchase, it could not validly claim that it acted with reasonable commercial standards of fair dealing and trade, and thus could not invoke UCC § 2-403. Siegelson's Diamonds and Jewelry, Inc. v. Harry Winston, Inc., 194 A.D.2d 306, 598 N.Y.S.2d 223

CHAPTER 2 LICENSES

SUBCHAPTER 11 DEALERS IN SECOND-HAND ARTICLES

§ 20-268 Restrictions.

a. It shall be unlawful for any dealer in second-hand articles to carry on his or her business at any place other than the one designated in such license.

b. It shall be unlawful for any such dealer to purchase any second-hand goods, or things from any person whom he or she knows to be or has reason to believe is a minor.

c. It shall be unlawful for any person whose principal business is dealing in second-hand articles to purchase any second-hand goods or articles from any person between the hours of 12:00 A.M. and 6:00 A.M.

d. It shall be unlawful for any such dealer to sell or dispose of any articles or things except household furniture, curtains, carpets, stoves, kitchen utensils, office furniture, automobiles, motor and other vehicles, machinery, belting, building materials and barrels, or other articles or things received from a dealer or pawnbroker, or which have been received from persons known to be jewelers, dealers, banking institutions, executors or administrators, until the expiration of fifteen days after such purchase or redemption.

e. All second-hand articles or things purchased for the purpose of melting or refining by persons principally engaged in such business, from persons who are not jewelers or dealers, shall not be sold, refined or melted or disposed of until the expiration of fifteen days after such purchase.

Such items as described in the preceding paragraph shall be kept on the premises described in the license which is required by section 20-265 of this chapter.

f. It shall be unlawful for any person licensed as a dealer in second-hand articles, to be licensed as a pawnbroker. It shall be unlawful for any such dealer to receive any article by way of pledge or pawn, or employ subterfuge for receiving goods as security for the advancement of money; nor shall any sign, device or subterfuge be displayed, used or employed by any such dealer in or about the premises where such business is conducted, which in any way resembles the emblem or sign commonly used by pawnbrokers, or which is intended to give the appearance that the business conducted on such premises is, or is connected with, the business of a pawnbroker; nor shall there be any sign displayed which is calculated to deceive.

g. (1) All open lots used as places of storage by junk dealers and dealers in second-hand articles, except lots used as places of display by dealers engaged exclusively in the sale of used or second-hand automobiles, shall be enclosed on all sides adjoining any street by a sheet metal or wooden fence which shall be sufficient to obscure such premises from the public view, and at least six feet in height. It shall be unlawful for such dealer to display or exhibit such property or articles on or in front of any such fence. It shall be the duty of such dealer occupying such premises to keep such fence free and clear of all signs, posters, handbills or other forms of advertisement of any sort whatsoever, except that such dealer may display one sign not exceeding twenty-four feet in length by six feet in height on such fence on each street which such premises shall adjoin, such sign to be used for the purpose of advertising the business of such dealer. The same restrictions shall apply to the owner of such premises in the event that such premises are made available for lease by such owner.

(2) It shall be unlawful to stack or to permit the stacking of any motor vehicles of any kind, or any parts thereof, upon any private property within the city unless such vehicles or parts thereof are completely enclosed within a building, or within an area surrounded by a six foot high fence constructed of sheet metal or wood. When stacked in an open lot such motor vehicles or parts thereof shall be on the interior portion of the lot and the base of such stack shall be a distance of not less than twenty feet from such fence, and the height of such stack shall not exceed twenty feet. There shall be no less than a five hundred foot distance between the area so used and any place of worship, school or other public building.

(3) The commissioner shall cause periodic inspection to be made of the area and must be satisfied that such premises comply with all laws and rules and regulations of the department of buildings, the fire department, the department of transportation, the department of health and mental hygiene, and the department of environmental protection insofar as the same are applicable thereto. For purposes of facilitating the inspection prescribed by this section, the commissioner is authorized to call upon the heads of the above named departments and such departments and their employees shall make such inspections as may be required.

(4) The provisions set forth in paragraph (2) hereof relating to the five hundred foot distance from any place of worship, school or public building, shall not apply to any existing licensed premises.
