and a position in city-service in which he or she had worked an average of at least thirty hours per week for at least five consecutive years, and who shall meet all of such requirements for such a transfer on December thirty-first, nineteen hundred ninety-five, may elect to become a member of NYCERS and to transfer his or her membership in the New York city teachers' retirement system to NYCERS by filing simultaneously with NYCERS, during the six-month period which commences on the day immediately following the date of enactment of the chapter of the laws of nineteen hundred ninety-six which added this provision, a duly executed and acknowledged application for membership and a duly executed and acknowledged request that his or her membership and service credit in the New York city teachers' retirement system be transferred to NYCERS, provided he or she meets all of such requirements on such date of filing. The provisions of item (B) of subparagraph (i) of this paragraph and of subparagraph (ii) of this paragraph shall be applicable to any such transfer pursuant to this subparagraph.

(iv) Notwithstanding the provisions of subparagraph (i) of paragraph two of this subdivision, or any other provision of law to the contrary, where a person transferred his or her membership in the New York city teachers' retirement system to NYCERS pursuant to the provisions of this paragraph, the service rendered by such member in a position as a teacher (as defined in subdivision seven of section 13-501 of the code) prior to such transfer for which credit was transferred to NYCERS, and the service rendered by such member in such position as a teacher while a member of NYCERS after such transfer to NYCERS, shall be deemed to be city-service for all purposes including, but not limited to, the determination of such member's rights pursuant to the provisions of paragraphs one through seven of this subdivision, provided that the obligations of such member to make member contributions based on such service shall be the same as if such service were city-service.

g. Retirement system membership of school crossing guards. (1) Any person employed by the New York city police department in the title of school crossing guard (A) who is not a member of any public retirement system of the state of New York or any political subdivision thereof at the time he or she files an application for membership in BERS, or (B) who is a member of another public retirement system of such state or political subdivision thereof, and who meets all of the requirements for a transfer of membership from such retirement system to BERS pursuant to section forty-three of the RSSL, may elect to become a member of BERS by filing with BERS a duly executed and acknowledged application for membership.

(2) Subject to the provisions of paragraph three of this subdivision, any person who, on the effective date of the act which added this paragraph, is employed by the New York city police department in the title of school crossing guard and who, immediately prior to such effective date, is a member of NYCERS shall, on such effective date, become a member of BERS and shall have his or her membership in NYCERS transferred to BERS.

(3) Any person who, on the effective date of the act which added this paragraph, is employed in such title of school crossing guard and who, immediately prior to such effective date, is a member of NYCERS may elect to remain a member of NYCERS and to void such transfer to BERS pursuant to paragraph two of this subdivision by filing, within ninety days after such effective date, written notice of such election with the executive director of NYCERS and the executive director of BERS.

(4) For all persons who are transferred from NYCERS to BERS pursuant to paragraph two of this subdivision, NYCERS shall make a transfer of reserves, accumulated member contributions and service credit to BERS using a method which is calculated, as certified by the actuary, to produce results which are reasonably equivalent to the results which would be produced by using the method required by section forty-three of the RSSL. For all persons who elect to remain a member of NYCERS and to void a transfer from NYCERS to BERS pursuant to paragraph three of this subdivision, BERS shall make a transfer of reserves, accumulated member contributions and service credit to NYCERS using a method which is calculated, as certified by the actuary, to produce results which are reasonably equivalent to the results which would be produced by using the method required by section forty-three of the RSSL.

(5) Notwithstanding the provisions of subparagraph (i) of paragraph two of subdivision f of this section, or any other provision of law to the contrary, where a person's membership in NYCERS was transferred to BERS pursuant to

paragraph two of this subdivision, the service rendered by such member in the title of school crossing guard prior to such transfer for which credit was transferred to BERS, as well as the service rendered by such member in such position while a member of BERS after such transfer to BERS, shall be deemed to be education service for all purposes including, but not limited to, the determination of such member's rights pursuant to the provisions of paragraphs one through seven of subdivision f of this section.

(6) Notwithstanding any other provision of law to the contrary, where a person's credit for service in the title of school crossing guard was transferred from NYCERS to BERS pursuant to paragraph four of this subdivision, and the transferred credit for such service was prorated by NYCERS pursuant to paragraph one of subdivision c of this section on the basis of one year of service credit for eighteen hundred twenty-seven hours of such service rendered in a calendar year, the transferred credit for such service in such position shall be recomputed by BERS and prorated pursuant to paragraph two of subdivision c of this section on the basis of one year of service credit four fourteen hundred seventy hours of such service rendered in a calendar year, provided that such service meets all of the requirements of such paragraph two for prorating on such basis.

SUBCHAPTER 4 MISCELLANEOUS PROVISIONS

§ 13-638.6 Compliance of New York city retirement systems and pension funds with section 401(a)(9) of the Internal Revenue Code.

Notwithstanding any other provision of law to the contrary, the New York city employees' retirement system, the New York city police pension fund, subchapter two, the New York city fire department pension fund, subchapter two, the New York city teachers' retirement system and the New York city board of education retirement system shall at all times comply with the requirements of section 401(a)(9) of the Internal Revenue Code, as amended from time to time, and, unless the Internal Revenue Code as hereafter amended provides otherwise,

(1) all distributions of retirement allowance benefits from any such retirement system or pension fund shall commence on or before the April first following the later of the calendar year in which the participant attains age seventy and one-half or retires; and

(2) where the distribution of the participant's entire interest is not made in a lump sum by any such retirement system or pension fund, the distribution shall be made in one or more of the following ways: over the life of the participant; over the life of the participant and a designated beneficiary; over a period certain not extending beyond the life expectancy of the participant; or over a period certain not extending beyond the joint life and last survivor expectancy of the participant and a designated beneficiary; and

(3) if distribution of benefits has commenced prior to the participant's death, the remaining interest shall be

distributed by any such retirement system or pension fund at least as rapidly as under the method of distribution being used as of the date of the participant's death; and

(4) where the participant dies before distribution commences, the method of distribution of benefits from any such retirement system or pension fund shall satisfy the following requirements: (a) any remaining portion of the participant's interest that is not payable to a beneficiary designated by the participant shall be distributed within five years after the participant's death; and (b) any portion of the participant's interest that is payable to a beneficiary designated by the participant shall be distributed either (i) within five years after the participant's death, or (ii) over the life of the beneficiary or over a period certain not extending beyond the life expectancy of the beneficiary, commencing not later than the end of the calendar year following the calendar year in which the participant dies (or, if the designated beneficiary is the participant's surviving spouse, commencing not later than the end of the calendar year following the calendar year in which the participant would have attained age seventy and one-half).

ARTICLE 1 [SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN CITY RETIREES]

§ 13-644 Definitions.

As used in this subchapter:

1. The term "city retired employee" shall mean a person who was retired prior to July first, nineteen hundred sixty and who receives, as a result of such retirement, a retirement allowance or pension from any retirement or pension system or plan of the city of New York, which retirement allowance or pension, computed without optional modification, is or would be twelve hundred dollars per annum or less, and who, unless retired for disability:

(a) is sixty years of age or over and

(b) has not had less than fifteen years of allowable and credited service on which his or her retirement allowance or pension is based,

(c) provided, however, that

(1) in the case of such a person meeting such requirements who attained age sixty-five before April first, nineteen hundred fifty-six, or who attains such age on or after such date, the maximum retirement allowance or pension,

computed without optional modification, shall for the purposes hereof be thirteen hundred two dollars per annum beginning April first, nineteen hundred fifty-six or the first of the month following the date such person attains the age of sixty-five years;

(2) in the case of a female person meeting such requirements who attained age sixty-two before April first, nineteen hundred fifty-seven, or who attains such age on or after such date, the maximum retirement allowance or pension, computed without optional modification, shall for the purposes hereof be thirteen hundred two dollars per annum beginning April first, nineteen hundred fifty-seven or the first of the month following the date such person attains the age of sixty-two years;

(3) in the case of a person retired for disability, either before or after attaining age fifty, who attained such age before April first, nineteen hundred fifty-seven, or who attains such age on or after such date, the maximum retirement allowance or pension, computed without optional modification, shall for the purposes hereof be thirteen hundred two dollars per annum beginning April first, nineteen hundred fifty-seven or the first of the month following the date such person attains the age of fifty years.

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 1 [SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN CITY RETIREES]

§ 13-646 Computation of supplemental pensions.

1. Subject to the filing of verified applications for such payments by person entitled thereto, the monthly supplemental pension to be paid to a city retired employee shall be computed by

(a) Multiplying by forty (or forty-three and two-fifths in a case where a retired employee may receive a maximum retirement allowance or pension, computed without optional modification, of thirteen hundred two dollars) the number of years not exceeding thirty, of allowable and credited service on which his or her retirement allowance or pension is based,

(b) subtracting therefrom the amount of his or her annual retirement allowance or pension, computed without optional modification, and

(c) dividing the result so obtained by twelve.

2. In no event shall the monthly supplemental pension paid to a city retired employee exceed

(a) twenty-five dollars, or thirty-three dollars and fifty cents in any case where the maximum under paragraph

(b) of this subdivision is one hundred eight dollars and fifty cents, or

(b) an amount which when added to an amount equal to one-twelfth of his or her annual retirement allowance or pension, computed without optional modification, exceeds the sum of one hundred dollars, or one hundred eight dollars and fifty cents.

(1) in the case of a retired employee who attained age sixty-five before April first, nineteen hundred fifty-six or who attains such age on or after such date, beginning with April first, nineteen hundred fifty-six or with the first of the month following the date such retired employee attains the age of sixty-five years;

(2) in the case of a retired female person who attained age sixty-two before April first, nineteen hundred fifty-seven or who attains such age on or after such date, beginning with April first, nineteen hundred fifty-seven or with the first of the month following the date such retired employee attains the age of sixty-two years; and

(3) in the case of a person retired for disability, either before or after attaining age fifty, who attained such age before April first, nineteen hundred fifty-seven, or who attains such age on or after such date, beginning with April first, nineteen hundred fifty-seven, or with the first of the month following the date such retired employee attains the age of fifty years.

3. For the purposes of this section, in determining the number of years of allowable and credited service, a major fraction or decimal of a year shall be counted as a full year.

4. If any salary or time adjustment is pending then the supplemental pension payments to be received by a city retired employee shall be regarded as payments on account of any increase in pension or retirement allowance to which such city retired employee may become entitled by reason of such salary or time adjustment, and may be offset from any increased pension payment or retired allowance which may become payable to such city retired employee by reason of such adjustment.

5. Notwithstanding any other provision of this article.

(a) any person who was retired prior to July first, nineteen hundred sixty and who as a result of such retirement receives a retirement allowance or pension from the New York city teachers' retirement system, who attained age sixty-five before April first, nineteen hundred fifty-six, or who attains such age on or after such date and who is receiving or is entitled to receive a supplemental pension pursuant to this article on or after such date shall, beginning with the month of April, nineteen hundred fifty-six, if he or she is then sixty-five years of age or beginning with the month thereafter during which he or she attains age sixty-five, receive a monthly supplemental pension in an amount which when added to his or her monthly retirement allowance or pension, computed without optional modification, shall be equal to one hundred eight dollars fifty cents;

(b) in the case of any female person meeting such requirements, who was retired prior to July first, nineteen hundred sixty and who, as a result of such retirement receives a retirement allowance or pension from the New York city teachers' retirement system, who attained age sixty-two before April first, nineteen hundred fifty-seven, or who attains such age on or after such date and who is receiving or is entitled to receive a supplemental pension pursuant to this article on or after such date shall, beginning with the month of April, nineteen hundred fifty-seven, if she is then sixty-two years of age or beginning with the month thereafter during which she attains age sixty-two, receive a monthly retirement allowance or pension in an amount which, when added to her monthly retirement allowance or pension, computed without optional modification, shall be equal to one hundred eight dollars and fifty cents;

(c) in the case of any person retired for disability before July first nineteen hundred sixty who receives a disability retirement allowance or pension from the New York city teachers' retirement system, effective either before or after attaining age fifty, who attained such age before April first, nineteen hundred fifty-seven, or who attains such age on or after such date and who is receiving or is entitled to receive a supplemental pension pursuant to this article on or

after such date shall, beginning with the month of April, nineteen hundred fifty-seven, if he or she is then fifty years of age or beginning with the month thereafter during which he or she attains age fifty, receive a monthly retirement allowance or pension in an amount which when added to his or her monthly retirement allowance or pension, computed without optional modification, shall be equal to one hundred eight dollars and fifty cents.

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 2 [SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN CITY RETIREES, POLICE OR FIRE RETIREES, SURVIVING SPOUSES OR DEPENDENTS, POLICE OR FIRE LINE-OF-DUTY SURVIVING SPOUSES OR DEPENDENTS, AND STREET CLEANING SURVIVING SPOUSES OR DEPENDENTS]

§ 13-652 Definitions.

As used in this article:

a. The term "city retired employee" shall mean a male who is sixty-five years of age or older or a female person who is sixty-two years of age or older, who was retired prior to January first, nineteen hundred fifty-seven and receives, as a result of such retirement, a retirement allowance or pension system or plan of the city, other than a pension or retirement system for members of the uniformed force of the police department or the fire department.

b. The term "police or fire retired employee" shall mean any person who was retired before January first, nineteen hundred fifty-five and receives, on or after the effective date of this subdivision as hereby amended, as a result of such retirement, a retirement allowance or pension from a retirement or pension system or plan of the city for members of the uniformed force of the police department or fire department.

c. The term "police or fire surviving spouse or dependent" shall mean any person, other than a police or fire

line-of-duty surviving spouse or dependent, who is a surviving spouse or dependent or a minor child of a deceased member or deceased retired member of a retirement or pension system or plan of the city for members of the uniformed force of the police department or fire department other than the pension fund provided in subchapter two of chapter two of this title or in subchapter two of chapter three of this title, and who is receiving a pension from such system or plan on or after the effective date of this subdivision as hereby amended as a result of being a surviving spouse, dependent or a minor child of such deceased member or deceased retired member. If more than one person are receiving pensions from such system or plan on or after such date as a result of being surviving spouses, dependents or minor children of the same deceased member or deceased retired member, they shall collectively be deemed to be one "police or fire surviving spouse or dependent" within the meaning of this article and any supplemental retirement allowance granted to a "police or fire surviving spouse or dependent" under this article shall be divided among such persons in the same proportion as the pensions received by them and shall be subject to termination upon the same terms and conditions as govern the termination of such pensions.

d. The term "police or fire line-of-duty surviving spouse or dependent" shall mean any person who (1) is a surviving spouse, a dependent, or a minor child of a member of a retirement system or plan of the city for members of the uniformed force of the police or fire department who died prior to January first, nineteen hundred fifty-five, and (2) on or after the effective date of this subdivision as hereby amended, is receiving a pension from such system or plan pursuant to the provisions of section 13-209, 13-244, 13-309 or 13-347 of this title. If more than one such person are or shall be receiving pensions from such system or plan on or after such date pursuant to any such section as a result of being a surviving spouse or dependents or minor children of the same deceased member, they shall collectively be deemed to be one police or fire line-of-duty surviving spouse or dependent within the meaning of this article and any supplemental retirement allowance granted to a police or fire line-of-duty surviving spouse or dependent under this article shall be divided among such persons in the same proportion as the pensions received by them and shall be subject to termination upon the same terms and conditions as govern the termination of such pensions.

e. The term "street cleaning surviving spouse or dependent" shall mean any person (1) who is a surviving spouse, a minor child or a dependent parent of a deceased member or deceased retired member of the relief and pension fund of the department of street cleaning of the city of New York, and (2) who is receiving a pension on or after January first, nineteen hundred sixty-six from such relief and pension fund as a result of being a surviving spouse, a minor child or a dependent parent of such deceased member or deceased retired member. If more than one person are receiving pensions from such fund on or after such date as a result of being surviving spouses, minor children or dependent parents of the same deceased member or deceased retired member they shall collectively be deemed to be one "street cleaning surviving spouse or dependent" within the meaning of this article and a supplemental retirement allowance granted to such a "street cleaning surviving spouse or dependent" under this article shall be divided among such persons in the same proportion as the pensions received by them and shall be subject to termination upon the same terms and conditions as govern the termination of such pensions.

ARTICLE 2 [SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN CITY RETIREES, POLICE OR FIRE RETIREES, SURVIVING SPOUSES OR DEPENDENTS, POLICE OR FIRE LINE-OF-DUTY SURVIVING SPOUSES OR DEPENDENTS, AND STREET CLEANING SURVIVING SPOUSES OR DEPENDENTS]

§ 13-653 Supplemental retirement allowances.

a. City retired employees. Notwithstanding any other provision of law, any city retired employee, who unless retired for disability had at least five years of credited service at the time of his or her retirement, shall be entitled to a supplemental pension payment to be known as a supplemental retirement allowance payable annually in monthly installments in accordance with the following provisions of this section:

1. The supplemental retirement allowance provided herein for city retired employees shall be sixteen dollars and sixty-six cents per month plus a percentage of the retirement allowance computed without optional modification, based on the year of retirement, in accordance with the schedule hereinafter set forth, provided, however, that no supplemental retirement allowance shall:

(a) Exceed sixty-six dollars and sixty-six cents per month, or

(b) together with the retirement allowance received from IRT and BMT pension and together with any

retirement allowance received from IRT and BMT pension plans, exceed one hundred eighty-three dollars and thirtythree cents per month.

2. The supplemental retirement allowance for city retired employees shall be computed in accordance with the following schedule:

**[See tabular material in printed version]**

b. Police or fire retired employees. Notwithstanding any other provision of law, any police or fire retired employee shall be entitled to a supplemental pension payment to be known as a supplemental retirement allowance payable annually, in monthly installments in an amount which, together with pension or retirement allowance (exclusive of extra service increments granted pursuant to section 13-208 or 13-307 of this title or any other similar provision of law), computed without optional modification, if any, received by such police or fire retired employee, shall equal but not exceed two hundred twenty-five dollars per month; provided, however, that the amount of such supplemental retirement allowance shall not exceed eighty-three dollars and thirty-three cents per month; and further provided however, that no such supplemental retirement allowance shall be increased, to conform with the provisions of this subdivision, by more than sixteen dollars and sixty-six cents per month above the amount of such allowance as of December thirty-first, nineteen hundred sixty-five.

c. Police or fire surviving spouse or dependent. Notwithstanding any other provision of law, a police or fire surviving spouse or dependent, shall be entitled to a supplemental pension payment to be known as a supplemental retirement allowance payable annually in monthy installments in an amount which, together with the pension received by such police or fire surviving spouse or dependent shall equal but not exceed one hundred six dollars and sixty-six cents per month, provided, however that the amount of such supplemental retirement allowance shall not exceed fifty-six dollars and sixty-six cents per month.

d. Police or fire line-of-duty surviving spouse or dependent. Notwithstanding any other provision of law, a police or fire line-of-duty surviving spouse or dependent shall be entitled to receive on and after October first, nineteen hundred sixty-three a supplemental pension payment, to be known as a supplementary retirement allowance, payable annually in monthly installments in an amount which, together with pension received by such police or fire line-of-duty surviving spouse or dependent pursuant to section 13-209, 13-244, 13-309, or 13-347 of this title, shall equal but not exceed two hundred eight dollars and thirty-three cents per month, provided however that the amount of such supplemental retirement allowance shall not exceed sixty-six dollars and sixty-six cents per month; and further provided however, that no such supplemental retirement allowance shall be increased by more than sixteen dollars and sixty-six cents per month pursuant to the provisions of this subdivision, as hereby amended.

e. Notwithstanding any other provision of law, a street cleaning surviving spouse or dependent shall be entitled to receive on and after January first, nineteen hundred sixty-six, a supplemental pension payment, to be known as a supplemental retirement allowance, payable annually in monthly installments in an amount which together with the pension received by such street cleaning surviving spouse or dependent pursuant to section 13-610 of this title, shall equal but not exceed ninety-eight dollars and thirty-three cents per month, provided, however, that the amount of such supplemental retirement allowance shall not at any time exceed forty-eight dollars and thirty-three cents per month.

f. The supplemental retirement allowances provided for in this article shall not be paid to any city retired employee or police or fire retired employee or any police or fire surviving spouse or dependent or police or fire line-of-duty surviving spouse or dependent or any street cleaning surviving spouse or dependent for any period during which the pension or retirement allowance of such city retired employee police or fire retired employee, or police or fire surviving spouse or dependent, or police or fire line-of-duty surviving spouse or dependent, or street cleaning surviving spouse or dependent, or any part thereof is forfeited or suspended pursuant to laws.

g. Any such city retired employee or police or fire retired employee already receiving a supplemental pension

under article one of this subchapter shall continue to receive such supplemental pension or shall receive the supplemental retirement allowance provided under this article, whichever shall be greater.

§ 13-658 Reimbursement by participating employers for payments for certain city retired employees.

a. The granting of supplemental retirement allowances to city retired employees who retired from service in the New York city housing authority, the New York city transit authority or the triborough bridge and tunnel authority or any of the public authorities consolidated with the triborough bridge and tunnel authority, is conditioned upon the contribution by such employing authority, or if the employing authority was a public authority consolidated with the triborough bridge and tunnel authority, by the triborough bridge and tunnel authority, to the cost of providing supplemental retirement allowances to such city retired employees in the manner provided in this section.

b. As soon as practicable after the close of each fiscal year of the city, the comptroller shall determine the pro-rata cost of providing such supplemental retirement allowance payments during such fiscal year to be contributed by each such authority. Such pro-rata cost shall be determined on the basis of a formula approved by the board of estimate.

c. The comptroller shall thereupon submit to the fiscal officer of each such authority a statement of the amount

to be contributed by it pursuant to this article. Payment of the amount specified in the comptroller's statement shall be made by such authority within sixty days after the receipt thereof. If payment of the full amount of such obligation is not made within sixty days after the receipt of such statement, interest at the rate of four percentum per annum shall commence to run against the unpaid balance thereof on the first day after such sixtieth day.

d. All amounts received by the comptroller from such authorities pursuant to this article shall be deposited in and credited to the supplemental pension fund.

§ 13-663 Supplemental retirement allowances.

a. Police retired employees. Notwithstanding any other provision of law, any police retired employee shall be entitled to a supplemental pension payment to be known as a supplemental retirement allowance payable annually, in monthly installments in an amount which, together with pension or retirement allowance (exclusive of extra service increments granted pursuant to section 13-208 of this title or any other similar provision of law), received by such police retired employee, shall be equal to onehalf of his or her annual compensation earned at the date of his or her retirement.

b. For the purpose only of determining the amount of additional pension contribution by the city that may be required to provide said person with a retirement allowance equal to one-half of his or her annual compensation earned on the date of his or her retirement, the person's annuity shall be computed as it would have been,

(A) If it were not reduced by the actuarial equivalent of any outstanding loan.

(B) If it were not increased by the actuarial equivalent of any additional contributions.

(C) If it were not reduced by reason of the member's election to decrease his or her annuity contributions in order to apply the amount of such reduction in payment of his or her contributions for old-age and survivors insurance coverage.

(D) As it would be without any optional modification.

c. The supplemental retirement allowances provided for in this article shall not be paid to any police retired employee for any period during which the pension or retirement allowances of such police retired employee, or any part thereof is forfeited or suspended pursuant to law.

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 4 [SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN FIRE RETIREES]

§ 13-672 Supplemental retirement allowances.

a. Fire retired employees. Notwithstanding any other provision of law, any fire retired employee shall be entitled to a supplemental pension payment to be known as a supplemental retirement allowance payable annually, in monthly installments in an amount which, together with pension or retirement allowance (exclusive of extra service increments granted pursuant to section 13-358 of this title or any other similar provision of law), received by such fire retired employee, shall be equal to one-half of his or her annual compensation earned at the date of his or her retirement if retired for service, and provided, however, if disabled fire retired employee, the retirement allowance or pension shall be computed on the basis of annual compensation earnable on the date of retirement for disability of such employee pursuant to the provisions of section 13-362 or 13-364 of subchapter two of chapter three of this title.

b. For the purpose only of determining the amount of additional pension contribution by the city that may be required to provide said person with a retirement allowance equal to the one-half of his or her annual compensation earned on the date of his or her retirement for service retirement or to provide a disabled fire retired employee with a retirement allowance computed on the basis of annual compensation earnable on the date of the retirement for disability of such employee pursuant to the provisions of sections 13-362 and 13-364 of subchapter two of chapter three of this title, the person's annuity shall be computed as it would have been.

(A) If it were not reduced by the actuarial equivalent of any outstanding loan,

(B) If it were not increased by the actuarial equivalent of any additional contributions,

(C) If it were not reduced by reason of the member's election to decrease his or her or her annuity contributions in order to apply the amount of such reduction in payment of his or her contributions for old age and survivors insurance coverage,

(D) As it would be without any optional modification.

c. The supplemental retirement allowances provided for in this article shall not be paid to any fire retired employee for any period during which the pension or retirement allowances of such fire retired employee, or any part thereof is forfeited or suspended pursuant to law.

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 5 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN RETIREES OF THE NEW YORK CITY EMPLOYEES' RETIREMENT SYSTEM AND OF THE TEACHERS' AND BOARD OF EDUCATION RETIREMENT SYSTEMS

§ 13-680 Supplemental retirement allowances based on consumer price index.

a. As used in this article, the following terms shall mean and include:

1. "Other-than-disability retiree". A person who retired prior to January first, nineteen hundred eighty as a member of the New York city employees' retirement system, the New York city teachers' retirement system or the board of education retirement system of the city, other than for disability, and who is receiving a retirement allowance by reason of such retirement.

2. "Disability retiree". A person who retired prior to January first, nineteen hundred eighty as a member of any retirement system mentioned in paragraph one of this subdivision a, for disability, and who is receiving a retirement allowance by reason of such retirement.

3. "Supplemental pension fund". The supplemental pension fund provided for by section 13-650 of this chapter.

4. "Comptroller". The comptroller of the city.

5. "Qualified retiree". A disability retiree or other-than-disability retiree who is entitled to receive a supplemental retirement allowance under the provisions of this article.

6. "Qualified authority retiree". A qualified retiree who retired from service:

(a) with the New York city housing authority; or

(b) with the New York city transit authority or any predecessor board or body having powers or duties to which the New York city transit authority succeeded; or

(c) with the triborough bridge and tunnel authority or any authority consolidated with the triborough bridge and tunnel authority.

7. "Authority responsible for supplementation".

(a) Where used in relation to a qualified authority retiree who retired from service with the New York city housing authority, such term shall mean the New York city housing authority.

(b) Where used in relation to a qualified authority retiree who retired from service with the New York city transit authority or any predecessor board or body having powers or duties to which the New York city transit authority succeeded, such term shall mean the New York city transit authority.

(c) Where used in relation to a qualified authority retiree who retired from service with the triborough bridge and tunnel authority or any authority consolidated with the triborough bridge and tunnel authority, such term shall mean the triborough bridge and tunnel authority.

8. "Fixed portion of the annual retirement allowance". That part of the total annual retirement allowance, which part does not include a variable annuity or a variable pension as provided for in the variable annuity program, if any, of a retirement system mentioned in paragraph one of subdivision a of this section.

9. "Base amount". That part of the fixed portion of the annual retirement allowance, when such allowance is computed without optional modification, which part does not exceed ten thousand five hundred dollars.

10. "Surviving spouse who is a designated annuitant." A person (a) who is the spouse of a retiree of any retirement system mentioned in paragraph one of this subdivision, and (b) who, by reason of the death, occurring prior to calendar year nineteen hundred eighty, of such retiree, receives an annuity or pension pursuant to any of the following provisions of the code: (A) subdivision four of section 13-151 of the code; (B) option 1 or option 4 of section 13-177 of the code; (C) subdivision two of section 13-545 of the code or option I or option IV under subdivision four of section 13-545 of the code; or (D) option I (including option Ia and option Ib) or option IV of section 13-558 of the code.

b. A supplemental retirement allowance determined pursuant to this section shall be payable:

(1) to disability retirees who retired prior to April first, nineteen hundred seventy under a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven, commencing with a payment for the month of July, nineteen hundred eighty-one, and continuing thereafter; and

(2) to the other-than-disability retirees who retired prior to April first, nineteen hundred seventy under a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven, commencing with a payment for the later of the month of July, nineteen hundred eighty-one or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and continuing thereafter.

c. Such supplemental retirement allowance for those qualified retirees who retired prior to January first, nineteen hundred sixty-eight under a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven shall include an amount computed by multiplying the base amount by a percentage determined on the basis of the consumer price index (all items United States city average) published by the United States Bureau of Labor Statistics.

d. (1) The percentage referred to in subdivision c of this section shall be determined as the ratio of two indexes, in the manner prescribed by this subdivision d.

(2) The average of the twelve monthly consumer price indexes of the calendar year nineteen hundred sixty-nine, divided by the average of the twelve monthly consumer price indexes of the calendar year of retirement, shall be the ratio of the indexes.

(3) Such ratio, minus one, shall be expressed as a percentage and shall be adjusted to the lower one-tenth of one percentum. Such adjusted percentage shall be the percentage of the base amount which is payable as a supplement included in a supplemental retirement allowance as provided for in subdivision c of this section. However, no such supplement shall be paid where such percentage is less than three percentum. Such percentage for a person who retired prior to October first, nineteen hundred fifty-seven shall be increased by one hundred percentum thereof and the adjusted percentage shall be further adjusted to the lower one-tenth of one percentum. Such percentage shall be computed by the actuary and certified to the comptroller who shall, by directive, promulgate a schedule of percentages by year of retirement to be used for this purpose.

e. (1) commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable to each qualified retiree who retired prior to January first, nineteen hundred sixty-eight under a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven, a supplemental retirement allowance which shall consist of the sum obtained by adding together:

(a) the amount determined for such retiree pursuant to the provisions of subdivisions c and d of this section; and

(b) the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the year of retirement in accordance with the schedule set forth in paragraph two of this subdivision e.

(2) The schedule referred to in paragraph one of this subdivision e is as follows:

**[See tabular material in printed version]**

(3) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable to each qualified retiree who retired on or after January first, nineteen hundred sixty-eight and before April first, nineteen hundred seventy under a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph four of this subdivision e.

(4) The schedule referred to in paragraph three of this subdivision e is as follows:

**[See tabular material in printed version]**

(5) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable to each disability retiree who retired on or after July first, nineteen hundred sixty-eight and before April first, nineteen hundred seventy, under a retirement plan other than a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the

date of retirement in accordance with the schedule set forth in paragraph seven of this subdivision e.

(6) (a) Each other-than-disability retiree who retired on or after December twenty-ninth, nineteen hundred sixty-seven and prior to April first, nineteen hundred seventy under a retirement plan other than a retirement plan in effect prior to December twenty-ninth, nineteen hundred sixty-seven shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph six, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph seven of this subdivision e.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph six shall commence with a payment for the later of the month of July, nineteen hundred eighty-one or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

(7) The schedule referred to in paragraphs five and six of this subdivision e is as follows:

**[See tabular material in printed version]**

f. (1) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable to each disability retiree who retired on or after April first, nineteen hundred seventy and before January first, nineteen hundred seventy-three, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision f.

(2) (a) Each other-than-disability retiree who retired on or after April first, nineteen hundred seventy and prior to January first, nineteen hundred seventy-three shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision f.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-one or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

(3) The schedule referred to in paragraph one and two of this subdivision f is as follows:

**[See tabular material in printed version]**

g. (1) Commencing with a payment for the month of July, nineteen hundred eighty-two and continuing thereafter, there shall be payable to each disability retiree who retired during the calendar year nineteen hundred seventy-three, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by six per centum.

(2) (a) Each other-than-disability retiree who retired during the calendar year nineteen hundred seventy-three shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by six per centum.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-two or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

h. (1) Commencing with a payment for the month of July, nineteen hundred eighty-three and continuing thereafter, there shall be payable to each disability retiree who retired on or after January first, nineteen hundred seventy-four and before January first, nineteen hundred seventy-seven, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision h.

(2) (a) Each other-than-disability retiree who retired on or after January first, nineteen hundred seventy-four and prior to January first, nineteen hundred seventy-seven shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision h.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-three or the month of July next following the twelve month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

(3) The schedule referred to in paragraphs one and two of this subdivision h is as follows:

**[See tabular material in printed version]**

i. (1) Commencing with a payment for the month of July, nineteen hundred eighty-four and continuing thereafter, there shall be payable to each disability retiree who retired on or after January first, nineteen hundred seventy-seven and before January first, nineteen hundred seventy-nine, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(2) (a) Each other-than-disability retiree who retired on or after January first, nineteen hundred seventy-seven and prior to January first, nineteen hundred seventy-nine shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-four or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

j. (1) Commencing with a payment for the month of July, nineteen hundred eighty-five and continuing thereafter, there shall be payable to each disability retiree who retired during the calendar year nineteen hundred seventy-nine, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(2) (a) Each other-than-disability retiree who retired during the calendar year nineteen hundred seventy-nine shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-five or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

k. Notwithstanding any other provision of law to the contrary, the spouse of a deceased retiree, who had elected, pursuant to the applicable provisions of the code or of the rules and regulations of the board of education retirement

system of the city, one of the options which provides that benefits are to be continued for the life of such spouse after the death of the retiree, shall be entitled to receive a monthly supplemental retirement allowance pursuant to this subdivision. Such monthly supplemental retirement allowance shall be equal in amount to one-half of the monthly supplemental retirement allowance which the retiree would be receiving if living, and shall commence with a payment for the later of (1) the month of July, nineteen hundred eighty-three, or (2) the month following the month in which the death of the retiree occurred or occurs, or (3) the first month for which such retiree, if living, would be entitled to receive a monthly supplemental retirement allowance, and such spouse's monthly supplemental retirement allowance shall continue thereafter during the lifetime of such spouse.

l. (1) Notwithstanding any other provision of law to the contrary, each surviving spouse who is a designated annuitant (as defined in paragraph ten of subdivision a of this section) shall be entitled to a monthly supplemental retirement allowance of two hundred dollars pursuant to this subdivision. Such monthly supplemental retirement allowance shall commence with a payment for the later of (a) the month of July, two thousand or (b) the month following the month in which the death of the member or retiree occurred, and such surviving spouse's monthly supplemental retirement allowance shall continue for the life of the surviving spouse. Commencing September first, two thousand one, the monthly benefit payable pursuant to this section shall be increased in an amount determined pursuant to subdivision d of section 13-696 of this title.

(2) No spouse who is or may become eligible to receive a supplemental retirement allowance under subdivision k of this section, whether or not such spouse is receiving such allowance under such subdivision, shall be entitled to receive a supplemental retirement allowance under this subdivision.

m. The supplemental retirement allowance shall be rounded off to the nearest dollar.

n. The supplemental retirement allowance hereinabove provided for any such disability retiree or other-than-disability retiree shall be in lieu of any supplemental retirement allowance for such retiree provided by articles one and two of subchapter six of this chapter or any other law, unless such other supplemental retirement allowance is in excess of that provided for by this article, in which latter case such other supplemental retirement allowance shall be paid and no supplemental retirement allowance shall be paid under this article.

**NOTE**

Provision of chap 8/1988 § 10.

§ 10. Notwithstanding any other provision of law, commencing with a payment for the month of May, nineteen hundred eighty-eight and continuing thereafter, there shall be payable to retirees of any retirement system or pension fund providing benefits pursuant to sections 13-680 and 13-691 of the administrative code of the city of New York and section two hundred seven-i of the general municipal law who retired prior to calendar year nineteen hundred eighty-three a supplemental retirement allowance which shall be a percentage of the retirement allowance otherwise payable, computed without optional modification. Said percentage, for each calendar year of retirement, shall be as set forth in section two of this act. Said supplemental retirement allowance shall be computed on the basis of the base amount as defined in sections 13-680 and 13-690 of the administrative code of the city of New York or the amount specified in section two hundred seven-i of the general municipal law and shall be payable to all disability pensioners and to other pensioners who have attained age sixty-two. Notwithstanding any law to the contrary, said supplemental retirement allowance shall be in lieu of the supplemental retirement allowances provided pursuant to sections 13-680 and 13-691 of the administrative code of the city of New York or section two hundred seven-i of the general municipal law or sections thirty and thirty-one of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four, unless such other supplemental retirement allowances payable to a pensioner are in excess of that provided by this section, in which latter case such other supplemental retirement allowances shall be paid and no supplemental retirement allowance shall be paid under this section. The supplemental retirement allowances payable by an actuarially funded retirement system pursuant to this section (in lieu of other supplemental retirement allowances), to the extent that they represent an increase over the level of the next preceding supplemental retirement allowances, shall be actuarially funded by obligors responsible for supplementation (as defined in subdivision b of section 13-694 of such

code) over a ten-year period commencing on May first, nineteen hundred eighty-eight, on the basis of the applicable valuation rate of interest used to determine employer contributions to the retirement system during such ten-year period and in accordance with the appropriate provisions of sections 13-694 and 13-695 of such code. The portions of such supplemental retirement allowances payable by such retirement systems under this section, which portions constitute a continuation of the level of such next preceding supplemental retirement allowances, shall be funded as a continuation of the existing funding of such portions pursuant to the appropriate provisions of sections 13-694 and 13-695 of such code. [§ 10 amended ch. 581/1989 § 69.]

Administrative Code of the City of New York

*NYC Administrative Code 13-681*

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 5 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN RETIREES OF THE NEW YORK CITY EMPLOYEES' RETIREMENT SYSTEM AND OF THE TEACHERS' AND BOARD OF EDUCATION RETIREMENT SYSTEMS

§ 13-681 Supplemental pension for a surviving spouse, dependent or child in certain cases.

a. (1) In addition to any other payment authorized or required by any other provision of law, there shall be paid a monthly amount, as herein provided for in this subdivision a, to a surviving spouse, dependent or minor child of a deceased member of the department of street cleaning, where, by reason of the death of such member, such spouse, dependent or minor child was or shall be receiving a pension from such system or plan pursuant to the provisions of this code.

(2) (i) In any case where such death occurred prior to June first, nineteen hundred eighty-one, payment of such additional amount shall be made as provided for in subparagraph (ii) of this paragraph two.

(ii) Such payment shall commence with a payment for the later of the month of September, nineteen hundred eighty or the month next following the month in which such death occurred. The additional amount payable for each payment month shall be twenty-five dollars to and including the month of June, nineteen hundred eighty-one. An amount of fifty dollars shall be paid for the month of July, nineteen hundred eighty-one and for each month thereafter to

and including the month of June, nineteen hundred eighty-five. An amount of one hundred dollars shall be paid for the month of July, nineteen hundred eighty-five and for each month thereafter to and including the month of June, two thousand. An amount of two hundred dollars shall be paid for the month of July, two thousand and for each month thereafter. Commencing September first, two thousand one, the monthly benefit payable pursuant to this section shall be increased in an amount determined pursuant to subdivision d of section 13-696 of this title.

(3) In any case where such death occurred or shall occur on or after June first, nineteen hundred eighty-one, an amount of fifty dollars per month shall be paid, commencing with a payment for the later of the month of July, nineteen hundred eighty-one or the month next following the month in which such death occurred or shall occur and continuing with a payment of fifty dollars for each month thereafter to and including the month of June, nineteen hundred eighty-five. An amount of one hundred dollars shall be paid for the month of July, nineteen hundred eighty-five and for each month thereafter to and including the month of June, two thousand. An amount of two hundred dollars shall be paid for the month of July, two thousand and for each month thereafter. Commencing September first, two thousand one, the monthly benefit payable pursuant to this section shall be increased in an amount determined pursuant to subdivision d of section 13-696 of this title.

b. If more than one such person are or shall be receiving from such system or plan pursuant to any such section as a result of being a surviving spouse, dependent or minor child of the same deceased member, they shall collectively be deemed to be one such person and any supplemental pension granted to a surviving spouse, dependent or child shall be divided among such persons in the same proportion as the pensions received by them.

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 5 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN RETIREES OF THE NEW YORK CITY EMPLOYEES' RETIREMENT SYSTEM AND OF THE TEACHERS' AND BOARD OF EDUCATION RETIREMENT SYSTEMS

§ 13-682 Payment of supplemental retirement allowances.

a. On or before the last day of each month during the payment period mentioned in subdivisions b, e, f, g, h, i and j of section 13-680 of this chapter, there shall be paid to each qualified retiree from the pension reserve fund of the retirement system of which such retiree was a member when he or she retired, the applicable supplemental retirement allowance prescribed by such section 13-680 except that in the case of qualified retirees who retired as members of the teachers' retirement system, such allowance shall be paid from pension reserve fund number one of such system. With respect to payments of such supplemental retirement allowances which were made for the month of July, nineteen hundred eighty or any subsequent month preceding the month of July, nineteen hundred eighty-one, the actuary of each retirement system of which recipients of such allowances were members when they retired shall determine the adjustments, if any, which, by reason of such payments, the preceding provisions of this section require to be made between the funds of the pension reserve fund or pension reserve fund number one, as the case may be, of such retirement system and the funds of the supplemental pension fund, and any such adjustments so determined shall be carried out by resolution of the board of trustees or retirement board of such retirement system and executive order of the mayor.

b. There also shall be paid on or before the last day of each month from the supplemental pension fund to each qualified widow, dependent or minor child, the applicable supplemental pension prescribed by section 13-681 of this chapter.

c. In any case where the spouse of a deceased retiree is entitled to receive a supplemental retirement allowance pursuant to the provisions of subdivision k of section 13-680 of this chapter, then from the retirement system pension reserve fund from which the supplemental retirement allowance of such retiree would be paid if such retiree were living, there shall be paid on or before the last day of each month with respect to which such spouse is entitled to receive such supplemental retirement allowance, the applicable amount of such spouse's supplemental retirement allowance; provided, however, that in the case of the spouse of any such deceased retiree who retired as a contributor of the New York city teachers' retirement system, such allowance shall be paid to such spouse from pension reserve fund number one of such retirement system.

d. On or before the last day of each month with respect to which a surviving spouse who is a designated annuitant (as defined in paragraph ten of subdivision a of section 13-680 of the code) is entitled to receive a supplemental retirement allowance pursuant to the provisions of subdivision 1 of such section 13-680, such supplemental retirement allowance shall be paid from the fund or funds of the retirement system from which is payable such surviving spouse's annuity or pension supplemented by such supplemental retirement allowance.

e. On or before the last day of each month with respect to which an additional supplemental retirement allowance is payable pursuant to section thirty or section thirty-one of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four to a pensioner receiving benefits under this section 13-682, such additional supplemental retirement allowance shall be paid from the pension reserve fund of the retirement system of which such pensioner was a member when he retired, except that in the case of such pensioners who retired as members of the New York city teachers' retirement system, such additional supplemental retirement allowance shall be paid from pension reserve fund number one of such system.

§ 13-684 Reimbursement by authority responsible for supplementation.

a. The cost of providing a supplemental retirement allowance pursuant to section 13-680 of this chapter to each qualified authority retiree shall be paid to the city, in the manner provided for by this section, by the authority responsible for supplementation with respect to such retiree.

b. As soon as practicable after December thirty-first, nineteen hundred seventy-one, the comptroller shall determine the pro-rata portion of the cost of providing supplemental retirement allowances to qualified authority retirees, pursuant to sections 13-680 and 13-682 of this chapter, which is required to be paid by each authority responsible for supplementation. Such pro-rata cost shall be determined on the basis of a formula approved by the board of estimate.

c. The comptroller shall thereupon submit to the fiscal officer of each such authority a statement of the amount which such authority is required to pay to the city pursuant to this article. Payment of the amount specified in the comptroller's statement shall be made by such authority within sixty days after the receipt thereof. If payment of the full

amount of such obligation is not made within sixty days after the receipt of such statement, interest at the rate of four percentum per annum shall commence to run against the unpaid balance thereof on the first day after such sixtieth day.

d. All amounts received by the comptroller from such authorities pursuant to this article shall be deposited in and credited to the supplemental pension fund.

e. The provisions of this section shall apply to supplemental retirement allowances payable pursuant to the provisions of this article for periods prior to July first, nineteen hundred eighty and shall not apply to any such supplemental retirement allowances payable for any period thereafter.

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 6 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN POLICE OR FIRE LINE-OF-DUTY WIDOWS OR DEPENDENTS, BASED ON THE COST-OF-LIVING INDEX

§ 13-685 Definitions.

As used in this article, the following terms shall mean and include:

a. (1) "Police or fire line-of-duty surviving spouse or dependent". Any person (i) who is a surviving spouse, a dependent parent or a child (under the age of eighteen years) of a member of a retirement system or plan of the city for the uniformed force of the police or fire department who died prior to January first, nineteen hundred seventy and (ii) to whom a pension was or is awarded pursuant to the applicable provisions of subdivision b of section 13-209 of this title, section 13-244 of this title, subdivision b of section 13-309 of this title or section 13-347 of this title or any predecessor provision and (iii) on or after July first, nineteen hundred seventy-three is receiving such a pension or an annual increased allowance (as defined in subdivision e of this section) from such retirement system or plan.

(2) If two or more persons are or shall be receiving such a pension or such an increased annual allowance from such system or plan on or after July first, nineteen hundred seventy-three as a result of being dependent parents or children (under the age of eighteen years) of the same deceased member, they shall collectively be deemed to be one police or fire line-of-duty surving spouse or dependent within the meaning of this article and any supplemental pension

granted pursuant to the provisions of this article in any case where two or more such persons collectively constitute one police or fire line-of-duty widow or dependent shall be divided among such persons in the same proportions as apply with respect to distribution of such pension or increased annual allowance among such persons.

b. "Supplemental pension fund". The supplemental pension fund provided for by section 13-650 of this chapter.

c. "Comptroller". The comptroller of the city.

d. "Basic annual pension". The annual pension awarded to a police or fire line-of-duty surving spouse or dependent pursuant to the applicable provisions of subdivision b of section 13-209 of this title, section 13-244 of this title, subdivision b of section 13-309 of this title or section 13-347 of this title or any predecessor provision.

e. "Annual increased allowance". In the case of a police or fire line-of-duty surving spouse or dependent who is entitled, under the applicable provisions of subdivision d of section 13-209 of this title or section 13-245 of this title or subdivision c of section 13-309 of this title or section 13-348 of this title, to receive a supplement to his or her basic annual pension, the term "annual increased allowance" shall mean the aggregate annual amount payable to such police or fire line-of-duty widow or dependent, consisting of his or her basic annual pension, together with the supplement payable pursuant to the applicable provisions of such subdivision d of section 13-209, section 13-245, subdivision c of section 13-309 or section 13-348.

Title 13 Retirement and Pensions

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 6 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN POLICE OR FIRE LINE-OF-DUTY WIDOWS OR DEPENDENTS, BASED ON THE COST-OF-LIVING INDEX

§ 13-686 Supplemental pension.

a. A supplemental pension shall be paid to police or fire line-of-duty surviving spouses or dependents. Such supplemental pension shall be payable on the basis provided for herein, commencing with a payment for the month of July, nineteen hundred seventy-three and continuing through the month of September, nineteen hundred seventy-four. In the case of a police or fire line-of-duty surviving spouse or dependent who is entitled to receive an annual increased allowance (as defined in subdivision e of section 13-685 of this chapter) said supplemental pension shall be a percentage of such annual increased allowance and in the case of a police or fire line-of-duty surviving spouse or dependent who is not entitled to receive an annual increased allowance, such supplemental pension shall be a percentage of the basic annual pension (as defined in subdivision d of such section 13-685), and in either case such percentage shall be determined on the basis of the consumer price index (all items-United States city average), published by the United States Bureau of Labor Statistics. Said percentage shall be determined in the manner provided in this section. Said supplemental pension shall be computed on the basis of the first eight thousand dollars of the annual increased allowance, in the case of a police or fire line-of-duty surviving spouse or dependent entitled to receive such an allowance and on the basis of the first eight thousand dollars of the basic annual pension, in the case of a police or fire line-of-duty surviving spouse or dependent who is not entitled to receive an annual increased allowance.

b. The percentage referred to in this section shall be determined as the ratio of two indexes, in the following manner. The ratio of the indexes shall be the average of the twelve monthly consumer price indexes of the calendar year nineteen hundred sixty-nine divided by the average of the twelve monthly consumer price indexes (i) of the calendar year nineteen hundred sixty-five, in any case where the death of such member occurred before July first, nineteen hundred sixty-five or (ii) of the calender year in which the death of such member occurred, in any case where the death of such member occurred on or after July first, nineteen hundred sixty-five. Said ratio, minus one, shall be expressed as a percentage and shall be adjusted to the lower one-tenth of one percentum. Such applicable adjusted percentage shall be the percentage of the applicable portion of the annual increased allowance or basic annual pension, as the case may be, which is payable as a supplement. However, no such supplement shall be paid where such percentage is less than three percentum. Such percentage shall be computed by the actuary and certified to the comptroller who shall, by directive, promulgate a schedule of percentages by applicable calendar year to be used for this purpose.

c. The supplemental pension shall be rounded off to the nearest dollar.

d. Such supplemental pension shall be payable to the same persons and shall be subject to the same terms and conditions, including provisions as to termination, as the basic pension awarded to the police or fire line-of-duty surviving spouse or dependent.

e. (1) In any case where a police or fire line-of-duty spouse or dependent is entitled to receive an annual increased allowance, such police or fire line-of-duty surviving spouse or dependent, if entitled to receive a supplemental pension under the provisions of this article six, shall be entitled to receive such supplemental pension under this article in addition to such annual increased allowance.

(2) Except as otherwise provided in paragraph one of this subdivision e, the supplemental pension provided for by this article for any police or fire line-of-duty surviving spouse or dependent shall be in lieu of any supplemental pension or supplemental retirement allowance for such police or fire line-of-duty surviving spouse or dependent provided by any other law heretofore or hereafter enacted, unless such other supplemental pension or supplemental retirement allowance is in excess of that provided for by this article, in which latter case such other supplemental pension or supplemental retirement allowance shall be paid and no supplemental pension shall be paid under this article; provided however, that nothing contained in this subdivision e shall be construed as entitling any police or fire line-of-duty surviving spouse or dependent to a supplemental retirement allowance under article two of subchapter six of chapter five of this title in any case where, if this article six had not been enacted, such police or fire line-of-duty surviving spouse or dependent would not be entitled to a supplemental retirement allowance under such article two.

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 6 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR CERTAIN POLICE OR FIRE LINE-OF-DUTY WIDOWS OR DEPENDENTS, BASED ON THE COST-OF-LIVING INDEX

§ 13-687 Supplemental pension for a surviving spouse, dependent or child of a deceased member of the uniformed force of the police or fire department.

a. (1) In addition to any other payment authorized or required by any other provisions of law, excepting a police or fire line-of-duty surviving spouse or dependent entitled thereto under section 13-686 of this chapter, there shall be paid a monthly amount, as hereinafter provided for in this subdivision a, to a surviving spouse, dependent or minor child of a deceased member of the police pension fund, subchapter one, and the fire department pension fund, subchapter one, where, by reason of the death of such member, such spouse, dependent or minor child was or shall be receiving a pension from such system or plan pursuant to the provisions of this code.

(2) (i) In any case where such death occurred prior to June first, nineteen hundred eighty-one, payment of such additional amount shall be made as provided for in subparagraph (ii) of this paragraph two.

(ii) Such payment shall commence with a payment for the later of the month of September, nineteen hundred eighty or the month next following the month in which such death occurred. The additional amount payable for each payment month shall be twenty-five dollars to and including the month of June, nineteen hundred eighty-one. An

amount of fifty dollars shall be paid for the month of July, nineteen hundred eighty-one and for each month thereafter to and including the month of June, nineteen hundred eighty-five. An amount of one hundred dollars shall be paid for the month of July, nineteen hundred eighty-five and for each month thereafter.

(3) In any case where such death occurred or shall occur on or after June first, nineteen hundred eighty-one, an amount of fifty dollars per month shall be paid, commencing with a payment for the later of the month of July, nineteen hundred eighty-one or the month next following the month in which such death occurred or shall occur and continuing with a payment of fifty dollars for each month thereafter to and including the month of June, nineteen hundred eighty-five. An amount of one hundred dollars shall be paid for the month of July, nineteen hundred eighty-five and for each month thereafter.

(4) Notwithstanding any other provision of law to the contrary, for payments made for the month of July, nineteen hundred ninety-four and for each month thereafter pursuant to and in accordance with the requirements of paragraph two or three of this subdivision to a surviving spouse of a member of the police pension fund, subchapter one, such paragraph two or three shall be deemed to provide for the following amounts of such payments:

(i) for each such monthly payment made to such person for the month of July, nineteen hundred ninety-four and for each month thereafter to and including the month of June, nineteen hundred ninety-five, the words "one hundred fifty dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three;

(ii) for each such monthly payment made to such person for the month of July, nineteen hundred ninety-five and for each month thereafter, the words "one hundred sixty dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three; and

(iii) for each such monthly payment made to such person for the month of July, two thousand and for each month thereafter, the words "two hundred dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three. Commencing September first, two thousand one, the monthly benefit payable pursuant to this section shall be increased in an amount determined pursuant to subdivision d of section 13-696 of this title.

(5) Notwithstanding any other provision of law to the contrary, for payments made for the month of July, nineteen hundred ninety-four and for each month thereafter pursuant to and in accordance with the requirements of paragraph two or three of this subdivision to a surviving spouse of a member of the fire department pension fund, subchapter one, such paragraph two or three shall be deemed to provide for the following amounts of such payments:

(i) for each such monthly payment made to such person for the month of July, nineteen hundred ninety-four and for each month thereafter to and including the month of June, nineteen hundred ninety-five, the words "one hundred fifty dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three;

(ii) for each such monthly payment made to such person for the month of July, nineteen hundred ninety-five and for each month thereafter, the words "one hundred sixty dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three; and

(iii) for each such monthly payment made to such person for the month of July, two thousand and for each month thereafter, the words "two hundred dollars" shall be substituted for the words "one hundred dollars" in such paragraph two or three. Commencing September first, two thousand one, the monthly benefit payable pursuant to this section shall be increased in an amount determined pursuant to subdivision d of section 13-696 of this title.

b. If more than one such person are or shall be receiving from such system or plan pursuant to any such section as a result of being a surviving spouse, dependent or minor child of the same deceased member, they shall collectively be deemed to be one such person and any supplemental pension granted to a surviving spouse, dependent or child shall be divided among such persons in the same proportions as the pensions received by them.

ARTICLE 7 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR RETIREES OF CLOSED PENSION FUNDS OR PLANS, BASED ON THE COST-OF-LIVING INDEX

§ 13-690 Definitions.

As used in this article, the following terms shall mean and include:

a. "Closed pension fund other-than-disability retiree". (1) A person who retired, prior to January first, nineteen hundred eighty, other than for disability, as a member of a pension fund or retirement system supported or maintained by the city, other than an excepted pension fund or retirement system mentioned in paragraph two of this subdivision a, and who is receiving a pension or retirement allowance by reason of such retirement.

(2) The excepted pension funds or retirement systems referred to in paragraph one of this subdivision a are the New York city employees' retirement system, the New York city teachers' retirement system, the board of education retirement system of the city, the police pension funds maintained pursuant to subchapter one and subchapter two of chapter two of this title and the fire department pension funds maintained pursuant to subchapter one and subchapter two of chapter three of this title.

b. "Closed pension fund disability retiree". A person: (1) Who retired for disability prior to January first,

nineteen hundred eighty as a member of a pension fund or retirement system supported or maintained by the city, other than an excepted pension fund or retirement system referred to in paragraph two of subdivision a of this section, and who is receiving a pension or retirement allowance by reason of such retirement; or

(2) Who was retired prior to January first, nineteen hundred eighty pursuant to subchapter five of chapter five of this title and who is receiving an annuity by reason of such retirement.

c. "Supplemental pension fund". The supplemental pension fund provided for by section 13-650 of this chapter.

d. "Comptroller". The comptroller of the city.

e. "Base amount". That part of the total annual retirement benefit (whether consisting of a pension, retirement allowance or annuity), when such total annual retirement benefit is computed without optional modification, which part does not exceed ten thousand five hundred dollars.

ARTICLE 7 SUPPLEMENTAL RETIREMENT ALLOWANCES FOR RETIREES OF CLOSED PENSION FUNDS OR PLANS, BASED ON THE COST-OF-LIVING INDEX

§ 13-691 Supplemental retirement allowances for certain closed pension funds retirees and other retirees.

a. A supplemental retirement allowance determined pursuant to this section shall be payable:

(1) to closed pension fund disability retirees who retired prior to April first, nineteen hundred seventy, commencing with a payment for the month of July, nineteen hundred eighty-one, and continuing thereafter; and

(2) to closed pension fund other-than-disability retirees who retire prior to April first, nineteen hundred seventy, commencing with a payment for the later of the month of July, nineteen hundred eighty-one or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and continuing thereafter.

b. Such supplemental retirement allowance for those closed pension fund disability retirees and closed pension fund other-than-disability retirees who retired prior to January first, nineteen hundred sixty-eight shall include an amount computed by multiplying the base amount by a percentage determined on the basis of the consumer price index (all items-United States city average) published by the United States bureau of labor statistics.

c. (1) The percentage referred to in subdivision b of this section shall be determined as the ratio of two indexes, in the manner prescribed in this subdivision c.

(2) The average of the twelve monthly consumer price indexes of the calendar year nineteen hundred sixty-nine divided by the average of twelve monthly consumer price indexes of the calendar year of retirement, shall be the ratio of the indexes.

(3) Such ratio, minus one, shall be expressed as a percentage and shall be adjusted to the lower one-tenth of one percentum. Such adjusted percentage shall be the percentage of the base amount which is payable as a supplement included in a supplemental retirement allowance as provided for in subdivision b of this section. However, no such supplement shall be paid where such percentage is less than three percentum. Such percentage for a person who retired prior to October first, nineteen hundred fifty-seven shall be increased by one hundred percentum thereof and the adjusted percentage shall be further adjusted to the lower one-tenth of one percentum. Such percentage shall be computed by the actuary and certified to the comptroller who shall, by directive, promulgate a schedule of percentages by year of retirement to be used for this purpose.

d. (1) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable:

(a) to each closed pension fund other-than-disability retiree who retired prior to January first, nineteen hundred sixty-eight and who is eligible to receive a supplemental retirement allowance under the provisions of subdivision a of this section; and

(b) to each closed pension fund disability retiree who retired prior to January first, nineteen hundred sixty-eight: a supplemental retirement allowance which shall consist of the sum of:

(i) the amount determined for such retiree pursuant to the provisions of subdivisions b and c of this section; and

(ii) the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the year of retirement in accordance with the schedule set forth in paragraph two of this subdivision d.

(2) The schedule referred to in paragraph one of this subdivision d is as follows:

**[See tabular material in printed version]**

(3) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing thereafter, there shall be payable:

(a) to each closed pension fund other-than-disability retiree who retired on or after January first, nineteen hundred sixty-eight and prior to April first, nineteen hundred seventy, and who is eligible to receive a supplemental retirement allowance under the provisions of subdivision a of this section; and

(b) to each closed pension fund disability retiree who retired on or after January first, nineteen hundred sixty-eight and prior to April first, nineteen hundred seventy; a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph four of this subdivision d.

(4) The schedule referred to in paragraph three of this subdivision d is as follows:

**[See tabular material in printed version]**

e. (1) Commencing with a payment for the month of July, nineteen hundred eighty-one and continuing

thereafter, there shall be payable to each closed pension fund disability retiree who retired on or after April first, nineteen hundred seventy and before January first, nineteen hundred seventy-three, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision e.

(2) (a) Each closed pension fund other-than-disability retiree who retired on or after April first, nineteen hundred seventy and prior to January first, nineteen hundred seventy-three shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision e.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-one or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

(3) The schedule referred to in paragraphs one and two of this subdivision e is as follows:

**[See tabular material in printed version]**

f. (1) Commencing with a payment for the month of July, nineteen hundred eighty-two and continuing thereafter, there shall be payable to each closed pension fund disability retiree who retired during the calendar year nineteen hundred seventy-three, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by six per centum.

(2) (a) Each closed pension fund other-than-disability retiree who retired during the calendar year nineteen hundred seventy-three shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by six per centum.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-two or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

g. (1) Commencing with a payment for the month of July, nineteen hundred eighty-three and continuing thereafter, there shall be payable to each closed pension fund disability retiree who retired on or after January first, nineteen hundred seventy-four and before January first, nineteen hundred seventy-seven, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision g.

(2) (a) Each closed pension fund other-than-disability retiree who retired on or after January first, nineteen hundred seventy-four and prior to January first, nineteen hundred seventy-seven shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision g.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-three or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and

shall continue thereafter.

(3) The schedule referred to in paragraphs one and two of this subdivision g is as follows:

**[See tabular material in printed version]**

h. (1) Commencing with a payment for the month of July, nineteen hundred eighty-four and continuing thereafter, there shall be payable to each closed pension fund disability retiree who retired on or after January first, nineteen hundred seventy-seven and before January first, nineteen hundred seventy-nine, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(2) (a) Each closed pension fund other-than-disability retiree who retired on or after January first, nineteen hundred seventy-seven and prior to January first, nineteen hundred seventy-nine shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by the percentage thereof applicable to such retiree, as determined by the date of retirement in accordance with the schedule set forth in paragraph three of this subdivision h.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two shall commence with a payment for the later of the month of July, nineteen hundred eighty-four or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have obtained age sixty-two and shall continue thereafter.

i. (1) Commencing with a payment for the month of July, nineteen hundred eighty-five and continuing thereafter, there shall be payable to each closed pension fund disability retiree who retired during the calendar year nineteen hundred seventy-nine, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(2) (a) Each closed pension fund other-than-disability retiree who retired during the calendar year nineteen hundred seventy-nine shall be entitled to receive, for the period provided for by subparagraph (b) of this paragraph two, a supplemental retirement allowance equal to the product obtained by multiplying the base amount for such retiree by three per centum.

(b) Such supplemental retirement allowance referred to in subparagraph (a) of this paragraph two, shall commence with a payment for the later of the month of July, nineteen hundred eighty-five or the month of July next following the twelve-month period ending June thirtieth in which such retiree shall have attained age sixty-two and shall continue thereafter.

k. The supplemental retirement allowance shall be rounded off to the nearest dollar.

l. The supplemental retirement allowance hereinabove provided for any such closed pension fund disability retiree or closed pension fund other-than-disability retiree shall be in lieu of any supplemental retirement allowance for such retiree provided by article one or article two of this subchapter or any other existing law or law hereafter enacted, unless such other supplemental retirement allowance is in excess of that provided for by this article seven, in which latter case such other supplemental retirement allowance shall be paid and no supplemental retirement allowance shall be paid under this article seven.

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 8 FUNDING OF CERTAIN SUPPLEMENTAL RETIREMENT ALLOWANCES

§ 13-694 Definitions.

As used in this article, the following terms shall mean and include:

a. "Fire section two hundred seven-i." Section two hundred seven-i of the general municipal law, as added by chapter five hundred forty-six of the laws of nineteen hundred sixty-seven.

b. "Obligor responsible for supplementation." (1) In relation to any retiree, such term shall mean the public employer which employed any retiree immediately prior to the effective date of such retiree's retirement, or, where such public employer no longer exists or is no longer performing the functions in relation to which such retiree was then employed, such term shall mean its successor performing or substantially performing the same or similar functions; provided, however, that in any case where a retiree was employed by the board of education of the city or the former board of higher education of the city immediately prior to his or her retirement, such term shall mean the city.

(2) In relation to any surviving spouse who is a designated annuitant (as defined in paragraph ten of subdivision a of section 13-680 of the code) entitled to receive a supplemental retirement allowance under subdivision 1 of such section 13-680, such term shall mean the public employer which would be the obligor responsible for supplementation

with respect to the retiree from whom such spouse's entitlement to a supplemental retirement allowance is derived, if such retiree were living.

2-a. In relation to any surviving spouse under a continuing benefit option (as defined in subdivision h of this section), such term shall mean the public employer which would be the obligor responsible for supplementation with respect to the retiree from whom such spouse's entitlement to a supplemental retirement allowance is derived, if such retiree were living.

(3) Notwithstanding any other provision of this article to the contrary, in any case where the obligor responsible for supplementation is other than the city, such obligor and the mayor may agree upon an allocation formula which shall be used to determine the amount to be paid by such obligor with respect to any fiscal year as such obligor's share of any contribution to the contingent reserve fund of a retirement system required to be made in such fiscal year by the provisions of this article for the purpose of funding supplemental retirement allowances. Payment of such share with respect to such fiscal year pursuant to such formula shall be in full satisfaction of the obligation of such obligor to make contributions for such fiscal year under the provisions of this article.

c. "Original supplemental retirement allowance." The portion of a supplemental retirement allowance, which portion is payable pursuant to the applicable provisions of subdivisions b, c and d of section 13-680 of this chapter and section 13-682 thereof (other than that part of any such portion, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by paragraph three of such subdivision d to be made in the adjusted percentage otherwise applicable to the computation of supplements under such subdivisions b, c and d for eligible persons who retired prior to October first, nineteen hundred fifty-seven) or subdivisions a and b of the police section two hundred seven-i (other than (1) that part of any such portion, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by subdivision b of such section two hundred seven-i to be made in the adjusted percentage otherwise applicable to the computation of supplements under subdivisions a and b of such section two hundred seven-i for pensioners who retired prior to April first, nineteen hundred fifty-eight and (2) the portion of any such allowance payable pursuant to subdivisions a and b of such section two hundred seven-i to a police other-than-disability retiree who shall have attained age sixty-two on or after October first, nineteen hundred seventy-two) or subdivisions a and b of the fire section two hundred seven-i (other than (1) that part of any such portion, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by subdivision b of such section two hundred seven-i to be made in the adjusted percentage otherwise applicable to the computation of supplements under subdivisions a and b of such section two hundred seven-i for pensioners who retired prior to April first, nineteen hundred fifty-eight and (2) the portion of any such allowance payable pursuant to subdivisions a and b of such section two hundred seven-i to a fire other-than-disability retiree who shall have attained age sixty-two on or after October first, nineteen hundred seventy-two).

d. "Police section two hundred seven-i." Section two hundred seven-i of the general municipal law, as added by chapter five hundred sixty-one of the laws of nineteen hundred sixty-seven.

e. "Retiree." A person who retired as a member of a retirement system and who is entitled to receive, as a result of such retirement, (1) a supplemental retirement allowance under the applicable provisions of sections 13-680 and 13-682 of this chapter or the police section two hundred seven-i or the fire section two hundred seven-i or (2) an additional supplemental retirement allowance under the provisions of section thirty of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four or section thirty-one of such chapter.

f. "Retirement system." Any of the following: the New York city employees' retirement system; the retirement system of the teachers' retirement association provided for by title B of chapter twenty of the code; the police pension fund provided for by subchapter two of chapter two of this title; the fire department pension fund provided for by subchapter two of chapter three of this title; and the board of education retirement system of the city.

g. "Supplement commencing in nineteen hundred eighty-one or later." Such term shall mean any of the

following supplemental retirement allowances or portions thereof: (1) The portion of a supplemental retirement allowance, which portion is payable pursuant to the provisions of subparagraph (b) of paragraph one of subdivision e of section 13-680 of this chapter and section 13-682 thereof, or (2) a supplemental retirement allowance payable pursuant to the provisions of paragraph three or paragraph five or paragraph six of such subdivision e, or (3) the portion of a supplemental retirement allowance, which portion is payable pursuant to the provisions of subdivision b-1 of the police section two hundred seven-i, to retirees who retired prior to the calendar year nineteen hundred seventy, or (4) the supplemental retirement allowance payable pursuant to the provisions of such subdivision b-1 to retirees who retired during the period beginning on January first, nineteen hundred seventy and ending on March thirty-first, nineteen hundred seventy, or (5) the portion of a supplemental retirement allowance, which portion is payable pursuant to paragraph three of subdivision b-1 of the fire section two hundred seven-i to retirees who retired prior to the calendar year nineteen hundred seventy, or (6) the supplemental retirement allowance payable pursuant to the provisions of subdivision b-1 of the fire section two hundred seven-i to retirees who retired during the period beginning on January first, nineteen hundred seventy and ending on March thirty-first, nineteen hundred seventy, or (7) any supplemental retirement allowance payable pursuant to any of the provisions of subdivisions f, g, h, i, j, l and k of section 13-680 of this chapter, or subdivisions b-2, b-3, b-4, b-5, b-6 and b-7 of the police section two hundred seven-i of the general municipal law or subdivisions b-2, b-3, b-4, b-5, b-6 and b-7 of the fire section two hundred seven-i of the general municipal law, or (8) any portion of a supplemental retirement allowance, which portion is payable pursuant to subdivisions a and b of the police section two hundred seven-i to police other-than-disability retirees who shall have attained age sixty-two on or after October first, nineteen hundred seventy-two or any portion of a supplemental retirement allowance, which portion is payable pursuant to subdivisions a and b of the fire section two hundred seven-i to fire other-than-disability retirees who shall have attained age sixty-two on or after October first, nineteen hundred seventy-two, or (9) that part of the portion of a supplemental retirement allowance payable pursuant to the applicable provisions of subdivisions b, c and d of section 13-680 of this chapter and section 13-682 thereof, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by paragraph three of such subdivision d to be made in the adjusted percentage otherwise applicable to the computation of supplements under such subdivisions b, c and d for persons who retired prior to October first, nineteen hundred fifty-seven, or (10) that part of the portion of a supplemental retirement allowance payable pursuant to the applicable provisions of subdivisions a and b of police section two hundred seven-i, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by subdivision b of such section two hundred seven-i to be made in the adjusted percentage otherwise applicable to the computation of supplements under subdivisions a and b of such section two hundred seven-i for pensioners who retired prior to April first, nineteen hundred fifty-eight, or (11) that part of the portion of a supplemental retirement allowance payable pursuant to subdivisions a and b of fire section two hundred seven-i, which part is attributable to forty per centum of the adjusted one hundred per centum increase required by subdivision b of such section two hundred seven-i to be made in the adjusted percentage otherwise applicable to the computation of supplements under subdivisions a and b of such section two hundred seven-i for pensioners who retired prior to April first, nineteen hundred fifty-eight, or (12) the increase in any supplemental retirement allowance, which increase both (i) was made by any of sections fourteen, and sixteen to twenty-nine, inclusive, of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four and (ii) is required to be paid by a retirement system (as defined in subdivision f of this section), or (13) any additional supplemental retirement allowance payable by a retirement system pursuant to the provisions of section thirty or section thirty-one of such chapter.

h. "Surviving spouse under a continuing benefit option." A deceased retiree's spouse who is or may become eligible to receive a supplemental retirement allowance under subdivision k of section 13-680 of the code or subdivision b-7 of police section two hundred seven-i of the general municipal law or subdivision b-7 of fire section two hundred seven-i of the general municipal law, whether or not such supplemental retirement allowance has become payable to such spouse.

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 8 FUNDING OF CERTAIN SUPPLEMENTAL RETIREMENT ALLOWANCES

§ 13-695 Obligation of obligors responsible for supplementation to make contributions on account of supplemental retirement allowances.

a. Commencing with the city's nineteen hundred eighty-nineteen hundred eighty-one fiscal year, and in each city fiscal year thereafter, each obligor responsible for supplementation with respect to any retirees of a retirement system or with respect to any surviving spouses who are designated annuitants (as defined in paragraph ten of subdivision a of section 13-680 of the code) or with respect to any surviving spouses under continuing benefit options (as defined in subdivision h of section 13-694 of the code) shall contribute to the contingent reserve fund of such retirement system the amounts determined pursuant to the provisions of this article to be the contribution by such obligor required to be made to fund the supplemental retirement allowances payable to such retirees and surviving spouses.

b. (1) Notwithstanding any other provision of law to the contrary, for the purpose of calculation of the nineteen hundred eighty unfunded accrued liability adjustment of each retirement system, there shall be included in the total liability for all benefits, as of June thirtieth, nineteen hundred eighty, the present value, as of such June thirtieth, of the future liability of such retirement system for all original supplemental retirement allowances payable after such June thirtieth.

(2) Notwithstanding any other provision of law to the contrary, for the purpose of calculation of the nineteen hundred eighty-two unfunded accrued liability adjustment of each retirement system, there shall be included in the actuarial accrued liability, as of June thirtieth, nineteen hundred eighty-two, the present value, as of such June thirtieth, of the future liability of such retirement system for all original supplemental retirement allowances payable after such June thirtieth and for all supplements commencing in nineteen hundred eighty-one or later which commenced prior to June thirtieth, nineteen hundred eighty-two, to the extent that such last mentioned supplements are payable after such June thirtieth.

c. If the nineteen hundred eighty unfunded accrued liability adjustment with respect to any such retirement system is a charge, each obligor responsible for supplementation in relation to retirees of such retirement system shall in each city fiscal year in which any installment of such charge is payable, pay to the contingent reserve fund of such retirement system, in the manner required with respect to payment of public employer contributions to such fund, the portion of such installments attributable to original supplemental retirement allowances.

d. If the nineteen hundred eighty unfunded accrued liability adjustment with respect to any such retirement system is a credit, the obligation of each obligor responsible for supplementation in relation to retirees of such retirement system to make contributions to fund the original supplemental retirement allowances of such retirees shall be appropriately recognized in the application of the installments of such credit.

e. (1) Subject to the provisions of paragraph seven of this subdivision e, in relation to each city fiscal year (the "initial payment year") in which any retirement system makes its first payment of any supplements commencing in nineteen hundred eighty-one or later, the actuary of such retirement system shall determine the present value, as of December thirty-first of such fiscal year, of the future liability of such retirement system for all such supplements with respect to which the first payment was made or will be made in such fiscal year.

(2) Subject to the provisions of paragraph seven of this subdivision e, with respect to each such future liability so determined for such retirement system, there shall be a supplemental retirement allowance deficiency contribution which shall be an amount determined and payable in ten successive annual installments in the manner hereinafter provided in this subdivision e.

(3) In the case of an initial payment year which occurs before July first, nineteen hundred eighty-two, there shall be computed an amount which, if paid to the contingent reserve fund of such retirement system in ten equal annual installments, commencing with payment of a first installment in the initial payment year, would be the actuarial equivalent, on the basis of interest at the rate of seven and one-half per centum per annum, of the amount of such future liability.

(4) One of such equal annual installments computed pursuant to paragraph three of this subdivision e shall be applicable to and payable in such initial payment year.

(5) (a) The nine annual installments computed pursuant to paragraph three of this subdivision e which are attributable to city fiscal years occurring after June thirtieth, nineteen hundred eighty-two (hereinafter referred to as "original post-June thirtieth, nineteen hundred eighty-two installments") shall be recomputed so as to remain the same in number and equal in amount and so that their present value, computed as of June thirtieth, nineteen hundred eighty-two at an interest rate of eight per centum per annum, shall be equal to the present value, computed as of such June thirtieth at an interest rate of seven and one-half per centum per annum, of such original post-June thirtieth, nineteen hundred eighty-two installments. One of such recomputed installments shall be applicable to and payable in each of those city fiscal years which occur during the period beginning on July first, nineteen hundred eighty-two and ending on June thirtieth, nineteen hundred eighty-eight.

(b) The remaining three of the installments recomputed pursuant to subparagraph (a) of this paragraph five, shall be recomputed so that their present value, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate

of eight and one-quarter per centum per annum, shall be equal to the present value, computed as of June thirtieth at an interest rate of eight per centum per annum, of such three installments. One of such three installments shall be applicable to and paid in each of the three city fiscal years succeeding June thirtieth, nineteen hundred eighty-eight.

(6) (a) Subject to the provisions of paragraph seven of this subdivision e, in the case of each initial payment year which succeeds June thirtieth, nineteen hundred eighty-two and commences prior to July first, nineteen hundred eighty-eight, there shall be computed an amount which, if paid to the contingent reserve fund of such retirement system in ten equal annual installments, commencing with payment of a first installment in the initial payment year, would be the actuarial equivalent, on the basis of interest at the rate of eight per centum per annum, of the amount of such future liability. One of such annual installments shall be applicable to and payable in the initial payment year and one of such installments shall be applicable to and payable in each of the succeeding fiscal years preceding July first, nineteen hundred eighty-eight.

(b) The annual installments computed pursuant to subparagraph (a) of this paragraph six which are attributable to city fiscal years occurring after June thirtieth, nineteen hundred eighty-eight (hereinafter referred to as "original post-June thirtieth, nineteen hundred eighty-eight installments") shall be recomputed so that their present value, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate of eight and one-quarter per centum per annum, shall be equal to the present value, computed as of such June thirtieth at an interest rate of eight per centum per annum, of such original post-June thirtieth, nineteen hundred eighty-eight installments. One of such recomputed installments shall be applicable to and payable in each of those city fiscal years which occur after June thirtieth, nineteen hundred eighty-eight and which are a part of such payment period of ten fiscal years.

(7) (a) The supplemental retirement allowance deficiency contribution with respect to (i) the increases in supplemental retirement allowances referred to in paragraph twelve of subdivision q of section 13-694 of this chapter and (ii) the additional supplemental retirement allowances payable by retirement systems pursuant to the provisions of section thirty of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four (such increases and additional supplemental retirement allowances being hereinafter collectively referred to as "new supplements payments effective September first, nineteen hundred eighty-six") and the supplemental retirement allowance deficiency contribution with respect to the additional supplemental retirement allowances payable by retirement systems pursuant to the provisions of section thirty-one of such chapter six hundred fifty-eight (such additional supplemental retirement allowances being hereinafter referred to as "section thirty-one supplements") shall be paid in the manner provided for in the succeeding subparagraphs of this paragraph seven.

(b) The actuary shall determine the present value, as of June thirtieth, nineteen hundred eighty-six, of the future liability of each retirement system for the new supplements payments effective September first, nineteen hundred eighty-six.

(c) The actuary shall compute ten equal annual installments of employer contributions, which, if successively paid to the contingent reserve fund of such retirement system, commencing with payment of a first annual installment in the twelve-month period beginning on September first, nineteen hundred eighty-six, would be the actuarial equivalent, on the basis of interest at the rate of eight per centum per annum, of the present value computed pursuant to subparagraph (b) of this paragraph. The ten-year payment period for the supplemental retirement allowance deficiency contribution payable to the contingent reserve fund of such retirement system on account of new supplements payments effective September first, nineteen hundred eighty-six shall begin on September first, nineteen hundred eighty-six.

(d) The amount of the installment of such deficiency contribution payable in the period beginning on September first, nineteen hundred eighty-six and ending on June thirtieth, nineteen hundred eighty-seven shall be ten-twelfths of one of the annual installments computed pursuant to subparagraph (c) of this paragraph.

(e) (i) The amount of the installment of such deficiency contribution payable in each of the city's fiscal years occurring during the period beginning on July first, nineteen hundred eighty-seven and ending on June thirtieth,

nineteen hundred eighty-eight, shall be one of such annual installments computed pursuant to subparagraph (c) of this paragraph.

(ii) The eight and two-twelfths annual installments computed pursuant to subparagraph (c) of this paragraph seven which are attributable to city fiscal years (and two-twelfths of one fiscal year) occurring after June thirtieth, nineteen hundred eighty-eight (hereinafter referred to as "original post-June thirtieth, nineteen hundred eighty-eight installments") shall be recomputed so that their present value, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate of eight and one-quarter per centum per annum, shall be equal to the present value, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate of eight per centum per annum, of such original post-June thirtieth, nineteen hundred eighty-eight installments. One of such recomputed installments, as recomputed for a full fiscal year, shall be applicable to and payable in each of the city fiscal years occurring during the period beginning on July first, nineteen hundred eighty-eight and ending on June thirtieth, nineteen hundred ninety-six.

(f) The amount of the installment of such deficiency contribution payable in the city's nineteen hundred ninety-six-nineteen hundred ninety-seven fiscal year shall be two-twelfths of one of such annual installment recomputed pursuant to item (ii) of subparagraph (e) of this paragraph.

(g) The amount and time and manner of payment of the installments of the deficiency contribution with respect to the section thirty-one supplements shall be as prescribed in subparagraphs (b), (c), (d), (e) and (f) of this paragraph except that for the purposes of this subparagraph (g):

(i) the term "section thirty-one supplements" shall be deemed to be substituted for the term "new supplements payments effective September first, nineteen hundred eighty-six" appearing in such subparagraphs (b) and (c); and

(ii) each calendar year referred to in subparagraphs (b), (c) and (d) shall be deemed to be one calendar year later; and

(iii) item (i) of such subparagraph (e) shall not apply; and

(iv) the word "eight" used in item (ii) of such subparagraph (e) shall be deemed to be nine; and

(v) the words "nineteen hundred ninety-six" used in such item (ii) shall be deemed to be nineteen hundred ninety-seven; and

(vi) the words "nineteen hundred ninety-six-nineteen hundred ninety-seven" used in such subparagraph (f) shall be deemed to be nineteen hundred ninety-seven-nineteen hundred ninety-eight.

f. With respect to each supplemental retirement allowance deficiency contribution determined for a retirement system pursuant to subdivision e of this section, each obligor responsible for supplementation shall in each fiscal year constituting a part of the applicable payment period designated in such subdivision, pay to the contingent reserve fund of such retirement system, in the manner required with respect to payment of its other public employer contributions to such contingent reserve fund, the installment of such contribution applicable to such fiscal year as prescribed by such subdivision.

g. In the computation of the normal contribution payable to the contingent reserve fund of any such retirement system in any fiscal year referred to in subdivision e of this section, the present value of future required supplemental retirement allowance deficiency contributions payable to the contingent reserve fund of such retirement system by obligors responsible for supplementation shall be an item of deduction from the total liability of such retirement system for benefits.

h. All payments required to be made in any fiscal year to the contingent reserve fund pursuant to the provisions of this section by any obligor responsible for supplementation shall be made with interest at a rate per centum per

annum equal to the rate per centum per annum used in determining the normal contribution payable to the contingent reserve fund of such retirement system in the same fiscal year.

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 5 MISCELLANEOUS PENSION AND RETIREMENT PROVISIONS

SUBCHAPTER 6 SUPPLEMENTAL PENSIONS

ARTICLE 8 FUNDING OF CERTAIN SUPPLEMENTAL RETIREMENT ALLOWANCES

§ 13-696 Cost-of-living adjustment.

a. A cost-of-living adjustment shall be payable to retired members of the New York city employees' retirement system, the New York city teachers' retirement system, the New York city police pension fund, the New York city fire department pension fund, the New York city board of education retirement system or the relief and pension fund of the department of street cleaning provided for in subchapter one of this chapter on the basis provided for in this section to: (i) all retired members who have attained age sixty-two and have been retired for five years; (ii) all retired members who have attained age fifty-five and have been retired for ten years; (iii) all members who retired for disability regardless of age who have been retired for five years; and (iv) all recipients of an accidental death benefit regardless of age who have been receiving such benefit for five years.

b. Said cost-of-living adjustment shall be a percentage of the annual fixed retirement allowance otherwise payable, computed without optional modification, but including any benefit derived from subdivision f of this section and any prior year's cost-of-living adjustment derived from this section. Said percentage is set forth in subdivision d of this section.

c. Said cost-of-living adjustment shall be computed on a base benefit amount not to exceed eighteen thousand

dollars of the annual fixed retirement allowance defined in subdivision b of this section.

d. The percentage referred to in this section shall be determined annually by reference to the consumer price index (all urban consumers, CPI-U, U.S. city average, all items, 1982-84=100), published by the United States bureau of labor statistics, for each applicable calendar year. Said percentage shall equal fifty percent of the annual inflation, as determined from the increase in the consumer price index in the one year period ending on the March thirty-first prior to the cost-of-living adjustment effective on the ensuing September first. Said percentage shall then be rounded up to the next higher one-tenth of one percent and shall not exceed three percent nor be less than one percent.

e. Said cost-of-living adjustment shall be payable in monthly installments and shall take effect September first of each year commencing with a payment for the month of September, two thousand one, or, if later, as soon as practicable after the retired member first becomes eligible to receive the benefits provided pursuant to subdivision a of this section.

f. Commencing September first, two thousand, all retired members who have retired prior to the calendar year nineteen hundred ninety-seven and who meet the eligibility criteria set forth in subdivision a of this section shall be paid an adjusted benefit in monthly installments on the basis provided for in this subdivision. Said adjusted benefit shall be equal to a percentage of the change in consumer price index (all urban consumers, CPI-U, U.S. city average, all items, 1982-84=100), published by the United States bureau of labor statistics, measured from the year of retirement through calendar year nineteen hundred ninety-seven according to the following schedule:

| Year of retirement | Percentage |
|---|---|
| 1968 through 1996 | 50% |
| 1966 and 1967 | 55% |
| 1965 | 60% |
| 1964 | 65% |
| 1963 | 70% |
| 1962 | 80% |
| 1961 | 90% |
| prior to 1961 | 100% |

Said adjusted benefit shall be computed on a base benefit amount not to exceed eighteen thousand dollars of the annual fixed retirement allowance otherwise payable, computed without optional modification. Any benefit received pursuant to this subdivision shall be in lieu of any benefit received pursuant to chapter three hundred ninety of the laws of nineteen hundred ninety-eight, and any preceding provision of law providing for supplementation.

g. Notwithstanding any other provision of law, the surviving spouse of a deceased retired member of the New York city employees' retirement system, the New York city teachers' retirement system, the New York city police pension fund, the New York city fire department pension fund or the New York city board of education retirement system who retired under an option which provides that benefits are to be continued for life to the surviving spouse after the death of the member, shall be entitled to receive a benefit pursuant to this section. Said benefit shall be fifty percent of the monthly benefit which the pensioner would be receiving if living, and shall commence (i) with a payment for the month of September, two thousand, or (ii) the month following the death of the deceased retired member, whichever is later.

h. Notwithstanding any law to the contrary, said cost of living adjustment shall be in lieu of the supplemental

retirement allowance provided pursuant to sections 13-680 and 13-691 of this subchapter or section two hundred seven-i of the general municipal law or sections thirty and thirty-one of chapter six hundred fifty-eight of the laws of nineteen hundred eighty-four or section ten of chapter eight of the laws of nineteen hundred eighty-eight as amended by chapter five hundred eighty-one of the laws of nineteen hundred eighty-nine or section twelve of chapter one hundred nineteen of the laws of nineteen hundred ninety-five or sections four and eight of chapter three hundred ninety of the laws of nineteen hundred ninety-eight, unless such other supplemental retirement allowances payable to a pensioner are in excess of that provided by this section, in which latter case such other supplemental retirement allowances shall be paid and no supplemental retirement allowance shall be paid under this section, provided however, that in the case of benefits provided pursuant to article fourteen of the retirement and social security law, the cost of living adjustment provided herein shall be in lieu of the escalation provided by section five hundred ten of the retirement and social security law (other than the escalation provided for in subdivision e of such section), unless such escalation is in excess of the cost of living adjustment provided for in this section, in which latter case such escalation shall be paid and this section shall not apply.

i. Notwithstanding any other provision of law, and subject to the provisions of subdivisions j and k of this section, the cost-of-living adjustment payable by an actuarially funded retirement system pursuant to this section shall be funded by obligors responsible for supplementation (as defined in subdivision b of section 13-694 of this article) through the normal contribution, provided, however, that the additional employer costs attributable to the increase in benefits provided by this section shall be phased in over a period of five fiscal years; the actuary for each such retirement system, in calculating the normal contribution for each obligor in each of the following fiscal years, shall include in the calculation of the final amount of the normal contribution for each obligor the following percentage of the increase in the normal contribution for each such fiscal year that is attributable to the increase in benefits provided by this section: (a) twenty percent in fiscal year two thousand-two thousand one, (b) forty percent in fiscal year two thousand one-two thousand two, (c) sixty percent in fiscal year two thousand two-two thousand three, (d) eighty percent in fiscal year two thousand three-two thousand four, and (e) in fiscal year two thousand four-two thousand five and in each fiscal year thereafter, the full amount of the increase in the normal contribution that is attributable to the increase in benefits provided by this section shall be included in the calculation of the final amount of the normal contribution for each such obligor.

j. Notwithstanding the provisions of subdivision i of this section, or any other provision of law to the contrary, and subject to the provisions of subdivision k of this section, the method of funding the cost-of-living adjustment payable by an actuarially funded retirement system pursuant to this section set forth in subdivision i of this section shall be modified retroactively in accordance with the provisions of this subdivision, commencing with fiscal year two thousand-two thousand one. Such cost-of-living adjustment payable by an actuarially funded retirement system shall be funded by obligors responsible for supplementation (as defined in subdivision b of section 13-694 of this article) through the normal contribution, provided, however, that the additional actuarial present value of benefits provided by this section, as determined by the actuary, shall be phased in over a period of ten fiscal years in accordance with the following percentages:

| Fiscal Year | Percentage |
|---|---|
| 2000-2001 | 10% |
| 2001-2002 | 20% |
| 2002-2003 | 30% |
| 2003-2004 | 40% |
| 2004-2005 | 50% |
| 2005-2006 | 60% |

2006-2007 70%

2007-2008 80%

2008-2009 90%

In fiscal year two thousand nine-two thousand ten and in each fiscal year thereafter, the actuary for each such retirement system shall include in the calculation of the final amount of the normal contribution the full amount of the increase in the actuarial present value of benefits, as determined by the actuary, that is attributable to the increase in benefits provided by this section, provided further that the amount of the normal contribution that would otherwise be payable for fiscal year two thousand two-two thousand three shall be reduced by an amount equal to the difference between (a) the total amount of the increase in the normal contribution for fiscal years two thousand-two thousand one and two thousand one-two thousand two, which was attributable to the increase in benefits provided by this section, as calculated by the actuary in accordance with the provisions of subdivision i of this section, and which was paid for such fiscal years, and (b) the total amount of the increase in the normal contribution for fiscal years two thousand-two thousand one and two thousand one-two thousand two, which was attributable to the increase in benefits provided by this section, as calculated by the actuary in accordance with the provisions of this subdivision, and which would have been paid for such fiscal years if the act which added this subdivision had been in effect at the time such normal contribution was made for such fiscal years. In no event, however, shall the normal contribution be less than that amount necessary, as determined by the actuary, to provide for the funding requirements of the group life insurance fund.

k. (1) Notwithstanding the provisions of subdivision i or j of this section, or any other provision of law to the contrary, the cost-of-living adjustment payable by an actuarially funded retirement system pursuant to this section shall be funded in accordance with the provisions of subdivision j of this section through and including fiscal year two thousand four-two thousand five.

(2) Notwithstanding the provisions of subdivision i or j of this section, or any other provision of law to the contrary, commencing in fiscal year two thousand five-two thousand six, and in each fiscal year thereafter, the cost-of-living adjustment payable by an actuarially funded retirement system pursuant to this section shall be funded by obligors responsible for supplementation (as defined in subdivision b of § 13-694 of this article) through the normal contribution, and the actuary for each such retirement system shall include in the calculation of the final amount of the normal contribution for each such fiscal year the full amount of the increase in the actuarial present value of benefits, as determined by the actuary, that is attributable to the increase in benefits provided by this section.

Title 13 Retirement and Pensions

CHAPTER 6 INVESTMENT BY PENSION FUNDS OR RETIREMENT SYSTEMS

§ 13-701 Investments by pension funds or retirement systems maintained, administered or supported by the city or an agency, in notes or bonds secured by certain purchase money mortgages.

a. The trustee or trustees of a pension fund or retirement system maintained, administered or supported by the city or an agency or by city funds may invest the funds of such pension fund or retirement system in any notes or bonds secured by purchase money mortgages accepted by the city at the time of the sale of real property acquired by virtue of tax enforcement foreclosure proceedings or by deed in lieu thereof, and any other notes or bonds secured by purchase money mortgages accepted by the city, provided however, no such other note or bond may be purchased by said trustee or trustees at a price in excess of two-thirds of the selling price of the real property secured by such purchase money mortgage at the time of its execution in connection with a sale resulting from a public auction of such real property, without regard to any limitations or restrictions contained in this code or in the provisions of article four-a of the retirement and social security law or section two hundred thirty-five of the banking law or any other law and in addition to the powers conferred by any such law. The aggregate unpaid principal amount of bonds and notes secured by such mortgages held at any time in such a fund or system shall not exceed two per centum of the assets of such fund or system. Any assignment of such a note or bond and mortgage to a pension fund or retirement system pursuant to this section shall contain a provision that if property which is collateral security for such bond or note and mortgage shall be acquired by the City of New York as a result of a foreclosure in rem proceeding and/or if a deficiency judgment is obtained by such fund or system by reason of a default under the terms of the note or bond and mortgage, the city will reimburse such fund or system by payment to said pension fund or retirement system of the amounts due under such note or bond and mortgage, including principal, interest, and any costs and expenses involved in obtaining such deficiency judgment by appropriation in the annual expense budget, provided that (1) the trustee or trustees of such pension fund or retirement system shall certify and include the amounts due, including principal, interest, and any costs

and expenses, in the annual estimate of the requirements of such fund or system submitted to the director of the budget pursuant to charter section one hundred fourteen; and (2) upon the effective date of the budget containing the appropriation for such amounts due as specified herein, the trustee or trustees of such fund or system shall assign any deficiency judgment thus obtained to the city.

b. Nothing contained in this section shall be construed to affect any lawful investment made prior to the effective date of this section by the trustee or trustees of any such fund or system, and any such investment may be retained or disposed of by such trustee or trustees in accordance with any other provision of law.

c. Notwithstanding any other provision in this section, or any other law, a pension fund or retirement system in connection with any note or bond and mortgage heretofore or hereafter acquired by it pursuant to this section may, where there has occurred or shall occur a default under the terms of any such note or bond and mortgage, for a period of one year, tender an assignment of such note or bond or mortgage to the city of New York. The city shall accept the same and pay said pension fund or retirement system the amounts due under such note or bond and mortgage including principal, interest and any costs involved in effectuating such assignment. A bond or note and mortgage assigned by the city of New York to a pension fund or retirement system shall be subject to the provisions of this subdivision c and in the future any such assignment shall contain a clause to such effect. The provisions of this section shall only relate to and be binding between the city of New York and the said pension fund or retirement system and shall not inure to the benefit of any other person, party or entity.

d. In addition to the provisions and remedies set forth in subdivisions a, b and c of this section, a pension fund or retirement system may tender to the city of New York a deed of title to property to which it had acquired title and which had been subject to a vote or bond and mortgage which had been assigned to it pursuant to the aforesaid subdivisions. The said city shall accept the deed and pay to the pension fund or retirement system as consideration therefor, the principal that was due under such note or bond and mortgage with interest thereon from the due date of the principal to the date of delivery of the deed to the city, together with any costs and expenditures incurred by the said pension fund or retirement system in acquiring the title and conveying it to said city.

e. The intent of this section is to reimburse and make whole the pension funds or retirement systems against any loss incurred by reason of the investments in the purchase money mortgages as described in this section.

CHAPTER 6 INVESTMENT BY PENSION FUNDS OR RETIREMENT SYSTEMS

§ 13-702 Delegation of investing powers to comptroller.

a. Notwithstanding any provisions of the code or any other law to the contrary, the trustee, trustees, or other officer, board or body having the power to invest the funds of a pension fund or retirement system maintained, administered, or supported by the city or an agency, or by city funds may delegate such power either in its entirety or with any limitations including limitations with respect to the type and amount of investments, to the comptroller. Such delegation shall be in writing, and shall be filed in the office of such trustee, trustees, officer, board or body making such delegation, and in the office of the comptroller. Every such delegation shall be effective for a period specified therein, not to exceed one year, and shall automatically terminate and expire at the end of such specific period. Renewals or new delegations may be granted for additional periods in the same manner as herein provided for original delegations, but each such renewal or new delegation shall be effective for a specified period, not to exceed one year. Upon the filing of such delegation or renewal thereof as herein prescribed the comptroller shall, subject to the terms of such delegation, have the power:

1. To make any investment which the trustee, trustees, officer, board or body delegating such power is or are authorized by law to make;

2. To hold, sell, assign, transfer or dispose of any of the properties, securities or investments in which any of the funds of said fund or system shall have been invested, including the proceeds of such investments and any moneys belonging to such funds, subject to the terms, conditions, limitations and restrictions imposed by law upon such trustee, trustees, officer, board or body delegating such power; and

3. In his or her name as agent of such trustee, trustees, officer, board or body making such delegation and of

such fund or system, to foreclose mortgages upon default or to take title to real property in such proceedings in lieu thereof or to lease and sell such property so acquired.

b. The comptroller shall exercise any power delegated pursuant to this section until the expiration date specified in such delegation or any renewal thereof unless the trustee, trustees, officer, board, or body making such delegation shall sooner elect to reassume such power by filing a written revocation of the delegation in the office of such trustee, trustees, officer, board or body and in the office of the comptroller.

c. Notwithstanding any other provision of this section, the termination, expiration or revocation of any delegation of power or renewal thereof, as herein provided, shall not affect any binding commitment previously made by the comptroller pursuant to such delegation and the comptroller shall have the power to fully discharge any such binding commitment according to its terms.

CHAPTER 6 INVESTMENT BY PENSION FUNDS OR RETIREMENT SYSTEMS

§ 13-703 Investments in railroad, industrial, electric and gas, telephone and waterworks obligations.

Notwithstanding the provisions of the code or any other law to the contrary, the trustee, trustees or other officer, board or body having the power to invest the funds of a pension fund or retirement system maintained, administered, or supported by the city or an agency, or by city funds, may, in addition, invest in obligations consisting of notes, bonds, debentures or equipment trust certificates issued under an indenture which are the direct obligations of, or in the case of equipment trust certificates, are secured by the direct obligations of, a railroad or industrial corporation, or a corporation engaged directly and primarily in the production, transportation, distribution or sale of electricity or gas, or the operation of telephone or telegraph systems or waterworks, or in some combination of them; provided the obligor corporation is one which is incorporated under the laws of the United States, or any state thereof, of the District of Columbia, and said obligations shall be rated at the time of purchase within the three highest classifications established by at least two standard rating services. The maximum amount that they may invest in such obligations pursuant to this subdivision shall not exceed ten per centum of the assets of a fund; and provided further that of said ten per centum not more than two per centum of the assets of a fund shall be invested in the obligations of any one corporation of the highest classification and subsidiary or subsidiaries thereof, that not more than one and one-half per centum of the assets of a fund shall be invested in the obligations of any one corporation of the second highest classification and subsidiary or subsidiaries thereof, that not more than one per centum of the assets of a fund shall be invested in the obligations of any one corporation of the third highest classification and subsidiary or subsidiaries thereof.

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 6 INVESTMENT BY PENSION FUNDS OR RETIREMENT SYSTEMS

§ 13-704 Graduated crediting of gains and amortization of losses on dispositions of securities by certain retirement systems.

a. As used in this section, the following terms shall mean and include:

1. "Retirement system". Any of the following: the New York city employees' retirement system; the teachers' retirement system; the police pension fund provided for by subchapter two of chapter two of this title; the fire department pension fund provided for by subchapter two of chapter three of this title; and the board of education retirement system of the city.

2. "Teachers' retirement system". The retirement system of the teachers' retirement association provided for by chapter four of this title.

3. "Contingent reserve fund". The contingent reserve fund of a retirement system; provided, however, that such term, where used in relation to public employer contributions payable to the fire department pension fund subchapter two during any period preceding the starting date of the improved benefits plan, as defined in subdivision twenty-seven of section 13-313 of this title, shall mean the retirement allowance accumulation fund provided for by section 13-325 of this title, as in effect before such starting date.

4. "Responsible public employer". The city and in any case where the state or any public authority, corporation, body corporate or entity is required by any provision of this title or any other law to make contributions to a retirement system on behalf of any members thereof, such term, as applicable to such retirement system, shall mean, collectively, the city, the state and each such authority, corporation, body corporate and entity; subject, however, to the mutual rights,

obligations and responsibilities in relation to such retirement system, as prescribed by law, of the city, the state and such authority, corporation, body corporate or entity.

5. "Retirement system act". (a) In the case of the New York city employees' retirement system, such term shall mean chapter one of this title.

(b) In the case of the teachers' retirement system, such term shall mean chapter four of this title.

(c) In the case of the police pension fund, article two, such term shall mean subchapter two of chapter two of this title.

(d) In the case of the fire department pension fund subchapter two, such term shall mean subchapter two of chapter three of this title.

(e) In the case of the board of education retirement system, such term shall mean the rules and regulations of such retirement system and subdivisions sixteen, seventeen and eighteen of section twenty-five hundred seventy-five of the education law.

6. "Securities". Bonds, obligations, and mortgages which constitute lawful investments for a retirement system.

7. "Sell". To carry out a transaction whereby a retirement system transfers title to any securities which it holds, or exchanges or otherwise disposes of any such securities.

8. "Sale". The carrying out of any transaction described in paragraph seven of this subdivision a.

b. (1) Notwithstanding any other provision of law to the contrary, the provisions of paragraph two of this subdivision shall apply in any case where, on or after May twentieth, nineteen hundred seventy and prior to July first, nineteen hundred eighty-eight:

(i) a retirement system sells securities in which any of its funds are invested; and

(ii) realizes a gain or sustains a loss with respect to such sale; and

(iii) under the retirement system act governing such retirement system, the responsible public employer is entitled to credit for any such gain in the determination of its required contributions to such retirement system, or is required to reimburse such retirement system for any such loss.

(2) Such gain or loss shall be treated in the manner prescribed by the applicable provisions of subdivisions c, d, e, f and g of this section.

c. (1) If any such sale occurring in the city's nineteen hundred sixty-nine-nineteen hundred seventy fiscal year or in any subsequent fiscal year up to and including the nineteen hundred seventy-nine-nineteen hundred eighty fiscal year results in a gain, the amount of such gain shall be credited in favor of the responsible public employer with respect to such retirement system, pursuant to the applicable provisions of paragraphs two to eight inclusive, of this subdivision c, in relation to the required contributions of such responsible public employer to such retirement system.

(2) If any such gain referred to in paragraph two of this subdivision c was realized in the city's nineteen hundred sixty-nine-nineteen hundred seventy fiscal year or in any subsequent city fiscal year up to and including the nineteen hundred seventy-eight-nineteen hundred seventy-nine fiscal year, there shall be computed twenty equal annual installments of credit, the aggregate of which, if one of such installments were credited in favor of such responsible public employer in each of the twenty city fiscal years commencing with the second fiscal year succeeding the fiscal year in which such gain was realized, would be the actuarial equivalent of the amount of such gain. For the purpose of making such computation with respect to any such gains realized prior to July first, nineteen hundred seventy-five, an

interest rate of four per centum per annum shall be used and for the purpose of making such computation with respect to any such gains realized during the period beginning on July first, nineteen hundred seventy-five and ending on June thirtieth, nineteen hundred seventy-nine, an interest rate of five and one-half per centum per annum shall be used.

(3) In the case of any such gain referred to in paragraph one of this subdivision c which was realized in any city fiscal year occurring during the period beginning on July first, nineteen hundred sixty-nine and ending on June thirtieth, nineteen hundred seventy-eight, the first of such installments shall be credited in favor of such responsible public employer in the second city fiscal year succeeding that in which such gain was realized and one such installment shall be so credited in each succeeding fiscal year to and including the nineteen hundred seventy-nine-nineteen hundred eighty fiscal year. Such crediting in any such fiscal year shall be effected with respect to any such retirement system in the manner prescribed by the provisions of this section and of the retirement system act governing such retirement system, as such provisions were in effect during such fiscal year.

(4) With respect to each gain to which paragraph two of this subdivision c applies, there shall be computed the present value, as of June thirtieth, nineteen hundred eighty, of the annual installments of credit thereon remaining uncredited as of such June thirtieth. For the purpose of making such calculation, an interest rate of five and one-half per centum shall be used.

(5) With respect to each present value computed pursuant to paragraph four of this subdivision c, there shall be computed a number of equal annual installments of credit in favor of the responsible public employer, which number shall equal one less than the number of such uncredited installments referred to in such paragraph four, and the aggregate of which computed installments, on the basis of crediting the first of such installments to such responsible public employer in the city's nineteen hundred eighty-nineteen hundred eighty-one fiscal year and one of such installments in each subsequent fiscal year until all of such installments are so credited, shall be the actuarial equivalent of such present value referred to in such paragraph four. For the purpose of making such computation, an interest rate of seven and one-half per centum per annum shall be used.

(6) (a) One of such installments computed pursuant to paragraph five of this subdivision c shall be credited in favor of such responsible public employer in each of the city's nineteen hundred eighty-nineteen hundred eighty-one and nineteen hundred eighty-one-nineteen hundred eighty-two fiscal years.

(b) (i) In each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-two and ending on June thirtieth, nineteen hundred eighty-eight, there shall be credited in favor of such responsible public employer an installment computed in accordance with items (ii) and (iii) of this subparagraph (b).

(ii) With respect to each present value computed pursuant to paragraph four of this subdivision c, there shall be computed as of June thirtieth, nineteen hundred eighty-two, using an interest rate of seven and one-half per centum per annum, the present value of the annual installments of credit in favor of the responsible public employer determined in accordance with paragraph five of this subdivision c and allocated to fiscal years subsequent to June thirtieth, nineteen hundred eighty-two.

(iii) The annual installments to be credited, for each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-two and ending on June thirtieth, nineteen hundred eighty-eight, in respect of each present value computed in accordance with item (ii) of this subparagraph (b) shall be an amount which, when credited in equal annual installments commencing with the city's nineteen hundred eighty-two-nineteen hundred eighty-three fiscal year and continuing for the number of fiscal years equal to the number of installments used in computing such present value, would be the actuarial equivalent, as of June thirtieth, nineteen hundred eighty-two on the basis of eight per centum interest per annum, of an amount equal to such present value.

(iv) (A) As used in this item (iv), the term "remaining uncredited installments as of July first, nineteen hundred eighty-eight" shall mean, in relation to any gain referred to in paragraph two of this subdivision c, the number of

installments, if any, obtained by subtracting eight installments from the number of installments computed pursuant to paragraph five of this subdivision c in relation to such gain.

(B) There shall be computed, as of June thirtieth, nineteen hundred eighty-eight, using an interest rate of eight per centum per annum, the present value of the remaining uncredited installments as of July first, nineteen hundred eighty-eight, if any, with respect to any such gain referred to in paragraph two of this subdivision.

(C) The annual installments to be credited with respect to such gain in each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-eight and ending with the last day of a number of fiscal years equal to the number of remaining uncredited installments as of July first, nineteen hundred eighty-eight with respect to such gain, shall be an amount which, when credited in equal annual installments, commencing with the city's nineteen hundred eighty-eight-nineteen hundred eighty-nine fiscal year and continuing during each fiscal year of the period above mentioned in this sub-item (C), shall be the actuarial equivalent, as of June thirtieth, nineteen hundred eighty-eight on the basis of eight and one-quarter per centum interest per annum, of such present value computed pursuant to sub-item (B) of this item (iv).

(7) (a) If any such gain referred to in paragraph one of this subdivision c was realized in the city's nineteen hundred seventy-nine-nineteen hundred eighty fiscal year, the amount of such gain shall, beginning with the nineteen hundred eighty-nineteen hundred eighty-one fiscal year, be credited in favor of such responsible public employer in twenty successive equal annual installments determined in the manner provided for by subparagraphs (b), (c) and (d) of this paragraph seven.

(b) The first and second annual installments referred to in subparagraph (a) of this paragraph seven shall be determined so that if they were the first and second of twenty equal annual installments of the amount of such gain, the present value of such twenty equal annual installments, computed at an interest rate of seven and one-half per centum per annum, would be equal to the amount of such gain.

(c) The next six annual installments required to be credited under the provisions of subparagraph (a) of this paragraph seven shall be determined so as to be equal and so that the present value of such six equal annual installments, computed as of June thirtieth, nineteen hundred eighty-two at an interest rate of eight per centum per annum as if they were part of a remainder of eighteen equal annual installments so computed, shall be equal to the present value, computed as of such June thirtieth at an interest rate of seven and one-half per centum per annum, of the corresponding next six of the twenty equal annual installments computed pursuant to the provisions of subparagraph (b) of this paragraph seven.

(d) The remaining twelve annual annual installments required to be credited under the provisions of subparagraph (a) of this paragraph seven shall be determined so as to be equal and so that the present value of such twelve equal annual installments, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate of eight and one-quarter per centum per annum, shall be equal to the present value, computed as of such June thirtieth at an interest rate of eight per centum per annum, of such last twelve equal annual installments.

d. (1) If any such sale occurring in the city's nineteen hundred sixty-nine-nineteen hundred seventy fiscal year or in any subsequent fiscal year up to and including the nineteen hundred seventy-nine-nineteen hundred eighty fiscal year results in a loss, the responsible public employer with respect to such retirement system shall make payments to the contingent reserve fund of such retirement system on account of such loss in the manner prescribed by paragraphs two to seven, inclusive, of this subdivision d.

(2) If any such loss referred to in paragraph one of this subdivision d was sustained in the city's nineteen hundred sixty-nine-nineteen hundred seventy fiscal year or in any subsequent city fiscal year up to and including the nineteen hundred seventy-eight-nineteen hundred seventy-nine fiscal year, there shall be computed twenty equal annual installments of payment on account of such loss, the aggregate of which installments, if one of such installments were

paid by such responsible public employer to the contingent reserve fund in each of the twenty city fiscal years commencing with the second fiscal year succeeding the fiscal year in which such loss occurred, would be the actuarial equivalent of the amount of such loss. For the purpose of making such computation with respect to losses which occurred prior to July first, nineteen hundred seventy-five, an interest rate of four per centum per annum shall be used and for the purpose of making such computation with respect to losses which occurred during the period beginning on July first, nineteen hundred seventy-five and ending on June thirtieth, nineteen hundred seventy-nine, an interest rate of five and one-half per centum per annum shall be used.

(3) In the case of any such loss referred to in paragraph one of this subdivision d which was sustained in any city fiscal year occurring during the period beginning on July first, nineteen hundred sixty-nine and ending on June thirtieth, nineteen hundred seventy-eight, one of such installments shall be paid by such responsible public employer to the contingent reserve fund of such retirement system in the second city fiscal year succeeding that in which such loss was sustained and one such installment shall be so paid by such responsible public employer in each succeeding fiscal year to and including the nineteen hundred seventy-nine-nineteen hundred eighty fiscal year.

(4) With respect to each loss to which paragraph two of this subdivision d applies, there shall be computed the present value, as of June thirtieth, nineteen hundred eighty, of the annual installments of such loss remaining unpaid by such responsible public employer as of such June thirtieth. For the purpose of making such calculation, an interest rate of five and one-half per centum per annum shall be used.

(5) With respect to each present value computed pursuant to paragraph four of this subdivision d, there shall be computed a number of equal annual installments of loss to be paid by such responsible public employer to the contingent reserve fund, which number shall equal one less than the number of the unpaid installments of such loss to which such present value relates, and the aggregate of which computed installments, on the basis of payment of the first of such installments by such responsible public employer in the city's nineteen hundred eighty-nineteen hundred eighty-one fiscal year and one of such installments in each subsequent fiscal year until all of such installments are paid, shall be the actuarial equivalent of such present value. For the purpose of making such computation, an interest rate of seven and one-half per centum per annum shall be used.

(6) (a) Such responsible public employer shall pay one of such installments computed pursuant to paragraph five of this subdivision d to the contingent reserve fund of such retirement system in each of the city's nineteen hundred eighty-nineteen hundred eighty-one and nineteen hundred eighty-one-nineteen hundred eighty-two fiscal years.

(b) (i) Such responsible public employer, in each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-two and ending on June thirtieth, nineteen hundred eighty-eight, shall pay an installment computed in accordance with items (ii) and (iii) of this subparagraph (b).

(ii) With respect to each present value computed pursuant to paragraph four of this subdivision d, there shall be computed as of June thirtieth, nineteen hundred eighty-two, using an interest rate of seven and one-half per centum per annum, the present value of the annual installments of loss determined in accordance with paragraph five of this subdivision d and allocated to fiscal years subsequent to June thirtieth, nineteen hundred eighty-two.

(iii) The annual installments of loss required to be paid by such responsible public employer, for each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-two and ending on June thirtieth, nineteen hundred eighty-eight, in respect of each present value computed in accordance with item (ii) of this subparagraph (b) shall be the applicable installments of an amount which, if paid in equal annual installments commencing with the city's nineteen hundred eighty-two-nineteen hundred eighty-three fiscal year and continuing for the number of fiscal years equal to the number of installments used in computing such present value, would be the actuarial equivalent, as of June thirtieth, nineteen hundred eighty-two on the basis of eight per centum interest per annum, of an amount equal to such present value.

(iv) (A) As used in this item (iv), the term "remaining unpaid installments as of July first, nineteen hundred eighty-eight" shall mean, in relation to any loss referred to in paragraph two of this subdivision d, the number of installments, if any, obtained by subtracting eight installments from the number of installments computed pursuant to paragraph five of this subdivision d in relation to such loss.

(B) There shall be computed, as of June thirtieth, nineteen hundred eighty-eight, using an interest rate of eight per centum per annum, the present value of the remaining unpaid installments as of July first, nineteen hundred eighty-eight, if any, with respect to any such loss referred to in paragraph two of this subdivision.

(C) The annual installments to be paid with respect to such loss in each city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-eight and ending with the last day of a number of fiscal years equal to the number of remaining unpaid installments as of July first, nineteen hundred eighty-eight with respect to such loss, shall be an amount which, when paid in equal annual installments, commencing with the city's nineteen hundred eighty-eight-nineteen hundred eighty-nine fiscal year and continuing during each fiscal year of the period above mentioned in this sub-item (C), shall be the actuarial equivalent, as of June thirtieth, nineteen hundred eighty-eight on the basis of eight and one-quarter per centum interest per annum, of such present value computed pursuant to sub-item (B) of this item (iv).

(7) (a) If any such loss referred to in paragraph one of this subdivision was sustained in the city's nineteen hundred seventy-nine-nineteen hundred eighty fiscal year, such responsible public employer shall, beginning with the nineteen hundred eighty-nineteen hundred eighty-one fiscal year, pay to the contingent reserve fund of such retirement system on account of such loss, twenty successive equal annual installments in amounts determined in the manner provided for in subparagraphs (b), (c) and (d) of this paragraph seven.

(b) The first and second annual installments referred to in subparagraph (a) of this paragraph seven shall be determined so that if they were the first and second of twenty equal annual installments of the amount of such loss, the present value of such twenty equal annual installments, computed at an interest rate of seven and one-half per centum per annum, would be equal to the amount of such loss.

(c) The next six annual installments required to be paid under the provisions of subparagraph (a) of this paragraph seven shall be determined so as to be equal and so that the present value of such six equal annual installments, computed as of June thirtieth, nineteen hundred eighty-two at an interest rate of eight per centum per annum as if they were a part of a remainder of eighteen equal annual installments so computed, shall be equal to the present value, computed as of June thirtieth at an interest rate of seven and one-half per centum per annum, of the corresponding next six of the twenty equal annual installments computed pursuant to the provisions of subparagraph (b) of this paragraph seven.

(d) The remaining twelve annual installments required to be paid under the provisions of subparagraph (a) of this paragraph seven shall be determined so as to be equal and so that the present value of such twelve equal annual installments, computed as of June thirtieth, nineteen hundred eighty-eight at an interest rate of eight and one-quarter per centum per annum, shall be equal to the present value, computed as of such June thirtieth at an interest rate of eight per centum per annum, of such last twelve equal annual installments.

e. (1) In the case of sales occurring in the city's nineteen hundred eighty-nineteen hundred eighty-one fiscal year or in any subsequent fiscal year ending before July first, nineteen hundred eighty-eight, the retirement system making such sales shall, with respect to any such fiscal year above specified in this paragraph, provide credit for realized gains and amortization of realized losses for each responsible public employer pursuant to the applicable provisions of paragraphs two and three of this subdivision e.

(2) For each fiscal year to which paragraph one of this subdivision e applies, there shall be calculated for each retirement system the net amount of aggregate gains and aggregate losses produced by sales in such fiscal year and such

net amount shall be transferred to a special account in the retirement system to be known as the "deferred charge on account of security sales". Such net amount for each such fiscal year shall be amortized within such account, commencing with such fiscal year, over the average maturity, rounded to the nearest year, of all securities (excluding securities maturing in less than one year) acquired in such fiscal year or sold in such fiscal year by the retirement systems, whichever is less.

(3) The amount to be amortized in each fiscal year over the period of average maturity referred to in paragraph two of this subdivision e shall be computed on a scientific basis, (a) using a reinvestment rate of seven and one-half per centum per annum with respect to any such net amount computed for the city's nineteen hundred eighty-nineteen hundred eighty-one fiscal year, and (b) using a reinvestment rate of eight per centum per annum with respect to any such net amount computed for any city fiscal year occurring during the period beginning on July first, nineteen hundred eighty-one and ending on June thirtieth, nineteen hundred eighty-four and (c) in the case of any such net amount computed for any city fiscal year occurring thereafter, using a reinvestment rate equivalent to that prescribed by the legislature as the rate to be used for the purpose of any actuarial valuation, determination or appraisal made in determining the employer contributions to be paid by responsible public employers to the contingent reserve fund of such retirement system in the city fiscal year next succeeding that for which such net amount was computed.

(4) Any account constituting a deferred charge on account of security sales (whether a positive or negative quantity) which, in the absence of the enactment of a chapter of the laws of nineteen hundred eighty-nine which added this paragraph, would exist with respect to any retirement system as of July first, nineteen hundred eighty-eight, shall be cancelled and terminated as of such July first, and shall not be applied in the determination of the normal contribution or any other contribution payable by any responsible public employer to such retirement system with respect to any fiscal year beginning on or after such July first.

e-1. (1) In the case of sales by any retirement system occurring in any fiscal year of the city beginning on or after July first, nineteen hundred eighty-eight:

(i) any gain resulting from any such sale shall not be directly and separately credited against contributions otherwise required to be made by the responsible public employer or employers to such retirement system; and

(ii) any loss resulting from any such sale shall not be directly and separately charged as additional contributions payable to such retirement system by the responsible public employer or employers; and

(iii) the effects of such gains or losses shall be actuarially reflected in the valuations made for the purpose of determining contributions payable to such retirement system.

(2) In relation to determination of the normal contribution for any fiscal year beginning on or after July first, nineteen hundred eighty-eight, the provisions of sub-item (C) of item (i) of subparagraph (b) of paragraph two of subdivision b of section 13-127 of the code, and sub-item (D) of item (i) of subparagraph (i) of paragraph two of subdivision b of section 13-228 of the code, and sub-item (E) of item (i) of subparagraph (b) of paragraph two of subdivision b of section 13-331 of the code, and item (iii) of subparagraph (a) of paragraph two of subdivision b of section 13-527 of the code, or paragraph three of sub-item (A) of item (ii) of subparagraph four of paragraph (c) of subdivision sixteen of section twenty-five hundred seventy-five of the education law (relating to the actuarial treatment of certain losses on sales of fixed-income securities in the determination of the normal contribution) shall not be deemed to refer to or include any gains or losses on any such sales occurring in any fiscal year of the city beginning on or after July first, nineteen hundred eighty-eight.

f. The provisions of section one hundred seventy-seven-b of the retirement and social security law shall be inapplicable to any sale described in subdivisions b and e-1 of this section.

g. Nothing contained in this section shall be construed as applicable to any sale of securities constituting an investment made with funds which are a part of a variable annuity program in the teachers' retirement system or the

board of education retirement system of the city.

h. (1) For the purpose of determining the balance sheet liability of any retirement system as of June thirtieth, nineteen hundred eighty pursuant to the provisions of the retirement system act of such retirement system governing such determination, the "annual contribution, for balance sheet liability purposes, on account of amortization of losses on dispositions of certain securities within the meaning of this section", as referred to in such provisions, shall be a hypothetical amount computed pursuant to the provisions of paragraphs two to four, inclusive, of this subdivision g.

(2) With respect to each city fiscal year (the "subject fiscal year") occurring during the period beginning on July first, nineteen hundred seventy-four and ending on June thirtieth, nineteen hundred eighty, there shall be determined the amount by which:

(i) The total of the annual installments of losses which, under the provisions of this section as in effect prior to July first, nineteen hundred eighty, was or would have been payable by the responsible public employer in the second city fiscal year succeeding the subject fiscal year, exceeds

(ii) The total of the installments of gain required by such provisions of this section as they are in effect to be credited to the responsible public employer in such second fiscal year.

(3) (i) There shall be computed the discounted value of the amount of such excess as of January first of the subject fiscal year, such discounting being calculated on the basis of the applicable interest rate prescribed in subparagraph (ii) of this paragraph three and a discount period of two years extending retroactively from December thirty-first of such second fiscal year succeeding the subject fiscal year to January first of the subject fiscal year.

(ii) With respect to the nineteen hundred seventy-four-nineteen hundred seventy-five subject fiscal year, the rate of interest to be used in calculating such discounted value shall be five and one-half per centum per annum for the period beginning on July first, nineteen hundred seventy-five and ending on December thirty-first, nineteen hundred seventy-six and four per centum per annum for the period beginning on January first, nineteen hundred seventy-five and ending on June thirtieth, nineteen hundred seventy-five. With respect to each subject fiscal year occurring during the period beginning on July first, nineteen hundred seventy-five and ending on June thirtieth, nineteen hundred eighty, the rate of interest used in calculating such discounted value shall be five and one-half per centum per annum.

(4) The amount of such discounted value, as so computed with respect to each subject fiscal year, shall be the annual contribution, for balance sheet liability purposes, on account of amortization of losses on dispositions of certain securities within the meaning of this section, which annual contribution is deemed to have been hypothetically payable in such subject fiscal year.

Administrative Code of the City of New York

Title 13 Retirement and Pensions

CHAPTER 6 INVESTMENT BY PENSION FUNDS OR RETIREMENT SYSTEMS

§ 13-705 Acquisition, management and protection of investments of retirement system funds.

a. As used in this section, the term "retirement system" shall mean any of the following: the New York city employees' retirement system, the New York city teachers' retirement system, the New York city board of education retirement system, the police pension fund maintained pursuant to subchapter two of chapter two of this title and the fire department pension fund maintained pursuant to subchapter two of chapter three of this title.

b. Notwithstanding any other provision of law to the contrary, such expenses as may necessarily be incurred by a retirement system in acquiring, managing and protecting investments of its funds may be paid from any income, interest or dividends derived from deposits or investments of such funds.

c. (1) The provisions of this section shall not be applicable:

(i) to the acquisition, management or protection of investments of variable annuity funds of the New York city teachers' retirement system or of variable annuity funds of any other retirement system which may at any time have a variable annuity program; or

(ii) to contracts for services in relation to the acquisition, management or protection of investments of any variable annuity funds referred to in subparagraph (ii) of this paragraph one.

(2) Nothing contained in this section shall be construed as amending, modifying or affecting section 13-570 of this title.

d. In each city fiscal year, beginning with investment expenses paid during the nineteen hundred ninety-eight-nineteen hundred ninety-nine fiscal year, whenever the income, interest or dividends derived from deposits or investments of the funds of a retirement system are used pursuant to subdivision b of this section to pay the expenses incurred by such retirement system in acquiring, managing or protecting investments of its funds, the monies so paid shall be made a charge to be paid by each participating employer otherwise required to make contributions to such retirement system no later than the end of the fiscal year next succeeding the fiscal year during which such monies were drawn upon, provided, however, that where such charge is for such investment expenses paid during fiscal year two thousand four-two thousand five or during any subsequent fiscal year, such charge shall be paid by each such participating employer no later than the end of the second fiscal year succeeding the fiscal year during which such monies were drawn upon. In the event that such retirement system has more than one participating employer, the actuary shall calculate and allocate to each such participating employer its share of such charge. All charges to be paid pursuant to this subdivision shall be paid at the regular rate of interest utilized by the actuary in determining employer contributions to the retirement system pursuant to the provisions of paragraph two of subdivision b of section 13-638.2 of this title.

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-103 Detective bureau.

a. The commissioner shall organize and maintain a bureau for detective purposes to be known as the detective bureau and shall, from time to time, detail to service in said bureau as many members of the force as the commissioner may deem necessary and may at any time revoke any such detail.

b. Of the members of the force so detailed the commissioner may designate:

1. police officers not exceeding two hundred eighty in number, as detectives of the first grade, who while performing duty in such bureau and while so designated as detectives of the first grade, shall be paid the same salary as lieutenants; and

2. a certain number of police officers, as detectives of the second grade, who while performing duty in such bureau and while so designated as detectives of the second grade, shall be paid the same salary as sergeants; and a certain number of police officers as detectives of the third grade, who while performing duty in such bureau and while so designated as detectives of the third grade shall be paid such salary as may be determined by the mayor. Any person who has received permanent appointment as a police officer and is temporarily assigned to perform the duties of a detective shall, whenever such assignment exceeds eighteen months in duration, be appointed as a detective and receive the compensation ordinarily paid to a detective performing such duties.

c. The commissioner may designate lieutenants as commanders of detective squads, and sergeants as supervisors of detective squads, who while performing duty in such bureau and while so designated as commanders of detective squads or supervisors of detective squads shall be paid such salary as may be determined by the mayor.

d. Any member of the force detailed to such bureau while so detailed shall retain his or her rank in the force and shall be eligible for promotion the same as if serving in the uniformed force, and the time during which he or she serves in such bureau shall count for all purposes as if served in his or her rank or grade in the uniformed force.

e. The commissioner may at his or her pleasure revoke any designation made pursuant to the provision of this section after complying with the provisions of section seventy-five of the civil service law.

Amended LL 17/1964 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. The petitioner served as a detective of the first grade for more than five years during which time he was paid a salary of $5,150. Thereafter, he was promoted to sergeant but at a pay of only $4,650. Although petitioner was only a first-grade patrolman when he was acting as detective and thus was receiving $1,000 per year for extra duties, he was not entitled to have his contributions increased as if his pay were $5,650 upon the claim that he had a right to be retired on the basis of that salary.-Matter of Jefferys, 278 App. Div. 496, 105 N.Y.S. 2d 723 [1951], aff'd 303 N.Y. 792, 103 N.E. 2d 898 [1952].

¶ 2. A police lieutenant whom the police commissioner detailed but did not designate to act in a supervisory capacity in the detective division did not become entitled per se to an increase in his level of compensation since designation by the commissioner rather than de facto service in the past is required by this section.-McGowan v. Mayor, City of N.Y., 53 N.Y. 2d 86 [1981].

¶ 3. Police comr. "detailing" officers to detective duty and not "designating" them as detectives, precludes them from receiving detective salaries.-Olivari v. N.Y.C., 190 (107) N.Y.L.J. (12-6-83) 6, Col. 2 T.

**CASE NOTES**

¶ 1. An Appellate Division order that the Mayor and Police Commissioner comply with the appointment directive of Ad Cd §14-103(b)(2) by officially designating as detectives petitioner police officers performing duties in for separate categories of investigation, and declaring NYC Police Department Interim Order 61 and related orders restricting the applicability of Ad Cd §14-103(b)(2) are null and void, is affirmed. Matter of Scotto v. Dinkins, 194 AD2d 415, affirmed 85 NY2d 209, 623 NYS2d 809 [1995].

¶ 2. Where police officers have been temporarily assigned to detective work and the assignments have lasted for 18 months or more, the officers must either be promoted to the rank of detective or must be returned to uniform status. It was unlawful for the City to require waivers from police officers of the rule. Matter of Scotto v. Giuliani, N.Y.L.J., Jan. 14, 1997, page 27, col. 2 (Sup. Ct. New York Co.), aff'd N.Y.L.J., Oct. 30, 1997, page 27, col. 1 (App. Div. 1st Dept.), aff'd 243 A.D.2d 388, 663 N.Y.S.2d 551 (1st Dept. 1997).

¶ 3. Petitioner, who had been a member of the Police Department's Harbor Unit Vessel Theft Team for more than the 18 month period specified in the statute, brought an Article 78 proceeding seeking to be designated as a Detective Third Grade. The court held that the Police Department cannot arbitrarily refuse the Third Grade designation to officers

who in effect performed the investigatory functions of detectives. In other words, the department cannot exercise legislative functions. Thus, the court ordered that a hearing be held on the question of whether petitioner's duties were similar to those in other units that were similar to those whose members received the Detective Third Grade designations. Ryff v. Safir, 264 A.D.2d 349, 694 N.Y.S.2d 59 (App.Div. 1st Dept. 1999).

¶ 4. A court rejected petitioners' claim that their work in the Intelligence Division for an 18 month period qualified them for appointment to detective positions. The court noted that the department had designated certain positions within the Intelligence Division as "non-detective track positions." There was nothing in the statute which prohibited the department from establishing both detective track and ancillary non-detective track positions in the same command, the court said. Scotto v. Guiliani, 280 A.D.2d 315, 720 N.Y.S.2d 140 (1st Dept. 2001).

¶ 5. Admin. Code §14-103 provides that a police officer who is temporarily assigned to perform the duties of a detective shall, whenever such assignment exceeds 18 months in duration, be appointed as a detective and receive the compensation ordinarily paid to a detective. Admin. Code §14-103 does not prohibit the Police Commissioner from designating positions, and entire commands, as non-detective track, even though the positions involve some investigative work. In one case, the court held that officers who served in the Transit Authority Police Department's (TAPD) surface crime unit, and who failed to establish that they performed investigative duties comparable to those performed in units given a detective track after the TAPD's merger with the Police Department, were not entitled to promotion to detective. Finelli v. Bratton, 298 A.D.2d 197, 748 N.Y.S.2d 133 (1st Dept. 2002).

¶ 6. The court denied an Article 78 petition which had sought to compel the Police Commissioner to designate petitioners as detectives third grade. The court found that the duties performed by petitioners in the Evidence Collection Team (ECT) were not equivalent to those performed by detectives in the Crime Scene Unit (CSU). The crime-scene functions performed by CSU involve more extensive training, more sophisticated equipment, more serious crimes and more coordination with the District Attorney's office than the investigative crime-scene functions performed by the ETC, the court said. Brown v. Kerik, 29 A.D.3d 478, 816 N.Y.S.2d 41 (1st Dept. 2006).

CHAPTER 1 POLICE DEPARTMENT

§ 14-105 Superintendent of buildings; compensation.

a. There shall be an officer to be known as superintendent of buildings, to be selected from among the members of the uniformed force by the commissioner. He or she shall be subject to the rules and regulations governing other members of the force as regards promotion and otherwise. The superintendent of buildings shall be entitled to all the benefits and privileges extended to each member of the force with regard to a pension, and shall not be removed or dismissed except in the manner prescribed for other members of the force. His or her time served as superintendent of buildings shall count as time served in such force for pension purposes.

b. Such superintendent, under the direction of the commissioner, shall have supervision over the maintenance of all department buildings, and supervision over the mechanical force of the police department.

c. The salary of the superintendent of buildings shall not be less than five thousand dollars per annum. Previous experience in construction, repair and maintenance of buildings in the police department shall be taken into consideration by the commissioner in the selection of such superintendent of buildings.

Administrative Code of the City of New York

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-106 Special patrolmen; when may be appointed.

a. The commissioner, upon an emergency or apprehension of riot, tumult, mob, insurrection, pestilence or invasion, may appoint as many special patrolmen without pay from among the citizens as he or she may deem desirable.

b. Special patrolmen, appointed in pursuance of law while acting as such special patrolmen shall possess the powers, perform the duties, and be subject to the orders, rules and regulations of the department in the same manner as regular members of the force. Every such special patrolman shall wear a badge, to be prescribed and furnished by the commissioner.

c. The commissioner, whenever expedient, may on the application of any person or persons, corporation or corporations, showing the necessity therefor, appoint and swear any number of special patrolmen to do special duty at any place in the city upon the person or persons, corporation or corporations by whom the application shall be made, paying, in advance, such special patrolmen for their services, and upon such special patrolmen, in consideration of their appointment, signing an agreement in writing releasing and waiving all claim whatever against the department and the city for pay, salary or compensation for their services and for all expenses connected therewith; but the special patrolmen so appointed shall be subject to the orders of the commissioner and shall obey the rules and regulations of the department and conform to its general discipline and to such special regulations as may be made and shall during the term of their holding appointment possess all the powers and discharge all the duties of the force, applicable to regular members of the force.

d. The special patrolmen so appointed may be removed at any time by the commissioner, without assigning cause therefor, and nothing in this section contained shall be construed to constitute such special patrolmen members of

the force, or to entitle them to the privileges of the regular members of the force, or to receive any salary, pay, compensation or moneys whatever from the department or the city, or to share in the police pension fund.

e. The commissioner, upon the application of the head of any agency, public authority exercising jurisdiction within the city, or state agency, may appoint and swear any number of officers or employees of such agency or authority to do special duty at any place in the city, on behalf of such agency. The special patrolmen so appointed shall be subject to the orders of the commissioner and shall obey the rules and regulations of the department and conform to its general discipline and to such special regulations as may be made and shall during the term of their holding appointment possess all the powers and discharge all the duties of a peace officer while in the performance of their official duties.

An appointment as a special patrolman may be revoked at any time by the commissioner, without assigning cause therefor, and nothing in this section contained shall be construed to constitute such special patrolmen members of the force, or to entitle them to the privileges of the regular members of the force, or to receive any additional salary, pay, compensation or moneys whatever from the department or the city by reason of such appointment, or to share in the police pension fund. Every special patrolman appointed pursuant to the provisions of this subdivision is hereby authorized and empowered to proceed under the provisions of the criminal procedure law in the same manner and with like force and effect as a member of the force in respect to procuring, countersigning and serving the summons referred to therein.

f. Notwithstanding any other provision of law, in cases relating to violation of the health code and those provisions of the code pertaining to the jurisdiction of the sanitation department employees of such department who are special patrolmen by appointment pursuant to subdivision e of this section may execute warrants of arrest and bench warrants in the same manner and with the same powers and immunities as if such special patrolmen were members of the department. The issuance and execution of any such warrant of arrest or bench warrant shall in all other respects be governed by the applicable provisions of the criminal procedure law.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Where special patrolman employed by the City Board of Transportation had discovered plaintiff's intestate intoxicated and asleep on station platform of municipal subway system and, in fracas resulting when the patrolman attempted to walk the intestate off the platform, the intestate had fled to the street and was shot by the patrolman some 100 yards from the station when he broke away after having been apprehended, in action thereafter brought against the City for the death of the intestate, question whether the patrolman at the time he fired the fatal shot was acting in the course of his employment by the Board of Transportation or solely as a police officer in the execution of a public function, **held** to present an issue for the jury (Admin. Code § 434a-7.0).-Biniewski v. City of New York, 267 App. Div. 108, 44 N.Y.S. 2d 543 [1943].

¶ 2. Where employee of Sanitation Department was appointed special patrolman by the Police Commissioner to do special duty, and he issued a summons charging petitioner with disorderly conduct, **held,** such summons unauthorized for reasons (1) that the authority of the Police Commissioner to appoint special patrolman was not

intended to apply to employees of the City and (2) that the employee was not a peace officer under CCP § 154; and (3) that patrolman's authority would be limited specifically for purposes of the Sanitation Department which did not include the right to issue summons for disorderly conduct.-Matter of Kenler (Murtaugh), 24 Misc. 2d 864, 204 N.Y.S. 2d 758 [1960], rev'd on other grounds 12 A.D. 2d 662, 209 N.Y.S. 2d 384 [1960].

¶ 3. Police Commissioner is not authorized under this section to designate a civil service employee of the Department of Social Services appointed the position of Special Officer, a special patrolman. Del Giorno v. Police Dept. of City of N.Y., 26 N.Y. 2d 821, 257 N.E. 2d 900, 309 N.Y.S. 2d 354 [1970], aff'g 33 App. Div. 2d 665, 305 N.Y.S. 2d 63 [1969].

¶ 4. Plaintiffs who were "special officers" employed by the Department of Social Services and appointed pursuant to this section were not peace officers as defined in the Criminal Procedure Law and had no right to carry firearms although they had limited peace officer powers.-Velez v. Sugarman, 75 Misc. 2d 746, 349 N.Y.S. 2d 53 [1973].

¶ 5. Subdivision (e) of this section is not so vague as to be unconstitutional.-Id.

¶ 6. Hospital special patrolman under this section have all the powers and duties of police officers and hence have power to make arrests.-People v. Perez, 79 Misc. 2d 88, 359 N.Y.S. 2d 510 [1974].

¶ 7. Special patrolman employed by department store being licensed by city and appointed by police commissioner is an agent of the government and hence evidence obtained by an illegal search and seizure conducted by such a patrolman must be suppressed.-People v. Diaz, 85 Misc. 2d 41 [1975].

¶ 8. Where defendants moved to suppress physical evidence obtained by a search by a department store employee on the theory that he was a special patrolman and therefore was required to arrest and search only upon probable cause, a hearing was required to first determine whether employee was a special patrolman and if so whether he was functioning within the specialized limited nature of his particular duties at the time in question.-People v. Laurence, 100 Misc. 2d 612, 420, N.Y.S. 2d 65 [1979].

¶ 9. Charge of resisting arrest was dismissed against defendant when he was arrested by a special patrolman at a private hospital since such a special patrolman is not a police or peace officer unless appointed by the commissioner on application of an agency or public authority such as a public hospital.-People v. Kapuano, 109 Misc. 2d 295 [1981].

¶ 10. The appointment of special patrolmen upon the application of the New York City Health and Hospitals Corporation was obtained under subdivison e of this section since the Health and Hospitals Corporation is an agency within the meaning of New York City Charter § 1150(2) and hence the special patrolmen were peace officers.-People v. Butt, 113 Misc. 2d 538 [1981], aff'd 58 N.Y. 2d 846 [1983].

**CASE NOTES**

¶ 1. Where an applicant had prior arrests for robbery, assault and rape, the City could deny the applicant an appointment as a special patrolman, even though the criminal charges against him were ultimately dismissed. Doe v. Safir, 706 N.Y.S.2d 871 (Sup.Ct. New York Co. 2000).

¶ 2. The statute applies where the police commissioner, or any other superior officer, assigns a police officer to investigative duties. The officer does not have a vested right to remain in the position for 18 months (and thus qualify for appointment as a detective), and the assignment can lawfully be terminated prior to the end of the 18 month period. Vazquez v. Safir, N.Y.L.J., July 3, 2000, page 23, col. 2, 2000 WL 863066 (App.Div. 1st Dept.).

¶ 1. Possession of miniature New York City Detective shield not being an official shield of the police department does not require police department sanction and hence application for order directing District Attorney to return designated shield to petitioner whose property it was, was granted.-Cerotti v. Dist. Att., 167 (13) N.Y.L.J. (5-26-72) 18, Col. 6 T.

**CASE NOTES**

¶ 1. Defendant was arrested after he flagged down a passing motorist, represented himself to be a New York City police officer, displayed what appeared to be a Police Department shield and attempted to force the motorist to drive him to an area near the Queens Midtown Tunnel. Defendant then brought a constitutional challenge to that portion of the statute which prohibited unauthorized persons from displaying or wearing any uniform, shield, buttons, wreaths, numbers of other insignia or emblem "in any way resembling that worn by members of the police force.

Specifically, defendant contended that the statute was unconstitutionally vague. In order to survive, the statute had to meet two tests: (1) it had to provide sufficient notice of what conduct was prohibited; and (2) it could not be written in such a manner as to permit or encourage arbitrary and discriminatory enforcement. The court found the challenged portion of the statute to be unconstitutional, stating that it did not meet either test. The statutory language regarding items "resembling" police equipment was particularly troubling, the court said. For example, it is common in the fashion industry to manufacture garments containing buttons similar to those contained on police uniforms, and it is common in the toy industry to make toys which look something like police equipment. The statute is was so broadly drawn that such items conceivably would be illegal. In other words, the statute provided no guidance to the average citizen as to what form of possessory conduct was permitted and what was prohibited. Moreover, the statute gave the Police Department almost unfettered discretion as to when the purportedly prohibited conduct warranted an arrest. People v. Iftikar, N.Y.L.J., Oct. 5, 2000, page 32, col. 6 (Crim.Ct. Queens Co.).

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-109 Qualifications of members of force; publishing names and residence of applicants and appointees; probation.

a. Only persons shall be appointed or reappointed to membership in the police force or continue to hold membership therein, who are citizens of the United States and who have never been convicted of a felony, and who can read and write understandably the English language. Skilled officers of experience may be appointed for temporary detective duty who are not residents of the city. Only persons shall be appointed police officers who shall be at the date of the filing of an application for civil service examination less than thirty-five years of age, except, that every person who, as of the fifteenth day of April 1997, satisfied all other requirements for admission to the New York city police department academy shall be admitted to such academy and shall be eligible for appointment as a police officer, subject to the provisions of the civil service law and any applicable provisions of the charter, notwithstanding that such person was thirty-five years of age or older on the fifteenth day of April 1997. Persons who shall have been members of the force, and shall have been dismissed therefrom, shall not be reappointed. Persons who are appointed as police trainees, after examination in accordance with the civil service law and the rules of the commissioner of citywide administrative services and who have satisfactorily completed service as such trainees, may likewise be appointed as police officers without further written examination, provided that they shall have passed a medical examination at the end of their required trainee period. Persons appointed as police trainees shall not be considered members of the uniformed force of the department.

b. Preliminary to a permanent appointment as police officer there shall be a period of probation for such time as is fixed by the civil service rules, and permanent appointments shall only be made after the required probationary period has been served, but the service during probation shall be deemed to be service in the uniformed force, if succeeded by a permanent appointment, and as such shall be included and counted in determining eligibility for advancement,

promotion, retirement and pension.

Sub a amended LL 68/1963 § 1

**NOTE**

Provisions of L.L. 23/1998 § 1:

Section one. Declaration of legislative findings and intent. The Council of the City of New York intends to rectify an inequity caused by the lapse of an exemption for states and municipalities from the federal Age Discrimination in Employment Act ("ADEA") which would have allowed the City of New York to set and maintain age requirements for police officers and firefighters.

Although the Council finds that age restrictions on the hiring of police officers and firefighters are necessary and in furtherance of public safety, the Council also recognizes that police officer candidates who were scheduled to enter the April 15, 1997 class at the Police Academy may not have received timely notification of the reinstatement of the ADEA exemption for states and municipalities. Accordingly, the Council acts herein solely to rectify the resulting inequity. With the federal exemption reinstated and the New York State Civil Service Commissions determination as to its retroactive applicability, however, the Council intends that the age restriction apply to all other candidates not covered by the specific provisions of this legislation. It further finds that such age restriction is necessary to secure the public safety of the City of New York.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Plaintiffs who had been appointed to the position of "probationary" patrolmen, and after the probationary period of six months to the position of "permanent" patrolmen, were entitled to be compensated during the "probationary" period at the rate prescribed in the Admin. Code for patrolmen, seventh grade. The Board of Estimate was without power to fix the compensation during the "probationary" period at a different rate under the authority granted it by § 67 of the Charter to fix compensation of persons whose compensation was not otherwise provided for by the Charter or statute. The probationary period was for purpose of granting certain powers to the Commissioner of the Police Department, and after such period the Commissioner's powers ceased and the appointees became vested with certain rights. The original appointment as patrolmen began as of date of the original appointment.-Schneider v. City of N.Y., 178 Misc. 238, 33 N.Y.S. 2d 170 [1942], aff'd without opinion 264 App. Div. 855, 36 N.Y.S. 2d 423 [1942], aff'd 289 N.Y. 785, 46 N.E. 2d 847 [1943].

¶ 2. The grades and compensation of patrolmen in New York City having been adopted in the Admin. Code, may be changed by local law. Hence, L.L. No. 40, fixing the rate of pay of patrolmen while in their probationary period, is

valid and effective. Even if a change in salary would create a new grade so far as patrolmen were concerned, it would not affect a change in civil service classification.-Almendinger v. City of New York, 182 Misc. 142, 46 N.Y.S. 2d 641 [1944], aff'd 269 App. Div. 691, 54 N.Y.S. 2d 392 [1945], aff'd 295 N.Y. 644, 64 N.E. 2d 712 [1945].

¶ 3. In view of New York City Admin. Code § 434a-8.0, providing that only those persons shall be appointed patrolmen who at date of filing of an application for a civil service examination were less than 29 years of age, petitioner, who was 27 days over the age of 29 years at time of filing his application, was ineligible for appointment as patrolman, and his appointment was therefore void ab initio, and consequently the Civil Service Commission might revoke its certification notwithstanding his subsequent appointment, and the Police Commissioner might dismiss him following the revocation of the certification (260 A.D. 495; 241 N.Y. 49; &c.).-In re McInerney (Valentine), 181 Misc. 1062, 43 N.Y.S. 2d 327 [1943].

¶ 4. Petitioner who, even after allowing full credit for military service, was over the maximum age limit of 29 years when he filed his application to take a Civil Service examination for position of patrolman, was ineligible for appointment, and Court could not overlook his failure to satisfy the statutory mandate. His certification for appointment was properly revoked by the Municipal Civil Service Commission.-Iannicelli v. Civil Service Commission, 281 App. Div. 519, 120 N.Y.S. 2d 557 [1953].

¶ 5. Under Civil Service Law § 25-a, empowering the Civil Service Commission to adopt "reasonable minimum and maximum age requirements for positions such as policeman, fireman, prison guards . . ." the Municipal Civil Service Commission **held** to have acted reasonably within its authorization in fixing 20 as the minimum age for filing applications to take an examination for patrolman, Police Department, New York City.-In re Walden-El (Brennan), 205 Misc. 351, 125 N.Y.S. 2d 95 [1953], aff'd 283 App. Div. 771, 128 N.Y.S. 2d 578 [1953].

¶ 6. Where the minimum age for applicants to take examination for patrolman was fixed at 20, in his application petitioner, by an honest mistake, stated his birth date as November 1, 1928 and subsequently petitioner, who successfully passed the examination, was appointed a patrolman, on probation, and it was then discovered that actually he was under the age of 20 at time he took the examination, the Commission **held** properly to have revoked its certification of petitioner. Petitioner did not acquire a vested right by his appointment nor was his removal governed by Civil Service Law § 22, applicable to veterans, since petitioner had not been eligible to take the examination and therefore all subsequent acts on his part or on part of the Civil Service Commission in relying on the premise that he was eligible, were void.-Id.

¶ 7. Application to compel Police Commissioner to appoint petitioner forthwith as a patrolman in the Police Department, was denied, as under the rules of the Civil Service Commission the appointing official has the unrestricted power of selecting or rejecting persons on the eligible list, and moreover the eligible list upon which the petitioner's name appeared had expired as a new list for patrolman had been promulgated. Also, petitioner's name had been rejected three times and the Commissioner had failed to request a further certification of his name.-O'Connell v. Monaghan, 126 (91) N.Y.L.J. (11-9-51) 1191, Col. 2 M.

¶ 8. Petitioner sought to be appointed as a probationary patrolman. However, the Police Commissioner refused to so appoint. **Held:** the petitioner was entitled to a hearing as to whether the Commissioner acted within his proper discretion or whether he based his refusal on the fact that petitioner while in military service was subjected to a general court martial on which he was acquitted of the charges.-Matter of Poggi, 138 (78) N.Y.L.J. (10-18-57) 5, Col. 5 M.

¶ 9. The Commissioner in refusing to appoint petitioner to the force after passing civil service examination was not arbitrary or capricious, where the determination was based on a series of arrests starting at age 12 and ending with court martial in the Navy. The fact that the petitioner passed a civil service examination was not conclusive on the issue of petitioner's qualifications for police service.-Matter of Jansen, 1 Misc. 2d 186, 147 N.Y.S. 2d 733 [1955].

¶ 10. The Police Commissioner may refuse to appoint a policeman without giving any reason therefor. Matter of

Krilow, 25 Misc. 2d 739, 197 N.Y.S. 2d 20 [1960].

¶ 11. The Police Commissioner of the City of New York, in view of the provisions of Article 9, § 8 of the State Constitution, and § 6 subdivision 1 of the Civil Service Law has discretion to select any one of the three eligibles certified by the Civil Service Commission. Matter of Krilow, 25 Misc. 2d 739, 197 N.Y.S. 2d 20 [1960].

¶ 12. The Police Commissioner on a single day considered three eligibles, including petitioner for appointment as sergeant. One of the three was appointed and then petitioner and the other non-appointed candidate were considered for a second and then for a third appointment but were not selected on any of the three occasions. **Held:** this procedure constituted three certifications within the requirements of the Civil Service Law rather than a single certification.-Robeson v. Kennedy, 135 (81) N.Y.L.J. (4-26-56) 7, Col. 4 F.

¶ 13. Petitioner's dismissal as a patrolman at the end of his probationary period for his failure to disclose, on four separate occasions, that he had been a member of a union was not arbitrary.-Matter of Stein, 139 (77) N.Y.L.J. (4-21-58) 6, Col. 6 M.

¶ 14. Where probationary patrolman stated in his application that he had quit his job because no route was available to him when in fact he left because of a garnishee against him, and during his probationary period he was adjudicated a bankrupt with a total indebtedness of $15,057, although that sum was not mentioned by him in the financial statement of his questionnaire, and the Police Commissioner terminated petitioner's services at the end of the probationary period because of the above, **held,** such dismissal was not arbitrary. It was within the authority of the Commissioner to determine whether the inaccuracy and omissions in the answers were unintentional or deliberate, but in either case, there was sufficient basis for the Commissioner's determination that the petitioner did not meet the required standards.-Matter of Goodman (Kennedy), 143 (86) N.Y.L.J. (5-4-60) 12, Col. 2 T.

¶ 15. Determination of Municipal Civil Service Commission disqualifying petitioner from the eligible lists for positions of patrolman and fireman because of falsity of his statement in questionnaire to effect that he had never been treated nor confined to a mental hospital, **held** not arbitrary.-In re Bluitt (Watson), 125 (125) N.Y.L.J. (6-28-51) 2376, Col. 6 M.

¶ 16. Rule of Municipal Civil Service Commission disqualifying applicants for position of patrolman who had been convicted of petty larceny, had the force and effect of law (Civil Service Law § 6) and was binding on the Commission, and the Commission therefore properly refused to consider evidence of petitioner's good character and reputation, where he had been convicted of petty larceny (Civil Service Law § 14, subd. 1, § 11, subd. 2; Admin. Code § 434a-8.0). The Commission could narrow the qualification for applicants for position of patrolman by adopting such rule, which was more restrictive than Civil Service Law, § 14, subd. 1.-Walsh v. Watson, 198 Misc. 643, 99 N.Y.S. 2d 805 [1950].

¶ 17. Civil Service Commission acted lawfully and reasonably in refusing to certify the petitioner to the Police Department on the grounds that he had been adjudicated a wayward minor.-Phillips v. Brennan, 135 N.Y.S. 2d 591 [1954].

¶ 18. Where petitioner had been charged with juvenile delinquency and had evaded full disclosure of the incident when questioned in respect thereto shortly after appointment, the Commissioner **held** to have acted legally in dismissing petitioner for moral unfitness.-Tucker v. Adams, 141 N.Y.S. 2d 235 [1955].

¶ 19. Where petitioner was appointed by the former Police Commissioner after full disclosure of his prior detention as a juvenile delinquent he could not thereafter be dismissed as unsatisfactory except for conduct subsequent to his original appointment or upon new facts or upon a showing of clear error by the former Commissioner.-Cannon v. Adams, 141 N.Y.S. 2d 230 [1955].

¶ 19.1. Notwithstanding several minor delinquencies and traffic violations which the Commission had before it,

the petitioner was found qualified and certified on the eligible list for patrolmen in June, 1937. **Held:** the Commission could not thereafter, on the same evidence, disqualify the petitioner for the position of patrolman. It was immaterial that in the interim, the personnel of the Commission had changed for the Commission is a continuous body acting as an entity regardless of any change occurring in its membership.-Matter of Suchman, 170 Misc. 586, 10 N.Y.S. 2d 973 [1939].

¶ 20. The discharge of petitioner by the Commissioner at the end of the probationary period on the basis of past criminal record **held** to be a continuing wrong so as to toll the statute of limitations since after certification and appointment after full disclosure of petitioner's record and after adherence by the Civil Service Commission to the original certification the discharge was not a proper exercise of discretion.-Alliano v. Adams, 140 N.Y.S. 2d 443 [1955].

¶ 21. Adjudication as a juvenile delinquent **held** not an absolute bar to appointment, but where petitioner did not allege sufficient facts to enable the Court to reach the conclusion that the Police Commissioner acted arbitrarily, capriciously or unreasonably, the petition was dismissed.-DeNicola v. Adams, 133 (11) N.Y.L.J. (1-17-55) 8, Col. 6 M; 132 (59) N.Y.L.J. (9-23-54) 6, Col. 3 F.

¶ 22. The petitioner, whose appointment as patrolman was terminated at the end of his probationary period, was entitled to a trial of whether the Commissioner's action was arbitrary. Petitioner had received a suspended sentence on a plea of guilty to a charge of disorderly conduct when he was 20 years old but the matter had not been sufficiently explored and the precinct report of service recommended petitioner for a permanent appointment. Further, the matter of petitioner's business ethics while employed was not sufficiently explored.-Santorelli v. Kennedy, 134 (72) N.Y.L.J. (10-13-55) 6, Col. 7 T.

¶ 23. The decision of the Police Commissioner refusing to appoint the petitioner as a probationary patrolman was arbitrary where the record indicated that the petitioner was drinking excessively and had been convicted by a general court martial of leaving his post before being properly relieved. This was sufficient to justify the Commissioner's action even though the petitioner subsequently received an honorable discharge from the armed forces.-Hyland v. Kennedy, 135 (96) N.Y.L.J. (5-17-56) 5, Col. 6 F.

¶ 24. Whether the Police Commissioner was arbitrary when he refused to appoint petitioner as a probationary patrolman because, while in the Navy, petitioner had been punished on three occasions for being AWOL for short periods of time and on another occasion for using disrespectful language to a superior officer was held to require a trial of the issues of fact as to the arbitrary nature of the Commissioner's action.-Walsh v. Kennedy, 135 (43) N.Y.L.J. (3-5-56) 7, Col. 7 T.

¶ 25. In determining the qualifications of an applicant for appointment to the police force the Commissioner may consider the facts upon which an adjudication of juvenile delinquency was based. Such an adjudication is not an actual bar to an appointment to the police force as is a conviction of a felony but neither does it have the effect of excluding the Commissioner's consideration of the facts in determining whether the appointment would be in the public interest.-DeNicola v. Adams, 133 (11) N.Y.L.J. (1-17-55) 8, Col. 6 M.

¶ 26. The Police Commissioner was arbitrary in refusing to appoint petitioner as a probationary patrolman where petitioner's record was unblemished except for one arrest on a charge of bookmaking which had occurred seven years previously. This arrest had not resulted in a conviction and had been satisfactorily explained by the petitioner.-Lembo v. Adams, 135 (48) N.Y.L.J. (3-12-56) 6, Col. 6 F.

¶ 27. The Police Commissioner was not arbitrary where he refused to appoint the petitioner as a probationary patrolman on a record which showed that petitioner had several convictions for minor offenses, 2 undisclosed traffic violations, and an undisclosed suspension of his driving license.-Matter of Keller, 135 (44) N.Y.L.J. (3-6-56) 7, Col. 4 F.

¶ 28. Petitioner **held** entitled to trial of issues raised in proceeding to set aside the action of the Municipal Civil Service Commission in marking him "not qualified" for the position of patrolman in the Police Department, where petitioner's Selective Service record, indicating mental disorder, was urged by respondents as the sole basis of their action but petitioner disputed the accuracy and conclusiveness of the Selective Service record and the completeness of the hearing before the psychiatrist, and petitioner also disputed the findings that his religious beliefs and scruples amounted to psychoneurosis or psychopathic personality incompatible with performance of duty as a policeman.-Massa v. Brennan, 129 (108) N.Y.L.J. (6-4-53) 1885, Col. 2 F.

¶ 29. Commissioner acted lawfully in terminating petitioner's employment as a policeman where he had been found physically unfit and had not been given a proper answer to the question propounded by the police academy in respect of prior nervous or mental disorder.-Machino v. Adams, 133 (37) N.Y.L.J. (2-23-55) 8, Col. 6 T.

¶ 30. The refusal of the Police Commissioner to appoint petitioner as a probationary patrolman was not arbitrary where the evidence indicated that petitioner suffered from a psychoneurosis disability, had a poor employment record and had been previously rejected from the Police Department in Washington.-DiDregorio v. Adams, 135 (67) N.Y.L.J. (4-6-56) 8, Col. 2 F.

¶ 31. Determination of the Municipal Civil Service Commission discharging petitioner from his position as a City patrolman as "not qualified medically" because of fact that in 1945 he had been honorably discharged from the Army with a 10 per cent disability allegedly as result of a nervous disorder and that he had been treated for such disorder at an Army hospital where he remained for three months, and that he had failed to reveal the history of the condition, **held** not arbitrary, notwithstanding petitioner's claim that over a three-year period five different examinations of his physical and mental health demonstrated his fitness for the position and that he had merely suffered from battle fatigue and was not confined in a hospital for mental disorders. The Commission operated under a rule that any candidate for patrolman who has a mere history of confinement in an institution for mental illness must be rejected, and that a history of nervous disorder may reject.-Lasskow v. Brennan, 131 (92) N.Y.L.J. (5-13-54) 7, Col. 5 M.

¶ 32. Where petitioner on eligible list for patrolman was found "not qualified" for medical reasons based upon an investigation into his background and upon a psychiatric examination which resulted in a finding of "chronic emotional illness" and the same conclusion was reached after another examination following an administrative appeal, the refusal of the Civil Service Commission to maintain him on the eligible list but was not arbitrary. Contrary medical findings by two other physicians was no basis for granting petitioner's application to set aside the action of the Commission.-Smith v. Schechter, 144 (4) N.Y.L.J. (7-7-60) 5, Col. 6 F.

¶ 33. Termination of police trainee's services was arbitrary when based on report of U.S. Navy physician that he had an "emotionally unstable personality" which resulted in an "unsuitability discharge" from the Navy and a 1-Y draft classification when made more than a year prior to the determination and absent a psychiatric examination by either the Police Department or the Civil Service Commission.-Matter of Menichino (Leary), 163 (17) N.Y.L.J. (1-26-70) 16, Col. 3 F.

¶ 34. The conduct of the Municipal Civil Service Commission in striking petitioner's name from eligible list for patrolman because, within the year prior to his probationary appointment, he had signed a petition for the nomination of a Communist Party candidate for public office, and had also been a member of that party for three to five months, **held** not to have been arbitrary.-Rabouine v. McNamara, 275 App. Div. 1052, 92 N.Y.S. 2d 110 [1949], aff'd without opinion, 301 N.Y. 785, 96 N.E. 2d 91 [1950].

¶ 35. Motion to annul determination of Municipal Civil Service Commission and of the Police Commissioner, dismissing petitioner from his position as probationary patrolman, was denied, since, bearing in mind the nature of police service, it could not be said that the pronouncement of petitioner as a poor risk was so lacking in support in the record as to warrant judicial correction.-Riddick v. Brennan, 131 (7) N.Y.L.J. (1-12-54) 7, Col. 6 T.

¶ 36. False answers made by police officer to his superior officers, in course of an official investigation relating to the association of members of the Police Department with Communists, that he had not been a member of the Communist Party and had never attended any of its meetings, **held** to warrant his dismissal from the police force. Although it might be that a former association with the Communist Party would not justify removal of a Civil Service employee, petitioner's false answers did warrant removal.-Rubenstein v. Monaghan, 124 N.Y.S. 2d 76 [1953].

¶ 37. The Court directed a trial of the issue of fact as to the arbitrary and capricious nature of the Commissioner's actions in rejecting a man from civil service merely because he signed a nominating petition for a Communist candidate for political office.-Maynard v. Monaghan, 284 App. Div. 280, 131 N.Y.S. 2d 556 [1954].

¶ 38. It was not proper exercise of discretion for Police Commissioner to refuse to appoint petitioner as policeman merely because he appealed from the Civil Service Commission's action in disqualifying him arbitrarily when in fact there was no evidence of his membership in the Communist Party and the Commissioner had later certified petitioner to the eligible list.-Hamilton v. Monaghan, 133 N.Y.S. 2d 324 [1955].

¶ 39. Petitioner, a patrolman, had a long record of faithful service in the Department, and there was enough evidence in the record to support the inference that he was denied promotion because of his visits to a certain camp which, allegedly unknown to the patrolman, was said to be tainted with a subversive character. **Held:** he was entitled to a trial of the issues.-Matter of Hughes, 139 (17) N.Y.L.J. (1-24-58) 6, Col. 5 M.

¶ 40. Petitioner was improperly disqualified from appointment as patrolman where he was rejected upon the strength of his Army medical record, without further physical examination.-Simon v. Kennedy, 5 Misc. 2d 17, 159 N.Y.S. 2d 995 [1957].

¶ 41. The removal of petitioner's name from the eligible list for patrolman, following a hearing, was not arbitrary where the petitioner failed to disclose the nature of his various illnesses, that he was the father of an illegitimate child, that he failed to list all his traffic violations, that he failed to meet financial obligations and that he failed to list ownership of a motor vehicle.-Estaba v. Municipal Civil Service Commission, 139 (13) N.Y.L.J. (1-20-58) 6, Col. 7 F.

¶ 42. A probationary patrolman passed pre-appointed medical examinations by the Civil Service Commission and the Police Department. His probationary period expired July 31. Prior thereto, two departmental physical examinations showed him to be suffering from hypertension. Under such circumstances, the Police Commissioner had the right to dismiss him at the end of the probationary period. The notice of dismissal, dated July 30 and effective July 31, was not served until August 1, because of petitioner's absence from the city. Such service was a substantial compliance with statutory requirements.-Matter of Going v. Kennedy, 5 A.D. 2d 173, 170 N.Y.S. 2d 234 [1958], aff'd 5 N.Y. 2d 900, 183 N.Y.S. 2d 81, 156 N.E. 2d 711 [1959]. See also in re Myricks (Kennedy), 6 Misc. 2d 854, 161 N.Y.S. 2d [1957].

¶ 43. Petitioner, after passing a civil service examination and preliminary medical tests, was certified as eligible for appointment as a probationary patrolman and was duly appointed. Thereafter the Police Department medical test showed him to be suffering from hypertension, and he was dismissed as of the end of the probationary period. The Commissioner's action, not being arbitrary or capricious, was proper. It was not an interference with the Civil Service Commission's certification of eligibility.-Matter of Gribbin v. Kennedy, 7 Misc. 2d 479, 163 N.Y.S. 2d 304 [1957].

¶ 44. Disqualifying petitioner for appointment as patrolman because of his military service medical record which revealed that he was treated during service for asthma, and based upon his admission that on discharge from the service he applied for a veteran's pension claiming, among other things, asthma, was not arbitrary.-In re Goldrick (Lang), 149 (45) N.Y.L.J. (3-7-63) 15, Col. 3 F.

¶ 45. Where petitioner was found physically qualified for City patrolman under the medical regulations pertaining to the 1950 examination, which he took, and which merely provided that a perforated ear drum, from which he suffered, "**may** reject," his appointment might not thereafter be terminated by force of medical regulations subsequently promulgated and providing that "ear drum perforation or canal infection eliminates," and which regulations by their

terms were confined in their application to the 1952 examination.-Lamey v. Monaghan, 131 (47) N.Y.L.J. (3-11-54) 7, Col. 7 M.

¶ 46. Determination of Municipal Civil Service Commission rejecting petitioner as an eligible for patrolman in the Police Department on basis of report of the joint medical board that a fracture of petitioner's left foot suffered when he was ten years old made him a poor risk so far as future fitness was concerned, **held** not to have been arbitrary, notwithstanding petitioner did not appear handicapped by the deformity of his foot, was above average in athletic prowess, presently walked without any limp, and had received a grade of 93% in the competitive physical examination.-Adamsky v. Municipal Civil Service Commission, 131 (6) N.Y.L.J. (1-11-54) 7, Col. 3 M.

¶ 47. The disqualification of petitioner for the position of patrolman because of an old knee injury was not arbitrary, even though the determination was made on petitioner's medical history, and not on a recent medical examination which petitioner claimed would show that his injury was completely cured.-Lasher v. Lang, 148 (56) N.Y.L.J. (9-19-62) 12, Col. 1 F.

¶ 48. The petitioner, whose services as a patrolman were terminated at the end of his probationary period because of hypertension was entitled to a trial on the issue of the Police Commissioner's discretion where he had been found physically fit prior to his appointment and submitted proof of present good health and an explanation of the symptoms found by the medical board.-Matter of Going, 135 (49) N.Y.L.J. (3-13-56) 6, Col. 5 M.

¶ 49. Two blood pressure readings within five minutes did not eliminate policemen under regulation providing "two confirmations of an abnormal finding eliminates". The two examinations called for must be on separate occasions.-Gettings v. Kennedy, 143 (25) N.Y.L.J. (2-5-60) 13, Col. 7 F.

¶ 50. Discharge of three probationary patrolmen because of failure to pass physical fitness test at conclusion of recruit training was not arbitrary even though they had passed physical examination given by Civil Service Commission at time of their selection as Police Commissioner has the authority to conduct examinations with respect to academic instruction of probationary patrolmen, notwithstanding their prior certification of fitness by the Civil Service Commission.-Farrell v. Broderick, 155 (64) N.Y.L.J. (4-1-66) 15, Col. 4 M.

¶ 51. The petitioner who had been refused permanent appointment as a patrolman because of a "nervous stomach" was entitled to a trial of the question as to whether he had such a condition where he alleged he had not been examined by the department's physician for the stomach condition, had no past history of such complaint and two private physicians stated that they found the petitioner suffering from no such condition.-In re Anselmo, 135 (41) N.Y.L.J. (3-1-56) 7, Col. 1 F.

¶ 52. A re-examination was ordered by an impartial physician who had no prior contact with petitioner in the presence of his own physician where petitioner found physically unqualified to remain as a police trainee because of high blood pressure had been subjected to unusual emotional stress by police department physician while his blood pressure was being tested.-In re Ferrentino (Leary) 162 (76) N.Y.L.J. (10-17-69) 15, Col. 5 F.

¶ 53. Where certification of petitioner for appointment to the uniformed force of the Police Department of the City of New York resulted from the error of a clerk who mistook certain entries on petitioner's record as indicating that petitioner had qualified in his physical examination when in fact he had not done so, petitioner **held** not to have been properly certified for appointment, and was therefore not entitled to the requested credits for salary and advancement. Rule of Commission providing that if a person who is not entitled to be certified is certified such certification shall be revoked by notification to the appointing officer, was inapplicable as it applied to persons who may have already been appointed whereas petitioner's certification was without validity.-Reilly v. Grumet, 130 N.Y.S. 2d 841 [1954].

¶ 54. Petitioner dismissed prior to his permanent appointment as policeman **held** entitled to a jury trial on the question whether or not the Commissioner acted arbitrarily where the testimony of the only witness against the petitioner was questionable as to probity.-D'Emidio v. Adams, 133 (104) N.Y.L.J. (5-27-55) 7, Col. 3 F.

¶ 55. After the petitioner had been denied certification by the Civil Service Commission for appointment as a probationary patrolman, he was certified, on review, as qualified for the eligible list. Subsequently, the Commissioner rejected the petitioner without giving a stated reason and then denied a requested hearing "in view of the record and findings of the investigator". **Held** the petitioner was entitled to a hearing and to an opportunity to know what the findings and proof against him were upon which the Commissioner acted.-Jansen v. Adams, 134 (16) N.Y.L.J. (7-25-55) 2, Col. 3 F.

¶ 56. In terminating employment at the end of the probationary term the police commissioner may take probationer's past into consideration to determine his character, capability and fitness.-Fiorenza v. Leary, 162 (109) N.Y.L.J. (12-8-69) 15, Col. 5 M.

¶ 57. The Police Commissioner was arbitrary where, after petitioner had resigned from the police force, the Commissioner refused to reinstate him and did not furnish any reasonable basis for the exercise of his discretion in so refusing.-In re Leahy (Kennedy) 135 (111) N.Y.L.J. (6-8-56) 6, Col. 5 F.

¶ 58. Commissioner's denial of an application for reinstatement by a retired policewoman two weeks after her retirement because of Police Department Policy, held arbitrary. Such rules of the Department are contrary to Civil Service rule permitting reinstatement of a retired employee within one year of retirement.-Matter of Schimmel (Murphy), 145 (112) N.Y.L.J. (6-12-61) 16, Col. 3 F.

¶ 59. The petitioner, passed over for appointment as a lieutenant because evidence before a grand jury indicated that the petitioner had committed acts of misconduct was entitled to a trial of an issue of whether the Commissioner was acting arbitrary where the grand jury had not indicted the petitioner and on a departmental trial, petitioner had been exonerated.-Donovan v. Kennedy, 135 (47) N.Y.L.J. (3-6-56) 6, Col. 7 T.

¶ 60. The Police Commissioner was justified, in the exercise of sound discretion, in refusing to appoint the petitioner as a probationary policeman upon the ground that the latter had been subjected to disciplinary action upon four occasions while serving in the Navy. The fact that the petitioner had been honorably discharged did not preclude consideration of his record.-Matter of Verbiest v. Kennedy, 4 Misc. 2d 855, 158 N.Y.S. 2d 142 [1956]; aff'd 3 A.D. 2d 994, 163 N.Y.S. 2d 944 [1957].

¶ 61. Applicant for certification as a patrolman was properly disqualified where it appeared that he filed no income tax return for seven years, had pleaded guilty to a charge of selling "tout" sheets, and had incurred disciplinary action as a Marine.-In re Boden (Schechter), 138 (63) N.Y.L.J. (9-27-57) 5, Col. 8 M.

¶ 62. The petitioner was properly dismissed from the Police Department at the end of his probationary period where he was guilty of various minor infractions, including the losing of his badge and lateness to work.-In re Arnold (Kennedy), 140 (38) N.Y.L.J. (8-3-58) 2, Col. 3 F.

¶ 63. Where probationary policeman was dismissed because of a violation of Police Department rules and he had a past history of traffic violations, **held,** determination of Commissioner was not arbitrary.-Matter of Curley (Kennedy), 145 (24) N.Y.L.J. (2-3-61) 14, Col. 7 M.

¶ 64. The Police Commissioner was not arbitrary in disqualifying petitioner for appointment as patrolman where petitioner had a poor driving record and had falsified information as to this record and as to his Coast Guard disciplinary record.-In re Finkelstein 148 (27) N.Y.L.J. (8-8-62) 4, Col. 7 T.

¶ 65. The Commissioner was not arbitrary in dismissing petitioner from position of probationary patrolman where petitioner had received the lowest passing mark in his class at the Police Academy, had failed to qualify in firearms training and was rated unsatisfactory as to deportment and attitude.-Matter of Gratz, 134 (84) N.Y.L.J. (10-31-55) 8, Col. 4 M.

¶ 66. The petitioner's low rating on an examination after taking the three months' course in the police school was sufficient basis for the finding that the petitioner was an unsatisfactory employee within the meaning of this section.-Matter of Sinaly, 2 Misc. 2d 107, 152 N.Y.S. 2d 210 [1956].

¶ 67. The dismissal of a patrolman at the end of his probationary period because he failed to pass the academic part of a written test was not arbitrary. The Commissioner may inquire into the capabilities of a probationary appointee and may employ a written examination as an appropriate means of appraising fitness.-Matter of Williams, 135 (24) N.Y.L.J. (2-3-56) 8, Col. 4 T.

¶ 68. The requirement of the Police Commissioner that a probationary patrolman maintain a minimum general average of 68 per cent in training in instruction courses was not arbitrary or in excess of the Commissioner's authority. The dismissal of the petitioner for failing to maintain such an average and based upon recommendations of the Police Academy staff and the commanding officers of the academy was not arbitrary.-Tedali v. Kennedy, 135 (74) N.Y.L.J. (4-17-56) 6, Col. 7 M.

¶ 69. The Police Commissioner has the authority to conduct all unwritten examinations to determine the fitness of each probationary patrolman. The refusal of the Commissioner to appoint the petitioner as a patrolman at the end of his probationary period because he failed to obtain a general academic passing mark was not arbitrary.-Matter of Rago, 135 (44) N.Y.L.J. (3-6-56) 6, Col. 7 F.

¶ 70. City **held** not liable to plaintiff who was attacked by another motorist in police station where both had been taken after altercation following a traffic violation. Neither motorist had been arrested and police had no authority to search for a weapon or any reason to believe plaintiff would be assaulted.-Stephens v. City of N.Y., 133 (15) N.Y.L.J. (1-21-55) 6, Col. 8 F.

¶ 71. The City was liable for the negligence of a policeman when the policeman, while walking on the platform of a subway station on his way to report for duty, accidentally dropped a paper bag in which he was carrying his off-duty revolver, which went off when it hit the ground, with the bullet striking the plaintiff.-Collins v. City of New York, 11 Misc. 2d 76, 171 N.Y.S. 2d 710 [1958], aff'd 8 A.D. 2d 613, 185 N.Y.S. 2d 740 [1959], aff'd 7 N.Y. 2d 822, 196 N.Y.S. 2d 700, 164 N.E. 2d 719 [1959].

¶ 72. Verdict in favor of plaintiff against the City and policeman who, in the reasonable performance of his duty, accidentally shot and injured plaintiff, set aside on the ground that it was against the weight of credible evidence.-Rayano v. City of N.Y., 138 N.Y.S. 2d 267 [1955].

¶ 73. The city was liable for the negligence of a policeman in operating a patrol car in such a manner as to injure another policeman engaged in directing traffic.-Gilhooly v. City of New York, 135 (69) N.Y.L.J. (4-10-56) 8, Col. 1 T.

¶ 74. Petitioner, a New York City patrolman, was disqualified by the Civil Service Commission because he had received 14 traffic summons between October 1954 and January 1958, 10 for parking, 3 for signal lights and 1 for speeding and had failed to answer 6 of the summons on the due date and had not paid the fine until October of 1959. **Held,** the action was not arbitrary. The failure to appear to answer the mandates of the Court compounded the insignificant violation (except one) and indicated a disrespect for authority.-Matter of Mondesin (Schechter), 143 (120) N.Y.L.J. (6-22-60) 8, Col. 6 M.

¶ 75. Patrolman was dismissed on his plea of guilty to two violations of department rules with explanations. It appeared that the Commissioner took into consideration other violations and a statement of his commanding officer that petitioner was an alcoholic although such charges were not made against him. **Held,** the punishment of dismissal was excessive and the matter is remitted for imposition of an appropriate penalty based on the charges made against the petitioner.-Matter of Keane (Kennedy), 145 (35) N.Y.L.J. (2-21-61) 15, Col. 2 M.

¶ 76. The question of the termination of petitioner's service as a probationary patrolman was remitted to the

Commissioner where petitioner was afforded no proper hearing to answer charges made against her by a former employer.-In re Watkins (Murphy), 147 (53) N.Y.L.J. (3-19-62) 14, Col. 3 F.

¶ 77. The Police Commissioner did not act arbitrarily in refusing to appoint petitioner on three separate occasions without giving reasons.-In re Levy (Murphy), 146 (118) N.Y.L.J. (12-2-61) 8, Col. 5 F.

¶ 78. In determining whether or not to appoint a probationary patrolman to the regular force, the Commissioner may rely on reports of his subordinates. There is no requirement that there be a hearing.-Monico v. Kennedy, 16 App. Div. 2d 634, 227 N.Y.S. 2d 230 [1962].

¶ 79. The Police Commissioner was arbitrary in dismissing a patrolman who had been placed on sick report in 1957 on the grounds that he was absent from his residence without permission of the police physician and participated in another occupation during his sick leave. The patrolman's participation in another employment was limited to checking the affairs of a laundromat operated by his brother-in-law in which the patrolman had invested funds. And the absences were to run errands, pick up his wife at the laundromat, or pick up his children at school.-In re Shiels, 148 (118) N.Y.L.J. (12-20-63) 13, Col. 7 M.

¶ 80. Where there was some evidence to indicate that petitioner was passed over in making appointments from eligible list to position of patrolman because of his family background, the matter was remanded to the Commissioner to enable him to reconsider his action. However, the Commissioner could not be directed to appoint petitioner.-Colino v. Murphy, 150 (14) N.Y.L.J. (7-19-63) 5, Col. 7 F.

¶ 81. Refusal of Police Commissioner to appoint petitioners as patrolmen because in the exercise of discretion he had passed over their names, when certified for appointment on three occasions, and had appointed other eligibles on the list, held not arbitrary.-In re Wecklein (Murphy), 149 (94) N.Y.L.J. (5-15-63) 14, Col. 6 F.

¶ 82. Determination of Commissioner finding respondent unqualified to serve as a patrolman at the end of his probationary period because of a physical condition, namely a "chronically unstable right ankle joint" was not arbitrary when supported by finding of orthopedic consultant of Police Department even though there was medical testimony to the contrary by respondent's expert. Matter of Hallman (Leary), 157 (63) N.Y.L.J. (4-3-67) 18, Col. 3 T.

¶ 83. Action of Police Department in relieving petitioner from his duties as probationary patrolman because of hypertension was not arbitrary when this diagnosis was made several times by police surgeons but contradicted by petitioner's personal physician.-Kranz v. Leary, 165 (42) N.Y.L.J. (3-4-71) 2, Col. 3 M.

¶ 84. Court remanded matter for further consideration where petitioner who sought to rescind an order terminating his employment as a probationary police officer asserted his favorable performance record and claimed that his termination was based upon prejudice and bias and in support of this claim pointed to questions asked of him relating to his parents and ethnic background.-Matter of Serrano (Codd) 173 (91) N.Y.L.J. (5-12-75) 15, Col. 2 T.

**CASE NOTES**

¶ 1. A group of police officer candidates, who were 35 years of age or over, challenged the statutory provision which limited entry into the Police Department to persons under 35 years of age. The court denied their application for a preliminary injunction against enforcement of the statute, holding that the law did not per se violate the constitutional right of equal protection. Walter v. City of New York Police Department, N.Y.L.J., June 9, 1997, page 30, col. 1 (Sup. Ct. New York Co.), aff'd 664 N.Y.S.2d 21 (App. Div. 1st Dept. 1997), 244 A.D.2d 205, 664 N.Y.S.2d 21, aff'd 680 N.Y.S.2d 519 (Ct. of Appeals).

(Special provisions LL 37/1948 §§ 2-4)

Amended chap 100/1963 § 388

**CASE NOTES FROM FORMER SECTION**

¶ 1. The grades and compensation of patrolmen in New York City, having been adopted in the Admin. Code, may be changed by local law (Const. Art. IX, § 12; City Home Rule Law § 11). Hence Local Law No. 40, fixing the rate of pay of patrolmen while in their probationary period, is valid and effective (Admin. Code § 434a-10.0; &c.). Even if a change in salary would create a new grade as far as patrolmen were concerned, it would not effect a change in civil service classification.-Allmendinger v. City of New York, 182 Misc. 142, 46 N.Y.S. 2d 641 [1944], aff'd without opinion, 269 App. Div. 691, 54 N.Y.S. 2d 392, and 295 N.Y. 644, 64 N.E. 2d 712.

¶ 2. Military Law § 246, subd. 7, providing that any person whose name is on an eligible civil service list shall, while in military duty, retain his rights and status on such list and that for purpose of computing seniority credit and training and experience credit for promotion and seniority in the event of suspension or demotion he should be deemed to have been appointed on the earliest date upon which any eligible, who was the lower on such eligible list, was appointed, **held,** when construed with subd. 5, to indicate that the legislative intent, in the case of qualified eligibles, was merely to grant them "seniority" credit in situations involving promotions, suspensions or demotions. Hence, patrolman of the police department of the City of New York whose name had been reached for certification in February, 1943, while he was in military service, **held,** after his discharge in June, 1946, to have been properly appointed a patrolman, seventh grade, at a salary of $2,000 per year, and was not entitled to appointment as patrolman, fourth grade, at a salary of $2,500.-Mulligan v. City of N.Y., 194 Misc. 579, 86 N.Y.S. 2d 501 [1948], aff'd 275 App. Div. 795, 88 N.Y.S. 2d 911 [1949], aff'd 300 N.Y. 541, 89 N.E. 2d 256 [1949].

¶ 3. The retroactive service credit given by Military Law § 246(5) applies to seniority on promotion or suspension but does not confer a salary benefit for any period prior to actual appointment. Thus, where a lieutenant in the Police Department missed a promotional examination held in 1944 due to his military service and upon his discharge passed a comparable examination and was promoted to captain in 1946, the five-year period which would give him an increment in pay under subd. 2 of this section started to run in 1946 rather than in 1944 even though seniority credit started to run in 1944.-McKeon v. City of New York, 201 Misc. 1111, 113 N.Y.S. 2d 164 [1952].

¶ 4. Although this section fixes the minimum salary of patrolmen at $2,000 per annum the Board of Estimate could fix the salary of probationary patrolmen at the rate of $1,200 per annum. The Greater New York Charter, § 299 provided that the minimum salary of patrolmen should be $800 annually. The City's contention that the Legislature, in enacting the Code, did not intend to enact a new law and that the salary change for patrolmen was therefore a nullity was rejected and plaintiffs were given judgment for the difference between the salary paid them and the amount set as a minimum by this section.-Schneider v. City of New York, 289 N.Y. 785, 46 N.E. 2d 847 [1943].

¶ 5. Although this section defines patrolmen of the first grade as those who have served five years or upwards, and § 434(a)-13.0 provides that police sergeants shall be selected from among patrolmen of the first grade, it was not improper for the Civil Service Commission to set forth eligibility requirements for examination for promotion to sergeant that the examination was open to all patrolmen who had served not less than one year.-Matter of Rumack, 195 Misc. 84, 88 N.Y.S. 2d 548 [1949], aff'd 275 App. Div. 805, 89 N.Y.S. 2d 920 [1949].

¶ 6. The provisions of this section setting a salary for captains referred only to the minimum and did not set an upper limit. It was not illegal to pay certain captains additional salary for performing higher services. An assignment to perform higher services did not constitute a promotion.-Matter of Hagan, 39 Misc. 2d 82, 239 N.Y.S. 2d 913 [1963], aff'd 19 App. Div. 2d 862, 243 N.Y.S. 2d 414 [1964], aff'd 14 N.Y. 2d 701, 250 N.Y.S. 2d 55, 199 N.E. 2d 156 [1964].

CHAPTER 1 POLICE DEPARTMENT

§ 14-112 Computation of compensation of members of the department after service in the fire department.

a. Any member of the police force in the department who prior to his or her appointment or employment as such, has served or shall have served, as a member of the uniformed force of the fire department, after appointment therein pursuant to the rules of the commissioner of citywide administrative services and the provisions of law applicable thereto, shall have the time served by him or her in such fire department counted as service in the department in determining his or her compensation, promotion, retirement and pension in such department as herein or otherwise provided, upon condition that he or she shall contribute to the police relief or pension fund a sum equal to the amount which he or she would have been required to contribute had the time served in the fire department been served in the department.

b. Within one year after the police pension fund shall request a transfer of reserves with respect to any such person who becomes a member of the police pension fund on or after July first, nineteen hundred ninety-eight, who performed such prior service in the uniformed force of the fire department, and who has qualified for benefits under this section, the fire department pension fund shall transfer to the contingent reserve fund of the police pension fund the reserve on the benefits of such member which is based on the contributions made by the employer (including the reserve-for-increased-take-home-pay). Such reserve shall be determined by the actuary of the fire department pension fund in the same manner as provided in section forty-three of the retirement and social security law. No such transfer of reserves pursuant to this subdivision shall be made with respect to any person who became a member of the police force in the department prior to July first, nineteen hundred ninety-eight.

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-114 Promotions.

a. Promotions of officers and members of the force shall be made by the commissioner, as provided in section eight hundred seventeen of the charter, on the basis of seniority, meritorious service and superior capacity, as shown by competitive examination, but a detail to act as inspector, or to service in the detective bureau, as hereinafter provided, shall not be deemed a promotion. Individual acts of personal bravery or honorable service in the United States army, navy, marine corps or army nurse corps in times of war may be treated as an element of meritorious service in such examination, the relative rating therefor to be fixed by the commissioner of citywide administrative services. The police commissioner shall transmit to the commissioner of citywide administrative services in advance of such examination the complete record of each candidate for promotion.

b. Sergeants shall be selected from among police officers of the first grade. Lieutenants shall be selected from among sergeants who shall have served at least one year continuously as such. Captains shall be selected from among lieutenants who shall have served at least one year as lieutenants.

c. The commissioner shall, in the exercise of his or her discretion, from time to time, detail nineteen captains and so many others as the mayor may authorize upon the recommendation of the commissioner to act as inspectors, with the title, while so acting, of inspectors of police and at his or her pleasure may revoke any or all such details. While so detailed, such officers shall receive a salary to be fixed by the mayor, in addition to the amount of salary which regularly attaches to the office of captain. When a captain shall have acted under regular detail in any capacity above the rank of captain, during a period or periods aggregating two years, such officer, upon becoming eligible therefor, shall be entitled to a pension of not less than one-half of the salary received by him or her per year. When the commissioner, however, designates a captain to act in the place of a captain under regular detail as inspector, during the temporary

absence or disability of the latter the officer so designated shall not be entitled to any additional salary, and the period of such designation shall not be counted in his or her favor in computing such two-year period. When a captain shall have served in the rank of captain for a period of ten years, he or she shall have the same rights in respect to the police pension fund as a captain detailed to act as inspector who shall have served as such for a period of time aggregating two years. A captain who shall have served as such less than ten years and more than five years shall have the same rights in respect to such police pension fund as a captain detailed to act as a deputy inspector who shall have served as such for a period of time aggregating two years. A period beginning March thirtieth, nineteen hundred sixty-five, and ending November thirtieth, nineteen hundred sixty-six, during which a captain shall have served as a provisional captain immediately prior to a permanent promotion to such rank shall be deemed to have been service as a permanent captain for the purposes of this section. A captain, while detailed to act as inspector, shall be chargeable with and responsible for the discipline and efficiency of the force under his or her command.

Sub c amended LL 50/1942 § 38

Amended chap 100/1963 § 391

Amended chap 753/1968 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. The Civil Service Law and the Rules of the Municipal Civil Service Commission should be liberally construed in favor of veterans to give full force and effect to the manifest legislative intent to prefer veterans in promotion examinations for honorable service in the armed forces during time of war.-Flaherty v. Marsh, 268 App. Div. 380, 51 N.Y.S. 2d 145 [1944].

¶ 2. Rule of Municipal Civil Service Commission commanding that added points for honorable service in the army be allowed in examinations subject to the condition that "credit will be given in one examination only as in the case of official awards", was not construable as authorizing the allowance of credit for battle participation only in the first successful promotion examination.-Id.

¶ 3. Petitioner's failure to claim credit for his battle service in the first promotion examination did not constitute an abandonment and waiver of his right to make such claim at a later time.-Id.

¶ 4. Admin. Code § 434a-13.0, providing that sergeants shall be selected from among patrolmen of the first grade, and defining such patrolmen as members who shall have served five years or upwards as patrolmen, governs eligibility for promotion, as distinguished from eligibility to compete in a promotion examination. Accordingly, it was not necessary that candidates who took promotion examination for sergeant, have completed five years of service as patrolmen on the day of examination.-Rumack v. McNamara, 195 Misc. 84, 88 N.Y.S. 2d 548 [1949], aff'd 275 App. Div. 805, 89 N.Y.S. 2d 920 [1949].

¶ 5. Although petitioner had been recommended by the Civil Service Commission for promotion to sergeant, he had been passed over, while others had been promoted. His record showed certain infractions of departmental rules. He was entitled to a trial on the question whether the Commissioner had acted arbitrarily.-In re Blaier (Kennedy), 138 (64)

N.Y.L.J. (9-30-57) 6, Col. 2 M.

¶ 6. The Police Commissioner was not arbitrary in passing over a patrolman three times in making promotions to sergeant even though the patrolman's name was among the three highest on the list. The Commissioner could consider offenses on petitioner's disciplinary record. Also, the Commissioner was not limited to a comparison of the penalty imposed for past disciplinary charges regarding the patrolman and others who were promoted over him.-Blaier v. Kennedy, 139 (40) N.Y.L.J. (2-27-58) 6, Col. 5 M.

¶ 7. An examination was held for captain on June 2, 1956, which required applicants to have served as lieutenant prior to that date. Petitioners were thereafter appointed to be lieutenants. They were not so appointed sooner because of a practice of having lieutenants serve as acting captains, thus minimizing vacancies in the lieutenant's rank. Under such circumstances, petitioners were not entitled to an order permitting them to take a special examination for captain or giving them the status of lieutenant as of June 2.-In re O'Sullivan (Schechter), 136 (114) N.Y.L.J. (12-14-56) 7, Col. 2 M.

¶ 8. Subdivision d of § 434a-2.0 does not make policewomen ineligible to compete in examinations for promotion to sergeant. And the other provisions of the Charter and Code do not impose duties on the office of sergeant or on the Police Department generally which would make a policewoman ineligible for the office of sergeant. And since there is nothing in the law which would make it impossible for a woman to perform the duties of sergeant, the refusal to permit policewomen to participate in a promotion examination was unwarranted and an abuse of discretion.-Matter of Shpritzer, 17 App. Div. 2d 285, 234 N.Y.S. 2d 285 [1962].

¶ 9. The designation by the Police Commissioner of certain police captains to other positions, such as inspector, deputy inspector, chief of staff, etc. was not tantamount to an illegal promotion without examination or to illegal out-of-title work.-Matter of Hagan, 39 Misc. 2d 82, 239 N.Y.S. 2d 913 [1963], aff'd 19 App. Div. 2d 862, 243 N.Y.S. 2d 414 [1964], aff'd 14 N.Y. 2d 701, 199 N.E. 2d 156, 250 N.Y.S. 55 [1964].

¶ 10. Article 78 proceeding brought by petitioner, who had been detailed to position of Deputy Inspector for three years, on ground that advice by the Director of Police Personnel that it would be in petitioner's best interest to file for retirement or he would be reduced to Captain constituted discrimination because of age, was dismissed as public officer has a nonreviewable discretion to appoint or revoke an appointment and court can not go behind order to find an unstated motivation for action.-Foran v. Cawley, 77 Misc. 2d 809, 354 N.Y.S. 2d 757 [1973].

Administrative Code of the City of New York

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-115 Discipline of members.

a. The commissioner shall have power, in his or her discretion, on conviction by the commissioner, or by any court or officer of competent jurisdiction, of a member of the force of any criminal offense, or neglect of duty, violation of rules, or neglect or disobedience of orders, or absence without leave, or any conduct injurious to the public peace or welfare, or immoral conduct or conduct unbecoming an officer, or any breach of discipline, to punish the offending party by reprimand, forfeiting and withholding pay for a specified time, suspension, without pay during such suspension, or by dismissal from the force; but no more than thirty days' salary shall be forfeited or deducted for any offense. All such forfeitures shall be paid forthwith into the police pension fund.

b. Members of the force, except as elsewhere provided herein, shall be fined, reprimanded, removed, suspended or dismissed from the force only on written charges made or preferred against them, after such charges have been examined, heard and investigated by the commissioner or one of his or her deputies upon such reasonable notice to the member or members charged, and in such manner or procedure, practice, examination and investigation as such commissioner may, by rules and regulations, from time to time prescribe.

c. The commissioner is also authorized and empowered in his or her discretion, to deduct and withhold salary from any member or members of the force, for or on account of absence for any cause without leave, lost time, sickness or other disability, physical or mental; provided, however, that the salary so deducted and withheld shall not, except in case of absence without leave, exceed one-half thereof for the period of such absence; and provided, further, that not more than one-half pay for three days shall be deducted on account of absence caused by sickness.

d. Upon having found a member of the force guilty of the charges preferred against him or her, either upon such

member's plea of guilty or after trial, the commissioner or the deputy examining, hearing and investigating the charges, in his or her discretion, may suspend judgment and place the member of the force so found guilty upon probation, for a period not exceeding one year; and the commissioner may impose punishment at any time during such period.

Sub b amended LL 10/1962 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Police Commissioner **held** justified in dismissing patrolman who was found guilty of signing the name of another to an application for a City license as stationary engineer and falsely testifying before Commissioner of Accounts that he did not know two certain persons.-Higgins v. Valentine, 256 App. Div. 673, 11 N.Y.S. 2d 395 [1939]; aff'd without opinion, 285 N.Y. 791, 35 N.E. 2d 190 [1941].

¶ 2. A member of the police force who pleaded guilty to charges based on illegal possession and use of wire-tap instruments was properly dismissed from the force by the Commissioner.-Matter of Connolly (Kennedy), 142 (97) N.Y.L.J. (11-18-59) 12, Col. 1 M.

¶ 3. Where petitioner pleaded guilty to violation of rules nine days before retirement date, though violations occurred 11 months prior thereto, his dismissal eight hours before retirement date was set aside, in view of his unblemished record for 18 years prior to retirement date.-Matter of Abush (Kennedy), 142 (107) N.Y.L.J. (12-3-59) 14, Col. 2 F.

¶ 4. A policeman was properly fined three days pay and placed on probation for one year where the Commissioner found that he had refused to answer questions propounded to him by superior officers.-Barrett v. Kennedy, 7 A.D. 2d 718, 181 N.Y.S. 2d 169 [1958].

¶ 5. A patrolman was properly dismissed from the force where he had a long record of willful violations of rules and orders.-Barrett v. Kennedy, 142 (120) N.Y.L.J. (12-22-59) 9, Col. 3 T.

¶ 6. Police officer was found guilty of using abusive language and interfering with other officers issuing a summons for speeding to a civilian friend with whom he was riding while off duty and on his way back from a party at 3 a.m. on a deserted Staten Island street. **Held,** punishment of dismissal was excessive taking into consideration circumstances surrounding the incident and the prior good record of the policeman.-McDermott v. Kennedy, 145 (50) N.Y.L.J. (3-15-61) 13, Col. 4 T.

¶ 7. Police officer pleaded guilty at a departmental trial of failing to give summonses to a motorist for passing a red light and not having any license and registration and instead giving him a ticket for jaywalking and making false entries in official reports concerning the jaywalking summons. Dismissal from the force by the Commissioner was not arbitrary, and was not so excessive as to shock the conscience of the court.-Matter of Nocerino (Kennedy), 145 (48) N.Y.L.J. (3-13-61) 13, Col. 6 M.

¶ 8. Police Commissioner's dismissal of petitioner for "moonlighting" was upheld where it appeared that some of the outside work was done during sick leave when petitioner was under orders to stay at home.-Lemmond v. Kennedy, 26 Misc. 2d 267, 213 N.Y.S. 2d 128 [1961].

¶ 9. Dismissal of patrolman because he was absent from his post for 30 minutes was not an abuse of discretion in view of patrolman's record showing that during seven years he had been absent from his post on six different occasions.-Lee v. City of N.Y., 150 (8) N.Y.L.J. (7-11-63) 8, Col. 7 M, aff'd 269 N.Y.S. 2d 677 [1966].

¶ 10. Dismissal from police department was not excessive punishment where petitioner was found guilty of living with an unmarried woman as man and wife while married to someone else in addition to various other violations of police department rules thereby conducting himself in a manner tending to bring adverse criticism on the police department. In re Steward (Leary) 160 (50) N.Y.L.J. (9-10-68) 2, Col. 5 T.

¶ 11. Police Commissioner **held** justified in dismissing patrolman who admittedly had received moneys from an attorney whose practice for the most part was as attorney for defendants arraigned in court to which were brought persons arrested in the patrolman's precinct, where the patrolman's explanation of the transactions was of such dubious quality that a trier of the facts was justified reasonably in rejecting it, and the lawyer's explanation was false by his own prior statements and his office records.-Id.

¶ 12. A police officer who knowingly receives moneys under the circumstances presently disclosed, should not be heard to complain when his departmental superiors require him to explain his act which without such explanation would destroy his usefulness as a police oficer.-Id.

¶ 13. Where evidence presented upon trial of policeman before Police Commissioner upon charges of conduct unbecoming a police officer and conduct prejudicial to efficiency of the Department, established the receipt by the officer, during the course of a year, of three checks of $3 each from a lawyer who had most of his practice in the Magistrate's Court located in the precinct to which the police officer was assigned, and the evidence justified the Commissioner in disbelieving the explanation that the checks were Christmas or birthday presents for the officer's children, Commissioner **held** to have been warranted in dismissing the officer from the force.-Smith v. Valentine, 282 N.Y. 351, 26 N.E. 2d 288 [1940], rev'g 257 App. Div. 281, 12 N.Y.S. 2d 898 [1939].

¶ 14. Where police lieutenant had been charged by the Police Department with unlawfully accepting a bribe to assist civilian in procuring a liquor license, with failing to take proper police action in connection with such matter and with failing to report the matter to his commanding officer, the Trial Commissioner's findings that the lieutenant was not guilty on the bribery charge did not render inconsistent the Commissioner's other findings that the lieutenant was guilty of failing to take proper police action and of failing to report the matter to his commanding officer, since there might nevertheless have been substantial evidence that there was at least a suggestion to the lieutenant that a reward would be given for police service desired and that the lieutenant was derelict in his duty in failing to report and to take proper police action upon such a criminal suggestion.-Murphy v. Valentine, 284 N.Y. 524, 32 N.E. 2d 537 [1940], rev'g 259 App. Div. 522, 19 N.Y.S. 2d 815 [1940].

¶ 15. Greater New York Charter § 302, authorizing the Police Commissioner, upon finding a member of the force guilty of charges preferred against him, to place such member upon probation for a period not exceeding one year and providing that "the police commissioner may impose punishment at any time during such period", **held,** by the reference to "at any time during such period", to restrict the Commissioner's power to dismiss a member from the force to the probationary period, and hence the Commissioner was without power in the immediate case to dismiss a patrolman 13 months and three days after he had been placed on probation, on ground he had not made satisfactory progress in paying the debts as to which complaint had been made and for which he had been suspended.-Budd v. Valentine, 283 N.Y. 508, 29 N.E. 2d 65 [1940].

¶ 16. Determination of Police Commissioner dismissing petitioner from his position of patrolman upon charges

that while off duty in civilian clothes he represented himself to be a federal officer and demanded money after threatening to arrest and charge a person with having committed a crime, that he abandoned posts of duty, and that he failed to have an entry in his memorandum book of his absence from such posts, was affirmed by the Court of Appeals without opinion.-Stanton v. Valentine, 293 N.Y. 836, 59 N.E. 2d 435 [1944].

¶ 17. Determination of Police Commissioner finding patrolman guilty on charge that for 35 minutes on a certain day he did not properly patrol his post, was annulled as not sustained by the evidence.-Cushman v. Wallander, 275 App. Div. 779, 87 N.Y.S. 2d 761 [1949], aff'd 300 N.Y. 647, 90 N.E. 2d 896 [1950].

¶ 18. Where injured policeman applied for leave of absence without pay to enable him to receive medical treatment in Michigan, the Police Commissioner in granting the leave of absence without pay must have exercised his discretion as head of the Department and not under Local Law No. 6 of 1940 (amending Admin. Code § 434a-14.0(c)), which authorized the Commissioner to withhold from a member absent on leave no more than one-half his salary. Acting as head of the Department the Commissioner was without authority to withhold any salary on granting leave of absence, and the policeman's acceptance of the leave of absence without pay did not constitute a waiver thereof, as the doctrine of waiver is inapplicable when the salary of a municipal officer is fixed by law.-Dubins v. City of N.Y., 177 Misc. 675, 31 N.Y.S. 2d 390 [1941].

¶ 19. In actions by police officers to recover pay allegedly wrongfully withheld during period of suspension, the condition precedent to such recovery was that the officers "not be convicted . . . of the charges so preferred".-Brenner v. City of New York, 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 20. Proper notice of hearing of policeman on charges of being absent without leave, **held** to have been made by leaving notice of the hearing and charges at his last known place of residence, where it appeared that efforts to locate the policeman had been unsuccessful and that actually he had been in California.-In re Wilson (Valentine), 100 (137) N.Y.L.J. (12-14-38) 2134, Col. 1 M.

¶ 21. Service of a copy of the charges and notice of hearing against accused police officer effected through posting them on door to apartment of premises which the officer had occupied up until the time of his disappearance, **held** insufficient, since it was not a compliance with § 308, subd. b of Rules and Regulations of the Police Department providing for service, in event personal delivery might not be made, through leaving the papers at the accused's place of residence with some person of age and discretion and by notifying such person orally of the nature of the papers. The service might not be validated under subdivision C because such subdivision was applicable only if personal service could not be made and the residence could not be located, whereas in this case the residence could be located.-In re McKeogh (Valentine), 102 (102) N.Y.L.J. (10-31-39) 1399, Col. 4 M.

¶ 22. Police officer was not entitled to a trial by jury of the charges preferred against him, as trial by jury in a disciplinary proceeding is not guaranteed the accused by constitution nor provided for by any statute.-Woods v. Murphy, 125 (80) N.Y.L.J. (4-25-51) 1506, Col. 4 M.

¶ 23. In disciplinary proceedings before a Police Commissioner or other administrative officer, rules of evidence or proof devised for trials in court may prove impractical. Some latitude must be allowed as to rules of evidence, methods of examination, and the like, although no essential element of a fair trial or vital safeguard can be dispensed with or violated.-Roge v. Valentine, 280 N.Y. 263 [1939], rev'g 255 App. Div. 475, 7 N.Y.S. 2d 958 [1938].

¶ 24. Determination of Police Commissioner, after hearing, dismissing petitioner's intestate from position of patrolman because of conduct unbecoming an officer, was annulled, where his trial was had in a hospital while he was seriously ill, without counsel and with no opportunity to produce character witnesses or otherwise prepare himself to meet the charge, it was necessary to administer sedatives to him, much incompetent and prejudicial testimony was admitted, and testimony of the sole witness in support of the charge was deemed incredible.-Simms v. Monaghan, 282 App. Div. 733, 122 N.Y.S. 2d 408 [1953], aff'd 307 N.Y. 637, 120 N.E. 2d 834 [1954].

¶ 25. The failure or the refusal of the Commissioner to try a patrolman on criminal charges prior to or at the time of his trial on lesser charges did not authorize an adjournment of the trial.-Matter of Grottano, 5 N.Y. 2d 381, 184 N.Y.S. 2d 648, 157 N.E. 2d 632 [1959].

¶ 26. The refusal of the Commissioner to grant an adjournment beyond July 11 and the trial of the defendant on charges in absentia could not be considered an abuse of discretion. The petitioner had been served with a bill of particulars on the escort charges, as well as a copy of the minutes of investigation, on June 27-and his attorney offered no valid reason why he had been unable to conduct the necessary investigation preparatory to trial, nor why such investigation could not have been completed prior to the trial date of July 11. In view of the fact that defendant's retirement would take effect August 2, the Trial Commissioner could take into account petitioner's apparent attempt to render the trial futile insofar as his pension was concerned.-Matter of Grottano, 5 N.Y. 2d 381, 184 N.Y.S. 2d 648, 157 N.E. 2d 632 [1959].

¶ 27. A patrolman was entitled to an adjournment where he was not furnished a bill of particulars as to the charges until the morning of the trial. Furthermore, the refusal of petitioner on the advice of counsel, to obey the order to proceed to trial on said date could not be made the basis of an insubordination charge.-Matter of Grottano, 5 N.Y. 2d 381, 184 N.Y.S. 2d 648, 157 N.E. 2d 632 [1959].

¶ 28. (Sup., N.Y., Saypol, J.) Amendment of the Manual of Procedure of the Police Department to provide that the Trial Commissioner may require the accused at any stage of the proceedings to take the stand and give sworn testimony, might validly be applied to trial of respondent, as the doctrine of ex post facto is applicable only to criminal or penal statutes (201 N.Y. 358), and the instant disciplinary trial was not a criminal proceeding (112 N.Y.S. 2d 786, aff'd 280 A.D. 144; 10 N.Y.S. 764, aff'd 123 N.Y. 512; 280 N.Y. 268; &c.).-In re Delehanty (Sullivan), 202 Misc. 33, 115 N.Y.S. 2d 602 [1952], aff'd 280 App. Div. 542, 115 N.Y.S. 2d 614 [1952], aff'd 304 N.Y. 725, 108 N.E. 2d 46 [1952].

¶ 29. A policeman must submit his official memorandum book and binder to inspection upon command of his superior officer, and narcotics found in such a binder are lawful evidence in a prosecution of the policeman for violation of Penal Law § 1751-a.-People v. Russell, 33 Misc. 2d 851, 227 N.Y.S. 2d 826 [1962].

¶ 30. Refusal of respondent, who had appeared before the third deputy Police Commissioner in response to a subpoena issued in a police departmental disciplinary trial, to answer certain questions on ground C.P.A. § 355 permits a witness to refuse to answer when the answer would "expose him to a penalty or forfeiture," **held** unauthorized, as the kind of penalty and forfeiture within meaning of § 355 imports a sanction essentially criminal in nature whereas the disciplinary trial was not a criminal proceeding nor are the sanctions which might be imposed considered punishment for crime. The privilege of public employment is subject to reasonable terms laid down by the proper authorities. The loss of one's position does not constitute a forfeiture.-In re Delehanty (Goubeaud), 202 Misc. 40, 115 N.Y.S. 2d 610 [1952], aff'd 280 App. Div. 542, 115 N.Y.S. 2d 614 [1952], aff'd 304 N.Y. 727, 108 N.E. 2d 46 [1952].

¶ 31. Section 399 of the Code of Criminal Procedure, requiring corroboration of the testimony of an accomplice, does not apply to departmental trials which are civil in nature, although the basic reason for the section should not be lost sight of in police trials upon charges involving criminality.-Evans v. Monaghan, 306 N.Y. 312, 118 N.E. 2d 452 [1954], aff'g 282 App. Div. 382, 123 N.Y.S. 2d 662 [1953].

¶ 32. Contention that petitioner police officers were not granted a fair trial, was rejected, notwithstanding the time allotted by the Commissioner for preparation for trial was brief. The Commissioner had indicated that he would postpone the trial for a longer time if petitioners would withdraw their applications for retirement in order that the issues might be decided prior to their pensions irrevocably taking effect.-Id.

¶ 33. Where an indictment had been filed charging members of the New York City Police Department with conspiracy to obstruct justice, having allegedly entered into an agreement to provide a certain notorious bookmaker with immunity from police interference, but on the trial the bookmaker refused to testify and the case thereupon

collapsed and the indictment was dismissed, the grand jury testimony of the bookmaker **held** thereafter properly released to the Police Commissioner for disciplinary action against the police officers, pursuant to the authority of C.C.P. § 952t, as public interest required that the testimony be made available to the Commissioner. The County Court would not prohibit use of the testimony upon the trial of the disciplinary proceeding, as the proper forum for determination of the contentions as to the admissibility of the testimony was the disciplinary proceeding, which would be presided over by a distinguished former member of the judiciary.-In re Scro (Gross), 126 (94) N.Y.L.J. (11-15-51) 1257, Col. 2 M.

¶ 34. The Police Commissioner may suspend members of the force without pay pending filing of formal charges, filed within a reasonable time.-Brenner v. The City of New York, 9 A.D. 2d 729, 192 N.Y.S. 2d 449 [1959], aff'd 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 35. Constitutional provision against double jeopardy did not apply to departmental disciplinary proceedings against members of the N.Y.C. Police Department, as such proceedings could result at most in fines, dismissal of the members from the police force, and perhaps in the loss of their pensions, but were clearly not criminal prosecutions (Admin. Code, § 434a-14.0).-McGillicuddy v. Monaghan, 201 Misc. 650, 112 N.Y.S. 2d 786 [1952], aff'd 280 App. Div. 144, 112 N.Y.S. 2d 792 [1952], on ground an injunction pendente lite might be granted only upon a showing that plaintiffs would otherwise suffer irreparable injury.

¶ 36. A finding of not guilty with respect to petitioner police officers in a former disciplinary proceeding based on a conspiracy with one H.G. in promoting a systematic business of bookmaking, did not bar maintenance of a second proceeding upon similar charges where H.G., who had refused to testify at the first departmental trial, now was willing to testify. The proceeding was a civil one and there was no double jeopardy or other bar to a second trial on departmental charges. The situation fell in the area in which new trials or hearings are granted by courts.-Evans v. Monaghan, 306 N.Y. 312, 118 N.E. 2d 452 [1954], aff'g 282 App. Div. 382, 123 N.Y.S. 2d 662 [1953].

¶ 37. The statutory authority given to the Police Commissioner, as the chief executive officer of the Police Department, to dismiss a member of the police force, calls for the exercise of his discretion, but the scope of that discretion has been limited by enactment of Court of Claims Act § 8, which waives the State's sovereign immunity from suit. If the retention of an employee may involve a known risk of bodily harm to others, the discretion exercisable by the Commissioner is limited and is superseded by the duty to abate that risk if in related circumstances danger to others is reasonably to be perceived.-McCrink v. City of New York, 296 N.Y. 99, 71 N.E. 2d 419 [1947].

¶ 38. Whether Police Commissioner's retention in police service of a patrolman who on three occasions had been disciplined for intoxication involved danger to others reasonably to be foreseen so as to render City liable for the death of one person and the wounding of another when the officer, while in an intoxicated condition while off duty and in civilian clothes, shot them without provocation, **held** to constitute a question of fact for the jury, particularly in view of the Commissioner's statements that a revolver in the hands of a drunken person was fraught with potential danger, and the rule of the Police Department that a patrolman is required to carry a revolver at all times whether on or off duty.-Id.

¶ 38.1. In action against City of New York to recover for death of intestate who was shot by police officer while attempting to arrest him, evidence that the intestate was intoxicated at the time, that a scuffle had resulted when the officer attempted to arrest him on ground of lewd and lascivious conduct, and that the officer had immediately shot the intestate when in the scuffle the intestate moved his hand toward his hip pocket, **held** to sustain a finding against the City on theory the officer used more force than was necessary in an attempt to arrest the intestate.-McCarthy v. City of N.Y., 118 (54) N.Y.L.J. (9-13-47) 447, Col. 5 F.

¶ 39. A policeman, on the force for nine years observed a holdup in progress. He entered the store, ordered the holdup men to drop their guns and when they fired he returned their fire and killed plaintiff's intestate, the victim of the holdup. In an action by plaintiff's intestate to recover against the City it was error to dismiss the complaint at the close of the evidence for although there was no proof of the policeman's negligence there was proof from which the jury

could find that the policeman had not received adequate instruction in the use of small firearms in emergency situations.-Meistinsky v. City of New York, 285 App. Div. 1153, 140 N.Y.S. 2d 212, aff'd 309 N.Y. 998, 132 N.E. 2d 900 [1956].

¶ 40. Patrolman whom the Police Commissioner had found guilty of neglect of duty, did not cease to be aggrieved by the conviction by fact that he had resigned from the police force, and accordingly his right to review the determination continued to exist (177 Misc. 773).-Cushman v. Wallander, 120 (80) N.Y.L.J. (10-25-48) 907, Col. 3 F. See 275 App. Div. 779, 87 N.Y.S. 2d 761.

¶ 41. Proceeding under C.P.A. Art. 78 to review finding of Police Commissioner that petitioner was guilty of neglect of duty in his capacity as patrolman, should be remitted to the App. Div., as the determination was arrived at as a result of a trial held pursuant to statute.-Id.

¶ 42. The presumption of regularity will support the action of the Police Commissioner. However where after a six-day trial the Police Commissioner, on the same day as the deputy reported his conclusion, approved the finding of guilt and dismissal, the presumption of regularity was rebutted to the extent that it was incumbent upon the Commissioner to come forward and show that he made an informed decision without the transcript of the minutes. Since he failed to do so, the order of the Commissioner was annulled and the proceeding remanded to the Commissioner to render his decision on the evidence educed before the trial Commissioner.-Matter of Kelly, 9 A.D. 2d 92, 191 N.Y.S. 2d 632 [1959].

¶ 43. Application by members of the N.Y.C. Police Department for preliminary injunction restraining their impending trial on departmental charges on ground the charges were substantially identical with those upon which they were previously tried in departmental proceedings, was denied, as the claim of res judicata might be asserted as a defense in the proceeding, and moreover two of the five charges presently made could not have been the subject of the determination in the prior proceeding as these charges were that plaintiffs had committed perjury at the prior trial.-McGillicuddy v. Monaghan, 201 Misc. 650, 112 N.Y.S. 2d 786 [1952], aff'd 280 App. Div. 144, 112 N.Y.S. 2d 792 [1952], on ground an injunction pendente lite might be granted only upon a showing that plaintiffs would otherwise suffer irreparable injury.

¶ 44. Application by petitioner police officers of the City of New York to prohibit and restrain Police Commissioner from carrying forward a disciplinary departmental trial in which they were charged with grave misconduct and corruption, was denied, as contention that the designated Trial Commissioner was not qualified to try the charges was a matter which might be considered on review after the disciplinary trial, in a parallel proceeding it had been adjudged that the Trial Commissioner was qualified, the claimed defense of res judicata might be interposed in the disciplinary proceeding, and claim that petitioners would be damaged irreparably by publicity and exposure of the disciplinary trial presented no ground for relief.-In re Kapple (Monaghan), 115 N.Y.S. 2d 599 [1952].

¶ 45. Motion for temporary injunction restraining New York Police Commissioner from proceeding with trial, was denied.-Alge Hldg. Corp. v. Monaghan, 129 (21) N.Y.L.J. (1-30-53) 350, Col. 1 T.

¶ 46. Article 78 proceeding in the nature of prohibition seeking to enjoin the Police Department from proceeding with a departmental trial of petitioner was improper where there was adequate relief from an adverse judgment entered against petitioner.-Matter of Harding (Police Dept.), 163 (63) N.Y.L.J. (4-2-70) 2, Col. 4 F.

¶ 47. Police Commissioner would be stayed from having petitioners, who were members of the police department, tried on departmental charges until after the disposition of an indictment involving the same charges which were pending against them since their constitutional right to silence on the trial would be impaired if they were required to testify at the departmental hearing and they would be required to disclose in advance their defense to the indictment.-Callwood v. Leary, 162 (84) N.Y.L.J. (10-29-69) 2, Col. 7 T.

¶ 48. The exclusion of policemen from grievance procedure provisions of executive order No. 49 does not violate

their right to equal protection of the law under the 14th Amendment of the U.S. Constitution.-Matter of Patrolmen's Benevolent Association v. Wagner, 7 N.Y. 2d 813, 196 N.Y.S. 2d 694, 164 N.E. 2d 715 [1960], cert. den. 363 U.S. 810 [1961].

¶ 49. An executive order by the Mayor providing for grievance procedure in the various City Departments but excluding said procedure in the Police Department was valid and would be given effect by the Court.-Matter of Patrolmen's Benevolent Association v. Wagner, 3 A.D. 2d 369, 196 N.Y.S. 2d 694 [1959], aff'd 7 N.Y. 2d 813, 196 N.Y.S. 2d 694, 164, N.E. 2d 715 [1959], cert. den. 363 U.S. 810 [1961].

¶ 50. Patrolman's dismissal for "moonlighting" while on sick report did not constitute an abuse of discretion.-In re Maltese (Murphy), 147 (35) N.Y.L.J. (2-20-62) 13, Col. 5 T.

¶ 51. The function of the trial commissioner is to examine, hear and investigate the charges brought against a policeman. He is not required as a matter of law or regulation to come to a conclusion as to the guilt or innocence of the accused. He may make a conclusion in a proper case and may also make a recommendation as to punishment. The Police Commissioner, with the full record before him may determine that the accused is guilty and may dismiss him from the force.-Matter of Ross, 37 Misc. 2d 47, 234 N.Y.S. 2d 940 [1962].

¶ 52. Though the members of the police force are civil service employees, they are subject to strict discipline and special proceedings, sanctions and punishments.-People v. Russell, 33 Misc. 2d 851, 227 N.Y.S. 2d 826 [1962].

¶ 53. Dismissal from the force was excessive punishment for police officer who, while on duty, went aboard an ocean liner and purchased a quantity of untaxed bottled liquor from the chief steward. The officer had an impressive record of over 15 years of service. Instead, a fine of 30 days pay was imposed and all salary earned prior to reinstatement was forfeited.-McWeeney v. Murphy, 149 (58) N.Y.L.J. (3-26-63) 15, Col. 6 F.

¶ 54. While in a restaurant for his midnight meal, a policeman was joined by a civilian whom he knew. Shortly thereafter he noticed that his holster strap was unsnapped and that his gun hammer was cocked. He withdrew his gun from the holster to uncock the hammer and it discharged accidently killing the civilian. The court finding that the dismissal of petitioner from the Police Department on charges of neglecting to properly handle and safeguard his service revolver and failing to be equipped with a regulation holster too severe a penalty reduced it to a one year suspension.-Wiegmann v. Broderick, 155 (93) N.Y.L.J. (5-12-66) 17, Col. 8 M, aff'd 279 N.Y.S. 2d 156 [1967].

¶ 55. It is within discretion of the Police Commissioner to determine that proper administration of the Police Department can best be effectuated by use of a civilian advisory board. Cassese v. Lindsay, 51 Misc. 2d 59, 272 N.Y.S. 2d 324 [1966].

¶ 56. Application of widow to expunge from records of police department dismissal of her husband and to reinstate him and pay back salary and pension benefits was remanded to Police Commissioner for appropriate action on the specifications as to which no formal disposition had been made where police officer was suspended on September 24, 1964 and specifications were filed against him and he was convicted of the crime of attempted extortion on November 1, 1965 following which he was discharged from the police force. His conviction was sustained by the App. Div. and he died while his appeal to the Court of Appeals was pending. Because of his death the Court of Appeals directed the judgment of conviction to be vacated and the indictment dismissed. Since his conviction was vacated his dismissal was vacated. Breslin v. Leary, 59 Misc. 2d 1053, 302 N.Y.S. 2d 642 [1969].

¶ 57. Where police captain was found guilty of departmental charges amounting to perjury after a departmental hearing he was subject to penalty under this section and not Civil Service Law § 75 which limits the fine which may be imposed upon an employee found guilty of charges of misconduct to $100. Hence police captain could be penalized by a forfeiture of 30 days pay.-Foran v. Murphy, 73 Misc. 2d 486, 354 N.Y.S. 2d 757 [1973].

¶ 58. Determination of police commissioner finding petitioner guilty of a violation of police department rules and

fining him 90 days' pay and relieving him of duty for that period was modified to provide for a fine of 30 days with relief of duty in the place of the fine imposed since under this section a forfeiture or deduction of pay as a punishment is limited to "no more than thirty days' salary".-Murphy v. Murphy, 47 A.D. 2d 516, 363 N.Y.S. 2d 591 [1975], aff'd 38 N.Y. 2d 690, 345 N.E. 2d 577, 382 N.Y.S. 2d 33 [1976].

¶ 59. Restoration of patrolman to duty for a year after he pleaded guilty and accepted a forfeiture of pay during the nine months of his suspension pending a criminal proceeding against him for a misdemeanor did not constitute an estoppel against his dismissal after a departmental trial based on his misdemeanor conviction.-Arroya v. Codd, 50 A.D. 2d 752, 376 N.Y.S. 2d 158 [1975].

¶ 60. Application for modification of penalty imposed as result of disciplinary proceeding as result of a negotiated plea agreed to by the parties was denied where petitioner was represented at all stages by counsel and plea minutes and written agreement embodying the negotiated plea indicated that petitioner voluntarily entered into the agreement and no coercion or duress was involved.-In re Ward (Codd), 179 (15) N.Y.L.J. (1-23-78) 10, Col. 5 M.

¶ 61. Deputy Commissioner of Trials of New York City police department had authority to enter into plea settlements in disciplinary proceedings.-Brown v. Codd, 62 A.D. 2d 547, 405 N.Y.S. 2d 687 [1978].

¶ 62. Dismissal of petitioner from police force without a hearing after he had pleaded guilty to accepting money from an undercover police officer and was sentenced to 60 days imprisonment was not improper where crime, although not a felony, involved a violation of his oath of office and invocation of Public Officers Law § 30 at the time of petitioners dismissal or in the Article 78 proceeding was not required.-Hodgson v. McGuire, 75 A.D. 2d 763 [1980].

¶ 63. This section does not confer authority upon the Police Department to institute disciplinary proceedings with regard to behavior of a police officer that occurred prior to that officer's appointment to the force.-Borges v. McGuire, 107 A.D. 2d 492 [1985].

**CASE NOTES**

¶ 1. The mere fact that a police officer has been convicted of a misdemeanor offense (arising out of off-duty conduct) does not lead to an automatic dismissal of the officer, who is entitled to a disciplinary hearing on the charge. Brapham v. Safir, N.Y.L.J., May 9, 1997, page 29, col. 2 (Sup.Ct. New York Co.). See also Blindbury v. Bratton, N.Y.L.J., Jan. 11, 1996, page 27, col. 2 (Sup.Ct. New York Co.).

¶ 2. A police officer who is convicted of a felony, or is convicted of any crime involving the "oath of office" can be dismissed without a hearing. However, a police officer who is convicted of a misdemeanor not involving official conduct, cannot be summarily dismissed but is entitled to a hearing. In one case, the officer was convicted of a misdemeanor assault which occurred during the off-duty hours. The court held that the officer could not relitigate the underlying assault conviction but, at a hearing, could present evidence to mitigate the seriousness of the offense. Foley v. Bratton, 92 N.Y.2d 781, 686 N.Y.S.2d 359 (1999). See also, Farrell v. Safir, 259 A.D.2d 328, 687 N.Y.S.2d 18, (police officer, who was convicted of failing to file income tax returns for two years, could not be dismissed without a hearing).

¶ 3. The Civil Service Commission lacks jurisdiction to hear an appeal by a uniformed police officer disciplined under Section 14-115. Montella v. Bratton, 93 N.Y.2d 424, 691 N.Y.S.2d 372 (1999).

¶ 4. Where substantial evidence supported charges against petitioner for use of excessive force, discourtesy and committing a false arrest, a penalty of probation dismissal for one year and forfeiture of 30 vacation days was not shocking to the court's sense of fairness, and was sustained. Quinn v. Kerik, 757 N.Y.S2d 850 (1st Dept. 2003).

¶ 5. Civil Service Law §77, which prohibits a reduction in back pay for outside earnings during the period of an improper termination, applies to employees who were removed in violation of the Civil Service Law, but does not apply

to persons who were terminated under Admin. Code §15-115. Buric v. Safir, 4 A.D.3d 160, 772 N.Y.S.2d 36 (1st Dept. 2004)leave to appeal denied, 2 N.Y.3d 706, 781 N.Y.S.2d 287, 814 N.E.2d 459 (2004).

¶ 6. At issue in this case was whether the city and town police officers were subject to the collective bargaining provisions under the Taylor Law. These were two cases, based in New York City and the Town of Orangetown, that were consolidated for purposes of this action.

The Taylor Law (Civil Service Law Art. 14) requires collective bargaining to be conducted with respect to all terms of conditions of employment. As long as an employee organization is certified or otherwise officially recognized, the appropriate public employer is required to conduct collective bargaining with respect to any grievances that might arise among employees, pursuant to Civil Service Law section 204(2). This provision cannot be easily overcome, the court commented.

On the other hand, the court has held that some subjects are excluded from collective bargaining, as a matter of public policy, even where no statute specifically states that this is so. Courts have held the following with respect to police departments:

1) they may not be required to bargain over imposing certain requirements on officers receiving benefits following injuries sustained in the line of duty;

2) the City may not surrender its statutory right to choose among police officers seeking promotion in collective bargaining 3) public policy bars enforcement of a provision in a collective bargaining agreement that would limit the power of the NYC Dept. of Investigation to interrogate city employees in a criminal investigation.

Although there was no statutory provision excluding collective bargaining as a practice, public policy was strong enough to warrant such an exclusion. The scope of collective bargaining may be limited by "plain and clear, rather than express prohibitions in the statutes or decisional law, or in neither."

Procedures for disciplining police officers are generally governed by Civil Service Law sections 75 and 76, which provide for hearing and appeal procedures. Civil Service Law section 76(4) states that sections 75 and 76 shall not be construed to repeal or modify pre-existing laws. Among the laws that have been grandfathered under this provision deal with the express right of local officials in certain communities to control discipline of police officers. These laws are applicable in both New York City and Orangetown, the two locales at the center of this controversy.

Section 434 of the City Charter provides that the Police Commissioner have cognizance and control of the city government, administration, disposition and discipline of the department, as well as the police force of the Dept. NYC Admin. Code section 14-115(a) provides that the Commissioner has power in his or her discretion to punish the offending party, in cases of police misconduct.

Admin. Code § 14-115 sets forth a strong public policy in favor of vesting in the Police Commission control over police discipline. The issue was not whether the provision was intended to create an exception to the Taylor Law, since it was enacted prior to the Taylor Law. However, the law expresses a policy so important that the policy favoring collective bargaining gives way. Although these two provisions were initially state statutes, the Charter and Code provisions were adopted by the State Legislature and reflect state policy that police discipline in New York City is subject to the Commissioner's authority. Thus, the law precluded collective bargaining over the subject of police discipline. Patrolmen's Benevolent Assn. v. N.Y. State Public Employment Relations Bd., 6 N.Y.3d 563, 815 N.Y.S.2d 1 (2006).

¶ 7. The police commissioner has authority to discharge probationary police officer for on duty conduct as long as the decision to discharge the officer was not predicated on bad faith or for an improper reason. Duncan v. Kelly 2008 NY Slip Op. 181, 9 NY3d 1024, 882 NE2d 872, 853 NYS2d 260 (2008).

CHAPTER 1 POLICE DEPARTMENT

§ 14-116 Limitations of suits.

a. Actions or proceedings, either at law or in equity, shall be commenced or maintained against the police department, or any member thereof, or against the commissioner, or against the mayor, or against the city by any member or officer, or former member or officer of the force or department to recover or compel the payment of any salary, pay, money or compensation for or on account of any service or duty, or to recover any salary, compensation or moneys, or any part thereof forfeited, deducted or withheld for any cause, only if such action, suit or proceedings shall be commenced within two years after the cause of action shall have accrued.

b. A proceeding may be brought to procure the restoration or reinstatement to the force or department of any member or officer thereof, if such proceeding be instituted within four months after the decision or order sought to be reviewed. Such proceeding when so brought shall be placed upon the calendar by the party instituting the same for hearing by a term of the court not later than the second term after the filing of the answer or return and of service of notice of such filing upon the party instituting the proceeding. In the event of the failure of the party instituting the proceeding to place it upon the calendar, then such proceeding shall be dismissed for want of prosecution upon application therefor by the corporation counsel, unless the court for good and sufficient cause shall otherwise order.

§ 14-118 School crossing guards.

a. Notwithstanding the provisions of section 14-117 of this title, the commissioner may employ persons to be known as school crossing guards, for such periods of time as in his or her discretion the commissioner deems advisable. Such school crossing guards shall be empowered to direct pedestrian and vehicular traffic at locations to which they may be assigned, and shall perform such other related duties as may be prescribed by the commissioner.

b. Nothing contained herein shall be construed to constitute such school crossing guards members of the police force, or to entitle them to the privileges and benefits of the members of the police force, or to become members of the police pension fund.

c. The commissioner shall have authority to promulgate rules and regulations governing the conduct of such school crossing guards. The commissioner shall prescribe the insignia or uniform to be worn by the guards while on duty.

§ 14-118.1 Voluntary fingerprinting of school children.

a. The commissioner shall, in cooperation with the board of education, local school boards and private schools, institute a program to train persons designated by the appropriate school authority to administer the voluntary fingerprinting of New York city public and private school students in grades kindergarten through twelve and such persons to be trained shall not be police or police auxiliary personnel.

b. The program shall provide resources so that every school may offer the parents or legal guardians of a child the opportunity to have the child fingerprinted at school.

c. No child may be fingerprinted without first presenting an authorization form signed by a parent or legal guardian. Notwithstanding parental consent, any child over the age of fourteen shall also sign an authorization form, or may refuse to participate in the program.

d. Any fingerprints or other information supplied under the program shall be placed in the sole custody of the child's parents or legal guardians on the same day as supplied and no copy or record of such fingerprints shall be retained by the commissioner or the school. Upon the child attaining the age of eighteen years, said child shall be entitled to the return of his/her fingerprints from the parents or legal guardians.

**NOTE**

1. Provisions of L.L. 22/2006:

§ 4. In order to effectuate the provisions of subdivision a of section 14-118.2 of the administrative code of the city of New York, as amended by section 2 of this local law, officers and employees in the classified city civil service who are engaged in the performance of the functions, powers or duties described in such section shall be transferred to the police department without further examination or qualification, and shall retain their respective civil service classifications and civil service status; provided, however, that employees who are subject to pending disciplinary charges on the date of the functional transfer, or against whom a disciplinary penalty has been assessed but not yet served or paid on or prior to such date, may be retained in the employment of the department of transportation until the resolution of the adjudicative or administrative proceedings and until any outstanding disciplinary penalty has been served or paid.

§ 5. No existing right or remedy of any character to the city shall be lost or impaired or affected by reason of the enactment of this local law.

§ 6. No civil, criminal or administrative action or proceeding pending at the time when this local law shall take effect, brought by or against the city or any agency or officer of the city, shall be affected or abated by the enactment of this local law or by anything contained herein; but any or all such actions and proceedings may be assigned or transferred to the police department, but in that event the same may be prosecuted or defended by the police commissioner.

§ 7. This local law shall take effect July 2, 2006, or as soon as practicable thereafter as a transfer of functions may be effectuated pursuant to this local law and subdivision 2 of section 70 of the civil service law; provided, however, that any or all actions necessary to effectuate such transfer may be taken prior to such effective date.

CHAPTER 1 POLICE DEPARTMENT

§ 14-119 Department to cooperate with department of health and mental hygiene.

a. It shall be the duty of the department, and of its officers and members of the force, as the commissioner shall direct, to promptly advise the department of health and mental hygiene of all threatened danger to human life and health, and of all matters thought to demand its attention, and to regularly report to the department of health and mental hygiene all violations of its rules and ordinances, and of the health laws, and all useful sanitary information.

b. It shall be the duty of the department, by and through its proper officers, members and agents, to faithfully and at the proper time enforce and execute the sanitary rules and regulations, and the orders of the department of health and mental hygiene, made pursuant to the power of the department of health and mental hygiene, upon the same being received in writing and duly authenticated.

c. In and about the execution of any order of the department of health and mental hygiene, or of the department made pursuant thereto, members of the force shall have power and authority as when obeying any order of or law applicable to the department; but for their conduct they shall be responsible to the department and not to the department of health and mental hygiene. The department of health and mental hygiene may, with the consent of the department, impose any portion of the duties of subordinates in such department upon subordinates in the department.

d. The department is authorized to employ and use the appropriate persons and means, and to make the necessary expenditures for the execution and enforcement of the rules, orders and regulations of the department of health and mental hygiene, and such expenditures, so far as the same may not be refunded or compensated by the means herein elsewhere provided, shall be paid as the other expenses of the department of health and mental hygiene are paid.

§ 14-120 Detail of officers to assist department of health.*

The commissioner, upon the2 requisition of the department of health and mental hygiene, shall detail suitable officers to the service of such department of health and mental hygiene for the purpose of the enforcement of the provisions of the health code, and of the acts relating to multiple dwellings. Such officers shall belong to the sanitary company of police, and shall report to the department of health and mental hygiene. The department of health and mental hygiene may report back to the department for punishment any member of such company guilty of any breach of order or discipline or of neglecting his or her duty. Thereupon the commissioner shall detail another officer in his or her place. The discipline of such members of the sanitary company shall be in the jurisdiction of the department, but at any time the department of health and mental hygiene may object to any member of such company on the ground of inefficiency.

CHAPTER 1 POLICE DEPARTMENT

§ 14-122.1 Receipt of line of duty pay.

a. A member of the force in the rank of police officer, other than an officer who is detailed or designated as a detective or who holds the position of sergeant or any position of higher rank in such force, shall be entitled pursuant to this section to the full amount of his or her regular salary for the period of any incapacity due to illness or injury incurred in the performance and discharge of duty as a member of the force, as determined by the department.

b. A member of the force who is detailed or designated as a detective or who holds the position of sergeant or any position of higher rank in such force shall be entitled pursuant to this section to the full amount of his or her regular salary for the period of any incapacity due to illness or injury incurred in the performance and discharge of duty as a member of the force, as determined by the department, only in the event that a collective bargaining agreement granting such entitlement pursuant to this section has been made by the city and the certified employee organization representing such member. The first entitlement of any such member of the force to the full amount of regular salary under this section shall commence on the date of execution of the collective bargaining agreement providing for such entitlement with respect to such member.

c. Nothing in this section shall be construed to affect the rights, powers and duties of the commissioner pursuant to any other provision of law, including, but not limited to, the right to discipline a member of the force by termination, reduction of salary, or any other appropriate measure; the power to terminate an appointee who has not completed his or her probationary term; and the power to apply for ordinary or accident disability retirement for a member of the force.

d. Nothing in this section shall be construed to require payment of salary to a member of the force who has been

terminated, retired, suspended or otherwise separated from service by reason of death, retirement or any other cause.

e. A decision as to eligibility for benefits pursuant to this section shall not be binding on the medical board or the board of trustees of any pension fund in the determination of eligibility for an accident disability or accidental death benefit.

f. As used in this section the term "incapacity" shall mean the inability to perform full, limited, or restricted duty.

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-123 Suspension of members of force.

The commissioner shall have power to suspend, without pay, pending the trial of charges, any member of the force. If any member so suspended shall not be convicted by the commissioner of the charges so preferred, he or she shall be entitled to full pay from the date of suspension, notwithstanding such charges and suspension.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 434a-20.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Police Commissioner's right to suspend, without pay, members of the police force pending trial of charges, as provided by Admin. Code § 434a-20.0, **held** not limited to a period of 30 days, as set forth in Civil Service Law § 22, subd. 2. Admin. Code, ch. 18, contains within itself the complete law with reference to the Police Department of the City of New York, and it was intended that there be a distinction in the powers of suspension of the Police Commissioner and those of the heads of the other departments.-In re Cugell (Monaghan), 201 Misc. 607, 107 N.Y.S. 2d 117 [1951].

¶ 2. Although the 30-day limitation on suspensions of other civil service employees, as set forth in the Civil

Service Law, was indicative of the legislative intent as to the reasonable duration of suspension without trial, the fact that the instant suspension of police officers had already existed three months and would undoubtedly continue for several further months was not unreasonable in view of the special circumstances that the charges against the petitioner members of the police force originated with the Kings County Grand Jury which charged petitioners with being co-conspirators with the defendants named in an indictment in seeking to assist a certain alleged bookmaker and his employees to avoid arrest and conviction for bookmaking and other crimes, and the evidence and witnesses to support such accusations were within the sole jurisdiction of the district attorney who refused to release the evidence pending the major trial, and therefore the Police Commissioner was presently unable to proceed with the departmental trial.-Id.

¶ 3. A policeman was not entitled to an order in the nature of prohibition against Police Commissioner to restrain him in the prosecution of a departmental trial where, after the policeman had been suspended, but before a trial, he had filed an application for immediate retirement. This section provides that if a suspended policeman shall not be convicted he shall be entitled to full pay from the date of suspension and a prosecution of the disciplinary proceeding was necessary to prevent the policeman from collecting his full salary from the date of suspension.-Matter of Flood, 201 Misc. 560, 108 N.Y.S. 2d 414 [1951].

¶ 4. The Police Commissioner has power to suspend police officers without pay pending trial where charges are filed and trial is held within a reasonable time.-Brenner v. City of New York, 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 5. This section does not require the filing of departmental charges before suspension. The statute is satisfied so long as departmental charges are filed within a reasonable time after suspension and a trial is thereafter held. Brenner v. City of New York, 9 A.D. 2d 729, 192 N.Y.S. 2d 449 [1959], aff'd 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 6. On November 2, 1955, the petitioner was suspended from the police force for an assault upon his wife. The next day charges were filed with the commissioners. On April 19, 1956, the petitioner was granted a disability pension by the trustees of the Police Pension Fund. Following his conviction on charges of assault the Police Commissioner tried him on charges filed with him and found him guilty. The petitioner filed an action to recover full pay from the date of his suspension until the date he was granted a disability pension. **Held:** The charges were validly made against the petitioner, since at the time the charges were made, he was subject to the disciplinary powers of his superiors in the Police Department. The mere fact that the Commissioner gave him the right to defend his freedom upon the criminal charges prior to trying him on the charges filed with the Commissioner did not entitle the petitioner to recover.-Matter of Baker, 6 Misc. 2d 589, 161 N.Y.S. 2d 720 [1959].

¶ 7. In an action for wages wrongfully withheld during a period of suspension, it is immaterial that plaintiff's name may have been dropped from the payroll. It is also immaterial that the period of suspension may have been prolonged because of certain adjournments of hearing requested by plaintiff, where defendant consented thereto. However, where plaintiff was charged with felonious assault, was acquitted in County Court, but was found guilty in a departmental trial of assault without just cause, he was not entitled to recover back pay. A delay of 19 days in serving him with written charges and specifications was not prejudicial, where he knew the cause of his suspension.-O'Neill v. City of New York, 13 Misc. 2d 1008, 178 N.Y.S. 2d 334 [1958], aff'd 9 A.D. 2d 729, 193 N.Y.S. 2d 440 [1959], aff'd 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 8. In actions by police officers to recover pay allegedly wrongfully withheld during period of suspension, the condition precedent to such recovery was that the officers "not be convicted . . . of the charges so preferred".-Brenner v. City of New York, 9 N.Y. 2d 447, 214 N.Y.S. 2d 444, 174 N.E. 2d 526 [1961].

¶ 9. Discharge of a policeman on the grounds that he falsely answered questions as to Communist activities and failed to reveal same under the term "remarks" was annulled because of insufficient evidence to support charges.-Matter of Kaminsky v. Kennedy, 9 App. Div. 2d 541, 196 N.Y.S. 2d 520 [1960].

¶ 10. A patrolman restored to his position after being acquitted in a disciplinary proceeding is entitled to his pay less the compensation he earned in another employment and less unemployment insurance benefits.-LaForge v. City of New York, 147 (120) N.Y.L.J. (6-21-62) 10, Col. 1 F.

¶ 11. Though the members of the police force are civil service employees, they are subject to strict discipline and special proceedings, sanctions and punishments.-People v. Russell, 33 Misc. 2d 851, 227 N.Y.S. 2d 826 [1962].

¶ 12. A policeman must submit his official memorandum book and binder to inspection upon command of his superior officer, and narcotics found in such a binder are lawful evidence in a prosecution of the policeman for violation of Penal Law § 1751-a.-People v. Russell, 33 Misc. 2d 851, 227 N.Y.S. 2d 826 [1962].

¶ 13. Policeman who was dismissed following trial but whose dismissal was reversed and reinstatement directed was entitled to recover from the City only the salary earned during the period of suspension and dismissal, less outside earnings.-Kaminsky v. City of N.Y., 149 (4) N.Y.L.J. (1-7-63) 16, Col. 2 T.

¶ 14. Where plaintiff was dismissed as a police officer but was not suspended prior thereto and after an Article 78 CPLR proceeding in which plaintiff sought review the matter was remanded and plaintiff reinstated with a penalty of loss of a month's pay plaintiff was entitled to recovery of back pay for the period of his dismissal until his reinstatement as he was never suspended. Giaquinto v. Beame, 51 Misc. 2d 845, 274 N.Y.S. 2d 6 [1965].

¶ 15. Patrolmen were not entitled to back pay for period during which they were suspended pending determination of departmental charges because of a delay in final determination of the charges when they were convicted of the charges.-Scornavacca v. Leary, 38 N.Y. 583, 345 N.E. 2d 304, 381 N.Y.S. 2d 833 [1976].

¶ 16. Petitioner, who had been suspended from police force was entitled upon return to be paid entire salary he would have received had he worked for the entire period of his suspension but was not entitled to recover vacation pay and personal leave pay for the suspension period.-Alongi v. City of N.Y., 92 Misc. 2d 1082 [1977].

**CASE NOTES**

¶ 1. Under the unambiguous provisions of § 14-123 a suspended officer is entitled to back pay only if he has "not been convicted by the commissioner of the charges so preferred". Petitioners conviction after trial, upon a plea of guilty, barred an award of back pay for the period of suspension.-Rivera v. Ward, 155 AD2d 285 [1989].

¶ 2. Petitioner, a former NYC police officer whose manslaughter conviction was reversed prior to the effective date of a 1987 statutory amendment granting a nonelected public official convicted of a felony the right to a reinstatement hearing upon the reversal of the conviction that resulted in the vacateur of his office is entitled to a reinstatement hearing however his claim for back pay that accrued during his suspension is dismissed with leave to replead since petitioner is required to allege that he was not convicted of the departmental changes that were preferred (Admin. Code of the City of NY § 14-123) and the record does not reflect that a hearing was held or that there has been a resolution of the changes.-Matter of Hays v. Ward, 144 Misc. 2d 227.

¶ 3. A police officer was charged with misconduct, and suspended without pay, after money taken from a robbery suspect was missing. The court held that even though petitioner resigned (for reasons other than the charges, according to petitioner), he had the right to a hearing after which, if he prevailed, he would be entitled to back pay for the period covered by the suspension. Pacheco v. Kerik, N.Y.L.J., July 26, 2002, page 18, col. 3 (Sup.Ct. New York Co.).

¶ 4. In one case, an officer was charged with three offenses, and was suspended for 30 days without pay, pending the hearing on three charges. Two of the three charges proved to be unfounded, but he was found guilty on the third charge (removing a prisoner from a holding cell without authority) and penalized five vacation days. In an effort to recover full back pay, the officer argued that he would not have been suspended at all if the third charge had been the only charge. The court, however, said that the officer was not entitled to back pay. The statute requires restoration of

full pay only if the officer is found not guilty on all charges, and does not contain any exception for those who are found guilty only on relatively minor charges. Buric v. Safir, 4 A.D.3d 160, 772 N.Y.S.2d 36 (1st Dept. 2004), leave to appeal denied, 2 N.Y.3d 706, 781 N.Y.S.2d 287, 814 N.E.2d 459 (2004).

CHAPTER 1 POLICE DEPARTMENT

§ 14-124 Termination of service of members of force because of superannuation.

No member of the police force in the department, except surgeons of police, a roentgenologist and a veterinarian, who is or hereafter attains the age of sixty-three years shall continue to serve as a member of such force but shall be retired and placed on the pension rolls of the department, provided, however, that any member who is not eligible for retirement at age sixty-three shall continue to serve as a member only until such time as he or she becomes eligible for such pension service retirement, provided further that any member participating in the social security program may elect to remain in the department but only until such time as he or she has earned the minimum number of quarters of coverage required to assure future eligibility for social security retirement benefits, but in no event beyond sixty-five years of age.

Notwithstanding the provisions of this section or of any other section of law, any member who shall not have completed thirty-five years of creditable city service within the meaning of subdivision j of section 13-206, prior to attaining the age of sixty-three years may continue to serve as a member until he or she shall have completed such thirty-five years of creditable city service.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Admin. Code § 434a-21.0, providing for retirement of members of the police force at the age of 63, except that any person who was not eligible for retirement at such age should continue to serve as a member until he became eligible for pension service retirement, **held** not unconstitutional as contrary to Civil Service Law § 22(2), providing for removal of employees, or as in conflict with §§ 953 and 963 of the Charter providing that nothing in the Charter should affect rights of employees at the time the Charter took effect, or as being discriminatory because of the exception in favor of members not eligible for retirement at the age of 63, or as being unreasonable in providing for retirement at the age of 63.-Humbeutel v. City of N.Y., 125 N.Y.S. 2d 198 [1953], aff'd 283 App. Div. 1011, 131 N.Y.S. 2d 445 [1953], aff'd 308 N.Y. 904, 126 N.E. 2d 569 [1955].

¶ 2. Contention that Admin. Code § 434a-2.0 contravened public policy in providing for compulsory retirement of policemen at the age of 63, **held** untenable, as from 1897 to 1940 the law granted the Police Commissioner power to retire any police officer at the age of 60 without reason, and such law had never been successfully attacked. However, court felt that § 434a-21.0, was unwise in its results in that it deprived the police department of a number of its most skilled police officers and would undoubtedly prove to be a hardship to many officers.-Id.

¶ 3. In fixing the retirement age at 63, the local law was not so unreasonable that the Court could interfere.-Id.

¶ 4. The Legislature by amending § 113-a of the Social Security Law unequivocally manifested that its intention was to suspend temporarily and until June, 1958, the provisions of all State and local laws requiring termination of service or retirement on account of age, including § 34a-21.0 of the Admin. Code, and thus assure all public employees approaching mandatory retirement age between June, 1957 and June, 1958, the basic protection provided by the Federal Old-Age Law. Thus, a policeman who was retired at the age of 63, was entitled to reinstatement to active duty, so that he could attain eligibility for payment of benefits under the Federal Old-Age and Survivors Law.-Matter of Kiley, 16 Misc. 2d 969, 190 N.Y.S. 2d 53 [1959].

*NYC Administrative Code 14-125*

Administrative Code of the City of New York

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-125 Rehearing of charges; reinstatement of members of department.

a. Upon written application to the mayor by the person aggrieved, setting forth the reasons for demanding such rehearing, the commissioner may rehear the charges upon which a member or a probationary member of the uniformed force has been dismissed, or reduced from the rank theretofore held by him or her. Such person or persons shall be required to waive in writing all claim against the city for back pay and shall obtain from the mayor his or her consent to such rehearing, such consent to be in writing and to state the reasons why such charges should be reheard.

b. Such application for a rehearing shall be made within one year from the date of the removal or reduction in rank.

c. If the commissioner shall determine that such member has been illegally or unjustly dismissed or reduced, the commissioner may reinstate such member or restore him or her to the rank from which he or she was reduced, as the case may be, and allow him or her the whole of his or her time since such dismissal, to be applied on his or her time of service in the department, or the commissioner may grant such other or further relief as he or she may determine to be just, or the commissioner may affirm the dismissal or reduction, as he or she may determine from the evidence.

d. If the applicant be a probationary member of the department, the commissioner may allow him or her the time already served as a probationary member to count as time served, but shall not allow the time between the date of his or her dismissal and his or her restoration to count as service in the department.

e. Employees of the department, not entitled to a trial before dismissal, and who were given an opportunity to explain charges before they were removed, may apply to the mayor, within one year from the date of the order

separating them from the service, for a further opportunity to explain, setting forth the reasons for such action. The mayor, in his or her discretion, may grant such application. The commissioner, thereupon, shall afford a further opportunity to the dismissed employee to explain the charges filed against him or her, on which the removal was based. Thereafter the commissioner, in his or her discretion, may reinstate the dismissed employee or reaffirm the previous removal. Prior to any reinstatement hereunder, such former employee shall file a written statement waiving all claim or claims for back salary and damages of any kind whatsoever.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 434a-22.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

Remedy of policeman who was dismissed from the service for being absent without leave and who now claimed that his absence was involuntary and induced by a condition of psychic amnesia, was to make application to the Mayor pursuant to Admin. Code § 434a-22.0 and not to appeal to the Court for an order compelling the Commissioner to grant him in effect a rehearing, inasmuch as the Police Commissioner was without power to grant a rehearing (158 App. Div. 654), and moreover general policy of Court was not to interfere with administration of another branch of the government.-In re Wilson (Valentine), 100 (137) N.Y.L.J. (12-14-38) 2134, Col. 1 M.

¶ 2. Dismissed policeman's application to Court to compel Police Commissioner to grant him a rehearing to enable him to establish that his absence without leave, which occasioned his dismissal, was not intentional, **held** barred by his failure to institute the proceeding within four months of the dismissal order.-Id.

¶ 3. Petitioner could maintain an Article 78 proceeding to review his discharge as a policeman without first applying for a rehearing of charges before the Mayor.-In re Tarkan (Wagner), 141 (91) N.Y.L.J. (5-12-59) 12, Col. 3 M.

CHAPTER 1 POLICE DEPARTMENT

§ 14-126 Resignations, absence on leave.

a. A member of the force, under penalty of forfeiting the salary which may be due such member, shall not withdraw or resign, except by permission of the commissioner.

b. Absence, without leave, of any member of the force for five consecutive days shall be deemed and held to be a resignation, and the member so absent shall, at the expiration of such period cease to be a member of the force and be dismissed therefrom without notice.

c. Leave of absence, other than for sickness, exceeding thirty days in any one year shall be granted or allowed to any member of the force, only upon the condition that such member shall waive and release not less than one-half of all salary and claim thereto during such absence.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 434a-23.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Admin. Code § 434a-23.0, subd. b, providing that absence of officer without leave for five consecutive days

should be deemed a resignation, applies only to voluntary and intentional absences.-In re McKeogh (Valentine), 102 (102) N.Y.L.J. (10-31-39) 1399, Col. 4 M.

¶ 2. Member of New York City Police Department who re-entered the armed forces pursuant to a Department of Air Force document which appeared on its face to be an order and to have re-activated petitioner, and who was not shown to have made an application for re-call, **held** entitled to benefits of Military Law § 246 and hence was not to be considered a resigned member pursuant to Admin. Code § 434a-23.0, par. b.-Biehusen v. Wallander, 121 (22) N.Y.L.J. (2-14-49) 558, Col. 5 F.

¶ 3. Patrolman who, while under suspension and while disciplinary proceedings were pending against him, voluntarily submitted on a Police Department form his unconditional resignation, was not entitled to rescission of the order of the Police Commissioner made pursuant to Admin. Code § 434a-23.0 finding that he had resigned without the Commissioner's permission and dropping him from the rolls and declaring all salary due him forfeited. In filing the form the patrolman subjected himself to the risk that the Commissioner would hold the resignation to be without permission. The Commissioner had no duty to adopt regulations or make other forms available to police officers.-In re Woods (Monaghan), 126 (21) N.Y.L.J. (7-31-51) 172, Col. 7 F.

¶ 4. In the face of disciplinary charges, the petitioner resigned from the Police Department without the Commissioner's approval. He was not thereafter entitled to an order of reinstatement.-Jacobson v. Kennedy, 137 (21) N.Y.L.J. (1-30-57) 6, Col. 5 F.

¶ 5. Under this section, a patrolman of the Police Department of the City of New York had the absolute right to resign by parole. Hence, a patrolman's petition for reinstatement to the position of patrolman was dismissed without prejudice to an application by him for leave to rescind his resignation.-Matter of Formoso, 5 A.D. 2d 332, 171 N.Y.S. 2d 482 [1958], aff'd 5 N.Y. 2d 830, 181 N.Y.S. 2d 505, 155 N.E. 2d 401 [1958].

¶ 6. Rule of Civil Service Commission limiting reinstatement of employees to a one-year period after retirement, applies only to the time of presentation of application and not to actual reinstatement. Hence petitioner who had applied for reinstatement within one year after his retirement, was entitled to reinstatement even though this would occur after expiration of the one-year period.-In re Sullivan (Murphy), 150 (81) N.Y.L.J. (9-23-63) 12, Col. 8 F.

¶ 7. Application for reinstatement was timely where made five days before expiration of the one-year limitation period of the New York City Civil Service Rules and Regulations and police commissioner could not refuse to accept application because of fact that he did not have sufficient time to process it which normally takes at least six weeks.-Meskill v. McManus, 160 (18) N.Y.L.J. (7-25-68) 10, Col. 1 T.

¶ 8. Where policeman applied for reinstatement after voluntary resignation and passed necessary medical and physical tests refusal to reinstate was not in violation of his constitutional rights where rules of Civil Service Commission made reinstatement subject to willingness of appointing officer to do so, and failure to give an explanation for refusal to reinstate was not evidence of arbitrariness.-Borowski v. Leary, 162 (87) N.Y.L.J. (11-3-69) 17, Col. 6 F.

¶ 9. Where petitioner, a probationary patrolman, resigned from the Police Department without permission to enter the fire department and about one month after being notified by the police department that because he had resigned without permission all salary due him would be forfeited as provided by this section. He resigned from the fire department and asked to be reinstated in his former position. Denial of his request would not be interfered with by the court since eligibility for reinstatement is subject to the discretion of the Police Commissioner.-Haney v. Leary, 165 (23) N.Y.L.J. (2-3-71) 2, Col. 5 T.

CHAPTER 1 POLICE DEPARTMENT

§ 14-135 Reimbursement for loss of property by member of force while in performance of duty.

Whenever any member of the uniformed force of the department shall, while in the actual performance of police duty, lose or have destroyed any of his or her personal belongings, satisfactory proof thereof having been shown to the commissioner, such member shall be reimbursed to the extent of the loss sustained, at the expense of the city.

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-136 Rewards.

a. To members of force. The commissioner for meritorious and extraordinary services rendered by any member of the force in due discharge of his or her duty, may permit any member of the force to retain for his or her own benefit any reward or present, or some part thereof, tendered him or her therefor; and it shall be cause for removal from the force for any member thereof to receive any such reward or present without notice thereof to the commissioner. Upon receiving such notice, the commissioner may either order the said member to retain the same, or shall dispose of it for the benefit of the police pension fund.

b. To informers. The commissioner shall have authority to offer rewards to induce any person to give information which shall lead to the detection, arrest and conviction of persons guilty of a felony and to pay such awards to such persons who shall give such information. Such a reward shall be offered only if there be an unexpended appropriation therefor. The city shall make the necessary appropriation for such purpose.

CHAPTER 1 POLICE DEPARTMENT

§ 14-137 Subpoenas; administration of oaths.

a. The commissioner, and his or her deputies shall have the power to issue subpoenas, attested in the name of the commissioner and to exact and compel obedience to any order, subpoena or mandate issued by them and to that end may institute and prosecute any proceedings or action authorized by law in such cases. The commissioner, and his or her deputies may in proper cases issue subpoena duces tecum. The commissioner may devise, make and issue process and forms of proceedings to carry into effect any powers or jurisdiction possessed by him or her.

b. The commissioner, each of his or her deputies, the chief clerk, and the first and second deputy clerks of such department and hearing officers of the division of licenses or any superior officer of the rank of sergeant or above specifically designated by the commissioner, are hereby authorized and empowered to administer oaths and affirmations in the usual or appropriate forms, to any person in any matter or proceedings authorized as aforesaid, and in all matters pertaining to the department, or the duties of any officer or other person in matters of or connected with such department and to administer oaths of office which may be taken or required in the administration or affairs of such department, and to take and administer oaths and affirmations, in the usual or appropriate forms in taking any affidavit or disposition which may be necessary or required by law or by order, rule or regulation of the commissioner for or in connection with the official purposes, affairs, powers, duties or proceedings of the department, or of such commissioner or member of the force or any official purpose lawfully authorized by said commissioner.

c. Any person making a complaint that a felony or misdemeanor has been committed may be required to make oath or affirmation thereto, and for this purpose the commissioner, each of his or her deputies, the chief clerk, or deputy clerks of the department, the inspectors, captains, lieutenants and sergeants shall have power to administer oaths and affirmations.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Application to vacate subpoena directing petitioner to appear before a Deputy Police Commissioner to testify concerning matters alleged in charges pending against the operator of a night club under a City license, was denied, where the record before the Court did not demonstrate the "futility of the process to uncover anything legitimate" from the petitioner. Only when interrogation of the witness was begun could questions of relevancy and materiality be resolved with any certainty, and it was not incumbent upon the respondent on the present application to disclose the exact testimony he would try to elicit from the witness.-In re Costello (O'Leary), 50 N.Y.S. 2d 390 [1944], appeal dismissed on ground issues had become academic, 268 App. Div. 223, 50 N.Y.S. 2d 798 [1944].

¶ 2. Petitioner who was served with a subpoena issued by the Police Commissioner apparently pursuant to Admin. Code § 434a-33.0 for his examination before the Property Clerk as to facts relative to the justness of his claim for the return of certain money, was entitled to institute a special proceeding to procure the vacating of the subpoena, and was not obliged to proceed by motion in an action brought in the City Court by petitioner for alleged conversion of the money by the Property Clerk.-Russo v. Valentine, 182 Misc. 632, 49 N.Y.S. 2d 577 [1944], aff'd 268 App. Div. 990, 51 N.Y.S. 2d 697 [1944], rev'd on other grounds, 294 N.Y. 338, 62 N.E. 2d 221 [1945].

¶ 3. Power of the Property Clerk of the Police Department to examine respondent relative to the justness of his claim to a certain fund in possession of the Property Clerk, **held** to have survived the institution of a civil action brought by respondent for recovery of the fund, and hence motion to cancel subpoena issued by the Police Commissioner requiring petitioner to appear and be sworn before the Property Clerk and be examined, was denied.-Russo v. Valentine, 294 N.Y. 338, 62 N.E. 2d 221 [1945], reversing 268 App. Div. 990, 51 N.Y.S. 2d 697 [1944], which had aff'd 182 Misc. 632, 49 N.Y.S. 2d 577 [1944].

**CASE NOTES**

¶ 1. The Deputy Commissioner of Trials in the New York City Police Department has the power to issue subpoenas. Thus, where a New York City police officer was facing sexual harassment charges and sought to examine files of other cases in which the same complainant charged sexual harassment, the officer could not apply directly to a court for production of the material but had to apply to the Deputy Commissioner for issuance of an appropriate subpoena. Irizarry v. New York City Police Dept., 260 A.D.2d 269, 688 N.Y.S.2d 541 (1st Dept. 1999).

Administrative Code of the City of New York

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-140 1 Property clerk.

a. Appointment, duties and security.

1. The commissioner shall employ a property clerk who shall take charge of all property and money hereinafter described.

2. All such property and money shall be described and registered by the property clerk in a record kept for that purpose, which shall contain a description of such property or money, the name and address of the owner or claimant if ascertained, the date and place where obtained or found, the name and address of the person from whom taken or obtained, with the general circumstances, the name of the officer by whom recovered or obtained, the date when received by the property clerk, the names and addresses of all claimants thereto, and any final disposition of such property or money.

3. The property clerk shall have power to administer oaths to and take affidavits and depositions of any person or claimant in all matters pertaining to the powers and duties of the property clerk, and property and money in his or her custody and claims thereto.

4. The commissioner may require and take security for the faithful performance of the duties of the property clerk.

b. Custody of property and money. All property or money taken from the person or possession of a prisoner, all property or money suspected of having been unlawfully obtained or stolen or embezzled or of being the proceeds of

crime or derived through crime or derived through the conversion of unlawfully acquired property or money or derived through the use or sale of property prohibited by law from being held, used or sold, all property or money suspected of having been used as a means of committing crime or employed in aid or furtherance of crime or held, used or sold in violation of law, all money or property suspected of being the proceeds of or derived through bookmaking, policy, common gambling, keeping a gambling place or device, or any other form of illegal gambling activity and all property or money employed in or in connection with or in furtherance of any such gambling activity, all property or money taken by the police as evidence in a criminal investigation or proceeding, all property or money taken from or surrendered by a pawnbroker on suspicion of being the proceeds of crime or of having been unlawfully obtained, held or used by the person who deposited the same with the pawnbroker, all property or money which is lost or abandoned, all property or money left uncared for upon a public street, public building or public place, all property or money taken from the possession of a person appearing to be insane, intoxicated or otherwise incapable of taking care of himself or herself, that shall come into the custody of any member of the police force or criminal court, and all property or money of inmates of any city hospital, prison or institution except the property found on deceased persons that shall remain unclaimed in its custody for a period of one month, shall be given, as soon as practicable, into the custody of and kept by the property clerk except that vehicles suspected of being stolen or abandoned and evidence vehicles as defined in subdivision b of section 20-495 of the code may be taken into custody in the manner provided for in subdivision b of section 20-519 of the code.

c. Return of property and money to person accused. Whenever property or money taken from any person arrested shall be alleged to have been feloniously obtained, or to be the proceeds of crime, and brought, with all ascertained claimants thereof, and the person arrested, before a judge of the criminal court for adjudication, and the judge of the criminal court shall be satisfied from the evidence that the person arrested is innocent of the offense alleged, and that the property rightfully belongs to him or her, then such judge thereupon, in writing, may order such property or money to be returned, and the property clerk, if he or she have it, to deliver such property or money to the accused person, and not to any attorney, agent or clerk of such accused person.

d. Disputed ownership. If any claim to the ownership of such property or money shall be made on oath before the judge, by or in behalf of any other persons than the person arrested, and such accused person shall be held for trial or examination, such property or money shall remain in the custody of the property clerk until the discharge or conviction of the person accused and until lawfully disposed of.

e. Disposition of property and money. 1. Abandoned vehicles subject to the provisions of section twelve hundred twenty-four of the vehicle and traffic law in the custody of the property clerk shall be disposed of in accordance with the provisions of such section twelve hundred twenty-four. The city may convert to its own use in any calendar year one percent of any such abandoned vehicles not subject to subdivision two of such section twelve hundred twenty-four which are not claimed. All moneys or property other than abandoned vehicles subject to the provisions of such section twelve hundred twenty-four that shall remain in the custody of the property clerk for a period of three months without a lawful claimant entitled thereto shall, in the case of moneys, be paid into the general fund of the city established pursuant to section one hundred nine of the charter, and in the case of property other than such abandoned vehicles, be sold at public auction after having been advertised in "the City Record" for a period of ten days and the proceeds of such sale shall be paid into such fund. In the alternative, any such property may be used or converted to use for the purpose of any city, state or federal agency, or for charitable purposes, upon consultation with the human resources administration and other appropriate city agencies, and the commissioner shall report annually to the city council on the distribution of such property. Notwithstanding the foregoing, all property or money of a deceased person that shall come into the custody of the property clerk shall be delivered to a representative of the estate of such decedent and if there be no such representative, to the public administrator of the county where the decedent resided. Where moneys or property have been unlawfully obtained or stolen or embezzled or are the proceeds of crime or derived through crime or derived through the conversion of unlawfully acquired property or money or derived through the use or sale of property prohibited by law from being held, used or sold, or have been used as a means of committing crime or employed in aid or in furtherance of crime or held, used or sold in violation of law, or are the proceeds of or derived through

bookmaking, policy, common gambling, keeping a gambling place or device, or any other form of illegal gambling activity or have been employed in or in connection with or in furtherance of any such gambling activity, a person who so obtained, received or derived any such moneys or property, or who so used, employed, sold or held any such moneys or property or permitted or suffered the same to be used, employed, sold or held, or who was a participant or accomplice in any such act, or a person who derives his or her claim in any manner from or through any such person, shall not be deemed to be the lawful claimant entitled to any such moneys or property except that as concerns any vehicle taken into custody in the manner provided for in subdivision b of section 20-519 of the code, the authorized tow company shall receive from the department the cost of towing and storage as provided under subdivision c of section 20-519.

2. The commissioner, however, where the property consists of any property that has been used as a means of committing crime or employed in aid or in furtherance of crime or held, used or sold in violation of law, or gambling apparatus or any property employed in or in connection with or in furtherance of any gambling activity, or burglar tools of any description, or firearms, cartridges or explosives, or armored or bullet-proof clothing or motor vehicles, or instruments, articles or medicines for the purpose of procuring abortion or preventing conception, or wines, fermented liquors and other alcoholic beverages and the receptacles thereof, or soiled, bloody or unsanitary clothing, or solids and liquids of unknown or uncertain composition, or opium, morphine, heroin, cocaine or any of its admixtures or derivatives, and other narcotics, or hypodermic syringes and needles, or obscene pictures, prints, books, publications, effigies or statues, or any poisonous, noxious, or deleterious solids or liquids, or any property which in the opinion of the commissioner, is of slight value or the sale of which might result in injury to the health, welfare or safety of the public, may direct and empower the property clerk to destroy each and every article of such nature. If, in the opinion of the commissioner, any such property may be used or converted to use for the purpose of the department or any city, state or federal agency, such property may in the discretion of the commissioner be used or converted to use for any such purpose, and the same need not be sold or destroyed as in this section provided.

3. Perishable property may be sold as soon as practicable on the best terms available and the proceeds of such sale shall be disposed of as in this section provided.

f. Lawful property right to be established. In any action or proceeding against the property clerk for or on account of any property or money in his or her custody, a claimant from whose possession such property or money was taken or obtained, or any other claimant, shall establish that he or she has a lawful title or property right in such property or money and lawfully obtained possession thereof and that such property or money was held and used in a lawful manner. In any such action or proceeding, a claimant who derives his or her title or right by assignment, transfer or otherwise from or through the person from whose possession such property or money was taken or obtained, shall further establish that such person had a lawful title or property right in such property or money and lawfully obtained possession thereof and that such property or money was held and used in a lawful manner.

g. No action for property or money held as evidence. No action or proceeding may be brought against the property clerk for or on account of any property or money held as evidence in any criminal investigation or proceeding until the termination thereof.

h. Preservation of property. Where the property consists of furs or other valuable property that may be subject to deterioration or damage if stored by the property clerk, the property clerk in his or her discretion may store such property with a private concern having special facilities for such storage, and the cost thereof shall be a lien upon such property to be paid by the owner thereof prior to the recovery of such property.

i. Removal and storage charges for motor vehicles and boats.

1. Whenever an abandoned motor vehicle or boat, or a motor vehicle or boat involved in an accident, or a boat found adrift and unoccupied upon the waters of the city of New York which is in the custody of the property clerk, shall be claimed by the owner or other person lawfully entitled to possession thereof, such owner or other person shall not be entitled to the return thereof unless he or she shall first pay to the property clerk a removal charge of twenty-five dollars

and a storage charge of five dollars for each day, or fraction thereof, except that in the case of a boat found adrift and unoccupied upon the waters of the city of New York, such storage charge shall not be applied until three days after notice to the owner by registered mail from the property clerk that such boat is in police custody.

2. Whenever a stolen motor vehicle or boat, which is in the custody of the property clerk, shall not be removed by the owner or other person lawfully entitled to possession thereof within three days after notice by registered mail from the property clerk, such owner or other person shall not be entitled to the return thereof unless he or she shall first pay to the property clerk a storage charge of five dollars for each day, or fraction thereof, after the expiration of such three-day period.

3. Notwithstanding the provisions of paragraphs one and two of this subdivision, where the department has incurred charges for removal and storage of an abandoned or stolen motor vehicle pursuant to subchapter thirty-one of chapter two of title twenty of the code, an owner or other person lawfully entitled to possession of such motor vehicle shall not be entitled to the return thereof unless he or she shall first pay all such charges incurred by the department pursuant to such subchapter thirty-one together with any applicable storage charge provided for in this subdivision.

4. The removal and storage charges provided by this subdivision, or incurred by the department pursuant to subchapter thirty-one of chapter two of title twenty of such code, as applicable, shall be a lien upon such motor vehicle or boat and the property clerk shall refuse to return such motor vehicle or boat until such charges are paid, except that where such motor vehicle or boat is the property of an estate administered by a public administrator, the removal charge and the storage charge shall be general claims against the estate of the deceased.

5. The property clerk shall not require the payment of any charges provided by this subdivision for the removal or storage of any motor vehicle or boat in his or her custody while it is held as evidence in a criminal investigation or proceeding.

6. It shall be the duty of the property clerk to keep a complete record of the moneys collected pursuant to this subdivision. Such moneys shall be paid into the general fund of the city established pursuant to section one hundred nine of the charter.

j. Property and money desired to be produced in criminal court. If any property or money placed in the custody of the property clerk shall be desired to be produced as evidence in any criminal court, such property or money shall be delivered to any officer who shall present an order to that effect from such court. Property or money used as evidence in any criminal court shall not be retained in such court but shall be turned over as soon as practicable to the property clerk to be disposed of according to the provisions of this section.

k. Public administrators not affected. Nothing in this section shall in any way contravene, modify or repeal any existing provision of law, general, special or local, relating to the jurisdiction, powers, privileges, personnel, duties and functions of any public administrator.

**CASE NOTES FROM FORMER SECTION**

¶ 1. There is no provision of law making it compulsory for a finder of lost property to deposit it with the Police Department to enable it to locate its true owner, or any statute vesting the Property Clerk of the Police Department with authority to accept such deposit for that or any like purpose, or which empowers him to retain it for any period of time or to deal with or to exercise any right or dominion thereover. Hence Property Clerk of the Police Department, with whom finder of diamond had deposited it to enable the police to locate the true owner, was entitled to a return of the diamond where after six months the true owner had not appeared, since the finder is the owner of lost property against everyone but the loser.-Garramone v. Simmons, 177 Misc. 330, 30 N.Y.S. 2d 465 [1941].

¶ 2. Neither Admin. Code § 435-4.0, subd. d, relating to the registering and advertising of stolen property, nor subd. e relating to the disposal of stolen property authorized the acceptance or advertising by the Property Clerk of lost property offered to him for deposit to enable the true owner to be ascertained. Reference, in the title to subds. d and e, to **lost** and **unclaimed** property did not permit a construction that the Property Clerk was vested with authority to retain, advertise and dispose of lost property, inasmuch as the statute itself clearly expressed the legislative intent and made no provision for acceptance of lost property.-Id.

¶ 3. That the conduct of the Property Clerk and finder of the diamond resulted from a custom of long standing was not persuasive as to the proper construction of Admin. Code § 435-4.0, since usage or custom do not control plain language nor create or take the place of positive law.-Id.

¶ 4. Where safe deposit company maintained a branch bank and safe deposit at 125th Street, with the main office and major portions of the premises being the bank's, but with two rooms entering through the bank's office being operated by the safe deposit company, and in the first of these rooms, which was the one nearest the outer door, the safe deposit company's representative on the day in question and on several days prior thereto had been soliciting new accounts and selling United States bonds, such use of the room was deemed a public one and the room was deemed to constitute public premises within meaning of P.L. § 1300 and Admin. Code § 435-4.1. Hence, money found by customer on floor of the first room was required to be turned over to the Property Clerk of the City of N.Y., to be held in accordance with obligations under the law, and if no true owner appeared it was to be given to the finder.-Mfrs. Safe Deposit Co. v. Cohen, 200 Misc. 334, 101 N.Y.S. 2d 820 [1950]. See also 297 N.Y. 266, 78 N.E. 2d 604 [1948].

¶ 5. The plaintiff, when arrested on a gambling charge, had in his possession certain sums of money which were seized by the police and thereafter kept in the possession of the Property Clerk. After pleading guilty to the crime of bookmaking the plaintiff commenced an action to replevin the money retained by the Property Clerk. **Held** the plaintiff was not entitled to summary judgment for to recover in a replevin action plaintiff must show a possessory right recognized by law. As a professional gambler the plaintiff did not acquire title to money won on wagers because one cannot acquire a valid title by criminal means.-Hofferman v. Simmons, 290 N.Y. 449, 49 N.E. 2d 523 [1943].

¶ 6. Mere suspicion that money abstracted by the police from two safes on plaintiff's premises at time of a police raid constituted proceeds of a common gambling enterprise conducted by the plaintiff, did not justify the Property Clerk of the Police Department in retaining the money where the persons arrested at the time of the raid were acquitted of the charge of being common gamblers, and the affidavits submitted established that the moneys were received by plaintiff as club dues and for the use of its gymnasium facilities.-Roxy Athletic Club, Inc. v. Simmons, 44 N.Y.S. 2d 47 [1943], rev'd 80 N.Y.S. 2d 277 [1944].

¶ 7. Plaintiff **held** entitled to return of money taken from him by Police Department on ground he was a common gambler, where it appeared that he had been acquitted of criminal charges brought against him on such ground. Even if a gambling game were in progress just before the police officer entered the premises and that plaintiff participated in the game, there was no reason for indulging in the belief that he was a common gambler whose money was forfeit, as mere participation does not make one a common gambler.-Fuest v. Simmons, 112 (103) N.Y.L.J. (11-1-44) 1130, Col. 7 F.

¶ 8. Plaintiff, against whom an information charging him with being a common gambler in violation of Penal Law § 970 had been dismissed, was entitled to a return of the money taken from him by the Police Department. The plaintiff was not shown to have had any connection with the alleged "gambling house", and the broadest assumption permissible was that he was one of the players (203 N.Y. 73; 290 N.Y. 499; &c.).-Falotico v. Simmons, 113 (103) N.Y.L.J. (5-3-45) 1687, Col. 7 M.

¶ 9. Where the police had seized 268 bills, in denominations ranging from $1 to $100, which were found stuffed in plaintiff's pockets when the police raided premises wherein a dice game was in process, and thereafter plaintiff had been convicted for being a common gambler, plaintiff's contention that he had borrowed the money from relatives three days prior was deemed incredible and not to warrant the return to him of the seized money. Plaintiff's contention that the burden of proof was upon the city to establish precise identification of the money with the gambling activity, was rejected.-Goldberg v. Leuci, 123 N.Y.S. 2d 154 [1953].

¶ 10. In an action to recover certain guns allegedly not registered by plaintiff and consequently held in violation of the law and seized by the police following the arrest of plaintiff for illegal possession of gun charges, the evidence supported the finding that the guns were curios, flares, or used for repair parts only and that they were purchased from authorized vendors and due notice had been given to the police after each purchase.-Retting v. Leuci, 132 (82) N.Y.L.J. (10-27-54) 8, Col. 4 F.

¶ 11. Subdivision (f) of this section requires the plaintiff to establish among other things lawful use of the property. Thus, the plaintiff, who engaged in a shooting episode at a so-called social club, were not entitled to recover

three hunting rifles and a rifle scope, seized by the police at plaintiff's apartment along with some 24 other rifles, all stolen property.-Hmelo v. Rosetti, 18 Misc. 2d 603, 184 N.Y.S. 2d 823 [1959].

¶ 12. Where charges for discharging a rifle within City limits were dropped against the plaintiff, the Property Clerk of the New York City Police Department could not refuse to return plaintiff's confiscated rifle.-Hutchinson v. Rosetti, 24 Misc. 2d 949, 205 N.Y.S. 2d 526 [1960].

¶ 13. Petitioner was arrested for felonious assault and a .22 caliber rifle was taken from his apartment at the time of his arrest. Petitioner was acquitted of the charge and the District Attorney informed the Property Clerk that the rifle was no longer needed as evidence. The Police Commissioner refused to return the rifle on the ground that the arresting officer stated the petitioner admitted that he had fired one shot from his apartment into the street. **Held,** the refusal to return was justified. The dismissal of the assault charge would not prevent a prosecution for violation of Penal Law 1906 making it a misdemeanor to discharge a firearm in any public place, endangering life. Furthermore, petitioner's remedy if any is by replevin.-Harrison v. Kennedy, 205 N.Y.S. 2d 381 [1960].

¶ 14. The Property Clerk's right to cross-examine and test the questions of lawful title and lawful use pursuant to Admin. Code § 435-4.0, cannot be abrogated by a motion for summary judgment.-Cohen v. Leuci, 129 (13) N.Y.L.J. (1-20-53) 209, Col. 4 M.

¶ 15. County Court was without jurisdiction to determine ownership of property allegedly held by Property Clerk of the Police Department. Proper remedy was by civil suit under Admin. Code § 435-4.0.-People v. Peist, 129 (15) N.Y.L.J. (1-22-53) 246, Col. 8 F.

¶ 16. In action against City Property Clerk to recover currency lost by plaintiff, wherein the United States intervened, claiming a lien thereon for unpaid income taxes, the record was held to present issues of fact which could not be decided on a motion for summary judgment.-Costello v. Simmons, 269 App. Div. 823, 55 N.Y.S. 2d 735 [1945], aff'd without opinion, 295 N.Y. 801, 66 N.E. 2d 581 [1946].

¶ 17. Claimant of $27,200 cash, which on June 14, 1944, came into hands of the Property Clerk of the Police Department after being found in a taxicab, **held** not entitled to vacating of subpoena issued by Police Commissioner requiring appearance of claimant as witness before the Property Clerk for purpose of inquiring as to facts relative to justness of his claim. The validity of power of examination of the Property Clerk and the Police Commissioner's power to issue subpoenas to effectuate such examination have been sustained by Court of Appeals, the examination sought was reasonable and necessitated by claimant's arbitrary refusal theretofore to furnish the Property Clerk with necessary information, the examination of claimant on June 17, 1944, was never concluded and the examination sought was a continuance of the prior examination, and the examination was desirable in the interests of justice. Furthermore, there is nothing in the law which would prohibit a second examination, and in view of the prior appeal to the Court of Appeals there was no undue delay in issuing the subpoena, even though the trial of the claimant's replevin action was now imminent.-In re Costello, 116 (109) N.Y.L.J. (11-20-46) 1387, Col. 5 M.

¶ 18. Under Admin. Code § 435-4.0 and C.C.P. §§ 685-688, a person seeking a court order for delivery of money held by the Property Clerk of the Police Department must prove title in such money. It is not sufficient for an applicant merely to show that the sum in possession of the Property Clerk was removed from a safe deposit box in her own name, but she must go further and establish a lawful property right in the money and that she lawfully obtained possession thereof.-People v. Nickel, 118 (42) N.Y.L.J. (8-28-47) 336, Col. 6 F.

¶ 19. Testimony of claimant **held** insufficient to establish that sum of money in possession of Property Clerk, having been taken from a safe deposit vault in the name of claimant and another who had been convicted for complicity in the Mergenthaler Linotype "swindle", was claimant's lawful money, in view of her inability to establish the origin of any of the money found in the safe deposit box. Her testimony that the sum emanated partly from a divorce settlement and partly from earnings was unsupported by competent evidence. The money apparently originated in the

Mergenthaler "swindle" activities of the other party in whose name the safe deposit box was carried.-Id.

¶ 20. Defendant, who had pleaded guilty to burglary and been sentenced, **held** entitled to have turned over to him by the Property Clerk of the N.Y.C. Police Department a savings bank account in his name, where it was satisfactorily established that the moneys on deposit in such account were not the proceeds of any burglaries committed by defendant.-People v. Williams, 118 (83) N.Y.L.J. (10-18-47) 925, Col. 7 F.

¶ 21. Proceeding under C.P.A. Article 78 for order directing Property Clerk of the New York City Police Department to turn over to petitioner certain postal money notes in his custody, was dismissed, on ground petitioner had an adequate remedy at law in an action in replevin to recover possession of the property, and furthermore a conflicting claim to the notes was interposed by respondent M so that petitioner failed to make out a clear case for relief.-Miller v. Leuci, 105 N.Y.S. 2d 115 [1951].

¶ 22. Petitioner, who was arrested for grand larceny, applied under Art. 78 of the Civil Practice Act for an order directing the Property Clerk to turn over to him $225 taken from him at the time of his arrest. It was disputed whether this money was the proceeds of the alleged larceny. The petition is dismissed, the proper remedy being by an action of replevin.-Petz v. Property Clerk, 149 N.Y.S. 2d 179 [1956].

¶ 23. The Court did not have jurisdiction to direct the Police Department to turn over an automobile where the owner's action lay in replevin in a civil court.-People v. Donovan, 146 (73) N.Y.L.J. (10-16-61) 17, Col. 3 F.

¶ 24. Petitioner was not entitled to bring an Article 78 proceeding to compel the Property Clerk to surrender money found in petitioner's apartment where petitioner was thereafter charged with contriving a lottery or keeping a place for a policy game. The rights of the parties were not finally determined by the Property Clerk's refusal to answer petitioner's demand.-Zaccaro v. Rosetti, 146 (51) N.Y.L.J. (9-13-61) 11, Col. 4 F.

¶ 25. The power of the Property Clerk of the Police Department to examine respondent relevant to the justice of his claim to a certain fund in possession of the Property Clerk was held to have survived the institution of a civil action brought by respondent for recovery of the fund, and hence, motion to cancel subpoena issued by the Police Commissioner requiring petitioner to appear and be sworn before the Property Clerk and be examined, was denied.-Russo v. Valentine, 294 N.Y. 338, 62 N.E. 2d 221 [1945], rev'g 268 App. Div. 990, 61 N.Y.S. 2d 697 [1944], which had aff'd 182 Misc. 632, 49 N.Y.S. 2d 577 [1944].

¶ 26. The title to money taken from the defendant at the time of his arrest and placed in possession of the Property Clerk could not be decided upon an application for an order directing the Police Department to turn the money over to the defendant. The required procedure was an action in replevin.-People v. Ludwig, 135 (52) N.Y.L.J. (3-16-56) 7, 6 T.

¶ 27. The County Court did not have jurisdiction to determine the ownership of property which had been taken from a defendant at the time of his arrest and was being held by the Property Clerk of the Police Department. The proper remedy was a civil action under this section.-People v. Mistretta, 135 (118) N.Y.L.J. (6-19-56) 14, Col. 8 M.

¶ 28. Cash and savings bank books which were the proceeds of certain jewelry stolen from the plaintiff and had been seized by the police as evidence and were now in possession of the Property Clerk, should be returned to the plaintiff now that the criminal proceedings had been completed and the authorities had no further use for the cash or books as evidence (Admin. Code § 435-4.0).-Nat Koslow, Inc. v. Kelly, 194 Misc. 90, 86 N.Y.S. 2d 424 [1948].

¶ 29. Although it appears shocking, it seems to be the law of this State at the present time that the police can seize a citizen's property and then when he seeks to get it back challenge him to prove his title to the satisfaction of a jury.-Gonzales v. Leuci, 120 (85) N.Y.L.J. (11-1-48) 993, Col. 4 M.

¶ 30. Plaintiff was arrested in his parked automobile on suspicion of gambling. A search of the car revealed a secret compartment in which policy slips were found. A grand jury declined to indict plaintiff. But the Property Clerk

refused to return his automobile. **Held** the finding of policy slips in the secret compartment and the evidence of the police officers who had plaintiff under surveillance was sufficient to show that the car was being used for gambling purposes. Under this section, plaintiff was not entitled to recover possession of the car.-Angrisani v. Rosetti, 36 Misc. 2d 523, 233 N.Y.S. 2d 351 [1962].

¶ 31. Plaintiff was entitled to recover the possession of his car which had been seized by the police in connection with the arrest of three men who were charged with the possession of narcotics, but were subsequently acquitted. The men had been arrested while sitting in the car and they allegedly had a hypodermic needle in their possession. Plaintiff testified that he had no knowledge of illegal acts and had asked an acquaintance to watch his car which was parked at a construction site. He had not been charged with any crime and had no prior criminal record.-Cortes v. Rosetti, 38 Misc. 2d 250, 235 N.Y.S. 2d 403 [1962].

¶ 32. Plaintiff's car was seized by the police on the ground that it was used to conceal and convey narcotics, but the plaintiff was acquitted on the narcotics charge. Such an acquittal is immaterial in the present action. Plaintiff has a record of conviction for petty theft and has not satisfactorily explained the circumstances surrounding the seizure of the car. He has failed to meet the burden of proof as to his lawful right to the automobile. Judgment is granted in defendant's favor.-Sochemaro v. Rosetti, 6 Misc. 2d 23, 161 N.Y.S. 2d 454 [1957].

¶ 33. Where the police seized various pictures and publications upon the ground that they were obscene, the owner was not entitled to summary judgment for the possession thereof. The question of obscenity remained to be determined.-Marino v. Rosetti, 140 (123) N.Y.L.J. (8-1-58) 3, Col. 4 M.

¶ 34. An order for the property clerk to return property to its lawful owner need not be signed by the judge who authorized the warrant under which the property was originally seized.-In re Rosa, 140 (103) N.Y.L.J. (11-28-58) 12, Col. 1 M.

¶ 35. Where petitioner was acquitted upon a trial for abortion, she was entitled to an order for the return of $1,800 taken from her safe at the time of her unlawful arrest without warrant.-Matter of Marshall, 17 Misc. 2d 985, 181 N.Y.S. 2d 413 [1959].

¶ 36. A convict held in State prison may not bring a proceeding to compel the return to him of moneys taken from him at the time of his arrest.-In re De Rosa (Rosetti), 141 (17) N.Y.L.J. (1-26-59) 13, Col. 4 F.

¶ 36.1. Article 78 proceeding brought by petitioner to recover sum of money from Police Property Clerk. **Held:** the proceeding dismissed as proper remedy is by an action in replevin. Furthermore, petitioner being confined in a state prison could not maintain the proceeding while incarcerated.-Matter of Elfe (Commissioner of Police of New York City), 144 (60) N.Y.L.J. (9-26-60) 12, Col. 7 F.

¶ 37. A person confined in a State prison, was not entitled to bring a C.P.A. Article 78 proceeding for the return of property which was taken from him at time of his arrest.-Colligan v. Rosetti, 150 (81) N.Y.L.J. (10-23-63) 12, Col. 4 M.

¶ 38. The petitioner was not entitled to recover boxes containing books of lewd and indecent pictures from the Property Clerk, since same were pornographic and obscene.-Himmel v. Rosetti, 142 (98) N.Y.L.J. (11-19-59) 12, Col. 3 F.

¶ 39. Where, at the time of petitioner's arrest on a charge of illegal practice of dentistry, the police searched his apartment without a warrant and seized certain dental instruments and equipment, petitioner was entitled to an order for the return of such property. The prosecutor could still take lawful measures to secure these items if they were needed for evidence. Subsequently the Police Department and the prosecutor were directed to release to the petitioner photographs and photostats relating to his property.-Silfa v. Kennedy, 5 Misc. 2d 375, 159 N.Y.S. 2d 68 [1957], aff'd 3 A.D. 2d 818, 161 N.Y.S. 2d 572 [1957], aff'd 3 N.Y. 2d 734, 163 N.Y.S. 2d 971, 143 N.E. 2d 518 [1957].

¶ 40. Where plaintiff had no knowledge and did not acquiesce in actions of his son he was entitled to replevin automobile seized by police who had unlawfully searched and seized automobile and arrested son and charged him with unlawful possession of narcotic drugs secreted in motor vehicle. Because the illegally obtained evidence was suppressed in the criminal proceeding there was no justiciable defense to the replevin action. Chmielewski v. Rosetti, 59 Misc. 2d 335, 298 N.Y.S. 2d 875 [1969].

¶ 41. A wife was not permitted to recover a car owned by her and used by her husband in connection with gambling activities that the wife knew about or should have known about.-Rivera v. Rosetti, 38 Misc. 2d 1030, 239 N.Y.S. 2d 691 [1963].

¶ 42. Petitioners who were awaiting trial for having violated the gambling laws of the state brought an Article 78 proceeding directing the Property Clerk of the City of New York to return to them certain property seized at the time of their arrest. The court held that where the question of the status of the sums of money and automobiles as "evidence" was disputed it may not be resolved in such a mandamus proceeding. Hence petitioners were not entitled to return of the property.-D'Alessio v. Rosetti, 155 (34) N.Y.L.J. (2-17-66) 16, Col. 7 M.

¶ 43. Property Clerk of Police Department was directed to return petitioner's twenty-eight foot cruiser after charge that he attempted grand larceny in a claim made to an insurance company for destruction of the boat by fire was dismissed and where boat had been held without any legal process despite claim of District Attorney that retention of boat was necessary after indictment of son of owner to show that no fire ever occurred thereon where there was no reason why such proof could not be established by witnesses and pictures. Garafolo v. Leary, 158 (90) N.Y.L.J. (11-9-67) 21, Col. 4 T.

¶ 44. Civil rights of person under arrest but before conviction are not suspended and thus such a person could sell his motor vehicle to his father and where motor vehicle was not used to aid in the commission of the crime of which the transferor was convicted the transferee was entitled to replevin it. Williams v. Rosetti, 57 Misc. 2d 62, 291 N.Y.S. 2d 738 [1968].

¶ 45. Plaintiff who presented a paid bill and cancelled check showed that he had paid for a quantity of razor blades which had been seized by a detective of the Police Department without a warrant over a year before, was entitled to their return where although it was claimed that they constituted the product of a crime no one had been charged in connection with the property.-Entin v. Rosetti, 163 (121) N.Y.L.J. (6-24-70) 13, Col. 6 T.

¶ 46. The proper remedy for person seeking return of automobile which had been impounded but was no longer needed by the authorities in the prosecution of a crime with which petitioner was charged was by an action in replevin and not by an Article 78 proceeding.-Johnston v. Rosetti, 165 (93) N.Y.L.J. (5-14-71) 19, Col. 4 F.

¶ 47. Plaintiff insurer who was the subrogee of the former owner of a motor vehicle which was being held by Police Property Clerk following its recovery after it had been stolen was entitled to its possession where the car had been recovered on October 1, 1969 and it was not shown that the car was the instrumentality or fruits of a crime and the car was not contraband. Moreover, the city has the burden of proving that the investigation had not been completed.-County-Wide Insur. Co. v. Rosetti, 164 (12) N.Y.L.J. (7-17-70) 8, Col. 6 F.

¶ 48. Section giving Police Property Clerk power to dispose of property taken in criminal proceeding was declared unconstitutional except as to property seized as contraband on ground of violation of due process.-McClendon v. Rosetti, 460 F. 2d 111 (C.A. 2, 1972).

¶ 49. Although McClendon v. Rosetti (460 F. 2d 111) declared this section unconstitutional as applied to persons from whom money or property other than contraband has been taken because it placed the burden of proving lawful title and property right and lawful use on the claimant, that case does not preclude the city from seizing or confiscating contraband and hence the plaintiff was not entitled to summary judgment for the recovery of a sum of money from the Police Property Clerk seized in connection with plaintiff's arrest on a gambling charge since the city might be able to

prove on a trial that the money was contraband.-Yedvobnick v. Grupposo, 73 Misc. 2d 689, 343 N.Y.S. 2d 293 [1973].

¶ 50. Police Department Property Clerk was directed to turn over to plaintiff her automobile and registration documents which were seized when her father was arrested for illegal possession of 200 cartons of untaxed cigarettes contained in the car which he had permission to use even though the case against him was still pending, since the seizure of property not belonging to the defendant in the criminal proceeding, without proof that the owner of the property was a party to the criminal act, or knew and sanctioned the use of the property for criminal purposes, is not permitted.-Aronofsky v. Grupposo, 72 Misc. 2d 701, 339 N.Y.S. 2d 299 [1972].

¶ 51. Where Police Property Clerk disposed of automobile in violation of law in that the notice of the disposal or sale of property was inadequate and because this section is unconstitutional as applied to noncontraband not related to a criminal proceeding and not needed as evidence, petitioner was entitled to the fair market value of the vehicle at the time of seizure.-Hill v. Gold, 79 Misc. 2d 1055, 362 N.Y.S. 2d 328 [1974].

¶ 52. Where police found $9,000 in a pillowcase along with cocaine and drug paraphernalia, evidence in proceeding by defendant against city for return of cash seized during arrest as to whether money represented proceeds of a crime or was used in the course of criminal activity was ambiguous and hence summary resolution could not be made and matter was remitted for a hearing on the issues.-Matter of City of N.Y. v. Cosme, 67 A.D. 2d 852 [1979].

¶ 53. Where money was found in a locked cabinet in a room separate from where gambling operations were taking place it could not be considered contraband and claimant was entitled to return of the money from the Police Department Property Clerk.-In re City of N.Y. (Steigerwald), 180 (68) N.Y.L.J. (10-6-78), 4, Col. 4 T.

¶ 54. N.Y.C. Criminal Court has jurisdiction to order release of "spring whips" held by police after criminal charges against defendant were dismissed by the court and defendant was not required to bring a civil action of replevin where there was no question that he was the owner of property, the property was not needed by the people as evidence and it was not contraband.-People v. Braunhut, 101 Misc. 2d 975 [1979].

¶ 55. Summary relief was not warranted where Property Clerk brought proceeding to have cash found in desk of respondent which was searched pursuant to a warrant forfeited when the desk also contained illegal gambling records and respondent was arrested and pleaded guilty to possession of gambling records since there was a factual issue as to whether the cash constituted the proceeds of illegal gambling activities.-Property Clerk of N.Y.C. Police Dept. v. Di Paola, 78 A.D. 2d 834 [1980].

¶ 56. That district attorney permitted driver of car to plead guilty to disorderly conduct rather than drug paraphernalia charges was not binding in a civil proceeding for forfeiture of money as constituting the proceeds of a crime since a decision not to press criminal charges is less determinative in a subsequent civil proceeding than a judgment of acquittal.-Property Clerk v. Corbett, 116 Misc. 2d 1097 [1982].

¶ 57. Taxicab and medallion were forfeited as money or property used in commission of crime. The court found that a medallion is not money or physical property and therefore cannot be subject to such forfeiture provisions.-Property Clerk of N.Y.C. v. Maurice Rosea, 99 A.D. 2d 961 [1984].

¶ 58. Property Clerk seeks judgment to declare property seized. Criminal charges against individual, who was officer of non-profit social club, for selling and storing liquor without a license were dropped. An independent determination must be made in civil proceeding as to whether the seized property constitutes the proceeds of a crime. The court found that the property did constitute the proceeds of a crime.-Property Clerk, N.Y.C. Police Dept. v. Welgart, 191(54) N.Y.L.J. (3-20-84) 6, Col. 2 B.

**CASE NOTES**

¶ 1. Forfeiture proceedings must be instituted within 10 "working days" rather than 10 "calendar days" pursuant to

a controlling 1974 Federal court order in McClendon v. Rosetti (460 F2d 111, 114-116) which ruled on unconstitutional application of former § 435-4.0. Property Clerk has the burden of proving he is entitled to detain property. The order applies to return of property by claimant's demand and without judicial intervention. § 14-140 provides that Property Clerk retain property or money which are proceeds or instumentality of a crime and that the prisoners are not lawful claimants to such property or money.-Property Clerk, NYC Police Dept. v. Seroda 131 A.D. 2d 289 [1987].

¶ 2. Property seized in connection with commission of a crime within 90 days from release by District Attorney. This auto was seized when respondent was arrested with a dangerous weapon and possessing a controlled substance. It was delivered to Property Clerk "suspected of having been used . . . in aid . . . of crime", § 14-140(b). Auto must be released after 10 days if the Property Clerk has not commenced forfeiture proceedings. Clerk does not have untrammeled discretion to start forfeiture proceedings.-Property Clerk v. Madden, 138 Misc.2d 1023, 526 N.Y.S.2d 710 (Sup.Ct. New York Co. 1988).

¶ 3. Vehicle being held as evidence in pending criminal prosecution may not be seized by plaintiff with a security interest. District attorney must release the vehicle before the Property Clerk may determine if there is a basis for civil forfeiture of vehicle as instrumentality of a crime. Such a proceeding must be commenced by the Property Clerk within 10 working days following release of the property.-Chrysler Credit Corp. v. Shaw, 139 Misc. 2d 154 [1988].

¶ 4. Property Clerk is authorized to bring a forfeiture action by authority delegated to him by Corporation Counsel, § 392(a), § 394(c). Although property was seized during a drug sale it must also be proved that defendant, while not present when alledged crime took place had knowledge of future illegal use. Replead case.-Property Clerk v. Covell, 139 Misc. 2d 707, 528 N.Y.S.2d 299 (Sup.Ct. New York Co. 1988).

¶ 5. Property Clerk may bring forfeiture proceeding against owner of an automobile seized carrying controlled substance. It is an affirmative defense that the defendant property owner did not know his property was being used for this purpose but burden of proof is on defendant.-Property Clerk v. Scricca, 140 Misc. 2d 433 [1988].

¶ 6. Criminal forfeiture proceeding may be brought even though respondent plea bargained from a drug possession charge to a disorderly conduct violation. However the car used was merely a means of locomotion to make drug purchase and did not make underlying "crime" any easier to commit. Respondent left car to make purchase. Further the Admin. Code contains no express provision authorizing forfeiture of vehicles transporting contraband.-Property Clerk v. Aponte, 141 Misc. 2d 129 [1988].

¶ 7. In a forfeiture proceeding pursuant to § 14-140(b)(e), authorizing police to keep a vehicle or property used as a means of committing a crime, service on respondent's parent at last known address pursuant to CPLR § 308(2) is allowable as a higher form of service than Public Health Law § 3388(5) which deals with such forfeitures. Also, dismissal of the criminal charge does not determine issues in civil forfeiture proceeding.-Property Clerk v. Mason, 145 Misc. 2d 1059 [1989].

¶ 8. When a forfeiture proceeding is commenced pursuant to § 14-140 and not CPLR Article 13-A and property other than contraband is taken from the person at the time of arrest, there is no requirement that the complaint be verified.-Property Clerk v. Gully, 144 Misc. 2d 833 [1990].

¶ 9. Authorization of the Police Department Property Clerk to seize and maintain possession of any property suspected of having been "used as a means of committing crime or employed in aid or furtherance of crime" (Admin. Code § 14-140) is not unconstitutional because forfeiture procedures, although predicated on criminal behavior, are civil in nature and does not amount to double jeopardy, there is no impropriety in the imposition of both criminal and civil penalties based on the same criminal acts.-Property Clerk v. Ayre, 147 Misc. 2d 774.

¶ 10. The adjournment of the criminal matter in contemplation of dismissal of that action, where respondent drove her passenger to a drug-prone area, purchased a vial of crack cocaine and returned to the vehicle, did not operate as an adjudication of the claim to ownership of property subject to forfeiture, nor did the waiver executed by the District

Attorney stating that the automobile was not required for prosecution of the crime pursuant to section 14-140(e)(1) of the Admin. Code of the City of New York which precludes any person who "permits or suffers" property to be "employed in aid or furtherance of crime." from making claim to the property in a forfeiture action.-Property Clerk v. Lanzetta, 157 A.D. 2d, 600. Property Clerk v. Lanzetta reversed 157 A.D. 2d 600 [Jan. 1990], disposal of a criminal action by adjournment in contemplation of dismissal and the ultimate dismissal of that action does not preclude a civil forfeiture proceeding.

¶ 11. Use of a vehicle to transport a controlled substance away from the point of sale is sufficient to substantiate a finding that the vehicle was used to aid a crime, i.e. possession of a controlled substance. Property Clerk of New York City Police Dept. v. Negron, 157 A.D.2d 602, 550 N.Y.S.2d 351. Thus, the fact that respondent id not use the car during the actual purchase or that the sale occurred only a few blocks from respondent's home will not prevent forfeiture of the car, where he was seen driving away in his vehicle from the scene of a drug purchase and a post-arrest search uncovered the presence of drugs. Property Clerk, New York City Police Department v. Aponte, 158 A.D.2d 431, 552 N.Y.S.2d 118 (1st Dept. 1990).

¶ 12. Respondent's car was seized following his arrest on a drug possession charge. He later pleaded guilty to disorderly conduct in exchange for which the prosecutor was to "release the necessary papers to have the Police Department release the vehicle in question." However, the court denied a forefeiture proceeding in the interest of justice . Even assuming that the release by the District Attorney did not preclude an independent forfeiture proceeding by the Police Property Clerk, such a forfeiture would be unfair here, the court said; the guilty plea eliminated the need to call witnesses at trial, and it appeared that the promise of having the automobile returned was an important consideration in respondent's decision to plead guilty. Property Clerk of the City of New York v. Ferris, 158 A.D.2d 433, 552 N.Y.S.2d 119 (1st Dept. 1990).

¶ 13. An Article 78 action may be maintained by incarcerated petitioner seeking to compel the NYC Police Dept. Property Clerk to return money recovered from petitioner upon his arrest (see Admin. Code § 14-140(b)) without having first filed a notice of claim because petitioner is seeking to compel respondent to perform a ministerial, nondiscretionary and nonjudgmental act, an act previously authorized by the District Attorney.-Torres v. NYC Police Dept., 147 Misc. 2d 137.

¶ 14. Admin. Code of the City of NY section 14-140(e)(1) provides for the civil forfeiture of property which is employed in aid or in furtherance of crime and must be read in harmony with CPL170.55(6). The Property Clerk is not seeking a civil forfeiture on the basis of the grant of an adjournment in contemplation of dismissal, but rather on the underlying facts leading to respondents arrest.-Property Clerk v. Famiglietti, 160 A.D. 2d 542.

¶ 15. Property Clerk v. Negron reversed 157 A.D. 2d 602 [Jan. 1990], held that use of the vehicle to transport a controlled substance away from the point of sale is sufficient to substantiate a finding that the vehicle was employed to aid a crime.

¶ 16. Automobile used to patronize a prostitute was "employed in aid and furtherance of crime" and is subject to forfeiture provisions of § 14-140.-Property Clerk v. Small, 153 Misc. 2d 673 [1992].

¶ 17. A school teacher at George Washington High School was arrested after police officer observed him enter his car, which he had parked hours earlier in teachers' parking lot, and sniff cocaine. Court ruled that vehicle was "employed in aid or in furtherance of crime" within the meaning of § 14-140(e)(1) when used to conceal defendant's use of an illegal drug. Car was used as a "portable haven for carrying on illicit activities during the school day."-Property Clerk v. Vogel, 175 A.D. 2d 760 [1991].

¶ 18. Ford Motor Credit Co. was lienholder on a vehicle used in a drug purchase. As an instrumentality of crime, the car was subject to forfeiture under § 14-140. Ford contends city's forfeiture procedure is constitutionally unfirm because it doesn't require notice to lienholder nor grant "wholly innocent" lienholders right to possession. These

contentions have no merit. Ford received notice of seizure and participated in disposition proceedings. Furthermore a claim of innocence does not defeat forfeiture. Prop. Clerk & Ford v Molomo, 81 NY 2d 936, 597 N.Y.S.2d 661 [1993]

¶ 19. Forfeiture of an auto was not excessive penalty or fine for Class B misdemeanor of patronizing a prostitude. It is not double jeopardy to prosecute defendant after he has paid $1,000 fine to retrieve his auto. People v Milone, 158 Misc 2d 316 [1994], 600 NYS 2d 1010.

¶ 20. A forfeiture action based on the presence in an automobile of illegal drugs, was dismissed, where the court found that the placement of drugs on the tailpipe of the vehicle was without the knowledge of the owner. Property Clerk, New York City Police Department v. Velez, 202 A.D.2d 305, 609 N.Y.S.2d 194 (1st Dept. 1994).

¶ 21. Where a forfeiture proceeding has been brought by reason of the use of a vehicle in making a drug purchase, a lienholder is not entitled to immediate possession of the vehicle but can only satisfy its lien from the proceeds of the property after the forfeiture has been adjudicated. Although the lienholder was not guilty of wrongful conduct and potentially stood to lose its security interest, this result was mandated by the law. The risks for the lienholder are no greater in this instance than they would be, for example, if a debtor violated a retail installment contract by failing to obtain the required insurance and the vehicle were stolen or destroyed. Property Clerk, New York City Police Department v. Molomo, 179 A.D.2d 210, 583 N.Y.S.2d 251 (1st Dept. 1992).

¶ 22. Where in a criminal action an order is issued directing the Propety Clerk to return property, that order is not appealable by the City. People v. Renville-Oviedo, 178 A.D.2d 442, 577 N.Y.S.2d 301 (2nd Dept. 1991).

¶ 23. When the Property Clerk seeks to justify continued retention of property which has come into his possession but is no longer related to or needed as evidence in a pending criminal proceeding, due process requires the commencement of a timely action and proof by a preponderance of evidcne that the Property Clerk is entitled to retain the property. Here, the Property Clerk sought to retain possession of an automobile by reason of reckless driving committed by the owner's son. The court held that the mere fact that the owner had permitted his son to use the car was not enough to justify forfeiture. Instead, the Property Clerk had to show that the father permitted the illegal use of the property. Thus, the Property Clerk had to establish that when the owner permitted his son to use the car, he knew or should have known that the car would be used in furtherance of or the instrumentality of, a crime. Property Clerk, New York City Police Department v. Pagano, 170 A.D.2d 30, 573 N.Y.S.2d 658 (1st Dept. 1991).

¶ 24. The Police Department sought forfeiture of a vehicle in which respondent was observed sniffing cocaine. In opposing forfeiture, respondent contended that his car was merely the place he was sitting when arrested. The court, however, held that the City could maintain an action seeking forfeiture, on the theory that the car was used as a "portable haven for carrying on illicit activities durint the school day." Respondent, a teacher, returned to the teachers' parking lot hours after he had parked it and was caught with the drugs. The forfeiture law does not require that the respondent use the car for the transport of narcotics away from the point of sale or to transport the user away from the place where the drugs were purchased. In other words, the use of the vehicle to facilitate the possession and use of illegal drugs. Property Clerk, New York City Police Department, 175 A.D.2d 760, 573 N.Y.S.2d 511 (1st Dept. 1991).

¶ 25. The court found the evidence sufficient to justify a forfeiture of an automobile, where police officers testified that defendant had been seen driving an automobile to a location known for its illegal drug transactions, engaging in such a tranasaction himself and leaving the area. Upon a search by the police, defendant was found to possess a white powder which was later confirmed to be heroin. Where the laboratory report was admiissible into evidence as a record maintained in the ordinary course of business, the Property Clerk was not required to call a chemist as a witness to prove its case. Property Clerk, New York City Police Department v. McDermott, 185 A.D.2d 134, 585 N.Y.S.2d 746 (1st Dept. 1992).

¶ 26. The dismissal of a criminal action does not preclude a civil forfeiture action based on the alleged criminal activity. Property Clerk, City of New York v. Jacobs, 650 N.Y.S.2d 711 (App.Div. 1st Dept. 1996). The institution of

the civil proceeding does not constitute double jeopardy (see Property Clerk, New York City Police Department v. Hyne, 147 Misc.2d 774, 557 N.Y.S.2d 244 [Sup. Ct. New York Co. 1990]).

¶ 27. Since forfeiture is a civil proceeding, petitioner need only prove by a preponderance of evidence (as opposed to proof beyond a reasonable doubt) that the property is subject to forfeiture. Property Clerk of New York City Police Department v. Ferris, 77 N.Y.2d 428, 568 N.Y.S.2d 577 (1991).

¶ 28. Respondent was driving on his way home from work when he stopped to purchase a small quantity of heroin. When he was arrested for drug possession, the City sought forfeiture of respondent's automobile, which he was driving when he stopped to buy the drugs. The court held that the use of a vehicle to transport a controlled substance away from the point of sale is sufficient to sustain a finding that the vehicle was employed in furtherance of a crime. Thus, the facts that respondent did not use his car in the actual purchase of the controlled substance or that the sale occurred only four blocks from respondent's home, are irrelevant where he was seen driving away in his vehicle from the scene of the transaction and a post-arrest search uncovered the presence of the contraband. Property Clerk, New York City Police Dept. v. Aponte, 158 A.D.2d 431, 552 N.Y.S.2d 118 (1st Dept. 1990).

¶ 29. The statute provides that property seized by the police that remains in the custody of the Property Clerk for three months without a lawful claimant being entitled thereto, is paid to the Police Pension Fund. This simply fixes the point at which the Property Clerk may be relieved of the responsibility of retaining the money in custody, and provides for the transfer of the money from one fund to another at the end of the statutory period. It does not impose an affirmative obligation on the owner to demand the money within 90 days of dismissal of the criminal charges or impose any penalty for failure to do sol. Thus, even past the 90 day period, an owner may maintain a common law replevin action to recover the property. Moreno v. City of New York, 69 N.Y.2d 432, 515 N.Y.S.2d 733 (1987).

¶ 30. A forfeiture proceeding is timely if it was served upon respondent within ten working days of the owner's demand for return of the property. Property Clerk, New York City Police Department v. Weisbard, 145 A.D.2d 335, 534 N.Y.S.2d 997 (1st Dept. 1988).

¶ 31. The City's policy of seizing the vehicles of persons arrested for driving while intoxicated, has been upheld. The City's rationale is that the vehicle has been used in furtherance of a crime. The court rejected claims that the policy violated the due process clauses of the state and federal Constitutions, that the forfeiture constituted an excessive "fine" under the state and federal Constitutions, and that the forfeiture was an unreasonable seizure within the meaning of the Fourth Amendment of the federal Constitution. Grinberg v. Safir, 181 Misc.2d 444, 694 N.Y.S.2d 316 (Sup.Ct. New York Co. 1999), aff'd 266 A.D.2d 43, 698 N.Y.S.2d 218 (1st Dept. 1999). However, a federal court found the statute to be unconstitutional. See Krimstock v. Kelly, note 34.

¶ 32. The City obtained a closing order in connection with a motel alleged to be a site for prostitution activity. The City seized books, records, currency and computer hardware and software, purportedly for "safekeeping." The owner of the premises demanded the return of the property but the City refused. The court held that where the City produced only bald, conclusory allegations that the property had been used in connection with criminal activity, and the City had held the property for more than two months without commencing a forfeiture proceeding, there was no longer any basis for continuing to hold the property. Accordingly, the court ordered the City to return the property to the owner. City of New York v. Jai Balaji, 176 Misc.2d 719, 673 N.Y.S.2d 861 (Sup.Ct. Queens Co. 1998).

¶ 33. The City has aggressively pursued vehicle forfeiture cases where the vehicle owner has been charged with driving while intoxicated. The situation, however, is complicated where the vehicle purchased was financed. Where the secured lender would stand to lose its security if the forfeiture were sustained, the lender has the right to intervene in the forfeiture proceeding. Property Clerk, New York City Police Dept. v. Lee, 183 Misc.2d 360, 702 N.Y.S.2d 792 (Sup.Ct. New York Co. 2000).

¶ 34. Claimant vehicle owners successfully challenged a New York statute, which permitted the pre-conviction

seizure of vehicles driven by persons accused of driving while intoxicated. The court held that the law violated the Due Process clause of the Fourteenth Amendment because it did not provide for a hearing, promptly after the seizure, to contest probable cause for the seizure. The challenge may not be made until the City seeks the vehicle's forfeiture in a separate civil proceeding that could take place months or even years after the seizure. A car or truck is often central to a person's livelihood or daily activities. An individual must be permitted to challenge the City's continued possession of his or her vehicle during the pendency of legal proceedings where such possession may ultimately prove improper and where less drastic measures than deprivation **pendente lite** are available and appropriate. Although the City argued that seizure was necessary to insure that vehicles would not be disposed of by the owners prior to the institution of forfeiture proceedings, the court said that the City's concerns could be met by lesser measures, such as the filing of a bond or a court order restraining the sale or destruction of the vehicle. The City also argued that since forfeiture is an **in rem**proceeding, jurisdiction was dependent upon its continued possession of the vehicle, but the court said that possession of the **res**during the entire course of the proceedings was unnecessary to preserve jurisdiction. The City also sought to justify the seizures by citing the need to prevent intoxicated drivers from driving again, but the court found that the pre-conviction seizure did not necessarily achieve this objective, since the drivers are not prevented from driver any other vehicle when the opportunity presents itself (e.g. the driver could borrow a car from a friend). As a remedy, Court of Appeals directed that claimants be given a prompt post-seizure retention hearing, with adequate notice. The case was remanded to the District Court, which will fashion appropriate procedural relief consistent with the Court of Appeals opinion. Although the Court of Appeals declined to dictate a specific form for the prompt retention hearing, it said that as a minimum, the hearing must enable claimants to test the probable validity of continued deprivation of their vehicles, including the City's probable cause for the initial warrantless seizure. In the absence of either probable cause for the seizure or post-seizure evidence supporting the probable validity of continued deprivation, the owner's vehicle would have to be released during the pendency of the criminal and civil proceedings. Krimstock v. Kelly, 306 F.3d 40 (2d Cir. 2002), cert denied, 539 U.S. 969, 123 (S.Ct. 2640, 2003).

¶ 35. CPLR 1311(4), which provides for dismissal of forfeiture actions in the interests of justice, does not apply to forfeiture actions brought by the Property Clerk under Adm. Code. Sec. 14-140. In effect, this means that a plea bargain reached between a defendant and the District Attorney will not be binding on the Property Clerk, who can still bring a forfeiture proceeding. Property Clerk, New York City Police Department v. Deans Overseas Shippers, Inc., 275 A.D.2d 204, 712 N.Y.S.2d 492 (1st Dept. 2000).

¶ 36. In some cases, the City has sought forfeiture of property which is encumbered by prior liens. Suppose, for example, a driver is stopped by police for driving while intoxicated, and the vehicle is seized. Suppose further that the vehicle was financed, and that the financing company previously filed a lien. A court, however, has held that the lien holder has only limited rights in such a situation. The City can still sell the property, and if the proceeds of sale are insufficient to repay the lien holder's remaining principal balance, the lien holder will have to seek a deficiency judgment against the borrower. Moreover, the lien holder does not have standing to challenge administrative fees which may be imposed by the Property Clerk. Property Clerk v. Aquino, N.Y.L.J., Oct. 2, 2000, page 26, col. 1 (Sup.Ct. New York Co.).

¶ 37. A civil forfeiture complaint must allege the specific acts justifying forfeiture of the vehicle. Property Clerk, New York City Police Dept. v. BMW Financial, 293 A.D.2d 378, 740 N.Y.S.2d 608 (1st Dept. 2002), leave to appeal dismissed, 98 N.Y.2d 715, 748 N.Y.S.2d 896, 2002.

¶ 38. In one case, the criminal charges against claimant were dismissed, by reason of the District Attorney's failure to proceed to trial within 90 days of commencement (Criminal Procedure Law §30.30(1)). Property Clerk v. Bonilla, N.Y.L.J., Nov. 25, 2002, page 20, col. 1 (Sup.Ct. New York Co.).

¶ 39. In one case, a man was arrested on drug charges, and the vehicle he was driving at the time was seized by the City. In a post-seizure vehicle retention hearing, it was established that the vehicle was jointly owned by the man and his wife. At a hearing before the Office of Administrative Trials and Hearings (OATH), OATH found that the City had demonstrated probable cause for the husband's arrest and a likelihood that the City would be able to prove its

entitlement to forfeiture of the vehicle. The wife claimed to be an innocent owner (unaware that the vehicle was allegedly being used in furtherance of a crime), and OATH directed a release of the vehicle on the ground that the City had not established that the wife was not a lawful claimant. Although the Supreme Court upheld the position of OATH, the Appellate Division, First Department reversed. It is true that where there is one owner who was involved in the commission of the crime and one innocent owner, the innocent owner's interest in the property is not subject to forfeiture. However, the innocence of one co-owner does not change the fact that the interest of the co-owner charged with using the vehicle illegally is potentially subject to forfeiture. If the City (having shown a requisite case against the husband) were required to release the vehicle based on the innocence of the wife, the City's ultimate right (after a final determination on the merits) to the interest of the charged owner would, as a practical matter be destroyed. On the other hand, if the City were permitted to retain the vehicle, the wife's interest in the vehicle would not be at risk, because the wife would receive a share (one-half, in this case) of the proceeds of the forfeiture sale (less administrative expenses). Police Property Clerk v. Harris, 34 A.D.3d 215, 825 N.Y.S.2d 442 (1st Dept. 2006).

¶ 40. A vehicle was seized in connection with a drug arrest. The wife of the arrested man sought to retain possession of the car as an "innocent co-owner." The court held that, although the City does not have to prove, at a post-seizure retention hearing, that the co-owner is not an innocent co-owner, due process requires that an innocent co-owner be given an opportunity to demonstrate that his or her present possessory interest in a seized vehicle outweighs the City's interest in continuing impoundment. The wife claimed to be innocent in the sense that, even though she knew of her husband's prior criminal background, she allegedly was not aware that he was again getting involved in drug activity. Additionally, she and her husband were making regularly scheduled car payments, and she would lose substantial funds if the car were not returned. An innocent co-owner's possessory interest is significant, since a car is a necessity of life. The prospect of a proportional payment of future forfeiture proceeds probably will not be sufficient to compensate the co-owner, who lost possession and use. Moreover, if an innocent co-owner is not permitted to contest impoundment, there is a substantial risk of an erroneous deprivation of a present possessory interest in a vehicle. It is true that the government's interest in preventing an impounded vehicle's future use in furtherance of a crime is significant. However, that interest will not always trump an innocent co-owner's possessory interest. Instead, the adjudicating body (Office of Trials and Appeals must balance both sets of interests to determine whether continued possession to prevent future criminality is justifiable, and whether means other than retention (such as posting a bond or temporary restraining order prohibiting sale or destruction would adequately protect the government's interest in future forfeiture proceeds. Thus, a co-owner should be entitled to return of the vehicle if he or she can establish a valid title, and show they were not participants or accomplices in the crime and did not knowingly permit the vehicle to be used in furtherance of the crime, and that continued deprivation would substantially interfere with his or her ability to obtain critical life necessities, such as earning a living, obtaining an education or receiving medical care. Property Clerk of the Police Dept. of the City of NY v. Harris, 9 NY3d 237, 848 NYS2d 588 (2007).

**FOOTNOTES**

1

[Footnote 1]: * In **McClendon v. Rossetti** 460 F.2d 111 (2d Cir. 1972) the court held that certain procedures of the police property clerk, which required persons from whom property was taken in the course of an arrest to commence a court proceding to obtain the return of such property, combined with the provisions of section 14-140(f) of the Administrative Code which require such persons to prove lawful possession of the property denied such persons due process of law under the Fifth and Fourteenth amendments to the U.S. Constitution. Subsequent to the McClendon decision the Police Department and the District Attorneys adopted procedures for claiming property taken or obtained by the police in the course of an arrest which were approved by the **McClendon** court. These procedures are codified as Subchapter B of chapter 12 of title 38 of the Rules of the City of New York.

§ 14-147 Workers' compensation for members of auxiliary police.

a. As used in this section, the term "member of the auxiliary police" shall mean and include only a volunteer who is a duly enrolled member in good standing of the auxiliary police which the city is authorized to recruit by subdivision five of section twenty-three of the New York state defense emergency act, as enacted by chapter seven hundred eighty-four of the laws of nineteen hundred fifty-one, and who is not within the coverage of the workers' compensation law pursuant to group seventeen of subdivision one of section three of the workers' compensation law.

b. Pursuant to the authorization contained in group nineteen of subdivision one of section three of the workers' compensation law the coverage of the workers' compensation law is hereby extended to the activities of any member of the auxiliary police during any period which such member is actually engaged in auxiliary police activites duly authorized by regulation or order issued pursuant to the New York state defense emergency act including any such activities as may be prescribed by the commissioner of the city pursuant to such regulation or order, such coverage shall extend to such member of the auxiliary police, but only to the extent that such member is not, as to any such activities, covered by article ten of the workers' compensation law.

CHAPTER 1 POLICE DEPARTMENT

§ 14-148 Uniform allowance for members of auxiliary police.

a. Legislative intent. In the public interest and under the powers granted by the charter to the council to enact legislation for the good and welfare of the citizens of New York, it is the intent of the council by this legislation to attract more men and women to serve as auxiliary police. These men or women are trained by our regular police forces and are similarly uniformed and equipped except that they do not carry guns. The appearance on the streets of many men or women wearing the police uniform, in precincts where auxiliary police are active, has done much to reduce the crime rates in those areas. Auxiliary police serve without pay as civic minded citizens. Their presence in uniform on the streets serves to release regular uniformed police for patrol duty and lessens the neighborhood fear of crime. Auxiliary police patrol in pairs and by radio can summon instant assistance from the regular police should they encounter a situation which they have not been trained to handle. Their presence on the streets makes for good community relations between the citizens and the regular police. It is small repayment for the valuable services they render to provide them with a uniform allowance.

b. Allowance. Duly enrolled members in good standing of the auxiliary police, upon successful completion of training, shall receive an initial allowance not to exceed two hundred fifty dollars towards the initial purchase of uniforms and accessories for same, including care and maintenance. The amount of such allowance shall be determined by the police commissioner and shall not exceed the actual costs incurred for such uniforms and accessories including care and maintenance. Such members other than those receiving such initial allowance in the then current or preceding fiscal year, shall be eligible for an allowance towards the purchase of uniforms and accessories for same, including care and maintenance to be awarded to each such member who shall otherwise qualify in accordance with the provisions of this subdivision. The commissioner shall determine the amount of the allowance to be awarded based on but not limited

to the member's participation, hours of service, expense incurred in maintaining uniforms and equipment and such other facts deemed pertinent by the commissioner. Payments shall be made for the preceding fiscal year after certification by the commanding officer of the auxiliary forces section to the police commissioner of such facts as the commissioner may deem pertinent to enable him or her to make his or her determination.

c. Auxiliary police not to be members of regular police force. Notwithstanding the provisions of this section nothing contained therein shall be construed to constitute such auxiliary police officers members of the regular police force or to entitle them to the privileges and benefits of the regular police force or to become members of the police pension funds.

CHAPTER 1 POLICE DEPARTMENT

§ 14-149 Police 911 operational time analysis report.

a. Definitions. For the purposes of this section, the following terms shall be defined as follows:

(i) "Call" shall mean a telephone call to the 911 emergency assistance system.

(ii) "Incident" shall mean an event which results in the response of a police unit as a result of a call to the 911 emergency assistance system, regardless of the number of calls made with respect to such incident.

(iii) "Police unit" shall mean a radio motor patrol unit, patrol officer or other police department personnel.

(iv) "Dispatch time" shall mean the interval of time between the time the information received by the 911 telephone operator is entered into the 911 emergency assistance system and the assignment of a police unit to the scene of the incident.

(v) "Travel time" shall mean the interval of time between the assignment of a police unit and the arrival of the first police unit at the scene of the incident.

(vi) "Response time" shall mean the sum of dispatch time and travel time.

(vii) "Disposition" shall mean a police unit's report to the 911 emergency assistance system on its response to an assignment that has resulted from a call or incident.

b. The New York city police department shall submit to the city council an operational time analysis report

summarizing departmental performance with respect to calls to the 911 emergency assistance system. Such report shall include the following information:

1. The aggregate number of calls on a citywide and borough-wide basis.

2. The aggregate number of incidents.

3. The aggregate number of incidents where the dispatcher has received a disposition from a police unit.

4. The aggregate number of incidents involving a report of a crime in progress.

5. The aggregate number of incidents involving a report of a crime in progress resulting in the dispatch of a police unit where the dispatcher received confirmation of a police unit's arrival at the scene of the incident.

6. The average dispatch time, travel time and response time for all police units responding to incidents involving a report of a crime in progress.

7. The aggregate number of incidents involving a report of a crime in progress in each of the following categories:

(i) those for which response time was no greater than ten minutes;

(ii) those for which response time was greater than ten minutes but no more than twenty minutes;

(iii) those for which response time was greater than twenty minutes but no more than thirty minutes;

(iv) those for which response time was greater than thirty minutes but no more than one hour; and

(v) those for which response time was greater than one hour.

c. The data contained in the 911 operational time analysis report required by paragraphs two through seven of subdivision b of this section shall be provided on a citywide, borough-wide, precinct-by-precinct and tour-by-tour basis. The 911 operational time analysis report shall be submitted to the council quarterly. In addition, the data contained in such report shall be incorporated in the mayor's preliminary and final management reports. Notwithstanding any other provision of law, the operational time analysis report required by subdivision b to be submitted to the council is not required to be transmitted in electronic format to the department of records and information services, or its successor agency, and is not required to be made available to the public on or through the department of records and information services' web site, or its successor's web site.

*NYC Administrative Code 14-150*

Administrative Code of the City of New York

Title 14 Police

CHAPTER 1 POLICE DEPARTMENT

§ 14-150 Police department reporting requirements.

a. The New York City Police Department shall submit to the city council on a quarterly basis the following materials, data and reports:

1. All academy, in-service, roll-call and other specialized department training materials and amendments thereto distributed to cadets, recruits, officers and other employees of the department, except where disclosure of such material would reveal nonroutine investigative techniques or confidential information or where disclosure could compromise the safety of the public or police officers or could otherwise compromise law enforcement investigations or operations.

2. All patrol guide procedures newly promulgated or revised.

3. A report detailing the number of uniformed personnel and civilian personnel assigned to each and every patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command. Such report shall also include, for each school operated by the department of education to which school safety agents are assigned, the number of school safety agents, averaged for the quarter, assigned to each of those schools.

4. A crime status report. Such report shall include the total number of crime complaints (categorized by class of crime, indicating whether the crime is a misdemeanor or felony) for each patrol precinct, including a subset of housing

bureau and transit bureau complaints within each precinct; arrests (categorized by class of crime, indicating whether the arrest is for a misdemeanor or felony) for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; summons activity (categorized by type of summons, indicating whether the summons is a parking violation, moving violation, environmental control board notice of violation, or criminal court summons) for each patrol precinct, housing police service area and transit district; domestic violence radio runs for each patrol precinct; average response time for critical and serious crimes in progress for each patrol precinct; overtime statistics for each patrol borough and operational bureau performing an enforcement function within the police department, including, but not limited to, each patrol precinct, housing police service area, transit district and patrol borough street crime unit, as well as the narcotics division, fugitive enforcement division and the special operations division, including its subdivisions, but shall not include internal investigative commands and shall not include undercover officers assigned to any command.

5. A report based on the information provided in the department's Stop, Question and Frisk Report Worksheet and any successor form or worksheet. Such report shall include the number of stop, question and frisks for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown of the number of stop, question and frisks by race and gender for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; the number of suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a breakdown by race and gender of the suspects arrested or issued a summons as indicated on each stop, question and frisk report for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division; a listing, by category, of the factors leading to the stop, question and frisk for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, with a breakdown by race and gender for each listed factor; and a summary of complaints of violent felony crime for each patrol precinct, with a breakdown by race and gender of the suspect as identified by the victim.

6. A report, for each patrol precinct, housing police service area, transit district, street crime unit and narcotics division, of the number of summonses issued for moving violations, with a breakdown by race and gender. Such report shall be generated using data provided by the State Department of Motor Vehicles at such time as the State Department of Motor Vehicles amends its traffic summons to reflect such race and gender information.

7. A report of the number of positions that are civilianizable, including a listing of each position by job title, and the number of positions that were civilianized. "Civilianizable" shall mean any position that does not require uniformed expertise.

8. A report of the number of firearms possessed in violation of law that have been seized, disaggregated by precinct and type of firearm. Such report shall also include, disaggregated by precinct: (i) the number of arrests made and type of crimes charged involving firearms possessed in violation of law, including arrests for the distribution and sale of such firearms; and (ii) the total number and type of firearms recovered in the course of arrests made.

b. The New York city police department shall submit to the city council on an annual basis a firearms discharge report, which shall include substantially the same information and data categories, disaggregated in substantially the same manner, as the department's 2007 Annual Firearms Discharge Report. It shall also include, at a minimum, in tabular form:

1. The number of firearms incidents disaggregated by (i) day of week; (ii) tour; (iii) borough; (iv) month; (v) precinct; (vi) number of incidents that occurred outside New York city; and (vii) on-duty or off-duty status of officer.

2. The total number of firearms incidents for the year of the report and the year preceding the report, as well as the percentage change between the two years, and disaggregated by (i) intentional discharge-adversarial conflict; (ii) intentional discharge-animal attack; (iii) unintentional discharge; and (iv) unlawful use of firearm.

3. For all firearms incidents for the year of the report and the year preceding the report, both the raw number for each year and the percentage change between the two years, for each of the following categories (i) the total number of officers firing; (ii) the total number of shots fired; (iii) the total number of officers shot and injured by a subject; (iv) the total number of officers shot and killed by a subject; (v) the total number of subjects shot and injured by an officer; and (v)*3 the total number of subjects shot and killed by an officer.

4. The number of intentional firearms incidents disaggregated by incidents in which (i) a subject used or threatened the use of a firearm; (ii) a subject used or threatened the use of a cutting instrument; (iii) a subject used or threatened the use of a blunt object; (iv) a subject used or threatened the use of overwhelming physical force; (v) an officer perceived a threat of other deadly physical force; (vi) a dog attack was involved; and (vii) an attack by an animal other than a dog was involved.

5. The number of firearms incidents disaggregated by (i) unintentional discharge during adversarial conflict; (ii) unintentional discharge while handling a firearm; (iii) suicide; (iv) unlawful intentional discharge; and (v) unauthorized person discharging officer's firearm.

6. For each firearms incident determined to fall within the category of Intentional Discharge-Adversarial Conflict: (i) an indication of whether or not a firearm was fired by a subject; (ii) an indication of whether the subject used or threatened the use of a firearm, subject used or threatened the use of a cutting instrument, subject used or threatened the use of a blunt object, subject used or threatened the use of overwhelming physical force, or an officer perceived threat of other deadly physical force; (iii) whether or not the weapon possessed or used by a subject or subjects is known, and if known, the type of weapon used or possessed by the subject; (iv) the total number of officers who fired; (v) the total number of shots fired by officers; (vi) the number of shots fired per officer; (vii) the objective completion rate of the incident; (viii) the number of subjects; and (ix) for each subject, the age, race and gender of the subject.

7. A synopsis of each firearms incident resulting in the death of either a subject or an officer.

8. For purposes of this section, the following terms shall have the following meanings: (i) "firearms incident" means any incident during which one or more New York city police officers discharge any firearm, or when a firearm belonging to a New York city police officer is discharged by any person, except for a discharge during an authorized training session, or while lawfully engaged in target practice or hunting, or at a firearms safety station within a department facility; (ii) "subject" means a person engaged in adversarial conflict with an officer or third party, in which the conflict results in a firearms discharge; (iii) "civilian" means a person who is not the subject in the adversarial conflict but is included as a victim, bystander, and/or injured person; (iv) "officer" means a uniformed member of the department, at any rank; (v) "intentional firearms discharge" means a firearms discharge in which an officer intentionally discharges a firearm, which may include firearms discharges that are determined to be legally justified but outside department guidelines; (vi) "adversarial conflict" means an incident in which an officer acts in defense of self or another during an adversarial conflict with a subject and does not include an animal attack or situations in which an officer only intentionally discharges a firearm to summon assistance; (vii) "unintentional firearms discharge" means a firearms discharge in which an officer discharges a firearm without intent, regardless of the circumstance, commonly known as an accidental discharge; and (viii) "unauthorized use of a firearm" means a firearms discharge that is considered unauthorized and is not listed as an intentional firearms discharge, is being discharged without proper legal justification, and includes instances when an unauthorized person discharges an officer's firearm.

c. The information, data and reports requested in subdivisions a and b shall be provided to the council except where disclosure of such material could compromise the safety of the public or police officers or could otherwise compromise law enforcement operations. Notwithstanding any other provision of law, the information, data and reports requested in subdivisions a and b are not required to be transmitted in electronic format to the department of records and information services, or its successor agency, and are not required to be made available to the public on or through the department of records and information services' web site, or its successor's web site. These reports shall be provided to

the council within 30 days of the end of the reporting period to which the reports correspond or for which the relevant data may be collected, whichever is later. Where necessary, the department may use preliminary data to prepare the required reports and may include an acknowledgment that such preliminary data is non-final and subject to change.

CHAPTER 1 POLICE DEPARTMENT

§ 14-151 Racial or Ethnic Profiling Prohibited.

a. Definitions. As used in this section, the following terms have the following meanings:

1. "Racial or ethnic profiling" means an act of a member of the force of the police department or other law enforcement officer that relies on race, ethnicity, religion or national origin as the determinative factor in initiating law enforcement action against an individual, rather than an individual's behavior or other information or circumstances that links a person or persons of a particular race, ethnicity, religion or national origin to suspected unlawful activity.

2. "Law enforcement officer" means (i) a peace officer or police officer as defined in the Criminal Procedure Law who is employed by the city of New York; or (ii) a special patrolman appointed by the police commissioner pursuant to section 14-106 of the administrative code.

b. Prohibition. Every member of the police department or other law enforcement officer shall be prohibited from racial or ethnic profiling.

**HISTORICAL NOTE**

CHAPTER 2 SOLICITATION BY LAW ENFORCEMENT AFFILIATED ORGANIZATIONS

§ 14-201 Regulation of solicitation by law enforcement affiliated organizations.

As used in this chapter, the following terms shall have the following meanings:

1. "Law enforcement affiliated organization." a. Any organization, association, or conference of present or former members of the force, sheriffs, deputy sheriffs, detectives, investigators, constables or similar law enforcement officers or peace officers or police officers as defined in subdivisions thirty-three and thirty-four of section 1.20 of the criminal procedure law, or any auxiliary or affiliate of such an organization, association, or conference composed of one or more such organizations.

b. Any organization, association or conference established for the benefit of, benevolence towards or support of present or former members of the force, sheriffs, deputy sheriffs, detectives, investigators, constables or similar law enforcement officers or peace officers or police officers as defined in subdivisions thirty-three and thirty-four of section 1.20 of the criminal procedure law, or the families of such law enforcement personnel.

2. "Professional fund raiser." Any person who for compensation or other consideration plans, conducts, manages, or carries on any drive or campaign in the city for the purpose of soliciting funds or contributions for or on behalf of any law enforcement affiliated organization, or who engages in the business of, or holds himself or herself out to persons in the city as independently engaged in the business of soliciting contributions for such purposes.

3. "Professional solicitor." Any person who is employed or retained for compensation by a professional fund raiser to solicit funds or contributions on behalf of any law enforcement affiliated organization from persons in the city.

CHAPTER 2 SOLICITATION BY LAW ENFORCEMENT AFFILIATED ORGANIZATIONS

§ 14-202 Registration of law enforcement affiliated organizations.

No law enforcement affiliated organization shall solicit funds or contributions from the public, or have funds or contributions solicited on its behalf, unless it has filed a registration statement with the commissioner or the commissioner's designee in accordance with the provisions of this section. Each registration statement shall be refiled and updated every twelve (12) months so long as the law enforcement affiliated organization is engaged in solicitation activities in the city. Such statements shall be made available to the public in a manner determined by the commissioner or the commissioner's designee and shall contain the following information:

1. The name of the organization and the purpose for which it was organized;

2. The principal address of the organization;

3. A statement indicating whether the organization intends to use professional fund raisers to solicit funds or contributions from the public;

4. The general purpose or purposes for which the contributions solicited shall be used;

5. The names and business addresses of the person or persons in direct charge of conducting the solicitation;

6. The names and business addresses of all professional fund raisers who will be connected with the solicitation;

7. A statement to the effect that the fact of registration will not be used or represented in any way as an endorsement by the city or by the department of the solicitation conducted thereunder;

8. Documents verifying the information provided under provisions one through six above, including all contracts and subsequent amendments thereto between a law enforcement affiliated organization and any professional fund raiser with whom it does business; 9. Once each year on the fifteenth day of February, a report shall be filed with the commissioner stating the amount of funds or contributions collected in the preceding calendar year, the amount expended and the specific recipients and purposes for which said amount was expended, the administrative expenses incurred in said period including a statement of the fees or other charges by any professional fund raisers and the amount paid to same.

10. A statement to the effect that the organization acknowledges that the information contained in the registration statement shall be made available to the public in a manner determined by the commissioner or the commissioner's designee.

CHAPTER 2 SOLICITATION BY LAW ENFORCEMENT AFFILIATED ORGANIZATIONS

§ 14-203 Representation.

During the course of each and every solicitation for funds or contributions on behalf of a law enforcement affiliated organization and on an acknowledgement which shall be mailed to the person and/or persons who agree to contribute pursuant to the solicitation, the fund raiser, solicitor or any other person acting on behalf of the law enforcement affiliated organization shall make the following representations.

1. The name and address of the organization represented;

2. A description of the programs in which the organization is actually engaged and for which the funds or contributions will be used;

3. A statement of the percentage of the funds collected during the preceding year which were actually used for the programs in which the organization was then engaged, and that the remaining funds were used for fund raising activities.

CHAPTER 2 SOLICITATION BY LAW ENFORCEMENT AFFILIATED ORGANIZATIONS

§ 14-204 Prohibited acts.

It shall be unlawful to solicit funds or contributions on behalf of a law enforcement affiliated organization:

1. By using a name, symbol or statement so closely related to that used by another law enforcement affiliated organization or governmental agency that the use thereof would tend to confuse or mislead the public, including the use of statement or materials that would indicate that such funds or contributions were being raised for the department or the patrolman's benevolent association of the city of New York, unless such agency or association shall have given its written permission for the raising of such funds for it, and the use of its name in connection with the solicitation of funds;

2. By means of a false pretense, representation or promise which includes representing:

(i) that the professional fund raisers or solicitors are members of the police force or employees of any law enforcement agency;

(ii) that funds collected will be used to aid surviving spouses, domestic partners or children of members of the police force slain in the line of duty or that the funds collected will be used for any other charitable program unless the organization is actually engaged in such a program;

(iii) that contributors will receive special benefits from members of the police force;

(iv) that contributions are tax exempt as a charitable contribution or as a business expense unless they so qualify

under the applicable provisions of the internal revenue codes;

(v) by any manner, means, practice or device that misleads the person solicited as to the use of the funds or the nature of the organization.

CHAPTER 2 SOLICITATION BY LAW ENFORCEMENT AFFILIATED ORGANIZATIONS

§ 14-206 Enforcement actions or proceedings.

The civil penalties prescribed by this chapter shall be recovered by an action or proceeding in any court of competent jurisdiction. All such actions or proceedings shall be brought in the name of the city by the corporation counsel. In addition, the corporation counsel may institute any other action or proceeding in any court of competent jurisdiction that may be appropriate or necessary for the enforcement of the provisions of this chapter, including actions to secure permanent injunctions enjoining any acts or practices which constitute a violation of any provision of this chapter, mandating compliance with the provisions of this chapter or for such other relief as may be appropriate. In any such action or proceeding the city may apply to any court of competent jurisdiction, or to a judge or justice thereof, for a temporary restraining order or preliminary injunction enjoining and restraining all persons from violating any provision of this chapter, mandating compliance with the provisions of this chapter, or for such other relief as may be appropriate, until the hearing and determination of such action or proceeding and the entry of final judgment or order therein. The court, or judge or justice thereof, to whom such application is made, is hereby authorized forthwith to make any or all of the orders above specified, as may be required in such application, with or without notice, and to make such other or further orders or directions as may be necessary to render the same effectual. No undertaking shall be required as a condition to the granting or issuing of such order, or by reason thereof.

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-101 Definitions; bureaus, divisions and offices.

a. For the purposes of this title the following terms shall have the following meanings:

(1) "Commissioner" shall mean the fire commissioner.

(2) "Department" shall mean the fire department.

b. In addition to such other bureaus, divisions and offices as the commissioner may organize pursuant to section eleven hundred two of the charter, there shall be in the department:

1. A fire bureau in the charge of the chief of the department which shall have charge of the extinguishment of fires and the necessary and incidental protection of life and property in connection therewith.

In such bureau there shall be a bureau of fire prevention and such bureau shall be in the charge of a member of the uniformed force of the department, of a rank above that of captain, to be designated by the commissioner. Such bureau shall perform the duties and exercise the powers of the commissioner in relation to (1) combustibles, chemicals, explosives, flammables, or other dangerous substances, articles, compounds or mixtures, (2) the prevention of fires or danger to life or property therefrom, excluding provisions relating to structural conditions and (3) protection against fire and panic, obstruction of aisles, passageways and means of egress, standees, fire protection and fire extinguishing appliances, and fire prevention in licensed places of assembly. In the performance of their official duties, the uniformed and civilian members of the bureau of fire prevention shall have the powers and perform the duties of peace officers, but their power to make arrests and serve process in criminal actions shall be restricted to cases arising under laws relating

to (1) the manufacture, storage, sale, transportation or use of combustibles, chemicals, explosives, flammables or other dangerous substances, articles, compounds or mixtures and the control of fire hazards, (2) the prevention of fires or danger to life or property therefrom, excluding provisions relating to structural conditions and (3) fire perils.

2. A chief and deputy chief fire marshal, appointed by the commissioner, who shall be members of the department.

c. Notwithstanding any inconsistent provision of any general, special or local law, or rule or regulation, a chief of the department shall not serve in any other capacity to the department during his or her term of office of chief. Any person violating the provisions of this section shall be deemed to have vacated the office of chief so held.

(pars b, c omitted)

Sub 3 repealed LL 10/1958 § 1

Open par amended chap 100/1963 § 405

Sub c formerly § 487a-20.0 added chap 652/1978 § 2

**CASE NOTES FROM FORMER SECTION**

¶ 1. Persons occupying position of "assistant fire marshal", **held** not to be members of the uniformed force of the New York City Fire Department, and hence not entitled to retirement rights under Greater New York Charter § 790 nor to refund of money theretofore paid by them into Employees' Retirement System. Such conclusion was supported by a review of the statutes pertaining to fire marshals, fact that Greater New York Charter § 779 specifically provided that the Chief Fire Marshal and Deputy Fire Marshal were members of the uniformed force whereas no mention was made of the Assistant Fire Marshals, and that a practical construction had been placed on the statutes by the Municipal Civil Service Commission in its grading of examinations, different examinations being provided than those required for uniformed firemen, by the City officials in making up the budget in a manner different from that for the uniformed force, by the Legislature in attempted legislation of 1919 wherein it was proposed to make Assistant Fire Marshals then in office members of the uniformed force, and by the petitioners themselves in having voluntarily accepted salaries differing from those paid uniformed firemen and having contributed for many years to the Retirement Fund.-Wildey v. McElligott, 167 Misc. 101, 3 N.Y.S. 2d 434 [1938], aff'd without opinion, 257 App. Div. 807, 12 N.Y.S. 2d 588 [1939], aff'd 283 N.Y. 586, 27 N.E. 2d 442 [1940].

¶ 2. Resolutions promulgated by the Personnel Director of the City of New York which would eliminate the need for a competitive examination to effect the promotion of any person having the title of Deputy Chief (Fire) to the position of Chief of the Department contravene this section. The legal imperatives may not be circumvented by endeavoring to abolish a title and designate an employee in a subordinate position to perform its former duties.-Joyce v.

Ortiz, 108 A.D. 2d 158 [1985].

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-102 Volunteer system.

a. The paid department system, as soon as practicable, shall be extended over the borough of Staten Island by the commissioner, and thereupon the present volunteer fire companies now maintained therein shall be disbanded. Any real property and any apparatus, equipment or other personal property owned or used by such volunteer forces which may be deemed useful or necessary for the use of the department, upon the extension of the paid system to the borough of Staten Island, shall be purchased by the department of general services upon the recommendation of the commissioner at the reasonable value thereof.

b. In the meantime and until the paid department shall be extended over such borough of Staten Island, such volunteer fire companies shall continue to discharge the duties for which they have been associated or incorporated, and there shall be paid on the first day of June in each year to the treasurers of such volunteer fire companies, by the comptroller, the following sums: To the treasurer of an engine company or chemical engine company twelve hundred dollars, to the treasurer of a hook and ladder company ten hundred dollars, to the treasurer of a hose company, eight hundred dollars, and to the treasurer of a patrol company, eight hundred dollars. The city, in its discretion, may appropriate such sum of money as it may deem necessary for the purchase of apparatus for the use of the several volunteer companies in the borough of Staten Island, and for the maintenance of the fire alarm system in such borough.

c. The extension of the paid department system shall not affect the rights and privileges of any volunteer benevolent association existing within the territory where such extension is made.

Amended LL 24/1968 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. In making appointments of firemen from an eligible list, the discretion granted to the Commissioner of the Fire Department by Military Law § 246, subd. 7a, authorized him to treat as unavailable for appointment only those who were then classified as 1-A under the Selective Training and Service Act, and did not authorize him to pass over the names of eligibles upon the ground that, although they were not then classified as 1-A, their reclassification and induction into the armed forces was imminent. However, the Commissioner could not be directed to appoint forthwith each of the petitioners to the position of fireman, as such a direction would deprive the Commissioner of the power of selection granted to him as an appointing officer.-Berger v. Walsh, 291 N.Y. 220, 52 N.E. 2d 105 [1943], modifying 266 App. Div. 592, 42 N.Y.S. 2d 582 [1943].

¶ 2. The frequent and recurrent practice of the Fire Commissioner in appointing firemen to the position of lieutenant without making permanent appointments or awarding higher compensation could properly be enjoined where the purpose of such appointment was to permanently fill the position of lieutenant.-McKeon v. Cavanaugh, 135 (87) N.Y.L.J. (5-4-56) 7, Col. 5 F.

¶ 3. Disqualification of fireman was not arbitrary where he had been arrested five times, on charges including burglary, vagrancy, disorderly conduct and two assaults, had been convicted once and had been disciplined.-In re McCormack (Gregory), 150 (2) N.Y.L.J. (7-2-63) 9, Col. 5 F.

**CASE NOTES**

¶ 1. By juxtaposing Civil Service Law § 54 and Administrative Code § 15-103(a)(3) which requires a candidate to have "passed his or her eighteenth birthday . . . on the date of the filing of his or her application for civil service examination," it is clear that this inconsistent portion of the code is contrary to the language and intent of the Civil Service Law and results in excluding persons from candidacy that the legislature sought to include. Smithwick v. Levitt, 154 AD2d 240 [1989].

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-103.1 Chief of department.

Notwithstanding any inconsistent provision of any general, special or local law, including but not limited to section 15-110 of this chapter, to the contrary, the chief of department shall not be required to be selected by competitive examination. The chief of department shall be in the exempt class of the classified service, and shall be selected from among persons holding the title of deputy chief (fire).

**HISTORICAL NOTE**

Section added chap 712/2006 § 2, eff. Sept. 13, 2006. [See Note 1]

**NOTE**

1. Provisions of L.L. chap 712/2006:

Section 1. Legislative findings and intent. The chief of department, the highest-ranking uniformed officer of the New York city fire department, is responsible for the management of the fire and emergency medical service commands and 911 system operations, including responses to fires, hazardous substance releases and pre-hospital emergency medical care. The chief acts as principal advisor to the fire commissioner and is instrumental in the development and implementation of fire department policy relating to strategic planning, budget, labor relations, procurement and other key areas. The chief is a major participant in development and implementation of the city's plans to prepare for and respond to catastrophic events, including acts of terrorism. In this capacity the chief represents the department in highly confidential meetings with the federal department of homeland security, the central intelligence agency, the federal

bureau of investigation, the military and other federal, state and local agencies, and in the event of a crisis will be responsible for coordinating a response with these agencies. In this era following the events of September 11, 2001, the duties of the chief of department have become more sensitive and more important to the security of the city, the state and the nation than ever before. It is imperative that the fire commissioner be empowered to select for this position an individual in whom the commissioner can place complete confidence and who possesses qualities of leadership, vision, political acumen and resourcefulness which are not susceptible to testing by objective examination. The legislature therefore finds that this position should be classified in the exempt class of the civil service, and further finds that an appropriate balance of required experience with necessary appointment discretion can be struck by requiring that the chief of department be selected from among incumbent deputy chiefs. No provision of this act is intended to affect any title other than chief of department with respect to the requirements of competitive examinations or civil service status.

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-104 Probationary period.

Preliminary to a permanent appointment as firefighter there shall be a period of probation for such time as is fixed by the civil service rules, and no person shall receive a permanent appointment who has not served the required probationary period. The service during probation shall be deemed to be service in the uniformed force if succeeded by a permanent appointment, and as such shall be included and counted in determining eligibility for advancement, promotion, retirement and pension.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 487a-4.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Petitioner, who sought an order under C.P.A. Art. 78 directing his reinstatement in the Fire Department, **held** merely to have been serving under a probationary appointment inasmuch as he had never taken the oath of office nor received a warrant of appointment and hence, where the Commissioner had exercised his discretion not to engage the petitioner within the statutory period of three months and there was nothing indicating a willful abuse of power, the court might not interfere with the Commissioner's determination.-Matter of Epstein (McElligott), 99 (144) N.Y.L.J.

(6-22-38) 3008, Col. 3 T, aff'd without opinion, 255 App. Div. 755, 7 N.Y.S. 2d 101 [1938], aff'd 280 N.Y. 636, 20 N.E. 2d 1010 [1939].

¶ 2. Where on September 8, 1942, the Civil Service Commission certified petitioner as eligible for appointment as probationary fireman but on September 15 the Fire Commissioner, purporting to act under Military Law § 246, subd. 7, refused to appoint petitioner on ground his selective service status was unsatisfactory, but this ruling was declared contrary to law by the Court of Appeals and on June 19, 1944, petitioner, who was then in military service, was appointed to the Fire Department and assigned to the military service division, petitioner **held** entitled to have his length of service and seniority measured from September 16, 1942, and not from November 21, 1945, when he took his oath of office following his honorable discharge from the service a few days earlier. Under Military Law § 246, subd. 6, petitioner might offer in substitution for actual service the time spent by him in military service from the date of his appointment, which was September 16, 1942. Furthermore, the requirement of an oath in the case of a public employee is a condition subsequent to be urged only as a bar to obtaining compensation, and petitioner's inability to take the oath because of Military Service should not serve to prejudice him.-Kelly v. Quayle, 70 N.Y.S. 2d 52 [1947].

¶ 3. A fireman who had served his six-month probationary period as required by this section and had then become a permanent member of the force was entitled to receive, during his probationary period, the salary of a fourth grade fireman at the rate theretofore fixed for such position by the Board of Estimate. This section, although providing for a period of probation preliminary to permanent appointment, expressly declares that the service during probation shall be deemed to be regular service if succeeded by permanent appointment. Resolution of Board of Estimate in 1939, establishing the position and grade of probationary fireman at a salary of $1200 a year, was ineffective, inasmuch as the Board had no authority to create new positions and grades, or to modify old ones except subject to the provisions of the Charter and the Civil Service Law.-Allen v. City of New York, 179 Misc. 539, 39 N.Y.S. 2d 962 [1943], aff'd without opinion, 266 App. Div. 987, 44 N.Y.S. 2d 958 [1943], aff'd 292 N.Y. 567, 54 N.E. 2d 688 [1944].

¶ 4. Where petitioners had been appointed as probationary firemen on December 1 and had advanced to firemen second class after completing two years' service in the Department pursuant to Administrative Code § 487a-7.0, an order denying their applications to have their promotion dates corrected to September 16, 1944, on ground they would have been appointed as probationary firemen on September 16, 1942, if the Fire Commissioner had correctly interpreted the law, was affirmed by the Court of Appeals without opinion. Defendant contended that petitioner's advancement in grade must be governed by their period of actual service in the Department.-Chikosfsky v. Walsh, 296 N.Y. 642, 69 N.E. 2d 683 [1946].

¶ 5. Persons on a Civil Service eligible list for firemen were appointed for the usual probationary period, upon the condition that they were to work for one day only and to be paid therefor, and thereafter take an indefinite leave of absence without pay until they could be assigned to active duty. They were eventually all so assigned and have been on active duty ever since. By reason of their voluntary acceptance of the appointment under these conditions, they were not entitled to compensation for the period of the leave of absence. Moreover, as the appointees were advanced in grade and pay, the periods of their leaves were properly ignored. By continuing these men in the service and granting them advancements, the City ratified their appointment and is now estopped from challenging their validity.-Aberno v. City of New York, 3 Misc. 2d 1053, 157 N.Y.S. 2d 513 [1956].

¶ 6. The petitioner had a record of four courts-martial in the army and one arrest for disorderly conduct, which record was known to the Civil Service Commissioner at the time he received his probationary period appointment as a fireman. Thereafter, he was arrested for disorderly conduct but acquitted. He was dismissed by the Fire Commissioner. **Held:** it would be presumed that the Commissioner had knowledge of the prior offenses, hence dismissal was based on recent arrest. Remanded to Commissioner for reconsideration.-Matter of Marrero (Cavanagh), 142 (107) N.Y.L.J. (12-3-59) 14, Col. 3 M.

¶ 7. Probationary fireman held properly dismissed where Fire Commissioner's determination was based upon matters subsequent to his certification and was not based solely on petitioner's arrest for disorderly conduct of which he

was acquitted. The Commissioner found that petitioner's conduct and demeanor, uncooperative attitude and obstructive conduct toward police in the performance of their duty rendered him unsatisfactory.-Matter of Marrero (Cavanagh), 143 (99) N.Y.L.J. (5-23-60) 13, Col. 3 M.

¶ 8. Defendant who had rightful possession of a violin when it was seized from him and sold by the police department's property clerk for $625 was entitled to a judgment for $4000, the value of the property at the time of the trial of an action by plaintiff alleging an unlawful taking and sale by defendant.-Muller v. Rosetti, 62 Misc. 2d 541, 309 N.Y.S. 2d 831 (1970).

¶ 9. Where the finding by the 1-B Medical Board of the pension fund was contrary to the original finding of the Fire Department Medical Board as to the permanency of petitioner's disability and there was new evidence concerning his medical condition, petitioner was afforded a further hearing and examination before the 1-B Medical Board and the decision of the Fire Commissioners and of the Trustees of the pension fund would be annulled.-Foppiano v. Lowery, 162 (78) N.Y.L.J. (10-21-69) 14, Col. 3 F.

¶10. Firemen fourth grade, whose probationary periods are properly extended, are not entitled to advancement to the third grade until they have completed their probationary periods.-Uniformed Firefighters Asso., Local 94, IAFF, AFL-CIO v. City of N.Y., 88 App. Div. 2d 809 [1982].

CHAPTER 1 FIRE DEPARTMENT

§ 15-105 Oaths of office.

Each member of the uniformed force shall take an oath of office and subscribe the same before an officer of the department empowered to administer an oath.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 487a-5.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. The length of service and seniority of the petitioner should be measured from September 15, 1942, on which day the Commissioner refused to appoint petitioner as a fireman on the ground his selective service status was unsatisfactory instead of from November 21, 1945, when he took his oath of office following his honorable discharge from the service. The requirement of an oath in the case of a public employee is a condition subsequent to be urged only as a bar to obtaining compensation, and petitioner's inability to take the oath because of military service should not serve to prejudice him.-Kelly v. Quayle, 70 N.Y.S. 2d 52 [1947].

¶ 2. This section and Civil Service Law § 30, when read with Military Law § 246, constitute a statutory scheme which permits the civil service appointment of eligibles away at war, the oath to be taken on return and before active

entrance on the duties of the position. Thus, the widow of an eligible, appointed as a fireman while in military service, was entitled to benefits from the death benefit fund when he died before resuming active duties as a fireman although he had never taken the required oath of office.-Molinari v. Quayle, 300 N.Y. 55, 88 N.E. 2d 820 [1949].

CHAPTER 1 FIRE DEPARTMENT

§ 15-107 Grades of members of the uniformed force.

Members of the uniformed force, upon appointment, shall be assigned to the fourth grade; after one year of service in the fourth grade they shall be advanced to the third grade; after one year of service in the third grade, they shall be advanced to the second grade; after one year of service in the second grade, they shall be advanced to the first grade; and they shall in each instance receive the annual pay or compensation of the grade to which they belong.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 487a-7.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Fireman who had served his six-month probationary period as required by Administrative Code § 487a-4.0 and had then become a permanent member of the force, **held** entitled to receive, during the six-month probationary period, the salary of a fourth grade fireman at the rate theretofore fixed for such position by the Board of Estimate pursuant to Greater New York Charter § 56 (new Charter § 67). Administrative Code § 487a-4.0, although providing for a period of probation preliminary to permanent appointment, expressly declares that the service during probation shall be deemed to be service in the uniformed force if succeeded by permanent appointment. Resolution of Board of

Estimate in 1939, establishing the position and grade of probationary fireman at a salary of $1200 per year, was ineffective, inasmuch as the Board had no authority to create new positions and grades, or to modify old ones except subject to provisions of the Charter and the Civil Service Law.-Allen v. City of N.Y., 179 Misc. 539, 39 N.Y.S. 2d 962 [1943], aff'd without opinion, 266 App. Div. 987, 44 N.Y.S. 2d 958 [1943], aff'd 292 N.Y. 567, 54 N.E. 2d 658 [1944].

¶ 2. Where petitioners had been appointed as probationary firemen in the Fire Department on either December 1 or December 16, 1942, and advanced to firemen second grade after completing two years' service in the Department pursuant to Administrative Code § 487a-7.0, an order denying their application to have their promotion date corrected to September 16, 1944, on ground they would have been appointed as probationary firemen on September 16, 1942 instead of December 1 or December 16, 1942 if the Fire Commissioner had correctly interpreted the law, **was affirmed** by the Court of Appeals without opinion. Defendants had contended that their advancement in grade must be governed by their period of actual service in the Department.-Chikofsky v. Walsh, 296 N.Y. 642, 69 N.E. 2d 683 [1946].

¶ 3. Determination of Municipal Civil Service Commission to eliminate credit for "acts of personal bravery" in determining promotions in the New York City Fire Department, was a matter within the Commission's discretion, which appeared to have been reasonably exercised.-Carey v. Grumet, 281 App. Div. 653, 117 N.Y.S. 2d 651 [1952].

¶ 4. Where petitioner was 19 years old in 1941 when he passed an examination for fireman and his name appeared on the eligible list established in December, 1941, in that month he enlisted in military service, following his discharge from service he was appointed to position of fireman on April 1, 1946, from the 1941 list, and on November 29, 1946 he took and passed a promotion examination for lieutenant which required that the applicants have served in the position of fireman for three years, petitioner, for purpose of qualifying for such examination, was deemed to have been appointed on November 4, 1943, on which date, which was his twenty-first birthday, appointments of temporary firemen were made from an emergency provisional list and petitioner would then have been appointed if he had not been prevented from appointment by his military service. His retroactive seniority date could not be fixed at a date before he was 21 years old, nor should it have been fixed as late as February 1, 1944 on theory this was the date on which the next eligible physically on the list lower than petitioner was appointed.-Cotter v. Watson, 282 App. Div. 292, 122 N.Y.S. 2d 555 [1953], aff'd, without opinion, 306 N.Y. 681, 117 N.E. 2d 356 [1954].

¶ 5. Where petitioner in 1941 entered a seminary to study to become a priest, a year later he became eligible for appointment to the Fire Department but the representative of the Department who called at his home was informed by petitioner's father that petitioner would not accept the appointment as he was a student in the seminary and subsequently the Civil Service Commission sent petitioner a notice of withdrawal of his name from further certification, petitioner, who voluntarily withdrew from the seminary in October, 1944 and later was appointed to the Fire Department in 1947, **held** not entitled to seniority rights from September, 1942, as he was deemed to have elected at the time not to accept appointment. Petitioner contended that the Fire Commissioner had followed a policy by which he refused to consider for appointment those eligibles classified as 1A under the Selective Service Act, or subject to reclassification to 1A in the near future. The Commissioner's practice had no application to students in theological seminaries.-Golden v. Grumet, 131 (71) N.Y.L.J. (4-14-54) 7, Col. 8 M.

¶ 6. If the policy of not appointing those not classified 1A in selective service but likely to be so classified in the then near future in the judgment of the appointing officer, was the reason for not appointing petitioner to position of City fireman when he was reached on the eligible list, this was not a valid defense to petitioner's claim that he should have been appointed in regular order.- O'Connell v. Grumet, 131 (90) N.Y.L.J. (5-11-54) 7, Col. 6 F.

¶ 7. Firemen fourth grade, whose probationary periods are properly extended, are not entitled to advancement to the third grade until they have completed their probationary periods.-Uniformed Firefighters Asso., Local 94, IAFF, AFL-CIO v. City of N.Y., 88 App. Div. 2d 809 [1982].

Amended chap 100/1963 § 407

**CASE NOTES**

¶ 1. A Fire Department resolution eliminated the titles Battalion Chief (Fire) and Deputy Chief (Fire) and replaced

them with the title of Chief Officer (Fire) subdivided into two assignment levels, Level I corresponding to the former Battalion Chief position and Level II corresponding to the former Deputy Chief position. Movement from Level II to Level I was to be made based on record and performance, and the competitive examination formerly required for promotion from Deputy Battalion Chief to Battalion Chief was to be eliminated. The stakes were high, in that the Battalion Chief position paid $10,000 more than the Deputy Chief position, and involved significantly greater responsibility. The court annulled the resolution, finding it to be a subterfuge for promotion based on criteria other than a competitive examination. In other words, the resolution was in violation of Admin. Code Sec. 15-110. Gorman v. Von Essen, 2002 WL 993563 (App.Div. 1st Dept.).

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-111 Credit for service in the police department.

a. (1) Any member of the uniformed force of the fire department, who immediately prior to his or her appointment or employment as such, has served or shall have served as a member of the police force of the police department, shall have the time served by such member in such police department counted as service in the fire department in determining his or her retirement and pension in such department as herein or otherwise provided, upon condition that he or she shall contribute to the appropriate fire department pension fund a sum equal to the amount which he or she would have been required to contribute had the time served in the police department been served in the fire department.

(2) Within one year after the fire department pension fund shall request a transfer of reserves with respect to any such person who becomes a member of the fire department pension fund on or after July first, nineteen hundred ninety-eight, who performed such prior service in the police force of the police department, and who has qualified for benefits under this subdivision, the police pension fund shall transfer to the contingent reserve fund of the fire department pension fund the reserve on the benefits of such member which is based on the contributions made by the employer (including the reserve-for-increased-take-home pay). Such reserve shall be determined by the actuary of the police pension fund in the same manner as provided in section forty-three of the retirement and social security law. No such transfer of reserves pursuant to this paragraph shall be made with respect to any person who became a member of the uniformed force of the fire department prior to July first, nineteen hundred ninety-eight.

b. Any such member who shall have been a member of the police pension fund pursuant to subchapter three of chapter three of title thirteen of the code shall become a member of the department pension fund pursuant to subchapter two of chapter three of title thirteen. The election or elections made by such member pursuant to section 13-247 or 13-253 of the code shall be deemed to be the election or elections required by section 13-350 or 13-355 of the code. In

the event that any such member shall have made an election pursuant to section 13-248 of the code, such election shall be deemed to be the election provided by subdivision b of section 13-350 of the code.

c. Notwithstanding any other provision of law to the contrary, any member of the uniformed force of the fire department, who immediately prior to his or her appointment or employment as such, has served or shall have served as a member of the police force of the police department, the New York city transit authority police department or the New York city housing authority police department, shall have the time served by such member in such police department counted as service in the fire department in determining his or her eligibility for variable supplements fund benefits payable by the firefighters' variable supplements fund pursuant to subchapter five of chapter three of title thirteen of this code or the fire officers' variable supplements fund pursuant to subchapter six of chapter three of title thirteen of this code.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Petitioners who were members of the fire department were entitled to have their service in the Police Department but not their years of employment by the Port of New York Authority included as "city-service" in determining eligibility for service retirement. This section of the Administrative Code is constitutional.-Matter of Bryant (Port of N.Y. Authority), 154 (86) N.Y.L.J. (11-3-65) 18, Col. 2 F.

**CASE NOTES**

¶ 1. A police officer who transfers to the New York City Fire Department receives credit (in terms of promotion and retirement benefits) for his prior police service, but only if the officer immediately transferred to the Fire Department from the Police Department. Where, as here, the officer resigned from the Police Department and had a break in service (albeit a brief break), he does not receive the credits. DiPierro v. City of New York, N.Y.L.J., Sept. 8, 2003, at 21, col. 5 (Sup.Ct. New York Co.).

¶ 2. Where petitioner resigned from the Police Department three months before commencing his position with the Fire Department, the Police Department service was not deemed "immediately prior" to the Fire Department service, and did not count towards the pension. Blaich v. Scopetta, 12 A.D.3d 268, 784 N.Y.S.2d 543 (1st Dept. 2004), leave to appeal denied, 4 N.Y.3d 828, 796 N.Y.S.2d 583, 829 N.E.2d 676 (2005).

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-111.1 Credit for service in the uniformed transit police force or uniformed housing police force.

Any member of the uniformed force of the fire department, who immediately prior to his or her appointment or employment as such, has served or shall have served as a member of the uniformed transit police force or a member of the uniformed housing police force shall have the time served by such member in such force counted as service in the fire department in determining: (a) his or her eligibility to compete in a promotional examination; (b) his or her seniority credit for the purpose of grading a promotional examination; and (c) his or her seniority credit for the purpose of determining eligibility for transfers within the uniformed force of the fire department.

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-112 Working hours.

a. The commissioner shall divide the deputy chiefs, battalion chiefs, captains, lieutenants, engineers and firefighters, marine engineers and pilots in boats of the department into platoons, and such divisions shall be fully completed and the provisions hereof fully effectuated. None of such platoons, or any member thereof, shall be assigned to more than one tour of duty in any twenty-four consecutive hours. The commissioner shall install a two platoon system.

The two platoon system shall consist of not more than two tours of duty of not more than nine hours each, to be followed by a rest period of at least forty-eight hours for all members. After such rest period there shall be not more than two tours of duty of not more than fifteen hours to be followed by a rest period for all members of at least seventy-two hours which shall continue in such sequence so that not more than six nine-hour tours of duty and six fifteen-hour tours of duty shall be worked in any twenty-five consecutive calendar days, except, in the event of conflagrations, riots or other similar emergencies or for the necessary time consumed in changing tours of duty, in which events such platoons or members thereof shall be continued on duty for such hours as may be necessary.

This section shall in no manner affect any provision of law providing for furlough or leave of absence of such members of the department.

b. The mayor and all other officials charged with such duty are hereby authorized, empowered and directed to carry out the provisions of this section and to provide any and all necessary funds to effectuate the purposes thereof.

c. Notwithstanding the provisions of any other section of this title, the provisions of this section, as amended, in

relation to the establishment and continuance of the platoon system and the tours of duty and the hours thereof shall not be repealed, superseded, supplemented or amended by local law, and the same may only be repealed, superseded, supplemented or amended as prescribed in section eleven of article nine of the constitution and upon the affirmative action of the qualified voters of the city of New York on a referendum submitted at a general election.

Sub b amended chap 100/1963 § 408

**CASE NOTES FROM FORMER SECTION**

¶ 1. Whether special order of Fire Commissioner requiring uniformed firemen to serve three extra eight-hour tours of "added duty" in every 20 days in interest of public safety because of the manpower shortage and the necessity of added protection in the war emergency came within the exception in Administrative Code § 487a-11.0 prohibiting the assignment of uniformed firemen to more than one tour of duty in any 24 consecutive hours except in the event of conflagrations, riots or other similar emergencies, **held** to require a full trial with complete cross-examination of witnesses. The Court or jury should inquire as to whether there is an emergency, whether the emergency should have been met by other means, whether the Commissioner acted in good faith, whether the present undermanning of the Fire Department constitutes a threat to public safety, and whether there is any danger of air raids and fire hazards.-In re Kane (Walsh), 181 Misc. 513, 48 N.Y.S. 2d 367 [1944], aff'd 268 App. Div. 763, 49 N.Y.S. 2d 279 [1944], aff'd 293 N.Y. 923, 60 N.E. 2d 131 [1944].

¶ 2. Members of the uniformed force of the Fire Department who had worked a total of 144 hours overtime during the months of January 1, 1944 to April 29, 1944 by order of the Fire Commissioner because of the manpower shortage in the Department as a result of war conditions, were not entitled to extra compensation in excess of the $3,000 per year salary prescribed for them by Administrative Code § 487a-8.0. The performance of such extra work as result of the potentially dangerous condition existing in the City because of the war, constituted an exception to the provision in § 487a-11.0 for an eight hour tour of duty.-Crane v. City of New York, 185 Misc. 456, 57 N.Y.S. 2d 251 [1945], aff'd without opinion, 270 App. Div. 930, 62 N.Y.S. 2d 617 [1946], aff'd 296 N.Y. 717, 70 N.E. 2d 538 [1946].

¶ 3. Such members of the uniformed force were not entitled to extra compensation on theory of an implied contract or on theory of unjust enrichment, as, in the absence of an express statutory provision requiring the City to pay for overtime, the members were restricted to the compensation fixed for them in the budget.-Id.

¶ 4. Special order of Fire Commissioner requiring uniformed firemen to serve three extra eight-hour tours of "added duty" in every 20 days in interest of public safety because of the manpower shortage and the necessity of added protection in the war emergency, **held** to come within the exception in Administrative Code § 487a-11.0 prohibiting the assignment of uniformed firemen to more than one tour of duty in any 24 consecutive hours except in the event of conflagrations, riots or other similar emergencies. The mere possibility or threat of a conflagration or riot was an

emergency similar to that of an existing conflagration or riot.-In re Kane (Walsh), 181 Misc. 594, 48 N.Y.S. 2d 370 [1944], aff'd 268 App. Div. 763, 49 N.Y.S. 2d 279 [1944], aff'd 293 N.Y. 923, 60 N.E. 2d 131 [1944].

¶ 5. Concurrent two platoon system in fire department proposed by Fire Commissioner was violative of this section which requires a two platoon system because such a system has operated consecutively for over fifty years and accordingly statute "must be accorded special meaning consonant with its historically long-standing character."-Matter of McCormack v. Lowery, 39 N.Y. 2d 1024 [1976].

*NYC Administrative Code 15-113*

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-113 Discipline of members; removal from force.

The commissioner shall have power, in his or her discretion on conviction of a member of the force of any legal offense or neglect of duty, or violation of rules, or neglect or disobedience of orders or incapacity, or absence without leave, or any conduct injurious to the public peace or welfare, or immoral conduct, or conduct unbecoming an officer or member, or other breach of discipline, to punish the offending party by reprimand, forfeiture and withholding of pay for a specified time, or dismissal from the force; but not more than ten days' pay shall be forfeited and withheld for any offense. Officers and members of the uniformed force shall be removable only after written charges shall have been preferred against them, and after the charges shall have been publicly examined into, upon such reasonable notice of not less than forty-eight hours to the person charged, and in such manner of examination as the rules and regulations of the commissioner may prescribe. The examination into such charges and trial shall be conducted by the commissioner, a deputy commissioner or other person designated by the commissioner in writing for that purpose; but no decision shall be final or be enforced until approved by the commissioner. The rules and regulations for the uniformed force of the department, as established from time to time by the commissioner, shall be printed, published and circulated among the officers and members of such department.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 487a-12.0 added chap 929/1937 § 1

Amended LL 54/1983 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Member of Fire Department as to whom Fire Commissioner had rescinded the order dismissing him from the service and had instead suspended him without pay pending hearing and determination of charges against him, **held** entitled to salary from date of original dismissal to date of his suspension without pay.-In re Brooks (McElligott), 99 (132) N.Y.L.J. (6-8-38) 2767, Col. 4 T.

¶ 2. Determination of Fire Commissioner was modified by Appellate Division by reducing punishment of fireman from dismissal to suspension for six months on ground that punishment for procuring duplicate badges for policemen and firemen for a fee, selling fire extinguishers and exhibiting pornographic films in firehouses was excessive in view of his twenty-six years of service without charges of any kind. The Court of Appeals modified by finding the reduction to six months' suspension too substantial and reduced the measure of discipline imposed by the Fire Commissioner to suspension for two years. Matter of Bovino v. Scott, 22 N.Y. 2d 214, 239 N.E. 2d 345, 292 N.Y.S. 2d 408 [1968], modifying, 27 A.D. 2d 917, 278 N.Y.S. 2d 961 [1967].

¶ 3. Order denying petitioner's application for reinstatement to his position in the Fire Department was affirmed, with a dissent on the ground that petitioner's sanity at the time the charges were served at his residence, upon which depended the validity of the service, could not be decided without a trial, upon the conflicting affidavits.-Hines v. Walsh, 269 App. Div. 825, 55 N.Y.S. 2d 818 [1945], aff'd without opinion, 295 N.Y. 562, 64 N.E. 2d 276 [1946].

¶ 4. Administrative Code § 487a-12.0 is intended to afford a hearing to a member of the Fire Department before a penalty may be imposed in a disciplinary proceeding. The authorization in such statute for the imposition of punishment only "on conviction" of a member imports a trial or hearing as a necessary incident to a disciplinary proceeding. Accordingly, a member was entitled to a review under Civil Practice Act § 1296, subds. 6 and 7, of the proceedings leading to his conviction.-Tiernan v. Walsh, 294 N.Y. 299, 62 N.E. 2d [1945].

¶ 5. Whether the hearing granted by the Fire Commissioner to a member of the uniformed force of the Department was had as of right or by way of grace was not to be tested by the ultimate penalty imposed. In the immediate instance, the service of written charges upon which the member's dismissal could have been sustained, the notice to appear at the hearing and the hearing itself conducted with all the formalities associated with a Department trial, clearly pointed to fact that his dismissal was sought, or at any rate, that his employment was in jeopardy.-Farinella v. Walsh, 184 Misc. 131, 53 N.Y.S. 2d 291 [1945], modified on other grounds, 270 App. Div. 757, 59 N.Y.S. 2d 926 [1946].

¶ 6. Member of the uniformed force of the Fire Department who had not been charged with any dereliction of duty and who has not been lawfully retired could not be suspended from duty by the Fire Commissioner, and should be reinstated.-City of N.Y. v. Schoeck, 268 App. Div. 979, 51 N.Y.S. 2d 899 [1944], aff'd 294 N.Y. 559, 63 N.E. 2d 104 [1945].

¶ 7. Application under Civil Practice Act, Art. 78, for a review of the Fire Commissioner's determination, finding petitioner, who was a member of the uniformed force of the Fire Department, guilty upon two charges of misconduct and imposing a fine as a penalty, should have been referred to the Appellate Division in the first instance, pursuant to § 1296 of the Civil Practice Act. That petitioner was not a war veteran, was immaterial.-Farinella v. Walsh, 184 Misc. 131, 53 N.Y.S. 2d 291 [1945], modified on other grounds, 270 App. Div. 757, 59 N.Y.S. 2d 926 [1946].

¶ 8. Determination of Fire Commissioner adjudging petitioner, a uniformed member of the Fire Department, guilty of official misconduct and officially reprimanding him therefor, **held** not to constitute an abuse of discretion, where, as a committee member of a firemen's endowment association, petitioner had attended a meeting without invitation and in violation of departmental rule prohibiting members of the department from visiting headquarters of their superior officers without permission of their intermediate commanding officer, and he had also violated a rule by addressing two communications to the Fire Commissioner concerning the financial condition of the endowment

association without clearing them through regular departmental channels. Although the financial situation of the endowment association was not officially associated with administrative functions of the Fire Commissioner, petitioner was a member of the department and subject to its rules and discipline.-In re Mott (Walsh), 114 (135) N.Y.L.J. (12-12-45) 1692, Col. 5 T.

¶ 9. Fire Commissioner **held** not to have abused his discretion in dismissing fireman who admitted that on two separate occasions he was absent without leave in violation of rules of the Fire Department. In view of such admission, technical defects such as in regard to amount of notice he received of a hearing, were disregarded. However punishment of dismissal **would seem** to be rather severe inasmuch as other firemen who had been absent without leave and firemen guilty of intoxication had been punished merely by imposition of fines of a number of days' pay.-Matter of Bergbuchler (McElligott), 99 (141) N.Y.L.J. (6-18-38) 2952, Col. 6 T.

¶ 10. Dispute arising out of the Fire Commissioner's determination fining a member of the uniformed force five days' pay for absence without leave notwithstanding the member had allegedly acted in good faith in reliance upon the opinion of his own physician, involved a mere difference of opinion on a medical question, and therefore the courts were not warranted in interfering with the Commissioner's order.-Tiernan v. Walsh, 294 N.Y. 299, 62 N.E. 2d 79 [1945].

¶ 11. Section 248 of the Rules and Regulations for the Uniformed Force of the Fire Department prohibiting members from sanctioning the use of their names or photographs in connection with any written or printed article or newspaper advertisement without the written approval of the Chief of Department, **held** a valid and reasonable exercise of the Fire Commissioner's right to prescribe rules for discipline of the uniformed members. Section 248 does not deprive members of the right to appeal to the Legislature or any public officer or other body for the redress of grievances, and it permits the use of names or photographs in connection with written or printed articles and advertisements, provided the approval of the Chief of the Department is obtained.-Kane v. Walsh, 295 N.Y. 198, 66 N.E. 2d 53 [1946].

¶ 12. However, the Fire Commissioner's order directing members of the Uniformed Firemen's Association to make no further statements of any kind, either for publication or otherwise, concerning the members of the association in relation to the Fire Department, was so broad in scope and rigid in terms as to be unreasonable and contrary to Civil Rights Law § 15, which forbids any citizen to be deprived of his right to appeal to the Legislature or to any public officer or other public body for the redress of grievances on account of employment in the civil service.-Id.

¶ 13. The members of the association would not be granted judgment enjoining the Fire Commissioner and his agents from enforcing § 248 and his order issued under the purported authority of § 248, as the grant of a mandatory injunction is discretionary with the court, and the acts sought to be enjoined could be dealt with under C.P.A. Article 78.-Id.

¶ 14. Rule promulgated by Fire Commissioner prohibiting members of the Fire Department from engaging in outside employment, **held** authorized as a measure for the efficient administration of the Fire Department, as applied to member of the Department who, prior to his appointment as fireman, had received training in mechanical engineering and in an effort to aid the war effort had taken outside employment in a war plant, averaging over 100 hours a week on the two jobs, which were at distant places. Whether, in view of the controversial character of the issue and the laudable motive in accepting outside employment, the Commissioner should mitigate his penalty of dismissal from the Department, was a matter for the Commissioner's discretion.-Calfapietra v. Walsh, 183 Misc. 6, 49 N.Y.S. 2d 829 [1944], aff'd without opinion, 269 App. Div. 734, 54 N.Y.S. 2d 231 [1945], aff'd 294 N.Y. 867, 62 N.E. 2d 490 [1945].

¶ 15. A fireman could not be removed by the Commissioner because of an alleged non-service mental disability. Since he had not been retired, it was necessary for charges to be filed and a hearing granted, before he could be removed. Section B19-7.0 did not apply, since he had not served under the City for 10 years. In re Zaleski (Cavanaugh), 143 (74) N.Y.L.J. (4-18-60) 9 Col. 8 M.

¶ 16. The determination of the Fire Commissioner dismissing the petitioner after a hearing upon charges, of illegal sales of a narcotic drug, and with disobeying orders by leaving his home without the permission of a medical officer after reporting an injury, was sustained. The determination was justified by overwhelming evidence on the narcotic charge, and though the Trial Commissioner may have exceeded his authority in ordering the petitioner followed when leaving the waiting room upon suspicion that he was a malinger, nevertheless, the evidence on the narcotics charge was sufficient to justify the dismissal. Matter of Smith v. Cavanaugh, 10 A.D. 2d 682, 197 N.Y.S. 2d 837 [1960].

¶ 17. The Fire Commissioner acted in excess of his authority when he demoted a fireman from first to second grade after the fireman had been found guilty of knowingly submitting false reports and neglect of duty since this section makes no provision for imposition of such a penalty although such penalty was authorized by Civil Service Law § 75.-Weiss v. City of New York, 56 N.Y. 2d 758 [1982].

**CASE NOTES**

¶ 1. A firefighter who is disciplined under § 15-113 cannot appeal the disciplinary action to the Civil Service Commission. The reason is that under City Charter § 487, the Fire Commissioner has the exclusive power to perform all duties concerning discipline of members of the Fire Department. Although § 75 of the Civil Service Law creates a right to appeal disciplinary actions to the Civil Service Commission, that section was created after City Charter § 487 and Admin. Code § 1-113. Civil Service Law § 76(4) contains a saving clause, which indicates that the Civil Service Law should not be construed to repeal other laws. Thus, the enactment of Civil Service Law § 75 did not deprive the Fire Commissioner of the exclusive right to discipline firefighters. Thus, proper method for firefighters to appeal disciplinary action is to bring a proceeding under CPLR Article 78, not to bring a proceeding under the Civil Service Law. Von Essen v. New York City Civil Service Commission, 4 NY3d 220, 791 N.Y.S.2d 887, 825 N.E.2d 128 (2005).

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-115 Rehearing of charges; reinstatement of members of department.

a. Upon written application to the mayor by the person aggrieved, setting forth the reasons for demanding such rehearing, the commissioner may rehear the charges upon which a member or a probationary member of the uniformed force has been dismissed, or reduced from the rank theretofore held by him or her. Such person or persons shall be required to waive in writing all claim against the city for back pay and shall obtain the mayor's consent to such rehearing, such consent to be in writing and to state the reasons why such charges should be reheard.

b. Such application for a rehearing shall be made within one year from the date of the removal or reduction in rank.

c. If the commissioner shall determine that such member has been illegally or unjustly dismissed or reduced, the commissioner may reinstate such member or restore such member to the rank from which he or she was reduced, as the case may be, and allow such member the whole of his or her time since such dismissal to be applied on his or her time of service in the department, or the commissioner may grant such other or further relief as he or she may determine to be just, or may affirm the dismissal or reduction, as he or she may determine from the evidence.

d. If the applicant be a probationary member of the department, the commissioner may allow such probationary member the time already served as a probationary member to count as time served, but shall not allow the time between the date of his or her dismissal and restoration to count as service in the department.

e. Employees of the department, not entitled to a trial before dismissal, and who were given an opportunity to explain charges before they were removed, may apply to the mayor, within one year from the date of the order

separating them from the service, for a further opportunity to explain, setting forth the reasons for such action. The mayor, in his or her discretion, may grant such application. The commissioner, thereupon, shall afford a further opportunity to the dismissed employee to explain the charges filed against him or her, on which the removal was based. Thereafter the commissioner, in his or her discretion, may reinstate the dismissed employee or reaffirm the previous removal. Prior to any reinstatement hereunder, such former employee shall file a written statement waiving all claim or claims for back salary and damages of any kind whatsoever.

**CASE NOTES FROM FORMER SECTION**

¶ 1. In view of Inferior Criminal Courts Act § 116(h), empowering Board of City Magistrates to prepare and issue summonses in blank, attested in name of its Chief City Magistrate, to members of the police force and all other peace officers in the City, and the provision in Administrative Code § 487a-15.0 that officers and members of the Fire Department in performance of their duties shall have the powers of peace officers, fireman **held** to have been authorized to serve summons upon defendant charging him with failure to give right of way to a fire apparatus. The proceeding

against the defendant was not a criminal one, and hence construction of § 487a-15.0 relative to service of process in criminal actions was not involved. In any event, by defendant's appearance in person and by counsel, jurisdiction had attached and could not later be questioned.-People (Timmins) v. Springer, 170 Misc. 554, 10 N.Y.S. 2d 136 [1938].

¶ 2. Fire marshals were not engaged in the performance of their official duties when some days after a fire in which defendant was seen leaving a vacant building where several fires had occurred and when questioned at that time by fire marshal had grabbed his gun and ascaped, they found defendant at which time a shootout occurred and defendant was captured when the search for defendant related to robbery of fire marshal's gun and not investigation of arson.-People v. Lanzot, 67 A.D. 2d 864 [1979].

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-120 Uniforms and badges; unlawful use prohibited.

a. It shall be the duty of the commissioner to make suitable regulations under which the officers and members of the department shall be required to wear an appropriate uniform and badge by which the authority and relations of the officers and members in such department may be known. The commissioner shall select the grade of cloth and quality required for such uniforms, but shall not prescribe where or from whom such uniforms or uniform clothing shall be purchased, or the price to be paid therefor. It shall be unlawful for any contractor or agent or employee of any contractor for the making of uniforms for the department to have an office within any building belonging to or under the control of the department.

b. It shall be a misdemeanor, punishable by imprisonment for a period of not less than sixty days, for a person not enrolled or employed, or appointed by the department, to wear the whole or any part of the uniform or insignia prescribed to be worn by the rules or regulations of the department, or to do any act as firefighter not duly authorized by the commissioner, or to interfere with the property or apparatus of the department in any manner unless by the authority of the commissioner. Any person who shall falsely represent any member of the uniformed force of the department, or who shall maliciously, with intent to deceive, use, or imitate any of the signs, fire caps, badges, signals or devices adopted or used by the department, shall be deemed guilty of a misdemeanor and shall be subject to a fine of not less than twenty-five dollars or more than two hundred fifty dollars, and to imprisonment for a term of not less than ten days, or more than three months, such fine when collected to be paid into the general fund of the city established pursuant to section one hundred nine of the charter.

CHAPTER 1 FIRE DEPARTMENT

§ 15-121 Termination of service of members of uniformed force because of superannuation.

a. Except as otherwise provided in subdivision c of this section no member of the uniformed force of the department except medical officers, who is or hereafter attains the age of sixty-five years shall continue to serve as a member of such force but shall be retired and placed on the pension rolls of the department, provided however, that any member who is not eligible for retirement at age sixty-five, shall continue to serve as a member only until such time as such member becomes eligible for such pension retirement.

b. Notwithstanding the provisions of subdivision a of this section or of any other section of law, any member who shall not have completed thirty-five years of creditable city service within the meaning of subdivision h of section 13-304 of the code, prior to attaining the age of sixty-five years may continue to serve as a member until he or she shall have completed such thirty-five years of creditable city service, provided that he or she is capable of performing duty acceptable to the commissioner. This section does not apply to chaplains or medical officers. This section shall apply only to members who are in the department on the first day of December, nineteen hundred seventy-one.

c. Any member whose retirement has become mandatory under the provisions of subdivision a of this section may, upon approval of the commissioner, request of the board of estimate that he or she be continued as a member of the uniformed force for a period not exceeding two years. The board, where advantageous to the public service, may grant such request for a period not exceeding two years. At the termination of such additional period of service, such board may in like manner permit such member to continue in the public service for successive periods each not exceeding two years. In no event shall a member be continued in public service upon attaining the age of seventy-five years.

§ 15-123 Limited mutual aid agreement with city of Mount Vernon.

a. Subject to the limitations contained in subdivision b of this section, the commissioner is hereby empowered to enter into a mutual aid agreement with the fire commissioner of the city of Mount Vernon. Such agreement shall authorize the dispatching of fire fighting equipment from the city of New York to the city of Mount Vernon when so requested by the commissioner of the city of Mount Vernon.

b. The scope of any agreement entered into pursuant to this section shall be limited in that fire fighting equipment dispatched from the city of New York shall only respond to fires or other emergencies occurring in that part of the city of Mount Vernon which contains the bulk oil storage installations located on the boundary line of the city of New York and within the confines of the city of Mount Vernon on either side of Eastchester creek.

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-124 Destruction of buildings to prevent spread of fire.

a. The commissioner may order any building which is on fire, or any other building near thereto which he or she deems hazardous, or likely to take fire, or to convey the fire to other buildings, to be razed, if, in his or her discretion, such action is necessary to prevent the spread of fire or to prevent the loss of life or property therefrom.

b. Whenever the razing of a building is thus ordered, it shall be the duty of any member or members of the department, under the direction of the officer in command at such fire, to level and destroy such building by the use of explosives, and it shall be lawful for them to enter and take possession of the same for such purpose. The commissioner may establish one or more depots for the storage and safekeeping of such explosives as may be required and may limit the quantity of any such explosives to be kept at any such depots.

c. Upon the application of any person interested in any building so razed, or in its contents, to the supreme court in and for the county or any adjoining county in the judicial department within which such building is situated, it shall be the duty of such court to issue a precept for a jury to inquire into and assess the damages which the owners of such building and all persons having an estate or interest therein or in the contents thereof, have respectively sustained by the razing of such building or its contents. Such precept shall be issued, directed, executed, returned and proceeded upon, and the proceedings thereon shall take effect, as nearly as may be, in such manner as is provided in chapter three of title five of the code. After the inquiry and assessment are confirmed by the court, the sums assessed by the jury shall be paid by the city to the respective persons in whose favor the jury shall have assessed the same, in full satisfaction of all demands of such persons, respectively, by reason of the razing of such building or its contents. The court before which such process shall be returnable shall have power to compel the attendance of jurors and witnesses upon any such assessment of damages.

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-125 Preventing spread of harbor fires.

The officers of the department in charge at the scene of a fire occurring on any vessel in the port of New York or in or upon any dock, wharf, pier, warehouse, building or other structure bordering upon or adjacent to such port, may prohibit the approach to such fire or to a vessel, dock, wharf, pier, warehouse or other building or structure in danger therefrom, of any tugboat or other vessel, or of any person; or may remove or cause to be removed and kept away from the vicinity of such fire all tugboats or other vessels. It shall be unlawful for any person in any way to obstruct the operations of the department in connection with any such fire, or to disobey any lawful command of the officers of such department in charge at the scene of such fire, or of the police in cooperating with them. Nothing in this section contained shall be construed to limit the authority of the master or officers of any such vessel on fire or in danger from fire, subject to the general authority of the department to control the operations in protection of the public interest.

CHAPTER 1 FIRE DEPARTMENT

§ 15-126 Fire alarm telegraph system.

a. Protection of. The fire alarm telegraph system shall be operated or used only by the commissioner, or the officers and employees of the department charged with its operation or maintenance or authorized to use it for instruction or drill. Any person, however, may freely operate the same to communicate actual alarms of fire. It shall be unlawful for any person to experiment or tamper with such system for any purpose whatever, or to have or possess any key thereof, without the authority of the commissioner. It shall be unlawful for any person to post, paint, impress, or in any way affix to any pole connected with the fire alarm telegraph, or any box, wire or other appliance connected therewith, any placard, sign, broadside, notice, or announcement of any kind; or to cut, mutilate, alter, mar, deface, cover, obstruct or interfere with the same in any manner whatsoever; or to paint, or cause to be painted, the poles of any other telegraph, or any other poles on the lines thereof, in a color or colors similar to those of poles upon which are fire alarm boxes, or in imitation thereof; or to consent, allow, or be privy to any of such things done for him or her or upon his or her behalf.

b. Kite-flying. It shall be unlawful for any kite to be flown, raised, or put in any street adjacent to the lines of such telegraph, or to be allowed to become entangled with the wires or apparatus thereof.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 15-127*

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 1 FIRE DEPARTMENT

§ 15-127 Auxiliary fire alarm systems.

a. Fire alarm telegraph companies.

1. Compensation to be paid to city. All persons engaged in the maintenance and operation of auxiliary fire alarm telegraph systems from which rent, profit or compensation is derived, and which are connected with the fire alarm telegraph system maintained by the city, or who, for the benefit of their patrons, are permitted to make any use whatsoever of the service of such fire alarm telegraph system shall pay such reasonable compensation to the city for such privilege and for such period of time as shall be fixed by the board of estimate on the recommendation of the commissioner.

2. Acquisition by department. The commissioner is authorized and empowered to extend the department's fire alarm telegraph system whenever in his or her judgment it shall be deemed desirable, by the purchase, lease or license of the whole or a part or parts of the appliance, apparatus, equipment, patents, licenses, franchises, rights, contracts or other property of any kind, of any fire alarm telegraph or fire alarm signal company doing business in the city, at a price to be agreed upon with the persons or corporation owning the same, and every such corporation is hereby authorized to sell, lease or license the same to the city. Such purchase, lease or license shall first be approved by the board of estimate, and if so approved, shall be made through the department of general services.

b. Private connection with fire alarm telegraph system.

1. May be required by commissioner. The owners and proprietors of all multiple dwellings, factories, office buildings, warehouses, stores and offices, theatres and music halls, and the authorities or persons having charge of all

hospitals and asylums, and of the public schools and other public buildings, churches and other places where large numbers of persons are congregated for purposes of worship, instruction or amusement, and of all piers, bulkheads, wharves, pier sheds, bulkhead sheds or other waterfront structures, shall provide such means of communicating alarms of fire to the department as the commissioner may prescribe. Any person who shall violate, or refuse, or neglect to comply with this provision shall, upon conviction thereof, be punished by a fine of not more than five hundred dollars, or by imprisonment not exceeding six months, or by both; and any such person shall, also, for each offense, be subject to the payment of a penalty in the sum of two hundred fifty dollars, to be recovered in a civil action brought in the name of the commissioner.

2. Inspection and maintenance. The commissioner shall have the power to enter in person or by his or her duly authorized employees, the buildings or premises which are provided, upon the application of the owners or agents thereof, or which are directed by the commissioner to be provided, with the means of communicating alarms of fire directly to the department, for the purpose of maintaining, repairing, examining or installing the same. The commissioner is authorized to fix and collect reasonable charges for the maintenance and equipment of such special fire alarm service thus provided, and such moneys when collected by the commissioner shall be paid into the general fund.

c. Interior fire alarms.

1. Automatic fire alarms. In every hotel, lodging house, public or private hospital or asylum, department store, and public school, there shall be placed and provided, when required by the commissioner, an adequate and reliable electrical or other interior alarm system, to be approved by the commissioner, by means of which alarms of fire or other danger may be instantly communicated to every portion of the building. The fire alarm apparatus and all other appliances placed or kept within any of such buildings for the purpose of preventing or extinguishing fires, or for affording means of escape therefrom in case of fire, shall be kept at all times in good working order and proper condition for immediate use, and any member of the uniformed force or authorized representative of the department may enter any of such buildings, at any time, for the purpose of inspecting such apparatus or appliances.

2. Building attendants. In every building used or occupied as a hotel, lodging house or public or private hospital or asylum, there shall be employed by the owner or proprietor, or other person having the charge or management thereof, one or more building attendants, whose exclusive duty it shall be to visit every portion of such building at regular and frequent intervals, under rules and regulations to be established by the commissioner, for the purpose of detecting fire, or other sources of danger, and giving timely warning thereof to the inmates of the building. There shall be provided a clock or other device, to be approved by the commissioner, by means of which the movements of such building attendant may be recorded. The commissioner may, however, in his or her discretion, accept an automatic fire alarm system in lieu of such building attendants and time detectors.

3. Diagrams of means of exit. In any of the buildings referred to in paragraphs one and two of this subdivision, there shall be posted such cards as the commissioner shall direct upon which shall be printed a diagram showing the exits, halls, stairways, elevators and fire escapes of the building, and, in the halls and passageways, such signs as the commissioner shall direct shall be posted indicating the location of the stairs and fire escapes.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 487e-2.0 added chap 929/1937 § 1

Sub d repealed LL 80/1985 § 6

**CASE NOTES FROM FORMER SECTION**

¶ 1. In proceeding brought under Admin. Code § 487e-2.0(d) for prosecution of defendant for failure to comply with Fire Commissioner's direction for installation of an interior fire alarm system and a watchman time detector system in its hotel, Court was without jurisdiction to review the facts for purpose of determining whether the Commissioner's order was reasonable or necessary. Defendant's remedy was to seek review of the order by the Board of Standards and Appeals, pursuant to Charter § 666, subd. 6. Court could only consider whether defendant had in fact complied with the Fire Commissioner's direction.-People (Pellegrino) v. 70 Realty Corp., 78 N.Y.S. 2d 265 [1948].

¶ 2. In appealing to Board of Standards and Appeals from decision of Fire Commissioner denying plaintiff's application for permission to use a basement room in a building for a non-profit nursery, there was a necessary assumption by petitioner of the validity of the Board's rule requiring installation of an interior fire alarm system, and accordingly, assuming validity of the rules, the Board could not be said to have acted arbitrarily in refusing permission for use of the room as a nursery.-Weinstein v. Murdock, 120 (97) N.Y.L.J. (11-19-48) 1218, Col. 6 F.

**NOTE**

Provisions of L.L. 73/1995, eff. Sept. 21, 1995:

A LOCAL LAW

In relation to fire department street alarm boxes.

**Be it enacted by the Council as follows:**

Section 1. Pursuant to the provisions of Local Law 20 for the year 1995, as amended, the council hereby approves the pilot program for deactivation of fire department street alarm boxes, as set forth in the proposal of the fire department entitled "Planned Removal of Street Alarm Boxes & Notification Alternatives", dated June 21, 1995, as amended and modified by the document entitled "Modification to Planned Removal of Street Alarm Boxes & Notification Alternatives", dated August 17, 1995 and presented to the council pursuant to such local law.

§ 2. Upon completion of the pilot program, the fire department shall, as soon as practicable thereafter, submit to the mayor and the city council a report on such pilot program. Such report shall contain statistics on the pilot program, as set forth in the proposal of the fire department entitled "Planned Removal of Street Alarm Boxes & Notification Alternatives", dated June 21, 1995, as amended and modified by the document entitled "Modification to Planned Removal of Street Alarm Boxes & Notification Alternatives", dated August 17, 1995, and shall assess the results of such pilot program.

§ 3. a. Notwithstanding any inconsistent provision of law, if the city council does not act by means of appropriate legislative action within sixty days after the first stated meeting of the council following the receipt of the report provided for by section two of this local law, the fire department may thereafter deactivate and remove alarm boxes in the city of New York in a manner consistent with such report and the proposal of the fire department entitled "Planned Removal of Street Alarm Boxes & Notification Alternatives", dated June 21, 1995, as amended and modified by the document entitled "Modification to Planned Removal of Street Alarm Boxes & Notification Alternatives", dated August 17, 1995. Unless the city council so authorizes by appropriate legislative action, the fire department shall not deactivate and/or remove any alarm box, other than those alarm boxes deactivated pursuant to the pilot program authorized by section one of this local law, prior to (i) the submission of the report required by section two of this local law; and (ii) the conclusion of such sixty-day period, provided that alarm boxes deactivated pursuant to the pilot program authorized by section one of this local law may remain deactivated during such sixty-day period.

b. Consistent with the report required by section two of this local law and the proposal of the fire department entitled "Planned Removal of Street Alarm Boxes & Notification Alternatives", dated June 21, 1995, as amended and modified by the document entitled "Modification to Planned Removal of Street Alarm Boxes & Notification Alternatives", dated August 17, 1995, if the fire department determines that a public pay telephone or cellular telephone is necessary at a location, the alarm box at such location shall not be deactivated until such telephone is in service at such location.

§ 4. This local law shall take effect immediately.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Court should have advised defendant before accepting guilty plea that evidence of intoxication could be offered to negative an element of the crime charged, namely that he "wilfully or designedly" gave a false alarm of fire upon ascertaining that defendant claimed to have been intoxicated when he turned in the false alarm and was under hospital care for this condition.-People v. Bell, 165 (26) N.Y.L.J. (2-8-71) 17, Col. 7 F.

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-215 Tampering with automatic sprinkler systems.

a. It shall be unlawful for any person to tamper with a system of automatic sprinklers in any building or occupancy by damaging such a system or otherwise preventing it from properly functioning.

b. It shall be unlawful for any person to tamper with a system of automatic sprinklers in any building or occupancy by causing such a system to activate or otherwise release its fire extinguishing agent when there is no fire condition or other public safety consideration requiring such activation or release.

c. Nothing contained in this section shall be construed to make unlawful any maintenance or inspection of a system of automatic sprinklers by any person acting with the authorization of the owner of the building or occupancy, when such person possesses such permits, licenses or certifications as may be required to perform such maintenance and inspection.

d. This section shall be enforceable by the department and such other agencies as the mayor may direct.

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-216 Fines and penalties.

a. Any person who shall violate or fail to comply with any laws, rules, or regulations enforceable by the department, unless a different penalty is specifically provided, shall be guilty of a violation and upon conviction thereof shall be punished by a fine of not more than five thousand dollars for each offence. Such person shall also be subject to the payment of a civil penalty of not more than five thousand dollars which may be recovered in a civil action brought in the name of the commis- sioner.

b. Any person who shall knowingly violate or fail to comply with any laws, rules, or regulations enforceable by the department, unless a different penalty is specifically provided, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than ten thousand dollars or imprisonment for not more than six months or both for each offense. Such person shall also be liable for a civil penalty of not more than ten thousand dollars which may be recovered in a civil action brought in the name of the commissioner.

c. The commissioner, in his or her discretion, may pay a portion of a fine or penalty when collected, not to exceed one-half thereof, to any person giving information of any such violation.

**HISTORICAL NOTE**

Section repealed and added (as § 488-1.0) LL 80/1985 § 7, 8

(Section number assigned by the Legislative Bill Drafting Commission)

Subds. a, b amended L.L. 74/1988 § 1.

**CASE NOTES FROM FORMER SECTION**

¶ 1. The conviction of the defendant for a violation of this section in failing to comply with a fire prevention order of the City Fire Commissioner, who had ordered a yard hydrant system installed in the defendant's lumber storage yard was affirmed.-People v. Beard's Erie Basin, Inc., 265 App. Div. 833, 37 N.Y.S. 2d 504 [1942].

¶ 2. Mere fact of issuance of a violation order alone and failure to comply with such order is not an offense and did not compel defendant to comply with the provisions of § C19-164.0 which require an elevator to be in readiness at all times with a competent operator available on constant duty since this would raise the act of an administrative officer to a judicial level without a trial.-People v. Austern. 75 Misc. 2d 390, 348 N.Y.S. 2d 50 [1973].

¶ 3. Defendant would be held criminally liable under this section even though title to the buildings was held in the name of corporation in which he was a stockholder where he was at times sole stockholder, an active manager and "dominant controlling force."-People v. Sakow, 45 N.Y. 2d 131, 379 N.E. 2d 1157, 408 N.Y.S. 2d 27 [1978].

¶ 4. N.Y.C. Criminal Court was not divested of jurisdiction in a proceeding against Penn Central Transportation Co. charging them with refusal to comply with orders of the N.Y.C. Fire Commissioner in violation of this section by fact that defendant was seeking a reorganization on the ground of insolvency in the federal court since bankruptcy is a civil proceeding.-People v. Penn Central Transportation Co., 95 Misc. 2d 748 [1978].

¶ 5. Where defendant's building had a fully operable sprinkler system it could not be held criminally responsible for failing to maintain a defunct deluge sprinkler system to provide suitable protection for buried oil storage tanks of Consolidated Edison located adjacent to defendant's property, and even if there were an easement requiring defendant to maintain the system for the benefit of Consolidated Edison the proper remedy would be an action at law to recover damages or a suit in equity for an injunction by Consolidated Edison.-People v. Weber, 111 Misc. 2d 417 [1981].

**CASE NOTES**

¶ 1. The managing agent responsible for maintenance of a multiple dwelling damaged by fire during which the sprinkler system failed to operate may be charged with violating the fire safety code pursuant to Ad Cd §15-216(a) in that a fire apparatus was not in good working order as required by Ad Cd §27-4265(e)(1) and the local fire company was not notified that the sprinkler system was out of order as required by §27-4265(e)(1) and 3 RCNY 37-01(b)(1). Section 15-216(a) is a strict liability statute and agent is liable even though he was not negligent or knowingly in violation. People v. Vurckio, 162 Misc. 2d 876, 619 NYS2d 510 (Crim.Ct. Kings Co. 1994).

*NYC Administrative Code 15-219*

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-219 Compelling attendance of witnesses.

a. Power of subpoena of commissioner.

1. The commissioner, in and about any investigation authorized by section 15-218 of this title, and touching any matter connected therewith, may subpoena and compel the attendance of any person or persons, and the production of any books, papers, archives or documents in his, her or their possession or control, which, in the judgment of the commissioner or of the chief or deputy chief fire marshal, is connected with and necessary to such investigation.

2. For such purpose, the corporation counsel, at any time, may cause subpoenas to be issued out of the supreme court, attested under the name of a justice of such court, in like form and with same effect as though issued by such justice in any action pending in a court of record, and such subpoenas may be served, and proof of service may be made, in the same manner as by law provided for the service of subpoenas out of such court. Upon proof of service of the subpoena, and proof of noncompliance therewith, or failure to attend and testify as directed therein, or failure to produce any book, paper, archive or document in the possession or control of the persons named in the subpoena, and directed to be produced therein, or failure or refusal on their part to answer any pertinent question, application may be made before any justice of the supreme court, who may thereupon cause to be arrested and punished as for a contempt of the orders of such court the person or persons named in such subpoena.

3. Any person subpoenaed under this section shall attend and testify upon such adjourned day or days and at such adjourned time and place as may be designated by the commissioner or chief or deputy chief fire marshal.

b. Power of subpoena of fire marshal.

1. A fire marshal shall have the power to issue a notice in the nature of a subpoena, in such form and subscribed in such manner as the commissioner shall prescribe, to compel the attendance of any person as a witness before such fire marshal, to testify in relation to any matter enumerated in section 15-218 of this title.

2. Upon the presentation of satisfactory proof of due service of any such notice in the nature of a subpoena upon any such witness, and of failure to obey the same, it shall be the duty of the commissioner to make an order that such witness be arrested and brought before the marshal, to testify in relation to the subject matter of the inquiry. Such order may be executed by any member of the police force or any member of the force having the power of police officers, who may arrest and bring the witness before such marshal; but such witness shall not be detained longer than is necessary to take such testimony.

c. Additional penalty for disobedience of subpoena. Any person or persons who fail to attend and testify as required by any subpoena issued under the authority of this section shall be liable to a penalty in the sum of fifty dollars.

§ 15-220 Administering oaths; taking and transmitting testimony.

a. The commissioner, the chief and deputy chief fire marshals, and the assistant fire marshals, in conducting any investigation authorized by section 15-218 of this title, shall have the power to administer oaths and affirmations, and any false swearing under such oath or affirmation shall be perjury.

b. The chief fire marshal, or other person conducting such investigation shall take the testimony, under oath, of all persons supposed to be cognizant of any fact, or to have means of knowledge, in relation to the subject of the investigation, and shall cause the same to be reduced to writing and verified. All such testimony, together with the report of the investigating officer setting forth his or her opinions and conclusions in respect to the matter, shall be transmitted to the commissioner. A copy of such testimony and report may be furnished, in the discretion of the commissioner, to the police department, to the district attorney of the county in which a crime is believed to have occurred, to the New York board of fire underwriters, to the owners of the property involved, and to other persons interested in the subject matter of the investigation. In all cases of supposed arson, incendiarism, or fires due to criminal carelessness, the commissioner, or officer authorized by the commissioner, shall promptly seek the cooperation of such police department and district attorney, and shall report to such attorney, without delay, all evidence, with the addresses of probable witnesses.

§ 15-220.1 False statements in certificates, forms, written statements, applications, reports or certifications of correction.

a. Any person who shall knowingly make a false statement or who shall knowingly falsify or allow to be falsified any certificate, form, signed statement, application, report or certification of the correction of a violation required under the provisions of any laws, rules, or regulations enforceable by the department, shall be punished by a fine of not less than one thousand dollars nor more than five thousand dollars or by imprisonment not to exceed six months, or both for each such offense.

b. Such person shall also be liable for a civil penalty of not less than one thousand dollars nor more than five thousand dollars which may be recovered in a proceeding before the environmental control board. In any such proceeding which relates to a false statement in a certification filed pursuant to section 15-230, if an inspection made within six months after the filing of the certification finds a condition constituting a violation which is the same as the condition described in the notice of violation with respect to which such certification was filed, there shall be a rebuttable presumption that the condition described in such notice of violation continued and is the same condition found in the inspection.

53 of 63 DOCUMENTS

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 15-227*

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-227 Violations; order to vacate building.

a. Any building, structure, enclosure, vessel, place or premises perilous to life or property in case of fire therein or adjacent thereto, by reason of the nature or condition of its contents, its use, the overcrowding of persons therein, defects in its construction, or deficiencies in fire alarm, fire extinguishing or fire escape equipment, or by reason of any condition in violation of law, or order of the commissioner, is a public nuisance within the meaning of the code and the penal law. The commissioner is empowered to abate any such public nuisance.

b. In case any order to remedy a condition imminently perilous to life or property issued by the commissioner or the department is not complied with, or the commissioner certifies in writing that an emergency exists requiring such action, he or she may order and immediately cause any building or structure or part thereof (i) to be vacated; and, also, if the commissioner determines such action is necessary to the preservation of life and safety, (ii) to be sealed, secured and closed; provided, however, that the commissioner shall not order sealed, secured, and closed any dwelling unit or other space lawfully used for residential purposes. Upon the issuance of an order to seal, secure and close, no person shall have access to such premises except as authorized by the commissioner. For the purpose of this section, "sealed, secured and closed" shall mean the use of any means available to render the building, structure or part thereof inaccessible, including but not limited to the use of a padlock or cinder blocks.

c. All orders issued pursuant to this section shall be posted upon the premises. Immediately upon the posting of an order upon the premises, officers and employees of the police department, the department, and other authorized officers and employees of the city shall immediately act upon and enforce such order. The police department shall provide all reasonable assistance to the department and other authorized officers and employees necessary to carry out the provisions of this section. If an order issued pursuant to this section is not complied with within the time designated

therein, the commissioner, in addition to or in lieu of any other remedy or power, may apply to the supreme court, at a special term thereof, without notice, for an order directing him or her to vacate and/or seal, secure and close such building or premises or so much thereof as he or she may deem necessary, and prohibiting and enjoining all persons from using or occupying the same for any purpose until such measures are taken as may be required by such order.

d. (i) Any order to seal, secure and close issued pursuant to item (ii) of subdivision b of this section shall contain notice of the opportunity for a hearing with respect to such order, to determine if the order was properly issued in accordance with the provisions of this section. Such hearing shall be conducted by the commissioner, or in the commissioner's discretion, by the office of administrative trials and hearings or the environmental control board. If the matter is referred to such office or board, the hearing officer shall submit his or her findings of fact and a recommended decision to the commissioner. The hearing shall be held within three business days after the receipt of the written request of an owner, lessor, lessee or mortgagee for such hearing and the commissioner shall render a decision within three business days after such hearing is con- cluded.

(ii) Any order issued pursuant to this section shall be served in accordance with section 15-224 of the code and, in addition, shall be mailed to the record owner of such premises and any record mortgagee of such premises at the address for such person as set forth in the recorded instrument and to the person designated as owner or agent of the building or designated to receive real property tax or water bills for the building at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property. A copy shall also be filed with the county clerk of the county in which such premises are located. Such filing shall be notice of the order to any subsequent owner and such owner shall be subject to such order.

e. An order issued pursuant to this section shall not be rescinded unless the owner, lessor, lessee or mortgagee seeking such rescission provides assurance, in a form satisfactory to the commissioner, that the conditions which caused the issuance of such order have been corrected and will not reoccur. If such order is rescinded, upon the request of the owner, lessor, lessee or mortgagee, the commissioner shall provide a certified copy of such rescission, which may be filed with the county clerk of the county in which such premises are located.

f. The commissioner shall give written notice of the closing of any building or structure or part thereof pursuant to this section, and any subsequent actions taken with respect thereto, as soon as practicable, to (i) the borough president of the borough within which the closing has occurred; (ii) the council member representing the district within which the closing has occurred; and (iii) the local community board. On January first of each year, the commissioner shall submit a report to the council, setting forth the number of closings made in the previous year, the locations of such closings, and the nature and use of the premises closed. The commissioner shall, in addition, as soon as practicable after a building, structure or part thereof has been closed, make and publish a report of said closing in a manner calculated to quickly notify the local community in which such closing occurred. The commissioner shall also make and publish a report of any premises reopened pursuant to his or her permission under this section. Failure to comply with this subdivision shall not invalidate any action taken by the commissioner pursuant to this section.

Formerly § 491a2-2.0 added chap 929/1937 § 1

**NOTE**

Provision of L.L. 23/1990 §§ 1, 2.

Section 1. Declaration of legislative intent. The council finds that the failure to comply with building code and fire prevention code requirements on the part of many establishments in the city continues to pose a serious threat to the health, safety and welfare of the city's residents and visitors and is perilous to property. The critical nature of this problem was evidenced by the recent fire at an illegal social club in the Bronx in which eighty-seven people died. The council recognizes that disregard of building and fire prevention code requirements is not limited to illegal social clubs: Factories, offices, day care and senior citizen centers and other nonresidential places used for commercial or profit-generating purposes are all equally likely to have violations that would be perilous to their occupants.

The council finds that the issuance of a vacate order against premises found to be in a condition that is dangerous to life, which has been the enforcement mechanism most often employed by the buildings and fire departments, has not been sufficient to prevent the persistence of such hazardous conditions. This was demonstrated by the fact that the social club at which the recent tragic fire occurred had been ordered vacated sixteen months earlier, and although the various building code violations on the premises had not been corrected, it continued to operate. The council finds that in order to rectify this situation, the commissioners of the department of buildings and fire department must have discretion to immediately seal, secure and close as well as vacate such premises which are found to be in a condition imminently perilous to life and property. In addition, the council finds that the owners of such premises which are padlocked must be required to certify that before such premises are again occupied, the violations in question will be cured, and any false statement in such certification must subject the owner to substantial civil penalties. In addition, the council finds that any person who reopens premises in violation of an outstanding vacate order or padlock must be subject to substantial civil and criminal penalties. The council further finds that mortgagees of premises that have been ordered vacated or padlocked must be notified of such order so that they can exercise any rights to prevent the illegal use of the premises that they may have under the mortgage agreement.

The council also finds that the sanctions available against persons who fail to comply with orders to vacate have not adequately deterred such violations. The council finds that the gravity of this problem is of sufficient magnitude to warrant a substantial increase in the amount of the civil penalty which may be imposed in the case of such failure to comply, up to a maximum of one million dollars for each person injured. The council intends that the maximum penalty be imposed only in the case of the most egregious and flagrant situations, where there is a showing of extensive and severe injuries caused by the willful or reckless conduct of the violator, a substantial history of violations by such violator, and a demonstration that such penalty is commensurate with the violator's financial resources.

It is the intention of the council to provide the fire and buildings departments with a broad array of enforcement tools to close, and keep closed, dangerous buildings and places. The enforcement tools and remedies contained in this local law are intended to be used, to the extent practicable, in conjunction with each other, and are not intended to be mutually exclusive.

The council also finds that there are many not-for-profit civic, cultural, recreational and social groups and organizations that play a vital role in the lives of this city's neighborhoods and communities. These groups are often located in buildings that fail to fully comply with building code and fire prevention code requirements. This is often due to a variety of factors such as their inability to compel landlords to make necessary repairs or a lack of understanding with respect to the city's requirements. In recognition of the importance of these organizations to the city, the council deems it appropriate to create a temporary commission to examine the problems faced by such groups and to make recommendations as to how these organizations can be assisted to enable them to comply with the law.

§ 2. Temporary commission on social clubs. a. There is hereby established a temporary commission on social clubs consisting of ten members. The mayor shall appoint five members, one of whom shall serve as chairperson, and the speaker of the council shall appoint five members. Such commission shall have a duration of nine months. The members of the commission shall be appointed within thirty days of the effective date of this section. Each member shall serve without compensation for the duration of the commission.

b. The commission may appoint an executive director to serve at its pleasure and may employ or retain such other employees and consultants as are necessary to fulfill its functions, within appropriations for such purposes.

c. Within six months of the appointment of the last member of the commission, the commission shall issue an interim report to the mayor and the council. The interim report shall make specific recommendations with respect to the areas listed below and shall include an assessment of the fiscal implications of such recommendations:

1. Methods to enable local, non-profit, civic, cultural, recreational and social groups and organizations to comply with applicable building code and fire prevention code requirements.

2. Identification of all local, non-profit, civic, cultural, recreational and social groups and organizations located in city-owned buildings; cost of bringing such premises into compliance where building code and/or fire prevention code violations exist.

3. Creation of a central city office to coordinate assistance and respond to problems experienced by local, non-profit, civic, cultural, recreational and social groups and organizations in working with city agencies, and to implement the recommendations of the temporary commission on social clubs.

4. Provision of in-depth, multi-language information, explaining licensing requirements and process, regulatory standards and penalties for failure to comply with same.

5. Methods to provide technical assistance necessary for code com- pliance.

6. Methods to relocate local, non-profit, civic, cultural, recreational and social groups and organizations to locations that are in compliance with the building code and fire prevention code.

7. The need, if any, to amend existing provisions of law to promote the continued, safe operation of local, non-profit, civic, cultural, recreational and social groups and organizations.

8. The need, if any, to explore procedures pursuant to which the city could undertake to cure building and fire prevention code violations in both city and non-city owned properties and recover the cost of such repairs from the property owner.

**CASE NOTES FROM FORMER SECTION**

¶ 1. An Article 78 proceeding would have to be dismissed where a certification that conditions in the premises were perilous to life in event of fire had not been appealed to the Board of Standards and Appeals. The certification by the deputy assistant chief in charge of fire prevention was in effect a certification by the Fire Commissioner.-Matter of Bi-Quiz, Inc. (Cavanagh), 144 (11) N.Y.L.J. (7-18-60) 4, Col. 4 F.

¶ 2. Parent of school child could not require Fire Commissioner to enforce § 491a2-2.0 dealing with unsafe buildings as there was a failure to present proper proof as to any particular school building. There was, however, proof that investigation had been made and overcrowded conditions did not exist.-Klughery v. Board of Education, 23 Misc. 2d 184, 202 N.Y.S. 2d 184 [1961].

¶ 3. Where main purpose of a barge operated as a floating restaurant was to serve food it was a building or structure within meaning of this section.-Street of Ships v. O'Hagan, 89 Misc. 2d 655 [1977].

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 15-227.1*

Administrative Code of the City of New York

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-227.1 Penalties for violation of order to vacate and order to seal, secure and close; access to premises.

a. Any person who violates the provisions of an order to vacate issued pursuant to section 15-227 of this code shall be liable for a civil penalty of not more than twenty-five thousand dollars and an additional civil penalty of not more than one thousand dollars for each day the violation continues.

b. Except as authorized by the commissioner, any person who removes or causes to be removed the seal from any premises sealed in accordance with an order of the commissioner or his or her designee shall be guilty of a misdemeanor punishable by imprisonment for no more than one year or a fine not to exceed fifty thousand dollars, or both such fine and imprisonment. Such person shall also be subject to a civil penalty not to exceed fifty thousand dollars.

c. The commissioner shall allow access to the premises to an owner, or a lessor, lessee or mortgagee, in accordance with the terms of the parties' lease or mortgage agreement, upon the following conditions: (i) the submission of a written affirmation, satisfactory to the commissioner, that such person or persons will commence or cause to be commenced without delay all work necessary to correct the conditions stated in the vacate order or otherwise to make the premises suitable for a lawful use and will complete such work within a period of time and in a manner to be approved by the commissioner; (ii) the submission of an affirmation or other proof satisfactory to the commissioner describing the steps that have been taken and will be taken in the future to ensure that the premises will be used or operated in a lawful manner and specifying such lawful use; (iii) if a license, permit or certificate of occupancy is necessary for such lawful use, the submission of a written affirmation or other proof, satisfactory to the commissioner, describing the steps that have been taken and will be taken in the future to ensure that such premises will be used or operated in compliance with any law requiring such license, permit or certificate of occupancy; and (iv) if the premises

are leased and the person making the affirmations described in items (i), (ii) and (iii) is not such lessee, the commissioner may also require any authorized person seeking access pursuant to this subdivision to submit an affirmation or other proof that proceedings to enable such person to take actions necessary to ensure compliance with the affirmations submitted by such authorized person pursuant to items (i), (ii) and (iii) have been commenced.

d. Any person who makes a material false statement in any document submitted pursuant to subdivision c of this section which statement he or she knows or has reason to know will be relied upon by the commissioner in determining whether he or she will allow access to the premises shall be liable for a civil penalty of not more than fifty thousand dollars.

e. Notwithstanding any other law, rule, or regulation, any person, corporation, partnership, association or any other legal entity who permits a building, structure or part thereof to be unlawfully occupied or used in contravention of an order of the commissioner pursuant to section 15-227, or who negligently fails to prevent or prohibit such unlawful occupancy or use, shall be liable for a civil penalty of not more than one million dollars, if any other person suffers serious physical injury, as defined in section ten of the penal law, or death in the building, structure or part thereof subject to such order, as a result of such unlawful occupancy or use. If more than one person suffers serious physical injury or death, such penalty shall be recoverable for each person suffering injury or death. Such penalty shall be recovered in a civil action brought by the corporation counsel in the name of the city in any court of competent jurisdiction. In determining the amount of the civil penalty to be imposed the court shall consider:

(i) the extent and severity of injury to persons and property caused by the violation;

(ii) the history of violations by the defendant at such premises, or any other premises, of laws, rules or regulations enforced by the department;

(iii) the degree of willfulness, recklessness, or negligence displayed by the defendant in committing the subject violation;

(iv) the defendant's financial resources; and

(v) the defendant's good faith efforts to cure the subject violation, including efforts to obtain entry to or possession of the premises in order to do so.

In the event that any person seriously injured or the family of any person who has died as the result of any unlawful occupancy or use described in this subdivision is unable to collect a judgment recovered in a civil action for personal injury or wrongful death against a defendant who has violated this subdivision because of the insolvency of such defendant, the city may, in its discretion, pay to such injured person or the family of such deceased person an amount, as hereinafter provided, collected from such defendant in an action relating to the same injury or death commenced by the corporation counsel against such defendant pursuant to this subdivision. Payments pursuant to this subdivision shall be made as a matter of grace and shall be in such amounts and in accordance with such standards and procedures as shall be established by the mayor, provided, however, that any payment made pursuant to this subdivision shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services necessary as a result of the injury upon which such action is based; loss of earnings or support resulting from such injury; burial expenses not exceeding two thousand five hundred dollars of a person who died as a result of such unlawful occupancy or use described in this subdivision; and the unreimbursed cost of repair or replacement of articles of essential personal property lost, damaged or destroyed as a direct result of such unlawful occupancy or use. In no event shall the payment made to any person exceed the amount of such person's uncollected judgment for personal injury or wrongful death and in no event shall the total amount paid to any number of persons with such uncollected judgments against a single defendent*1 exceed the actual amount collected by the city from such defendant in an action under this subdivision.

Title 15 Fire Prevention and Control

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-229 Environmental control board; civil penalties.

a. In addition to or as an alternative to any of the remedies and penalties provided in any laws, rules, or regulations enforceable by the department, any person who shall violate or fail to comply with any such laws, rules, or regulations shall, except as otherwise specifically provided in subdivision c of section 15-230, be liable for a civil penalty which may be recovered in a proceeding before the environmental control board. Such proceeding shall be commenced by the service of a notice of violation returnable before the board. Except as otherwise specifically provided, such civil penalty shall be determined as follows: (1) The maximum penalty for the first violation shall be one thousand dollars ($1,000); (2) the maximum penalty for the second and any subsequent violation of the same provision of law, rule or regulaton shall be five thousand dollars ($5,000), provided the violation is committed by the same respondent, is for the same provision of law, rule or regulation, and occurs within eighteen months of first violation, and provided, further, that if the respondent is the owner, agent, lessee or other person in control of the premises with respect to which the violation occurred, the violation occurred at the same premises.

b. For the purposes of the multiple offense schedule, if the respondent is the owner or agent of the building or structure with respect to which the violation occurred or a lessee of the entire building or structure, the term premises shall mean the entire building or structure. If the respondent is the lessee or person in control of a part of such building or structure, the term premises shall mean that part of such building or structure leased to or under the control of the respondent.

c. Notwithstanding any other provision of this section, if the respondent is the owner or agent of the building or structure with respect to which the violation occurred or a lessee of the entire building or structure, a prior violation by the same respondent shall not serve as a predicate for purposes of the multiple offense schedule set forth in this section

if the prior violation or the violation for which penalties are to be imposed occurred within an area of the building or structure which, at the time of the violation, was leased to and under the control of a person other than the respondent except that this provision shall not apply if both the prior violation and the violation for which penalties are to be imposed occurred within areas leased to and under the control of the same lessee. In any proceeding before the board, the burden of proof with respect to this exception shall be upon the respondent.

d. The commissioner may, by rule or regulation, establish a schedule of civil penalties providing a maximum penalty for the violation of each separate provision of law, rule or regulation based on the degree of seriousness of the violation. Such maximum penalties shall not exceed the maximum penalties for such violation set forth in this section.

CHAPTER 2 UNLAWFUL CONDUCT

§ 15-230 Environmental control board proceedings; order to certify correction.

a. Except as otherwise provided in subdivision e of this section, whenever the commissioner serves a notice of violation such notice shall include an order which requires the respondent to correct the condition constituting the violation and to file a certification with the department that the condition has been corrected. Such order shall require that the condition be corrected within thirty days from the date that the order is issued and that certification of the correction of the condition shall be filed with the department in a manner and form and within such further period of time as shall be established by rule or regulation of the depart- ment.

b. If the board finds, upon good cause shown, that the respondent cannot correct the violation within the period specified in subdivision a, it may, with the concurrence of the commissioner, postpone the period for compliance with such order upon such terms and conditions and for such period of time as shall be appropriate under the circumstances.

c. For violations which are subject to the penalties for a first violation as set forth in section 15-229, if the respondent complies with the order issued pursuant to subdivision a of this section within the time set forth in such subdivision there shall be no civil penalty for such first violation. Such violation may however serve as a predicate for purposes of the multiple offense schedule set forth in section 15-229.

d. In any proceeding before the environmental control board, if the board finds that the commissioner has failed to prove the violation charged it shall notify the commissioner and the order requiring the respondent to correct the condition constituting the violation shall be deemed to be revoked.

e. Subdivisions a, b, c, and d of this section shall not apply to environmental control board proceedings to

impose penalties for violations of sections 15-220.1, 15-223.1 and 15-231 or to impose penalties for any violation which the commissioner, in his discretion, determines to be hazardous.

§ 15-231 Civil penalty for failure to certify the correction of a violation.

a. Any person who shall fail to comply with an order of the commissioner issued pursuant to subdivision a of section 15-230 within the time specified in such subdivision or within such further period of time as may be provided by the environmental control board pursuant to subdivision b of section 15-230 shall, in addition to the penalties which may be imposed for the violation pursuant to section 15-229, be liable for a civil penalty of not more than five thousand dollars for each violation for which there has been a failure to comply with such order. Such civil penalty may be recovered in a proceeding before the environmental control board.

b. For the purposes of this section, if the environmental control board finds that a respondent has knowingly made false statements relating to the correction of a violation in a certification filed pursuant to section 15-230, such certification as to correction shall be null and void and the penalties set forth in this section may be imposed as if such false certification had not been filed with and accepted by the department.

CHAPTER 3 ARSON STRIKE FORCE

§ 15-301 Declaration of policy.

The council finds that within the past several years there have been increasing incidences of arson which have endangered life and property in some areas of the city; that deaths and serious injuries to many persons have resulted therefrom and much property has been destroyed; that extensive areas of burned-out buildings now blight parts of the city; that arson hastens the deterioration of communities; that residents are compelled to flee to other areas; that businesses and commercial enterprises are compelled to close, many never to open again; that fire insurance premiums increase; and that drastic steps are necessary to prevent the spread of this problem to other areas of the city. The council hereby declares that it is imperative that a permanent arson strike force be established that will foster greater cooperation between the various city agencies in the battle to control the arson problem that confronts the city.

§ 15-304 Reward for information leading to arson conviction: posting notices.

a. The city hereby offers a reward of not more than one thousand dollars per conviction to any person or persons giving information leading to the detection, arrest and conviction of any person or persons guilty of arson, attempted arson or conspiracy to commit arson, or felony murder arising in connection with arson.

b. The offer made herein subject to and limited by availability of funds appropriated therefore and shall be paid only if no other reward is paid by the city for information leading to detections, arrests and convictions arising from the same incident of arson, attempted arson, conspiracy to commit arson or felony murder arising from arson.

c. The commissioner is authorized to publish the offer made by this section by means of posters or any other appropriate medium. Subject to the approval of the corporation counsel, the commissioner may determine the form in which the offer is to be published.

d. The commissioner is authorized to place posters containing the offer made by this section on public property.

e. Subject to the conditions and limitations set forth in subdivisions a and b of this section, the commissioner, in his or her discretion, shall determine the amount payable and certify to the comptroller the name of the person or persons to whom the reward shall be made payable and the amount to be paid. If a reward is to be made payable to more than one person for the same information, the certification may specify that payment is to be made jointly to the persons so named.

f. The comptroller shall pay such reward as a claim against the city from the funds appropriated therefor by

warrant to the person or persons named in such certification.

g. The offer made by this section shall not be available:

(1) to any person employed by or having auxiliary status or other membership in any police or fire department or other law enforcement agency in the state; or

(2) to any person who has obtained the information directly or indirectly from a member of any police or fire department or other law enforcement agency in the state.

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-105 Drivers or sweepers; temporary employment of.

Any person registered or eligible to appointment as a driver, or as a sweeper, may be employed temporarily at any time as an extra driver or sweeper to replace a driver or sweeper who is suspended or temporarily absent from duty for any cause. The driver or sweeper whose place is so filled shall not receive any compensation for the time during which he or she is so absent from duty or his or her place is so filled, unless such absence results from injury or illness caused by service in the department.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-106 Removal and suspension of employees.

a. The commissioner, in his or her discretion, shall have power to punish any member of the uniformed force who has been guilty of:

1. any legal or criminal offense,
2. neglect of duty,
3. violation of rules,
4. neglect or disobedience of orders,
5. incapacity,
6. absence without leave,
7. conduct injurious to the public peace or welfare,
8. immoral conduct, or
9. any breach of discipline,

by forfeiting or withholding pay for a specified time, not exceeding thirty days; by suspension, without pay during

such suspension, for a period not exceeding thirty days; or by dismissal from the force. The commissioner may withhold pay, salary or compensation from any member or members of the force for absence for any cause without leave.

b. All pay deducted or forfeited under the provisions of this section shall be retained by the commissioner of finance to the credit of the department, and shall be applicable, in the discretion of the commissioner, to any of the purposes of such department as if originally appropriated therefor.

c. A member of the department shall be dismissed only after he or she has been informed of the cause of the proposed dismissal and has been allowed an opportunity of making an explanation.

d. In the event of the dismissal of any member of the force, he or she shall have the right to a review of the action of the commissioner or his or her deputy by certiorari or other appropriate remedy. Upon being successful in such proceeding, he or she shall be entitled to be reinstated and to receive full pay during the time of his or her suspension or dismissal from office.

e. When and as soon as a member of the uniformed force has been fined, suspended or dismissed, the true cause for such fine, suspension or dismissal shall be entered in writing in a book to be kept for that purpose by the commissioner.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 752-6.0 added chap 929/1937 § 1

Sub b amended chap 100/1963 § 554

**CASE NOTES FROM FORMER SECTION**

¶ 1. Language of § 537 of old Charter giving Commissioner of Street Cleaning discretion to punish a member of the uniformed force who has been guilty of "incapacity" or other misconduct, referred to censurable acts and did not warrant dismissal from the service of a licensed fireman in Department of Sanitation merely because he was incapacitated from old age.-Cosgrove v. Carey, 253 App. Div. 613, 3 N.Y.S. 2d 500 [1938]; rev'd on other grounds, 278 N.Y. 350, 16 N.E. 2d 361 [1938].

¶ 2. Plaintiff who, in addition to being employed as a blacksmith in the Department of Sanitation, was also employed outside his regular working hours in such Department in a private plant manufacturing war materials, and had been advised that he would be dismissed from his position in the Department of Sanitation unless he immediately gave up his outside employment, **held** to have set forth a good cause of action for an injunction restraining the Commissioner from suspending or dismissing him on account of his outside employment, since a regulation against outside employment adopted by a City department exceeds the powers conferred upon such a department by the Charter. Plaintiff did not possess an adequate remedy at law.-Putkowski v. Carey, 182 Misc. 1023, 52 N.Y.S. 2d 42 [1944].

¶ 3. The Municipal Civil Service Commission's disqualification of petitioner from taking future examinations did not preclude disciplinary action in the Department of Sanitation of the City, in which he served. Under Administrative Code § 752-6.0, the Commissioner of the Department of Sanitation has broad power to discipline the members of the Department, and such power is wholly independent of anything done by the Municipal Civil Service Commission.-In re Heaney (Mulrain), 126 (35) N.Y.L.J. (8-20-51) 280, Col. 5 T.

¶ 4. Dismissal of employee of Department of Sanitation from the service because he had impersonated two individuals and in their names and stead successfully completed Civil Service examinations, **held** not to have been

arbitrary. Charge that the hearing officer and the Department's law assistant who attended the hearing were prejudiced against him, was not sustained, and the alleged severity of the discipline meted out was beyond the reach of the Court.-Id.

¶ 5. Where petitioner resigned from the Sanitation Department but four months later his application for reinstatement was granted with full seniority status under Civil Service but was given assignments, shifts and vacation preferences customarily given to new employees, **held,** the court would not interfere with the discretion exercised by the Department with regard to their internal administrative details. Petitioner's claim that some others were given "full seniority rights" was not enough to support a finding of arbitrary action.-Matter of Bertini (Serverave), 144 (72) N.Y.L.J. (10-13-60) 14, Col. 4 T.

**CASE NOTES**

¶ 1. Administrative law judge held that section 16-106 provided for cumulative penalties. Dep't of Sanitation v. Gasparri, OATH Index No. 1844/00 (Aug. 16, 2000), modified on penalty as per plea agreement (Oct. 19, 2000).

¶ 2. Reprimand is not a penalty provided for in this section, which governs the discipline of New York City sanitation workers. Under this section, the lowest possible penalty for misconduct by a sanitation worker is forfeiture of pay or suspension. Commissioner modifies recommended penalty of reprimand and imposes a two day suspension for violation of seat belt policy. **Dep't of Sanitation v. Scarborough**, OATH Index No. 2351/08 (Aug. 6, 2008), **modified on penalty**, Comm'r Dec. (Aug. 15, 2008).

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-109 Sanitation service; absence from duty because of injury or illness incurred prior to April eighteenth, nineteen hundred sixty-two.

Each person employed in the sanitation service classification of the classified civil service on October tenth, nineteen hundred sixty-two who, prior to April eighteenth, nineteen hundred sixty-two, incurred an injury or illness, and who was or is absent from duty in such employment on or after April eighteenth, nineteen hundred sixty-two, as a result of such injury or illness incurred prior to such date, shall be entitled to receive as pay or salary during such absence or absences, an amount equal to the difference between (a) the total of all payments and awards to such employee under the workers' compensation law by reason of such injury or illness, exclusive of the death benefit provided for in section sixteen of the workers' compensation law; and (b) the amount which such employee would have received in full pay or compensation for absences from such duty on or after April eighteenth, nineteen hundred sixty-two because of such injury or illness if section 16-108 of this title, as qualified by the rules and regulations adopted by the commissioner pursuant to such section, were applicable thereto; provided that the amount to which such employee would have been entitled if such section were applicable is greater than the total specified in item (a) hereof. The commissioner, with the approval of the mayor, may adopt rules and regulations in accordance with the procedure prescribed in section eleven hundred five of the charter, setting forth the manner in which the amounts required to be paid under this section shall be payable. Such rules and regulations may also provide that the amount required to be paid under this section for any period during which such employee was absent, or any part of such amount, may be paid to an employee in a lump sum or weekly installments or a combination of both prior to the date upon which the total specified in item (a) is known or determined, on condition that such employee execute an agreement, in a form approved by the corporation counsel, consenting to reimburse the city for any overpayment to him or her resulting from such prior payment, either at the time the amounts specified in item (a) hereunder are received by such employee or by salary deductions to be authorized by

such employee in such agreement. Such rules and regulations may contain such other provisions as may be necessary to carry out the purposes of this section.

**CASE NOTES FROM FORMER SECTION**

¶ 1. The plaintiff, who tripped over the cover of a garbage receptacle embedded in a sidewalk abutting the premises owned by the third-party defendants, sued the City of New York for damages. The City interpleaded the owners of the premises in a third-party action. **Held:** The City was liable to the plaintiff, since, for a period of three years before the accident, the City, pursuant to the provisions of this section, picked up the gar- bage from the container

and was familiar with the situation. Under these circumstances, the City knew of the existence of this garbage receptacle; that it was an unlawful obstruction in the street; that it was permanent in character and continuously maintained. The City could not recover against the third-party defendants, since they were equally liable for the injury.-Weber v. City of New York, 18 Misc. 2d 590, 186 N.Y.S. 2d 769 [1959].

§ 16-114.1 Rates for collection and disposal of solid waste from home occupations, medical offices/group medical centers, and other residential offices.

a. As used in this section:

1. The term "home occupation" shall mean a dwelling unit located within a residential portion of a building that is used in part for the purpose of engaging in an occupation authorized by law to be practiced at such location in addition to residential use;

2. The term "medical office/group medical center" shall mean an office located within a residential portion of a building that is used for the purpose of practicing a medical profession authorized by law to be practiced at such location;

3. The term "other residential office" shall mean an office, other than a medical office/group medical center, located within a residential portion of a building that is authorized by law to be used as an office by virtue of such use having been established prior to December 15, 1961; and

4. The term "designated recyclable materials" shall be as defined in rules of the commissioner adopted pursuant to section 16-305 of this code.

b. The commissioner is authorized to collect the following annual fees for the collection and disposal of solid waste generated by home occupations, medical offices/group medical centers, and other residential offices, located within buildings which receive department collection and disposal service:

| Average Total Number of 20 Gallon Bags Generated Per Week, Including Designated Recyclable Materials | Annual Collection and Disposal Fee |
|---|---|
| Not more than 5 | $ 303.00 |
| 6-10 | $ 563.00 |
| 11-15 | $ 823.00 |
| 16-20 | $1,083.00 |

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-116 Removal of commercial waste; posting of sign, registration number.

a. Every owner, lessee or person in control of a commercial establishment shall provide for the removal of waste by a business licensed by the New York city trade waste commission as required by subdivision a of section 16-505 of this code or register and obtain a registration number from the New York city trade waste commission as required by subdivision b of section 16-505 of this code to remove its own waste except as provided in subdivision c of this section, however nothing contained herein shall preclude the commissioner from providing for the removal of waste from any commercial establishment pursuant to the authority vested in the commissioner by section seven hundred fifty-three of the charter; provided, further, that every owner, lessee or person in control of a commercial establishment that is located in a special trade waste removal district designated by the New York city trade waste commission pursuant to section 16-523 of this code, except for an owner, lessee or person in control of a commercial establishment who has registered with the New York city trade waste commission as required by subdivision b of section 16-505 of this code and except as otherwise provided by subdivision g of section 16-523 of this code, shall provide for the removal of waste by a licensee with whom such commission has entered into an agreement pursuant to subdivision b of such section.

b. Every owner, lessee or person in control of a commercial establishment shall post a sign which states clearly and legibly the trade or business name, address, telephone number and the day and time of the pickup of the trade waste removal business presently serving the establishment, or if the commercial establishment removes its own waste, a registration number issued by the New York city trade waste commission shall be posted. Such sign or registration number shall be prominently displayed by affixing it to a window near the principal entrance to the commercial establishment so as to be easily visible from outside the building. If this is not possible, such sign or permit shall be prominently displayed inside the commercial establishment near the principal entrance to the premises.

c. This section shall not apply to (i) unimproved or vacant property or premises generating infrequent waste or insignificant amounts of waste; and (ii) home occupations, medical offices/group medical centers, and other residential offices, which receive department collection and disposal service pursuant to section 16-114.1 of this code. The commissioner shall have the authority to determine what constitutes infrequent waste or insignificant amounts of waste in specific cases.

d. (i) Except as provided in paragraph (ii) of this subdivision, violation of any of the provisions of this section or any rules promulgated pursuant thereto shall be punishable by a civil penalty of not less than fifty nor more than one hundred dollars. Any notice of violation; appearance ticket or summons issued for a violation of this section shall be returnable before the environmental control board which shall impose the penalty herein provided.

(ii) A commercial establishment required by subdivision b of section 16-505 of this code to register with the New York city trade waste commission shall be subject to a penalty for the violation of such subdivision or any rule pertaining thereto as provided in subdivision c of section 16-515 of this code. Such penalty may be recoverable in the manner provided therein or may be returnable in a civil action brought in the name of the commissioner before the environmental control board which shall impose a penalty not to exceed one thousand dollars.

§ 16-117.1 Transport, storage and disposal of waste containing asbestos.

(a) No person shall transport, store or dispose of waste containing asbestos or cause or permit any person to transport, store or dispose of such waste, except as in accordance with the provisions of this section.

(b) Waste containing asbestos shall not be presented for transport, storage or disposal unless at the site of generation such waste is:

(1) wet down in a manner sufficient to prevent all visible emissions of asbestos dust into the air;

(2) sealed while wet in leak-tight containers which shall bear either:

(i) a warning label which states:

"CAUTION Contains Asbestos-Avoid Opening or Breaking Container Breathing Asbestos is Hazardous to Your Health", or

(ii) such other warning label as may be authorized by federal law or regulation; and*8

(3) quantitatively documented on a form approved by the commissioner, expressed by either volume, weight or container (bag);

(4) kept separate from any other waste.

(c) Waste which contains asbestos shall not be stored unless prior authorization, in such form and manner as the commissioner may prescribe by regulation, is received from the department.

(d) Whenever waste containing asbestos is stored prior to disposal such waste shall be inspected not less than once in every twenty-four hour period so as to ensure that there are no visible emissions of asbestos dust into the air. If such inspection reveals visible emissions of asbestos dust into the air, the waste shall be wet down and repackaged by placing the existing container into a leak-tight container so as to prevent any further emissions into the air.

(e) (1) Waste containing asbestos shall be disposed of in the City only at sites approved by the commissioner;

(2) in cases of asbestos disposed of in City approved disposal sites, the Department of Sanitation shall indicate on the appropriate form, the quantity of asbestos received, expressed either by volume, weight or container (bag). A copy of this form shall be forwarded to the Department of Environmental Protection.

(f) The commissioner shall have the authority to adopt rules and regulations to effectuate the purposes of this section.

(g) (1) Any violation of this section or of any rule or regulation adopted pursuant to this section shall constitute an offense punishable by a fine of not less than five hundred dollars and not more than twenty-five thousand dollars, or by imprisonment not to exceed one year, or by both such fine and imprisonment.

(2) In addition to any other criminal or civil penalty authorized by law, any violation of this section or any rule or regulation adopted pursuant to this section shall be punishable by a civil penalty of not less than five hundred dollars and not more than twenty-five thousand dollars. Such penalty may be recovered in a civil action brought in the name of the commissioner or in a proceeding before the environmental control board.

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-118 Littering prohibited.

1. No person shall litter, sweep, throw or cast, or direct, suffer or permit any servant, agent, employee, or other person under his or her control, to litter, sweep, throw or cast any ashes, garbage, paper, dust or other rubbish and refuse of any kind whatsoever, in or upon any street or public place, vacant lot, air shaft, areaway, backyard court or alley.

2. (a) Every owner, lessee, tenant, occupant or person in charge of any building or premises shall keep and cause to be kept the sidewalk, flagging and curbstone abutting said building or premises free from obstruction and nuisances of every kind, and shall keep said sidewalks, flagging, curbstones, and air shafts, areaways, backyards, courts and alleys free from garbage, refuse, rubbish, litter, debris and other offensive material. Such persons shall also remove garbage, refuse, rubbish, litter, debris and other offensive material between the curbstone abutting the building or premises and the roadway area extending one and one-half feet from the curbstone into the street on which the building or premises front. Such persons shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter, debris and other offensive material which accumulates at catch basins located within the one and one-half foot distance from the curbstone into the street.

(b) Every owner, lessee, tenant or person in charge of any vacant lot shall keep and cause to be kept the sidewalk, flagging and curbstone abutting said vacant lot free from obstruction and nuisances of every kind, and shall keep said sidewalks, flagging and curbstones free from garbage, refuse, rubbish, litter, debris and other offensive material. Every owner, lessee, tenant or person in charge of any vacant lot shall keep and cause to be kept said vacant lot free from garbage, refuse, rubbish, litter, debris and other offensive material. Such persons shall also remove garbage, refuse, rubbish, litter, debris and other offensive material between the curbstone abutting the vacant lot and the roadway area extending one and one-half feet from the curbstone into the street on which the vacant lot fronts. Such

persons shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter, debris and other offensive material which accumulates at catch basins located within the one and one-half foot distance from the curbstone into the street.

3. No lime, ashes, coal, dry sand, hair, waste paper, feathers, or other substance that is in a similar manner liable to be blown by the wind, shall be sieved, agitated, or exposed, nor shall any mat, carpet, or cloth be shaken or beaten, nor shall any cloth, yarn, garment, material or substance be scoured or cleaned, nor shall any rags, damaged merchandise, barrels, boxes, or broken bales of merchandise or goods be placed, kept, or exposed in any place where they or particles therefrom will pass into any street or public place, or into any occupied premises, nor shall any usual or any reasonable precautions be omitted by any person to prevent fragments or any substances from falling to the detriment or peril of life or health, or dust or light material flying into any street, place, or building, from any building or erection, while the same is being altered, repaired or demolished, or otherwise. In demolishing any building or part thereof, the material to be removed shall be properly wet in order to lay dust incident to its removal.

4. No one, being the owner, or in charge or in control of any vehicle, or of any receptacle, shall litter, drop or spill, or permit to be littered, dropped or spilled any dirt, sand, gravel, clay, loam, stone or building rubbish, hay, straw, oats, sawdust, shavings or other light materials of any sort, or manufacturing, trade or household waste, refuse, rubbish of any sort, or ashes, manure, garbage, or other organic refuse or other offensive matter, in or upon any street or public place.

5. No person shall throw, cast or distribute, or cause or permit to be thrown, cast or distributed, any handbill, circular, card, booklet, placard or other advertising matter whatsoever, in or upon any street or public place, or in a front yard or courtyard, or on any stoop, or in the vestibule of any hall in any building, or in a letter box therein; provided that nothing herein contained shall be deemed to prohibit or otherwise regulate the delivery of any such matter by the United States postal service, or prohibit the distribution of sample copies of newspapers regularly sold by the copy or by annual subscription. This section is not intended to prevent the lawful distribution of anything other than commercial and business advertising matter.

6. No swill, brine, offensive animal matter, noxious liquid, or other filthy matter of any kind, shall be allowed by any person to fall upon or run into any street, or public place, or be taken to or put therein.

7. (a) No person shall prevent or interfere with any employee of the department in the sweeping or cleaning of any street, in the removal of snow or ice, or in the collection or removal of any amount of solid waste or recyclable materials.

(b)(1) Except for an authorized employee or agent of the department, it shall be unlawful for any person to disturb, remove or transport by motor vehicle any amount of recyclable materials that have been placed by owners, tenants or occupants of residential premises, premises occupied by city agencies or institutions, or vacant lots, or by their servants, within the stoop area, adjacent to the curb line or otherwise within or adjacent to such premises or lots for collection or removal by the department unless requested by the owner of such residential premises or vacant lot or his or her agent, and such request is evidenced by a notarized written agreement that: (i) has been signed by such person and such owner or agent; (ii) has been filed with the commissioner and bears a file stamp indicating that it has been so filed; and (iii) includes the names of the parties to the agreement, the names and titles of all signatories to the agreement, the taxpayer identification number, including individual taxpayer identification number or employer identification number but not social security number of each such party, the agreed price terms, if any, the estimated quantity of recyclable materials to be removed, the agreed removal days and times, if any, the duration of the agreement, and any other information required by the commissioner by rule. The requirement to enter into and file such written agreement pursuant to this subdivision shall not apply to one, two or three-family residential premises.

(2) In addition, on or before February first and August first of every year, every person engaged in the removal of recyclable materials from residential premises or vacant lots pursuant to a written agreement shall submit to the

commissioner a report identifying the weight of each type of recyclable material removed by such person during the periods of July first to December thirty-first and January first to June thirtieth, respectively. It shall be unlawful for any person to fail to submit a report in accordance with this subparagraph or to submit a report containing false or deceptive information.

(3) Except for an authorized employee or agent of the department, it shall be unlawful for any person to disturb, remove or transport by motor vehicle any amount of solid waste that has been placed by owners, tenants or occupants of residential premises, premises occupied by city agencies or institutions, or vacant lots, or by their servants, within the stoop area, adjacent to the curb line or otherwise within or adjacent to such premises or lots for collection or removal by the department.

(c) Except for an authorized employee of an entity licensed by or registered with the business integrity commission, it shall be unlawful for any person to disturb, remove or transport by motor vehicle any amount of recyclable materials that have been placed by owners, tenants or occupants of commercial premises within the stoop area, adjacent to the curb line or otherwise within or adjacent to such premises for collection or removal by an entity licensed by or registered with the business integrity commission. It shall be presumed that a person operating a motor vehicle without plates issued by the business integrity commission is not an authorized employee of an entity licensed by or registered with the business integrity commission.

(d) No person, other than a not-for-profit corporation, shall receive recyclable materials for storage, collection or processing from any person other than an authorized employee or agent of the department, an authorized employee of an entity licensed by or registered with the business integrity commission, a not-for-profit corporation or a person who has entered into a written agreement pursuant to subparagraph one of paragraph b of this subdivision. It shall be an affirmative defense that all such recyclable materials were generated or collected outside the city of New York. This paragraph shall not apply to a redemption center, dealer or distributor as defined in section 27-1003 of the environmental conservation law.

(e) Any person who violates subparagraph one of paragraph b of this subdivision while using or operating a motor vehicle or paragraph d of this subdivision shall be punished for each violation by a criminal fine of not less than one thousand dollars nor more than two thousand dollars for each such violation or by imprisonment not to exceed ninety days, or both.

(f)(1)(i) Any person who violates subparagraph one of paragraph b or paragraph c of this subdivision while using or operating a motor vehicle shall be liable for a civil penalty of two thousand dollars for the first offense and five thousand dollars for each subsequent offense within a twelve-month period. In addition, every owner of such motor vehicle shall be liable for a civil penalty of two thousand dollars for the first offense and five thousand dollars if, within a twelve-month period, a motor vehicle owned by such person was used in violation of subparagraph one of paragraph b or paragraph c of this subdivision. The owner of a motor vehicle used in violation of subparagraph one of paragraph b or paragraph c of this subdivision shall not be liable for any civil penalty if such owner establishes that the motor vehicle was used without such owner's permission. For the purpose of imposing a civil penalty pursuant to this clause, every premises or lot from which recyclable materials have been removed unlawfully shall be deemed to be the subject of a separate violation for which a separate civil penalty may be imposed;

(ii) Any person who violates paragraph d of this subdivision shall be liable for a civil penalty of two thousand dollars for the first offense and five thousand dollars for each subsequent offense within a twelve-month period. For the purpose of imposing a civil penalty pursuant to this clause, every motor vehicle from which recyclable materials have been delivered for receipt unlawfully shall be deemed to be the subject of a separate violation for which a separate civil penalty may be imposed; and

(iii) Any person who violates subparagraph two of paragraph b of this subdivision by failing to submit a report or by submitting a report containing false or deceptive information shall be liable for a civil penalty of two thousand

dollars for the first offense and five thousand dollars for each subsequent offense within a twelve-month period.

(2) As used in this subdivision:

(i) the term "motor vehicle" shall mean every vehicle operated or driven upon a public highway which is propelled by any power other than muscular power;

(ii) the term "not-for-profit corporation" shall mean a corporation as defined in subparagraph five or seven of subdivision (a) of section one hundred two of the New York not-for-profit corporation law;

(iii) the term "operator" shall mean any person who operates or drives or is in actual physical control of a motor vehicle;

(iv) the term "owner" shall mean a person, other than a lienholder, having the property in or title to a motor vehicle. The term includes a person entitled to the use and possession of a motor vehicle subject to a security interest in another person and also includes any lessee or bailee of a motor vehicle having the exclusive use thereof, under a lease or otherwise, for a period greater than thirty days;

(v) the term "person" shall mean any natural person or business entity, but shall not include any authorized employee of a government agency;

(vi) the term "recyclable materials" shall mean recyclable materials designated by the commissioner by rule pursuant to chapter three of title sixteen of this code; and

(vii) the term "solid waste" shall mean solid waste as defined in subdivision n of section 16-303 of this code.

(g)(1) Any motor vehicle that has been used or is being used to commit a violation of subparagraph one of paragraph b or paragraph c of this subdivision shall be impounded by the department and shall not be released until either all storage fees and the applicable fines and penalties have been paid or a bond has been posted in an amount satisfactory to the commissioner. Rules of the department related to the impoundment and release of motor vehicles in chapter five of title sixteen of the rules of the city of New York shall be applicable to the impoundment and release of motor vehicles pursuant to this paragraph. The commissioner shall have the power to promulgate amended rules concerning the impoundment and release of motor vehicles and the payment of storage fees for such motor vehicles, including the amounts and rates thereof. Where it is determined that the motor vehicle was not used to commit a violation of subparagraph one of paragraph b or paragraph c of this subdivision, such fees shall be promptly returned.

(2) In addition to any other penalties provided in this subdivision, the interest of an owner as defined in clause (iv) of subparagraph two of paragraph f of this subdivision in any motor vehicle impounded pursuant to subparagraph one of this paragraph shall be subject to forfeiture upon notice and judicial determination thereof if such owner has been convicted of or found liable for a violation of this subdivision in a criminal or civil proceeding or in a proceeding before the environmental control board three or more times, all of which violations were committed within an eighteen-month period.

(3) Except as otherwise provided in this subparagraph, the city agency having custody of a motor vehicle, after judicial determination of forfeiture, shall no sooner than thirty days after such determination upon a notice of at least five days, sell such forfeited motor vehicle at public sale. Any person, other than an owner whose interest is forfeited pursuant to this section, who establishes a right of ownership in a motor vehicle, including a part ownership or security interest, shall be entitled to delivery of the motor vehicle if such person:

(i) redeems the ownership interest which was subject to forfeiture by payment to the city of the value thereof; and

(ii) pays the reasonable expenses of the safekeeping of the motor vehicle between the time of seizure and such redemption; and

(iii) asserts a claim within thirty days after judicial determination of forfeiture. Notwithstanding the foregoing provisions, establishment of a claim shall not entitle such person to delivery of the vehicle if the city establishes that the violation for which the motor vehicle was seized was expressly or impliedly permitted by such person.

8. Except for any violation of subparagraph one of paragraph b or paragraph c of subdivision seven of this section by a person using or operating a motor vehicle, or any violation of subparagraph two of paragraph b of subdivision seven of this section, or any violation of paragraph d of subdivision seven of this section, the violation of any provision of this section shall constitute an offense punishable by a fine of not less than fifty dollars nor more than two hundred fifty dollars, or by imprisonment not to exceed ten days or both.

9. Except for any violation of subparagraph one of paragraph b or paragraph c of subdivision seven of this section by a person using or operating a motor vehicle, or any violation of subparagraph two of paragraph b of subdivision seven of this section, or any violation of paragraph d of subdivision seven of this section, any person violating the provisions of this section shall be liable for a civil penalty of not less than fifty dollars nor more than two hundred fifty dollars, except that for a second violation of subdivision one, three, four, or six of this section within any twelve-month period, such person shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than three hundred fifty dollars and for a third or subsequent violation of subdivision one, three, four or six of this section within any twelve-month period such person shall be liable for a civil penalty of not less than three hundred fifty dollars nor more than four hundred fifty dollars.

10. In the instance where the notice of violation, appearance ticket or summons is issued for breach of the provisions of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which shall have the power to impose the civil penalties hereinabove provided in subdivision nine of this section.

11. In the event that a violator fails to answer such notice of violation, appearance ticket or summons within the time provided therefor by the rules and regulations of the environmental control board, he or she shall become liable for additional penalties. The additional penalties shall not exceed four hundred fifty dollars for each violation.

**NOTE**

1. Provisions of L.L. L.L. 50/2007:

§ 2. This local law shall take effect immediately; provided, however, that the notarized written agreement required by subparagraph one of paragraph b of subdivision 7 of § 16-118 of the administrative code of the city of New York, as added by section one of this local law, need not be filed with the commissioner of sanitation until thirty days after such effective date.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Effect to be given to violation of this section is that given to an ordinance, which is merely some evidence of negligence which the jury may consider.-Nielsen v. City of N.Y., 38 A.D. 2d 592, 328 N.Y.S. 2d 698 [1971].

¶ 2. Regardless of the title of this section which is "Littering prohibited" defendants violated this section by cluttering the sidewalk with furniture and other articles in front of the store occupied by them even if in back of the stoop line when they materially obstructed the sidewalk. The sidewalk may not be used for residential purposes.-People v. Feldman, 73 Misc. 2d 824, 342 N.Y.S. 2d 956.

¶ 3. Conviction for distribution of handbills to pedestrians in front of Madison Square Garden containing advertisements as to a concert to be performed at Philharmonic Hall and containing admission prices was set aside since section as presently worded is unconstitutional.-People v. Remeny, 40 N.Y. 2d 527, 387 N.Y.S. 2d 415, 355 N.E. 2d 375 [1976].

¶ 4. Although claim of defendant who was charged with littering by placing two bags of refuse at the curb in violation of New York City Health Code § 153.01, which is almost identical with this section except that violation under the Health Code is a crime and under this section a violation, that his rights to equal protection and due process of law were denied because of the wide disparity of punishment under the two statutes and because police and prosecutor have absolute discretion as to which section should be charged was denied, the court recommended the enactment of a statutory amendment to avoid possible unconstitutional infirmities.-People v. Offen, 96 Misc. 2d 147 [1978].

¶ 5. Plaintiff as a building owner directly affected by subdivision 2 of this section has standing to bring a declaratory judgment action challenging its constitutionality whether or not it has ever been charged with or found guilty of violating its provisions.-Annbros Corp. v. City of N.Y., 83 App. Div. 2d 860, 442 N.Y.S. 2d 32 [1981].

**CASE NOTES**

¶ 1. Section 16-118(2), a sanitation provision that seeks to enlist public support in keeping sidewalks free of litter, is not a predicate for tort liability under General Municipal Law §205-a. Golden v. Barasch & McGarry, 11 A.D.3d 314, 782 N.Y.S.2d 729 (1st Dept. 2004).

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-118.1 Routing study.

[Repealed]

**HISTORICAL NOTE**

Section repealed LL 31/1990 § 2, eff. July 9, 1990

Section added LL 30/1989 § 1.

*NYC Administrative Code 16-118.1*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-118.1 Citywide routing system.

a. The department shall implement a citywide routing system for residential premises for the enforcement of subdivision two of section 16-118 of this code, as such subdivision relates to the cleaning of sidewalks, flagging, curbstones, airshafts, backyards, courts, alleys and roadway areas by owners, lessees, tenants, occupants or persons in charge of any such premises, and for commercial premises for the enforcement of such subdivision as such subdivision relates to cleaning of sidewalks, flagging, curbstones and roadway areas by owners, lessees, tenants, occupants or persons in charge of such premises. The citywide enforcement routing system shall limit the issuance of notices of violation, appearance tickets or summonses within any sub-district of a local service delivery district to predetermined periods of a total of no more than two hours each day, provided that each such predetermined period shall be one hour. The department shall establish a citywide schedule of periods for issuing notices of violation, appearance tickets or summonses for commercial premises in each district and shall give written notice to the owners, lessees, tenants, occupants or persons in charge of such premises in each district of the periods for the district in which their premises are located by the use of flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful. The two one-hour predetermined periods for issuing notices of violation, appearance tickets or summonses for residential premises shall be from 8:00 a.m. until 9:00 a.m. and from 6:00 p.m. until 7:00 p.m.

b. Notwithstanding the provisions of subdivision a of this section, the commissioner may provide an additional predetermined period of one hour per day during which notices of violation, appearance tickets or summonses may be issued in any sub-district within a local service delivery district upon the commissioner's determination that the total of two hours otherwise permitted by this section is not sufficient to maintain the sidewalks, flagging, curbstones and roadways in such sub-districts in an adequately clean condition. Such determination shall be based upon a finding that

there has been a decline in the average street cleanliness ratings compiled by the mayor's office of operations for such district for the most recent three-month period as compared to the average street cleanliness ratings compiled by the mayor's office of operations for the same three-month period in fiscal year nineteen hundred ninety. Notice of any increase in the number of hours during which notices of violation, appearance tickets or summonses can be issued or of any change in such hours shall be given by letter to the community board, the owners, lessees, tenants, occupants or persons in charge of any premises in the affected sub-districts within a local service delivery district and every council member representing the local service delivery district no less than forty-five days prior to the implementation of such increase or change. Any additional notice may be given by use of letters, flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful. Written notice to a council member shall be sent to the council member's district office.

c. For the purpose of this section, the following terms shall have the following meanings: (i) "local service delivery district" means a local service delivery district as described in chapter sixty-nine of the charter of the city of New York; (ii) "sub-district" means a section within a local service delivery district as described in chapter sixty-nine of the charter of the city of New York; and (iii) "commercial premises" means any premises abutting the sidewalk at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession; and (iv) "residential premises" means those portions of premises used predominantly for residential purposes, other than hotels, that abut the sidewalk and do not constitute commercial premises.

d. Within fifteen months after the effective date of this section, the commissioner shall submit to the mayor and the council a report on the results of the citywide enforcement routing system for the twelve month period commencing on the first day of the first full month after the effective date of this section.

**HISTORICAL NOTE**

Section added L.L. 31/1990 § 2 eff. July 9, 1990. [See Note.]

Subd. a amended L.L. 47/2007 § 1, eff. Dec. 25, 2007.

Subd. a amended L.L. 9/2004 § 1, eff. Aug. 17, 2004.

Subd. b amended L.L. 9/2004 § 1, eff. Aug. 17, 2004.

Subd. c amended L.L. 47/2007 § 1, eff. Dec. 25, 2007.

Subd. c amended L.L. 9/2004 § 1, eff. Aug. 17, 2004.

**NOTE**

Provisions of L.L. 31/1990 § 1.

Section one. Declaration of Legislative Findings and Intent. Local Law 30 of 1989 directed the department of sanitation to implement a pilot enforcement routing program which would provide merchants and property owners with advance notice of the times when sanitation enforcement personnel were authorized to issue summonses for dirty streets and sidewalks within a given geographic area and would be in that area to do so. Local Law 30 also directed the department to study the feasibility of implementing an enforcement routine system citywide. The Council finds that the pilot program was successful and believes that a citywide enforcement routing system would benefit all the communities of our city.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-119*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-119 Dumping prohibited.

a. It shall be unlawful for any person, his or her agent, employee or any person under his or her control to suffer or permit any dirt, sand, gravel, clay, loam, stone, rocks, rubble, building rubbish, sawdust, shavings or trade or household waste, refuse, ashes, manure, garbage, rubbish or debris of any sort or any other organic or inorganic material or thing or other offensive matter being transported in a dump truck or other vehicle to be dumped, deposited or otherwise disposed of in or upon any street, lot, park, public place or other area whether publicly or privately owned.

b. Any person who violates the provisions of this section shall be liable to arrest and upon conviction thereof shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than one thousand five hundred dollars nor more than ten thousand dollars or by imprisonment not to exceed ninety days or by both such fine and imprisonment.

c. (1) Any person who violates the provisions of subdivision a of this section shall also be liable for a civil penalty of not less than one thousand five hundred dollars nor more than ten thousand dollars for the first offense, and not less than five thousand dollars nor more than twenty thousand dollars for each subsequent offense. In addition, every owner of a dump truck or other vehicle shall be liable for a civil penalty of not less than one thousand five hundred dollars nor more than ten thousand dollars for the first offense and not less than five thousand dollars nor more than twenty thousand dollars for each subsequent offense of unlawful dumping described in subdivision a of this section by any person using or operating the same, in the business of such owner or otherwise, with the permission, express or implied, of such owner.

(2) Any owner, owner-operator or operator who is found in violation of this section in a proceeding before the

environmental control board and who shall fail to pay the civil penalty imposed by such environmental control board shall be subject to the suspension of his or her driver's license, privilege to operate or vehicle registration or renewal thereof imposed pursuant to section twelve hundred twenty-a of the vehicle and traffic law, in addition to any other civil and criminal fines and penalties set forth in this section.

(3) As used in this subdivision, the terms "owner", "owner-operator" and "operator" shall have the meaning set forth in subdivision one of section twelve hundred twenty-a of the vehicle and traffic law.

d. In the instance where the notice of violation, appearance ticket or summons is issued for a breach of the provisions of subdivision a of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which board shall have the power to impose the civil penalties hereinabove provided in subdivision c of this section, provided further, that, notwithstanding any other provision of law, the environmental control board shall have such powers and duties as are set forth under section twelve hundred twenty-a of the vehicle and traffic law.

e. (1) Any dump truck or other vehicle that has been used or is being used to violate the provisions of this section shall be impounded by the department and shall not be released until either all removal charges and storage fees and the applicable fine have been paid or a bond has been posted in an amount satisfactory to the commissioner or as otherwise provided in paragraph (2) of this subdivision. The commissioner shall have the power to establish regulations concerning the impoundment and release of vehicles and the payment of removal charges and storage fees for such vehicles, including the amounts and rates thereof.

(2) In addition to any other penalties provided in this section, the interest of an owner as defined in subdivision c of this section in any vehicle impounded pursuant to paragraph (1) of this subdivision shall be subject to forfeiture upon notice and judicial determination thereof if such owner (i) has been convicted of or found liable for a violation of this section in a civil or criminal proceeding or in a proceeding before the environmental control board three or more times, all of which violations were committed within an eighteen month period or (ii) has been convicted of or found liable for a violation of this section in a civil or criminal proceeding or in a proceeding before the environmental control board if the material unlawfully dumped is a material identified as a hazardous waste or an acute hazardous waste in regulations promulgated pursuant to section 27-0903 of the environmental conservation law.

(3) Except as hereinafter provided, the city agency having custody of a vehicle, after judicial determination of forfeiture, shall no sooner than thirty days after such determination upon a notice of at least five days, sell such forfeited vehicle at public sale. Any person, other than an owner whose interest is forfeited pursuant to this section, who establishes a right of ownership in a vehicle, including a part ownership or security interest, shall be entitled to delivery of the vehicle if such person:

(i) redeems the ownership interest which was subject to forfeiture by payment to the city of the value thereof; and

(ii) pays the reasonable expenses of the safekeeping of the vehicle between the time of seizure and such redemption; and

(iii) asserts a claim within thirty days after judicial determination of forfeiture.

Notwithstanding the foregoing provisions establishment of a claim shall not entitle such person to delivery of the vehicle if the city establishes that the unlawful dumping for which the vehicle was seized was expressly or impliedly permitted by such person.

f. Rewards. (1) Where a notice of violation, appearance ticket or summons is issued for a violation of subdivision a of this section based upon a sworn statement by one or more individuals and where the commissioner determines, in the exercise of his or her discretion, that such sworn statement, either alone or in conjunction with

testimony at a civil or criminal proceeding or in a proceeding before the environmental control board, results in the conviction of or the imposition of a civil penalty upon any person for a violation of subdivision a of this section, the commissioner shall offer as a reward to such individual or individuals an amount that, in the aggregate, is equal to:

(i) fifty percent of any fine or civil penalty collected; or

(ii) five hundred dollars when a conviction is obtained, but no fine or civil penalty is imposed.

(2) Where a notice of violation, appearance ticket or summons is issued for a violation of subdivision a of this section based upon information furnished by an individual or individuals and where the commissioner determines, in the exercise of his or her discretion, that such information, in conjunction with enforcement activity conducted by the department or another governmental entity, results in the conviction of or the imposition of a civil penalty upon any person for a violation of subdivision a of this section, the commissioner shall offer as a reward to such individual or individuals an amount that, in the aggregate, is:

(i) up to fifty percent of any fine or civil penalty collected; or

(ii) up to five hundred dollars when a conviction is obtained, but no fine or civil penalty is imposed.

In determining the amount of the reward, the commissioner shall consider factors that include, but are not limited to: (a) the quantity and type of the material dumped, deposited or otherwise disposed of; (b) the specificity of the information provided, including, but not limited to, the license plate number, make or model or other description of the dump truck or other vehicle alleged to have been used and the location, date or time of the alleged violation; (c) whether the information provided by the individual or individuals identified one or more violations of subdivision a of this section; and (d) whether the department has knowledge that violations of subdivision a of this section have previously occurred at that location.

(3) No peace officer, employee of the department or of the environmental control board, or employee of any governmental entity that, in conjunction with the department, conducts enforcement activity relating to a violation of subdivision a of this section shall be entitled to obtain the benefit of any such reward or obtain the benefit of such reward when acting in the discharge of his or her official duties.

g. In addition to the foregoing penalties the offender shall be required to clear and clean the area upon which the offender dumped unlawfully within ten days after conviction thereof. In the event the offender fails to clear and clean the area within such time such clearing and cleaning may be done by the department or under the direction of the department by a private contractor and the cost of same shall be billed to the offender. In the event that the department has cleaned or cleared the area, or has caused the area to be cleaned or cleared by a private contractor prior to the offender's conviction, the offender shall be responsible for the cost of such clearing and or cleaning. Payment by such offender when required by this subdivision shall be made within ten days of demand by the department.

h. The commissioner shall post a sign in any area where the commissioner deems appropriate because of instances of illegal dumping. Such sign shall state the penalties for illegal dumping and the reward provisions therein.

**HISTORICAL NOTE**

**CASE NOTES**

¶ 1. Two dump trucks were seized by the city for violating antidumping provisions of § 16-119. Plaintiffs claim right to trucks as lienholders and city claims right under forfeiture provisions of § 16-119(e)(2). Forfeiture enables the public interest to be served. Additionally, preforfeiture release might interfere with city's right to any surplus in value in excess of the secured debt. Santora Equipment v. City of New York, 138 Misc. 2d 631, 524 N.Y.S.2d 663 (Sup. Ct. New York Co. 1988).

¶ 2. Van from which oil drums were illegally emptied onto street was impounded. Owners were charged and found guilty of unlawful dumping under § 16-119(a) and (c). It does not matter whether oil dumped was hazardous or toxic. Collateral estoppel will not bar forfeiture action. City of New York v. Assoc. Ambulance, 149 AD2d 336 [1989].

¶ 3. The City brought a forfeiture action by reason of respondents' illegal dumping activities. The court held that a track loader was a vehicle subject to forfeiture under the law. City of New York v. Ambrosino Construction Corp., 197 A.D.2d 427, 602 N.Y.S.2d 612 (1st Dept. 1993).

¶ 4. The inadvertent and premature sale of the subject vehicles prior to the trial court's determination of the forfeiture action, while divesting the trial court of its in rem jurisdiction over the subject vehicles, did not divest the trial court of its in personam jurisdiction over the defendant owner. Thus, while insufficient to fix the status of the property as to the rest of the world, such jurisdiction was sufficient to validly adjudicate the owner's interest in the vehicles pursuant to § 16-119(e)(2). City of New York v. East New York Wrecking Corp., 161 A.D.2d 489, 555 N.Y.S.2d 755 (1st Dept. 1990).

*NYC Administrative Code 16-120*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-120 Receptacles for the removal of waste material.

a. The owner, lessee, agent, occupant or other person who manages or controls a building or dwelling shall provide and maintain in accordance with this section separate receptacles for the deposit of incinerator residue and ashes; refuse, and liquid waste. The receptacles shall be provided for the exclusive use of each building or dwelling and shall be of sufficient size and number to contain the wastes accumulated in such building or dwelling during a period of seventy-two hours. The receptacles shall be made of metal or other material of a grade and type acceptable to the department, the department of health and mental hygiene and the department of housing preservation and development. Receptacles used for liquid waste shall be constructed so as to hold their contents without leakage. Metal containers shall be provided with tight fitting metal covers.

b. Ashes and incinerators residue, refuse and liquid wastes shall be separated and placed into separate receptacles. No receptacle when filled shall weigh more than one hundred pounds.

c. Incinerator, residue, ashes, refuse and liquid waste shall be stored in the building or dwelling or at the rear of the building or dwelling as may be required by the department of health or the department of housing preservation and development until time for removal and kept in tightly covered metal receptacles or containers made of other materials of a type and grade acceptable to the department of sanitation, department of health, and the department of housing preservation and development. After the contents have been removed by the department of sanitation or other collection agency any receptacles remaining shall be removed from the front of the building or dwelling before 9:00 p.m. on the day of collection, or if such collection occurs after 4:00 p.m., then before 9:00 a.m. on the day following collection. The receptacles shall at all times be kept covered or closed and kept in a manner satisfactory to the department of sanitation, the department of health, and in the case of residential premises, the department of housing preservation and

development. No receptacles, refuse, incinerator residue or ashes, or liquid waste shall be kept so as to create a nuisance. Yard sweepings, hedge cuttings, grass, leaves, earth, stone or bricks shall not be mixed with household wastes.

d. Newspapers, wrapping paper or other light refuse or rubbish which is likely to be blown or scattered about the streets shall be securely bundled, tied or packed before being placed for collection. Such material shall be kept and placed for collection in the same manner as the receptacles.

e. No person shall deposit household or commercial refuse or liquid wastes in a public litter basket placed on the streets by the department or any other person. There shall be a rebuttable presumption that the person whose name, or other identifying information, appears on any household or commercial refuse or liquid wastes deposited in such public litter basket violated this subdivision.

f. Any person violating the provisions of this section, except subdivision e, shall be liable for a civil penalty of not less than twenty-five nor more than one hundred dollars for the first violation, not less than one hundred dollars nor more than two hundred dollars for a second violation within any twelve-month period, and not less than two hundred dollars nor more than three hundred dollars for a third or subsequent violation with any twelve-month period. Any person violating the provisions of subdivision e of this section shall be liable for a civil penalty of not less than one hundred dollars nor more than three hundred dollars for the first violation, not less than two hundred fifty dollars nor more than three hundred fifty dollars for a second violation within any twelve-month period, and not less than three hundred fifty dollars nor more than four hundred dollars for a third or subsequent violation within any twelve month period.

g. In the instance where a notice of violation is issued for breach of the provisions of this section such process shall be returnable to the environmental control board, which shall have the power to impose the civil penalties provided in subdivision f of this section.

h. In the event that a person fails to answer such notice of violation within the time provided therefor by the environmental control board, that person shall become liable for additional penalties. The additional penalties shall not exceed three hundred dollars for each violation.

i. Nothing herein contained shall be construed to supersede, substitute for or abrogate the provisions of article one hundred fifty-three of the health code or article five of subchapter two of chapter two of title twenty-seven of the code.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-120.1 Storage, treatment, transportation and disposal of regulated medical waste, other medical waste and regulated household waste.

a. It shall be unlawful for any person to store, treat, transport or dispose of or to cause to be stored, treated, transported or disposed of any regulated medical waste or other medical waste except in the manner prescribed in the public health law, the environmental conservation law, or any rules or regulations promulgated pursuant thereto and the New York city health code and any regulations of the city department of health and the city department of sanitation. In addition, it shall be unlawful for any person to dispose of or to cause to be disposed of any regulated medical waste within the solid waste disposal system of the city, provided that the department may accept at its incinerators classes of regulated medical waste that were accepted at such incinerators as of June twenty-first, nineteen hundred eighty-nine if it has obtained all necessary authorizations required by law to incinerate such classes of regulated medical waste. In addition, it shall be unlawful to dispose of or to cause to be disposed of any laboratory waste or surgical waste as defined in this section, or classes of regulated medical waste that were accepted at department incinerators as of June twenty-first, nineteen hundred eighty-nine, whether or not such laboratory waste, sugical waste or other classes of regulated medical waste have been autoclaved or subjected to a similar decontamination technique other than incineration, in the landfills of the city.

b. For purposes of this section, the following terms shall have the following meanings:

1. Regulated medical waste means any waste that is generated in the diagnosis, treatment or immunization of human beings or animals, in research pertaining thereto, or in the production or testing of biologicals, when listed as follows, provided, however, that regulated medical waste shall not include any hazardous waste identified or listed pursuant to section 27-0903 of the environmental conservation law or any household waste as defined in regulations

promulgated under such section:

i. cultures and stocks of infectious agents and associated biologicals, including cultures from medical and pathological laboratories, cultures and stocks of infectious agents from research and industrial laboratories, wastes from the production of biologicals, discarded live and attenuated vaccines, and culture dishes and devices used to transfer, inoculate, and mix cultures;

ii. human pathological wastes, including tissues, organs, body parts and body fluids that are removed during surgery or autopsy or other medical procedures, and specimens of body fluids and their containers;

iii. waste human blood and products of blood, including serum, plasma, and other blood components and their containers;

iv. sharps that have been used in animal or human patient care or in medical, research, or industrial laboratories, including hypodermic needles, syringes, pasteur pipettes, broken glassware and scalpel blades, blood vials, test tubes, needles with attached tubing, and such unused sharps that have been discarded;

v. contaminated animal carcasses, body parts, and bedding of animals that were known to have been exposed to infectious agents during research, production of biologicals, or testing of pharmaceuticals;

vi. wastes from surgery or autopsy that were in contact with infectious agents, including soiled dressings, sponges, drapes, lavage tubes, drainage sets, underpads, and surgical gloves;

vii. laboratory wastes from medical, pathological, pharmaceutical, or other research, commercial, or industrial laboratories that were in contact with infectious agents, including slides and cover slips, disposable gloves, laboratory coats and aprons;

viii. dialysis wastes that were in contact with the blood of patients undergoing hemodialysis or renal dialysis, including contaminated disposable equipment and supplies such as tubing, filters, disposable sheets, towels, gloves, aprons and laboratory coats;

ix. biological waste and discarded materials contaminated with blood, excretion, exudates or secretion from human beings or animals who are isolated to protect others from highly communicable diseases;

x. any other waste material designated by the administrator of the United States environmental protection agency as a regulated medical waste under the provisions of the medical waste tracking act of 1988, 42 U.S.C. § 6992 et seq., and the regulations promulgated pursuant thereto; and

xi. any other waste material included in the list of regulated medical wastes established in regulations promulgated by the state commissioner of environmental conservation pursuant to section 27-1502 of the environmental conservation law.

For purposes of this paragraph, "infectious agents" shall be limited to those organisms that cause disease or an adverse health impact to humans.

2. Laboratory waste means all matter that is discarded from clinical, pathological or research laboratory areas at which activities are required to be conducted or supervised by persons licensed by the city or state to provide health, medical, pharmaceutical or laboratory services.

3. Other medical waste means laboratory waste and surgical waste as defined in paragraphs two and six of this subdivision.

4. Person means any individual, partnership, company, corporation, association, firm, organization, or any other

group of individuals, or any officer or employee or agent thereof, provided that person shall not mean any individual who generates regulated household waste, and provided further that where a person authorized by law to transport regulated medical waste transports waste pursuant to an agreement with a generator of regulated medical waste or other medical waste, such person shall not be considered an agent of such generator for purposes of this paragraph.

5. Regulated household waste means any item that may cause punctures or cuts that is used in the administration of medication and is disposed of with residential solid waste, including but not limited to intravenous tubing and syringes with needles attached. Regulated household waste shall not include such items generated by persons licensed by the city or state to provide health, medical, pharmaceutical or laboratory services at facilities where such services are performed, but shall include any such items generated in the course of home health care.

6. Surgical waste means all materials discarded from surgical procedures and includes, but is not limited to, disposable gowns, shoe covers, masks, headcovers, gloves and sponges.

c. No solid waste of any person required to be licensed by the city or state to provide health, medical, pharmaceutical or laboratory services shall be collected or received by the department for disposal unless such person has executed a certification that to the best of his or her knowledge or belief such waste does not contain any material for which such disposal is unlawful.

d. The commissioner in conjunction with the commissioner of health and mental hygiene shall promulgate and implement regulations, consistent with the laws of this state, governing the safe disposal of regulated household waste. Any violation of such regulations shall be punishable only by a civil penalty of not less than fifty dollars nor more than two hundred fifty dollars.

e. Any person who generates any quantity of regulated medical waste shall file with the commissioner a copy of any annual reports or additional reports required to be submitted by such person to the commissioner of environmental conservation pursuant to paragraph d of subdivision one of section 27-1510 of the environmental conservation law or paragraph (d) of subdivision two of section 1389-bb of the public health law. Such reports shall be filed with the commissioner within fifteen days of submission to the commissioner of environmental conservation.

f. Any person who generates regulated medical waste or other medical waste shall file with the department a "solid waste removal plan." Such plan shall include at a minimum:

1. the name, address and telephone number of the person or facility generating such waste;

2. the name, address, telephone number and permit number(s) of the transporter of such waste;

3. the name, address and telephone number of the disposal site(s) for such waste;

4. an estimate of the quantity of such waste produced and disposed of monthly; and

5. any other information required by regulation of the commissioner or the commissioner of health and mental hygiene.

An amended plan shall be filed within fifteen days of the time when any information in a plan that is filed with the department changes, or when the commissioner or the commissioner of health requires by regulation additional information.

g. The commissioner of sanitation or health and mental hygiene or an authorized agent of such commissioner may enter upon public or private property for the purpose of conducting inspections or investigations necessary for the exercise of the powers or the performance of the duties of such commissioners pursuant to this section, including the inspection of documents or records relating to the storage, treatment, transportation or disposal of regulated medical

waste or other medical waste required to be maintained by local, state or federal law, provided that such commissioner or agent may not inspect records containing medical information privileged under the laws of this state without all authorizations required by such laws, and that such commissioner or agent shall make reasonable efforts not to interfere with patient care activities. Such entry may be made without a warrant during regular and usual business hours upon property used for nonresidential purposes, including but not limited to the provision of health, medical, pharmaceutical or laboratory services, provided that such use is related to the generation, storage or disposal of regulated medical waste, or at other times upon such property in response to any immediate threat to the health or safety of one or more individuals, or of the public, that arises from the generation, storage or disposal of regulated medical waste upon such property. Warrantless inspection or investigation pursuant to this subdivision shall extend only to: (i) waste storage areas; (ii) documents or records relating to storage, treatment, transportation or disposal of regulated medical waste, including documents or records required to be maintained by local, state or federal law; (iii) bags and containers for the disposal of regulated medical waste; (iv) documents or records identifying the number and origin of specimens of human tissues, organs and fluids that constitute regulated medical waste, other than records containing medical information privileged under the laws of this state; and (v) any other inspection or investigation necessary to respond to an immediate threat to the health or safety of one or more individuals, or of the public, arising from generation, storage or disposal of regulated medical waste upon such property. Refusal to permit entry pursuant to this subdivision, where the commissioner of sanitation or health and mental hygiene or an authorized agent of such commissioner has obtained a warrant for such entry or is authorized by this subdivision to inspect or investigate without a warrant, shall be a misdemeanor punishable by not more than thirty days imprisonment, or by a fine of not more than one hundred dollars or both.

h. 1. In addition to any other enforcement procedures authorized by law, the commissioner, with the written approval of the commissioner of health and mental hygiene, shall be authorized to order in writing that premises on which activity in violation of this section is occurring be closed if the commissioner finds that continuing activity on such premises would result in generation, storage or disposal of regulated medical waste or other medical waste in a manner posing an imminent threat to the public health or safety, provided that no facility licensed, permitted or certificated pursuant to article twenty-eight of the public health law or part thereof or facility providing inpatient services or part thereof may be closed pursuant to this subdivision. Such premises may be opened at any time by any person otherwise lawfully entitled to enter such premises in response to an immediate threat to the health or safety of one or more individuals, or of the public. For the purpose of this subdivision, the determination whether an imminent threat to the public health or safety exists shall be based on factors that include but are not limited to: (i) the quantity of regulated medical waste, the generation, storage or disposal of which is in violation of this section; (ii) the types of such regulated medical waste; and (iii) the risk of harm to the public or the environment.

2. Issuance of an order pursuant to this subdivision may occur prior to a hearing and determination whether a violation of the provisions of this section has occurred and whether there exists an imminent threat to the public health or safety, or during such hearing, or up to two business days after the conclusion of such hearing, provided that: (i) where such issuance occurs prior to such hearing and determination, such hearing shall be held within two business days of such issuance and such determination shall be rendered within twenty-four hours of the conclusion of such hearing; (ii) where such issuance occurs during such hearing, such determination shall be rendered within twenty-four hours of the conclusion of such hearing; and (iii) where such issuance occurs after the conclusion of such hearing but prior to such determination, such determination shall be made within twenty-four hours of such issuance. Any order issued pursuant to this subdivision may continue in effect after a finding of violation and imminent threat until the commissioner permits such premises to be opened pursuant to paragraph five of this subdivision.

3. Orders of the commissioner issued pursuant to this subdivision shall be posted at the premises on which the activity in violation of this subdivision has occurred.

4. Immediately upon the posting of an order issued pursuant to this subdivision, officers and employees of the department and officers of the New York city police department shall be authorized to act upon and enforce such order.

5. Where premises have been closed by order of the commissioner issued pursuant to this subdivision, the owner or lessee of such premises, or the authorized agent thereof, may at any time submit to the commissioner: (i) a written affirmation that such owner or lessee is in compliance with the provisions of this section and will maintain such compliance; and (ii) where such premises are used in the generation of waste for transport of which a legally authorized regulated medical waste transporter is required by law, proof of legal authorization to transport such waste or proof of agreement with a legally authorized regulated medical waste transporter to have such waste transported, or proof that such waste is lawfully treated on such premises so as not to require such authorization or agreement. Upon receipt of such affirmation and proof, the commissioner shall within one business day either permit such premises to be opened or issue a written determination that such owner or lessee is not in compliance with or has not instituted procedures sufficient to remain in compliance with the provisions of this section, or that such proof of legal authorization or agreement is insufficient.

6. It shall be a misdemeanor for any person or other individual to open or cause to be opened any premises closed in accordance with an order of the commissioner, except in response to an immediate threat to the health or safety of one or more individuals, or of the public.

i. 1. For the purpose of this subdivision, the following terms shall have the following meanings:

i. "Abandonment" means the intentional relinquishment or forsaking of all possession or control of any substance.

ii. "Disposal" means the discharge, deposit, injection, dumping, spilling, leaking or placing of any substance so that such substance or any related constituent thereof may enter the environment, or the abandonment of any substance.

iii. "Environment" means any water, water vapor, any land including land surface or subsurface air, fish, wildlife, biota and all other natural resources.

iv. "Intentionally, knowingly, recklessly and criminal negligence" shall have the same meanings as defined in section 15.05 of the penal law.

2. i. Any person who violates any provisions of this section other than subdivision d shall be guilty of a violation and, upon conviction thereof, shall be punished by a fine not to exceed five thousand dollars per day of violation, or by imprisonment for a term of not more than fifteen days, or by both such fine and imprisonment.

ii. Any person who intentionally, knowingly or recklessly violates any provisions of this section other than subdivision d shall be guilty of a misdemeanor, and upon conviction thereof, shall for a first conviction be punished by a fine not to exceed fifteen thousand dollars per day of violation or by imprisonment for a term of not more than ninety days, or both such fine and imprisonment. If the conviction is for an offense committed after a first conviction of such person under this subparagraph, within the preceding five years, punishment shall be by a fine not to exceed fifty thousand dollars per day of violation, or by imprisonment for not more than one year or by both such fine and imprisonment.

3. Any person who with criminal negligence engages in conduct in violation of this section other than subdivision d which causes the release to the environment of regulated medical waste shall be guilty of a misdemeanor punishable by a fine of not more than fifteen thousand dollars or by imprisonment for not more than ninety days or by both such fine and imprisonment.

4. Any person who recklessly or knowingly engages in conduct in violation of this section other than subdivision d which causes the release to the environment of regulated medical waste shall be guilty of a misdemeanor punishable by a fine of not more than fifty thousand dollars or by imprisonment for not more than one year or both such fine and imprisonment.

5. In addition to any other penalties provided under paragraph one of this subdivision or any other provisions of law, any violation of the provisions of this section other than subdivision d shall be punishable by a civil penalty of not less than twenty-five hundred dollars nor more than ten thousand dollars for the first violation, not less than five thousand dollars nor more than ten thousand dollars for the second violation, and ten thousand dollars for the third and any subsequent violation. Civil penalties shall be recovered in a civil action brought in the name of the commissioner or in a proceeding before the environmental control board. For the purposes of this paragraph, each bag or container of solid waste with a capacity of not larger than one cubic yard shall constitute a separate violation of this section.

6. Notwithstanding paragraphs one, two, three, four and five of this subdivision, failure to file an annual or additional report pursuant to subdivision e of this section or failure to file a solid waste removal plan or an amended plan pursuant to subdivision f of this section shall be punishable only by a civil penalty of not less than fifty dollars nor more than two hundred fifty dollars if such report or plan is filed within thirty days of the filing deadlines set forth in such subdivisions.

7. Any affirmative defense available under title forty-four of article twenty-seven of the environmental conservation law shall be available in any prosecution or proceeding pursuant to this section that alleges a violation of title fifteen of article twenty-seven of the environmental conservation law or any rules or regulations promulgated pursuant thereto.

j. The commissioner shall promulgate and implement regulations providing that where an individual furnishes information that, in the opinion of the commissioner, results in a conviction or the imposition of a fine or civil penalty for a violation of any provision of this section, the commissioner shall offer as a reward to said individual, out of unexpended appropriations therefor:

i. fifty percent of any fine or penalty collected; or

ii. five hundred dollars when a prison sentence but no fine or civil penalty is imposed.

k. The commissioner shall suspend the use of the city's solid waste disposal system by any person licensed by the city or state to provide health, medical, pharmaceutical or laboratory services upon whom a notice of violation of this section has been served pending a hearing on and a finding as to liability for the violation. Such hearing shall be held within two business days after such suspension and a finding as to liability for the violation shall be made within twenty-four hours of the conclusion of such hearing. If a violation has been found, the commissioner shall continue such suspension for, in the case of a first occurrence, not less than one week, in the case of a second occurrence, committed within an eighteen month period, not less than one month and, in the case of a third and each subsequent occurrence, committed within an eighteen month period, not less than three months. In calculating such eighteen month period any period of suspension shall be excluded. For purposes of this subdivision any solid waste introduced into the solid waste disposal system of the city under one certification executed pursuant to subdivision c of this section shall constitute an occurrence.

l. In addition to the department, the department of health and mental hygiene shall enforce the provisions of this section, other than subdivisions h, j, and k of this section. This section shall not be construed to restrict in any manner the regulatory or enforcement authority conferred upon any agency of the city by any other provision of state or local law.

**HISTORICAL NOTE**

Subd. i par 2 subpar i amended L.L. 76/1995 § 11, eff. Sept. 28, 1995. Amendment expires and is repealed Mar. 1, 1996, subpar reverts to previous language.

Subd. l amended L.L. 22/2002 § 17, eff. July 29, 2002 and deemed in effect as of July 1, 2002.

**CASE NOTES**

¶ 1. Enforcement of this section does not include "administrative search" of randomly selected laboratories which is aimed at insuring compliance. The scope of the order allowing inspection and seizure of all records is too broad, going beyond the regulation goals. "Administrative inspections" are allowed in the code, e.g., § 27-2123, but not in this case. City of NY (Anonymous Lab) 141 Misc. 2d 756 [1988].

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-122 Vehicles and other movable property.

a. Legislative intent. The need for this legislation is indicated by the ever increasing number of abandoned cars in the city of New York. The purpose of this section is to punish those persons who abandon and/or remove component parts of motor vehicles in public streets. It is not the intent to prohibit or preclude any person in lawful possession of a vehicle from making lawful repairs or removing any component part for the purpose of making such lawful repairs to a motor vehicle on a public street.

b. It shall be unlawful for any person, such person's agent or employee to leave, or to suffer or permit to be left, any box, barrel, bale of merchandise or other movable property whether or not owned by such person, upon any marginal or public street or any public place, or to erect or cause to be erected thereon any shed, building or other obstruction.

c. It shall be unlawful for any person, such person's agent or employee to leave, or suffer or permit to be left, any motor vehicle, not otherwise lawfully parked, whether or not owned by such person, in any marginal or public street, or any public place. The owner or driver of a disabled vehicle shall be allowed a reasonable time, not exceeding three hours, in which to remove said vehicle.

d. Any person convicted of a violation of the provisions of subdivision b or c of this section shall be punished by a fine of not less than fifty dollars nor more than two hundred fifty dollars, imprisonment for not more than ten days, or both.

e. It shall be unlawful for any person, such person's agent or employee, to abandon, or to suffer or permit to be

abandoned any motor vehicle, whether or not owned by such person, in any marginal or public street, or any public place.

f. It shall be unlawful for any person to dismantle, or to remove any component part of any motor vehicle in any marginal or public street or any public area.

g. Any person convicted of a violation of the provisions of subdivision e or f of this section shall be punished by a fine of not less than one hundred dollars, or imprisonment for not more than one year.

h. Any person violating the provisions of subdivision b or c of this section shall be liable and responsible for a civil penalty of not less than twenty-five dollars nor more than one hundred dollars.

i. In the instance where the notice of violation, appearance ticket or summons is issued for breach of the provisions of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which shall have the power to impose the civil penalties hereinabove provided in subdivision h of this section.

j. In the event that a violator fails to answer such notice of violation, appearance ticket or summons within the time provided therefor by the rules and regulations of the environmental control board, he or she shall become liable for additional penalties. The additional penalties shall not exceed fifty dollars for each violation.

**CASE NOTES**

¶ 1. A homeless man, who was arrested in a public park while sleeping in a makeshift tube, which had been fashioned from a group of cardboard boxes. Although the District Attorney decided not to prosecute the case, the man brought a challenge to the statute, claiming that it was constitutionally vague. The court noted that where a challenge is based on vagueness, a two-part test is applied. First, the statute must give a person of ordinary intelligence a reasonable opportunity to know what is prohibited. Second, the law must provide explicit standards for those who apply it (i.e. in this case, the police). The law must be sufficiently clear to provide notice to potential wrongdoers that the conduct in which they are engaged has the potential for civil or criminal liability. In this case, the court upheld the statute, finding that it was not constitutionally vague. Where, as here, a person's conduct fell clearly within the prohibitions of the

statute, he did not have standing to allege that the law was vague as to types of conduct which were not involved in his case. The court also rejected plaintiff's claim that the statute improperly gave the police unfettered discretion as to enforcement, pointing out that the law contained specific guidelines governing discretion (i.e. that the police were to remove boxes which were obstructing a public park). Betancourt v. Giuliani, N.Y.L.J., Jan. 3, 2001, page 30, col. 1 (U.S.Dist. Ct., S.D.N.Y.).

¶ 2. A City ordinance prohibited people from leaving bicycles unattended in a public street. A group of advocates for bicycle transportation planned to stage a mass bicycle ride. When City officials, supposedly concerned about traffic congestion, threatened to seize unattended bicycles, the group sought an injunction against the practice. The court denied the application for an injunction. Although the court recognized that a mass bicycle ride to generate support for the group's position was a First Amendment activity, the group could not demonstrate that the threatened action would have a chilling effect on potential participants in the bicycle ride, since evidence showed that the bicycle riders intended to ride despite the threat. Bray v. City of New York, 346 F.Supp.2d 480 (S.D.N.Y. 2004).

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-123*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-123 Removal of snow, ice and dirt from sidewalks; property owners' duties.

a. Every owner, lessee, tenant, occupant, or other person, having charge of any building or lot of ground in the city, abutting upon any street where the sidewalk is paved, shall, within four hours after the snow ceases to fall, or after the deposit of any dirt or other material upon such sidewalk, remove the snow or ice, dirt, or other material from the sidewalk and gutter, the time between nine post meridian and seven ante meridian not being included in the above period of four hours. Such removal shall be made before the removal of snow or ice from the roadway by the commissioner or subject to the regulations of such commissioner. In the boroughs of Queens and Staten Island, any owner, lessee, tenant or occupant or other person who has charge of any ground abutting upon any paved street or public place, for a linear distance of five hundred feet or more, shall be considered to have complied with this section, if such person shall have begun to remove the snow or ice from the sidewalk and gutter before the expiration of such four hours and shall continue and complete such removal within a reasonable time.

b. In case the snow and ice on the sidewalk shall be frozen so hard that it cannot be removed without injury to the pavement, the owner, lessee, tenant, occupant or other person having charge of any building or lot of ground as aforesaid, may, within the time specified in the preceding subdivision, cause the sidewalk abutting on such premises to be strewed with ashes, sand, sawdust, or some similar suitable material, and shall, as soon thereafter as the weather shall permit, thoroughly clean such sidewalks.

c. Any person violating any provision of, or regulation adopted pursuant to, subdivisions a and b of this section shall be punished by a fine of not less than ten dollars nor more than one hundred fifty dollars, imprisonment for not more than ten days, or both.

d. Whenever any owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground, abutting upon any street or public place where the sidewalk is paved, shall fail to comply with the provisions of this section, the commissioner may cause such removal to be made.

e. The expense of such removal as to each particular lot of ground shall be ascertained and certified by the commissioner to the comptroller, who shall pay the same in the same manner as the expense of removing snow from the streets is paid. Upon the payment of such expense, the comptroller shall deliver a certificate thereof to the council and the amount of such expense shall be added to and made to form a part of the annual taxes of the next ensuing fiscal year against such property, and the same shall be collected in and with and as part of the annual taxes for such fiscal year. The corporation counsel is directed and may sue for and recover the amount of such expense.

f. This section shall not be regarded as interfering with the owner of any lots throwing into the roadway of the streets any snow or ice which may be removed from the sidewalk or gutter directly in front of such lot.

g. The term "lot" as used in this section shall include a space not to exceed twenty-five feet in width fronting the street upon which the violation is charged to have been permitted, committed or omitted.

h. Any person violating the provisions of subdivisions (a) or (b) of this section shall be liable and responsible for a civil penalty of not less than ten dollars nor more than one hundred fifty dollars for the first violation, except that for a second violation of subdivision (a) or (b) within any twelve-month period such person shall be liable for a civil penalty of not less than one hundred fifty dollars nor more than two hundred fifty dollars and for a third or subsequent violation of subdivision (a) or (b) within any twelve-month period such person shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than three hundred fifty dollars.

i. In the instance where the notice of violation, appearance ticket or summons is issued for breach of the provisions of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which shall have the power to impose the civil penalties hereinabove provided in subdivision h of this section.

j. In the event that a violator fails to answer such notice of violation, appearance ticket or summons within the time provided therefor by the rules and regulations of the environmental control board, he or she shall become liable for additional penalties. The additional penalties shall not exceed three hundred fifty dollars for each violation.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Where 96 hours had elapsed between the time the snow had ceased to fall and time when plaintiff fell on icy sidewalk in shopping section, and other sidewalks in the vicinity had been cleaned, jury was free to find that it was not impossible to have cleaned the sidewalk where plaintiff fell, even though the temperature had been below freezing except for six hours, particularly since it is a matter of common knowledge that snow and ice may be removed during freezing weather.-Rosenberg v. City of N.Y., 256 App. Div. 927, 9 N.Y.S. 2d 653 [1939], aff'd without opinion, 280 N.Y. 815, 21 N.E. 2d 877 [1939].

¶ 2. Court found that city did all that could reasonably be expected of it in discharging its snow removal obligation when snowfall preceding accident on sidewalk on December 16, which was described as a blizzard began on December 11th and ended on December 12th about 6 or 7 P.M. leaving seventeen inches of snow on the ground and the temperature was well below freezing from December 11th until part of December 15th and on December 15th and 16th until five hours before accident there was a mixture of snow, sleet and rain. City had discretion to choose to clear certain roadways and highways in preference to others and if as a result of such discretion it elected to clear the streets before the sidewalks such choice cannot be a basis for a claim of negligence.-Keely v. City of N.Y., 157 (44) N.Y.L.J. (3-7-67) 20, Col. 4 F.

¶ 3. Plaintiff who fell when walking on pathway that had been shoveled free of snow but was covered with ice described as lumpy could not recover against the City where it was not shown that City had not done all that was reasonably possible to clear streets of snow when less than forty-eight hours had elapsed since cessation of last snowfall.-Laufer v. City of N.Y., 159 (5) N.Y.L.J. (1-8-68) 19, Col. 6 F.

¶ 4. Evidence that other sidewalks in the vicinity had been cleaned, and that 67 hours had elapsed between time when the snow had ceased to fall and time when plaintiff fell on icy sidewalk in shopping district, **held** to sustain jury's finding for plaintiff in action against City to recover for injuries sustained in the fall.-Thiel v. City of N.Y., 256 App. Div. 929, 9 N.Y.S. 2d 655 [1939].

¶ 5. Recovery for personal injuries sustained in fall upon a snow and ice covered sidewalk $36^{1}/_{2}$ hours after cessation of a two-day snowstorm, was denied on ground no actionable negligence on part of the City was shown.-Goldman v. City of N.Y., 264 App. Div. 740, 34 N.Y.S. 2d 428 [1942].

¶ 6. In action to recover for injuries sustained by plaintiff by reason of a fall upon an icy sidewalk, wherein the case was presented to the jury on theory the City would not be responsible for plaintiff's fall unless it occurred more than 48 hours after the cessation of the snowfall, the prima facie correctness of the weather bureau's meteorological survey showing that more than 48 hours had not elapsed after the snow ceased to fall and before plaintiff fell, was not overcome by any substantial evidence to the contrary.-Kwiatkowski v. City of N.Y., 268 App. Div. 1047, 52 N.Y.S. 2d 238 [1945].

¶ 7. Plaintiff was not entitled to recover against City of New York for injuries sustained in fall on snow, where less than 48 hours had elapsed between time the last snow had fallen and time when plaintiff met with her accident.-Harper v. City of New York, 63 N.Y.S. 2d 418 [1946].

¶ 8. Plaintiff might not recover from City for injuries sustained when she slipped and fell on snow and ice covering stairway connecting on elevated railroad station to the public sidewalk, where snow had fallen before and after the accident but had stopped during the period of 45 minutes immediately prior to the accident, and the temperature was below 30 degrees and there was considerable wind. Under the prevailing weather conditions, the City was not charged with the duty of removing the snow and ice from the steps by the time the accident occurred.-Greenstein v. New York City, 273 App. Div. 869, 76 N.Y.S. 2d 870 [1948].

¶ 9. Plaintiff who sustained injuries from fall upon icy sidewalk in front of church, **held** entitled to recover against City on basis of proof that the snow and ice had not been removed in front of the church for ten days after the snowfall, although the City contended that the accident was due to a subsequent snowfall which occurred one day before the

accident.-Cantone v. City of N.Y., 273 App. Div. 864, 76 N.Y.S. 2d 623 [1948].

¶ 10. The plaintiff's fall on ice on sidewalk in front of a vacant lot occurred $45^{3}/_{4}$ hours after cessation of a snowfall, which was less than the 48-hour test set by **Hawkins** v. **Mayor** (54 App. Div. 258), **held** not to require setting aside of verdict for plaintiff. In the instant case the abutting owner of the lot was the City Board of Transportation; there was a policeman near the premises who saw the condition complained of for two days before the accident; and the rule established in the **Hawkins** case was simply a rule of reasonable notice, and $45^{3}/_{4}$ hours in 1944 would easily be equivalent to 48 hours in 1900, the date of the **Hawkins** decision, with the greater facilities now available to clear the streets.-Casal v. City of N.Y., 190 Misc. 605, 75 N.Y.S. 2d 118 [1947], aff'd, 85 N.Y.S. 2d 914 [1948].

¶ 11. In action against City to recover for injuries sustained as result of fall occasioned by snow and ice upon a sidewalk, a judgment for the City was reversed and a new trial granted, on ground plaintiff had established a prima facie case.-Harris v. City of N.Y., 275 App. Div. 673, 86 N.Y.S. 2d 403 [1949].

¶ 12. Elapse of 60 hours between termination of record breaking snowstorm and plaintiff's fall on snow and ice on sidewalk abutting a vacant lot, **held,** as a matter of law, not sufficient time under the circumstances to sustain a verdict finding negligence on part of the City in failing to remove the snow and ice from the particular sidewalk. The snowfall was the greatest for any 24-hour period in the history of the weather bureau, the city had mobilized a huge force of employees and equipment to remove the snow, and the police officer on the beat had directed all property owners whom he could contact to clear the snow from their sidewalks, although he had been unsuccessful in locating the owner of the vacant lot.-Yonki v. City of New York, 276 App. Div. 407, 95 N.Y.S. 2d 80 [1950].

¶ 13. Plaintiff who sustained injuries on December 30, 1947, when she slipped on an accumulation of snow and ice on sidewalk, **held** not entitled to recover from the City, in view of the evidence that the accident had occurred less than 90 hours after termination of a record-breaking blizzard, that during the 90 hours the temperature was above freezing for only six hours, and that every effort had been made by the City to clear the roadways and sidewalks.-Rapoport v. City of N.Y., 281 App. Div. 33, 117 N.Y.S. 2d 408 [1952], aff'd, 306 N.Y. 636, 116 N.E. 2d 244 [1953].

¶ 14. Plaintiff, who sustained injuries from fall on snow and ice on sidewalk on January 25, 1948, **held** not to have established right of recovery against City, in view of fact that there had been an unprecedented 26-inch fall of snow on December 26, that snow fell on many days in January, and that it was actually snowing when plaintiff fell. Even if it were assumed the City was negligent in failing to remove the snow and ice from the storm of December 26, it was just as probable that plaintiff was caused to fall by the snow and as a result of falling on ice and snow.-Reggio v. City of N.Y., 129 (8) N.Y.L.J. (1-13-53) 126, Col. 2 M.

¶ 15. Plaintiff who sustained injuries when on February 11, 1948, she slipped on ice on sidewalk, **held** not entitled to recover from City, in view of evidence as to the record snow storm of December 26 and 27, and the snowy and cold weather subsequent thereto.-Friedman v. City of N.Y., 129 (6) N.Y.L.J. (1-9-53) 93, Col. 2 T. To similar effect, see Smith v. City of N.Y., 129 (8) N.Y.L.J. (1-13-53) 126, Col. 2 F (Sup., Kings, Stoddart, J.)

¶ 16. Plaintiff **held** not entitled to recover from City for injuries sustained in front of certain premises on January 1, 1948, at 4 P.M. where it appeared that on December 26 the City had experienced the worst snow storm in recorded history, and that from the time of the storm up to the time of the accident the City was engaged night and day with thousands of men and trucks in the task of snow removal.-Sherman v. City of N.Y., 128 (118) N.Y.L.J. (12-19-52) 1550, Col. 5 F.

¶ 17. City of New York **held** liable to plaintiff for injuries sustained in fall on an accumulation of snow on sidewalk, where the snow storm had abated five and a half days prior to the accident and the entire sidewalk had been cleared of snow except for the portion lying in front of the vacant lot in question.-Smith v. City of N.Y. 282 App. Div. 495, 125 N.Y.S. 2d 123 [1953], aff'd, 307 N.Y. 843, 122 N.E. 2d 335 [1954].

¶ 18. City of New York **held** liable to pedestrian injured in fall on slippery sidewalk where the accident occurred sixteen days after the epochal snowfall of December 26, 1947 and during this period the City had not requested the owner to remove the snow from its abutting walk, nor had the City done so itself.-Slevin v. City of N.Y., 122 N.Y.S. 2d 228 [1953].

¶ 19. Plaintiff **held** not entitled to recover for injuries sustained in fall on sidewalk covered with ice and snow, where the fall occurred nine and one-half days after termination of the snowstorm of December 26 and 27, 1947, during which 25.8 inches of snow fell, and about three days after the end of a glaze and ice storm on January 2, 1948. Temperatures were below freezing during most of the nine and one-half days, the City had exerted strenuous efforts through men and equipment to cope with the unusually severe snowstorm, and between the end of the snowstorm and the time of the accident 54 summonses were served on owners in the vicinity of the accident for snow and ice removal. Moreover, under the circumstances, the City might not be held liable for failure to enforce the ordinance requiring the property owner to remove the snow from the sidewalk.-Cockfield v. City of N.Y., 283 App. Div. 806, 128 N.Y.S. 2d 422 [1954].

¶ 20. The lapse of almost six days between the cessation of the blizzard of December 26-27, 1947 and plaintiff's fall on accumulation of snow and ice on the sidewalk on West 42nd Street, the rough and ridgy condition of the snow and ice and the prominence of the thoroughfare, **held** sufficient to sustain a finding that the City was negligent in failing to clean the sidewalk. Even if subsequent rain may have contributed to the hazard to some degree, the case was one where the accumulated snow might be found to be a concurrent cause.-Smith v. City of N.Y., 282 App. Div. 495, 125 N.Y.S. 2d 123 [1953], aff'd, 307 N.Y. 843, 122 N.E. 2d 335 [1954].

¶ 21. Pedestrian injured from fall on sidewalk covered with snow and ice **held** not to have established any actionable negligence on part of City, where the accident occurred on December 25, 1948, only five days after termination of a 16.7 inch snowfall.-Weisfeld v. City of N.Y., 282 App. Div. 739, 122 N.Y.S. 2d 426 [1953].

¶ 22. City **held** not liable for injuries sustained by plaintiff in fall on December 23, 1948, three and one-half days after termination of a snow storm during which 16.7 inches of snow fell.-Thompson v. Rose, 283 App. Div. 735, 127 N.Y.S. 2d 605 [1954].

¶ 23. Plaintiff **held** entitled to recover against City for injuries sustained in fall on icy sidewalk, where at the time of the accident there was an accumulation of ice due to a snowfall some nine days before and which had not been removed by the city.-Mangan v. City of N.Y., 130 (86) N.Y.L.J. (10-30-53) 946, Col. 7 F.

¶ 24. Verdict for plaintiff in action against City of New York to recover for injuries sustained in fall on sidewalk, was set aside on ground no negligence on part of the City was established, where the accident occurred on December 25, 1948, six days following the end of a 16.7 inch snowfall.-Love v. City of N.Y., 131 (65) N.Y.L.J. (4-6-54) 11, Col. 7 F.

¶ 25. Plaintiff who on December 18, 1951 fell on sidewalk which was covered with snow and was slippery and icy, **held** not entitled to damages from City, where there had been a snowfall four or five days before and intermittent rain and sleet on day of the accident.-Kopetz v. City of N.Y., 131 (101) N.Y.L.J. (5-26-54) 7, Col. 7 F.

¶ 26. Where evidence showed that after a 25" snow fall on December 26, 1947, the city had made no attempt to remove the snow or resulting ice accumulations from a sidewalk and that a dangerous condition existed from January 23rd, 1948 the city was liable for injuries sustained by plaintiff when he fell on February 7th, 1948. Contention that plaintiff had knowledge of condition and was therefore under a duty to leave the sidewalk or cross over to the other side and was guilty of contributory negligence for failing to do so was rejected.-Wasylshyn v. City of New York, 135 (52) N.Y.L.J. (3-16-56) 7, Col. 14.

¶ 27. The city was not liable for injuries sustained by plaintiff when she slipped on a snow covered sidewalk only $3^{1}/_{2}$ hours after the snow had stopped falling.-Cropper v. City of New York, 133 (104) N.Y.L.J. (5-27-55) 12, Col. 7 F.

¶ 28. City **held** not liable to plaintiff who fell on sidewalk, allegedly through the city's negligence in not removing snow, where official weather reports indicated that the only possible snowfall had been within the last four hours preceding the accident.-Cropper v. City of N.Y., 133 (104) N.Y.L.J. (5-27-55) 12, Col. 7 F.

¶ 29. City had no obligation to correct icy surfaces until a reasonable time after storm. Further, plaintiff was obliged to retrace her steps on seeing ice on the sidewalk unless prevented from so doing and where plaintiff gave no logical reason for continuing, the City **held** not liable in negligence.-Solomons v. City of N.Y., 113 (103) N.Y.L.J. (5-26-55) 13, Col. 8 T.

¶ 30. Plaintiff was not entitled to damages for injuries sustained by a fall on a crosswalk on January 8, 1948, where heavy snows had fallen on December 26, 1947, followed by inclement weather and the snow and ice were removed as expeditiously as possible.-Chaikofsky v. City of N.Y., 137 N.Y.S. 2d 454 [1954].

¶ 31. Judgment of Appellate Division affirming judgment entered on a verdict in favor of the City of New York in an action by husband and wife to recover for injuries sustained by wife when she slipped and fell on ice while crossing street intersection, **was affirmed** by Court of Appeals, without opinion. Plaintiff's evidence tended to show that the entire crosswalk was covered with dark, slippery, hard, thick, packed ice, full of ridges, bumpy and uneven, and that such condition had existed for $12^{1}/_{2}$ days, whereas the City's evidence tended to show that a severe snowstorm had been followed by freezing weather up to time of the accident, and that despite efforts to remove the snow the City had not had adequate time therefor.-Shyatt v. City of N.Y., 283 N.Y. 708, 28 N.E. 2d 719 [1940].

¶ 32. Where the City failed to remove a 9- to 13-inch snowfall from a crosswalk within 36 hours, it was not found negligent.-Goodman v. City of New York, 141 (83) N.Y.L.J. (4-30-59) 13, Col. 4 T.

¶ 33. Verdict for pedestrian for injuries sustained when, on a winter evening, she sought to cross street at intersection and slipped as she stepped on an embankment of snow and ice when she sought to walk around a truck which blocked the crosswalk, was set aside, since even if there was negligence in permitting the accumulation of snow and ice on the crosswalk for more than 40 days, the passage was strewn with ashes and sand and was safe for pedestrian traffic. Moreover the City's duty to clean crosswalks of snow and ice is less exacting than its obligation as to sidewalks, there was no duty on the City to clean the entire intersection, and the evidence as to the ownership of the vehicle by the City was highly speculative.-Morris v. City of N.Y., 129 (53) N.Y.L.J. (3-19-53) 920, Col. 1 F.

¶ 34. Where the complaint in plaintiff's action to recover for injuries suffered when he fell on an icy crosswalk alleged that the city improperly permitted ice to form and remain on the crosswalk the plaintiff, even after the expiration of the one year time limitation could amend his complaint to include an allegation that the icy condition was caused by the city's negligence in permitting its sewers to become clogged with the result that rain and melted snow could not drain but froze on the crosswalk. The city unsuccessfully contended that such an amendment would add a new and different cause of action and that it would be prejudiced by not having an opportunity within the statutory period to investigate the facts.-LiBasci v. City of New York, 152 N.Y.S. 2d 876 [1956].

¶ 35. Plaintiff who sustained injuries in a fall upon an icy sidewalk might not recover damages from the City, where there had been a severe three-day storm and subsequent freezing temperatures.-Leone v. City of N.Y., 264 App. Div. 743, 32 N.Y.S. 2d 431 [1942].

¶ 36. Child who sustained injuries when she slipped and fell on an icy crosswalk at a street intersection might not recover damages from the City, inasmuch as she failed to show actionable negligence of the City where nine days before the accident there was a heavy fall of snow and sleet, followed by rain and freezing weather.-Seltzer v. New York City, 292 N.Y. 560, 54 N.E. 2d 685 [1944].

¶ 37. Plaintiff failed to show actionable negligence on part of City, where it appeared that the snow and ice upon which she fell was the result of a heavy snowstorm occurring six days prior to the accident, followed by rain and freezing weather, except for short intervals, and also followed by a snowfall 24 to 48 hours before the accident.-Straub

v. City of New York, 267 App. Div. 834, 45 N.Y.S. 2d 850 [1944], aff'd, 295 N.Y. 612, 64 N.E. 2d 353 [1945].

¶ 38. Pedestrian who slipped and fell on icy crosswalk at street intersection was denied recovery against the City on ground the evidence failed to establish actionable negligence, where six days before the accident there had been a heavy fall of snow and sleet, followed by almost continuous freezing weather.-Fischetti v. City of New York, 269 App. Div. 948, 57 N.Y.S. 2d 913 [1945].

¶ 39. The setting apart by the City of New York of a safety zone in the street adjacent to street car lines, from which vehicles were excluded, did not carry with it, ipso facto, an increase in the duty of the City as to the removal of snow and ice, although where the safety zone is coterminous with a crosswalk, then the duty of the City as to crosswalks may be invoked, but even then the duty of the City as to keeping crosswalks free of unusual accumulations of snow or ice is somewhat less exacting than its duty as to sidewalks. Accordingly, a complaint in an action against the City for failure to keep free of ice a safety zone which was not co- terminous with a crosswalk, was dismissed on the ground that actionable negligence had not been established as against the City, but a motion to dismiss as to the co-defendant transit corporation was denied.-Roston v. Third Ave. Transit Corp., 184 Misc. 253, 53 N.Y.S. 2d 688 [1945].

¶ 40. A judgment for plaintiff for injuries sustained when he tripped and fell on snow and ice which accumulated during a storm on December 13, for the nonremoval of which the City was not negligent, was reversed on ground the jury could not by any possibility tell whether the prior icy condition contributed to plaintiff's fall, and the City was not negligent for nonremoval of snow and ice which accumulated during the storm of December 13.-Richman v. City of N.Y., 54 N.Y.S. 2d 148 [1945].

¶ 41. In action by wife to recover damages for injuries sustained by reason of a fall on a patch of ice formed as result of drippings of melted snow from an advertising sign which projected from a building over the sidewalk, evidence that the patch of ice existed on the sidewalk, otherwise clear, for 24 hours before the accident and that a similar condition obtained on two other occasions, was insufficient to show that the City had been afforded constructive notice of the alleged nuisance, and such alleged nuisance, so far as proved, was not of such notorious character as to charge the City with notice, and consequent liability.-McKay v. City of N.Y., 269 App. Div. 760, 54 N.Y.S. 2d 794 [1945].

¶ 42. In action by pedestrian to recover for injuries sustained in fall on icy sidewalk from which the snow had not been removed although the snowfall had ended 84 hours earlier, question whether 84 hours of constructive notice of the condition to the City constituted a reasonable time for the City to have removed the snow and ice, **held** properly left to the jury.-Gidius v. City of N.Y., 130 (96) N.Y.L.J. (11-17-53) 1123, Col. 6 F.

¶ 43. In removal of snow from roadway City was entitled to use modern equipment, including snow plows, and mere fact that some of the roadway snow was deposited on the outer portion of the wide sidewalk was not a sufficient basis for actionable negligence. Furthermore, there was no evidence of causal connection between piling of snow on outer edge of sidewalk and plaintiff's injuries from fall sustained at a time when it was still snowing.-Davis v. City of New York, 270 App. Div. 1047, 63 N.Y.S. 2d 95 [1946], aff'd without opinion, 296 N.Y. 869, 72 N.E. 2d 608 [1947].

¶ 44. City which, in clearing street of snow had cast the snow upon the edge of a 10-foot sidewalk on both sides of the street, where it remained for two weeks during a period of low temperatures, **held** not thereby rendered liable to the plaintiff who, instead of walking along the cleared portion of the sidewalk to the clean crosswalk at the corner to cross the street, had climbed over the mound of snow and ice at the curb and in so doing slipped while stepping off the mound to the sidewalk.-Borkowski v. City of N.Y., 276 App. Div. 770, 92 N.Y.S. 2d 545 [1949], aff'd without opinion, 301 N.Y. 770, 95 N.E. 2d 822 [1950].

¶ 45. City of New York, sued to recover for injuries sustained by plaintiff in fall on icy sidewalk, **held** not entitled to bring in as third party defendants abutting property owners who maintained a driveway over the sidewalk and who

allegedly were responsible for the dangerous condition which assertedly resulted from the unusual slope of the driveway and the accumulation of snow and ice which was made ridgy and uneven by the use of automobiles driven over the driveway. Even if the condition were dangerous there would have been no accident had the snow and ice been removed, and such duty to remove snow and ice devolved upon the City and no duty of indemnification rested upon the third party. The impleader of a joint tortfeasor on ground he is liable to the plaintiff jointly with defendant is excluded under the statute.-Mills v. City of N.Y., 189 Misc. 291, 71 N.Y.S. 2d 507 [1947].

¶ 46. The duty to clean the sidewalk imposed on an owner of real property by this section is enforceable only at the instance of the City. Hence, a plaintiff could not recover against an owner of real property where the plaintiff grounded his claim for negligence on the failure of the owner to clean the public sidewalk in front of his property after receiving notice that vegetable matter had been strewn thereon. The evidence showed that the condition was created by someone other than the owner.-Spector v. Puglisi, 9 Misc. 2d 250, 172 N.Y.S. 2d 524 [1957].

¶ 47. Where jury returned a verdict for $8,000 in favor of plaintiff and against both the property owner and the City of New York for injuries sustained by plaintiff when he slipped and fell on ice on sidewalks, the City of New York was entitled to indemnity against the codefendant property owner, since the condition must have been found to have been created by the affirmative act of the property owner who, having undertaken to remove the snow and ice, failed to do it in a reasonable and prudent manner.-Zysk v. City of N.Y., 76 N.Y.S. 2d 371 [1948], rev'd on ground there was no evidence that the property owner was an active tortfeasor in causing the piece of ice to be present on the sidewalk, and that the condition of the sidewalk did not constitute evidence of negligence on part of the City. 274 App. Div. 915, 83 N.Y.S. 2d 339 [1948], aff'd, 300 N.Y. 507, 89 N.E. 2d 244 [1949].

¶ 48. Where complaint alleged that owner and occupant of land abutting a sidewalk undertook to clear the sidewalk of snow and ice and in so attempting created uneven ridges of ice which they permitted to remain on the sidewalk, and also caused lumps and particles of ashes to be strewn in unequal and widely spaced patches thereby creating a dangerous condition, the defendant-City of New York would be permitted to amend its answer, which contained a cross-complaint against the owner of the premises, to include a cross-complaint against the occupant.-McDonnell v. City of N.Y., 119 (30) N.Y.L.J. (2-13-48) 564, Col. 6 F.

¶ 49. The primary duty to remove snow and ice is upon the City of New York, and though the abutting owner may also be liable to a plaintiff for any negligence on his part, he owed no duty to indemnify the City for any loss resulting from their joint tort.-Duvoisin v. City of N.Y., 120 (47) N.Y.L.J. (9-7-48) 375, Col. 2 M.

¶ 50. Where ice causing plaintiff to fall on sidewalk was formed solely from water which had accumulated as a result of the property owner's negligent maintenance of the house leader, and the City's negligence was that it failed to remove the ice so formed, the City was not in pari delicto with the owner, and hence was entitled to judgment over as against the property owner on its cross-complaint.-Selig v. Mastoloni, 283 App. Div. 741, 127 N.Y.S. 2d 724 [1954].

¶ 51. In determining whether reasonable care was used by City in clearing streets and walks after a snowfall, it was proper to consider the amount of snow required to be moved, the number of miles of sidewalk and roadway, the means and methods used to remove the snow and the condition of the sidewalks in the immediate vicinity.-Mathesen v. City of N.Y., 188 Misc. 1018, 72 N.Y.S. 2d 437 [1947].

¶ 52. Evidence that the three-inch snow storm, as result of rain and rising temperature, turned into one inch of slush which could readily have been removed within the 34-hour period from the time the rain ceased, **held** to establish negligence on part of the City. However, plaintiff, who was injured in fall on the icy sidewalk, was barred from recovery by his own contributory negligence, where he was a man with a limp and despite his knowledge of the icy condition and that other nearby surfaces were clear, had chosen to cross over the area of ice, ignoring the obvious danger and his own physical handicap.-Reid v. City of N.Y., 129 (122) N.Y.L.J. (6-24-53) 2111, Col. 5 T, aff'd, 283 A.D. 107, 131 N.Y.S. 2d 139 [1947].

¶ 53. Sixty-eight year-old plaintiff who slipped and fell on icy area of sidewalk in front of the Municipal Court Building, **held** entitled to recover from City, where a light fall of snow had been removed by flushing the sidewalk with water from a hose, and some of the water left on the sidewalk had thereafter frozen. In view of the freezing temperature at the time, removal of the snow through flushing was deemed negligence.-Marks v. City of N.Y., 130 (120) N.Y.L.J. (12-22-53) 1531, Col. 6 M.

¶ 54. City of New York **held** liable to pedestrian injured through fall on icy roadway, where the accident occurred 45 days after termination of the recordbreaking blizzard of December 26, 1947, the dangerous condition was due to City's failure to remove the snow and ice accumulating from such storm and other snow storms thereafter, and plaintiff left the sidewalk because of its icy and unsafe condition and entered the roadway which appeared to have only soft snow on its surface but which actually had ice underneath the soft snow. Such case was in effect a sidewalk case because the pedestrian was forced upon the roadway because of the dangerous condition of the sidewalk, and the City should have foreseen that people attempting to travel the sidewalk covered with a dangerous layer of ice and snow would naturally resort to the roadway.-Leiman v. City of N.Y., 131 (100) N.Y.L.J. (5-25-54) 11, Col. 7 T.

¶ 55. Plaintiff received judgment in an action to recover damages for injuries sustained from a fall on an icy sidewalk, where there was no evidence that the police or any other official of the city had called on the property owner to enforce § 755(3)-2.0 of the City of New York Administrative Code and the icy condition existed forty-five (45) hours before plaintiff's fall.-Janota v. City of New York, 297 N.Y. 942, 80 N.E. 2d 343 [1948].

¶ 56. Where the jury found for bus company and against the City when plaintiff who was standing in bus stop covered with snow slipped and fell under a moving bus on the ground that the City failed to remove the snow, City could not recover over against the bus company as its contract with the bus company only obligated the company to keep the routes along the streets and avenues free of ice and snow and not the bus stops or sidewalk areas. Flockhart v. City of N.Y., 155 (61) N.Y.L.J. (3-29-66) 17, Col. 2 M.

**CASE NOTES**

¶ 1. Ad Cd §16-123 requires landowners to remove snow and ice from abutting sidewalks but does not explicitly impose liability for personal injuries sustained when landowner fails to clear accumulated snow and ice. Norcott v. Central Iron Metal Scrapes, 214 AD2d 660, 625 NYS2d 260 (2nd Dept. 1995).

¶ 2. Although this section requires owners to remove snow and ice from an abutting public sidewalk, it does not specifically impose tort liability for a breach of that duty. Thus, the owner who does nothing at all with respect to snow removal is not liable to a person who slips and falls at the site (of course, if there is misfeasance, and the owner does something that makes the snow and ice condition more hazardous, he or she could be held liable). Booth v. City of New York, 272 A.D.2d 357, 707 N.Y.S.2d 488 (App.Div. 2d Dept. 2000).

¶ 3. Where precipitation began to fall in the form of freezing rain and ice pellets, only about two hours before plaintiff's fall on a housing complex walkway, defendant was not responsible for the accident. Prince v. New York City Housing Authority, 302 A.D.2d 285, 756 N.Y.S.2d 158 (1st Dept. 2003).

¶ 4. The statute applies to sidewalks and gutters, but not to accidents occurring on private property. Moreover, the statute does not impose tort liability for breach of its provisions. Bell v. New York City Housing Auth., 6 Misc.3d 1018(A), 2005 WL 277316 (Sup.Ct. New York Co.).

¶ 5. The New York Transit Authority was found to have acted in a proprietary capacity rather than a governmental capacity when it purportedly maintained an exterior landing. Thus, the Transit Authority was subject to Admin. Code Sec. 16-123. Echevarria v. NYC Transit Authority 2007 NY Slip Op. 9497, 45 AD3d 492, 847 NYS2d 38, 2007 NY App. Div. Lexis 12266 (App.Div. 1st Dept.).

¶ 6. Plaintiff slipped and fell on snow and ice on sidewalk in front of premises owned by the defendant. It was not

snowing at the time of the accident, but it had previously snowed. According to climatological data, there was some traces of snow during the early morning hours, and the average temperature was below freezing. A grounds supervisor testified that snow removal operations took place at 7 a.m. on the day of the accident. A municipality is not liable in negligence for injuries sustained by a pedestrian who slipped and fell on an icy sidewalk unless a reasonable time has elapsed between the end of the storm giving rise to the icy conditions and the occurrence of the accident. Pursuant to Admin. Code § 16-123(a), building owners have four hours after a snowfall stops to remove snow and ice from abutting sidewalks, excluding the hours between 9 p.m. and 7 a.m. Since the accident occurred at 8:20 a.m. and the four-hour limit had not elapsed, the defendant was not liable for the accident. Rodriguez v. NYC Housing Authority 2008 N.Y. Slip Op 533, 2008 NY App. Div. Lexis 5252 (1st Dept.).

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-126 Snow removal; employees and equipment.

a. In case of a snowfall or other emergency, the commissioner may employ and hire temporarily as many persons, vehicles, machinery and equipment as shall be rendered necessary by such emergency, forthwith reporting, in the case of a snowfall, the number of such persons, vehicles, machinery and equipment and in the case of any other emergency such action with the full particulars thereof to the mayor, but in the case of a snowfall no such person, vehicles, machinery or equipment shall be so hired or employed for a longer period than seven days and in the case of any other emergency for a longer period than three days.

b. All such employees shall be employed directly by the department and not through contractors or other persons, unless the commissioner shall determine that this requirement must for proper action in a particular instance be dispensed with.

c. The services of any person employed, and of vehicles, machinery and equipment hired pursuant to this section, shall be paid for in full and directly by the department, at such times as may be prescribed by the commissioner.

d. In all emergency work performed by laborers in the removal of snow where workers are engaged by the hour or day by a contractor employed for the purpose, such work shall be paid for directly to those individuals employed on it, in the currency of the United States and not by check or ticket. Every contractor engaged in the removal of snow shall be required to stipulate with the commissioner or others empowered to enter into contracts for that purpose, as the case may be, to observe the provisions of this subdivision, a violation of which shall be deemed to abrogate any such contract.

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-127 Earth, rocks and rubbish.

a. In all cases where the sidewalk or roadway of a street shall be incumbered or obstructed by the caving in or falling off of any earth, rocks or rubbish, or anything whatever, from any lot adjoining such sidewalk or roadway, the owner or occupant of such lot, or the agent of such owner or occupant, shall cause such earth, rocks, rubbish or other thing to be removed and cleaned from such sidewalk or roadway, within three days after a written or printed notice shall have been served by the commissioner or a duly designated representative, on such owner, personally, or shall have been left at the place of residence of such owner in this city; or, if such owner does not reside in the city, and such notice shall not be personally served, then within twenty days after such notice to be sent by mail, addressed to such owner at his or her place of residence, or, when such residence is unknown to such commissioner, within twenty days after such notice shall have been posted in a conspicuous place on such premises.

b. If the owner, occupant or agent fails to comply with such notice, within the time specified in this section, after notice thereof, the commissioner shall cause the same to be removed at the expense of the owner, occupant or agent, and such expense shall be sued for and recovered in the name of the city.

c. The corporation counsel shall cause a statement of such cost and expense, together with the description of the premises, to be filed in the office of the register or county clerk of the appropriate county.

d. Any person convicted of a violation of any of the provisions of this section shall be punished by a fine of not less than fifty dollars nor more than two hundred fifty dollars, imprisonment for not more than ten days, or both.

e. Any person violating the provisions of this section shall be liable and responsible for a civil penalty of not less

than twenty-five dollars nor more than one hundred dollars.

f. In the instance where the notice of violation, appearance ticket or summons is issued for a breach of the provisions of this section and sets forth thereon civil penalties only, such process shall be returnable to the environmental control board, which shall have the power to impose the civil penalties hereinabove provided in subdivision e of this section.

g. In the event that a violator fails to answer such notice of violation, appearance ticket or summons within the time provided therefor by the rules and regulations of the environmental control board, such violator shall become liable for additional penalties. The additional penalties shall not exceed fifty dollars for each violation.

§ 16-128 Removal of incumbrances from streets.

a. The commissioner shall remove, or cause to be removed, any vehicle, box, barrel, bale of merchandise or other movable property or article or thing whatsoever found upon any street, in accordance with regulations adopted by the board of estimate.

b. The board of estimate shall set forth, in such regulations, the procedures to be followed by the commissioner relating to:

1. the leasing of yards for storage of property removed under the authority of this section;

2. notification to the owner of the property removed, if such owner is ascertainable, that the property is being held by the commissioner;

3. redemption, by the owner, of the property removed;

4. reimbursement, by the owner, of the expenses of removal incurred by the commissioner;

5. the sale, by the commissioner, of the property held by him or her;

6. the keeping of records and accounts, the transmission of such records to the comptroller, and the transmission of funds collected to the commissioner of finance; and

7. such other regulations as the board of estimate may deem necessary to carry out the provisions of this section.

c. Such regulations shall not become effective until adopted by the board of estimate and filed, by the secretary of such board, with the city clerk, pursuant to section eleven hundred five of the charter.

**CASE NOTES FROM FORMER SECTION**

¶ 1. Refusal of city marshal to execute a warrant of execution issued at landlord's request was not arbitrary where landlord refused to make provision for the removal of the contents of the apartment after removal by the marshal from the apartment to the sidewalk and the department of sanitation which previously had made provision for such removal by appointment had discontinued this service.-In re 24-25 Property Corp. (Schwartz) 161 (102) N.Y.L.J. (5-26-69) 17, Col. 6 F.

¶ 2. Where petitioners had been removed from possession of a dwelling sold pursuant to a judgment of foreclosure and sale petitioners were not entitled to return of their personal property, including certain household articles and artists materials which were taken by the sheriff to the Department of Sanitation warehouse when petitioners failed to pay the storage charges within the thirty day redemption period and the property was scheduled to be sold. Although household furniture and necessary working tools are exempt from application to satisfy a money judgment the sale herein was not for that purpose but was an extra-judicial sale under the terms of the administrative code.-In re Abelson (City of N.Y. Dept. of Sanitation) 163 (108) N.Y.L.J. (6-5-70) 18, Col. 8 F.

¶ 3. Petitioner was granted a stay of sale to extent of enlarging his time to redeem his property for two months where he had been evicted and the Department of Sanitation had removed his personal property and placed it in storage and the property was to be sold when no useful purpose would be served by forcing petitioner to remove his property forthwith to a private storage facility.-Clark v. Kretchner, 164 (112) N.Y.L.J. (12-11-70) 18 Col. 8 M.

¶ 4. Where Commissioner of Sanitation came into possession of petitioner's property as a result of his eviction from his apartment and he appeared and paid a redemption fee and removed part of his property but property that was not removed was sold at auction petitioner was entitled to either have his property returned to him or be paid its reasonable value since after petitioner appeared to identify the property and redeem it the Commissioner no longer had any right to sell it and he became as to petitioner a warehouseman with the same rights and remedies thereof.-Collins v. Steisel, 89 App. Div. 2d 855 [1982].

**CASE NOTES**

¶ 1. Firefighters were called to extinguish a fire in a vehicle abandoned on a NYC street. In an action against the City for failure to remove the abandoned vehicle in violation of the Vehicle and Traffic Law § 1224, Administrative Code § 755(4)-3.0(a)[16-128] and General Order No. 5 of the NYC Sanitation Department giving power to remove abandoned vehicles without liability. Action dismissed as not related to safety of premises or risks in fire fighting generally. Kenavan v. City of New York 70 NY2d 558 [1987].

¶ 2. If a vehicle is left on a City street without license plates for more than six hours, it is deemed abandoned and title vests in the City. The Department of Sanitation is then required to remove the vehicle from the streets. Where the plaintiff allegedly was injured when her car collided with an abandoned vehicle, which vehicle was in the right lane of a

city expressway, she can recover against the City if the jury finds that the vehicle was there for more than a six hour period. Navarro v. City of New York, 136 A.D.2d 483, 523 N.Y.S.2d 514 (1st Dept. 1988).

*NYC Administrative Code 16-130*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-130 Permit for operators of dumps, non-putrescible solid waste transfer stations, putrescible solid waste transfer stations and fill material operations.

a. As used in this section: 1. The term "solid waste" shall mean all putrescible and non-putrescible materials or substances, other than those materials or substances described in subparagraph (b) of this paragraph, that are discarded or rejected, including but not limited to garbage, refuse, waste collected by any person required to be licensed or registered pursuant to chapter 1 of title 16-A of this code, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, discarded automobiles and offal. Such term shall include recyclable materials, as defined in subdivision i of section 16-303 of this title.

(a) A material is discarded or rejected if it is:

(1) spent, useless, worthless or in excess to the owners at the time of such discard or rejection;

(2) disposed of;

(3) burned or incinerated, including material burned as a fuel for the purpose of recovering useable energy; or

(4) accumulated, stored or physically, chemically or biologically treated (other than burned or incinerated) instead of or before being disposed of.

(b) The following are not solid waste for the purpose of this section:

(1) domestic sewage;

(2) any mixture of domestic sewage and other wastes that passes through a sewer system to a publicly owned treatment works for treatment, except any material that is introduced into such system in order to avoid the provisions of this title or of state regulations promulgated to regulate solid waste management facilities;

(3) industrial wastewater discharges that are actual point source discharges subject to permits under article seventeen of the environmental conservation law; provided that industrial wastewaters while they are being collected, stored or treated before discharge and sludges that are generated by industrial wastewater treatment are solid wastes;

(4) irrigation return flows;

(5) radioactive materials that are source, special nuclear, or by-product material under the federal Atomic Energy Act of 1954, as amended, 42 U.S.C. § 2011 et seq.;

(6) materials subject to in-situ mining techniques which are not removed from the ground as part of the extraction process;

(7) hazardous waste as defined in section 27-0901 of the environmental conservation law, including material containing hazardous waste; and

(8) regulated medical waste as defined in title fifteen of article twenty-seven of the New York state environmental conservation law, in title thirteen of article thirteen of the New York state public health law or in section 16-120.1 of the code, or any rules or regulations promulgated pursuant to such provisions of law.

2. The term "putrescible solid waste" shall mean solid waste containing organic matter having the tendency to decompose with the formation of malodorous by-products;

3. The term "non-putrescible solid waste" shall mean solid waste, whether or not contained in receptacles, that does not contain organic matter having the tendency to decompose with the formation of malodorous by-products, including but not limited to dirt, earth, plaster, concrete, rock, rubble, slag, ashes, waste timber, lumber, plexiglass, fiberglass, ceramic tiles, asphalt, sheetrock, tar paper, tree stumps, wood, window frames, metal, steel, glass, plastic pipes and tubes, rubber hoses and tubes, electric wires and cables, paper and cardboard;

4. The term "dump" shall mean any structure, building or other premises, whether improved or unimproved, at which solid waste is received for the purpose of final disposal, unless such waste is received for a fill material operation;

5. The term "non-putrescible solid waste transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which only non-putrescible solid waste is received for the purpose of subsequent transfer to another location, regardless of whether such non-putrescible solid waste is subject to any processing or reduction in volume at such structure, building or premises;

6. The term "putrescible solid waste transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which any amount of putrescible solid waste is received for the purpose of subsequent transfer to another location, regardless of whether such putrescible solid waste is mixed with non-putrescible solid waste or is subject to any processing or reduction in volume at such structure, building or premises;

7. The term "fill material" shall mean only clean material consisting of earth, ashes, dirt, concrete, asphalt millings, rock, gravel, stone or sand, provided that such material shall not contain organic matter having the tendency to decompose with the formation of malodorous by-products; and

8. The term "fill material operation" shall mean the grading, levelling, surcharging, compacting or final disposition of fill material for the purpose of land alteration or improvement, including but not limited to change of the

existing property grade, filling of lands below established grades or of lands under water to established grades, and filling of lands which requires approval by any city or state agency.

b. It shall be unlawful for any person or public agency other than the department to conduct, operate or use any pier or part thereof, or any piece or parcel of land or land under water within the city as a dump or as a non-putrescible solid waste transfer station or putrescible solid waste transfer station, or for a fill material operation without having first obtained for each pier or part thereof, or for each piece or parcel of land or of land under water, in addition to any other permit required by law, a permit from the commissioner and, where required by any law or rule, the prior written approval of the commissioner of ports and trade. The commissioner may establish by rule one or more classes of permits pursuant to this section and section 16-131 of this chapter.

c. Nothing contained in this section or in section 16-131 of this chapter shall be construed to allow the grading, levelling, surcharging, compacting or final disposition of any material other than fill material for the purpose of land alteration or improvement.

(formerly § 755(4)-1.0)

**NOTE**

Provisions of L.L. 40/1990.

§ 10. Notwithstanding any other provision of law, on and after the effective date of rules promulgated by the commissioner of sanitation to provide for the issuance of putrescible solid waste transfer station permits pursuant to section 16-130 of the administrative code of the city of New York, as amended by section two of this local law, no putrescible solid waste transfer station, as such term is defined in such section, shall be required to obtain a permit from the commissioner of health pursuant to article one hundred fifty-seven of the New York city health code. Nothing

contained in this section or any other provision of this local law shall be construed to affect the continued application of provisions of the health code not related to issuance of permits for putrescible solid waste transfer stations, as such term is defined in such section.

§ 11. Notwithstanding any other provision of this local law, including section 16-130 as amended by section two of this local law, any permit issued to a putrescible solid waste transfer station, as defined in section 16-130 of the administrative code of the city of New York, as amended by section two of this local law, by the commissioner of health pursuant to article one hundred fifty-seven of this article that is in full force and effect on the effective date of this local law shall continue in full force and effect on and after such date and shall, after the effective date of rules promulgated by the commissioner of sanitation to provide for the issuance of putrescible solid waste transfer station permits pursuant to such section, be deemed to constitute a permit issued by the commissioner of sanitation, provided that the holder of such permit files an application for a new permit with such commissioner within thirty days after such effective date of such rules. During the pendency of such application, such permit issued by the commissioner of health shall remain in full force and effect until such time as the commissioner of sanitation either suspends or revokes such permit pursuant to law, issues a new permit or denies the application for a new permit. If the holder of such permit fails to file an application for a new permit with the commissioner of sanitation within thirty days after such effective date of such rules, such permit issued by the commissioner of health shall be null and void and be of no further effect. Notwithstanding any other provision of law, the fee for any putrescible solid waste transfer station permit issued by the commissioner of sanitation pursuant to such section to a person who holds a permit issued by the commissioner of health pursuant to article one hundred fifty-seven of the New York city health code shall be reduced by an amount which is equal to the permit fee paid to the department of health prorated to the unexpired portion of the license term.

§ 12. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, or at the time when the commissioner of sanitation promulgates rules to provide for the issuance of putrescible solid waste transfer station permits pursuant to section 16-130 of the administrative code of the city of New York, as amended by section two of this local law, brought by or against the city, or the department of health or any officer or employee of such department shall be affected or abated by the adoption of this local law or by anything contained herein; but all such actions or proceedings may be continued notwithstanding that certain functions, powers and duties of the department of health may have by this local law been assigned or transferred to the department of sanitation; and such actions and proceedings may be prosecuted or defended by the department of sanitation or the officer or employee to which such functions, powers and duties have been assigned or transferred by this local law.

§ 13. Notwithstanding any other provision of law, except as provided in sections ten, eleven and twelve of this local law, the commissioner of sanitation may, on and after the effective date of this local law, enforce the provisions of this local law, provided that where the commissioner's authority to enforce the provisions of this local law is predicated upon a finding by the commissioner that a permit is required for premises pursuant to section 16-130 of the administrative code of the city of New York, as amended by section two of this local law, a finding by the commissioner that a permit is required pursuant to article one hundred fifty-seven of the New York city health code shall be deemed to constitute the predicate finding.

§ 14. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid, the remainder of this local law and the application thereof shall not be affected thereby.

**CASE NOTES**

¶ 1. Petitioner accepted solid waste into its facility, i.e. discarded pieces of concrete, and turned it into smaller pieces of concrete for sale to roadway and construction contractors. The court upheld an administrative determination that petitioner operated a non-putrescible solid waste transfer station, for which a permit was required. The determination was based on a finding that petitioner's transformation of discarded broken-up concrete into salable smaller pieces of concrete was processing that, while changing the size and volume, and therefore the marketability, of

the concrete it receives, did not change its nature as solid waste. In Re Amstel Recycling & Concrete Corp. v. City of New York 776 N.Y.S.2d 272 (1st Dept. 2004).

¶ 2. Clean fill operation was closed by the Department upon discovery that unacceptable material, including construction and demolition debris, was used as fill material on site. Administrative law judge rejected licensee's argument that the unacceptable material could be used, without regard to composition, because it was excavated from the site. On appeal, the Second Department found substantial evidence supported the Department's determination that the site should be sealed, secured, and closed until such time as the unacceptable fill material is removed. Dep't of Sanitation v. Enviro-Fill et seq., OATH Index No. 915/98 (Mar. 12, 1998), aff'd sub nom. Enviro-fill v. Doherty, 269 A.D.2d 529, 703 N.Y.S.2d 742 (2d Dep't 2000).

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-131*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-131 Rules for the operation of dumps, non-putrescible solid waste transfer stations, putrescible solid waste transfer stations and fill material operations; permits and fees.

a. The commissioner shall have power to adopt rules:

1. controlling and providing for supervision over the conduct, operation, and use by persons or public agencies of all piers or lands or lands under water used as dumps, non-putrescible solid waste transfer stations or putrescible solid waste transfer stations, or for fill material operations;

2. requiring applicants and permittees to disclose to the department information determined by the commissioner to be necessary for the department to fulfill its duties under this title. Such information may include but need not be limited to financial statements, and any annual or quarterly report required to be filed with the state department of environmental conservation pursuant to regulations promulgated by such department to regulate solid waste management facilities;

3. requiring permittees to maintain records determined by the commissioner to be necessary for the department to fulfill its duties under this chapter and to protect the public health and safety. Such records shall include, without limitation, a log of the names of prospective customers denied the use of such dump, transfer station, or fill material operation.

b. The commissioner shall, pursuant to subdivision a of this section, adopt rules:

1. establishing, in consultation with the commissioners of health and environmental protection, requirements

appropriate for protection of public health and the environment concerning siting of dumps, non-putrescible solid waste transfer stations, putrescible solid waste transfer stations and/or fill material operations in relation to other such facilities, residential premises and/or other premises for which such requirements may be appropriate. Requirements established pursuant to this paragraph shall be in addition to other applicable siting requirements;

2. limiting the hours of operation of premises required to be permitted pursuant to section 16-130 of this chapter;

3. prescribing the use of deodorants, and other odor control measures as may be needed, at putrescible solid waste transfer stations and, where appropriate, at other facilities required to be permitted pursuant to such section;

4. prescribing the use of ventilation systems in fully enclosed structures on premises required to be permitted pursuant to this section; and

5. requiring that all activities relating to the processing, tipping, sorting, storage and compaction of solid waste at putrescible solid waste transfer stations, and, in the commissioner's discretion, at other premises required to be permitted pursuant to this section, be conducted within a fully enclosed structure. If the commissioner determines that such activities would not adversely affect a residential area if not conducted within a fully enclosed structure, then the commissioner may grant an exemption from such requirement, provided that no exemption may be granted in contravention of regulations promulgated by the state department of environmental conservation to regulate solid waste management facilities or other applicable law. Any person who, on the effective date of this local law, holds a permit for, and conducts such activities on, premises where no fully enclosed structure exists, and who shall be required to conduct such activities within a fully enclosed structure, may be granted a reasonable time, to be determined by the commissioner, to construct such structure.

c. The commissioner shall issue permits to such persons or public agencies engaged in use of piers or lands or lands under water within the city as dumps, non-putrescible solid waste transfer stations or putrescible solid waste transfer stations. The commissioner shall collect an annual fee of seven thousand dollars for each permit for any such pier or part thereof, or for each piece or parcel of land or land under water used as a dump or as a non-putrescible solid waste transfer station, and an annual fee of thirteen thousand dollars for each permit for any such pier or part thereof, or for each piece or parcel of land or land under water used as a putrescible solid waste transfer station. The commissioner shall collect an annual registration fee of seven thousand dollars for an intermodal solid waste container facility. The commissioner may by rule provide for suspension or revocation of any permit or registration issued pursuant to this subdivision for cause or violation of the orders or rules of the commissioner.

d. The commissioner shall issue permits every six months to persons or public agencies engaged in use of piers or lands or lands under water for fill material operations. The commissioner shall collect a fee every six months of twelve hundred fifty dollars for each permit for any such pier or part thereof, or for each piece or parcel of land or land under water where the anticipated or actual aggregate amount of fill material for grading, levelling, surcharging, compacting or final disposition during such six-month period is equal to or greater than one thousand cubic yards, and a fee of six hundred twenty-five dollars for each permit for any such pier or part thereof, or for each piece or parcel of land or land under water where the anticipated or actual aggregate amount of fill material for grading, levelling, surcharging, compacting or final disposition during such six-month period is less than one thousand cubic yards, provided that no fee shall be charged for the first six-month permit issued in a calendar year for any pier or part thereof, or for each piece or parcel of land or land under water where the anticipated or actual aggregate amount of fill material for grading, levelling, surcharging, compacting or final disposition during such six-month period is less than three hundred cubic yards. The commissioner may by regulation provide for suspension or revocation of any permit issued pursuant to this paragraph for cause or violation of the orders or rules or regulations of the commissioner. Notwithstanding any other provision of this section or of section 16-130 of this chapter, no permit or fee shall be required of an owner or occupant of residential property engaged in a fill material operation or such property where the anticipated or actual aggregate amount of fill material for grading, levelling, surcharging, compacting or final disposition during a six-month period is less than three hundred cubic yards.

e. Rules adopted by the commissioner pursuant to this section shall become effective only after filing and publication as prescribed by chapter forty-five of the charter. In addition, notwithstanding such chapter, prior to adoption by the commissioner of a final rule pursuant to subdivision e of section one thousand forty-three of the charter, and after consideration of relevant comments presented pursuant to subdivision d of such section, the commissioner shall submit to the council the draft text of the final rule proposed to be published in the City Record; the council shall have thirty days to comment upon such text. The final rule may include revisions in response to comment from members of the council and shall not be published in the City Record before the thirty-first day after such submission, unless the speaker of the council authorizes earlier publication.

f. As used in this section:

1. the terms "dump," "non-putrescible solid waste transfer station," "putrescible solid waste transfer station," "fill material" and "fill material operation" shall have the meanings ascribed in section 16-130 of this chapter; and

2. the term "intermodal solid waste container facility" shall mean a facility or premises served by rail or vessel at which intermodal containers are transferred from transport vehicle to transport vehicle for the purpose of consolidating intermodal containers for shipment by rail or vessel to an authorized disposal or treatment facility, where the contents of each container remain in their closed containers during the transfer between transport vehicles, and storage remains incidental to transport at the location where the containers are consolidated.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-131.1 Issuance, renewal, suspension and revocation of permits.

The commissioner shall be responsible for the issuance, renewal, suspension and revocation of permits required by section 16-130 of this chapter. An application for such a permit shall also be presented by the department to the New York city trade waste commission for review by such commission. The commissioner shall consider the recommendations of such commission in making a determination pursuant to this section.

a. The commissioner, consistent with article twenty-three-A of the correction law, may refuse to issue or renew a permit required by section 16-130 of this chapter, or may, after notice and the opportunity to be heard, suspend or revoke such a permit when the applicant for such permit or such permittee has been denied a license required by section 16-505 of this code to operate a business for the collection, removal or disposal of trade waste or has had such a license revoked for the reason that such applicant or licensee has been found to lack good character, honesty and integrity by the trade waste commission pursuant to the provisions of title sixteen-A of this code.

b. The commissioner, consistent with article twenty-three-A of the correction law, may refuse to issue to an applicant a permit required by section 16-130 of this chapter and may, after due notice and hearing, in addition to any other penalties provided by law, refuse to renew, suspend or revoke such permit upon the occurrence of any of the following conditions:

1. the applicant or permittee has been convicted of a crime which in the judgment of the commissioner has a direct relationship to his or her fitness or ability to perform any of the activities for which a permit is required under section 16-130 of this chapter; or

2. the applicant or permittee has been found by a court or an administrative agency of competent jurisdiction to have violated:

(A) any provision of section 16-117.1, 16-119, 16-120.1, 16-130, 16-131, 16-131.2, 16-131.3 or 16-131.5 of this chapter; or

(B) any provision of article one hundred fifty-seven of the New York city health code; or

(C) any other law or rule related to the conduct, operation or use of a dump, non-putrescible solid waste transfer station, putrescible solid waste transfer station or fill material operation; or

(D) any federal or state law prohibiting unfair trade practices or conduct in restraint of competition, including but not limited to the Sherman Anti-Trust Act (15 U.S.C. §1, §2), the Clayton Act (15 U.S.C. §18), the Robinson Patman Act (15 U.S.C. §12 et seq.), the Federal Trade Commission Act (15 U.S.C. §45 et seq.), and sections 340 et seq. of the general business law or an equivalent offense under the laws of any other jurisdiction; or

3. the commissioner has determined, after consideration of the results of an investigation conducted pursuant to this section, that the applicant or permittee has operated the business for which a permit is required by section 16-130 of this chapter in a manner inconsistent with the provisions of the federal or state laws prohibiting unfair trade practices or conduct in restraint of competition set forth in subparagraph (D) of paragraph two of this subdivision; or

4. the applicant or permittee has violated or failed to comply with any of the conditions for issuance of such permit as provided in this chapter or any of the rules promulgated hereunder.

c. Where the commissioner or the New York city trade waste commission has reasonable cause to believe that a permittee or an applicant for a permit required by section 16-130 of this code may lack good character, honesty and integrity, such applicant or permittee shall, in addition to providing the information required by the rules promulgated pursuant to paragraph two of subdivision a of section 16-131 of this code, also comply with the fingerprinting and disclosure requirements set forth in subdivision b of section 16-508 of this code and pay the fee for the investigation thereof set forth in the rules of the New York city trade waste commission. The commissioner may, after consideration of the results of such investigation, refuse for the reasons set forth in section 16-509 of this code to issue a permit required by section 16-130 of this chapter and, after notice and opportunity to be heard, may revoke or suspend any such permit upon a finding that the applicant or the permittee lacks good character, honesty and integrity.

d. For the purposes of this section, "applicant" or "permittee" shall mean the business of the applicant or permittee and any principal thereof, as the term "principal" is defined in section 16-501 of this code.

e. The New York city trade waste commission or the department of investigation may, at the request of the commissioner, assist the commissioner in any investigation conducted pursuant to this section.

**HISTORICAL NOTE**

Section amended L.L. 42/1996 § 7, eff. June 3, 1996.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-131.2 Additional powers of the commissioner.

In addition to any other enforcement procedures authorized by law, the commissioner shall have the powers described in this section.

a. The commissioner may order any person violating section 16-130 or 16-131 of this chapter or article one hundred fifty-seven of the New York city health code to discontinue such violation immediately.

b. 1. If the commissioner finds that premises for which a permit is required pursuant to section 16-130 of this chapter are being used either without such permit or in a manner which poses an imminent threat to the public health or safety, then the commissioner may order in writing that (a) such premises be sealed, secured and closed and/or (b) that equipment, vehicles or other personal property used on such premises be removed or sealed and secured. Upon the effective date of such order, no person shall have access to such premises and/or use such equipment except as authorized by the commissioner. Upon such effective date, authorized officers and employees of the department, the department of health and mental hygiene and the New York city police department shall act upon and enforce such order. The finding whether an imminent threat to the public health or safety exists shall be based on factors that include but are not limited to: (i) the quantity of solid waste, or of material listed in subparagraph (b) of paragraph one of subdivision a of section 16-130 of this chapter, that may pose a threat; (ii) the types of solid waste, or of such material listed in such subparagraph, that may pose a threat; and/or (iii) the risk of harm to the public or the environment. For the purpose of this paragraph: "sealed, secured and closed" or "sealed and secured" shall mean the use of any means available to render the premises or any part thereof, and/or any equipment, vehicles or other personal property contained therein, inaccessible or inoperable, including but not limited to the use of a padlock or cinder blocks.

2. Any equipment, vehicles or other personal property removed pursuant to an order issued under paragraph one of this subdivision may be stored in a garage, pound or other place of safety, and the owner or other person lawfully entitled to the possession of such equipment, vehicles or other personal property may be charged with the reasonable costs for removal and storage, payable prior to the release of such equipment, vehicles or other personal property. Equipment, vehicles or other personal property not reclaimed by such owner or other person within ninety days of the notification to such owner or other person that such order has been rescinded shall be deemed abandoned and may be disposed of by the department at a public auction, provided that vehicles deemed abandoned shall be disposed of in a manner consistent with section twelve hundred twenty-four of the vehicle and traffic law and that timely notice of any public auction shall be provided to any record holder of a security interest at the address for such holder set forth in any instrument recorded in the city of New York.

3. Any order to seal, secure and close premises pursuant to paragraph one of this subdivision, or to remove or seal and secure equipment, vehicles or other personal property issued pursuant to such paragraph, shall contain notice of the right to request a hearing within thirty days of delivery of such order and posting of such order pursuant to the first sentence of paragraph four of this subdivision. If a hearing is requested within such thirty day period, the order shall be effective as set forth in the determination of the commissioner. If no hearing is requested within such thirty day period the order shall be effective on the thirtieth day after such delivery and posting pursuant to such sentence. A hearing held pursuant to this paragraph shall be conducted by the department. The hearing officer shall submit recommended findings of fact and a recommended decision to the commissioner, who shall make the final findings of fact and the final determination. Notwithstanding the foregoing provisions of this paragraph, if such order is based upon a finding by the commissioner of an imminent threat to the public health or safety, such order may provide that it shall be effective immediately upon posting pursuant to the first sentence of paragraph four of this subdivision; in such case a hearing shall be held within three business days of a request for such hearing and a determination shall be rendered within four business days of the conclusion of such hearing.

4. Orders of the commissioner issued pursuant to this subdivision shall be served by delivery of the order to the permittee, owner or other person of suitable age and discretion in actual or apparent control of the premises, equipment, vehicles or other personal property, and shall be posted at the premises that have been sealed, secured and closed, or on or in the vicinity of the equipment, vehicles or other personal property that has been sealed and secured, or on the premises from which equipment, vehicles or other personal property has been removed. The commissioner shall ensure that notice is delivered and posted pursuant to this paragraph, and in addition shall ensure that such order is mailed to the permittee at the residence or business address for such permittee set forth in the records of the department, to the record owner of such premises, and any record mortgagee of such premises, at the address set forth in the recorded instrument and to the person designated as owner or agent of the premises or designated to receive real property tax or water bills for the premises at the address for such person contained in one of the files compiled by the department of finance for the purpose of the assessment or collection of real property taxes and water charges or in the file compiled by the department of finance from real property transfer forms filed with the city register upon the sale or transfer of real property, to the owner of such vehicles at the address for such owner set forth in the registration record maintained by the department of motor vehicles pursuant to section four hundred one of the vehicle and traffic law or for vehicles not registered in New York state, such equivalent record in the state of registration, and to any record holder of a security interest in equipment, vehicles or other personal property at the address for such holder set forth in any instrument recorded in the city of New York, and at the address for such holder set forth in any certificate of title issued by the department of motor vehicles pursuant to title ten of the vehicle and traffic law. In addition, such order shall be mailed to the owner of equipment or personal property, other than vehicles, at any address for such owner provided by the permittee or the person to whom such order is delivered pursuant to the first sentence of this paragraph.

5. Where premises have been sealed, secured and closed or equipment, vehicles, or other personal property has been sealed and secured or removed by order of the commissioner issued pursuant to paragraph one of this subdivision, the permittee, owner or other person lawfully entitled to the possession of the premises or equipment, vehicles or other personal property, may at any time provide to the commissioner assurances that the conditions which caused the

issuance of such order have been corrected and will not reoccur and any necessary permit will be obtained. Upon receipt of such assurances, the commissioner shall within two business days either issue a written determination that such conditions have not been corrected, or are likely to reoccur, or, if such assurances are satisfactory, rescind such order; provided that no equipment, vehicles or other personal property shall be released after such rescission unless costs for removal and storage owed pursuant to paragraph two of this subdivision have been paid.

6. (a) No person shall remove or cause to be removed the seal from, or otherwise enter without the commissioner's authorization, any premises sealed by order of the commissioner issued pursuant to paragraph one of this subdivision.

(b) No person shall remove or cause to be removed the seal from, or otherwise tamper with or use, any equipment, vehicles or other personal property sealed by order of the commissioner issued pursuant to paragraph one of this subdivision.

(c) Any person who violates this paragraph shall upon conviction be guilty of a misdemeanor and be punished by a fine not to exceed twenty-five thousand dollars, or by imprisonment for a term of not more than one year, or by both such fine and imprisonment.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-131.3 Removal or abatement of public nuisance.

a. 1. Whenever the commissioner finds that there exists, on premises required to be permitted pursuant to section 16-130 of this chapter, a condition hazardous to public health or safety, the commissioner may declare such premises to be a public nuisance and order the permittee and/or owner to remove or abate such public nuisance as such order shall specify. It shall be the duty of such permittee and/or owner upon whom such an order has been served to remove or abate such public nuisance in the manner and in the time provided by such order.

2. For the purpose of this subdivision, the finding whether a condition hazardous to the public health or safety exists shall be based on factors that include but are not limited to: (i) the quantity of solid waste, or of material listed in subparagraph (b) of paragraph one of subdivision a of section 16-130 of this chapter, that may create a condition hazardous to the public health or safety; (ii) the types of solid waste, or of such material listed in such subparagraph, that may create such a condition; and/or (iii) the risk of harm to the public or the environment.

b. 1. An order of the commissioner issued pursuant to subdivision a of this section shall specify the work to be performed and shall fix a reasonable time for compliance which shall not be less than thirty days from the date of service of such order, or twenty days after the commissioner's determination pursuant to paragraph four of this subdivision, whichever is later. Such order shall contain a statement that upon the failure of the permittee and/or owner of such premises to comply with the commissioner's order within the stated time, the department may perform the work specified in the order or the department may apply for a court order directing such permittee and/or owner to comply with the commissioner's order or directing the department to perform the work specified in the commissioner's order. Such statement shall also indicate that if any of the work specified in the commissioner's order is performed by or on behalf of the department, the expense incurred in performing such work shall be a debt recoverable from such permittee

and/or owner and a lien on the premises, including the land and buildings, with respect to which such order was issued.

2. Service of such order shall be made upon such permittee and/or owner by personal service or by certified mail addressed to the last known address of such permittee and/or owner or in any manner provided for service of process by article three of the civil practice law and rules. The commissioner may serve a copy of such order on any mortgagee or lienor of record in the same manner.

3. A copy of such order shall be filed with the office of the register in the county in which the premises with respect to which such order was issued are situated, provided, that in the county of Richmond, such copy shall be filed with the county clerk.

4. Within fifteen days after service of such order upon the permittee and/or owner, such permittee and/or owner or a mortgagee or lienor upon whom a copy of such order has been served may request a hearing. Such hearing shall be conducted by the department. The hearing officer shall submit recommended findings of fact and a recommended decision to the commissioner, who shall make the final findings of fact and the final determination.

c. If the permittee and/or owner fails to comply with the commissioner's order within the time fixed for compliance pursuant to subdivision b of this section, the department may perform the work specified in the order.

d. As an alternative to the remedy set forth in subdivision c of this section, if the permittee and/or owner fails to comply with the commissioner's order within the time fixed for compliance pursuant to subdivision b of this section, the commissioner may apply to any court of competent jurisdiction, upon such notice and in such manner as the court shall direct, for an order directing the permittee and/or owner to comply with the commissioner's order or directing the department to perform the work specified in the commissioner's order.

e. 1. Whenever the commissioner finds that there exists on premises declared to be a public nuisance pursuant to subdivision a of this section a condition that poses an imminent threat to the public health or safety which requires immediate remedial action, the commissioner may, in his or her discretion, order the permittee and/or owner to remove or abate such public nuisance, or direct the department to remove or abate such public nuisance, and, notwithstanding any provision of this section to the contrary, no hearing shall be required to be held before the time fixed in the order for compliance, or before the department removes or abates such public nuisance, and the time for compliance provided in paragraph one of subdivision b of this section shall not apply to an order issued pursuant to this subdivision. Notice of an order or direction issued pursuant to this subdivision shall be served in the manner prescribed in paragraph two of subdivision b of this section, provided, that if the commissioner determines that service in such manner would result in delay prejudicial to the public health or safety, then the commissioner may serve such order or direction by delivery of a copy thereof to a person of suitable age and discretion in actual or apparent control of the premises to which it relates, or, if service cannot be made in such manner, by copy posted upon the premises to which it relates. An order or direction served in the manner prescribed in this subdivision shall take effect when delivered or when posted. After such order or direction takes effect, the commissioner shall serve such order or direction in the manner prescribed in paragraph two of subdivision b of this section. Such additional service shall include notice of the earlier service of such order or direction.

2. Notwithstanding any other provision of this section, if an order or direction is issued pursuant to paragraph one of this subdivision, a hearing shall be held within three business days of a request for such hearing and a determination shall be rendered within four business days of the conclusion of such hearing. Such hearing shall be conducted by the department. The hearing officer shall submit recommended findings of fact and a recommended decision to the commissioner, who shall make the final findings of fact and the final determination.

3. For the purpose of this subdivision, the finding whether an imminent threat to the public health or safety exists shall be based on factors that include but are not limited to: (i) the quantity of solid waste, or of material listed in subparagraph (b) of paragraph one of subdivision a of section 16-130 of this chapter, that may pose a threat; (ii) the

types of solid waste, or of such material listed in such subparagraph, that may pose a threat; and/or (iii) the risk of harm to the public or the environment.

f. The commissioner may request the assistance of the department of health or any city, state or federal agency to perform work on its behalf pursuant to this section.

g. 1. The expense of the department with respect to any work performed by or on behalf of the department pursuant to subdivisions c, d and e of this section shall be a debt recoverable from the permittee and/or owner and a lien upon the premises, including the land and buildings, with respect to which such work was performed.

2. The department shall keep a record of all work performed by or on behalf of the department. Such records shall be accessible to the public during business hours. Within thirty days after the issuance of a purchase or work order for such work, such order shall be entered on the records of the department. Such entry shall constitute notice to all parties.

3. All such expenses shall constitute a lien upon the premises when the amount thereof shall have been definitely computed as a statement of account by the department and the department shall cause to be filed in the office of the city collector an entry of the account stated in the book in which such charges against the premises are to be entered. Such lien shall have a priority over all other liens and encumbrances on the premises except for the lien of taxes and assessments. However, no lien created pursuant to this section shall be enforced against a subsequent purchaser in good faith or mortgagee in good faith unless such transaction occurred after the date of entry of a purchase or work order on the records of the department pursuant to paragraph two of this subdivision.

4. A notice thereof stating the amount due and the nature of the charge shall be mailed by the city collector within five days after such entry to the last known address of the person whose name appears on the records in the office of the city collector as being the owner or agent or as the person designated by the owner to receive tax bills or, where no name appears, to the premises, addressed to either the owner or the agent. Such notice shall have stamped or printed thereon a reference to this section.

5. If such charge is not paid within thirty days from the date of entry, it shall be the duty of the city collector to receive interest thereon at the rate of interest applicable to such property for a delinquent tax on real property to be calculated to the date of payment from the date of entry.

6. Such charge and the interest thereon shall continue to be, until paid, a lien on the premises. Such charge and interest may be collected and the lien thereof may be foreclosed in the manner provided by law for the collection and foreclosure of taxes, sewer rents, sewer surcharges and water charges due and payable to the city and the provisions of chapter four of title eleven of the code shall apply to such charges and the interest thereon and the lien thereof.

7. (a) In any proceedings to enforce or discharge the lien, the validity of the lien shall not be subject to challenge based on (i) the lawfulness of the work done; or (ii) the propriety and accuracy of the items of expenses for which a lien is claimed, except as provided in this paragraph.

(b) No such challenge may be made except by (i) the owner of the property, or (ii) a mortgagee or lienor whose mortgage or lien would but for the provisions of this section have priority over the department's lien.

(c) An issue specified in subparagraph (a) which was decided or could have been contested in a prior court proceeding to secure a court order pursuant to subdivision d of this section shall not be open to reexamination, but if any mortgagee or lienor of record was not served with an order of the commissioner pursuant to paragraph two of subdivision b and with notice of such proceeding, his or her mortgage or lien shall have the same priority over the lien of the department that it would have had but for the provisions of this section.

8. In addition to establishing a lien, the department may recover such expenses and interest by bringing an action

against the permittee and/or owner. The institution of such action shall not suspend or bar the right to pursue any other remedy provided by law for the recovery of such debt.

h. Nothing contained in this section shall be construed to restrict authority to provide for the abatement of a public nuisance conferred upon any agency of the city by any other provision of law.

i. For purposes of this section, "owner" means a person having title to any premises or structure; a tenant, lessee or occupant; a mortgagee or vendee in possession; a trustee in bankruptcy; a receiver or any other person having legal ownership or control of any premises or structure.

*NYC Administrative Code 16-131.4*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-131.4 Impoundment and forfeiture.

a. Any equipment, vehicles or other personal property that has been used or is being used to violate the provisions of section 16-130, 16-131, 16-131.2 or 16-131.3 of this chapter or article one hundred fifty-seven of the New York city health code may be impounded by the department pending forfeiture pursuant to the provisions of this section. Such equipment, vehicles or other personal property shall be released by the end of the following business day unless the department ascertains either (i) that the owner of the premises upon which the equipment, vehicles or other personal property has been or is being used has not obtained a permit required by section 16-130 of this chapter, (ii) that the owner has been convicted of or found liable for a violation of section 16-130, 16-131, 16-131.2 or 16-131.3 of this chapter, or article one hundred fifty-seven of the New York city health code, in a civil or criminal judicial proceeding or in a proceeding before an agency of competent jurisdiction and such violation was committed within eighteen months prior to the violation of law for which such equipment, vehicles or other personal property was impounded, or (iii) that the alleged violation of such sections or article for which such equipment, vehicles or other personal property was impounded involves the unlawful handling, processing, transportation, disposal or storage of a material identified as a hazardous waste or an acute hazardous waste in regulations promulgated pursuant to section 27-0903 of the environmental conservation law.

b. Notice of impoundment and intended forfeiture shall be served together with the notice of the violation of law for which equipment, vehicles or other personal property was impounded. Such notice shall contain notice of the right to request a hearing before the department with respect to whether there is reasonable cause to believe that such equipment, vehicles or other personal property will be subject to forfeiture; a hearing shall be provided within three business days of such request, and a determination shall be rendered within four business days of the conclusion of such

hearing. The hearing officer shall submit recommended findings of fact and a recommended decision to the commissioner, who shall make the final findings of fact and the final determination. If the commissioner determines that there is not reasonable cause to believe that such equipment, vehicles or other personal property will be subject to forfeiture, the department shall release such equipment, vehicles or other personal property, and no charges or fees shall be imposed as a condition of such release. If the commissioner determines that there is reasonable cause to believe that such equipment, vehicles or other personal property will be subject to forfeiture, the department may retain such equipment, vehicles or other personal property pending forfeiture pursuant to the provisions of this section. If after adjudication of the violation of law for which such equipment, vehicles or other personal property was impounded the court or agency of competent jurisdiction finds the respondent not guilty of or not liable for such violation, such equipment, vehicles or other personal property shall be released forthwith, and no charges or fees shall be imposed as a condition of such release. If after adjudication of such violation of law, the court or agency of competent jurisdiction finds the respondent guilty of or liable for such violation, then upon demand of the respondent the department shall either release such equipment, vehicles or other personal property upon payment of all outstanding fines and civil penalties, and removal charges and storage fees, or commence a forfeiture proceeding pursuant to this section within ten days after such demand.

c. In addition to any other penalties provided in this section, the interest of an owner in any equipment, vehicles or other personal property impounded pursuant to subdivision a of this section shall be subject to forfeiture upon notice and judicial determination thereof if such owner either (i) has not obtained a permit required by section 16-130 of this chapter and has been convicted of or found liable for a violation of section 16-130, 16-131, 16-131.2, or 16-131.3 of this chapter, or article one hundred fifty-seven of the New York city health code, in a civil or criminal judicial proceeding or in a proceeding before an agency of competent jurisdiction, (ii) has been convicted of or found liable for a violation of one of such sections, or such article, two or more times, in a civil or criminal judicial proceeding or in a proceeding before such agency, both of which violations were committed within an eighteen month period, or (iii) has been convicted of or found liable for a violation of one of such sections or such article in a civil or criminal judicial proceeding or in a proceeding before such agency where such violation involved the unlawful handling, processing, transportation, disposal or storage of a material identified as a hazardous waste or an acute hazardous waste in regulations promulgated pursuant to section 27-0903 of the environmental conservation law.

d. Except as hereinafter provided, the city agency having custody of equipment, vehicles or other personal property, after judicial determination of forfeiture, shall no sooner than thirty days after such determination upon a notice of at least five days, sell such forfeited equipment, vehicles or other personal property at public sale, provided that no sooner than thirty days after judicial determination of forfeiture or the date of final determination of a claim asserted pursuant to this subdivision, whichever is later, the city may instead convert such equipment, vehicles or other personal property to its own use. Any person, other than an owner whose interest is forfeited pursuant to this section, who establishes a right of ownership in equipment, vehicles or other personal property, including a part ownership or security interest, shall be entitled to delivery of the equipment, vehicles or other personal property if such person:

1. redeems the ownership interest which was subject to forfeiture by payment to the city of the value thereof; and

2. pays the reasonable expenses of the safekeeping of the vehicle between the time of seizure and such redemption; and

3. asserts a claim within thirty days after judicial determination of forfeiture.

Notwithstanding the foregoing provisions establishment of a claim shall not entitle such person to delivery if the city establishes that the activity in violation of law for which the equipment, vehicles or other property was seized was expressly or impliedly permitted by such person.

e. For purposes of this section, "owner" means a person, other than a holder of a security interest, having the

property in or title to equipment, vehicles or other personal property, including but not limited to a person entitled to use and possession of equipment, vehicles or other personal property subject to a security interest in another person and also includes any lessee or bailee having exclusive use thereof.

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-133 Enforcement.

a. 1. Any person who violates any provision of section 16-129, 16-130, 16-131, 16-131.2, 16-131.3 or 16-131.5 of this chapter, or article one hundred fifty-seven of the New York city health code, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed twenty-five thousand dollars, or by imprisonment for a term of not more than one year, or by both such fine and imprisonment.

2. In addition to any other penalties provided under paragraph one of this subdivision, any violation of section 16-129, 16-130, 16-131, 16-131.2, 16-131.3 or 16-131.5 of this chapter, or article one hundred fifty-seven of the New York city health code, shall be punishable by a civil penalty of not less than twenty-five hundred dollars nor more than ten thousand dollars for the first violation, not less than five thousand nor more than ten thousand dollars for the second violation committed in a period of three years, and ten thousand dollars for the third and any subsequent violation committed in such period. Every owner of premises or of equipment, vehicles or other personal property shall be punishable by a civil penalty of not less than twenty-five hundred dollars nor more than ten thousand dollars for the first violation, not less than five thousand nor more than ten thousand dollars for the second violation committed in a period of three years, and ten thousand dollars for the third and any subsequent violation committed in such period by any person using or operating the same, in the business of such owner or otherwise, with the permission, express or implied, of such owner. In the case of a continuing violation, every day's continuance thereof may be deemed to be a separate and distinct violation. Civil penalties shall be recovered in a civil action brought in the name of the commissioner or in a proceeding before the environmental control board, provided however that civil penalties for violations of article one hundred fifty-seven of the New York city health code may only be recovered as provided by law for violations of the New York city health code. As used in this paragraph, "owner" means a person, other than a holder of a security

interest, having the property in or title to premises or equipment, vehicles or other personal property, including but not limited to a person entitled to use and possession of premises or equipment, vehicles or other personal property subject to a security interest in another person and also includes any lessee or bailee having exclusive use thereof.

b. 1. Any person who violates any provision of section 16-117 of this chapter shall be guilty of a violation, and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars nor more than five hundred dollars, or by imprisonment for a term of not more than fifteen days, or by both such fine and imprisonment.

2. In addition to any other penalties provided under paragraph one of this subdivision, any violation of section 16-117 of this chapter shall be punishable by a civil penalty of not less than two hundred fifty dollars nor more than five hundred dollars. Civil penalties shall be recovered in a civil action brought in the name of the commissioner or in a proceeding before the environmental control board.

c. The commissioner shall have the power to issue notices of violation for violations of article one hundred fifty-seven of the New York city health code and such notices of violation shall be returnable as provided by law for violations of the New York city health code.

d. The commissioner of health shall have the power to issue notices of violation for violations of sections 16-130 and 16-131 of this chapter, and such notices of violation shall be returnable in a civil action brought in the name of the commissioner of health or in a proceeding before the environmental control board.

e. Nothing contained in this section shall be construed to restrict existing authority of any agency to enforce any other provision of law, including but not limited to any provision of the New York city health code.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-134 Comprehensive study of commercial solid waste management system required.

a. 1. "Long haul transport vehicle" shall mean any motor vehicle used to remove solid waste or other material from a putrescible or non-putrescible solid waste transfer station for final disposal, reuse or recycling.

2. "Private carter" shall mean any individual or business entity required to obtain a license from the trade waste commission pursuant to subdivision a of section 16-505 of this title.

3. "Trade waste commission" shall mean the New York city trade waste commission as established by section 16-502 of this title.

b. The department, in consultation with the trade waste commission, shall enter into one or more contracts for the performance of a comprehensive study of the existing commercial solid waste management system within the city of New York. In performing the study, the department and/or the contractor or contractors shall solicit and consider the views of elected officials, the citywide recycling advisory board, the borough solid waste advisory boards and the public, including residents of affected communities, environmental advocacy organizations, transfer station operators, private carters, business entities and academicians, and respond to substantive issues raised. The study shall include, but need not be limited to, an analysis of the following.

1. the effectiveness of procedures employed and the criteria applied by the department for the issuance and renewal of permits for the operation of putrescible and non-putrescible solid waste transfer stations in minimizing potential adverse environmental economic and public health impacts on the communities in which such transfer stations are located by examining such issues as (i) the effectiveness of the criteria applied by the department to the siting of

putrescible and non-putrescible solid waste transfer stations, including the aggregate effect of the geographic proximity of solid waste transfer stations to each other and (ii) the scope and effectiveness of the operational restrictions imposed upon putrescible and non-putrescible solid waste transfer stations including the hours of operation and any performance standards established in the zoning resolution of the city of New York;

2. the manner in which all applicable laws, rules and regulations relating to the operation of putrescible and non-putrescible solid waste transfer stations, private carters and long haul transport vehicles are enforced, including who should be responsible for such enforcement and the effectiveness of such enforcement in obtaining compliance with such laws, rules and regulations and in minimizing potential environmental economic and public health impacts and an analysis of rules relating to routes for transporting material to or from such transfer stations;

3. the means and potential effects of limiting the number and capacity of putrescible and non-putrescible solid waste transfer stations in the city; 4. the size and type of vehicles that should be authorized to transport solid waste to or from putrescible and non-putrescible solid waste transfer stations and fuel-type requirements for such vehicles;

5. whether putrescible and non-putrescible solid waste transfer stations and city-owned marine transfer stations should receive and process both residential and commercial solid waste and the options for transporting such solid waste to and from such transfer stations, including an analysis of potential environmental, economic and public health impacts; and

6. potential environmental, economic and public health impacts on communities in which large numbers of privately-owned putrescible and non- putrescible solid waste transfer stations are located such as, but not limited to, potential impacts related to air quality, water quality, odors, traffic congestion and noise.

c. The study required by subdivision b of this section, and a report containing a detailed analysis of the findings of such study, as well as recommendations based on such analysis and findings, shall be completed no later than eighteen months after registration of the consultant contract and at least two months before the next draft comprehensive solid waste management plan is submitted to the council or the New York state department of environmental conservation. Such report shall be submitted to the mayor and the council immediately upon its completion. A preliminary report containing data necessary to perform the analyses described in subdivision b of this section shall be submitted by the department to the mayor and the council during or before the last quarter of calendar year two thousand one.

d. Such study shall be performed and such report shall be prepared in a manner designed to assist in the preparation of the next comprehensive solid waste management plan for the city of New York required by section 27-0107 of the New York state environmental conservation law.

**HISTORICAL NOTE**

Section added L.L. 74/2000 § 2, eff. Dec. 19, 2000. [See Note]

**NOTE**

Provisions of L.L. 74/2000 § 1:

Section 1. Declaration of Legislative Intent and Findings. The legislatively mandated closure of the Fresh Kills Landfill by January 1, 2002 opens a new era in solid waste management in New York City and affords an opportunity to reexamine all aspects of how solid waste is managed, including that generated by the commercial sector. Moreover, New York City must now begin development of its next Comprehensive Solid Waste Management Plan.

Until the late 1980s, private carters paid a tipping fee to dispose of solid waste in the City's Fresh Kills landfill. In 1988, the tipping fee was raised to discourage private carters from using the Fresh Kills landfill in order to extend the

landfill's useful life. This resulted in increased amounts of solid waste being sent to private transfer stations in New York City and the region.

Solid waste transfer stations and the trucks transporting waste to and from those facilities may generate such problems as dust, debris, noise, odors, air pollutants, vermin and traffic congestion. The Council is concerned that transfer stations and private carters in New York City may need more regulation in order to protect the communities in which they are located and conduct business and to ensure effective enforcement of the rules governing their operation.

The Council finds that a comprehensive study of the commercial solid waste management system within the City of New York is critical in order to enable the City to assess and plan for management of both the residential and commercial waste streams in the most efficient manner, to minimize the potential adverse impacts on the City's residential and business communities and the environment, and to assist in developing a new comprehensive solid waste management plan.

***** Current through December 2009 ****

*NYC Administrative Code 16-140*

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 1 DEPARTMENT OF SANITATION

§ 16-140 Solid Waste Management Plan.

(a) No final solid waste management plan for the city shall be submitted pursuant to article twenty-seven of the environmental conservation law unless such submission has been authorized by the council by local law, except as provided in subdivisions c, d and e of this section.

(b) A draft solid waste management plan for the city which is to be submitted pursuant to article twenty-seven of the environmental conservation law shall be presented to the council at or before the time of such submission, but in no event later than the thirty-first day of March, nineteen hundred ninety-two. Any comments by the New York State department of environmental conservation shall be transmitted to the council immediately upon their receipt.

(c) A proposed final solid waste management plan shall be presented to the council within forty-five days after the receipt of comments by the New York State department of environmental conservation but in no event later than the twenty-sixth day of June, nineteen hundred ninety-two. The council shall, not later than the thirty-first day of August, nineteen hundred ninety-two, pass a local law which either grants or denies the authority for the submission of a proposed final solid waste management plan for the city.

(d) Notwithstanding the provisions of subdivision c of this section, in the event that on or before the tenth day of July, nineteen hundred ninety-two, the council passes a local law which denies the authority for the submission of a proposed final solid waste management plan for the city pursuant to article twenty-seven of the environmental conservation law and the mayor disapproves such law, such proposed plan shall not be submitted until either two-thirds of all the members of the council have voted whether to repass such local law, or the period within which such repassing may occur has expired, pursuant to section thirty-seven of the charter. In the event that such local law is

repassed by a two-thirds vote of all the members of the council, such proposed plan shall not be submitted.

(e) Notwithstanding the provisions of subdivisions a and c of this section, in the event the council does not act in accordance with subdivision c of this section, such proposed final solid waste management plan may be submitted pursuant to article twenty-seven of the environmental conservation law.

**HISTORICAL NOTE**

Section amended L.L. 69/1992 § 1, eff. July 9, 1992.

**NOTE**

Provisions of L.L. 72/1992 eff. Sept. 9, 1992:

A LOCAL LAW

To grant the authority for the submission of a Final Solid Waste Management Plan for the City of New York.

**Be it enacted by the Council as follows:**

Section 1. Pursant to subdivision (c) of section 16-140 of the administrative code of the city of New York, the council hereby grants the authority for the submission, pursuant to article twenty-seven of the New York State environmental conservation law, of the proposed final solid waste management plan for the city of New York and any amendments thereto, presented to the council pursuant to such subdivision (c) of section 16-140.

§ 2. This local law shall take effect immediately.

**NOTE**

Provisions of L.L. 72/2000 eff. Nov. 29, 2000:

A LOCAL LAW

To grant the authority for the submission of a modification for the comprehensive solid waste management plan for the city of New York.

**Be it enacted by the Council as follows:**

Section 1. In accordance with the provisions of section 20.5 of the comprehensive solid waste management for the city of New York, as approved by the New York state department of environmental conservation on the twenty-eighth day of October, nineteen hundred ninety-two, the council hereby grants the authority for the submission of a modification for such comprehensive solid waste management plan pursuant to the requirements of section 20.4 of such plan and section 360-15.11 of title six of the official compilation of the codes, rules and regulations of the state of New York, as such modification was first presented to the council on or about the thirteenth day of October, two thousand in accordance with the provisions of section 20.5 of such plan and with any revisions to such modification as may have been made prior to passage by the council of this local law.

§ 2. Any revision to the modification referred to in section one of this local law that is proposed to be made subsequent to the passage of this local law and prior to approval by the New York state department of environmental conservation pursuant to section 360-15.10(e) may not be submitted to the New York state department of environmental conservation unless such proposed revision has been presented to the council and within thirty days from the first

regular meeting following receipt of such proposed revision the council has not passed a local law denying the authority for such submission.

§ 3. This local law shall take effect immediately and shall be deemed in full force and effect on the date of its passage by the council.

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-201 Facility assignment.

a. The commissioner is authorized and empowered to promulgate regulations and procedures for the management on a city-wide basis of all solid waste generated or disposed of within the city and to supervise and regulate the transportation and disposition of all solid waste generated or disposed of within the city pursuant to the standards established herein, provided that no regulation shall abridge, impair or restrict any bona fide firm contracts for the purchase or delivery of solid waste for resource recovery entered into between private parties prior to the date at which final notice of regulations is filed with the city clerk, and that any such regulations are accompanied by a justification of such regulations that demonstrates either:

(1) That regulating privately collected solid waste or a portion of such waste, whether by waste origin, destination, type or by any other reasonable basis will, in the opinion of the commissioner, help facilitate the construction, expansion, rehabilitation or operation, by or for the city, of a solid waste recovery and management facility, or will help the city discharge its responsibilities with respect to the management, including trasportation*5 and disposition, on a city-wide basis, of all solid waste generated or disposed of within the city, or

(2) That a declaration of imminent peril to the public health has been authorized by the board of health and such situation can be addressed or prevented by regulating the disposal of privately collected waste.

b. The commissioner may assign to persons who collect or dispose of solid waste a solid waste recovery and management facility or facilities at which such persons shall deliver such waste. The commissioner may assign days and hours when such persons shall use such facilities, and may limit or prohibit collection truck traffic on particular streets or limit such traffic to certain hours of the day.

c. The commissioner shall weigh as one critical consideration in his ultimate determination of specific site assignments for disposal, the minimization of solid waste disposal vehicle traffic and transportation cost on city streets and roadways.

d. The commissioner shall further consider the following objectives in determining facility assignments:

(1) meeting the daily operating capacity requirements of each resource recovery facility and minimizing overloading of facilities; (2) extending the useful life of existing municipal landfills;

(3) ensuring the economic viability of resource recovery facilities processing waste generated within the city;

(4) ensuring that unacceptable wastes do not enter facilities;

(5) meeting any contractual obligations required under any resolution or resolutions authorizing the issuance of bonds for solid waste recovery and management facilities, or entered into pursuant to chapter five hundred sixty of the laws of nineteen hundred eighty;

(6) achieving uniform deliveries and minimizing congestion and dumping delays at facilities.

e. The commissioner shall exercise due diligence in notifying each person assigned to a facility of a scheduled closing of such facility by certified mail at least seventy-two hours prior to such closing. Such notification shall include the expected duration of the closing and assignments to alternative facilities and days and times of such assignments.

f. The commissioner shall exercise due diligence in notifying persons assigned to a facility of an emergency closing of a facility or any emergency during which facilities are not available. Unless the commissioner provides alternative facilities persons assigned to a closed or unavailable facility may arrange alternative means of disposal during the closing or unavailability of such facilities.

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-202 Waste acceptability.

a. The commissioner shall promulgate a list of facilities and solid wastes accepted and not accepted at each such facility.

b. Solid wastes not acceptable at certain or all facilities may include, but need not be limited to, the following:

(1) solid wastes that may adversely affect the health or safety of facility employees or damage facility equipment;

(2) wastes designated as hazardous wastes pursuant to the federal resource conservation and recovery act of 1976, as amended, and regulations promulgated pursuant thereto and titles seven and nine of article twenty-seven of the New York environmental conservation law and regulations promulgated pursuant thereto;

(3) wastes designated as hazardous air pollutants pursuant to section one hundred twelve of the federal clean air act, as amended, and regulations promulgated pursuant to such act;

(4) sewage sludge or containerized or free liquids;

(5) bulk wastes of a size or dimension too cumbersome for efficient burning at incinerators or resource recovery facilities;

(6) any or all classes of regulated medical waste or other medical waste as defined in section 16-120.1 provided that such list be consistent with such section.

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-203 Charges.

a. The rates for use of facilities provided by or for the department shall be fixed by the board of estimate upon the recommendation of the commissioner, who shall require persons assigned to such facilities to pay such rates.

b. The rates shall be sufficient, when added to other waste disposal and resource recovery revenues and to the value to the department of its proportionate use of all facilities comprising the solid waste management system of the city, as determined by the commissioner, to provide for all expenses of transportation, land acquisition, construction, equipment, operations including enforcement, administrative and insurance costs, maintenance, expansion, replacement, financing and reasonable reserves therefore and any other costs that may be required for the financing or completion of facilities, equipment or land to be used for furnishing solid waste management services. The commissioner may from time to time recommend and the board of estimate may prescribe changes in rates, provided that such changes shall be based on changes in the cost of furnishing solid waste management services.

c. The rate for each facility may be fixed so as to vary according to volume, location of facility assignment, or weight, type, character or difficulty of storing, processing or disposing of the solid waste, or other factors relating to economic efficiency or allocation of resources and may not discriminate between classes of users. The commissioner shall state the basis for establishing such varying rates in the commissioner's recommendations to the board of estimate.

d. The commissioner shall notify by mail all persons assigned to use facilities of the first meeting of the board of estimate at which any resolution fixing or changing such rates is scheduled to be considered. Such notice shall be mailed at least thirty days prior to such board of estimate meeting and shall include the proposed rates or rate changes. Failure to provide such notice shall not affect the validity of such rates.

e. The commissioner may collect charges in such manner as he determines shall minimize burdens and costs of the department, provided that the commissioner shall also consider burdens and costs of persons assigned to facilities.

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-205 Variances.

a. There shall be in the department a solid waste management board consisting of the commissioner, the commissioner of consumer affairs and the executive director of the office for economic development, all of whom shall serve on the board without compensation and all of whom shall have the power to exercise or delegate any of their functions, powers and duties as members of the board. Such board may grant variances from a regulation or modify assignments or rates of the commissioner involving the transportation, storage, processing or disposal of solid waste when such board finds that such regulation or order would impose unreasonable economic hardship. The specific terms of any variance granted shall be determined by such board on a case by case basis. Any person seeking a variance shall do so by filing with such board a petition for variance in a form prescribed by such board. Such forms shall document the need for a variance.

b. Exemptions from formal variance request procedures may be made for day-to-day operational hardships such as equipment failure. The commissioner may grant temporary facility and time assignment variances to persons who report such hardships to the commissioner. Proof of hardship must be submitted to the commissioner within the time frame set by the commissioner. Subsequent exemptions may be withheld for failing to submit proof of hardship for any prior request.

Title 16 Sanitation

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-207 Regulations.

a. The commissioner, upon the recommendation of the solid waste management board and upon the approval of the board of estimate, may exempt that portion of privately collected solid waste from all or some provisions of any regulations for such period of time as is necessary and appropriate up to forty years, if the regulation of that solid waste will materially and adversely interfere with the development, financing or operation of any resource recovery facility owned or operated or being developed privately. Any person seeking an exemption shall do so by filing with the solid waste management board a petition for exemption in a form prescribed by such board. Such form shall document the need for an exemption. The effective date of any exemptions granted may be withheld until a bona fide, firm, long-term contract has been executed for delivery of such solid waste to a safe and reliable facility and copy of such contract has been received by the solid waste management board.

b. In the event that any resource recovery facility owned or operated privately fails to adequately process or dispose of solid waste and such facility does not provide for alternate storage, processing or disposal, the privately collected solid waste exempted from regulation and not disposed by the facility may be made subject to any regulation for which it had been exempted.

c. (1) Nothing herein shall be construed to prohibit or limit private collectors from extracting from the waste they collect materials that have value to such collectors for the purposes of recycling, reuse or resale.

(2) Any regulations promulgated shall not limit the amount or type of solid waste utilized by any person for the purposes of composting, materials recovery from solid waste, or operation of a recycling center.

d. Such regulations shall make reasonable accommodation to permit persons to deliver solid waste to recycling facilities or permitted transfer facilities for the sole purpose of materials reclamation or volume reduction, provided, however, that nothing contained herein shall materially impair the authority of the com- missioner to enforce the regulation of the residual solid waste resulting from such reclamation or volume reduction activities in accordance with this chapter.

§ 16-208 Publication of regulations.

Notwithstanding any inconsistent provisions of section eleven hundred five of the charter, the regulations promulgated pursuant to this chapter shall be promulgated pursuant to the procedures set forth in this section. The commissioner shall:

a. publish notice of the proposed regulations in at least two newspapers of general circulation, the city record, and at least one industry journal:

b. allow a sixty day period to receive comments on such proposed regulations and an additional ten days to review such comments before publishing a final notice of such regulations:

c. at least one hundred eighty days prior to the effective date of such regulations, submit to the city clerk final notice of such regulations, together with a set of the comments filed pursuant to this section, findings related to material substantive elements in such comments, and a justification for the necessity of such regulations; and

d. amend such regulations pursuant to section eleven hundred five of the charter.

CHAPTER 2 SOLID WASTE MANAGEMENT

§ 16-209 Definitions.

As used in this title: a. "Solid waste" means all materials or substances discarded or rejected as being spent, useless, or worthless, including but not limited to garbage, refuse, industrial and commercial waste, sludges from air or water pollution control facilities or water supply treatment facilities, rubbish, ashes, contained gaseous material, incinerator residue, demolition and construction debris and offal, but not including sewage and other highly diluted water-carried materials or substances and those in gaseous forms.

b. "Solid waste recovery and management facility" or "facility" means any facility, plant, works, system, building, structure, improvement, machinery, equipment, fixture or other real or personal property which is to be used, occupied or employed beyond the initial solid waste collection process for the storage, processing, or disposal of solid waste or the recovery by any means of any material or energy product or resource therefrom including but not limited to recycling centers, transfer stations, baling facilities, rail haul or barge haul facilities, processing systems, resource recovery facilities or other facilities for reducing solid waste volume, sanitary landfills, plants and facilities for compacting, composting or pyrolization of solid wastes, incinerators, and other solid waste disposal, reduction or conversion facilities. For the purpose of this title, solid waste recovery and management facilities include solid waste recovery and management projects as defined in subdivision two of section 51-0903 of the environmental conservation law.

c. "Person" means any governmental body, except the city of New York, public corporation or authority, private corporation, partnership or individual engaged in the business of removing, disposing of, conveying or transporting upon the streets, public places or bridges, or over the ferries in the city of solid waste.

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 1 SHORT TITLE, POLICY AND DEFINITIONS

§ 16-301 Short title.

This chapter shall be known and may be cited as the "New York City Recycling Law."

**HISTORICAL NOTE**

Section added L.L. 19/1989 § 2.

**CASE NOTES**

¶ 1. Local Law #19 of 1989, §16-301 et. seq., requires the Department of Sanitation to implement a comprehensive recycling program and promulgate regulations relating thereto. The enactment coincided with a fiscal crisis where the mayor eliminated funding and the council partially restored it. The City Council never modified or repealed Local Law 19 and contention that such was accomplished implicitly by reduced funding is rejected. Natural Resources Defense Counsel v. NY City Sanit. Dept., 188 AD2d 415 [1993].

¶ 2. A mandamus proceeding seeking to compel the City to comply with the recycling law was held to present a justiciable controversy. Although the method of complying with the statute involves some discretion, it was nevertheless mandatory that the City implement a recycling plan. Matter of Natural Resources Defense Council v. New York City Department of Sanitation, 83 N.Y.2d 215, 608 N.Y.S.2d 915 (1994).

¶ 3. Construction and demolition debris is not properly includible in calculating how much solid waste is recycled. Matter of Natural Resources Defense Council, N.Y.L.J., Jan. 23, 1997, page 29, col. 1 (Sup. Ct. New York Co.).

**FOOTNOTES**

6

[Footnote 6]: * Chapter added L.L. 19/89 § 2, Note L.L. 19/89 § 1.

Section one. Declaration of legislative intent and findings. The council finds that a significant amount of recyclable material that could be removed from the solid waste stream is needlessly discarded each year. The recovery and reuse of such recyclable material will: (1) minimize environmentally unsound solid waste disposal methods; (2) reduce the consumption of and the demand for scarce landfill capacity; (3) diminish the size and cost of the prosposed resource recovery program, thereby reducing the economic and environmental burdens of this program which include the management of potentially toxic residue; (4) reduce the quantity of heavy metal, such as lead and cadmium, in the waste stream; and (5) aid in the conservation of vital natural resources and energy. The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 1 SHORT TITLE, POLICY AND DEFINITIONS

§ 16-302 Declaration of policy.

It is hereby declared to be the public policy of the city to reduce environmental pollution and dangers to health, to decrease the demand for scarce landfill space, to minimize the size and cost of the proposed resource recovery program, and to encourage the conservation of valuable natural resources and energy. It is the policy of the city to promote the recovery of materials from the New York city solid waste stream for the purpose of recycling such materials and returning them to the economy. This chapter shall be liberally construed in order to effectuate the purposes set forth in this section.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 1 SHORT TITLE, POLICY AND DEFINITIONS

§ 16-303 Definitions.

When used in this chapter:

a. "Buy-back center" means a recycling center that purchases and may otherwise accept recyclable materials from the public for the purpose of recycling such materials.

b. "Department-collected solid waste" means all solid waste that the department and its contractors collect and all solid waste that the department receives for free disposal.

c. "Department-disposed of solid waste" means all solid waste, including department-collected solid waste, disposed of at a department landfill, incinerator, resource recovery facility or other waste disposal facility owned, operated or used by the department.

d. "Drop-off center" means a recycling center that accepts and may otherwise purchase recyclable materials from the public for the purpose of recycling such materials.

e. "Household" means a single dwelling or a residential unit within a multiple dwelling, hotel, motel, campsite, ranger station, public or private recreation area, or other residence.

f. "Post-collection separation" means the dividing of solid waste into some or all of its component parts after the

point of collection.

g. "Post-consumer material" means only those products generated by a business or a consumer which have served their intended end uses, and which have been separated or diverted from solid waste for the purposes of collection, recycling and disposition.

h. "Private carter" means any person required to be licensed or permitted pursuant to subchapter eighteen of chapter two of title twenty of this code.

i. "Recyclable materials" means solid waste that may be separated, collected, processed, marketed and returned to the economy in the form of raw materials or products, including but not limited to types of metal, glass, paper, plastic, food waste, tires and yard waste.

j. "Recycled" or "recycling" means any process by which recyclable materials are separated, collected, processed, marketed and returned to the economy in the form of raw materials or products.

k. "Recycling center" means any facility operated to facilitate the separation, collection, processing or marketing of recyclable materials for reuse or sale.

l. "Recycling district" means any borough or smaller geographic area the commissioner deems appropriate for the purpose of implementing this chapter.

m. "Secondary materials" means any material recovered from or otherwise destined for the waste stream, including but not limited to, post-consumer material, industrial scrap material and overstock or obsolete inventories from distributors, wholesalers and other companies, but such term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

n. "Solid waste" means all putrescrible and non-putrescible materials or substances, except as described in paragraph three of this subdivision, that are discarded or rejected as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection, including but not limited to garbage, refuse, industrial and commercial waste, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, discarded automobiles and offal.

1. A material is discarded if it is abandoned by being:

i. disposed of;

ii. burned or incinerated, including being burned as a fuel for the purpose of recovering useable energy; or

iii. accumulated, stored, or physically, chemically or biologically treated (other than burned or incinerated) instead of or before being disposed of.

2. A material is disposed of if it is discharged, disposited, injected, dumped, spilled, leaked, or placed into or on any land or water so that such material or any constituent thereof may enter the environment or be emitted into the air or discharged into groundwater or surface water.

3. The following are not solid waste for the purpose of this chapter:

i. domestic sewage;

ii. any mixture of domestic sewage and other wastes that passes through a sewer system to a publicly owned treatment works for treatment, except any material that is introduced into such system in order to avoid the provisions of this chapter or the state regulations promulgated to regulate solid waste management facilities pursuant to 6 NYCRR

Part 360;

iii. industrial wastewater discharges that are actual point source discharges subject to permits under article seventeen of the environmental conservation law; industrial wastewaters while they are being collected, stored, or treated before discharge and sludges that are generated by industrial wastewater treatment are solid wastes;

iv. irrigation return flows;

v. radioactive materials that are source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended, 42 U.S.C. § 2011 et seq.

vi. materials subject to in-situ mining techniques which are not removed from the ground as part of the extraction process;

vii. hazardous waste as defined in section 27-0901 of the environmental conservation law; and

viii. regulated medical waste or other medical waste as described in section 16-120.1 of this title.

o. "Source separation" means the dividing of solid waste into some or all of its component parts at the point of generation.

p. "Yard waste" means leaves, grass clippings, garden debris, vegetative residue that is recognizable as part of a plant or vegetable, small or chipped branches, and similar material.

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-304 Department-disposed of solid waste.

The commissioner shall within nine months of the effective date of this chapter establish and implement programs to ensure that the amount of department-disposed of solid waste is reduced or recycled by at least:

a. one thousand four hundred thirty tons per day by the end of the first year following the enactment date of this chapter and during the year thereafter;

b. two thousand eight hundred seventy tons per day by the end of the second year following the enactment date of this chapter and during the year thereafter;

c. four thousand three hundred tons per day by the end of the third year following the enactment date of this chapter and during the year thereafter;

d. five thousand seven hundred forty tons per day by the end of the fourth year following the enactment date of this chapter and during the year thereafter; and

e. seven thousand one hundred eighty tons per day by the end of the fifth year following the enactment date of this chapter and during the year thereafter.

These programs may be designed to increase private sector or residential recycling, to increase the return and

recycling of containers under the New York State returnable container law, to implement waste reduction or reuse measures, or to export waste for the purpose of recycling. The waste reduction and recycling requirements of this section shall include all the solid waste that is recycled pursuant to the recycling requirements of section 16-305 of this chapter, but shall not include the reduction or recycling of ash or residue from resource recovery facilities, or the reduction or recycling of sludges from air or water treatment facilities. For the purpose of this section, "day" shall mean each working day in a three hundred sixty-five day calendar year. Should the level of recycling exceed the minimum quantities required in this section, the council may review the original mandate and increase the minimum requirements.

Section one. Declaration of legislative intent and findings. The council finds that a significant amount of recyclable material that could be removed from the solid waste stream is needlessly discarded each year. The recovery and reuse of such recyclable material will: (1) minimize environmentally unsound solid waste disposal methods; (2) reduce the consumption of and the demand for scarce landfill capacity; (3) diminish the size and cost of the prosposed resource recovery program, thereby reducing the economic and environmental burdens of this program which include the management of potentially toxic residue; (4) reduce the quantity of heavy metal, such as lead and cadmium, in the waste stream; and (5) aid in the conservation of vital natural resources and energy. The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-305 Department-collected solid waste.

a. The commissioner shall, within nine months of the effective date of this chapter, adopt and implement regulations designating at least six recyclable materials, including yard waste to the extent required in section 16-308 of this chapter, contained in department-collected solid waste and requiring households to source separate the designated materials to ensure that the department and its contractors recycle at least:

1. seven hundred tons per day by the end of the first year following the enactment date of this chapter and during the year thereafter;

2. one thousand four hundred tons per day by the end of the second year following the enactment date of this chapter and during the year thereafter;

3. two thousand one hundred tons per day by the end of the third year following the enactment date of this chapter and during the year thereafter;

4. three thousand four hundred tons per day by the end of the fourth year following the enactment date of this chapter and during the year thereafter; and

5. four thousand two hundred fifty tons per day by the end of the fifth year following the enactment date of this

chapter and during the year thereafter.

At the start of the second, third, fourth and fifth years following the enactment date of this chapter, the tonnage requirements of this section shall be increased by the average annual percentage increase in solid waste that the department and its contractors collected from households and institutions and solid waste that the department received for free disposal in the two previous consecutive fiscal years. The solid waste that the department and its contractors are required to recycle pursuant to this subdivision shall include department-collected solid waste recycled pursuant to this subdivision, city agency waste recycled pursuant to section 16-307, yard waste collected by the department and composted pursuant to section 16-308, Christmas trees collected by the department and composted or recycled pursuant to section 16-309, and batteries and tires collected pursuant to section 16-310 that are recycled, but shall not include containers returned pursuant to the New York State returnable container law, commercial solid waste removed and recycled by private carters, reduction or recycling of ash or residue from resource recovery facilities, or reduction or recycling of sludges from air or water treatment facilities. For the purpose of this subdivision, "day" shall mean each working day in a three hundred sixty-five day calendar year. Should the level of recycling exceed the minimum quantities required in this subdivision, the council may review the original mandate and increase the minimum requirements.

b. The commissioner shall, within nine months of the effective date of this chapter, adopt and implement regulations establishing procedures requiring the placement of the designated materials at the curbside in specialized containers, or in any other manner the commissioner determines, to facilitate the collection of such materials in a manner that enables them to be recycled.

c. The commissioner may stagger the source separation and collection of the designated recyclable materials, with the exception of yard waste, provided that the recycling of the materials that are source separated and collected shall be sufficient to achieve the recycling levels required in this section, and that all the designated materials shall be source separated and collected within four and one-half years of the effective date of this chapter.

d. In establishing the schedule by which residential source separation shall commence, the commissioner may stagger the commencement dates for different recycling districts. Any such staggered schedule shall provide that at least one-third of all households shall be subject to source separation within one year of the effective date of this chapter; at least two-thirds of all households shall be subject to source separation within three years of the effective date of this chapter; and all households shall be subject to source separation within four and one-half years of the effective date of this chapter.

e. Within any recycling district, the commissioner may exempt residential generators from the source separation requirement of this section if the department employs alternative recycling methods, including but not limited to the use of buy-back centers, drop-off centers, or post-collection separation devices, provided that participation in any alternative methods is sufficient to achieve for the recycling district a percentage of the recycling requirement in this section at least equal to the percent of the citywide department-collected solid waste that is collected within the district. The commissioner shall not exempt residential generators from the source separation requirement of this section unless he or she determines that for the recycling districts source separation cannot otherwise achieve the recycling levels required in this section.

f. Where the department provides solid waste collection services to a building containing nine or more dwelling units, the commissioner shall, within nine months of the effective date of this chapter, adopt and implement regulations requiring the owner, net lessee or person in charge of such building to:

1. provide for the residents a designated area and, where appropriate, containers in which to accumulate the source separated or other designated recyclable materials to be collected by the department;

2. notify all residents of the requirements of this chapter and the regulations promulgated pursuant thereto; and

3. remove non-designated materials from the containers of designated source separated recyclable materials before such containers are placed at the curbside for collection and ensure that the designated materials are placed at the curbside in the manner prescribed by the department.

With respect to solid waste generated by households in the aforesaid buildings, the obligations of an owner or a net lessee under this local law shall be limited to those set forth in this subdivision and subdivisions b and g of this section.

g. Eighteen months from the enactment of this chapter, the commissioner shall adopt and implement regulations for any building containing nine or more dwelling units in which the amount of designated materials placed out for collection is significantly less than what can reasonably be expected from such building. These regulations shall require residential generators, including tenants, owners, net lessees or persons in charge of such building to use transparent bags or such other means of disposal the commissioner deems appropriate to dispose of solid waste other than the designated recyclable materials. Upon request of the owner, net lessee or person in charge of such building, and if the commissioner determines that such owner, net lessee or person in charge has complied with this subdivision and subdivision f of this section and that the amount of designated materials placed out for collection remains significantly less than what can reasonably be expected from such building, the department shall develop a schedule to conduct random inspections to facilitate compliance with the provisions of this chapter by tenants of such building, provided that lawful inspections may occur at reasonable times without notice to ensure compliance by the tenants, owner, net lessee or person in charge of such building.

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-305.1 Weekly collection of designated recyclable materials.

a. Weekly collection of designated recyclable materials shall be maintained in all local service delivery districts.

b. Effective July first, two thousand three, and notwithstanding any inconsistent provision of this chapter, the department shall be authorized, by written order of the commissioner, to implement and maintain alternate week collection of designated recyclable materials in all local service delivery districts, provided that the department may, by written order of the commissioner, provide for more frequent collection of designated recyclable materials in designated local service delivery districts. Any such written order of the commissioner implementing alternate week collection shall expire no later than March thirty-first, two thousand four.

c. For purposes of this section "designated recyclable materials" shall mean solid waste that has been designated by the commissioner as recyclable pursuant to section 16-305 or section 16-307 of this chapter.

d. Nothing in this section shall be construed to require collection of designated recyclable materials in such parts of the city or during such times of the year that such materials are not otherwise collected.

Title 16 Sanitation

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-306 Private carter-collected waste.

a. The commissioner shall adopt and implement rules designating recyclable materials that constitute in the aggregate at least one-half of all solid waste collected by private carters, and additional materials if the commissioner determines that economic markets exist for them. Pursuant to subdivision b of this section, such rules shall require generators of private carter-collected waste to source separate some or all of the designated materials and to arrange for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials. With regard to designated materials that are not required by such rules to be source separated, generators of private carter-collected waste may source separate these designated materials and, in any event, shall arrange for their lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters. If a generator or private carter-collected waste has source separated the designated materials in accordance with the rules and arranged for the lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials and, with regard to designated materials that are not required by such rules to be source separated, arranged for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters, such arrangement shall constitute an affirmative defense to any proceeding brought against the generator pursuant to section 16-324 of this chapter.

b. The rules promulgated pursuant to subdivision a of this section shall require that generators of waste collected by businesses required to be licensed pursuant to section 16-505 of this code source separate the designated materials in such manner and to such extent as the commissioner determines to be necessary to minimize contamination and

maximize the marketability of such materials. However, in promulgating such rules the commissioner shall not require source separation of a material unless the commissioner has determined that an economic market exists for such material. For the purpose of this section, the term "economic market" refers to instances in which the full avoided costs of proper collection, transportation and disposal of source separated materials are equal to or greater than the cost of collection, transportation and sale of said materials less the amount received from the sale of said materials. The New York city trade waste commission shall adopt and implement rules requiring businesses licensed to remove, collect or dispose of trade waste to provide for the collection of, and ensure the continued separation of, designated materials that have been source separated, provide for the separation of all other designated materials, and provide for recycling of all the designated materials. Rules promulgated by the trade waste commission pursuant to this subdivision shall be enforced in the manner provided in section 16-517 of this code and violations of such rules shall be subject to the penalties provided in subdivision a of section 16-515 of this code for violation of the provisions of chapter 16-A. In addition, the commissioner shall have the authority to issue notices of violation for any violation of such rule and such notices of violation shall be returnable in a civil action brought in the name of the commissioner before the environmental control board which shall impose a penalty not to exceed ten thousand dollars for each such violation.

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-308 Yard waste.

a. Within eighteen months of the effective date of this chapter, the commissioner shall provide for the source separation, collection and composting of department-collected yard waste, with the exception of yard waste generated by the department of parks and recreation, any other city agency that generates a substantial amount of yard waste, or any person under contact with the department of parks and recreation or any other city agency, generated within designated areas of the city in which a substantial amount of yard waste is generated from October 15 to November 30 of each year, unless the generator otherwise provides for recycling or storage for composting or mulching. The commissioner may construct and operate one or more composting facilities, or utilize the services of other facilities.

b. Within thirty-six months of the effective date of this chapter, the commissioner shall provide for the source separation, collection and composting of department-collected yard waste generated within designated areas of the city in which a substantial amount of yard waste is generated from March 1 to July 31 and September 1 to November 30 of each year, unless the generator otherwise provides for recycling or storage for composting or mulching. The commissioner may construct and operate one or more composting facilities, or utilize the services of other facilities.

c. Within eighteen months of the effective date of this chapter, the department of parks and recreation or any other city agency that generates a substantial amount of yard waste shall provide for the source separation, collection and composting of yard waste generated by the department of parks and recreation, any other city agency that generates a substantial amount of yard waste, or any person under contract with the department of parks and recreation or any

other city agency.

d. Within eighteen months of the effective date of this chapter, no landfill, incinerator or resource recovery facility owned, operated or used by the department shall accept for final disposal from October 15 to November 30 of each year truckloads primarily composed of yard waste, except that composted yard waste may be used as part of the final vegetative cover for a department landfull.

e. Within thirty-six months of the effective date of this chapter, no landfill, incinerator or resource recovery facility owned, operated or used by the department shall accept for final disposal from March 1 to July 31 and September 1 to November 30 of each year truckloads primarily composed of yard waste, except that composted yard waste may be used as part of the final vegetative cover for a department landfill.

f. All city agencies responsible for the maintenance of public lands shall to the maximum extent practicable and feasible give preference to the use of compost materials derived from the city's solid waste in all land maintenance activities.

g. Generators of yard waste, except those identified in subdivision h of this section, shall separate, tie, bundle, or place into paper bags, or rigid containers, in accordance with rules promulgated by the commissioner, any yard waste set out for collection by the department pursuant to subdivision b of this section. The commissioner shall notify all residents in districts that receive yard waste collection by the department of such pre-collection procedures, and undertake any other action necessary to effectuate the purposes of this subdivision.

h. No person engaged in a business that generates yard waste, shall leave such yard waste for collection by the department, or disperse such yard waste in or about the curb or street. Any person engaged in a business that generates yard waste shall be required to collect and dispose of such yard waste at a permitted composting facility; provided, however, that if the department, by written order of the commissioner, determines that there is insufficient capacity at permitted composting facilities within the city of New York or within ten miles of the borough in which any such person generates yard waste, then such yard waste may be disposed of at any appropriately permitted solid waste management facility.

§ 16-311 Recycling centers.

a. The commissioner shall, within eighteen months of the effective date of this chapter, develop and establish or support the development and establishment of not less than ten recycling centers. Such recycling centers shall be strategically sited and of sufficient size and number to provide for the recycyling of all recyclable materials required to be recycled by the department and its contractors pursuant to section 16-305 of this chapter. The commissioner may utilize and include among the required number of recycling centers, recycling centers in existence before the effective date of this chapter, and where necessary the commissioner may provide for the expansion of such existing centers. The commissioner shall evaluate the feasibility of utilizing existing recycling centers in determining the need to establish city owned or operated centers. Notwithstanding the requirement for not less than ten recycling centers, the commissioner may utilize less than ten recycling centers if the recycling centers have the combined capacity to process all the material required to be recycled pursuant to section 16-305 of this chapter.

b. The commissioner shall establish or ensure that there exists at least one buy-back center in each borough. For economic development purposes, these buy-back centers shall be sited so that they are accessible to all residents, including residents of low income neighborhoods. The commissioner may include these buy-back centers among the recycling centers required under this section. The commissioner shall not include material from commercial generators which is processed for recycling at these and all other buy-back centers in the solid waste required to be reduced or recycled pursuant to section 16-305.

c. Recycling centers may be owned, operated, or funded by the city, any agency of the city, any person, or a public-private joint venture.

d. The commissioner may provide financial or other assistance to recycling centers in existence before and after the effective date of this chapter, upon a determination that such assistance will further the purposes of this chapter.

e. To the extent feasible, the commissioner shall ensure that all recycling centers established after the effective date of this chapter shall be sited to encourage the use of existing rail or shipping facilities, upon a determination that such siting will further the purposes of this chapter.

Section one. Declaration of legislative intent and findings. The council finds that a significant amount of recyclable material that could be removed from the solid waste stream is needlessly discarded each year. The recovery and reuse of such recyclable material will: (1) minimize environmentally unsound solid waste disposal methods; (2) reduce the consumption of and the demand for scarce landfill capacity; (3) diminish the size and cost of the prosposed resource recovery program, thereby reducing the economic and environmental burdens of this program which include the management of potentially toxic residue; (4) reduce the quantity of heavy metal, such as lead and cadmium, in the waste stream; and (5) aid in the conservation of vital natural resources and energy. The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

SUBCHAPTER 2 CITYWIDE RECYCLING PROGRAM

§ 16-315 Notice, education and research programs.

a. In addition to the notice requirements of section one thousand forty-three of chapter forty-five of the charter, within thirty days of the effective date of any regulations promulgated pursuant to this chapter, and as frequently thereafter as the commissioner deems necessary, the department shall notify all community boards and persons occupying residential, commercial and industrial premises affected by the regulations, of the requirements of the regulations, by placing advertisements in newspapers of citywide, borough-wide and community circulation, posting notices in public places where such notices are customarily placed, and, in the commissioner's discretion, employing any other means of notification deemed necessary and appropriate.

b. Within twelve months of the effective date of this chapter, the department shall develop and implement an educational program, in conjunction with the board of education, private schools, labor organizations, businesses, neighborhood organizations, community boards, and other interested and affected parties, and using flyers, print and electronic advertising, public events, promotional activities, public service announcements, and such other techniques as the commissioner determines to be useful, to assure the greatest possible level of compliance with the provisions of this chapter. The educational program shall encourage waste reduction, the reuse of materials, the purchase of recyclable products, and participation in city and private recycling activities.

c. The department shall perform such research and development activities, in cooperation with other city agencies, and public and private institutions, as the commissioner determines to be helpful in implementing the city's

recycling program. Such research shall include, but not be limited to, investigation into the use of cooperative marketing programs, material recovery facilities, recycling as an economic development tool, export promotion, tax credits and exemptions for market promotion.

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 3 RECYCLING PLAN

§ 16-316 Recycling plan.

a. The commissioner shall, within twelve months of the effective date of this chapter, prepare and submit to the mayor, the council and the citywide board created under section 16-319 of this chapter a preliminary citywide recycling plan. The commissioner shall, within eighteen months of the effective date of this chapter, prepare and submit to the mayor, the council and the citywide board a citywide recycling plan and each year thereafter the commissioner shall submit to such parties an updated plan. The preliminary plan, the plan and each updated plan shall include, but need not be limited to:

1. a waste composition analysis that identifies the quantity and composition of the city's solid waste by recycling district;

2. annual recycling and reduction goals equal to or exceeding the mandatory minimum levels of sections 16-304 and 16-305, including the quantity and composition of recyclable materials to be collected, processed, marketed and sold by recycling district;

3. a five-year strategy for collecting, processing, marketing and selling the designated recyclable materials, and disposing of residual, non-recyclable solid waste, taking into account persons engaged in the business of recycling or persons otherwise providing recycling services before the effective date of this chapter. Such strategy may be based upon the results of the waste composition analysis performed pursuant to paragraph one of this subdivision or

information obtained in the course of past collection of solid waste by the department, and may include recommendations with respect to increasing the number of materials designated for recycling pursuant to sections 16-305, 16-306 or 16-307 of this chapter;

4. comprehensive and up-to-date lists of large-scale generators of recyclable materials within the city and potential purchasers of recyclable waste material both within the city and in other locations;

5. a comprehensive analysis of all appropriate department properties and facilities to determine their feasibility as recycling centers;

6. proposed methods and programs to achieve a reduction in the city's solid waste stream, including but not limited to identifying materials the use of which should be regulated or limited based upon their incompatibility with recycling;

7. recommended revisions and an evaluation of the feasibility and effectiveness of such revisions to the building code of the city of New York, chapter one of title twenty-seven of this code, prepared in conjunction with the department of buildings, requiring newly constructed buildings and buildings undergoing specified alterations to contain storage space, devices or mechanisms that facilitate source separation and storage of the recyclable materials designated pursuant to sections 16-305 and 16-306 and that enable the department efficiently to collect, process, market and sell the designated materials; in preparing such recommendations, the commissioner and the commissioner of buildings shall evaluate the feasibility and effectiveness of requiring separate chutes to facilitate source separation in multi-family dwellings, storage areas that conform to fire and safety code regulations, and specialized storage containers;

8. to the extent feasible, proposals developed in consultation with the metropolitan transportation authority, the port authority of New York and New Jersey, the department of transportation, and the department of ports, international trade and commerce, to separate, collect and recycle recyclable materials, including but not limited to newspaper, that are discarded at transportation facilities, including subway, bus, railroad and ferry stations;

9. proposals developed in consultation with the board of education, the department of correction, health and hospitals corporation and other appropriate entities to separate, collect and recycle materials that are discarded at schools, jails, hospitals and other similar institutions throughout the city;

10. recommended product labeling requirements that would facilitate source separation and recycling of recyclable materials;

11. a proposal for an incentive program, including cash incentives, to encourage recycling participation;

12. an analysis of whether providing a reduced tipping fee for the disposal of residue that results from recycling activity in the private sector will enhance or increase private sector recycling;

13. an evaluation of the economic development benefits of alternative recycling methods and strategies;

14. a comparison of the economic costs of recycling to the economic costs of other disposal and waste management strategies, including but not limited to resource recovery incineration and export; such comparison shall include but not be limited to expense, capital and external costs;

15. a review of all regulations pertaining to solid waste collection and disposal to determine their compatibility with the provisions and goals of this chapter;

16. a report on and evaluation of any pending federal and state legislation on recycling, waste reduction or any other solid waste management issues;

17. a detailed report on the recycling activities of the department during the preceding year;

18. specific and detailed objectives for the activities and programs conducted and assisted under this chapter;

19. the commissioner's conclusions as to the effectiveness of such activities and programs in achieving these objectives and the purposes of this chapter;

20. a summary of outstanding recycling problems confronting the department in the order of priority;

21. recommendations with respect to legislation the commissioner deems necessary or desirable to assist in solving these recycling problems;

22. the commissioner's plans for recycling and reduction activities and programs during the next year; and

23. all other information required to be submitted to the council pursuant to any other provision of this chapter.

b. Within four years of the effective date of this chapter, the commissioner shall prepare and submit to the mayor, the council, each citizens' board and the citywide board, a detailed and comprehensive plan to achieve for New York city the New York State goal of forty percent recycling and eight to ten percent waste reduction by 1997.

§ 16-318 Functions of the citizens' board.

a. The department shall submit to each borough president the recycling plans prepared pursuant to section 16-316 of this chapter simultaneous with their submission to the mayor and the council. Each borough president shall distribute copies of the plans to each member of the citizens' board in his or her borough. Within ninety days thereafter, each citizens' board shall review the plans, conduct a public hearing on the plans and make written recommendations to its borough president, the department and the council with respect to the recycling program within its borough. Each citizens' board shall also annually advise its borough president and the department with respect to the development, promotion and operation of the recycling program in its borough and pursuant to this function shall formulate and recommend:

1. annual recycling and reduction goals equal to or greater than those set forth in sections 16-304 and 16-305 of this chapter and the methods proposed to achieve such goals;

2. means to encourage community participation in the recycling program; and

3. means to promote the recycling program and educate the public with regard to the program.

b. In each borough, the citizens' board shall assume all the responsibilities and functions of the borough's citizens' advisory committee on resource recovery.

§ 16-320 Functions of the citywide board.

The citywide board shall meet at least four times a year to discuss citywide recycling issues, including but not limited to budgetary issues. The citywide board shall annually review the department's recycling program and make recommendations to the mayor and the council concerning improvements to and changes in the program.

[Footnote 6]: * Chapter added L.L. 19/89 § 2, Note L.L. 19/89 § 1.

Section one. Declaration of legislative intent and findings. The council finds that a significant amount of recyclable material that could be removed from the solid waste stream is needlessly discarded each year. The recovery and reuse of such recyclable material will: (1) minimize environmentally unsound solid waste disposal

methods; (2) reduce the consumption of and the demand for scarce landfill capacity; (3) diminish the size and cost of the prosposed resource recovery program, thereby reducing the economic and environmental burdens of this program which include the management of potentially toxic residue; (4) reduce the quantity of heavy metal, such as lead and cadmium, in the waste stream; and (5) aid in the conservation of vital natural resources and energy. The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 4 RECYCLING ADVISORY BOARDS

§ 16-321 Disclosure requirements.

a. Whenever a person, other than a public servant, appointed to any advisory board created pursuant to this subchapter, engages in any business dealings with the department, or engages in business dealings with any other agency which relate to processing or disposal of solid waste or of waste described in paragraph three of subdivision m of section 16-303 of this chapter or to recycling, or has an interest in a firm which is engaged in such business dealings with the department or with such other agency, such person shall, prior to appointment, disclose the nature of such business dealings to the commissioner and to the body or officer appointing such person, and, after appointment, disclose the nature of such business dealings to the commissioner and to all other members of such board; provided that such person need not disclose the amount of such business dealings.

b. When used in this section:

1. "Advisory committee" means a committee, council, board or similar entity that is constituted to provide advice or recommendations to the city and which has no authority to take a final action on behalf of the city, to take any action that would have the effect of conditioning, limiting or requiring any final action by any other agency, or to take any action that is authorized by law.

2. "Agency" means a city, county, borough or other office, position, administration, department, division, bureau, board, commission, authority, corporation, advisory committee or other agency of government, the expenses of

which are paid in whole or in part from the city treasury, and shall include but not be limited to, the council, the offices of each elected official, the board of education, community school boards, community boards, the financial services corporation, the health and hospitals corporation, the public development corporation and the New York city housing authority, but shall not include any court or any corporation or institution maintaining or operating a public library, museum, botanical garden, arboretum, tomb, memorial building, aquarium, zoological garden or similar facility.

3. "Blind trust" means a trust in which a candidate for any advisory board created pursuant to this subchapter or a member of such board, or the spouse or unemancipated child of such candidate or member, has a beneficial interest, the holdings and sources of income of which such candidate or member and such spouse and unemancipated child have no knowledge, and the trustee of which shall have independent authority and discretion.

4. "Business dealings" means any transaction involving the sale, purchase, rental, disposition or exchange of any goods, services or property, and any performance of or litigation with respect to any of the foregoing, but shall not include any transaction involving the residence of any candidate for any advisory board created pursuant to this subchapter or of any member of such board, or any ministerial matter.

5. "City" means the city of New York and includes an agency of the city.

6. "Elected official" means a person holding office as mayor, comptroller, public advocate, borough president or member of the council.

7. "Firm" means a sole proprietorship, joint venture, partnership, corporation or any other form of enterprise, but shall not include a public benefit corporation or local development corporation.

8. "Interest" means an ownership interest in a firm or a position with a firm.

9. "Ministerial matter" means an administrative act that is carried out in a prescribed manner and which does not involve substantial personal discretion.

(10)*7 "Ownership interest" means an interest in a firm that is held by a candidate for any advisory board created pursuant to this subchapter, or by a member of such board, or by the spouse, domestic partner, or unemancipated child of such candidate or member, which exceeds five percent of the firm or an investment of twenty-five thousand dollars in cash or other form of commitment, whichever is less, or five percent or twenty-five thousand dollars of the firm's indebtedness, whichever is less, and any lesser interest in a firm when such candidate or member, or such spouse, domestic partner, or unemancipated child, exercises managerial control or responsibility regarding any such firm, but shall not include interests held in any pension plan, deferred compensation plan or mutual fund, the investments of which are not controlled by such candidate or member, or by such spouse, domestic partner, or unemancipated child, or in any blind trust that holds or acquires an ownership interest.

11. "Position" means a position in a firm, such as an officer, director, trustee, employee or any management position, or as an attorney, agent, broker or consultant to the firm, which does not constitute an ownership interest in the firm.

12. "Public servant" means all officials, officers and employees of the city, including members of community boards and members of advisory committees, except unpaid members of advisory committees shall not be public servants.

13. "Spouse" means a husband or wife of a candidate for any advisory board created pursuant to this subchapter or of a member of such board who is not legally separated from such candidate or member.

14. "Unemancipated child" means any son, daughter, step-son or step-daughter who is under the age of eighteen, unmarried and living in the household of a candidate for any advisory board created pursuant to this subchapter or of the

member of such board.

SUBCHAPTER 6 REGULATIONS SUBMITTED TO COUNCIL AND ENFORCEMENT

§ 16-324 Enforcement.

a. Any person who violates this chapter, except subdivision h of section 16-308 of this chapter, or any rule or regulation promulgated pursuant thereto shall be liable for a civil penalty recoverable in a civil action brought in the name of the commissioner or in a proceeding returnable before the environmental control board in an amount of twenty-five dollars for the first violation, fifty dollars for the second violation and one hundred dollars for the third and each subsequent violation, provided that the court before which such civil action is brought or such board may waive the penalty for the first violation upon a showing of good cause. A person committing a fourth and any subsequent violation within a period of six months shall be classified as a persistent violator and shall be liable for a civil penalty of five hundred dollars for each violation. For a persistent violation only, except where such violation occurs at a building of less than nine dwelling units, each container or bag containing solid waste that has not been source separated or placed out for collection in accordance with the regulations promulgated by the commissioner pursuant to this chapter shall constitute a separate violation, provided that no more than twenty separate violations are issued on a per bag or per container basis during any twenty-four hour period. Before issuing any further notice of violations to a persistent violator after the fourth violation within a period of six months, the commissioner shall give such violator a reasonable opportunity to correct the condition constituting the violation. Any person who violates subdivision h of section 16-308 of this chapter shall be liable for a civil penalty in the amount of two hundred fifty dollars for the first violation, one thousand dollars for the second violation within a period of twelve months from the first violation, and two thousand five hundred dollars for the third or subsequent violation within a period of twelve months from the first

violation.

b. Any notice of violation or notice of hearing for a violation issued to the owner or agent of a premises at which a violation of this chapter or any regulation promulgated pursuant thereto is alleged to have occurred shall be served by delivering a copy of the notice to the owner or agent at both the address maintained in the records of the department of buildings and the department of finance. The notice of violation or notice of hearing may be served by regular mail.

CHAPTER 3*6 SOLID WASTE RECYCLING

SUBCHAPTER 7 TEMPORARY EMERGENCY RECYCLING REQUIREMENTS*9

§ 16-325 Temporary emergency recycling requirements.

a. Notwithstanding any inconsistent provision of this chapter, the department shall be authorized, by written order of the commissioner, to suspend the collection of glass, plastic and beverage cartons as designated recyclable materials. Any such suspension with regard to glass shall take effect no earlier than July first, two thousand two and shall expire no later than March thirty-first, two thousand four. Any such suspension with regard to plastic and beverage cartons shall take effect no earlier than July first, two thousand two and shall expire no later than June thirtieth, two thousand three. During any period in which the collection of glass, plastic or beverage cartons as designated recyclable materials, is suspended pursuant to this subdivision, the department shall be authorized to collect the suspended recyclable materials with other non-recyclable solid waste.

b. Notwithstanding any inconsistent provision of this chapter, the department shall be authorized, by written order of the commissioner, to suspend the provisions of section 16-308 of this chapter. Any such suspension shall take effect no earlier than July first, two thousand three and shall expire no later than June thirtieth, two thousand four. During any period in which the provisions of section 16-308 of this chapter are suspended pursuant to this subdivision, the department shall be authorized to collect yard waste with other non-recyclable solid waste.

c. Notwithstanding any inconsistent provision of this chapter, during a period of suspension, the department shall only be required to maintain fiscal year two thousand two tonnage amounts for those recyclable materials whose collection has not been suspended. Upon expiration of any period of suspension, the department shall resume collection

of recyclable materials whose suspension has ended and shall be required to maintain fiscal year two thousand two tonnage amounts for those materials, unless other standards are agreed upon by the council and the mayor.

d. Notwithstanding any inconsistent provision of this chapter, the department shall not be required to designate additional recyclable materials during any period in which the collection of glass, plastic or beverage cartons as designated recyclable materials, or material designated pursuant to section 16-308 of this chapter, is suspended pursuant to subdivision a or b of this section.

e. The mayor and council shall create a temporary task force in order to develop a long term recycling plan in compliance with the provisions of this chapter. The task force shall be comprised of six mutually agreed upon appointees, three proposed by the mayor and three proposed by the speaker of the council. The task force shall meet on or before July fifteenth, two thousand two and monthly thereafter and issue a report to the mayor and speaker on February twenty-first, two thousand three. The task force shall examine and make recommendations that include steps necessary to improve the efficiency of source separation and collection of recyclable materials; appropriate recycling standards; the identification and development of markets for recyclable materials; the expansion of the New York State Returnable Container Act; and the development and implementation of strategies to educate residents on compliance with the recycling laws.

9

[Footnote 9]: * Subchap 7 added L.L. 11/2002 eff. July 1, 2002 and expiring June 30, 2004. Note provisions of such Local Law:

Section 1. Legislative findings and intent. The Council finds that the short term suspension of glass, plastic, and beverage cartons recycling is necessary at this time on an emergency basis due to the budget deficit arising out of the September 11 tragedy and the accompanying economic downturn. This temporary suspension does not change, amend, modify or repeal the goals or purposes of Local Law 19 of 1989. The Council reaffirms and reiterates its full declaration of legislative intent and findings of Local Law 19 of 1989.

The Council finds that the City is faced with a solid waste management crisis and must find innovative ways to reduce the amount of solid waste sent to out-of-state landfills. The Council declares its unyielding commitment to provide the residents of the City with an environmentally sound, efficient and viable recycling program. During this temporary suspension period, a joint task force will be created to develop a plan to implement a more environmentally sound, effective and viable recycling program. The Council finds that the Mayor and Council must work together to ensure that the recycling program removes as much recyclable material from the solid waste stream as possible.

. . . . . § 3. This local law shall take effect immediately and shall expire on June 30, 2004.

§ 16-326 Definitions.

For purposes of this subchapter, the following terms shall have the following meanings:

a. "Producer/Event Manager" means any person or entity hired by a sponsor to organize or manage a street event.

b. "Recyclable Materials" means metal cans, glass bottles and jars, plastic bottles and jugs, lightly-soiled aluminum foil and aluminum foil products, and any other material designated by the department for recycling at street events.

c. "Sponsor" means any person or entity that is required to apply for and obtain a street activity permit and that either organizes or manages a street event or hires a producer/event manager to organize or manage a street event.

d. "Street Event" means any street fair or festival on a public street where such activity may interfere with or obstruct the normal use by vehicular traffic of such street, but does not include street activities that occupy no more than one block for no more than one day where no licensed vendor participates.

SUBCHAPTER 8 SOLID WASTE AND RECYCLABLE MATERIALS AT STREET EVENTS*15

§ 16-327 Sponsor and producer/event manager responsibilities at street events.

a. Every producer/event manager shall ensure that solid waste and recyclable materials generated at a street event are properly disposed of or recycled.

b. 1. Every producer/event manager shall provide a sufficient number of public solid waste receptacles and public recycling receptacles for street events as determined by the department, provided that the producer/event manager shall place at least two receptacles within or near each intersection within the street event area, one for solid waste and one for recyclable materials.

2. Every producer/event manager shall regularly monitor all solid waste and recycling receptacles throughout the street event area in order to prevent spillage of solid waste and recyclable materials into the street and shall remove any solid waste that has been deposited into receptacles designated for recyclable materials and remove any recyclable materials that have been deposited into receptacles designated for solid waste.

3. Every producer/event manager shall bag and bundle separately and tie securely all accumulated solid waste and recyclable materials at the end of each day of the street event.

4. Every producer/event manager shall ensure that all bagged and bundled solid waste and recyclable materials are placed at a predetermined location designated by the department for collection.

c. Every sponsor and producer/event manager shall comply with all applicable rules governing street events, including, but not limited to, rules set forth in chapter fourteen of title sixteen of the rules of the city of New York, to the extent such rules are not inconsistent with the provisions of this subchapter.

d. The provisions of subdivisions a and b of this section shall apply to the sponsor when there is no producer/event manager.

The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

SUBCHAPTER 8 SOLID WASTE AND RECYCLABLE MATERIALS AT STREET EVENTS*15

§ 16-328 Penalties.

In addition to any other applicable penalties, any producer/event manager, or any sponsor when there is no producer/event manager, who violates subdivision a or b of section 16-327 of this subchapter shall be liable for a civil penalty of one hundred dollars for each such violation, except that a sponsor or producer/event manager shall not be liable for more than five hundred dollars per day or more than two thousand dollars per street event. Such civil penalties shall be recoverable in a proceeding returnable before the environmental control board.

[Footnote 6]: * Chapter added L.L. 19/89 § 2, Note L.L. 19/89 § 1.

Section one. Declaration of legislative intent and findings. The council finds that a significant amount of

recyclable material that could be removed from the solid waste stream is needlessly discarded each year. The recovery and reuse of such recyclable material will: (1) minimize environmentally unsound solid waste disposal methods; (2) reduce the consumption of and the demand for scarce landfill capacity; (3) diminish the size and cost of the prosposed resource recovery program, thereby reducing the economic and environmental burdens of this program which include the management of potentially toxic residue; (4) reduce the quantity of heavy metal, such as lead and cadmium, in the waste stream; and (5) aid in the conservation of vital natural resources and energy. The enactment by the State legislature of the Solid Waste Management Act of 1988 has created the need for the city to demonstrate its long-term commitment to effective waste management and requires the city to enact appropriate legislation. The council declares that the measures taken by the city must establish the most environmentally sound and economically desirable waste reduction, recycling and reuse programs possible and should be consistent with or surpass the reduction, recycling and reuse goals established by New York State.

Accordingly, the council finds that to achieve these goals, it would be appropriate to establish a mandatory citywide waste recovery and recycling program, to create a recycling program that provides opportunities for everyone in the city to recycle, to ensure a varied and comprehensive citywide recycling program that may include source separation, drop-off centers, buy-back centers, post-collection separation facilities and other recycling centers, to promote and increase the demand for recycled goods by all consumers including the city and its contractors, to encourage and support the use of the resources and skills of local existing and newly established recycling businesses, and local community organizations and members in effectuating a recycling program, and to create a program that provides employment opportunities for unskilled workers and handicapped persons.

12

[Footnote 12]: * Chapter 4 added L.L. 97/2005 § 2, eff. Dec. 1, 2006. Heading provided by Editor. Note further provisions:

Section 1. Declaration of legislative intent and findings. The Council finds and declares that the presence of toxic metals in discarded rechargeable batteries is a matter of great concern in light of their adverse effect on groundwater quality when disposed of in landfills and their presence in emissions or residual ash when incinerated at a resource recovery facility; that cadmium, lead and mercury found in rechargeable batteries, on the basis of available scientific and medical evidence, are of particular concern; that it is desirable to reduce the

toxicity of waste materials in the solid waste streams directed to resource recovery and sanitary landfill facilities; that the removal of used rechargeable batteries containing high levels of cadmium, lead or mercury from the solid waste stream can have a significant beneficial impact on the quality of the emissions and residual ash resulting from the incineration of solid waste at resource recovery facilities, and on groundwater quality in those regions where solid waste is disposed at sanitary landfill facilities; and that the most effective and appropriate method to promote the reduction of toxic metals from rechargeable battery disposal is to require the battery industry to accept the financial responsibility for the environmentally sound collection, transportation and recycling or proper disposal of discarded rechargeable batteries.

The Council therefore determines that it is in the public interest of the city of New York to maximize the removal of used rechargeable batteries from the solid waste stream by banning the disposal of used rechargeable batteries from the solid waste stream and requiring manufacturers of rechargeable batteries to take back and recycle the used rechargeable batteries that are sold or disposed of in the city of New York.

This law is purposefully structured to fit into current rechargeable battery initiatives, especially the Rechargeable Battery Recycling Corporation's call2recycle program. This program currently uses volunteer retailers, and provides them with collection boxes with pre-paid postage that can be mailed directly to existing recycling centers, to collect and recycle rechargeable batteries and cell phones of all varieties. The program also does public outreach and advertising to increase its recycling rates. The program is paid for by over 350 manufacturers and marketers of products that use rechargeable batteries and has over 37,000 participating retail partners, including approximately 350 retailers throughout the city, such as Radio Shack, Home Depot and Verizon Wireless. The Council finds that making this existing voluntary program mandatory would strengthen its effectiveness in the city of New York.

Title 16 Sanitation

CHAPTER 4 [RECHARGEABLE BATTERIES; RECYCLING PROGRAM*]12

§ 16-403 Definitions.

When used in this chapter:

a. "Battery manufacturer" means every person, firm or corporation that: (i) produces rechargeable batteries sold or distributed in the city of New York, or packages such batteries for sale in the city of New York, except that if such production or packaging is for a distributor having the right to produce or otherwise package that same brand of battery in the city of New York, then such distributor shall be deemed to be the battery manufacturer; or (ii) imports rechargeable batteries into the United States that are sold or distributed in the city of New York.

b. "Consumer" means any person who purchases one or more rechargeable batteries, or products containing such batteries at the time of sale, for personal use.

c. "Place of business" means the location at which a retailer sells or offers for sale to consumers, rechargeable batteries, or products containing such batteries at the time of sale.

d. "Rechargeable battery" means any rechargeable nickel-cadmium, sealed lead, lithium ion, nickel metal hydride battery, or any other such dry cell battery capable of being recharged weighing less than twenty-five pounds, or battery packs containing such batteries, but shall not include a battery used as the principal electric power source for a vehicle, such as, but not limited to, an automobile, boat, truck, tractor, golf cart or wheelchair, for storage of electricity generated by an alternative power source, such as solar or wind-driven generators, or for memory backup in an electronic device.

e. "Retailer" means a person, firm or corporation that engages in the sale of rechargeable batteries, or products containing such batteries, to a consumer in the city of New York, including, but not limited to, transactions conducted through sales outlets, catalogs, by mail, telephone or the internet. For the purposes of this section retailer shall not include a "food store".

f. "Food Store" means a store selling primarily food and food products for consumption or use off the premises that occupies less than 14,000 square feet of display space.

Title 16 Sanitation

CHAPTER 4 [RECHARGEABLE BATTERIES; RECYCLING PROGRAM*]12

§ 16-405 Rechargeable battery recycling program.

a. Rechargeable batteries shall be returned to a retailer that sells such batteries that are similar in shape, size and function to those to be disposed of. Rechargeable batteries contained in electronic products must be removed prior to disposal of such product.

1. Retailers having a place of business in the city of New York shall accept from consumers at any time during normal business hours rechargeable batteries of a similar size and shape as the retailer offers for sale. Retailers shall take up to ten such batteries per day from any person regardless of whether such person purchases replacement batteries, and retailers shall also accept as many such batteries as a consumer purchases from the retailer. Retailers shall conspicuously post and maintain, at or near the point of entry to the place of business, a legible sign, not less than 8 $^{1}/_{2}$ inches by 11 inches in size, stating that used rechargeable batteries of the size and shape sold or offered for sale by the retailer may not enter the solid waste stream, and that the retail establishment is a collection site for recycling such batteries. Such sign shall state the following in letters at least one-inch in height: "It is illegal to dispose of rechargeable batteries in the city of New York as solid waste. We accept used rechargeable batteries for return to the manufacturer."

2. Retailers that sell rechargeable batteries to consumers in the city of New York through non-retail outlets such as through catalogs, or by mail, telephone or the internet shall provide at the time of purchase or delivery to the consumer notice of an opportunity to return used rechargeable batteries at no cost to the consumer for reuse or reycling.

3. Retailers in the city of New York shall conspicuously maintain, at a location within the retail establishment convenient for use by consumers, collection boxes or other suitable receptacles, supplied by the manufacturer, into which consumers may deposit used rechargeable batteries.

b. Every battery manufacturer, or any combination of battery manufacturers working together, shall, at the battery manufacturer's own expense, arrange for the return of, and recycle, all used rechargeable batteries collected by retailers. Battery manufacturers shall be responsible for, at a minimum, the following:

1. Every battery manufacturer, or any combination of battery manufacturers working together, shall, within six months of the passage of this law, submit a plan to the commissioner, or any other person responsible for the city of New York's recycling programs, that identifies the methods by which battery manufacturers will collect, transport, and recycle rechargeable batteries collected by retailers at the expense of the battery manufacturer.

2. Every battery manufacturer, or any combination of battery manufacturers working together, shall submit annual reports concerning the amount of rechargeable batteries received and recycled within the city of New York, either by number or by weight; the costs of such efforts; and any other relevant information to the commissioner or any other person responsible for the city of New York's recycling programs.

3. Every battery manufacturer, or any combination of battery manufacturers working together, shall undertake efforts to educate the citizens of the city of New York regarding the appropriate ways to recycle rechargeable batteries.

c. The commissioner, or any other person responsible for the city of New York's recycling programs, shall approve or reject any battery manufacturer's collection, transportation, and recycling plans described in paragraph one of subdivision (b) of this section within thirty days of submission and, if rejected, inform the battery manufacturer in writing as to any deficiencies in the plan. Battery manufacturers shall amend and resubmit any rejected plans for reconsideration within sixty days of notification of the rejection of said plan. The commissioner or any other person responsible for the city of New York's recycling programs shall approve or reject said plan within thirty days of resubmission.

d. The commissioner, or any other person responsible for the city of New York's recycling programs, shall analyze the information provided by battery manufacturers pursuant to paragraph two of subdivision (b) of this section and report to the Mayor and the City Council every two years.

e. The commissioner, or any other person responsible for the city of New York's recycling programs, shall promulgate any rules needed to implement this law.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-420 [Short title.]

This local law shall be known and may be cited as the "Electronic Equipment Collection, Recycling and Reuse Act".

**HISTORICAL NOTE**

Section added L.L. 13/2008 § 2, eff. Apr. 1, 2008. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 13/2008:

Section 1. Declaration of legislative findings and intent. The Council finds that electronic waste represents one of the fastest growing and most hazardous components of the City of New York's waste stream. It is estimated that, based upon national data, less than 10% of the city's electronic waste is currently being recycled. According to the United States Environmental Protection Agency ("EPA"), more than 2.6 million tons of computers, television sets and other electronic waste were discarded in the United States during 2005. The EPA also estimates that there are hundreds of millions of pieces of electronic waste being stockpiled in homes and businesses.

Electronic waste contains many toxic substances that include known or probable human carcinogens that have been identified by the EPA, European Union and municipal and state Departments of Health throughout the country. An average television set with a traditional cathode ray tube contains as much as five to seven pounds of lead, and an

average computer terminal contains four pounds of lead as well as smaller amounts of mercury and cadmium. The improper disposal of this waste therefore poses a threat to human health and the environment. Indeed, according to the EPA, as much as 70% of heavy metals contained in landfills, including lead, mercury and cadmium, originates from electronic waste. The incineration of electronic waste can lead to increased mercury, lead and other toxic airborne emissions.

There are direct environmental and public health consequences for New York City residents and workers from the improper handling and disposal of electronic waste. For example, the regional incineration of electronic waste poses a direct threat to the city's air quality and the health of its residents.

The Council finds that there is currently no comprehensive system for managing the growing problem of electronic waste in the City of New York. The Council further finds that the establishment of a system to provide for the collection, handling and recycling or reuse of electronic equipment in this city is consistent with its duty to protect the health, safety and welfare of its citizens; enhance and maintain the quality of the environment; and help prevent air, water and land pollution. The Council further finds that such a system is consistent with New York State's overall solid waste management policy, including its intent to pursue and implement an integrated approach to solid waste management and to aggressively promote waste reduction, reuse and recycling as the preferred methods of waste management.

The purpose of this chapter is to establish an electronics recycling system that ensures the safe and environmentally sound handling, recycling, or reuse of electronic equipment. In addition, it is the purpose of this chapter to establish an electronics recycling and reuse collection system that is convenient and minimizes costs to consumers of electronic equipment and to the City. The Council further finds that by encouraging convenient and environmentally sound collection of electronic waste, this chapter would reduce the environmental and health costs associated with electronic equipment that is discarded along with ordinary waste.

The Council finds that the manufacturers of electronic equipment should reduce and, to the maximum extent feasible, ultimately phase out the use of hazardous materials in electronic products. The Council further finds that primary responsibility for the collection, handling and recycling or reuse of electronic equipment belongs to manufacturers. Currently, manufacturers of electronic equipment are required to bear none of the financial burden or responsibility for safely managing discarded electronic equipment at the end of its useful life, burdening local governments and end users with these costs and responsibilities. Manufacturers of electronic equipment, in working to achieve the goals and objectives of this chapter, should have the flexibility to act in partnership with each other, the city and businesses that provide collection and handling services to develop, implement and promote a safe and effective electronics recycling system.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-421 Definitions.

As used in this chapter:

a. "Brand name" means a manufacturer's name, brand designation, make or model name or number, or other nomenclature by which covered electronic equipment is offered for sale by a manufacturer.

b. "Cathode ray tube" means a vacuum tube or picture tube used to convert an electronic signal into a visual image.

c. "Computer" means an electronic, magnetic, optical, electrochemical or other high-speed data processing device performing a logical, arithmetic or storage function, and may include both a computer central processing unit and a monitor; but such term shall not include an automated typewriter or typesetter, a portable hand-held calculator, a portable digital assistant, or other similar device.

d. "Covered electronic equipment" means any computer central processing unit; cathode ray tube; cathode ray tube device; keyboard; electronic mouse or similar pointing device; television; printer; computer monitor, including but not limited to a liquid crystal display and plasma screens, or similar video display device that includes a screen that is greater than four inches measured diagonally and one or more circuit boards; a laptop or other portable computer; or a portable digital music player that has memory capability and is battery-powered. "Covered electronic equipment" does not include any automobile; mobile phone; household appliances such as clothes washers, clothes dryers, refrigerators, freezers, microwave ovens, ovens, ranges or dishwashers; equipment that is functionally or physically part of a larger piece of equipment intended for use in an industrial, research and development or commercial setting; security,

anti-terrorism or medical equipment that utilizes a cathode ray tube, a cathode ray tube device or a flat panel display or similar video display device that is not separate from the larger piece of equipment; or any other device, as that term is defined in section three hundred twenty-one of title twenty-one of the United States code.

e. "Electronic recycler" means a person who 1. refurbishes or otherwise processes covered electronic equipment for reuse or resale; or 2. removes, segregates or otherwise extracts components or commodities from covered electronic equipment, either by manual or mechanical separation or by changing such equipment's physical or chemical composition, for the purpose of reusing or recycling such components or commodities.

f. "Label" means information, as required by this chapter, on the surface of covered electronic equipment, which must be permanently attached to, printed or engraved on or incorporated in any other permanent manner on such equipment, and obvious and visible to users of such equipment.

g. "Manufacturer" means a person who: 1. assembles or substantially assembles, or has assembled or substantially assembled, covered electronic equipment for sale in the city; 2. manufactures or has manufactured covered electronic equipment under its own brand name or under any other brand name for sale in the city; 3. sells or has sold, under its own brand name, covered electronic equipment produced by another person for sale in the city; 4. owns a brand name that it licenses or has licensed to another person for use on covered electronic equipment sold in the city; 5. imports or has imported covered electronic equipment for sale in the city; or 6. manufactures or has manufactured covered electronic equipment for sale in the city without affixing a brand name.

h. "Monitor" means a separate visual display component of a computer, whether sold separately or with a central processing unit and includes the cathode ray tube, liquid crystal display, or other image projection technology, and its case, interior wires and circuitry, all exterior and interior cables, and power cord.

i. "Orphan waste" means covered electronic equipment, the manufacturer of which cannot be identified or is no longer in business and for which no successor-in-interest has been identified.

j. "Person" means any individual, business entity, partnership, company, corporation, not-for-profit corporation, association, governmental entity, public benefit corporation, public authority, or firm.

k. "Recycle" means to use the materials contained in covered electronic equipment or components thereof as raw materials for new products or components, but not for energy recovery or energy generation by means of combustion, gasification, pyrolysis or other means.

l. "Reuse" means any operation by which covered electronic equipment or components thereof are used for the same purpose for which they were conceived.

m. "Sell" or "sale" means any transfer for consideration, by lease or sales contract of title to or the right to use covered electronic equipment from a manufacturer or retailer to any person, including, but not limited to, transactions conducted through retail sales outlets, catalogs, or the internet; "sell" or "sale" includes transfer of new, used or refurbished covered electronic equipment, but does not include transfers between end users of such equipment.

n. "Television" means a display system containing a cathode ray tube or any other type of display primarily intended to receive broadcast video programming, having a viewable area greater than four inches when measured diagonally.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-422 Responsibility of Manufacturer Collection.

a. Beginning July first, two thousand nine or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, such manufacturer must accept for collection, handling and recycling or reuse covered electronic equipment that is offered for return by any person in the city, and has been assembled, manufactured, or imported by such manufacturer, or has been sold under such manufacturer's brand name.

b. Beginning July first, two thousand nine or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, such manufacturer must accept for collection, handling and recycling or reuse on a one-to-one basis with the purchase of the same type of covered electronic equipment other than orphan waste that is offered for return by any person in the city, and has been assembled, manufactured or imported by persons other than such manufacturer, or has been sold under the brand name of a person other than such manufacturer.

c. Beginning July first, two thousand nine or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, and ending on June thirtieth, two thousand eleven, such manufacturer must accept for collection, handling, and recycling or reuse orphan waste that is offered for return by any person in the city on a one-to-one basis with the purchase of the same type of product by such person.

d. Beginning July first, two thousand eleven, each manufacturer must accept for collection, handling, and recycling or reuse orphan waste of the same type sold by such manufacturer in the city that is offered for return by any person in the city.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-423 Manufacturer Electronic Waste Management Plan.

a. No later than September first, two thousand eight, a manufacturer shall submit to the department an electronic waste management plan for the collection, handling, and recycling or reuse of covered electronic equipment and orphan waste. Any person who becomes a manufacturer on or after September first, two thousand eight shall submit to the department an electronic waste management plan for the collection, handling, and recycling or reuse of covered electronic equipment and orphan waste prior to selling any covered electronic equipment in the city.

b. A manufacturer's submission of an electronic waste management plan pursuant to subdivision a of this section shall be accompanied by a fee of one thousand five hundred dollars. A manufacturer's submission of an annual report pursuant to subdivision a of section 16-428 of this chapter shall be accompanied by a fee of one thousand two hundred fifty dollars. Any manufacturer who submits such plan or report without the requisite fee shall be deemed not to have submitted such plan or report and shall be subject to the penalties set forth in paragraph one of subdivision d of section 16-427 of this chapter for failure to submit such plan or report.

c. The manufacturer shall not impose a fee or other charge on any person for the collection, handling, and recycling or reuse of covered electronic equipment or orphan waste, except that a fee or other charge may be imposed by contractual agreement between a manufacturer and a business entity, partnership, company, corporation or firm having more than fifty full time employees other than a not-for-profit corporation as defined in subparagraph five or seven of subdivision a of section one hundred two of the New York not-for-profit corporation law, association, governmental entity, public benefit corporation or public authority.

d. An electronic waste management plan shall include, at a minimum:

1. details for the collection, handling, and recycling or reuse of covered electronic equipment and orphan waste as required by this chapter, including but not limited to the methods by which a person can return to the manufacturer such covered electronic equipment and orphan waste. Such methods shall be convenient for residents of the city;

2. how the manufacturer will inform residents and businesses of the city about the manufacturer's plan for the collection, handling, and recycling or reuse of covered electronic equipment and orphan waste, which shall include an internet website and a toll-free telephone number;

3. information on the manufacturer's plan for the disposition of covered electronic equipment and orphan waste, including any plan for the recycling or reuse of such covered electronic equipment and orphan waste. If the manufacturer provides a plan for the recycling or reuse of covered electronic equipment and orphan waste, the manufacturer shall include details about anticipated end markets and electronic recyclers expected to be utilized by the manufacturer, including but not limited to details on the methods of collection, handling and recycling or reuse of covered electronic equipment used by such electronic recyclers, details on any disassembly or physical recovery operation to be used by such electronic recyclers, the locations of any such operations, and details on the manufacturer's compliance with applicable laws and regulations relating to the disposition, recycling or reuse of covered electronic equipment;

4. a description of how the manufacturer will plan to attain the performance standards established in paragraph a of section 16-424 of this chapter;

5. annual city sales data of the manufacturer's covered electronic equipment for the previous three calendar years;

6. the method to be used to destroy all data in any covered electronic equipment and orphan waste collected, either through physical destruction of the data storage components thereof or through data wiping meeting or exceeding United States Department of Defense standard 5220.22M;

7. a list of the manufacturer's brand names, including: (i) any brand name under which the manufacturer assembles or substantially assembles, or has assembled or substantially assembled covered electronic equipment; (ii) any brand name under which the manufacturer manufactures and sells, or has manufactured and sold, covered electronic equipment; (iii) any brand name under which the manufacturer sells or has sold covered electronic equipment produced by another person under such manufacturer's own brand; (iv) any brand name that the manufacturer owns and licenses or has licensed to another person for use on covered electronic equipment; (v) any brand name under which the manufacturer imports or has imported covered electronic equipment for sale in the city; and (vi) any brand name of covered electronic equipment of which the manufacturer has become the successor-in-interest;

8. a certification that the manufacturer's collection, handling, and recycling or reuse of covered electronic equipment complies with all local, state, federal and international laws and regulations; and

9. any other information as may be required by department rules.

e. The department shall approve or disapprove a proposed electronic waste management plan submitted by a manufacturer within one hundred eighty days of its submission. The department may approve a submitted electronic waste management plan that does not conform with every one of the requirements of this chapter upon application and a showing of good cause by such manufacturer. If the department approves an electronic waste management plan, it shall expeditiously notify the manufacturer of the approval in writing. If the department disapproves an electronic waste management plan, it shall expeditiously notify the manufacturer in writing of the disapproval and specify the reasons for such disapproval. The manufacturer shall have thirty days to resubmit a revised electronic waste management plan after the department notifies the manufacturer of its disapproval. The department shall approve or disapprove a resubmitted electronic waste management plan within ninety days of resubmission.

f. Beginning on July first, two thousand nine, or one hundred eighty days after an electronic waste management plan is approved by the department, whichever date is later, a manufacturer of covered electronic equipment shall implement its approved plan for the collection, handling and recycling or reuse of covered electronic equipment and orphan waste.

g. An electronic waste management plan may provide for the sharing of resources by one or more manufacturers, provided that such plan meets the requirements of this section. Any electronic waste management plan providing for the sharing of resources must include a list of manufacturers participating in such plan.

h. 1. Proposed modifications to a previously approved manufacturer's electronic waste management plan shall be submitted to the department which shall approve or disapprove such modification within sixty days and expeditiously notify the manufacturer of its determination in writing. If the department disapproves such modification, it shall specify the reasons for such disapproval in writing and the manufacturer shall have thirty days to submit a revised modification to the department.

2. At any time, the department may require submission of a proposed modification where it determines that the manufacturer is not in compliance with the collection standards as set forth in section 16-424 of this chapter. The department shall approve or disapprove such modification in accordance with paragraph one of this subdivision.

i. Notwithstanding the provisions of section 16-423 of this chapter, any person who becomes a manufacturer of covered electronic equipment subsequent to the effective date of this section may include within a submitted electronic waste management plan a proposed schedule for compliance with the minimum collection standards set forth in section 16-424 beyond the respective compliance dates set forth in such section. The commissioner may approve such proposed schedule or may approve a modification to such proposed schedule that provides for a reasonable compliance time beyond that provided for in such section.

j. All decisions of the department pursuant to this section shall be made public.

Administrative Code of the City of New York

Title 16 Sanitation

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-424 Performance Standards.

a. A manufacturer shall demonstrate whether, pursuant to its electronic waste management plan, it is collecting for recycling or reuse at least its share of covered electronic equipment. Such manufacturer's share of covered electronic equipment is determined by applying the following minimum collection standard percentage by the average annual sales of the manufacturer's covered electronic equipment in the city, reported by weight, during the previous three calendar years; by July 1, 2012, the minimum collection standard is twenty-five percent; by July 1, 2015, the minimum collection standard is forty-five percent; by July 1, 2018, the minimum collection standard is sixty-five percent.

b. For purposes of calculating achievement of the minimum collection standard specified in paragraph a of this subdivision, a manufacturer may count the collection of a single item of covered electronic equipment as twice its weight when that item is donated free of charge for reuse to the New York city department of education, or to any not-for-profit corporation, as defined in subparagraphs five or seven of subdivision a of section one hundred two of the New York not-for-profit corporation law, a principal mission of which is to assist low-income children or families living in city. To qualify for the donation reuse credit under this subdivision, the covered electronic equipment must be: (a) no older than three years old, (b) in full working condition, and (c) accepted as a donation by the recipient in writing.

c. The commissioner may grant an annual waiver, in whole or in part, from the minimum collection standards set forth in subdivision a of this section where a manufacturer who has an approved electronic waste management plan has demonstrated to the commissioner's satisfaction that such minimum collection standards could not be met despite the best efforts of the manufacturer because the manufacturer has substantially increased the amount of covered electronic equipment sold within the city over the three-year period during which compliance with subdivision a of this section is to be measured and it was not practicable to meet the applicable minimum collection standard.

**HISTORICAL NOTE**

Section amended L.L. 21/2008 § 5, eff. May 14, 2008. [See Note 1]

Section added L.L. 13/2008 § 2, eff. Apr. 1, 2008. [See § 16-420

Note 1]

**NOTE**

1. Provisions of L.L. L.L. 21/2008:

Section 1. Declaration of legislative findings and intent. The purpose of this chapter is to require that manufacturers of covered electronic waste comply with specific electronic waste collection standards. The Council finds that the setting of performance standards is necessary to insure that electronic equipment is collected in appropriate amounts. The three-year period before penalties are imposed for failure to meet the prescribed performance standards gives the industry and the city ample time and data to evaluate, and if necessary, adjust the prescribed performance standards.

§ 16-425 Labeling.

a. Beginning July first, two thousand nine or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, such manufacturer may not sell or otherwise distribute for sale in the city covered electronic equipment unless such equipment has a label that identifies such manufacturer.

b. Beginning July first, two thousand nine or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, such manufacturer shall provide at the point of sale information on how a person can return covered electronic equipment pursuant to such manufacturer's electronic waste management plan. Such information shall include a toll-free telephone number or internet website address describing how covered electronic equipment can be returned pursuant to the manufacturer's electronic waste management plan.

c. Beginning July first, two thousand nine, the department shall post on its web site all information provided to it from manufacturers describing how covered electronic equipment can be returned pursuant to a specific manufacturer's electronic waste management plan.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-427 Enforcement.

a. The department and the department of consumer affairs shall have the authority to enforce the provisions of this chapter. Any notice of violation charging a violation of any provision of this chapter shall be returnable to the environmental control board, which shall have the power to impose civil penalties as provided herein.

b. Any person who violates the provisions of subdivision a of section 16-426 of this chapter shall be liable for a civil penalty of one hundred dollars for each violation.

c. Any manufacturer who violates the provisions of subdivision b of section of 16-426 of this chapter shall be liable for a civil penalty of one thousand dollars for each violation.

d. 1. Beginning September first, two thousand eight, a manufacturer who fails to submit an electronic waste management plan or an annual report as required by this chapter shall be liable for a civil penalty of one thousand dollars per day for each day that an electronic waste management plan or an annual report is not submitted.

2. Beginning September first, two thousand eight, a manufacturer who submits an electronic waste management plan that has been disapproved by the department more than two times shall be liable for a civil penalty of one thousand dollars per day for each day that an electronic waste management plan is not submitted and approved by the department following the date of such second disapproval.

3. Beginning July first, two thousand nine, a manufacturer who knowingly submits an annual report as required by this chapter that contains a false or misleading statement as to a material fact or omits to state any material fact

necessary in order to make a statement therein not false or misleading shall be liable for a civil penalty of ten thousand dollars.

4. Beginning July first, two thousand nine, or one hundred eighty days after a manufacturer's electronic waste management plan is approved by the department, whichever date is later, a manufacturer who fails to accept covered electronic equipment or orphan waste offered for return by any person in the city pursuant to such manufacturer's electronic waste management plan shall be liable for a civil penalty of two thousand dollars for each piece of covered electronic equipment or orphan waste not accepted.

5. Beginning July first, two thousand twelve, a manufacturer who has not met the performance standards set forth in subdivision a of section 16-424 of this chapter shall be liable for a civil penalty of fifty thousand dollars for each percentage point that said manufacturer falls below the performance standards, and shall also submit a modified electronic waste management plan to the department with details explaining how said manufacturer intends to comply with the performance standards. The department shall review such modified electronic waste management plan as provided in subdivision h of section 16-423 of this chapter.

CHAPTER CHAPTER 4-A ELECTRONIC EQUIPMENT COLLECTION, RECYCLING AND REUSE*13

§ 16-428 Reporting Requirements.

a. On or before July first, two thousand nine, and annually on or before July first thereafter, a manufacturer that offers any covered electronic equipment for sale in the city shall submit an annual report to the department that includes the following information for the prior calendar year: 1. any approved modification to the manufacturer's electronic waste management plan; 2. sales data for the manufacturer's covered electronic equipment sold in the city; 3. the quantity of covered electronic equipment collected for recycling or reuse in this city, expressed both in terms of the total weight of such covered electronic equipment and as a percentage of the average annual sales of the manufacturer's covered electronic equipment in the city, reported by weight, during the previous three calendar years, and categorized by the type of covered electronic equipment collected pursuant to such manufacturer's electronic waste management plan, and further categorized, to the extent possible, by the quantity of such covered electronic equipment collected from individuals and government entities; 4. the weight of orphan waste collected, categorized by the type of covered electronic equipment collected, pursuant to such manufacturer's electronic waste management plan; 5. information on the manufacturer's compliance with the performance standards established in section 16-424 of this chapter; 6. information on the end markets and electronic recyclers utilized by the manufacturer, including details on the methods of collection, handling and recycling or reuse of covered electronic equipment used by electronic recyclers, details on any disassembly or physical recovery operation to be used, the locations of any such operations, and details on the manufacturer's compliance with applicable laws and regulations relating to the disposition, recycling and reuse of covered electronic equipment and orphan waste; 7. examples of how the manufacturer has informed residents and businesses of the city about the manufacturer's plan for the collection, handling and recycling or reuse of covered electronic equipment and orphan waste; 8. the number of visits to the internet website and calls to the toll-free telephone numbers established by the manufacturer's electronic waste management plan; and 9. any other information required by

department rules.

b. The department shall submit a report on implementation of this chapter to the mayor and the city council by January fifteenth, two thousand eleven, and yearly thereafter. The report must include, at a minimum: 1. data on the amount of electronic waste collected, categorized by manufacturer; 2. an evaluation of the recycling and reuse rates in the city for covered electronic equipment and orphan waste; 3. a discussion of compliance and enforcement related to the requirements of this chapter; and 4. any recommendations for any changes to the system of collection, handling and recycling or reuse of covered electronic equipment and orphan waste in the city.

CHAPTER CHAPTER 4-B [RECYCLING PROGRAM FOR PLASTIC CARRYOUT BAGS AND FILM PLASTIC]*14

§ 16-451 Declaration of policy.

It is hereby declared to be the public policy of the city of New York to reduce environmental pollution, to reduce the toxicity of waste materials in the solid waste stream directed to resource recovery and sanitary landfill facilities, and to maximize the removal of plastic carryout bags and film plastic from the waste stream in order to recycle them. Plastic carryout bags and film plastic do not biodegrade, which means that such bags and film plastic ultimately break down into smaller pieces that enter the ecosystem. These pieces of plastic cause illness, injury and death to animal and marine life by entangling them or contaminating their food supplies. The production of plastic bags and film plastic worldwide uses over 12 million barrels of oil per year, which causes significant environmental impacts.

CHAPTER CHAPTER 4-B [RECYCLING PROGRAM FOR PLASTIC CARRYOUT BAGS AND FILM PLASTIC]*14

§ 16-452 Definitions.

When used in this chapter: a. "Chain of stores" means five or more stores located within the city of New York that are engaged in the same general field of business and (1) conduct business under the same business name or (2) operate under common ownership or management or pursuant to a franchise agreement with the same franchisor.

b. "Consumer" means any person who purchases a product from a store that is placed in a plastic carryout bag at the time of sale.

c. "Film plastic" means uncontaminated non-rigid film plastic packaging products composed of plastic resins that include, but are not limited to, newspaper bags, dry cleaning bags and shrink-wrap.

d. "Food service establishment" means any establishment (1) where the primary business is providing food for individual portion service directly to the consumer, whether consumption of such food occurs on or off the premises or such service is provided in a premises or from a pushcart, stand or vehicle, and (2) that is subject to the permit requirement contained in section 81.05 of the New York city health code.

e. "Manufacturer" means every person, firm or corporation that: (1) produces plastic carryout bags that are sold or distributed within the city of New York, or (2) imports plastic carryout bags into the United States that are sold or distributed within the city of New York.

f. "Operator" means a person, firm or corporation that owns or is in control of, or has responsibility for, the daily

operation of a store.

g. "Plastic carryout bag" means a plastic bag provided by a store to a consumer at the point of sale that is not a reusable bag.

h. "Reusable bag" means (1) a bag made of cloth or other machine washable fabric that has handles, or (2) a durable plastic bag, with handles, that is at least 2.25 mils thick and is specifically designed and manufactured for multiple reuse.

i. "Store" means a retail or wholesale establishment, other than a food service establishment, that sells products and provides plastic carryout bags to consumers in which to place these products and (1) has over five thousand square feet of retail or wholesale space or (2) is one of a chain of stores.

CHAPTER CHAPTER 4-B [RECYCLING PROGRAM FOR PLASTIC CARRYOUT BAGS AND FILM PLASTIC]*14

§ 16-453 Recycling program requirements.

a. Every operator shall establish an in-store recycling program that shall include, but need not be limited to, the following:

1. every plastic carryout bag provided by a store shall have printed or displayed on the outside face of the bag (i) the words "PLEASE REUSE OR RECYCLE AT A PARTICIPATING STORE" using letters at least one-half inch in height or (ii) a similar message encouraging the reuse or recycling of plastic carryout bags that is no less than one inch in height and uses letters at least one quarter inch in height; provided, however, that such store shall be allowed, for six months from the effective date of the local law that added this subdivision, to use its existing stock of plastic carryout bags and may apply to the commissioner for a waiver, based on economic hardship, to extend such six-month period;

2. a bin for the collection of plastic carryout bags and other film plastic shall be placed in a visible location that is easily accessible to the consumer, and clearly marked as available for the purpose of collecting plastic carryout bags and other film plastic for recycling;

3. all plastic carryout bags and other film plastic returned to a store are to be collected, transported and recycled in a manner consistent with the provisions of this chapter or any rule promulgated pursuant to this chapter; 4. plastic carryout bags and other film plastic collected by a store that are free of foreign material shall not be disposed of in any solid waste or hazardous waste facility; and

5. the operator shall make available to consumers within a store at or near the place where plastic carryout bags

are dispensed, reusable bags, which may be purchased and used in lieu of a plastic carryout bag or paper bag.

b. Each operator or its designee shall maintain records indicating the weight of the plastic carryout bags and film plastic that are collected by such operator's store and transported for recycling.

c. Each operator or its designee shall submit an annual report to the department covering the preceding calendar year, beginning with a report covering calendar year two thousand nine, which shall include for all stores that it operates within the city of New York the amount of carryout plastic bags and other film plastic by weight that is collected and transported for recycling, the costs to the operator of such efforts, and any other information the commissioner shall require by rule. Such annual report shall be submitted to the department no later than February twenty-eighth following the calendar year to which the annual report relates.

d. The commissioner shall, in consultation with operators, manufacturers and recyclers, develop a system to monitor and determine the weight of all plastic carryout bags and other film plastic collected under this chapter and shall analyze the information and report to the mayor and the council every two years beginning on December thirty-first, two thousand ten, regarding the implementation and enforcement of this chapter.

CHAPTER CHAPTER 4-B [RECYCLING PROGRAM FOR PLASTIC CARRYOUT BAGS AND FILM PLASTIC]*14

§ 16-454 Manufacturer responsibilities.

a. A manufacturer whose plastic carryout bags are sold or distributed to a store subject to the provisions of this chapter shall make arrangements with the operator, upon the operator's request, for the collection, transport and recycling of all plastic carryout bags and other film plastic collected consistent with the provisions of this chapter. Such arrangements may include contracts or other agreements with third parties.

b. A manufacturer that arranges with an operator for the collection, transport and recycling of plastic carryout bags and other film plastic shall report annually to such operator the total amount by weight of plastic carryout bags and other film plastic that has been collected from such operator. Such annual report shall cover the preceding calendar year, beginning with a report covering calendar year two thousand nine, and be submitted to such operator no later than January thirty-first following the calendar year to which the annual report relates.

c. A manufacturer whose plastic carryout bags are sold or distributed to a store subject to the provisions of this chapter shall make arrangements with the operator, upon the operator's request, to provide such operator, educational materials that encourage the reduction, reuse and recycling of plastic carryout bags.

CHAPTER CHAPTER 4-B [RECYCLING PROGRAM FOR PLASTIC CARRYOUT BAGS AND FILM PLASTIC]*14

§ 16-455 Penalties.

a. Any operator who violates subdivision a of section 16-453 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of three hundred dollars per day for each day that a recycling program meeting the requirements of such subdivision is not in effect. It shall be an affirmative defense to a violation of paragraph one or five of subdivision a of section 16-453 of this chapter that the operator used its best efforts to comply with such paragraph but was unable to because of circumstances beyond such operator's control.

b. Any operator who violates subdivision b of section 16-453 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of: (1) one hundred dollars for the first violation; (2) seven hundred dollars for the second violation within a twelve-month period of the first violation; and (3) one thousand dollars for the third violation within such twelve-month period.

c. Any operator who violates subdivision c of section 16-453 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of: (1) one hundred dollars for the first violation within twelve months of the date the report referred to in such subdivision is due; (2) seven hundred dollars for the second violation within such twelve-month period; and (3) one thousand dollars for the third violation within such twelve-month period.

d. Any manufacturer who violates subdivision a of section 16-454 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of five hundred dollars per

day for each day that such violation continues.

e. Any manufacturer who violates subdivision b of section 16-454 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of: (1) one hundred dollars for the first violation within twelve months of the date the report referred to in such subdivision is due; (2) one thousand dollars for the second violation within such twelve-month period; and (3) fifteen hundred dollars for the third violation within such twelve-month period.

f. Any manufacturer who violates subdivision c of section 16-454 of this chapter shall be liable for a civil penalty recoverable in a proceeding before the environmental control board in the amount of: (1) one hundred dollars for the first violation; (2) one thousand dollars for the second violation within a twelve-month period of the first violation; and (3) fifteen hundred dollars for the third violation within such twelve-month period.

g. The failure of an operator or manufacturer to provide the report or maintain the records, or of a manufacturer to provide educational materials requested by an operator, required by sections 16-453 and 16-454 of this chapter shall constitute a continuing violation that subjects such operator or manufacturer to up to three notices of violation within the twelve-month periods provided in subdivisions b, c, e and f of this section.

h. The department shall have the authority to enforce all provisions of this chapter. The department of consumer affairs also shall have the authority to enforce paragraphs one, two and five of subdivision a of section 16-453 of this chapter.

*NYC Administrative Code 16-501*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-501 Definitions.

a. "Applicant" shall mean, if a business entity submitting an application for a license or registration pursuant to this chapter, the entity and each principal thereof.

b. "Commission" shall mean the New York city trade waste commission as established by section 16-502 of this chapter.

c. "Position" in a trade association shall mean an officer, member of the board of directors, partner, trustee, shareholder holding ten percent or more of the outstanding shares of stock in such association, or administrator, business agent or other status involving participation directly or indirectly in the management or control of such association.

d. "Principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer and director and every stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; if another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more; and with respect to all business entities, all other persons participating directly or indirectly in the control of such business entity. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership, or a corporation, a "principal" shall also include the partners of such partnership or the officers, directors and stockholders holding ten percent or more of the outstanding shares of such corporation, as is appropriate. For the purposes of this chapter (1) an individual shall be considered to hold stock in a corporation where such stock is owned directly or indirectly by or for (i) such individual; (ii) the spouse or domestic partner of such individual (other than a spouse who is

legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled); (iii) the children, grandchildren and parents of such individual; and (iv) a corporation in which any of such individual, the spouse, domestic partner, children, grandchildren or parents of such individual in the aggregate own fifty percent or more in value of the stock of such corporation; (2) a partnership shall be considered to hold stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (3) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation.

e. "Trade association" shall mean an entity having as a primary purpose the promotion, advancement or self-regulation of businesses that remove, collect or dispose of trade waste, including but not limited to a corporation, unincorporated association, partnership, trust or limited liability company, whether or not such entity is organized for profit, not-for-profit, business or non-business purposes.

f. "Trade waste" or "waste" shall mean: (1) all putrescible and non-putrescible materials or substances, except as described in paragraph (2) of this subdivision, that are discarded or rejected by a commercial establishment required to provide for the removal of its waste pursuant to section 16-116 of this code as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection, including but not limited to garbage, refuse, street sweepings, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, medical waste, offal and any other offensive or noxious material. Such term shall also include recyclable materials as defined in subdivision i of section 16-303 of this code that are generated by such commercial establishments.

(2) The following are not "trade waste" or "waste" for the purposes of this chapter: sewage; industrial wastewater discharges; irrigation return flows; radioactive materials that are source, special nuclear or by-product material as defined by the Atomic Energy Act of 1954, as amended, 41 U.S.C. §2011 et seq.; materials subject to in-situ mining techniques which are not removed from the ground as part of the extraction process; and hazardous waste as defined in section 27-0901 of the environmental conservation law.

g. "Trade waste broker" shall mean a person or entity who, for a fee, brokers agreements between commercial establishments and providers of trade waste removal, collection or disposal services or conducts evaluations or analyses of the waste generated by such commercial establishments in order to recommend cost efficient means of waste disposal or other changes in related business practices.

**HISTORICAL NOTE**

Section added L.L. 42/1996 § 2, eff. June 3, 1996 with special provisions

noted in footnote to Title 1.

Subd. d amended L.L. 27/1998 § 19, eff. Sept. 5, 1998.

**CASE NOTES**

¶ 1. The court upheld the statute as a proper exercise of police power, i.e. as being necessary to remedy past corruption in the trade waste carting industry. The court found that the law did not violate the contracts clause of the constitution, that the law was not unconstitutionally vague, that the carters had no due process property interest in customers' contracts or their own future licenses, and that it did not infringe upon the right of association. The court rejected the "impairment of contracts" argument because the very purpose of the law was to do away with contracts which were tainted with threats of violence and anticompetitive practices. Moreover, the carters knew that they were engaging in a heavily regulated industry and were aware of the possibility that future regulations might significantly alter their businesses. Sanitation & Recycling Industry v. City of New York, 107 F.3d 985 (2d Cir. 1997), aff'g 928 F.Supp. 407 (S.D.N.Y. 1996).

¶ 2. That portion of the statute that allows customers to terminate or renegotiate theri contracts does not constitute a "taking" within the meaning of the constitution, because the customers still might choose to remain with the carter (the claim that business would be lost was speculative) and even if a particular customer decided to cancel its contract, the carter retained all its equipment and was free to seek new cusomers. Imperial Sanitation Corp v. City of New York, 1997 Westlaw 375745, U.S. Dist. Ct. E.D.N.Y.

¶ 3. The New York City Trade Waste Commission can consider membership in a trade association (which association was known for alleged corrupt activities) in deciding whether or not to grant a waiver under the statute. Id.

¶ 4. The Commission was justified in refusing to issue a waiver where the following facts were present: 1. Petitioner had purchased competitiors' routes at 40 times the gross monthly revenues, which seemed to indicate that petitioner would be able to compel the customer to continue the contract in perpetuity; 2. The contract contract provided for a severe liquidated damages penalty if a customer chose to cancel the services, and greatly limited the carter's liability for breach of contract. This showed a lack of customer bargaining power. Id.

¶ 5. The court upheld the determination of the Trade Waste Commission not to grant waivers of the 30 day contract termination provision of the law. The record showed, for example, that one of the petitioners had extensive involvement in a trade association which had been indicted for illegal activities, and another had issued contracts providing for high fees and excessive late charges, thus showing that government protection was needed for customers who had lacked bargaining power. D & D Carting Co. v. City of New York, 658 N.Y.S.2d 825 (Sup.Ct. New York Co. 1997).

**FOOTNOTES**

1

[Footnote 1]: ** Heading provided by editor, Title 16-A added L.L. 42/1996 § 2, formerly Subchapter 18 §§ 20-332-20-338, see under these sections for historical notes.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive

practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be

specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business

as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-502 New York city trade waste commission.

There is hereby created a New York city trade waste commission. Such commission shall consist of the commissioner of investigation, the commissioner of business services, the commissioner of consumer affairs, the commissioner of sanitation, and one member who shall be appointed by the mayor and shall serve as chair with compensation therefor; provided that if the chair holds other city office or employment, no additional compensation shall be received. The chair shall have charge of the organization of the commission and have authority to employ, assign and superintend the duties of such officers and employees as may be necessary to carry out the provisions of this chapter.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the

performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in

effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly

influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date,

whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

*NYC Administrative Code 16-504*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-504 Powers and duties.

The powers and duties of the commission shall include but not be limited to:

a. To issue and establish standards for the issuance, suspension and revocation of licenses and registrations authorizing the operation of businesses engaged in the collection, removal or disposal of waste within the city and trade waste broker businesses, provided that unless otherwise provided herein, the commission may by resolution delegate to the chair the authority to make individual determinations regarding: issuance, suspension and revocation of such licenses and registrations; investigations of background and determinations of fitness in regard to employees of licensees; and the appointment of independent auditors and monitors in accordance with the provisions of this chapter;

b. To establish maximum and minimum rates for the collection, removal, or disposal of such waste;

c. To investigate any matter within the jurisdiction conferred by this chapter and to have full power to compel the attendance, examine and take testimony under oath of such persons as it may deem necessary in relation to such investigation, and to require the production of books, accounts, papers and other evidence relevant to such investigation;

d. To establish standards for service and for the regulation and conduct of businesses licensed or registered pursuant to this chapter, including but not limited to requirements governing the level of service to be provided by licensees, contracts for trade waste removal, billing form and procedures, the maintenance and inspection of records, the maintenance of appropriate insurance, and compliance with safety and health measures;

e. To appoint, within the appropriations available therefor, such employees as may be required for the

performance of the duties prescribed herein. In addition to such employees appointed by the commission, the commissioners of business services, investigation, consumer affairs, transportation, sanitation, health, finance, environmental protection and police may, at the request of the chair, provide staff and other assistance to the commission in all matters under its jurisdiction;

f. To conduct studies or investigations into the needs of commercial and other enterprises for waste removal and the trade waste industry in the city and other jurisdictions in order to assist the city in formulating policies to provide for orderly and efficient trade waste removal at a fair and reasonable cost to businesses;

g. To establish programs for the education of customers, including but not limited to education of customers in the accurate assessment of the types and volume of waste and the rights of such customers in relationship to contracting, service and customer complaint procedures established pursuant to this chapter;

h. To establish special trade waste removal districts pursuant to section 16-523 of this chapter; and

i. To establish fees and promulgate rules as the commission may deem necessary and appropriate to effect the purposes and provisions of this chapter.

**HISTORICAL NOTE**

Section added L.L. 42/1996 § 2, eff. June 3, 1996 with special provisions

noted in footnote to Title 1.

**CASE NOTES**

¶ 1. The Business Integrity Commission need not accept all the information contained in an application for an exemption from registration and licensing, but can investigate the accuracy of that information. Attonito v. Maldonado, 3 A.D.3d 415, 771 N.Y.S.2d 97 (1st Dept. 2004), leave to appeal denied, 2 N.Y.3d 705, 780 N.Y.S.2d 311, 812 N.E.2d 1261 (2004), reargument denied 3 N.Y.3d 702, 785 N.Y.S.2d 29, 818 N.E.2d 671 (2004).

¶ 2. In taking disciplinary action against taxi cab drivers, potentially leading to suspension or revocation, the Taxi & Limousine Commission (TLC) is acting as a regulator, not as an "employer." Thus, the TLC is not subject to lawsuits by drivers under anti-discrimination laws relating to age, disability, race or national origin. Bonaby v. New York City Taxi & Limousine Comm., 2003 WL 21649453 (U.S. Dist.Ct. S.D.N.Y.).

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates

established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste

commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or

person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-505*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-505 Licenses and registration required.

a. It shall be unlawful for any person to operate a business for the purpose of the collection of trade waste from the premises of a commercial establishment required to provide for the removal of such waste pursuant to the provisions of section 16-116 of this code, or the removal or disposal of trade waste from such premises, or to engage in, conduct or cause the operation of such a business, without having first obtained a license therefor from the commission pursuant to the provisions of this chapter. Notwithstanding the provisions of this subdivision, a business solely engaged in the removal of waste materials resulting from building demolition, construction, alteration or excavation shall be exempt from the licensing provisions of this subdivision where, except in regard to the principals of a business solely in either or both of the class seven or the class three category of licensees as defined in rules previously promulgated by the commissioner of consumer affairs pursuant to subchapter eighteen of chapter two of title twenty of this code, no principal of such applicant is a principal of a business or a former business required to be licensed pursuant to this chapter or such former subchapter eighteen. Grant of such exemption shall be made by the commission upon its review of an exemption application, which shall be in the form and contain the information prescribed by rule of the commission and shall be accompanied by a statement by the applicant describing the nature of the applicant's business and listing all principals of such business.

b. It shall be unlawful for any person to remove, collect or dispose of trade waste that is generated in the course of operation of such person's business, or to operate as a trade waste broker, without first having registered with the commission. Nothing in this subdivision shall be construed to require registration with the commission of (i) a commercial establishment required to provide for the removal of waste pursuant to section 16-116 of this code in order for such establishment to remove recyclable materials generated in the course of its own business to a location owned or

leased by such establishment for the purpose of collecting or storing such materials for sale or further distribution; (ii) an owner or managing agent of a building in order to remove recyclable materials generated by commercial tenants within such building to a central location within such building for the purpose of collecting or storing such materials for sale or further distribution; or (iii) an owner of an establishment required to provide for the removal of waste pursuant to section 16-116 of this code in order to transport beverage containers, as such term is defined in section 27-1003 of the environmental conservation law, or any other recyclable material generated in the course of operation of its own business, to a redemption center, as such term is defined in section 27-1003 of such law, or to any other place where payment will be received by the commercial establishment for such materials. Notwithstanding any other provision of this subdivision, a business granted an exemption from the requirement for a license pursuant to subdivision a of this section shall be thereupon issued a registration pursuant to this subdivision.

c. A license or registration issued pursuant to this chapter or any rule promulgated hereunder shall not be transferred or assigned to any person or used by any person other than the licensee or registrant to whom it was issued.

**HISTORICAL NOTE**

Section added L.L. 42/1996 § 2, eff. June 3, 1996 with special provisions

noted in footnote to Title 1.

**CASE NOTES FROM FORMER SECTION §§ 20-332-20-338:**

¶ 1. The City License Commissioner could not revoke the petitioners' license to carry on garbage removal without a proper notice and without giving licensees information as to the purpose of a hearing. Petitioner's license was a property right and hence, where the revocation comes about as a result of a determination by an administrative officer or body, the act is of a judicial nature and to be valid must be in accord with due process of law.-Rosetti v. O'Connell, 10 Misc. 2d 453, 172 N.Y.S. 2d 716 [1958].

¶ 2. Temporary rate adjustments made on an emergency basis should be recalculated under the formal procedures of § 20-335 (b). Minor rate adjustment in question regarded an "additional toll expense" which became a substantial amount over time. (Presidents Council of Trade Waste Assoc. v. Koch, 143 Misc.2d 607, 1989)

¶ 3. The method for fixing rates for commercial refuse carters does not require an adjudicatory hearing but only that the rates be fixed after "public hearings" at which "interested persons" have the right to appear and give evidence, §20-335(b). The NYC Dep't of Consumer Affairs acted lawfully in adopting new lower maximum rates that refuse carters may charge for commercial collection. Petitioners, private commercial carters were given the opportunity to participate in the rate making process, were not denied due process by refusal to allow discovery and cross-examination. Trade Waste Assns. v. NY City, 152 Misc. 2d 43 [1991].

¶ 4. A regulation requiring commercial rubbish collectors to make written contracts with their customers and file the same with the Department of Licenses is a reasonable one, calculated to insure the proper observance of maximum price regulations.-P. & A. Carting Co. v. City of New York, 7 Misc. 2d 815, 158 N.Y.S. 2d 296 [1956].

**CASE NOTES**

¶ 1. In DeCostole Carting, Inc. v. Maldonado, 35 A.D.3d 648, 826 NYS2d 712 (2d Dept. 2006), a waste hauler sought a judgment compelling the City to grant his application for an exemption under NYC Admin. Code 16-505(a). He also sought injunctive relief. NYC enacted Local Law 42 in 1996 to regulate the waste carting business, in order to deter the interference of organized crime. Under Local Law 42, all trade waste businesses, including those which had been previously licensed, were required to apply for a new license from the NYC trade Waste Commission, now the City of New York Business Integrity Commission (BIC). In August 2002, the BIC denied plaintiff's application for a BIC license, and that determination was upheld (Matter of DeCostole Carting v. BIC, 2 A.D.3d 225, 768 N.Y.S.2d 317

(1st Dept. 2003). The plaintiff then brought the instant action, contending that his business was now limited to hauling construction and demolition debris from residential and not-for-profit premises, and was therefore not subject to the requirements of NYC Admin. Code § 16-505(a). At the same time, plaintiff has reapplied for a license from BIC. The court held that plaintiff was not exempt from the licensing requirement. Even where the premises are residential or are owned by a non-profit organization, where a commercial business is doing the construction work, the debris is considered to be the trade waste of commercial establishments, and is subject to § 16-505(a). Therefore, plaintiff must either apply for an exemption or apply for a license. The granting of an application for an exemption is not a ministerial act and there is no clear legal right to such relief. The question of whether plaintiff's application should be granted or denied is not ripe for judicial review, since there is no determination of the application in the record. As a result, the plaintiff is subject to the requirements of the licensing laws.

¶ 2. Local Law No. 42 was enacted to regulate the waste carting business and to deter the business from being infiltrated by organized crime. Under this local law, all businesses removing trade waste from "commercial establishments," including those businesses which had been previously licensed, were required to obtain a license from the NYC Trade Waste Commission, now the defendant NY Bus. Integrity Commission (BIC). The chairman of the BIC is the defendant.

Trade waste is defined as materials or substances that are discarded or rejected by a "commercial establishment" which is required to provide for the removal of its waste pursuant to Admin. Code § 16-116. Admin. Code § 16-116 requires that every owner or person in control of a "commercial establishment" shall provide for the removal of waste by a business licensed by the BIC under Admin. Code § 16-505.

Plaintiff, EdCia Corp., applied for an exemption from the licensing provisions, stating that it was in the business of removing "demolition and construction debris" from "commercial construction and demolition sites." After initially giving EdCia temporary permission to operate, defendant revoked permission on the ground that EdCia had disclosed required information pertaining to only some of, and not all of, the corporate principals. An applicant is required to disclose the identity of its principals in order to insure that none of them are affiliated with organized crime.

Plaintiff then commenced the instant action, claiming that its business was limited to removing construction debris from public projects and other "non-commercial establishments." They contended that since their customers were not "commercial establishments" responsible for removing their waste by hiring a BIC-licensed hauler, and sought a judgment declaring that it was exempt from the licensing provisions of Local Law No. 42, including the requirements of § 16-505(a), and that it was not required to file an exemption application with the BIC. In the alternative, plaintiff sought to compel defendants to grant its application for an exemption pursuant to Admin. Code 16-505(a).

Plaintiff sought a preliminary injunction against enforcement of the statute. The court, however, denied the injunction. The court said that construction and demolition debris, even from public projects and residential sites, generated by commercial companies performing the construction work, constitutes trade waste of "commercial establishments" within the meaning of Local Law No. 42. Therefore, since EdCia is a commercial establishment, the activity of removing such waste is subject to the licensing requirement. EdCia Corp. v. McCormack 2007 NY Slip Op. 8179, 44 AD3d 991, 845 NYS2d 104, 2007 NY App.Div. Lexis 11121 (App. Div. 2nd Dept.).

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent

to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-506 Term and fee for license or registration.

a. A license or registration issued pursuant to this chapter shall be valid for a period of two years.

b. The commission shall promulgate rules establishing the fee for any license or registration required by this chapter. Such rules may provide for a fee to be charged for each vehicle in excess of one that will transport waste pursuant to such license and for each such vehicle operated pursuant to such registration.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent

to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-507 Registration application.

a. Except in the case of a business issued a registration by reason of the grant of an exemption from the requirement for a license pursuant to section 16-505 of this chapter, an applicant for registration shall submit an application on a form prescribed by the commission and containing such information as the commission determines will adequately identify the business of such applicant. An applicant for registration to remove trade waste generated in the course of such applicant's business shall identify, in a manner to be prescribed by the commission, each vehicle that will transport waste pursuant to such registration. An application for registration as a trade waste broker shall contain information regarding any financial, contractual or employment relationship between such broker and a trade waste business. Any such relationship shall be indicated on the registration issued to such broker.

b. A registrant shall, in accordance with rules promulgated by the commission pursuant to section 16-504 of this chapter, inform the commission of any changes in the ownership composition of the registrant, the addition or deletion of any principal at any time subsequent to the issuance of the registration, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted on the application for registration.

c. (i) Notwithstanding any provision of this chapter, the commission may, when there is reasonable cause to believe that a trade waste broker who is an applicant for registration lacks good character, honesty and integrity, require that such applicant be fingerprinted and provide to the commission the information set forth in subdivision b of section 16-508 of this chapter and may, after notice and the opportunity to be heard, refuse to register such applicant for the reasons set forth in paragraphs (i) through (xi) of subdivision a of section 16-509 of this chapter.

(ii) If at any time subsequent to the registration of a trade waste broker or the issuance of a registration issued by

reason of the grant of an exemption from the requirement for a license pursuant to section 16-505 of this chapter, the commission has reasonable cause to believe that any or all of the principals of such broker or such exempt business do not possess good character, honesty and integrity, the commission may require that such principal(s) be fingerprinted and provide the background information required by subdivision b of section 16-508 of this chapter and may, after notice and the opportunity to be heard, revoke the registration of such trade waste broker or such exempt business for the reasons set forth in paragraphs (i) through (x) of subdivision a of section 16-509 of this chapter.

**HISTORICAL NOTE**

Section added L.L. 42/1996 § 2, eff. June 3, 1996 with special provisions

noted in footnote to Title 1.

**FOOTNOTES**

[Footnote 1]: ** Heading provided by editor, Title 16-A added L.L. 42/1996 § 2, formerly Subchapter 18 §§ 20-332-20-338, see under these sections for historical notes.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste

district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee

therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-508 License application.

a. An applicant for a license pursuant to this chapter shall submit an application in the form and containing the information prescribed by the commission. An application shall include, without limitation: (i) a list of the names and addresses of all principals of the applicant business, including any manager or other person who has policy or financial decision-making authority in the business; and (ii) a list of the names and job titles of all employees and prospective employees of the applicant business who are or will be engaged in the operation of the trade waste business; and (iii) such other information as the commission shall determine by rule will properly identify such employees and prospective employees.

b. An applicant shall: (i) be fingerprinted by a person designated for such purpose by the commission and pay a fee to be submitted by the commission to the division of criminal justice services for the purposes of obtaining criminal history records; and (ii) provide to the commission, upon a form prescribed by the commission and subject to such minimum dollar thresholds and other reporting requirements established on such form, information for the purpose of enabling the commission to determine the good character, honesty and integrity of the applicant, including but not limited to: (a) a listing of the names and addresses of any person having a beneficial interest in the applicant, and the amount and nature of such interest; (b) a listing of the amounts in which such applicant is indebted, including mortgages on real property, and the names and addresses of all persons to whom such debts are owed; (c) a listing of such applicant's real property holdings or mortgage or other interest in real property held by such applicant other than a primary residence and the names and addresses of all co-owners of such interest; (d) a listing of mortgages, loans, and instruments of indebtedness held by such applicant, the amount of such debt, and the names and addresses of all such debtors; (e) the name and address of any business in which such applicant holds an equity or debt interest, excluding

any interest in publicly traded stocks or bonds; (f) the names and addresses of all persons or entities from whom such applicant has received gifts valued at more than one thousand dollars in any of the past three years, and the name of all persons or entities (excluding any organization recognized by the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code) to whom such applicant has given such gifts; (g) a listing of all criminal convictions, in any jurisdiction, of the applicant; (h) a listing of all pending civil or criminal actions to which such applicant is a party; (i) a listing of any determination by a federal, state or city regulatory agency of a violation by such applicant of laws or regulations relating to the conduct of the applicant's business where such violation has resulted in the suspension or revocation of a permit, license or other permission required in connection with the operation of such business or in a civil fine, penalty, settlement or injunctive relief in excess of threshold amounts or of a type set forth in the rules of the commission; (j) a listing of any criminal or civil investigation by a federal, state, or local prosecutorial agency, investigative agency or regulatory agency, in the five year period preceding the application, wherein such applicant has: (A) been the subject of such investigation, or (B) received a subpoena requiring the production of documents or information in connection with such investigation; (k) a certification that the applicant has paid all federal, state, and local income taxes related to the applicant's business for which the applicant is responsible for the three tax years preceding the date of the application or documentation that the applicant is contesting such taxes in a pending judicial or administrative proceeding; (l) the name of any trade association in which the applicant is or has been a member or held a position and the time period during which such membership or position was held; (m) the names and addresses of the principals of any predecessor trade waste business of the applicant; and (n) such additional information concerning good character, honesty and integrity that the commission may deem appropriate and reasonable. An applicant may submit to the commission any material or explanation which the applicant believes demonstrates that any information submitted pursuant to subparagraphs (g), (h), (i), or (j) of this paragraph does not reflect adversely upon the applicant's good character, honesty and integrity. The commission may require that such applicants pay such fees to cover the expenses of fingerprinting and background investigations provided for in this subdivision as are set forth in the rules promulgated pursuant to section 16-504 of this chapter. Notwithstanding any other provision of this chapter, for purposes of this section: (A) in the case of an applicant which is a regional subsidiary of or otherwise owned, managed by or affiliated with a business that has national or international operations: (aa) (i) fingerprinting and disclosure under this section shall also be required of any persons not employed by the applicant who has direct management supervisory responsibility for the operations or performance of the applicant; and (ii) the chief executive officer, chief operating officer and chief financial officer, or any person exercising comparable responsibilities and functions, of any regional subsidiary or similar entity of such business over which any person subject to fingerprinting and disclosure under item (i) of this clause exercises similar responsibilities shall be fingerprinted and shall submit the information required pursuant to subparagraphs (g) and (h) of this paragraph, as well as such additional information pursuant to this paragraph as the commission may find necessary; and (bb) the listing specified under subparagraph (j) of this paragraph shall also be provided for any regional subsidiary or similar entity of the national or international business for which fingerprinting and disclosure by principals thereof is made pursuant to (aa) of this paragraph; and (B) "predecessor trade waste business" shall mean any business engaged in the removal, collection or disposal of trade waste in which one or more principals of the applicant were principals in the five year period preceding the application. For purposes of determining the good character, honesty and integrity of a business that removes, collects or disposes of trade waste, a trade waste broker or a business issued a registration by reason of the grant pursuant to section 16-505 of this chapter of an exemption from the requirement for a license, the term "applicant" shall apply to the business of such trade waste business, trade waste broker or exempt business and, except as specified by the commission, all the principals thereof; for purposes of investigations of employees or agents pursuant to section 16-510 of this chapter, the term "applicant" as used herein shall be deemed to apply to employees, agents or prospective employees or agents of an applicant for a license or a licensee. Notwithstanding any provision of this subdivision, the commission may accept, in lieu of submissions required pursuant to this subdivision, information, such as copies of submissions to any federal, state or local regulatory entity, where and to the extent that the commission finds that the contents of such submissions are sufficient or comparable to that required by this subdivision.

c. A licensee shall, in accordance with rules promulgated by the commission pursuant to section 16-504 of this chapter, inform the commission of any changes in the ownership composition of the licensee, the addition or deletion of

any principal at any time subsequent to the issuance of the license, membership in a trade association in addition to an association identified in the application submitted pursuant to this section, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted on the application for a license. A licensee shall provide the commission with notice of at least ten business days of the proposed addition of a new principal to the business of such licensee. The commission may waive or shorten such period upon a showing that there exists a bona fide business requirement therefor. Except where the commission determines within such period, based upon information available to it, that the addition of such new principal may have a result inimical to the purposes of this chapter, the licensee may add such new principal pending the completion of review by the commission. The licensee shall be afforded an opportunity to demonstrate to the commission that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of this chapter. If upon the completion of such review, the commission determines that such principal lacks good character, honesty and integrity, the license shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such license, as the case may be, within the time period prescribed by the commission.

d. Each applicant shall provide the commission with a business address in New York city where notices may be delivered and legal process served.

**HISTORICAL NOTE**

[Footnote 1]: ** Heading provided by editor, Title 16-A added L.L. 42/1996 § 2, formerly Subchapter 18 §§ 20-332-20-338, see under these sections for historical notes.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing

laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective

date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated

pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

***** Current through December 2009 ****

*NYC Administrative Code 16-509*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-509 Refusal to issue a license.

a. The commission may, by majority vote of its entire membership and after notice and the opportunity to be heard, refuse to issue a license to an applicant who lacks good character, honesty and integrity. Such notice shall specify the reasons for such refusal. In making such determination, the commission may consider, but is not limited to: (i) failure by such applicant to provide truthful information in connection with the application; (ii) a pending indictment or criminal action against such applicant for a crime which under this subdivision would provide a basis for the refusal of such license, or a pending civil or administrative action to which such applicant is a party and which directly relates to the fitness to conduct the business or perform the work for which the license is sought, in which cases the commission may defer consideration of an application until a decision has been reached by the court or administrative tribunal before which such action is pending; (iii) conviction of such applicant for a crime which, considering the factors set forth in section seven hundred fifty-three of the correction law, would provide a basis under such law for the refusal of such license; (iv) a finding of liability in a civil or administrative action that bears a direct relationship to the fitness of the applicant to conduct the business for which the license is sought; (v) commission of a racketeering activity or knowing association with a person who has been convicted of a racketeering activity, including but not limited to the offenses listed in subdivision one of section nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organizations statute (18 U.S.C. §1961 et seq.) or of an offense listed in subdivision one of section 460.10 of the penal law, as such statutes may be amended from time to time, or the equivalent offense under the laws of any other jurisdiction; (vi) association with any member or associate of an organized crime group as identified by a federal, state or city law enforcement or investigative agency when the applicant knew or should have known of the organized crime associations of such person; (vii) having been a principal in a predecessor trade waste business as such term is defined in subdivision a of section 16-508 of this chapter where the commission would be authorized to deny a license to such

predecessor business pursuant to this subdivision; (viii) current membership in a trade association where such membership would be prohibited to a licensee pursuant to subdivision j of section 16-520 of this chapter unless the commission has determined, pursuant to such subdivision, that such association does not operate in a manner inconsistent with the purposes of this chapter; (ix) the holding of a position in a trade association where membership or the holding of such position would be prohibited to a licensee pursuant to subdivision j of section 16-520 of this chapter; (x) failure to pay any tax, fine, penalty, fee related to the applicant's business for which liability has been admitted by the person liable therefor, or for which judgment has been entered by a court or administrative tribunal of competent jurisdiction. For purposes of determination of the character, honesty and integrity of a trade waste broker pursuant to subdivision c or subdivision d of section 16-507 of this chapter, the term "applicant" shall refer to the business of such trade waste broker and all the principals thereof; for purposes of determining the good character, honesty and integrity of employees or agents pursuant to section 16-510 of this chapter, the term "applicant" as used herein shall be deemed to apply to employees, agents or prospective employees or agents of an applicant for a license or a licensee.

b. The commission may refuse to issue a license or registration to an applicant for such license or an applicant for registration who has knowingly failed to provide the information and/or documentation required by the commission pursuant to this chapter or any rules promulgated pursuant hereto or who has otherwise failed to demonstrate eligibility for such license under this chapter or any rules promulgated pursuant hereto.

c. The commission may refuse to issue a license to an applicant when such applicant: (i) was previously issued a license or a trade waste permit pursuant to this chapter or former subchapter eighteen of chapter two of title twenty of this code and such license was revoked pursuant to the provisions of this chapter or revoked or not renewed pursuant to the provisions of such former subchapter eighteen or any rules promulgated thereto; or (ii) has been determined to have committed any of the acts which would be a basis for the suspension or revocation of a license pursuant to this chapter or any rules promulgated hereto.

d. The commission may refuse to issue a license pursuant to this chapter to any applicant, where such applicant or any of the principals of such applicant have been principals of a licensee whose license has been revoked pursuant to paragraph two of subdivision b of section 16-513 of this chapter.

**HISTORICAL NOTE**

Section added L.L. 42/1996 § 2, eff. June 3, 1996 with special provisions

noted in footnote to Title 1.

**CASE NOTES**

¶ 1. There was a sufficient basis for denying petitioners' applications for waste carter licenses, where petitioners' principals had lied during investigative depositions both about their knowledge of the waste carter cartel and their participation in the activities of the cartel. Hollywood Carting Corp. v. City of New York, 288 A.D.2d 71, 733 N.Y.S.2d 25 (1st Dept. 2001).

¶ 2. The court held that there was a rational basis for the Commission to conclude that petitioner, by participating in the mob-controlled waste cartel's property rights system, failing to provide truthful information to the Commission, and obstructing an investigation into alleged deceptive trade practices, committed anti-competitive racketeering acts. Thus, the Commission's determination that petitioner did not have the requisite character, honesty and integrity for licensure, was not arbitrary and capricious. De Costole Carting, Inc. v. Business Integrity Commission of the City of New York, 2 A.D.3d 225, 768 N.Y.S.2d 317 (1st Dept. 2003), appeal dismissed, 2 N.Y.3d 759, leave to appeal denied, 3 N.Y.3d 605, 785 N.Y.S.2d 21, 818 N.E.2d 663 (2004).

¶ 3. In Sindone v. City of New York, 2 A.D.3d 125, 767 N.Y.S.2d 438 (1st Dept. 2003), the court upheld a

determination by the Commission that an applicant lacked the character and integrity to work as a principal or employee in the New York City waste hauling industry. The evidence showed that the applicant gave false or misleading information in connection with his former membership in a trade waste association which had been charged with antitrust violations, and that he had been a principal in a trade waste business that did business with a known organized crime figure. Thus, the Commission had a rational basis for its decision. The court further held that the applicant did not have a due process right to a hearing on his application.

¶ 4. Fitness for a license under the statute is determined on a case-by-case basis. However, in Canal Carting and Canal Sanitation v. Business Integrity Comm., 19 Misc.3d 923, 856 N.Y.S.2d 845 (Sup.Ct. NY Co. 2008), the court held that the mere filing for bankruptcy reorganization and a conviction for technical violations involving illegal dumping, were not in themselves sufficient grounds for denial of a trade waste license. The court remanded the case for further consideration by the Business Integrity Commission.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste

district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee

therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-510*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-510 Investigation of employees.

a. (i) Each person who is not otherwise a principal as defined in section 16-501 of this chapter and who is employed or proposed to be employed by a licensee in a managerial capacity, or in a job category specified in rules promulgated by the commission pursuant to section 16-504 of this chapter, and each person who acts or is proposed to act in such a capacity or in such a category as an agent of a licensee, shall: (i) be fingerprinted by a person designated for such purpose by the commission and pay a fee to be submitted by the commission to the division of criminal justice services for the purposes of obtaining criminal history records, and (ii) submit to the commission the information set forth in subparagraphs (b) through (n) of paragraph (ii) of subdivision b of section 16-508 of this chapter and pay the fee for the investigation of such information set forth in the rules promulgated pursuant to section 16-504 of this chapter. Where, at any time subsequent to an investigation of an employee subject to the provisions of this subdivision, the commission has reasonable cause to believe that such employee lacks good character, honesty and integrity, the commission may conduct an additional investigation of such employee and may require, if necessary, that such employee provide information updating, supplementing or explaining information previously submitted. The job categories specified in rules of the commission for purposes of such fingerprinting and disclosure shall not include personnel engaged solely in operating vehicles or handling waste or clerical personnel who have no contact with customers.

(ii) Notwithstanding any other provision of this chapter, a licensee shall provide the commission with notice of at least ten business days of the proposed addition to the business of the licensee of any person subject to the provisions of this subdivision. The commission may waive or shorten such ten day period upon a showing that there exists a bona fide business requirement therefor. Except where the commission determines within such period, based on information available to it, that the addition of such new person may have a result inimical to the purposes of this chapter, the

licensee may add such person pending the completion of an investigation by the commission. The licensee shall be afforded an opportunity to demonstrate to the commission that the addition of such new person pending completion of the investigation would not have a result inimical to the purposes of this chapter. If upon the completion of such investigation, the commission makes a final determination that such person lacks good character, honesty and integrity, the license shall cease to be valid unless the employment of such person in the business of such licensee is discontinued within the time period prescribed by the commission.

b. (i) Where the commission has reasonable cause to believe that an employee or agent or prospective employee or agent of a licensee or an applicant for a license not subject to the provisions of subdivision a of this section lacks good character, honesty and integrity, the commission shall notify such employee or agent or prospective employee or agent that he or she shall be required to be fingerprinted and submit the information required by subdivision a of this section.

c. Where, following a background investigation conducted pursuant to this section, the official designated by the commission to review the findings of such investigation concludes that an employee or agent or prospective employee or agent of a licensee lacks good character, honesty and integrity, such person shall be provided with notice of such conclusion and the reasons therefor and may contest the conclusion in person or in writing to such official. Such official shall review such response and, in the event that he or she continues to find that such person lacks good character, honesty and integrity, shall submit such final conclusion to the commission. The commission shall provide such person with notice of the conclusion of the official and an opportunity to be heard to appeal such conclusion before the commission makes a final determination.

d. A licensee shall not employ or engage as an agent any person with respect to whom the commission has made a final determination, following a background investigation conducted pursuant to this section, that such person lacks good character, honesty and integrity.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting

influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of

this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless

earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

*NYC Administrative Code 16-511*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-511 Independent auditing or monitoring required.

a. The commission may, in the event the background investigation conducted pursuant to section 16-508 of this chapter produces adverse information, require as a condition of a license that the licensee enter into a contract with an independent auditor approved or selected by the commission. Such contract, the cost of which shall be paid by the licensee, shall provide that the auditor investigate the activities of the licensee with respect to the licensee's compliance with the provisions of this chapter, other applicable federal, state and local laws and such other matters as the commission shall determine by rule. The contract shall provide further that the auditor report the findings of such monitoring and investigation to the commission on a periodic basis, no less than four times a year.

b. In the case of an applicant or licensee who is the subject of a pending indictment or criminal action for a crime that would provide a basis for the refusal to issue a license under this chapter, the commission, in its discretion, may, in the case of an applicant, refrain from making a licensing determination until final disposition of the criminal case, and may also require as a condition of the license that an applicant or licensee enter into a contract with an independent monitor approved or selected by the commission. The cost of such contract shall be paid by the applicant or licensee, and such contract shall require that the monitor review and either approve or disapprove certain actions proposed to be taken by the licensee, where such actions fall within a category identified by rule of the commission as having a particular bearing on the fitness of an applicant or a licensee to hold a license to conduct a trade waste removal business under this chapter. Such actions shall include, without limitation, any decision to assign contracts for the removal, collection or disposal of trade waste, any decision to transfer an ownership interest or substantial assets to another person or entity where such interests or assets exceed a threshold established in such rule, any significant expenditure by the business as defined in such rule, and the initiation of any litigation against a customer or another

trade waste removal business or its customer. The monitor shall report promptly to the commission concerning the disposition of any such actions in the manner set forth in rules of the commission.

c. The commission shall be authorized to prescribe, in any contract required by the commission pursuant to this section, such reasonable terms and conditions as the commission deems necessary to effectuate the purposes hereof.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption,

to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the

commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application,

in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-512 Investigations by the department of investigation.

In addition to any other investigation authorized pursuant to law, the commissioner of the department of investigation shall, at the request of the commission, conduct a study or investigation of any matter arising under the provisions of this chapter, including but not limited to investigation of the information required to be submitted by applicants for licenses and employees and the ongoing conduct of licensees.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date

provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any

time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-513 Revocation or suspension of license or registration.

a. In addition to the penalties provided in section 16-515 of this chapter, the commission may, after due notice and opportunity to be heard, revoke or suspend a license or registration issued pursuant to the provisions of this chapter when the registrant or licensee and/or its principals, employees and/or agents: (i) have been found to be in violation of this chapter or any rules promulgated pursuant thereto; (ii) have been found by a court or administrative tribunal of competent jurisdiction to have violated: (A) any provision of section 16-119 of this code, or any rule promulgated pursuant thereto, relating to illegal dumping, (B) any provision of section 16-120.1 of this code, or any rule promulgated pursuant thereto, relating to the disposal of regulated medical waste and other medical waste or (C) any provision of section 16-117.1 of this code, or any rule promulgated pursuant thereto, relating to the transportation and disposal of waste containing asbestos; (iii) has repeatedly failed to obey lawful orders of any person authorized by section 16-517 of this chapter to enforce the provisions hereof; (iv) has failed to pay, within the time specified by a court, the department of consumer affairs or an administrative tribunal of competent jurisdiction, any fines or civil penalties imposed pursuant to this chapter or the rules promulgated pursuant thereto; (v) has been found in persistent or substantial violation of any rule promulgated by the commission pursuant to section 16-306 of this code or by the commissioner of consumer affairs pursuant to section 16-306 or former subchapter eighteen of title twenty of this code; (vi) has been found in persistent or substantial violation of any city, state, or federal law, rule or regulation regarding the handling of trade waste, or any laws prohibiting deceptive, unfair, or unconscionable trade practices; (vii) whenever, in relation to an investigation conducted pursuant to this chapter, the commission determines, after consideration of the factors set forth in subdivision a of section 16-509 of this code, that the licensee or registrant as a trade waste broker lacks good character, honesty and integrity; (viii) whenever there has been any false statement or any misrepresentation as to a material fact in the application or accompanying papers upon which the issuance of such license or registration

was based; or (ix) whenever the licensee or registrant has failed to notify the commission as required by subdivision b of section 16-507 or subdivision c of section 16-508 of this chapter of any change in the ownership interest of the business or other material change in the information required on the application for such license or registration, or of the arrest or criminal conviction of such licensee or registrant or any of his or her principals, employees and/or agents of which the licensee had knowledge or should have known.

b. The commission shall, in addition: (1) suspend a license issued pursuant to this chapter for thirty days following determination that the licensee, or any of its principals, employees or agents has violated subdivision a of section 16-524 of this chapter; and (2) revoke a license issued pursuant to this chapter upon determination that the licensee, or any of its principals, employees or agents has violated subdivision a of section 16-524 of this chapter two times within a period of three years.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission

established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the

commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-514 Emergency suspension of license or registration.

Notwithstanding any other provision of this chapter or rules promulgated thereto, the commission may, upon a determination that the operation of the business of a licensee or the removal of waste by a business required by this chapter to be registered creates an imminent danger to life or property, or upon a finding that there has likely been false or fraudulent information submitted in an application pursuant to section 16-507 or section 16-508 of this chapter, immediately suspend such license or registration without a prior hearing, provided that provision shall be made for an immediate appeal of such suspension to the chair of the commission who shall determine such appeal forthwith. In the event that the chair upholds the suspension, an opportunity for a hearing shall be provided on an expedited basis, within a period not to exceed four business days and the commission shall issue a final determination no later than four days following the conclusion of such hearing.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other

agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set

forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

§ 16-515 Penalties.

In addition to any other penalty provided by law: a. Except as otherwise provided in subdivision b or subdivision c of this section, any person who violates any provision of this chapter or any of the rules promulgated thereto shall be liable for a civil penalty which shall not exceed ten thousand dollars for each such violation. Such civil penalty may be recovered in a civil action or may be returnable to the department of consumer affairs or other administrative tribunal of competent jurisdiction;

b. (i) Any person who violates subdivision a of section 16-505 or section 16-524 of this chapter shall, upon conviction thereof, be punished for each violation by a criminal fine of not more than ten thousand dollars for each day of such violation or by imprisonment not exceeding six months, or both; and any such person shall be subject to a civil penalty of not more than five thousand dollars for each day of such violation to be recovered in a civil action or returnable to the department of consumer affairs or other administrative tribunal of competent jurisdiction; and

c. Any person who violates subdivision b of section 16-505 of this chapter or any rule pertaining thereto shall, upon conviction thereof, be punished by a civil penalty not to exceed one thousand dollars for each such violation to be recovered in a civil action or returnable to the department of consumer affairs or other administrative tribunal of competent jurisdiction.

d. The corporation counsel is authorized to commence a civil action on behalf of the city for injunctive relief to restrain or enjoin any activity in violation of this chapter and for civil penalties.

e. (i) In addition to any other penalty prescribed in this section for the violation of subdivisions a or b of section

16-505 or subdivision a of section 16-524 of this chapter, or when there have been three or more violations within a three year period of the provisions herein, the commission shall, after notice and the opportunity to be heard, be authorized: to order any person in violation of such provisions immediately to discontinue the operation of such activity at the premises from which such activity is operated; to order that any premises from which activity in violation of such provisions is operated shall be sealed, provided that such premises are used primarily for such activity; and to order that any vehicles or other devices or instrumentalities utilized in the violation of such provisions shall be removed, sealed, or otherwise made inoperable. An order pursuant to this paragraph shall be posted at the premises from which activity in violation of such provisions occurs.

(ii) Ten days after the posting of an order issued pursuant to paragraph (i) of this subdivision, this order may be enforced by any person so authorized by section 16-517 of this chapter.

(iii) Any vehicle or other device or instrumentality removed pursuant to the provisions of this section shall be stored in a garage, pound or other place of safety and the owner or other person lawfully entitled to the possession of such item may be charged with reasonable costs for removal and storage payable prior to the release of such item.

(iv) A premise ordered sealed or a vehicle or other device or instrumentality removed pursuant to this section shall be unsealed or released upon payment of all outstanding fines and all reasonable costs for removal and storage and, where the underlying violation is for unlicensed or unregistered activity or unauthorized activity in a special trade waste district, demonstration that a license has been obtained or a business registered or proof satisfactory to the commission that such premise or item will not be used in violation of subdivision a or b of section 16-505 or subdivision a of section 16-524 of this chapter.

(v) It shall be a misdemeanor for any person to remove the seal from any premises or remove the seal from or make operable any vehicle or other device or instrumentality sealed or otherwise made inoperable in accordance with an order of the commission.

(vi) A vehicle or other device or instrumentality removed pursuant to this section that is not reclaimed within ninety days of such removal by the owner or other person lawfully entitled to reclaim such item shall be subject to forfeiture upon notice and judicial determination in accordance with provisions of law. Upon forfeiture, the commission shall, upon a public notice of at least five days, sell such item at public sale. The net proceeds of such sale, after deduction of the lawful expenses incurred, shall be paid into the general fund of the city.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly

influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date,

whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly

influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date,

whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-517 Enforcement.

Notices of violation for violations of any provision of this chapter or any rule promulgated hereunder may be issued by authorized employees or agents of the commission. In addition, such notices of violation may be issued by the police department, and, at the request of the commission and with the consent of the appropriate commissioner, by authorized employees and agents of the department of consumer affairs, the department of small business services, the department of transportation, and the department of sanitation.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further

examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative

code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-518 Hearings.

a. A hearing pursuant to this chapter may be conducted by the commission, or, in the discretion of the commission, by an administrative law judge employed by the office of administrative trials and hearings or other administrative tribunal of competent jurisdiction. Where a hearing pursuant to a provision of this chapter is conducted by an administrative law judge, such judge shall submit recommended findings of fact and a recommended decision to the commission, which shall make the final determination.

b. Notwithstanding the provisions of subdivision a of this section, the commission may provide by rule that hearings or specified categories of hearings pursuant to this chapter may be conducted by the department of consumer affairs. Where the department of consumer affairs conducts such hearings, the commissioner of consumer affairs shall make the final determination.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be

assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen

of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-519 Rate fixing; hearings and production of records.

The commission shall have the power to fix by rule and from time to time refix maximum and minimum rates, fixed according to weight or volume of trade waste, for the removal of waste by a licensee, which rates shall be based upon a fair and reasonable return to the licensees and shall protect those using the services of such licensees from excessive or unreasonable charges. The commission may compel the attendance at a public hearing held pursuant to a rate-fixing rule-making of licensees and other persons having information in their possession in regard to the subject matter of such hearing and may compel the production of books and records in relation thereto, and may require licensees to file with the commission schedules of rates.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the

performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in

effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-520 Conduct by licensees of trade waste collection, removal or disposal.

a. Every licensee pursuant to this chapter shall provide to every recipient of its services a sign which the licensee shall obtain from the commission. In addition to the information printed on the sign by the commission, the licensee shall print the day and approximate time of pickup clearly and legibly on the sign. Such sign shall be conspicuously posted as prescribed in section 16-116(b) of this code by the owner, lessee or person in control of the commercial establishment which receives the licensee's services.

b. Except as otherwise provided in subdivision d of section 16-523, a licensee shall not charge, exact or accept rates for the collection, removal or disposal of trade waste any amount greater than any maximum rates or less than any minimum rates that the commission may fix pursuant to section 16-519 of this chapter.

c. All licensees shall maintain audited financial statements, records, ledgers, receipts, bills and such other written records as the commission determines are necessary or useful for carrying out the purposes of this chapter. Such records shall be maintained for a period of time not to exceed five years to be determined by rule by the commission, provided however, that such rule may provide that the commission may, in specific instances at its discretion, require that records be retained for a period of time exceeding five years. Such records shall be made available for inspection and audit by the commission at its request at either the licensee's place of business or at the offices of the commission.

d. A licensee shall be in compliance with all applicable state, federal and local laws, ordinances, rules and regulations pertaining to the collection, removal and disposal of trade waste.

e. (i) A contract for the collection, removal or disposal of trade waste shall not exceed two years in duration. All

such contracts shall be approved as to form by the commission.

(ii) An assignee of contracts for the removal, collection or disposal of trade waste shall notify each party to a contract so assigned of such assignment and of the right of such party to terminate such contract within three months of receiving notice of such assignment upon thirty days notice. Such notification shall be by certified mail with the receipt of delivery thereof retained by the assignee and shall be upon a form prescribed by the commission. Where no written contract exists with a customer for the removal, collection or disposal of trade waste, a company that assumes such trade waste removal from another company shall provide such customer with notice that a new company will be providing such trade waste removal and that the customer has the right to terminate such service. Such notice shall be by certified mail with the receipt of delivery thereof retained by the assignee.

f. A licensee shall bill commercial establishments for removal, collection or disposal of trade waste in a form and manner to be prescribed by the commission.

g. A licensee shall not refuse to provide service to a commercial establishment that is located within an area of ten blocks from an establishment served by such licensee unless such licensee has demonstrated to the commission a lack of capacity or other business justification for the licensee's refusal to service such establishment. For the purposes of this subdivision, the term "block" shall mean the area of a street spanning from one intersection to the next.

h. A licensee shall provide to the commission the names of any employees proposed to be hired or hired subsequent to the issuance of a license and such information regarding such employees as is required in regard to employees and prospective employees pursuant to subdivision a of section 16-508 of this chapter.

i. A licensee who provides services for a commercial establishment shall keep the sidewalk, flagging, curbstone and roadway abutting such establishment free from obstruction, garbage, refuse, litter, debris and other offensive material resulting from the removal by the licensee of trade waste.

j. (i) No licensee or principal thereof shall be a member or hold a position in any trade association: (aa) where such association, or a predecessor thereof as determined by the commission, has violated state or federal antitrust statutes or regulations, or has been convicted of a racketeering activity or similar crime, including but not limited to the offenses listed in subdivision one of section nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organizations statute (18 U.S.C. §1961 et seq.) or an offense listed in subdivision one of section 460.10 of the penal law, as such statutes may be amended from time to time; (bb) where a person holding a position in such trade association, or a predecessor thereof as determined by the commission, has violated state or federal antitrust statutes or regulations, or has been convicted of a racketeering activity or similar crime, including but not limited to the offenses listed in subdivision one of section nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organizations statute (18 U.S.C. §1961 et seq.) or an offense listed in subdivision one of section 460.10 of the penal law, as such statutes may be amended from time to time; (cc) where a person holding a position in such trade association, or a predecessor thereof as determined by the commission, is a member or associate of an organized crime group as identified by a federal, state or city law enforcement or investigative agency; or (dd) where the trade association has failed to cooperate fully with the commission in connection with any investigation conducted pursuant to this chapter. The commission may determine, for purposes of this subdivision, that a trade association is a predecessor of another such trade association by finding that transfers of assets have been made between them or that all or substantially all of the persons holding positions in the two associations are the same. A licensee shall be in violation of this paragraph when the licensee knows or should know of a violation, conviction, association with organized crime or failure to cooperate set forth herein.

(ii) Notwithstanding the provisions of paragraph (i) of this subdivision, the commission may permit a licensee to be a member of such a trade association upon a determination by the commission that such association does not operate in a manner inconsistent with the purposes of this chapter.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall

not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such

subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration

issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

*NYC Administrative Code 16-521*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-521 Conduct of trade waste brokers.

a. A trade waste broker shall not conduct an evaluation or analysis of the trade waste generated by a commercial establishment in order to recommend cost efficient means of waste disposal or other changes in related business practices, or broker a transaction between a commercial establishment which seeks trade waste removal, collection or disposal services and a trade waste business required to be licensed pursuant to this chapter, unless such broker has first presented a copy of his or her registration to such consumer.

b. A trade waste broker who conducts an evaluation or analysis of a trade waste generated by a commercial establishment in order to recommend cost efficient means of waste disposal or other changes in related business practices shall not request or accept any payment in regard to such evaluation or analysis from a party other than the commercial establishment for whom such services are performed unless such broker has first disclosed to such establishment that he or she proposes to request or accept such payment.

c. A trade waste broker who brokers a transaction between a commercial establishment seeking trade waste removal, collection or disposal services and a trade waste business required to be licensed pursuant to this chapter shall not request or accept payment from such trade waste business.

d. A trade waste broker shall not engage in the collection of fees from commercial establishments for trade waste removal by a trade waste business required to be licensed pursuant to this chapter except where: (i) the contract for such fee collection complies with standards set forth in rules promulgated by the commission; (ii) such fee collection is upon the request of the customer; and (iii) such fee collection is part of an agreement providing for other services such as periodic waste evaluation and consulting with respect to source separation, recycling or other business practices

relating to trade waste.

e. A trade waste broker shall maintain such financial statements, records, ledgers, receipts, bills and other written records as the commission determines are necessary or useful for carrying out the purposes of this chapter. Such records shall be maintained for a period of time not to exceed five years to be determined by rule by the commission, provided however, that such rule may provide that the commission may, in specific instances at its discretion, require that records be retained for a period of time exceeding five years. Such records shall be made available for inspection and audit by the commission at its request at either the place of business of the trade waste broker or at the offices of the commission.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York

city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code

as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a

license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date

provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any

time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-523*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-523 Special trade waste removal districts; designation; agreement.

a. The commission shall by rule designate no more than two areas of the city in commercial areas within different boroughs to participate in a pilot project as special trade waste removal districts. In making any such designation, the commission shall consider:

1. the number and types of commercial establishments within the proposed district;

2. the amount and types of waste generated by commercial establishments within the proposed district;

3. existing service patterns within the proposed district;

4. the types and estimated amounts of recyclable materials generated by commercial establishments within the proposed district that are required to be recycled, reused or sold for reuse pursuant to section 16-306 of this code and any rules promulgated pursuant thereto;

5. the rates being charged by persons licensed pursuant to this subchapter to commercial establishments within the proposed district; and

6. the history of complaints from commercial establishments within the district regarding overcharging for the removal of trade waste or the inability to change providers of trade waste removal services.

b. For each area designated as a special trade waste removal district by the commission pursuant to subdivision a of this section, the commission shall be authorized to enter into agreements with one or more specified licensee(s)

permitting such licensee(s) to provide for the removal of trade waste within such district. The term of any such agreement, inclusive of any period by which the original term is extended at the option of the commission, shall not exceed two years. No such agreement(s) shall be entered into until a public hearing has been held with respect thereto after publication in the City Record at least thirty days in advance of such hearing and the commission has solicited as part of the record of such hearing whether there is support for the establishment of such special trade waste removal district from local business organizations or business improvement districts.

c. The commission shall issue requests for proposals to conduct trade waste removal in a special trade waste removal district and, based upon the review and evaluation of responses thereto, may negotiate and enter into such agreement(s) pursuant to subdivision b of this section, as the commission, in its discretion, determines will best provide for the efficient and orderly removal of trade waste in such district. Such request for proposals shall solicit information regarding the qualifications of proposers, the nature and frequency of the trade waste removal services to be provided, the rate or rates to be charged to establishments for such services, the nature and extent of recycling services and waste audit services, if any, to be provided, and any other information relating to performance standards, customer service and security of performance the commission deems appropriate. The commission shall enter into one or more such agreement(s) if it finds, on the basis of the proposals, that such agreement(s) will likely result in improved customer service and lower rates.

d. Any agreement(s) entered into pursuant to subdivision b of this section shall:

(1) specify the area within which services will be provided under such agreement;

(2) specify the frequency with which trade waste will be removed;

(3) specify the maximum rate or rates to be charged to establishments in such area for the removal of trade waste generated by such establishments;

(4) specify any recycling services and any waste audit programs to be provided to establishments within such area;

(5) establish a procedure to determine the type and volume of waste removed from establishments in order to ensure adequate assessment of the charges for such removal, and prescribe any other appropriate requirements relating to performance standards, customer service, security of performance, or such other matters as the commission deems necessary to effectuate the purposes of this section; and

(6) require that the licensee shall enter into a contract with an independent auditor approved or selected by the commission, and that such contract, the cost of which shall be paid by the licensee, shall provide: that the auditor shall investigate the activities of the licensee with respect to the licensee's compliance with the provisions of this chapter, other applicable federal, state and local laws and such other matters as the commission shall determine by rule; and that the auditor shall report the findings of such monitoring and investigation to the commission on a periodic basis, no less than four times a year. The commission shall be authorized to prescribe such reasonable terms and conditions in such contract as the commission deems necessary to effectuate the purposes of this section.

e. No service provided pursuant to an agreement entered into pursuant to subdivision b of this section shall be subcontracted, nor shall the right to provide service pursuant to such an agreement be assigned or otherwise delegated, whether upon an emergency or any other basis, unless the commission has provided specific written authorization therefor.

f. The commission shall be authorized, upon due notice and hearing, to terminate an agreement entered into pursuant to subdivision b of this section based upon a determination that there has been a default in the performance of the terms and conditions of such agreement. In the event of termination, if the remaining licensees authorized to remove trade waste in the special trade waste district lack the capacity to adequately service the commercial establishments in

such districts the commission may, as appropriate: (i) enter into an additional agreement with a licensee who responded to the request for proposals previously issued for the special trade waste removal district pursuant to subdivision c of this section; or (ii) issue a new request for proposals pursuant to subdivision c of such section.

g. The provisions of this section and agreements concluded pursuant to subdivision b of this section shall not apply to:

(1) the collection and disposal of recyclable materials as such term is defined in subdivision i of section 16-303 of this code where a commercial establishment wishes to contract separately for the sale of any such materials;

(2) the collection and disposal of regulated medical waste pursuant to section 16-120.1 of this code;

(3) the collection and disposal of waste containing asbestos pursuant to section 16-117.1 of this code;

(4) the collection and disposal of demolition and construction debris or waste;

(5) the collection and disposal of hazardous waste pursuant to section 27-0901 of the environmental conservation law, including material containing hazardous waste;

(6) the removal and disposal of waste by the owner, lessee or person in control of a commercial establishment;

(7) the removal and disposal of trade waste from a building with a floor area of two hundred thousand square feet or more, when the owner or managing agent of such building elects to arrange for the removal and disposal of all the trade waste from such building by a licensee other than a licensee with whom the commission has entered into agreement pursuant to subdivision b of this section; and

(8) the removal and disposal of trade waste from a building located within the special trade waste removal district owned or controlled by an individual or an entity that owns or controls a building or buildings within the city of New York which, in the aggregate, occupy a floor area of one million square feet or more, where the contract for the collection, removal or disposal of trade waste for the building located within the special trade waste removal district is with a licensee who also provides trade waste removal services for other buildings within the city of New York that are owned or controlled by such individual or entity. For the purpose of this paragraph: an entity shall be defined as a sole proprietorship, partnership, corporation, net lessee, mortgagee or vendee in possession, a trustee in bankruptcy or a receiver; and an individual shall be defined as a sole proprietor, the managing or general partner of one or more partnerships or the chief operating officer or executive officer of one or more corporations. An individual's aggregate ownership or controlling interest shall be computed by adding the square footage of all buildings within the city of New York owned by partnerships and corporations in which the individual serves as the managing or general partner of the partnerships and/or the chief operating officer or executive officer of the corporations, including those buildings where the managing or general partner is a corporation in which the individual is the chief operating officer or executive officer.

h. Except for a licensee who has entered into an agreement with the commission pursuant to subdivision b of this section, a trade waste business required to be licensed pursuant to this chapter shall notify the commission of any agreement to provide a service described in subdivision g of this section within a special trade waste district. The commission may provide by rule for the visual identification of vehicles providing such services in a special trade waste district.

i. Nothing in subdivision g of this section shall be construed to prohibit a commercial establishment in a special trade waste district from contracting for the services described in such subdivision with a licensee who has concluded an agreement pursuant to subdivision b of this section.

[Footnote 1]: ** Heading provided by editor, Title 16-A added L.L. 42/1996 § 2, formerly Subchapter 18 §§ 20-332-20-338, see under these sections for historical notes.

2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules

governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the

applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Administrative Code of the City of New York

***** Current through December 2009 ****

*NYC Administrative Code 16-524*

Administrative Code of the City of New York

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-524 Special trade waste removal districts; violations; enforcement.

a. Upon the date of commencement of service pursuant to agreements entered into pursuant to subdivision b of section 16-523 of this chapter permitting specified licensees to provide for the removal of trade waste generated by commercial establishments within a special trade waste district designated by the commission, (i) any contract for trade waste removal, except for services set forth in subdivision g of section 16-523 of this chapter, with a business other than a licensee who has entered into an agreement pursuant to subdivision b of section 16-513 of this chapter shall be considered terminated, and (ii) it shall be unlawful for any person not party to such an agreement, other than a person who is performing a contract for services set forth in subdivision g of section 16-523, whether or not licensed pursuant to this chapter, to provide for the removal of trade waste within such district, or to solicit commercial establishments located within such district for such purpose, or to make false, falsely disparaging or misleading oral or written statements or other representations to the owners or operators of such commercial establishments which have the capacity, tendency or effect of misleading such owners or operators, for the purpose of interfering with performance of terms of such an agreement.

b. Whenever a person interferes or attempts to interfere by threats, intimidation, or coercion, or by destruction or damage of property or equipment, with performance of the terms of an agreement entered into pursuant to subdivision b of section 16-523 of this code, the corporation counsel, at the request of the commission, may bring a civil action on behalf of the city for injunctive and other appropriate relief in order to permit the uninterrupted and unimpeded delivery of such services. Violations of an order issued pursuant to this subdivision may be punished by a proceeding for contempt brought pursuant to article nineteen of the judiciary law and, in addition to any relief thereunder, a civil penalty may be imposed not exceeding ten thousand dollars for each day that the violation continues.

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall

not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such

subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration

issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

Title 16-A Sanitation

CHAPTER 1 [Commercial Waste Removal]*1 NEW YORK CITY TRADE WASTE COMMISSION**2

§ 16-525 Displaced employee list.

The commission shall maintain a list containing the names and contact addresses or telephone numbers of persons formerly employed by a business engaged in the collection, removal or disposal of trade waste whose employment ended following the denial or revocation of a license pursuant to this chapter. The addition or deletion of information on such list shall be made only upon the request of such a former employee. A copy of such list shall be made available upon request to an applicant for a license pursuant to this chapter. The provision of such list shall in no way be construed as a recommendation by the city regarding the employment of any person on such list, nor shall the city be responsible for the accuracy of the information set forth therein.

**HISTORICAL NOTE**

[Footnote 1]: ** Heading provided by editor, Title 16-A added L.L. 42/1996 § 2, formerly Subchapter

18 §§ 20-332-20-338, see under these sections for historical notes.
2

[Footnote 2]: ** Note provisions of L.L. 42/1996:

Section 1. Legislative findings. The council hereby finds that the carting industry has been corruptly influenced by organized crime for more than four decades; that organized crime's corrupting influence over the industry has fostered and sustained a cartel in which carters do not compete for customers and in which customers are compelled to enter into long-term contracts with onerous terms, including "evergreen" clauses; that the anti-competitive effects of this cartel have resulted, with few exceptions, in the maximum rates established by the department of consumer affairs effectively being the only rate available to businesses; that businesses often pay substantially higher amounts than allowed under the maximum rate because carters improperly charge or overcharge for more waste than they actually remove; that organized crime's corrupting influence has resulted in numerous crimes and wrongful acts, including physical violence, threats of violence, and property damage to both customers and competing carting firms; that a situation in which New York city businesses, both large and small, must pay a "mob tax" in order to provide for removal of trade waste is harmful to the growth and prosperity of the local economy.

The council further finds that recent indictments have disclosed the pervasive nature of the problem, the structure of the cartel, and the corruption it furthers through the activities of individual carters and trade associations, and that law enforcement must be coupled with new and expanded regulatory efforts on the city's part. The council further finds that despite the efforts of city agencies to regulate the industry under existing laws and regulations, private carting companies have continued to engage in various illegal and anti-competitive practices. The council further finds that unscrupulous businesses in the industry have taken advantage of the absence of an effective regulatory scheme to engage in fraudulent conduct, such as the creation of a lucrative illegal landfill, and to actively discourage new firms from entering the industry.

The council therefore finds and declares that in order to provide for the more efficient and lawful conduct of businesses in the carting industry and to protect the public interest, it is necessary to establish a New York city trade waste commission that shall be responsible for the licensing and regulation of businesses in the carting industry.

Enactment of this chapter is intended to enhance the city's ability to address organized crime corruption, to protect businesses who utilize private carting services, and to increase competition in the carting industry with the aim of reducing consumer prices.

§8. The provisions of this local law shall be severable and if any phrase, clause, sentence, paragraph, subdivision or section of this local law, or the applicability thereof to any person or circumstance, shall be held invalid by any court of competent jurisdiction, the remainder of this local law and the application thereof shall not be affected thereby.

§9. No action or proceeding, civil or criminal, pending at the time when this local law shall take effect, brought by or against the city or any agency or officer, and no administrative proceeding brought by the department of consumer affairs, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer.

§10. Whenever by or pursuant to any provision of this local law functions, powers or duties may be assigned to the New York city trade waste commission which have been heretofore exercised by any other agency or officer, any officers and employees in the classified city civil service who are engaged in the

performance of such functions, powers or duties may be transferred to such commission without further examination or qualification, and shall retain their respective civil service classifications and civil service status.

§11. Notwithstanding any other provision of this local law: (i) a contract to provide trade waste collection, removal or disposal entered into prior to the effective date of this local law shall terminate on the date provided therein or shall be deemed to terminate no later than two years following such effective date, whichever date is earlier; (ii) a contract entered into on or after the effective date of this local law shall not exceed two years in duration; and (iii) provided, further, that any contract entered into by a trade waste removal business required to be licensed pursuant to section 16-505 of the administrative code of the city of New York as added by section two of this local law, that has not received a license from the New York city trade waste commission as established by section two of this local law, whether entered into prior to or on or subsequent to the effective date of this local law, shall as of thirty days following such effective date be terminable by either party thereto upon thirty days written notice and shall, if entered into on or subsequent to the effective date of this local law, contain prominent notice of such right of termination. Notwithstanding any other provision of this section, a business may apply to the commission to waive the determination clause requirement with respect to identified contracts. Such application shall contain the information prescribed in a form issued by the commission and shall be accompanied by a statement why a waiver would not be inconsistent with the purposes of this act. In determining in its discretion whether a waiver of the termination requirement would be consistent with the purposes of this act, the commission shall consider background information concerning the business and its principals and the full circumstances surrounding the negotiation or administration of such contracts, including but not limited to the form and content thereof. Application of the termination clause requirement set forth herein in regard to a business that submits a waiver application within thirty days following the effective date of this local law, together with such additional information and compliance with requirements as may be specified by the commission, shall be suspended pending the determination by the commission whether to grant such waiver.

§12. Notwithstanding any provision of law to the contrary, the New York city trade waste commission established by section 16-502 of the administrative code of the city of New York as added by section two of this local law may enter into an agreement with the department of sanitation pursuant to section 15-523 of such code as added by section two of this local law for such department to conduct trade waste removal in a special trade waste district designated by the commission pursuant to subdivision a of such section, where the department of sanitation has responded to a request for proposals to conduct trade waste removal in a special trade waste district pursuant to such section. In the event that the department responds to such request for proposals, the commissioner of sanitation shall take no part in the process of selection of a licensee or licensees pursuant to such section. The provisions of paragraph (6) of subdivision d of such section shall not apply to an agreement with the department of sanitation to conduct trade waste removal in a special trade waste district.

§13. Subchapter 18 of chapter 2 of title 20 of the administrative code of the city of New York is REPEALED, except that the department of consumer affairs shall retain the authority provided in such subchapter in relation to: (i) the issuance of permits for the removal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business establishment until the adoption of rules governing registration therefor promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; (ii) the regulation of the removal or disposal of such waste by a business who is a permittee pursuant to such subchapter until the expiration of the permit issued pursuant to such subchapter in accordance with the provisions set forth in section fourteen of this local law; and (iii) enforcement of the provisions of such subchapter and any rules promulgated pursuant thereto regarding the conduct of businesses who possess licenses pursuant to such subchapter that are valid on the effective date of this local law until the expiration of such licenses in accordance with the provisions set forth in section fourteen of this local law; and provided further that the rates for the removal, collection or disposal of trade waste set forth in rules of the department of consumer affairs promulgated pursuant to such subchapter shall remain in

effect until the New York city trade waste commission as established by section 16-502 of the administrative code as added by section two of this local law has fixed new rates or has determined that fixed rates shall not apply. Notwithstanding any provision of this section, such trade waste commission may, at any time subsequent to the effective date of this local law, notify the department of consumer affairs that the commission is prepared to assume responsibility for the functions described in paragraphs (ii) and (iii) of this section and may, at any time thereafter, assume jurisdiction over such functions.

§14. This local law shall take effect immediately, subject to the following provisions: (i) with respect to a business other than a trade waste broker required by this local law to register with the commission: any permit for the removal and disposal of waste generated in the course of operation of a business by the owner, lessee or person in control of such business issued pursuant to the provisions of subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law or that is issued subsequent to such date pursuant to the provisions of such section thirteen shall, unless earlier revoked pursuant to the provisions of such subchapter in accordance with the authority provided in such section thirteen, remain valid and upon payment of the renewal fee or fee therefor be deemed extended as follows: (1) where the permittee has submitted an application for registration, in the form and containing the information required by the commission, until the applicant has been registered by the commission; (2) where the permittee does not submit such application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in the rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law; and (ii) with respect to trade waste brokers, no enforcement of the registration requirements of this local law shall take place for thirty days following the effective date of rules promulgated pursuant to this local law, provided that, with respect to a trade waste broker who was operating such a business as of the effective date of this local law and whom the commission has required to submit to fingerprinting and disclosure requirements pursuant to section 16-507 of the administrative code as added by section two of this local law, no enforcement shall take place unless or until such broker has failed to submit the fingerprints and the required information, in the form and manner and by the date required by the commission, or the commission has denied the application for registration; and provided further (iii) with respect to a business required by this local law to possess a license issued by the commission: (a) where such business possesses a license issued pursuant to former subchapter 18 of chapter 2 of title 20 of the administrative code as repealed by section thirteen of this local law that is valid on the effective date of this local law such license shall, unless revoked earlier pursuant to the provisions of such subchapter, remain valid and upon payment of the renewal fee therefor be deemed extended as follows: (1) where such business has submitted fingerprints and an application, in the form and containing the information required by the commission, until such application has been denied or a new license has been granted; and (2) where such business does not submit such fingerprints or application, or submits an application that is not in the form or does not contain the required information, until the date required for the submission of such application in rules promulgated by the commission pursuant to chapter 1 of title 16-A of the administrative code as added by section two of this local law. The fee paid for a license or a permit deemed extended pursuant to this section shall be applied to the fee for a new license or registration issued by the commission, or where the commission denies such new license or registration, such fee shall be prorated to the actual time the license or permit has remained valid and any remainder shall be refunded to the applicant; (b) notwithstanding any provisions to the contrary of section 16-511 of the administrative code as added by section two of this local law, the commission may, in its discretion, require such business to enter into a contract with an independent auditor or an independent monitor, in the manner set forth in such section, at the time such business submits an application to the commission or at any time thereafter; (c) upon the application of a business that has not previously been licensed pursuant to such subchapter 18, the commission may, in its discretion, permit the operation of such business pending a license determination, provided that such business has submitted an application in the form and containing the information required by the commission.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-105 Commercial paper during epidemic; duties of city clerk.

a. Whenever the board of health, by public notice, shall designate any portion or district of the city as being the seat of any infectious or contagious disease, and declare communication with such portion or district to be dangerous, or shall prohibit such communication, the city clerk, during the continuance of such disease in such district, shall provide and keep in his or her office a book for the purpose of registering in alphabetical order, the names, firms and places of business of any inhabitant of the city who shall request such registry to be made.

b. All persons and firms usually resident or doing business within such infected district shall register, in the books so provided, their names or firms, with the place or places out of such infected district, but within the city to which they may have removed the transaction of their business, or to which they may desire any notices to be sent or served, or any notes, drafts, or bills to be presented for acceptance or for payment. Twenty-five cents may be claimed and received by the city clerk for every such registry; but the book in which the same shall be entered shall be open to public examination free of all charges at all times during office hours.

c. During the continuance of any such disease in such infected district, all drafts, notes and bills, which by law are required to be presented for acceptance or for payment, may be presented for such purpose at the place so designated in such registry, and all notices of nonacceptance and non-payment of any note, draft or bill, or of protest for such non-acceptance or non-payment, may be served by leaving the same at the place so designated.

d. In case any person or firm usually resident or doing business within such infected district shall neglect to make and cause to be entered in the book so provided, the registry herein required, all notes, drafts or bills which by law are required to be presented to such person or firm for acceptance or for payment, may be presented to the city clerk

during the continuance of such disease, at any time during office hours, and demand of acceptance or payment thereof may be made of such city clerk, to the same purpose and with the same effect as if the same had been presented and acceptance or payment demanded of such person or firm at their usual place of doing business.

e. In case of omission to make the registry herein required, all notices of the non-acceptance or non-payment of any note, draft, or bill, or of protest for such non-acceptance or non-payment, may be served on any person or firm usually resident or doing business within such infected district, by leaving the same at one of the post-offices in the city. Such service shall be as valid and effectual as if the notices had been served personally on such person or one of such firm at his, her or their usual place of doing business.

f. Whenever proclamation shall be made by the board of health, that an infectious or contagious disease in any infected district has subsided, it shall be deemed to have subsided for all purposes contemplated in this section.

§ 17-107 Inspection of vessels; removal; violation of orders, punishment for.

a. An officer or employee of the department shall visit and inspect all vessels coming to the wharves, landing places, or shores of the city, or within three hundred yards thereof, which are suspected of having on board any communicable disease, or of being likely to communicate such disease to the inhabitants of the city. Such officer or employee shall report in writing, stating the vessel so inspected and the nature, state, and situation thereof, and his or her opinion as to the probability of disease being communicated by or from the same, and shall file such report in the main office of the department.

b. If the department deem it probable that any such disease may be brought into the city or communicated to the inhabitants thereof, it may by order direct any vessel lying at a place within three hundred yards of any wharf, landing place or shore of the city to be removed at least three hundred yards therefrom within six hours after a copy of such order, certified by the secretary of the department, shall be delivered to the person or persons having command of such vessel, or to the master, owner or consignee thereof. Every person to whom such copy of such order shall be delivered shall forthwith comply with the same.

c. Failure to comply with the provisions of this section shall constitute a misdemeanor, punishable by a fine of not exceeding two hundred fifty dollars, or imprisonment not exceeding six months, or both.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-108 Infected places outside the city; proclamation.

a. The board may issue a proclamation declaring any place where there shall be reason to believe a communicable disease actually exists, to be an infected place within the meaning of the health laws of this state. Such proclamation shall fix the time when it shall cease to have effect but such period, from time to time, may be extended by the board if it shall judge the public health to require such extension. Notice of an extension shall be published in one or more newspapers of the city.

b. After such proclamation shall have been issued, all vessels arriving in the port of New York from such infected place shall be subject to a quarantine of at least thirty days or until the termination of the proclamation period, and together with their officers, crews, passengers and cargoes, shall be subject to all the provisions, regulations and penalties in relation to vessels subject to quarantine.

c. The board may prohibit or regulate the internal intercourse by land or water between the city and the infected place; and may direct that all persons who come into the city contrary to its prohibition or regulations shall be apprehended and conveyed to the vessel or places from where they last came, or if sick, to such place as the board shall direct.

d. Failure to comply with the provisions of this section shall constitute a misdemeanor, punishable by a fine of not exceeding two hundred fifty dollars, or imprisonment not exceeding six months, or both.

§ 17-121 Care and treatment of physically handicapped children.

a. As used in this section, the following terms shall mean or include:

1. "Physically handicapped child." A person under twenty-one years of age who, by reason of a physical defect or infirmity, whether congenital or acquired by accident, injury or disease, is or may be expected to be totally or partially incapacitated for education or for remunerative occupation.

2. "Legally responsible relatives." The parent or parents of a physically handicapped child or any other person or persons liable under the law for the support of such child.

3. "Legal custodian." The parent or parents of a physically handicapped child having lawful custody of such child, or any other person or persons having lawful custody of such child.

b. Whenever the commissioner shall find, after investigation, that any physically handicapped child is in need of surgical, medical or therapeutic treatment or hospital care or appliances or devices, the commissioner, upon the request or with the consent of the legal custodian of such child, may order such surgical, medical or therapeutic treatment, hospital care or appliances or devices, and after investigation as provided in subdivision c hereof, may order the legally responsible relatives to pay the cost thereof.

c. The commissioner shall investigate the financial responsibility of the legally responsible relatives of such physically handicapped child. If the commissioner shall find, after such investigation, that the legally responsible relatives of such child are able to pay the whole or any part of the cost of such treatment, care or appliances and devices,

and if such legally responsible relatives shall fail or refuse to comply with an order of the commissioner requiring them to pay the whole or any part of such cost, he or she may institute a proceeding in the family court of the state of New York within the city of New York, pursuant to the provisions of sections two hundred thirty-two through two hundred thirty-five of the family court act. Such a proceeding may likewise be instituted in the absence of an order requiring payment, where ability to pay is found.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-123 Window guards; notification to tenants.

a. All leases offered to tenants in multiple dwellings must contain a notice, conspicuously set forth therein, which advises tenants of the obligation of the owner, lessee, agent or other person who manages or controls a multiple dwelling to install window guards, and where further information regarding the procurement of such window guards is available.

b. The owner, lessee, agent or other person who manages or controls a multiple dwelling must cause to be delivered to each residential unit a notice advising occupants of the obligation of such owner, lessee, agent or other person who manages or controls a multiple dwelling to install window guards and where further information regarding the procurement of such window guards is available. Such notice must be provided on an annual basis in a form and manner approved by the department.

c. The department of health and mental hygiene shall promulgate such regulations as it deems necessary to comply with the provisions of this section, with respect to the annual notice to tenants, and the notice requirement in all multiple dwelling leases.

d. Any person who violates the provisions of this section, or the regulations promulgated hereunder, shall be guilty of a misdemeanor punishable by a fine of up to five hundred dollars or imprisonment for up to six months or both. In addition, any violation of this section shall constitute a civil violation subject to a penalty of not more than five hundred dollars per violation.*2 A civil violation under this section shall be adjudicated before the administrative tribunal of the department.

**HISTORICAL NOTE**

Section added (as § 556-19.0) L.L. 33/1986 § 2. (Section number assigned by the Legislative Bill Drafting Commission)

Subd. c amended L.L. 22/2002 § 22, eff. July 29, 2002 and deemed in

effect as of July 1, 2002.

**CASE NOTES**

¶ 1. Infant was injured falling out of a window while visiting an apartment. Negligence action against landlord for failing to erect window guard is not a violation of Health Code § 131.15 since that section requires window guards only in apartments where children reside not where children visit, however frequently. Lara v. West 109th Street Realty Corp., 139 Misc. 2d 186 [1987].

¶ 2. This section requires the installation of window guards. In conjunction with Health Code § 131.15 and NYC Charter § 558(e) the city is trying to protect the lives of young children from accidental death and injury from window falls. In enacting these requirements the City Council and Board of Health intended to create strict liability offenses, criminalizing violations. There is no presumption of guilt rebuttable or irrebutable, merely by absense of window guards. Landlord may defend on a number of grounds including receiving no response to notice provision of § 17-123(b) or false information. People v. Nemadi, 140 Misc. 2d 712, 531 N.Y.S.2d 693 (Crim. Ct. New York Co. 1988).

¶ 3. Taken with Health Code § 3.11, failure to provide acceptable window guards in building where children under the age of 11 years reside constitutes a "nuisance" and is a violation of this section. State v. Portnoy, 140 Misc. 2d 945 [1988].

¶ 4. The NYC Housing Authority was not liable for the death of a three year old visitor who fell from an eighth floor apartment maintained by the Authority. The Authority, at the time of the accident, 1980, was not required to install window guards under the Ad Code of the City of NY, section 17-123 unless an infant under 10 years of age resided and a previous request for installation had been made by a tenant. Subsequent amendment of the ordinance does not control this action. Costanzo v. NYC Housing Authority, 158 AD2d 576.

¶ 5. The section does not apply where no children under ten years of age reside in the apartment. Deer v. DiPiazza, 638 N.Y.S.2d 772 (App.Div. 2nd Dept. 1996).

¶ 6. This section creates strict liability as against landlords who fail to comply with the window guards requirement. See People v. Simon, 148 Misc.2d 845, 562 N.Y.S.2d 369 (Crim. Ct. Bronx Co. 1990).

¶ 7. An eight-year-old child fell out of a window that lacked a window guard. The court held that a violation of the statute constituted negligence per se where the following elements were established: (1) a child under the age of ten resided in a multiple dwelling; and (2) the owner, net lessee or manager knew of the presence of the child and failed to take the proper remedial steps. The owner contended while the apartment was vacant following the departure of the previous tenant, and that it did not install window guards because it believed that a new tenant would want air conditioning. The court, however, held that the failure to install the window guards when a young child was known to be in the apartment, was negligence per se, since the child was clearly within the class of persons that the statute was designed to protect. Moreover, it was held that the landlord had a responsibility to ascertain whether young children were occupying the apartment. Askar v. Karim, N.Y.L.J., Aug. 16, 1999, page 32, col. 4 (Sup.Ct. Kings Co.).

¶ 8. A police officer was injured in a fall from a window, while chasing a suspect. Since the officer was not assaulted by a person who gained unlawful access to the premises through a window, the accident could not be said to

have arisen from the failure to have window guards. Betterly v. Estate of Silver, 266 A.D.2d 30, 698 N.Y.S.2d 17 (1st Dept. 1999).

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-131 Order for examination before justice of supreme court.

a. Any justice of the supreme court of the first or second department, or who is holding court or chambers therein, upon the written application of the commissioner, may issue his or her order by him or her subscribed, for the examination without unreasonable delay by or before such justice of any person or persons, and the production of books or papers or the inspection and taking of copies of the whole or parts thereof, at a time and place within the city, and in such order to be named, provided it shall appear to the satisfaction of such justice or court that any matter or point affecting life or health is involved. It shall be the duty of such justice to take or superintend such examination, which shall be under oath, and shall be signed by the party or parties examined and be certified by the justice, and with any copies of books or papers, to be delivered to the department for the use of the department.

b. Such examination, and any proceeding connected therewith, or under such order, may wholly or in part be had, conducted or continued by or before any other of such justices, as well as that one who made the order; and in and about the same, every such justice shall have as full power and authority to punish for contempt, and enforce obedience to such or other order or direction or that of any other judge respecting the matter as any such justice of the supreme court may now have, or shall possess, to enforce obedience or punish contempt in any case or matter whatsoever. Such application shall name or describe the person or persons whose examination is sought, and so far as possible the books or papers desired to be inspected, and the matter or points affecting life or health as to which the commissioner requests the examination to take place, and the justice shall on the proceedings, decide what questions are pertinent and allowable in respect thereto, and shall require the same to be properly answered; but no answer of any person so examined shall be used in any criminal proceeding. Service of any order of any such justice may be made, and the same proved in the same manner as the service of either an injunction or a subpoena. And it shall be the duty of the justice to

facilitate the early determination of the proceedings.

Subd. a repealed L.L. 74/2003 § 1, eff. Dec. 22, 2003.

Subd. b amended (subd. b designation removed in amendment) L.L.

74/2003 § 2, eff. Dec. 22, 2003.

**DERIVATION**

Formerly § 564-6.0 added chap 929/1937 § 1

Sub b amended chap 100/1963 § 445

**CASE NOTES FROM FORMER SECTION**

¶ 1. The Board of Health of the City of New York is invested with the power, extraordinary as to administrative agencies, to formulate standards as well as to issue orders enforcible by penal sanctions. Subdivision b of this section goes so far as to authorize the Board of Health to prescribe "fines, penalties, forfeitures and imprisonment" in the Sanitary Code for the enforcement of that code or the Board's order; and, accordingly, § 224 of the Sanitary Code makes provision for punishment of this violation. The Sanitary Code, therefore, may be taken to be the body of the administrative provisions sanctioned by a time honored exception to the principal that there is to be no transfer of the authority of the Legislature. However, § 277 of the Sanitary Code which requires a building owner to keep all gas appliances in good order was not sufficient to warrant conviction of the home owners where, without their knowledge, a gas refrigerator became defective and admitted gases which caused the death of the tenant.-People v. Weil, 286, Misc. 753, 146 N.Y.S. 2d 416 [1956].

§ 17-133.1 Failure to abate rodents; penalties.

Every person, corporation, or body that shall violate or not conform to any provisions of the health code of the city of New York or any applicable law, rule or regulation pertaining to the eradication of rodents, the elimination of rodent harborages or other rodent related nuisances shall be liable to pay a civil penalty of not less than three hundred dollars for the first violation. The penalty for each subsequent violation of the same provision of law, rule or regulation, at the same premises and under the same ownership or control, within a two-year period, shall be double the amount of the previous violation; provided, however, that such penalty shall not exceed the maximum allowable penalty set forth in section 17-133 of this code. Such penalties may be sued for and recovered by and in the name of the department, with costs, before any judge, justice, administrative law judge or hearing examiner in the city having jurisdiction of such or similar actions. The judge, justice, administrative law judge or hearing examiner who presided at a trial or hearing where such penalty is determined and assessed shall fix, in writing, the amount of the penalty to be recovered, and shall direct that such amount be included in the judgment or decision.

**CASE NOTES FROM FORMER SECTION**

¶ 1. That cocoa beans which had been declared unfit for human consumption by New York City Department of Health had been about to be shipped from a warehouse in New York to Chicago when the City's inspector stopped the shipment, and that the owner now desired to ship them to England, did not render the beans immune to the Sanitary Code regulations of the City of New York, since the beans, being located within the City, were subject to jurisdiction of City Department of Health as states and municipalities have right to regulate sale of food products within their borders

to protect health of citizens even though they indirectly affect interstate and foreign commerce, and policy of public health officials should not be merely to ship unwholesome food to some other locality. In any event, should the City unjustly destroy the owner's property, owner had an adequate remedy by an action at law against the City for damages under Charter § 565, and hence owner was not entitled to injunction restraining interference with attempted removal of the beans.-S. H. Cranston, Inc. v. Dep't of Health, N.Y.C. 168 Misc. 749, 6 N.Y.S. 2d 275 [1938].

¶ 2. Orders of the Board of Health are to be treated as prima facie legal and just, and hence no stay of the Board's action in revoking petitioner's license would be granted pending review.-In re Jamaica Hotel Supply, Inc. (Rice), 102 (142) N.Y.L.J. (12-20-39) 2246, Col. 1 M.

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-142 Definition of nuisance.

The word "nuisance", shall be held to embrace public nuisance, as known at common law or in equity jurisprudence; whatever is dangerous to human life or detrimental to health; whatever building or erection, or part or cellar thereof, is overcrowded with occupants, or is not provided with adequate ingress and egress to and from the same or the apartments thereof, or is not sufficiently supported, ventilated, sewered, drained, cleaned or lighted in reference to its intended or actual use; and whatever renders the air or human food or drink, unwholesome. All such nuisances are hereby declared illegal.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 564-15.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Administrative Code § 564-15.0 and § C26-193.0, **held** applicable in action to recover for injuries sustained as result of a defective condition of the stairway in a vacant, private building, as against contention that the statutes related to public nuisances only.-McCabe v. Cohen, 268 App. Div. 1064, 52 N.Y.S. 2d 903 [1945], aff'd 294 N.Y. 522, 63 N.E. 2d 88 [1945].

¶ 2. A tenant's visitor, an infant, was injured in attempting to put out a fire started among some rubbish. The infant sued the owner and tenants of the property. One cause of action of the complaint was based on nuisance under the Administrative Code. **Held:** the mere fact that the owner or tenants of the property allowed paint cans, paper, or other rubbish to be present on their property did not sustain a basis for recovery on the theory that the owner or tenants created a nuisance.-Derdieff v. Argule, 26 Misc. 2d 142, 209 S. 2d 154 [1960].

¶ 3. The infant plaintiff was injured when he fell from an open window on the second floor of a vacant house in a state of disrepair owned by the defendant. There was evidence that the windows in the house were broken and not boarded up and that the doors were either open or missing. There was conflicting evidence that the house had been boarded up and otherwise secured prior to the accident and had been inspected and was secure on the morning of the accident. Under this section and section C26-193.0 the vacant building was a public nuisance and an inherently dangerous instrumentality. The owner was liable to anyone, including a trespasser, who was injured as a result of the negligent maintenance thereof. Judgment for the infant was reversed where Trial Judge did not properly instruct jury that they should find for the defendant if they believed its evidence concerning the security of the building.-Beauchamp v. New York City Housing Authority, 12 N.Y. 2d 400, 190 N.E. 2d 412, 240 N.Y.S. 2d 15 [1963].

¶ 4. The constitutionality of this section and of a resolution of the Board of Health pursuant to which the department of buildings promulgated an "Emergency Repair Program" was upheld as against claim by landlord that the code and program constituted a denial of equal protection of the laws, an unconstitutional impairment of the landlord's contractual rights and a deprivation of property without due process. The selection of one class of landlords for regulation because that one class "conspicuously offends" is not forbidden by the equal protection clause. And if the legislation is addressed to a legitimate end and the measures taken are reasonable and appropriate to that end it is not unconstitutional even though it may interfere with rights established by existing contract. The state through its police power may establish regulations reasonably necessary to secure the general welfare although private property rights are curtailed.-300 West 154th St. Realty Co. v. Dept. of Buildings, 158 (76) N.Y.L.J. (10-19-67) 15 Col. 8 F.

¶ 5. Lewd exhibitions by "topless and bottomless" dancers at defendants' premises constituted illegal obscene performances and could be enjoined as a common nuisance.-Commissioner of the Dept. of Buildings v. Sidne Enterprises, Inc., 90 Misc. 2d 386, 394 N.Y.S. 2d 777 [1977].

¶ 6. Question of whether an untenanted building which had a caretaker, which was secured and boarded up and upon which repair work was being done came within the definition of "nuisance" could not be determined on a motion for summary judgment but required a trial.-Archbishopric of City of N.Y. v. City of N.Y., 63 A.D. 2d 912 [1978].

**CASE NOTES**

¶ 2. Taken with Health Code § 3.11, failure to provide acceptable window guards in building where children under the age of 11 years reside constitutes a "nuisance" and is a violation of this section. State v. Portnoy, 140 Misc. 2d 945 [1988].

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-144 Nuisances; who is liable.

It is hereby declared to be the duty, of which there shall be a joint and several liability, of every owner, part owner, person interested, and every lessee, tenant, and occupant, of, or in, any place, water, ground, room, stall, apartment, building, erection, vessel, vehicle, matter and thing in the city, and of every person conducting or interested in business therein or thereat, and of every person who has undertaken to clean any place, ground or street therein, and of every person, public officer and board having charge of any ground, place, building or erection therein, to keep, place and preserve the same and every part, and the sewerage, drainage and ventilation thereof in such condition, and to conduct the same in such manner that it shall not be dangerous or prejudicial to life or health, subject to the health code and orders of the department.

**HISTORICAL NOTE**

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 564-17.0 added chap 929/1937 § 1

Amended chap 100/1963 § 448

**CASE NOTES FROM FORMER SECTION**

¶ 1. The joint and several liability provisions of Administrative Code § 564-17.0 refer to the "owner, part owner,

person interested," etc. in the singular, and do not render the persons enumerated and related to one parcel of ground liable, jointly and severally, with the owners and others related to any other parcel.-In re Barkin 189 Misc. 358, 71 N.Y.S. 2d 267 [1947].

¶ 2. Administrative Code §§ 564-17.0, 564-18.0, and related provisions, apply to vacant land as well as lots with buildings or structures thereon.-In re Barkin, 189 Misc. 358, 71 N.Y.S. 2d 267 [1947].

¶ 3. The tenant's visitor, an infant, was injured in attempting to put out a fire started among some rubbish. The infant served the owner and tenants of the property. One cause of action of the complaint was based on nuisance under the Administrative Code. **Held:** the mere fact that the owner or tenants of the property allowed paint cans, paper, or other rubbish to be present on their property did not sustain a basis for recovery on the theory that the owner or tenants created a nuisance.-Derdieff v. Argule, 26 Misc. 2d 142, 209 S. 2d 154 [1960].

§ 17-145 Dangerous buildings, places and things; declaration as nuisance.

Whenever any building, erection, excavation, premises, business pursuit, matter or thing, or the sewerage, drainage or ventilation thereof, in the city, in the opinion of the board, whether as a whole or in any particular, shall be in a condition or in effect dangerous to life or health, and whenever there shall be growing on any property any ragweed or other species of weed, plant or growth which is noxious or detrimental to the public health, or the seed, pollen or other emanation whereof, when carried through the air or otherwise dispersed, is noxious or detrimental to the public health, the board may take and file among its records what it shall regard as sufficient proof to authorize its declaration that the same, to the extent it may specify, is a public nuisance, or dangerous to life or health; and may thereupon enter the same in its records as a nuisance, and order the same to be removed, abated, suspended, altered, or otherwise improved or purified, as such order shall specify. The borough presidents and the commissioner of transportation are authorized to furnish the department with information in writing as to properties and locations where such noxious weeds and growths may be found.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-148 Substituted service; posting; service by publication.

a. If personal service of any such order cannot be made by reason of absence from the district, or inability to find one or more of the owners, occupants, lessees or tenants of the subject matter to which such order relates, or one or more of the persons whose duty it was to have done what is therein required to be done, as the case may render just and proper in the opinion of the board, to be shown by the official certificates of the officer having such order to serve, then service may be made through the mail, or by copy left at the residence or place of business of the person sought to be served, with a person of suitable age and discretion.

b. In any case where personal service of any such order cannot be made for the reasons stated in subdivision a of this section and service cannot be made as provided in such subdivision through the mail or by leaving a copy with a person of suitable age and discretion, because of inability to obtain the name or address of the person sought to be served, and such inability to effect service is shown by the official certificate of the officer having such order to serve, service may be made by conspicuously posting a copy of such order upon the property to which it relates. The posting of such order shall be sufficient notice of such order and of the nuisance therein mentioned to all persons having any duty or liability in relation thereto under the provisions of this chapter.

c. Whenever the board shall have declared any condition, matter or thing to be a nuisance, including ragweed or any other species of weed, plant or growth, and has entered the same in its records as a nuisance, the board may also take and file among its records what it shall regard as sufficient proof to authorize a declaration that such nuisance is widespread throughout the city or in any area thereof, and that personal service or service pursuant to subdivision a or b of this section of an order or orders requiring the abatement, removal or correction of such nuisance would result in delay prejudicial to the public health, welfare or safety, and upon the filing of such proof and the making of such

declaration, the board may order that such nuisance be removed, abated or corrected, as prescribed by the board, by an order addressed generally, without specification of names or addresses, to all persons who, pursuant to the provisions of this chapter, have any duty or liability in relation to any such nuisance which may exist upon or in any real or personal property or place located within the area or areas specified in such order. Such order may be served by publishing the same for a period of not less than three days in the City Record and in a newspaper circulated in the area or areas mentioned in such order. Service of such order shall be complete at the expiration of the third day of such publication and such publication shall be sufficient notice of such order and of the nuisance therein mentioned to all persons having any duty or liability in relation thereto under the provisions of this chapter.

**NOTE**

Provisions of City Record March 8, 2004:

The following resolution was adopted by the Board of Health on April 18, 2000. This resolution was utilized by the Department of Health and Mental Hygiene every year since 2000. The Department suspended its use on October 31st of each year because the threat of mosquito breeding during cold weather had subsided. Beginning March 15, 2004, the Resolution will again be in full force and effect. The Department intends to again fully exercise the authority granted by the Board of Health Resolution, including the immediate abatement of standing water conditions, to prevent the breeding and proliferation of mosquitoes during the 2004 mosquito season. Therefore, in order to ensure proper public notification, the Department of Health and Mental Hygiene is republishing the Resolution in accordance with § 17-148 of the Administrative Code of the City of New York.

Resolution of the Board of Health of the

Department of Health and Mental Hygiene

of the City of New York

At a meeting of the Board of Health of the Department of Health and Mental Hygiene, held April 18, 2000, the following resolution was adopted:

Whereas, the Board of Health has taken and filed among its records reports that in areas throughout the City of New York there are sunken lots, property below grade, or other places which are insufficiently drained and where water may accumulate and stagnant water may collect; and

Whereas, upon these and other properties, there are household and other items including, but not limited to, tires, flower pots, household or other containers such as, trash, garbage and recycling containers without drainage holes, roof gutters clogged with leaves or other debris, swimming and wading pools, bird baths, swimming pool covers, outdoor plumbing fixtures and hose bibs dripping water to the ground and other materials, appurtenances and fixtures which allow the accumulation of water; and

Whereas, such accumulations of water create conditions conducive to insect life in general, and to the breeding and nurturing of mosquitoes in particular; and

Whereas, certain mosquitoes have been found to harbor viral diseases, including West Nile Virus/encephalitis, which are transmissible to and may be fatal to humans; and

Whereas, mosquitoes breed rapidly, and the potential presence of West Nile Virus is immediately dangerous to life and health; and

Whereas, the Board of Health regards the aforesaid reports as sufficient proof to authorize the declaration that any accumulations of water in which mosquitoes may breed are in a condition and in effect immediately dangerous to human life and health and constitute a public nuisance; and

Whereas, immediate abatement of such nuisances is necessary to prevent the breeding and proliferation of infectious mosquitoes; and

Whereas, personal service or service pursuant to subdivisions (a) or (b) of §17-148 of the Administrative Code of the City of New York of orders requiring the abatement of such nuisances and conditions in effect dangerous to life and health upon each of the persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York, has a duty or liability to abate such nuisances and conditions, would result in a delay prejudicial to the public health, welfare, and safety; now, therefore, be it

Resolved, that the Board of Health hereby declares that such places having an accumulation of water capable of breeding mosquitoes are in a condition and in effect immediately dangerous to life and health and constitute a public nuisance; and be it further

Resolved, that the Board of Health hereby declares that such nuisances are widespread throughout the City; and be it further

Resolved, that all persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York and such other chapters, titles, sections, laws or rules as are applicable thereto, have the duty or liability to abate such nuisances and conditions in effect dangerous to life and health, are hereby ordered to forthwith abate such nuisances and conditions in effect dangerous to life and health by eliminating such accumulations of water and the conditions conducive to further accumulation, or by otherwise eliminating the capacity of accumulated water to support mosquito breeding; and be it further

Resolved, that in the event that such persons or any of them shall fail to comply with this order within five days after service thereof pursuant to §17-148 of the Administrative Code of the City of New York, the Department of Health and Mental Hygiene is hereby authorized and directed to take all necessary steps to forthwith secure the abatement of said nuisances and conditions in effect dangerous to life and health.

Resolved further, that this resolution shall take effect immediately.

(As adopted by the Board of Health on April 18, 2000)

§ 17-149 On what expenses to be a lien.

The expenses attending the execution of any and all orders duly made by the department shall respectively be a several and joint personal charge against each of the owners or part owners and each of the lessees and occupants of the building, business, place, property, matter or thing to which such order relates, and in respect to which such expenses were incurred; and also against every person or body who was by law or contract bound to do that in regard to such business, place, street, property, matter or thing which such order requires. Such expenses shall also be a lien on all rent and compensation due, or to grow due, for the use of any place, room, building, premises, matter or thing to which such order relates, and in respect of which such expenses were incurred, and also a lien on all compensation due, or to grow due, for the cleaning of any street, place, ground, or thing, or for the cleaning, or removal, of any matter, thing, or place, the failure to do which by the party bound so to do, or doing of the same in whole or in part by order of such department, was the cause or occasion of any such order or expense.

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 564-22.0 added chap 929/1937 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. The "Emergency Repair Program" is constitutional although it authorizes the building department to make repairs without the permission and consent of the landlord or of lienors and to collect the rent in payment therefor if the landlord does not reimburse the city for the cost of repairs, but retention of rents in excess of the amount of the repair costs would be invalid.-300 W. 154 St. Realty Co. v. Department of Buildings, 30 A.D. 2d 351, 292 N.Y.S. 2d 25 [1968], modified, 26 N.Y. 2d 538, 311 N.Y.S. 2d 899, 260 N.E. 2d 534 [1970].

¶ 2. Despite language of this section respondents who were former tenants of petitioner were entitled to return of rent money deposited with clerk of court upon default of landlord since respondents were not personally liable for expenditures on property made by city after they left premises for to impose liability upon them would constitute deprivation of property without due process of law and city cannot have a lien on rents not yet due.-176 East 123rd St. Corp. v. Grangen, 67 Misc. 2d 281, 323 N.Y.S. 2d 737 [1971].

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-151 Lien on premises.

a. There shall be filed in the office of the department a record of all work caused to be performed by or on behalf of the department in executing any order of the board or department. Such records shall be kept on a building by building basis and shall be accessible to the public during business hours. Within thirty days after the issuance of a purchase or work order to cause such work to be done, entry of such order shall be made on the records of the department. Such entry shall constitute notice to all parties.

b. All expenses incurred by or on behalf of the department for such work, pursuant to this title or any other applicable provision of law, shall constitute a lien upon the land and buildings upon or in respect to which, or either of which, the work required by such order has been done, or expenses incurred, when the amount thereof shall have been definitely computed as a statement of account by the department and the department shall cause to be filed in the office of the city collector an entry of the account stated in the book in which such charges against the premises are to be entered. Such lien shall have a priority over all other liens and encumbrances except for the lien of taxes and assessments. However, no lien created pursuant to this title shall be enforced against a subsequent purchaser in good faith or mortgagee in good faith unless the requirements of subdivision a of this section are satisfied; this limitation shall only apply to transactions occurring after the date such record should have been entered pursuant to subdivision a and before the date such entry was made.

c. A notice thereof, stating the amount due and the nature of the charge, shall be mailed by the city collector, within five days after such entry, to the last known address of the person whose name appears on the records in the office of the city collector as being the owner or agent or as the person designated by the owner to receive tax bills or, where no name appears, to the premises, addressed to either the owner or the agent.

d. If such charge is not paid within thirty days from the date of entry, it shall be the duty of the city collector to receive interest thereon at the rate of interest applicable to such property for a delinquent tax on real property, to be calculated to the date of payment from the date of entry.

e. Such charge and the interest thereon shall continue to be, until paid, a lien on the premises. Such lien shall be a tax lien within the meaning of sections 11-319 and 11-401 of the code and may be sold, enforced or foreclosed in the manner provided in chapters three and four of title eleven of the code or may be satisfied in accordance with the provisions of section thirteen hundred fifty-four of the real property actions and proceedings law.

f. Such notice mailed by the city collector pursuant to this section shall have stamped or printed thereon a reference to this section of the code.

Nov. 1, 2003.

**DERIVATION**

Formerly § 564-24.0 added chap 929/1937 § 1

Repealed and added LL 44/1978 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Property owner whose name was omitted in blanket notice of lien filed by Department of Health in Office of County Clerk against 200 parcels of real estate for expense incurred in abating nuisance created by private sewers affecting the 200 parcels, **held** entitled to have the lien vacated insofar as it affected her property (225 N.Y. 142; Admin. Code § 564-24.0).-In re Dept. of Health (Ginsberg), 115 (28) N.Y.L.J. (2-2-46) 460, Col. 1 F.

¶ 2. Administrative Code §§ 564-18.0, 564-20.0, and related sections, defining nuisance, providing for punishment and liability with respect to abatement thereof, granting power to Board of Health to make orders with respect thereto and to execute the same itself if not complied with, and providing for collection of the expenses of such execution, **held** constitutional.-In re Barkin, 189 Misc. 358, 71 N.Y.S. 2d 267 [1947].

¶ 3. Notice of lien filed pursuant to Administrative Code §§ 564-22.0 to 24.0 was not invalid as to purchasers of certain lots who acquired title thereto before the notice of lien was filed but after the nuisance had been abated by the Department of Health, even though they had no knowledge of the nuisance and abatement at time of acquisition of title. Persons purchasing real property and desiring to protect themselves against such subsequent levies should make inquiry regarding such matters prior to purchase.-In re Barkin, 189 Misc. 358, 71 N.Y.S. 2d 267 [1947].

¶ 4. Lien of mortgagee is subordinate to liens of Department of Health and City of New York for money expended for the abatement of a public nuisance by payment of accrued charges of utility for electric and gas service to subject building.-Carver Federal Sav. & Loan Asso. v. Peters, 157 (75) N.Y.L.J. (4-19-67) 19, Col. 5 F.

¶ 5. Where the Department of Health filed a notice of lien for labor performed to abate a public nuisance and lien was discharged by deposit of money by building owner and several months later owner served notice upon lienor demanding that an action to foreclose lien be begun within thirty days and no such action was begun but over one

month later lienor commenced an action to recover for work, labor and services furnished, the application by the property owner for return of his deposit would be granted.-Matter of Dept. of Health v. East Minister Realty Corp., 53 Misc. 2d 957, 280 N.Y.S. 2d 63 [1967].

¶ 6. Title of plaintiff who purchased property upon foreclosure sale was subordinate to lien of city and of Department of Health for emergency repairs as such a lien has priority over all other liens.-Namkar Realty Corp. v. Smity, 162 (98) N.Y.L.J. (11-20-69) 15, Col. 3 F.

¶ 7. Where the city had a lien of $5,771.39 for a sum due it for emergency repairs and property owner also owed real estate, water and sewer taxes to the city amounting to over nineteen thousand dollars and property owner had $13,917.81 and city wanted to satisfy its lien for repairs and apply the balance to the unpaid taxes, sewer and water charges but the property owner wanted to have the entire amount used for back taxes and charges the property owner could not prevail under this section.-City of N.Y. v. Loremandy Realty Corp., 167 (125) N.Y.L.J. (6-28-72) 14, Col. 2 M.

¶ 8. Lien was fatally defective where it merely referred to a resolution of the Board of Health adopted on a certain date but did not state that "the expense has been incurred in pursuance of an order of the Department of Health and giving its date".-Sichel v. City of N.Y., 173 (115) N.Y.L.J. (6-16-75) 32, Col. 7 M.

**CASE NOTES**

¶ 1. A contract vendee of real property challenged the City's lien for cleaning and pest control services performed on the property, on the ground that the City had failed to produce the original record of the work done on the property. The contract vendee did not challenge the bills themselves. In analyzing the case, the court explained the workings of this type of statutory lien. If the lien is effective, it has priority second only to taxes and assessments. A purchaser or mortgagee who acquires an interest after the Department of Health actually files the lien with the City Collector, is bound by the lien. A purchaser or mortgagee who acquires the interest after the Department ordered the work but before the lien is actually filed, will still be bound if the Department records the purchaser or work order in its office. Once a lien is actually recorded, i.e. when the charges for the work have been filed with the City Collector, a subsequent purchaser is legally on notice of the lien, i.e. not considered a bona fide purchaser for purposes of this statute. In the instant case, where the petitioner was a contract vendee, the exemption for good faith purchasers contained in the statute did not apply, because the purchase contract was signed after the Department recorded the lien. In other words, this contract vendee had legal notice of the lien. Thus, petitioner was bound whether or not the original Department records were on file, and the court rejected the challenge. The court also stated that in any event, the proceeding was untimely under the four month Statute of Limitations; the statute began to run when the prior owner (contract vendor) had been billed for the work, i.e. after the lien became effective upon notification of the prior owner that the debt had become an encumbrance upon the property. 105th Street Development Corp. v. Com'r. of Health, 189 Misc.2d 342, 730 N.Y.S.2d 420 (Sup.Ct. New York Co.).

§ 17-153 Statement of expenses of executing orders.

a. When the department shall have executed, or so far executed as the department may require, any order, a certificate setting forth the expenses of such execution, itemized generally, and the date thereof shall be filed among the records of the department with the order so executed; and the department shall take care by, or through some proper officer, or otherwise, that the expenses of such execution be so stated with fairness and accuracy.

b. When it shall appear that such execution or the expenses thereof, related to several lots or buildings belonging to different persons, such certificate shall state what belongs to, or arose in respect to each lot of such several lots or buildings, as the department or its authorized officer may direct; and the department may revise the correctness of such apportionment of expenses as truth and justice may require.

c. Whenever the expenses attending the execution of any order of the department may be made the subject of a suit by it, there may be joined in the same suit a claim or claims for any penalty or penalties for violation of any health provisions, or for the violation or omission to perform or obey such order, or any prior order of the department, or for the not doing of that, or any portion of that, for the doing of which such expenses arose or were incurred; and the proper joint or several judgment may be had against one or more of the defendants in the suit, as they or either of them may be liable in respect of both such claims, or either or any of them.

§ 17-159 Infected and uninhabitable houses; vacation orders.

Whenever it shall be certified to the department by an officer or inspector of the department that any building or any part thereof in the city is infected with communicable disease, or by reason of want of repair has become dangerous to life or is unfit for human habitation because of defects in drainage, plumbing, ventilation, or the construction of the same, or because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants, the department may issue an order requiring all persons therein to vacate such building or part thereof for the reasons to be stated therein. The department shall cause such order to be affixed conspicuously in such building or part thereof and to be personally served on the owner, lessee, agent, occupant, or any person having the charge or care thereof. If the owner, lessee or agent can not be found in the city or does not reside therein, or evades or resists service, then such order may be served by depositing a copy thereof in the post-office in the city, properly enclosed and addressed to such owner, lessee or agent, at his or her last known place of business and residence, and prepaying the postage thereon; such building or part thereof within ten days after such order shall have been so posted and mailed, or within such shorter time, not less than twenty-four hours, as in such order may be specified, shall be vacated, but the department whenever it shall become satisfied that the danger from such building or part thereof has ceased to exist, or that such building has been repaired so as to be habitable, may revoke such order.

§ 17-160 Proceedings for condemnation.

Whenever any building or part thereof in the city, in the opinion of the department, by reason of:

1. Age, or

2. Defects in drainage, plumbing or ventilation, or

3. Infection with communicable disease, or

4. The existence of a nuisance on the premises, which is likely to cause sickness among its occupants, or among the occupants of other property in such city, or

5. Its stopping ventilation in other buildings, or otherwise making or conducing to make them unfit for human habitation, or dangerous or injurious to health, or

6. Its preventing proper measures from being taken for remedying any nuisance injurious to health, or

7. Other sanitary evils in respect of such other buildings, is so unfit for human habitation that the evils in, or caused by such building, can not be remedied by repairs or otherwise except by the destruction of such building or a portion thereof, the department having first made an order to vacate such building, if it deem such course just and proper, may condemn the same and order it removed. The department may institute proceedings in the supreme court in the city for the condemnation of such building, provided, however, that the owner or owners of such building may demand that it be surveyed in the manner provided for in case of unsafe buildings.

§ 17-166 Record of births, fetal deaths and deaths.

a. The department shall keep a record of the births, fetal deaths and deaths filed with it, the births, fetal deaths and deaths shall be numbered separately and recorded in the order in which they are respectively received.

b. There shall be no specific statement on the record or report of birth as to whether the child is born in or out of wedlock or as to the marital name or status of the mother.

c. It shall be unlawful to demand or receive any fees by reason of the duties imposed by this section.

d. The name of the putative father of a child born out of wedlock shall not be entered on the birth certificate by the person preparing the birth certificate without the putative father's consent in writing, duly verified by him and given to the physician, midwife or person acting as midwife who was in attendance upon the birth and filed with the hospital record of the birth, or, in the case of a birth in a place other than a hospital or on an ambulance service connected therewith, filed with the records of the physician, midwife or person acting as midwife who was in attendance upon the birth. In the event the consent in writing of the putative father is not given, particulars relating to the putative father, other than his name, may be entered.

e. The certificate of induced termination of pregnancy shall not, unless requested by the woman contain the name of the woman, her social security number or any other information which would permit her to be identified except as provided in this subdivision. The department shall develop a unique, confidential identifier to be used on the certificate of induced termination of pregnancy, to be used in connection with the exercise of the commissioner's authority to monitor the quality of care provided by any individual or entity licensed to perform an abortion in this state

and to permit coordination of data concerning the medical history of the woman for purposes of conducting surveillance scientific studies and research.

Amended LL 122/1953 § 2

Sub d added chap 590/1955 § 1

**CASE NOTES FROM FORMER SECTION**

¶ 1. Where the child involved was now eight years of age and had been born out of wedlock, the father was a married man, the physician attending the mother at the birth advised her that she had a cardiac condition and it would be inadvisable to take care of her child and he arranged for its foster care until such time as the father procured a divorce so that parents could marry, payments for support of the child were thereafter made by the father to the doctor and the name of the custodian was not revealed, and recently the mother died and on her death bed requested her brother to bring up the child but the doctor refused to give information as to whereabouts of the child, application now made by the brother to inspect the sealed records of the Department of Health in regard to the birth certificate would be granted to the limited extent of appointing a special guardian of the child who would be authorized to examine the records and thereafter to take such steps as were indicated.-In re Juliano (Josephson), 129 (95) N.Y.L.J. (5-18-53) 1657, Col. 7 F.

¶ 2. Application for an order directing the New York City Department of Health to record a delayed registration of petitioner's birth, was denied because there had been no final disposition, as petitioner had acted merely upon a clerk's denial without taking the matter up with the registrar of records of the department, who alone had authority to make a final disposition.-In re Greenberg, 107 (134) N.Y.L.J. (6-10-42) 2470, Col. 5 F.

¶ 3. Application for order under C.P.A. Art. 78 reviewing determination of Commissioner of Health of N.Y.C. and directing respondent to correct certain alleged errors in certificate of birth on file with the City's Bureau of Records and Statistics, was denied, as the duty to be performed was clearly one involving judgment and discretion, and nowhere did it appear in the papers that respondent's action was arbitrary or unreasonable.-Losea v. Mahoney, 128 (42) N.Y.L.J. (8-28-52) 327, Col. 2 F.

¶ 4. Rule of Board of Health directing that birth certificates be not changed except for error, is intended for officials and employees in charge of the records, and not for the courts, and if the contrary were the case an untrue statement would seem to be an error within meaning of the rule even though made deliberately instead of inadvertently.-Smith v. Mustard, 123 (52) N.Y.L.J. (3-17-50) 964, Col. 4 M.

¶ 5. A change which would eliminate from the certificate the untrue statement that the child's father was a man to whom the mother was not married, would not stigmatize the child as illegitimate. The certificate as it presently stood or as now directed to be altered was not necessarily an adjudication binding upon the child.-Id.

¶ 6. Application for order directing Department of Health, Bureau of Vital Statistics, to amend petitioner's certificate and record of birth to show that petitioner's surname was that of her putative father, was denied, where

consent of the father had not been obtained.-In re Cardona, 197 Misc. 509, 95 N.Y.S. 2d 516 [1945].

¶ 7. Although petitioners came from a country the custom of which was to give to legitimate children as their family name the name of the father followed by the maiden name of the mother, there was no reason why such a custom should be imported into this country, and accordingly a request that the names of the children be recorded in full in accordance with such custom was denied.-In re Batalla (Dept. of Health), 127 (3) N.Y.L.J. (1-4-52) 44, Col. 6 T.

¶ 8. Application by P to direct the New York City Department of Health to issue a new amended birth certificate stating that the surname of a certain infant was P instead of H, was denied, where no notice of the proceeding had been served on H, who was the mother's husband at the time, and the six-year-old infant was not represented by a special guardian. That the husband, who later divorced the mother, was now living in Pennsylvania, would not preclude the obtaining of jurisdiction over him, as the res was in New York. Moreover, although the husband was in the Army and stationed overseas, this did not conclusively establish nonaccess at the time in question. Also, the infant should be represented as his legitimacy was in issue and property rights were involved.-In re Maule (Dept. of Health), 126 (48) N.Y.L.J. (9-7-51) 406, Col. 2 T.

¶ 9. Requirement by city agencies that fetal death certificates filed in medical procedures for abortion shall include the name and address of the aborting patient was arbitrary, served no compelling purpose and denies women equal protection of the law as to their right of privacy.-In re Schulman (N.Y.C. Health and Hospitals Corps.), 168 (22) N.Y.L.J. (8-2-72) 2, Col. 3 M.

§ 17-167 Supplemental birth records.

a. A new birth record shall be made whenever:

1. Proof is submitted to the department that the previously unwed parents of a person have intermarried subsequent to the birth of such person;

2. Notification is received by the department from the clerk of a court of competent jurisdiction or proof is submitted of a judgment, order or decree relating to the parentage of the person;

3. Notification is received by the department from the clerk of a court of competent jurisdiction or proof is submitted of a judgment, order or decree relating to the adoption of the person.

b. On every birth record made because of adoption, a notation that it is filed pursuant to paragraph three of subdivision a of this section of the code shall be entered.

c. When a new birth record is made the department shall substitute such new record for the birth record then on file. The department shall place the original birth record and the proof, notification and papers pertaining to the new birth record under seal. Seals shall not be broken except by order of a court of competent jurisdiction. Thereafter when a certified copy of the certificate of birth of such a person is issued, it shall be a copy of the new certificate of birth, except when an order of a court of competent jurisdiction shall require the issuance of a copy of the original certificate of birth and provided further however, that information contained in the original certificate of birth shall be divulged to the state commissioner of health pursuant to section forty-one hundred thirty-eight-c or forty-one hundred thirty-eight-d

of the public health law.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-169 Certified copies of records of birth, fetal death, and death; certificates of birth.

a. Upon request the department shall issue a certified copy of the birth record or a certification of birth under the following conditions:

1. A certified copy of the record of birth shall be issued only upon order of a court of competent jurisdiction or upon a specific request therefor by the person, if eighteen years of age or more, or by a parent or to the legal representative of the person to whom the record of birth relates or by an attorney of law authorized in writing by the person if of the age of eighteen years or over to whom the record of birth relates. The department may issue a certified copy of a birth record for official use upon the request of a department, agency, or officer of any state government or subdivision thereof or the United States government.

2. Upon request in all other cases, a certification of birth shall be issued by the department unless it does not appear to be necessary or required for a proper purpose. A certification of birth shall contain only the name, sex, date of birth and place of birth and date of filing in the department of the original certificate of birth of the person to whom it relates, and if upon request by, or on behalf of the person to whom it relates, or by a parent or legal representative of such person, the name or names of the parent or parents listed on the original certificate of birth, and none of the other data on the record of birth. Whenever a certification of birth may be issued, the department may, upon request, issue a wallet-size certification of birth, in a form and bearing a design provided by the department. Each applicant for a wallet-size certification of birth shall remit to the department with such application, a fee determined by the department.

b. A transcript of a record of fetal death, or death, upon such forms as the department shall prescribe, shall be

issued upon request unless it does not appear to be necessary or required for a proper purpose. The board may prescribe reasonable fees for searches made of records of birth, fetal death, or death, and the usual fees for copies of records to be paid for certifications of birth and for transcripts of records of birth, fetal death, or death, and in what cases the payment of fees may be waived.

c. The United States department of health and human services may obtain, without expense to the city, transcripts of records of birth, fetal deaths and deaths without payment of fees here prescribed for use solely as statistical data. Any copy of the record of a birth, fetal death, or death, or any certificate of registration of birth, or certification of birth, when properly certified by the commissioner or persons authorized to act for such commissioner, shall be prima facie evidence of the facts therein stated, in all courts, and places, and in all actions, proceedings or applications, judicial, administrative or otherwise, and any such certificate of registration of birth or certification of birth shall be accepted with the same force and effect with respect to the facts therein stated as the original birth record or a certified copy thereof.

d. Notwithstanding any other provision of law, any person born in the city of New York being released from a New York state correctional facility shall, prior to release, be provided by the department, at no cost to such person, a certified copy of his or her birth certificate to be used for any lawful purpose; provided that such person has requested a copy of his or her birth certificate at least ninety days prior to his or her release, from the (a) department, or (b) New York state department of correctional services and the New York state department of correctional services has submitted such request to the department. No person shall receive more than one birth certificate without charge pursuant to this subdivision.

§ 17-173 Dangers of consuming alcoholic beverages during pregnancy; warning sign.

a. For the purposes of this section, the following terms shall be defined and applied as follows:

1. "Alcoholic beverage" means and includes alcohol, spirits, liquor, wine and beer.

2. "Vendor" means any person who owns or operates a business establishment such as a bar or restaurant, which sells at retail any alcoholic beverages for on-premises consumption; and any person who owns or operates a liquor store, or any other business establishment which has as its primary purpose, the retail sale of alcoholic beverages.

b. All vendors of alcoholic beverages shall have posted, in a conspicuous place, a sign which clearly reads, "Warning: Drinking alcoholic beverages during pregnancy can cause birth defects."

c. The department shall make such warning signs available to vendors of alcoholic beverages, and shall promulgate regulations with respect to the posting of said signs. A fee may be charged by the department to cover printing, postage and handling expenses.

d. Any violation of the provisions of this section or any of the regulations promulgated hereunder, shall be prosecuted as a civil violation subject to a penalty of a sum ranging from zero to not more than one hundred dollars. A civil violation under this section, shall be adjudicated before the administrative tribunal of the department.

§ 17-175 Waste reduction study.

a. The department shall, within six months of the effective date of this section, complete a study of the feasibility of reducing the amount of medical waste and other solid waste generated by any person licensed by the city or state of New York to provide health, medical, pharmaceutical or laboratory services. The study shall include, but not to be limited to, an analysis of:

1. the feasibility of switching from the use of disposable to reusable medical equipment, laboratory equipment, clothing, food service equipment and any other product for which there is a reusable substitute;

2. availability of reusable medical equipment, laboratory equipment, clothing, food service equipment and any other product for which there is a reusable substitute;

3. the historical shift from the use of reusable to disposable products;

4. the current composition of medical and other solid waste generated by hospitals and other health care facilities;

5. the present and future cost of using reusable products compared to the cost of using disposable products, including the costs associated with substituting products and any special physical needs, such as space requirements or new equipment;

6. the effects of waste reduction on hospital costs and the city's economy;

7. the environmental impacts of an increased use of reusable products compared to the continued incineration and landfilling of disposable products, both on and off-site of the generating facility; and

8. all relevant federal, state and local legislation and regulations.

b. The study shall also include a comprehensive waste reduction plan for medical waste and other solid waste generated by any person licensed by the city or state of New York to provide health, medical, pharmaceutical or laboratory services that shall include annual waste reduction goals for the next five years, a strategy for implementing such goals, a list of reusable materials and products that can be substituted for dispoable*4 materials and products where feasible, and any revisions to the city health code that are necessary to implement the waste reduction plan.

c. The commissioner shall, within six months of the effective date of this section, submit to the council a report on the findings of such study and any recommendations as to legislation or regulations that are necessary to implement the recommendations of the study.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-176 Prohibitions on the distribution of tobacco products.

a. Definitions. For purposes of this section:

(1) "Distribute" means to give, sell, deliver, offer to give, sell or deliver, or cause or hire any person to give, sell, deliver or offer to give, sell or deliver.

(2) "Less than basic cost" means free of charge, a nominal or discount price, or any other price less than the distributor's cost, to which shall be added the full value of any stamps or taxes which may be required by law.

(3) "Person" means any natural person, corporation, partnership, firm, organization or other legal entity.

(4) "Public event" means any event to which the general public is invited or permitted, including but not limited to musical concerts or performances, athletic competitions, public fairs, carnivals, flea markets, bazaars and artistic or cultural performances or exhibitions. A private function such as a wedding, party, testimonial dinner or other similar gathering in which the seating arrangements are under the control of the organizer or sponsor of the event, and not the person who owns, manages, operates or otherwise controls the use of the place in which the function is held, is not a public event within the meaning of this paragraph.

(5) "Public place" means any area to which the general public is invited or permitted, including but not limited to parks, streets, sidewalks or pedestrian concourses, sports arenas, pavilions, gymnasiums, public malls and property owned, occupied or operated by the city of New York or an agency thereof.

(6) "Tobacco product" means any substance which contains tobacco, including but not limited to cigarettes, cigars, smoking tobacco and smokeless tobacco.

b. Distribution of tobacco products to the general public at less than basic cost prohibited in public places and at public events. No person shall distribute a tobacco product for commercial purposes at less than the basic cost of such product to members of the general public in public places or at public events.

c. Exemptions. The provisions of subdivision b shall not apply to (i) the serving of free samples of smoking tobacco or smokeless tobacco to persons of legal age in stores that sell tobacco products to the general public; or (ii) the distribution of tobacco products at less than basic cost by retailers, manufacturers or distributors of such products to any employees of such companies who are of legal age.

d. Penalties. (1) Any person found to be in violation of this section shall be guilty of a misdemeanor and liable for a civil penalty of not more than five hundred dollars for the first violation and not more than one thousand dollars for the second and each subsequent violation.

(2) A proceeding to recover any civil penalty authorized pursuant to the provisions of this section shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health or to any body succeeding the administrative tribunal. Such tribunal or its successor shall have the power to impose the civil penalties prescribed by this section.

(3) The corporation counsel may make an application to the supreme court for an order restraining the continued violation of this section or enjoining the future commission of such practice.

**HISTORICAL NOTE**

Section added L.L. 27/1990 § 2 eff. July 18, 1990. [See Note.]

**NOTE**

Provisions of L.L. 27/1990 § 1

Section one. Declaration of legislative findings and intent. The council finds that the use of tobacco products such as cigarettes, cigars and smoking tobacco is harmful to the health and comfort of both users and non-users of the product. The council further finds that the distribution of tobacco products for commercial purposes in public places to members of the general public without charge or for a nominal price encourages and facilitates the use of such products. The council also finds that the distribution of free or nominally priced tobacco products to minors encourages their use by minors and such use is detrimental to the public health and in contravention of the public policy of this city and state. The council further finds enforcement of an age-related restriction on the commercial distribution of free or nominally priced tobacco samples to be impractical and ineffective. Therefore, it is the intent of this council to control the distribution of these products by prohibiting all commercial distribution of free or nominally priced tobacco products, except as allowed in this local law.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-177 Prohibition on the distribution of tobacco products through vending machines.

a. Definitions. For purposes of this section:

(1) "Distribution" means to give, sell, deliver, dispense, issue, offer to give, sell, deliver, dispense or issue, or cause or hire any person to give, sell, deliver, dispense, issue or offer to give, sell, deliver, dispense or issue.

(2) "Person" means any natural person, corporation, partnership, firm, organization or other legal entity.

(3) "Public place" means any area to which the public is invited or permitted.

(4) "Retail dealer" means "retail dealer" as defined in section 11-1301 of the administrative code.

(5) "Tavern" means an establishment where alcoholic beverages are sold and served for on-site consumption and in which the service of food, if served at all, is incidental to the sale of such beverages. Service of food shall be considered incidental if the food service generates less than forty percent of total annual gross sales. As used herein, the term "tavern" shall not be deemed to include a bar located in a public place in which the sale of alcoholic beverages is incidental to the primary purpose of the business or establishment conducted therein, except for a bar located in a public place which offers overnight accommodations. Examples of public places not deemed to be taverns within the definition of this paragraph include, but are not limited to, restaurants, catering halls, bowling alleys, billiard parlors, discotheques, theatres and arenas.

(6) "Tobacco product" means any substance which contains tobacco, including but not limited to cigarettes,

cigars, smoking tobacco and smokeless tobacco.

(7) "Wholesale dealer" means "wholesale dealer" as defined in section 11-1301 of the administrative code.

(8) "Vending machine" means any mechanical, electronic or other similar device which dispenses tobacco products.

b. Distribution of tobacco products through vending machines prohibited. No person shall permit the distribution of a tobacco product through the operation of a vending machine in a public place. This prohibition shall not apply to the distribution of tobacco products in a tavern.

c. Distribution of tobacco products in a tavern. Tobacco products may be distributed in a tavern only in the following ways:

(1) through a vending machine which must be (i) placed at a distance of a minimum of 25 feet from any entrance to the premises; and (ii) directly visible by the owner of the premises, or his or her employee or agent, during the operation of such vending machine; or

(2) directly by the owner of the permises, or his or her employee or agent.

d. Identification of vending machines. A wholesale dealer or retail dealer shall post a durable sign on any vending machine which such dealer is licensed to own, operate or maintain. Such sign shall be visible to the general public and provide the applicable cigarette license number and expiration date and the license holder's name, place of business and phone number.

e. Enforcement. The department shall enforce the provisions of this section. In addition, designated enforcement employees of the department of buildings, the department of consumer affairs, the department of environmental protection, the fire department and the department of sanitation shall have the power to enforce the provisions of this section.

f. Violations and penalties. (1) Any person found to be in violation of this section shall be liable for a civil penalty of not more than three hundred dollars for the first violation; not more than five hundred dollars for the second violation; and not more than one thousand dollars for the third and all subsequent violations. In addition, for a third and subsequent violations, any person who engages in business as a wholesale dealer or retail dealer shall be subject to the suspension of his or her cigarette license, for a period not to exceed one year, after notice and the opportunity for a hearing before the commissioner of finance or his or her designee. A wholesale dealer who owns, operates or maintains a vending machine placed in violation of subdivision b or paragraph (1) of subdivision c of this section shall be liable only if he or she has knowledge of the violation. The department shall promptly give written notice to the wholesale dealer identified on the sign required by subdivision d of this section of any such violation by an owner of the premises, or his or her employee or agent. For purposes of this section, such notice shall be prima facie evidence that the wholesale dealer has knowledge of future violations of subdivision b or paragraph (1) of subdivision c of this section.

(2) A proceeding to recover any civil penalty authorized pursuant to the provisions of this subdivision shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health or to any body succeeding the administrative tribunal. Such tribunal or its successor shall have the power to impose the civil penalties prescribed by this section.

(3) The penalties provided by this subdivision shall be in addition to any other penalty imposed by any other provision of law or regulation thereunder.

g. Construction. Nothing in this section shall be construed to prohibit the following:

(1) the transfer of an existing vending machine from placement in a premises prohibited pursuant to subdivision b of this section to placement in a tavern; or

(2) the initial placement of a vending machine in a tavern.

**HISTORICAL NOTE**

Section added L.L. 67/1990 § 2, eff. Jan 31, 1992. [See Note.]

**NOTE**

Provisions of L.L. 67/1990 § 1

Section one. Declaration of legislative findings. The City Council finds that the vast majority of smokers begin smoking in their teens or pre-teens. The health hazards posed by cigarettes and other tobacco products are well documented and the sale of tobacco in any form to persons under the age of eighteen is prohibited in New York State. However, cigarette vending machines in public places have provided unsupervised minors with easy access to cigarettes, in contravention of the policy of this state. Accordingly, the City Council finds that the ability of unsupervised minors to obtain cigarettes and other tobacco products in violation of the law will be significantly reduced by prohibiting vending machines which dispense such products, except as allowed in this local law.

**CASE NOTES**

¶ 1. This local law adding § 17-177 is a valid exercise of the police power designated to protect the City's minor citizens from the documented health hazards of smoking. The mere existence of State statutes relating to cigarette sales and smoking does not preempt the local law as being inconsistent. The local law is precise and detailed and not void for vagueness. Vatore v. Consumer Commr. 154 Misc. 2d 149 [1992].

¶ 2. This section, which contains greater restrictions on placement of tobacco product vending machines than those mandated by state law, is not pre-empted by Article 13-F of the Public Health Law. Vatore v. Commissioner of Consumer Affairs of the City of New York, 83 N.Y.2d 645, 612 N.Y.S.2d 357 (1994).

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-178 Availability of resuscitation equipment in certain public places.

a. Definitions. For the purposes of this section, the following terms shall be defined as follows:

1. "Bar" means any establishment which is devoted to the sale and service of alcoholic beverages for on-premises consumption and in which the service of food, if served at all, is incidental to the consumption of such beverages.

2. "Health club" means any commercial establishment offering instruction, training or assistance or the facilities for the preservation, maintenance, encouragement or development of physical fitness or well being. "Health club" as defined herein shall include, but not be limited to health spas, sports, tennis, racquet ball, and platform tennis clubs, figure salons, health studios, gymnasiums, weight control studios, martial arts and self-defense schools or any other commercial establishment offering a similar course of physical training.

3. "Owner or operator" means the owner, manager, operator or other person having control of an establishment.

4. "Public place" means a restaurant, bar, theatre or health club.

5. "Restaurant" means any commercial eating establishment which is devoted, wholly or in part, to the sale of food for on-premises consumption.

6. "Resuscitation equipment" means (i) an adult exhaled air resuscitation mask, for which the federal food and drug administration has granted permission to market, accompanied by a pair of latex gloves and (ii) a pediatric exhaled

air resuscitation mask, for which the federal food and drug administration has granted permission to market, accompanied by a pair of latex gloves.

7. "Theatre" means a motion picture theatre, concert hall, auditorium or other building used for, or designed for the primary purpose of, exhibiting movies, stage dramas, musical recitals, dance or other similar performances.

b. Resuscitation equipment required. The owner or operator of a public place shall have available in such public place resuscitation equipment in quantities deemed adequate by the department. Such equipment shall be readily accessible for use during medical emergencies. Any information deemed necessary by the commissioner shall accompany the resuscitation equipment. Resuscitation equipment shall be discarded after a single use.

c. Notice required. The owner or operator of a public place shall provide notice to patrons, by means of signs, printed material or other means of written communication, indicating the availability of resuscitation equipment for emergency use and providing information on how to obtain cardiopulmonary resuscitation training. The type, size, style, location and language of such notice shall be determined in accordance with rules promulgated by the commissioner. In promulgating such rules, the commissioner shall take into consideration the concerns of the public places within the scope of this section. If the department shall make signs available pursuant to this subdivision, it may charge a fee to cover printing, postage and handling expenses.

d. Rescuer liability limited. Any owner or operator of a public place, his or her employee or other agent, or any other person who voluntarily and without expectation of monetary compensation renders emergency treatment using the resuscitation equipment required pursuant to this section, to a person who is unconscious, ill or injured, shall not be liable for damages for injuries alleged to have been sustained by such person or for damages for the death of such person alleged to have occurred by reason of an act or omission in the rendering of such emergency treatment unless it is established that the injuries were or death was caused by gross negligence on the part of the rescuer.

e. No duty to act. Nothing contained in this section shall impose any duty or obligation on any owner or operator of a public place, his or her employee or other agent, or any other person to provide resuscitation assistance to the victim of a medical emergency.

**HISTORICAL NOTE**

Section added L.L. 12/1992 § 2, eff. Nov. 1, 1992 as per L.L.

68/1992 § 1.

**NOTE**

Provisions of L.L. 12/1992 § 1

Section 1. Declaration of legislative findings and intent. The Council of the City of New York recognizes the need to support and develop policies which promote the good health of all New Yorkers. The Council also finds that an essential element of such policies must be the encouragement of public intervention and aid during medical emergencies.

Unfortunately, emergency medical professionals have discovered in responding to medical emergencies that many individuals, who are otherwise qualified to provide life saving assistance, such as mouth-to-mouth resuscitation, are afraid to do so because of the perceived health risks of such activities. Such hesitation can cost the lives of individuals who require prompt medical attention to insure recovery.

Therefore, the Council, in order to encourage qualified persons to provide life saving assistance while reducing their risk of potential exposure to disease, deems it necessary to the health, safety and well-being of the public to require

the availability of exhaled air resuscitation masks and latex gloves in certain public places.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-179 Department, Screening, Diagnosis and Treatment.

a. The department shall refer to appropriate medical providers any person who requests assistance in blood lead screening, testing, diagnosis or treatment, and upon the request of a parent or guardian, arrange for blood lead screening of any child who requires screening and whose parent or guardian is unable to obtain a lead test because the child is uninsured or the child's insurance does not cover such screening.

b. The department shall develop a pamphlet explaining the hazards associated with lead-based paint and describing the procedures to be used in order for a violation of sections 27-2056.6 and 27-2056.7 of this code to be corrected. The pamphlet shall include appropriate telephone numbers to obtain lead poisoning screening, diagnosis and treatment information and to report unsafe lead-based paint work practices. Such pamphlet shall be made available in accordance with section 27-2056.9 of this code. Such pamphlet shall also be made available to any member of the public upon request.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-180 Training of Department Personnel.

The department, in conjunction with the department of housing preservation and development, shall provide training for lead-based paint inspection and supervisory personnel. No department personnel shall conduct an inspection for lead-based paint pursuant to the health code unless that individual has received such training. At a minimum, such training shall (1) be equivalent to the training required under regulations issued by the United States environmental protection agency for the certification of lead-based paint inspectors and supervisors, (2) include background information pertaining to applicable state and local lead-based paint laws and guidance on identifying violations in a multiple dwelling, and (3) require that the individual has successfully demonstrated knowledge of the responsibilities of a certified inspector or certified supervisor, as the case may be, and the requirements of sections 173.13 and 173.14 of the health code or successor rules. The department shall provide for the continuing education of inspection and supervisory personnel.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-182 City-funded public hospitals and health facilities required to utilize peace officers.

a. Any corporation of government, the expenses of which are paid in whole or in part from the city treasury, which provides health and medical services and operates health facilities and which is authorized to employ special officers having peace officer status as defined in New York Criminal Procedure Law §2.10(40), shall utilize peace officers appointed pursuant to said subdivision to perform the duties of special officer, senior special officer and hospital security officer. The commissioner of the department of health and mental hygiene shall enforce this requirement.

b. Any person, including but not limited to any labor organization, claiming to be aggrieved by a violation of subdivision a of this section shall have a cause of action in any court of competent jurisdiction for damages, including punitive damages, and for injunctive relief and such other remedies as may be appropriate.

**HISTORICAL NOTE**

Section added L.L. 16/2001 § 1, eff. Mar. 28, 2001.

Subd. a amended L.L. 22/2002 § 24, eff. July 29, 2002 and deemed in

effect as of July 1, 2002.

**CASE NOTES**

¶ 1. This section, which requires that hospital security officers be trained as peace officers, was a valid exercise of the City Council's power to ensure the safety of patients, staff and visitors to the City's public health system, and was

not an unconstitutional interference with the alleged right of the Health and Hospitals Corporation ("HHC") to operate the hospitals free of interference from the City Council. Section 17-182 is not pre-empted by any portion of the state legislation that created the Health and Hospitals Corp. The City Council, which is responsible in large part for the budget of the City which supports HHC, as well as responsible for enacting laws regarding public safety, had the power to inquire into the adverse changes in the security situation in the public hospitals. Health and Hospitals Corp. v. Council of the City of New York, N.Y.L.J., Apr. 11, 2002, page 19, col. 4 (Sup.Ct. New York Co.).

¶ 2. The City Charter did not authorize the City Council to pass Local Law 16 of 2001 (Adm. Code §17-282), which mandated that the Health and Hospitals Corporation (HHC) utilize "peace officers" appointed pursuant to the Criminal Procedure Law. Thus, the court struck down the statute as an unconstitutional interference with the HHC's right, as established by the New York City Health and Hospitals Corporation Act (Unconsolidated Laws §7381 et seq.) to operate autonomously. The court held that the state legislation preempted the field, and that the City Council could not enact any law which conflicted with the state statute. New York City Health and Hospitals Corp. v. Council of City of New York, 303 A.D.2d 69, 752 N.Y.S.2d 665 (1st Dept. 2003).

§ 17-183 Publication and dissemination of public health insurance program options.

a. The department shall develop a pamphlet containing information regarding the availability of public health insurance programs. At a minimum, such pamphlet shall include: (i) the name and a brief description of each public health insurance program available to New York city residents; and (ii) appropriate telephone numbers to obtain enrollment information for such programs. Such pamphlet shall be produced annually and shall be printed in multiple languages, including, but not limited to, English, Spanish, Chinese, Russian, Yiddish, Korean, and Haitian-Creole, and shall be made available to any member of the public upon request.

b. The department shall ensure that pamphlets on public health insurance program options are provided to all day care centers in sufficient quantity to enable such day care centers to satisfy the requirements of section 1069.1 of the New York city charter. For the purposes of this subdivision, "day care center" shall mean any child day care facility operating in New York city that is required to obtain a license from, or to register with, the department pursuant to section 47.05 of the New York city health code and/or the New York state department of social services pursuant to section 390 of the New York state social services law.

Subd. b added L.L. 4/2008 § 2, eff. July 1, 2008. [See Charter §1069.1

Note 1]

**NOTE**

Provisions of L.L. 1/2002 § 1:

Section 1. Declaration of legislative findings and intent. Despite the availability of public health insurance programs such as Medicaid, Child Health Plus and Family Health Plus, recent estimates suggest that close to one million low-income New Yorkers eligible to be insured under such programs remain uninsured. The Council finds that, in addition to compromising the health and well-being of uninsured individuals, lack of health insurance coverage frequently results in the unwarranted use of emergency room services, particularly in the City's public hospital system. This use of emergency rooms as a locus of essentially "primary care" services produces inflated costs for those services that are rendered-costs that are ultimately borne by taxpayers and the unnecessary use of charity pools. Therefore, in an effort to ensure the health and well-being of New Yorkers, as well as an attempt to advance a more efficient and appropriate use of resources, it is the intention of the Council to ensure that all New Yorkers eligible to receive public health insurance coverage do in fact receive such coverage. To this end, the Council is requiring that the Department of Public Health publish and that certain City agencies distribute a pamphlet describing public health insurance options. The publication and distribution of this pamphlet will help inform uninsured New Yorkers that they may be eligible for public health insurance and will facilitate their access to such coverage.

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-185 Electronic7 death registration system.

a. Definition. For the purposes of this section, the term "responsible person" shall mean any individual, governmental body or division thereof or corporate entity authorized by the department to use the electronic death registration system.

b. Development of an electronic death registration system. The department shall, subject to the approval of the board of health, develop an electronic death registration system. Such electronic death registration system shall include an internet based electronic method of collecting, storing, recording, transmitting, amending and authenticating information necessary to complete a death registration. Such system shall enable the department to produce certified death certificates and amended death certificates, as well as burial, transportation, cremation and disinterment permits, and any such other related documents determined by the department as capable of being produced and transmitted by such system. Such system shall, with the exception of certified death certificates and amended death certificates, be able to transmit information and documents to remote local printers or facsimile machines of responsible persons for printing. Such system shall include an electronic payment system by which all fees, including, but not limited to, those relating to data recordation and the issuance of permits and certified copies of death certificates, may be transmitted to the department. The department shall ensure that the electronic death registration system be designed in such a way so as to best facilitate convenient access by responsible persons in a manner consistent with ensuring system security.

c. Implementation. (i) By October 1, 2006, the department shall ensure that at least sixty percent of all deaths occurring within the city of New York are registered via the electronic death registration system. (ii) By October 1, 2008, the department shall ensure that the electronic death registration system is accessible to all responsible persons who seek to use such system for the registration of deaths occurring within the city of New York and that at least

seventy-five percent of all deaths occurring within the city of New York are registered via such system.

d. Emergency events; exceptions. In the event of an emergency declared by the commissioner or the mayor, or exigent circumstances declared by the commissioner or chief medical examiner on a case-by-case basis, the electronic death registration system shall not be required as the means for the registration of deaths.

e. Training and certification. By October 1, 2004, the department shall develop a training curriculum and implement a training program based on such curriculum to train all responsible persons and their designees pursuant to subdivision f of this section in the operation and use of the electronic death registration system. The department shall ensure that such training program be offered at least four times a year at various locations throughout the city of New York at a price reasonably related to the cost of providing such training. Such programs may be operated by the department or by a private entity, including, but not limited to, health care facilities and relevant professional associations and societies, pursuant to an agreement with the department. At the successful completion of such training, such responsible persons and their designees shall receive a certification from the department indicating that such training was successfully completed.

f. Access. (i) A responsible person may designate one or more employees of such responsible person to input information into the electronic death registration system under the supervision of such responsible person, but who are not authorized to authenticate such information. (ii) By November 1, 2004, the department shall provide at least two computer workstations at all burial desks operated by the office of vital statistics for the use of responsible persons to input information into the electronic death registration system.

g. Violations. Any responsible person who violates any rules promulgated pursuant to this section shall be liable to pay a penalty as provided by the health code of the city of New York, the administrative code of the city of New York or any other applicable law, rule or regulation.

h. Advisory panel. Not later than sixty days after the effective date of the local law that added this section, there shall be established within the department an advisory panel to advise the commissioner on issues relating to the design, implementation and maintenance of the electronic death registration system. Such advisory panel shall consist of the commissioner or his or her designee, the chief medical examiner or his or her designee and at least eight additional members, four of whom shall be appointed by the mayor and four of whom shall be appointed by the speaker of the city council. With respect to the mayor's appointments, one shall represent the interests of private hospitals operating within the city, one shall represent the interests of public hospitals operating within the city and two shall represent the interests of funeral directors operating within the city. With respect to the appointments by the speaker of the city council, one shall represent the interests of private hospitals operating within the city, one shall represent the interests of public hospitals operating within the city and two shall represent the interests of funeral directors operating within the city. All members of the advisory panel shall serve without compensation. The commissioner or his or her designee shall serve as the chair of such advisory panel. The advisory panel shall be convened at least four times each year and shall be disbanded on October 1, 2009.

i. Report. Not later than six months after the effective date of the local law that added this section, and every six months thereafter, the department shall submit a report to the mayor and the council reviewing the development and implementation of the electronic death registration system.

j. Rules. By November 1, 2004, the department shall promulgate rules in accordance with this section, and such other rules as may be necessary for the purpose of implementing and carrying out the provisions of this section. Such rules shall include a schedule of fees relating to the issuance of permits and certified death certificates that are reasonably related to the cost of operating and maintaining the electronic death registration system.

**HISTORICAL NOTE**

Section added L.L. 2/2004 § 2, eff. Feb. 4, 2004. [See Note 1]

**NOTE**

1. Provisions of L.L. 2/2004:

Section 1. Declaration of legislative findings and intent. Approximately 630,000 deaths occur in New York City each year. Each death must be registered and certified by the Department of Health and Mental Hygiene (DOHMH) before a burial or cremation may take place. In addition, certified death certificates are necessary to begin the probate process. Currently, DOHMH utilizes a paper-based death registration system for the filing, correction and issuance of certified copies of death certificates. This paper-based system is an inefficient and cumbersome method, which sometimes results in two to six month delays during which time families cannot commence probate, make claims on life insurance policies, commence the process of applying for social security survivor benefits or perform a host of other tasks related to the death of a family member. Such delays inflict additional pain and suffering on families who are already dealing with extreme loss. The creation and implementation of an electronic death registration system will allow doctors, authorized hospital staff and funeral directors to electronically input information necessary to complete a death certificate and send such certificate electronically to DOHMH. Errors on the death certificate may be corrected in the same manner. The electronic death registration system will hasten the collection of information necessary for the registration and certification of deaths, thereby expediting the issuance of certified death or fetal death certificatess, the burial or cremation process and settlement of estates.

. . . . . .

§3. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§ 17-186 Lead poisoning prevention in children.

a. The department shall develop a brochure which, at a minimum, advises all appropriate medical providers of their obligations to screen and test children for lead poisoning according to all relevant federal, state and local laws, rules and regulations. Such pamphlet shall be distributed to all appropriate medical providers on an annual basis, starting on September 15, 2004.

b. The department shall develop a pamphlet regarding lead poisoning prevention in children. Such pamphlet shall, at a minimum, be printed in English and Spanish and shall include, at a minimum: (i) the manner in which children are most likely poisoned by lead; (ii) the effects of lead poisoning on a child's health; (iii) the intervals at which a child is required by New York state law to be tested for blood lead levels; (iv) the appropriate telephone numbers to obtain lead poisoning screening, diagnosis and treatment information; (v) the steps a parent or guardian may take to protect his or her child from lead poisoning; and (vi) the requirement of landlords to inspect and repair lead-based paint hazards.

c. At a minimum, the department shall distribute the pamphlet produced pursuant to paragraph b of this section with each birth certificate furnished to the parent or guardian of a child pursuant to section 17-168 of this title. Such pamphlet shall also be made available to any member of the public upon request.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-187 School nurses.

a. Definitions. For purposes of this section, the following items shall have the following meanings:

(1) "Nurse" means an individual licensed as a registered professional nurse pursuant to section 6905 of the New York state education law.

(2) "Public health advisor" includes, but is not limited to, an individual who supports medical and/or professional staff in schools by performing health related duties and who has satisfied the requirements set forth by the department.

b. Primary Schools. The department shall provide on a full-time basis at least one nurse at each public and private primary school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse be provided; and iii) maintains, pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse can carry out his or her nursing duties.

c. Intermediate Schools. The department shall provide at least one nurse, provided that a nurse has not been provided pursuant to subdivision b of this section, or public health advisor or school health service aide, as appropriate, at each public and private intermediate school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse or public health advisor or school health service aide be provided; and iii) maintains pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse or public health advisor or school health service aide

can carry out his or her duties.

d. The provision of any nurses, or public health advisors when applicable, assigned to a school pursuant to this section shall be consistent with any applicable collective bargaining agreements.

e. For the purposes of this section, references to the "department" shall mean the department, either individually or jointly with the board of education as appropriate. The requirements or implementation of this section shall not be construed to cause the layoff or loss of any wages, benefits or other terms and conditions of employment of, and shall not be construed to reduce the employment opportunities of nurses, public health advisors, public health assistants, or school health services aides, as defined by the department, or any other health related position, currently employed, or to be employed by primary and intermediate schools.

f. The commissioner may promulgate any rules deemed necessary for the purposes of implementing and carrying out the provisions of this section.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-188 Automated external defibrillators.

a. Definitions. For the purposes of this section, the following terms shall have the following meanings:

1. "Automated external defibrillator" means a medical device, approved by the United States food and drug administration, that: (i) is capable of recognizing the presence or absence in a patient of ventricular fibrillation and rapid ventricular tachycardia; (ii) is capable of determining, without intervention by an individual, whether defibrillation should be performed on a patient; (iii) upon determining that defibrillation should be performed, automatically charges and requests delivery of an electrical impulse to a patient's heart; and (iv) upon action by an individual, delivers an appropriate electrical impulse to a patient's heart to perform defibrillation.

2. "Owner or operator" means the owner, manager, operator, or other person or persons having control of a public place.

3. "Public place" means the publicly accessible areas of the following places to which the public is invited or permitted: (i) public buildings maintained by the division of facilities management and construction of the department of citywide administrative services or any successor; (ii) parks under the jurisdiction of the department of parks and recreation identified pursuant to subdivision e of this section; (iii) ferry terminals owned and operated by the city of New York served by ferry boats with a passenger capacity of one thousand or more persons; (iv) nursing homes, as defined in section 2801 of the New York state public health law; (v) senior centers, which include facilities operated by the city of New York or operated by an entity that has contracted with the city to provide services to senior citizens on a regular basis, such as meals and other on-site activities; (vi) golf courses, stadia and arenas; and (vii) health clubs that are commercial establishments offering instruction, training or assistance and/or facilities for the preservation,

maintenance, encouragement or development of physical fitness or well-being that have a membership of at least two hundred and fifty people, and which shall include, but not be limited to, health spas, health studios, gymnasiums, weight control studios, martial arts and self-defense schools or any other commercial establishment offering a similar course of physical training.

b. Automated external defibrillators required. Except as provided in subdivision j of this section, the owner or operator of a public place shall make available in such public place automated external defibrillators in quantities and locations deemed adequate in accordance with rules promulgated pursuant to subdivisions e and f of this section and in accordance with section 3000-b of the New York state public health law. Such automated external defibrillators shall be readily accessible for use during medical emergencies. Any information regarding use of automated external defibrillators deemed necessary by the department in accordance with rules promulgated pursuant to subdivision f of this section shall accompany and be kept with each automated external defibrillator. Any automated external defibrillator required pursuant to this subdivision shall be acquired, possessed and operated in accordance with the requirements of section 3000-b of the New York state public health law.

c. Notice required. The owner or operator of a public place shall provide written notice to the public, by means of signs, printed material or other form of written communication, indicating the availability of automated external defibrillators for emergency use in such public place and providing information on how to obtain automated external defibrillator training. The type, size, style, location and language of such notice shall be determined in accordance with rules promulgated by the department pursuant to subdivision f of this section. Should such rules require or allow the posting of signs made available by the department to owners or operators of a public place to serve as appropriate notice pursuant to this subdivision, the department may charge a fee to cover printing, postage and handling expenses.

d. Reports. The department shall conduct a comprehensive study and submit a report to the mayor and the council twelve months after the effective date of the local law that added this section. Such report shall include, but not be limited to, the quantities and locations of automated external defibrillators placed in public places pursuant to subdivision b of this section and the identification of any additional locations throughout the city of New York that warrant the placement of automated external defibrillators. Twenty-four months after the effective date of the local law that added this section, and annually thereafter for the next succeeding three years, the department shall submit to the mayor and the council a report indicating the quantities and locations of automated external defibrillators placed in public places pursuant to subdivision b of this section.

e. Parks. The commissioner of the department of parks and recreation shall, no later than seven calendar days after the effective date of the local law that added this section, promulgate rules identifying at least six parks in each borough under the jurisdiction of the department of parks and recreation to be considered a public place for the purposes of this section, and determining the quantity and location of automated external defibrillators to be placed in such parks; provided, however, that at least one of the parks identified in each borough must be over one hundred and seventy acres.

f. Rules. The department shall promulgate such rules as may be necessary for the purpose of implementing the provisions of this section, including, but not limited to, rules regarding the quantity and location of automated external defibrillators to be placed in a particular public place or general category of public place; the form of notice in which the availability of automated external defibrillators in a public place shall be made known to the public and any accompanying fee; and any information on the use of automated external defibrillators that must accompany and be kept with each automatic external defibrillator; provided, however, that the department of parks and recreation shall determine the quantity and location of automated external defibrillators placed in parks, pursuant to subdivision e of this section. Such rules shall also include, but not be limited to, required training in the use of automated external defibrillators.

g. Liability limited. Any person who, in accordance with the provisions of this section, voluntarily and without expectation of monetary compensation renders first aid or emergency treatment using an automated external

defibrillator that has been made available pursuant to this section, to a person who is unconscious, ill or injured, and any person, owner or operator, entity, partnership, corporation, firm or society that purchases or makes available an automated external defibrillator as required by this section, shall be entitled to the limitation of liability provided in section 3000-a of the New York state public health law.

h. No duty to act. Nothing contained in this section shall impose any duty or obligation on any owner or operator of a public place, his or her employee or other agent, or any other person to provide assistance with an automated external defibrillator to a victim of a medical emergency.

i. Standard of care. Nothing contained in this section shall be deemed to affect the obligations or liability of emergency health providers pursuant to section 3000-b of the New York state public health law.

j. Exception. During such times as an owner or operator of a public place provides, at such public place, advanced life support by a physician, registered professional nurse or advanced emergency medical technician acting within his or her lawful scope of practice, or the use of automated external defibrillators by a physician, registered professional nurse, or advanced emergency medical technician acting within his or her lawful scope of practice, such provision shall be deemed to satisfy the requirements of subdivision b of this section, subject to rules of the department promulgated pursuant to subdivision f of this section. For purposes of this subdivision, advanced emergency medical technician shall mean an advanced emergency medical technician as defined in section three thousand one of the New York state public health law.

k. Public awareness. Within ninety days of the effective date of the local law that added this section, the department shall conduct public awareness and education campaigns in English and Spanish regarding cardiopulmonary resuscitation training.

Section added L.L. 20/2005 § 1, eff. July 5, 2005. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 20/2005:

§ 2. Severability. If any subdivision, sentence, clause, phrase or other portion of the local law that added this section is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§ 3. Effective date. This local law shall take effect one hundred twenty days after its enactment into law. Actions necessary to prepare for the implementation of this local [law] may be taken prior to its effective date.

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-189 Prohibition on sale of certain substances containing lead.

a. For purposes of this section, the following terms shall have the following meanings:

1. "Candy products containing lead" shall mean any confection containing lead which the department, pursuant to rules promulgated hereunder, determines to present a risk to public health or a nuisance as defined in § 17-142 of this code.

2. "Litargirio" shall mean any powder containing lead intended for sale for personal use, including, but not limited to, use as an anti-perspirant, deodorant, foot fungicide or as a treatment for burns and wounds.

3. "Person" shall mean any natural person, individual, corporation, unincorporated association, proprietorship, firm, partnership, joint venture, joint stock association or other entity or business organization.

b. No person shall sell or offer for sale, or cause any person to sell or offer for sale, candy products containing lead or products containing litargirio.

c. Violations and penalties. 1. Any person who violates any provision of this section shall be liable for a civil penalty not to exceed two hundred and fifty dollars for each violation, provided that for a first such violation, such person may be issued a written warning in lieu of such civil penalty.

Notwithstanding any provision of law to the contrary, any person who intentionally or knowingly violates any provision of this section shall be guilty of a misdemeanor punishable by a fine of not more than two hundred and fifty

dollars for each violation and/or a prison term of not more than six months, and a civil penalty of not more than two hundred and fifty dollars for each violation.

d. Enforcement. The department and the department of consumer affairs shall enforce the provisions of this section. A proceeding to recover any civil penalty authorized pursuant to subdivision c of this section shall be commenced by the service of a notice of violation returnable to the administrative tribunal established by the board of health where the department issues such a notice or to the adjudication division of the department of consumer affairs where such department issues such a notice. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged. The administrative tribunal of the board of health and the adjudication division of the department of consumer affairs shall have the power to render decisions and to impose the remedies and penalties provided for in subdivision c of this section, in addition to any other remedies or penalties provided for the enforcement of such provisions under any other law including, but not limited to, civil or criminal actions or proceedings.

e. Rules. The commissioner shall promulgate any rules as may be necessary for the purposes of carrying out the provisions of this section.

**HISTORICAL NOTE**

Section added L.L. 49/2005 § 2, eff. Nov. 15, 2005. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 49/2005:

Section 1. Legislative findings and intent. Lead is a highly toxic substance that has been found to cause permanent neurological damage in children. Lead poisoning is linked to many adverse health effects among children, including learning disabilities, behavioral problems, seizures, coma and sometimes death.

According to the Food and Drug Administration ("FDA"), litargirio is a yellow or peach colored powder, manufactured by certain laboratories outside of the United States, that has no proven health benefits and, because of its high lead content, poses health risks, especially for children, when used in contact with the skin or ingested. This powder has been used, among other things, as a deodorant, a foot fungicide and a treatment for burns and wounds. Because of the serious health risks associated with this powder, the FDA has issued a warning to the public not to use litargirio for any health-related or personal purposes.

In addition, certain candy products have been discovered to contain dangerously high levels of lead. For example, the FDA has warned consumers to avoid purchasing or consuming certain candies and snack products containing chili or products such as tamarind candies sold in clay pots and often manufactured outside of the United States. Some of these products have been found to contain high levels of lead and can increase the chances of lead poisoning in children. In addition, the risk of lead poisoning may also arise from the use of certain candy wrappers.

Accordingly, as a result of the proven toxicity of lead and the above-mentioned FDA warnings, the Council finds that litargirio and certain candy products containing lead are dangerous substances, the sale of which should be prohibited in order to protect the public health.

. . . . . § 3. Severability. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall remain in full force and effect.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-190 [Deaths of homeless persons and homeless shelter residents; track; report.]*

a. Definitions.8 For the purposes of this section, the following terms shall be defined as follows:

1. "Homeless person" means a person who at the time of death did not have a known street address of a residence at which he or she was known or reasonably believed to have resided.

2. "Homeless shelter resident" means a person who at the time of death lived in a homeless shelter as defined in paragraph 3 of this subdivision.

3. "Homeless shelter" means (i) a residence operated by or on behalf of the department of homeless services; (ii) an emergency residence operated by or on behalf of the department of social services/human resources administration which is available primarily for homeless persons with HIV or AIDS related illness; or (iii) a residence operated by or on behalf of the department of housing preservation and development to the extent that such residence houses clients of the department of homeless services; provided, however, that such term shall not include any residence that is available primarily for battered women.

b. Reports regarding deaths of homeless persons and homeless shelter residents. 1. The department shall, on January first, April first, July first and October first of each year, beginning on January first, two thousand six, submit a report to the council indicating the incidence of deaths of homeless persons and homeless shelter residents during the quarter year which began on the first day of the sixth month preceding the month in which the report is required to be filed. Subject to paragraph 3 of this subdivision, such quarterly report shall include, at a minimum, (i) the number of homeless persons who died during the reporting quarter for whom there was an investigation by the office of the chief

medical examiner as required pursuant to section 557 of the charter, the number of homeless shelter residents who died during such quarter and, to the extent such information is readily available, the number of other homeless persons who died during such quarter; (ii) the community board district where each such decedent died, disaggregated within each such district by whether the death occurred outdoors, in a hospital, in a nursing home and/or other residential health care facility, in a homeless shelter, or, to the extent such information is available, in another facility, residence or other type of location, provided, however, that the location of decedents who died in a residence operated by or on behalf of the department of social services/human resources administration which is available primarily for homeless persons with HIV or AIDS related illness shall be provided by borough; (iii) an indication as to whether the decedent was known to be living in a homeless shelter at the time of death and the community board district in which such homeless shelter is located, provided however, that the location of the residence of decedents known to be living in a homeless shelter operated by or on behalf of the department of social services/human resources administration which is available primarily for homeless persons with HIV or AIDS related illness shall be provided by borough; and (iv) the age or approximate age and gender of each such decedent; provided, however, that in cases where the identity of a decedent is unknown or in cases where it is unknown whether such decedent was a homeless person or a homeless shelter resident, the department shall provide the information required by this paragraph during the quarter that such information becomes available, as well as the date or approximate date such death occurred.

2. In addition to the quarterly reports required pursuant to this subdivision, the department shall, subject to paragraph 3 of this subdivision, submit an annual report to the council and the mayor by January fifteenth of each year, (i) summarizing and aggregating, as well as updating and amending if necessary, the information provided in the immediately preceding four quarterly reports; and (ii) indicating the causes of death for all deaths in such report disaggregated by cause, including, but not limited to, how many such deaths were related to exposure to outdoor conditions.

3. The department may withhold information from a quarterly or annual report about an individual decedent otherwise required pursuant to this subdivision to the extent that such withholding is necessary to avoid disclosing the identity of such decedent, provided that the department shall specify when such information is withheld and shall report all other information about such decedent that will not reveal the identity of such decedent.

4. In each quarterly and annual report required pursuant to this subdivision, the department shall describe the methodologies used to identify homeless persons and homeless shelter residents and provide an analysis of the reliability and validity of such methodologies.

5. The quarterly and annual reports required pursuant to this subdivision shall be made available to any member of the public upon request.

c. Rules. By December fifteenth, 2005, the department after public hearings shall promulgate such rules as are necessary to implement the provisions of this section.

**HISTORICAL NOTE**

Section added L.L. 63/2005 § 2, eff. July 11, 2005 and repealed Jan. 30,

2012. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 63/2005:

Section 1. Declaration of legislative findings and intent. According to the Department of Homeless Services (DHS), the number of homeless New Yorkers residing in shelters each night reached the highest point in New York City history in November of 2003. Although the City has seen a recent decline in this population, there are

approximately 35,000 homeless men, women and children residing in the shelter system, including approximately 14,000 children. While the City continues in its efforts to reduce street homelessness through the use of outreach teams and drop-in centers, recent estimates are that approximately 4,400 New Yorkers are sleeping on the streets, in parks and on the subways. While deaths take place each year within the homeless population, currently the City has no way of knowing exactly how many such deaths occur, where they occur, or the causes behind them. The Council finds that in order to more effectively protect these vulnerable residents, the City needs legislation requiring the periodic gathering of information regarding their deaths. Tracking and reporting these deaths will help the City better understand the challenges faced by homeless persons in New York City, and assist in the creation of policies and programs designed to safeguard such persons and prevent future unnecessary deaths.

. . . . . § 3. If any section, subsection, sentence, clause, phrase, or other portion of this local law, including any requirement imposed pursuant to it, is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect. § 4. Effective date. This local law shall take effect immediately after its enactment into law and shall be deemed repealed on January 30, 2012.

*NYC Administrative Code 17-191*

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-191 Child9 fatality review advisory team.

a. For purposes of this section, the term "child fatality" shall mean the death of any person in the city of New York under the age of thirteen where (1) the death is unanticipated, (2) the death is the result of trauma, or (3) the circumstances of the death are suspicious, obscure or otherwise unexplained; provided, however, that such term shall not include the death of any person under the age of thirteen where such death is the subject of a pending criminal investigation, prosecution or appeal.

b. There shall be established within the department, in accordance with all applicable state and local laws, a child fatality review advisory team to examine the facts and circumstances relating to child fatalities. The team shall consist of the commissioner of the administration of children's services, or his or her designee; the commissioner of the police department, or his or her designee; the chief medical examiner, or his or her designee; the commissioner of the department of health and mental hygiene, or his or her designee; and, if required by applicable law, the commissioner of the New York state office of children and family services, or his or her designee. The chancellor of the department of education, or his or her designee, may become a member of the team at his or her discretion. The mayor shall appoint to the team a maximum of two additional individuals, including at least one pediatrician and at least one person who advocates on child-related issues; provided, however, that such individuals shall not hold any other public office, employment or trust. The speaker of the city council shall appoint to the team a maximum of two additional individuals, including at least one pediatrician and at least one person who advocates on child-related issues; provided, however, that such individuals shall not hold any other public office, employment or trust. The public advocate shall appoint to the team one additional individual; provided, however, that such individual shall not hold any other public office, employment or trust.

c. Each member of the child fatality review advisory team, other than any member serving in an ex officio capacity, or such member's designee, and, if he or she chooses to serve, the chancellor of the department of education, or his or her designee, shall serve for a term of two years, and may be removed from office for cause. Any vacancy shall be filled in the same manner as the original appointment.

d. All members of the child fatality review advisory team shall serve without compensation, except that each member shall be allowed actual and necessary expenses to be audited in the same manner as other city charges.

e. Except as otherwise provided in this section, no person shall be ineligible for membership on the child fatality review advisory team because such person holds any other public office, employment or trust, nor shall any person be made ineligible to or forfeit such person's right to any public office, employment or trust by reason of such appointment.

f. The child fatality review advisory team shall meet at least four times a year. The commissioner of the department of health and mental hygiene shall serve as chairperson of the team and shall convene the first meeting of the team within ninety days after the effective date of the local law that added this section.

g. The child fatality review advisory team's work shall include, but not be limited to, reviewing aggregate data relating to child fatalities and formulating recommendations regarding methods of improving the protection of children in order to decrease the future incidence of child fatalities in the city of New York.

h. The child fatality review advisory team may request information from any agency as may be necessary to carry out the provisions of this section, in accordance with all applicable laws, rules and regulations, including, but not limited to, laws related to attorney-client privilege, attorney work product, material prepared for litigation and disclosure of agency records under the public officers law. The team may also request such information from any not-for-profit organization which provided services to the victim of a child fatality or to the family members of such victim, in accordance with all applicable laws, rules and regulations, including, but not limited to, laws related to attorney-client privilege, attorney work product, material prepared for litigation and confidentiality. Nothing in this subdivision shall be construed as limiting any right or obligation of agencies pursuant to the public officers law, including the exceptions to disclosure of agency records contained in such law, with respect to access to or disclosure of records or portions thereof. The team shall keep confidential all information that it receives and protect the privacy of all individuals involved in the child fatality cases that it reviews to the extent provided by law.

i. The child fatality review advisory team shall submit to the mayor, the speaker of the city council and the public advocate, annually, a report including, but not limited to, the number of child fatality cases which occurred in the city of New York during the previous year; statistics regarding the causes of child fatalities; specific non-identifying data with respect to the victims of child fatalities, such as gender, age and race, and, if available, religion and ethnicity; statistics regarding the location of child fatalities, disaggregated by borough; and recommendations regarding ways to decrease the future incidence of child fatalities in the city of New York.

**HISTORICAL NOTE**

Section added L.L. 115/2005 § 2, eff. Mar. 29, 2006 and repealed Jan.

30, 2012. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 115/2005:

Section 1. Legislative findings and intent. New York City has a responsibility to serve its most vulnerable residents, especially its children. The Council recognizes that no child should die due to any preventable factor. The Council also recognizes that by establishing a mechanism for an independent, comprehensive, multiagency and

multidisciplinary review of all child deaths, we will better understand trends and patterns regarding how and why children die in New York City, and thus be better able to take action that can prevent other such deaths and improve the health and safety of New York City's children.

The Council finds that this review must occur at the City level to ensure that the characteristics of child protection that are unique to a large urban area such as New York City are appropriately identified and addressed. The Council also finds that the establishment of a local, independent Child Fatality Review Advisory Team would promote cooperation and communication among the various City agencies involved in investigating child fatalities and would help facilitate the provision of services needed by children and families. Therefore, the Council finds that a New York City Child Fatality Review Advisory Team is necessary to identify preventable social and family circumstances that contribute to child fatalities; provide recommendations regarding the investigation and prevention of child deaths; and identify problems in practices and recommend solutions.

. . . . . .

§ 3. Effect of invalidity; severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 4. This local law shall take effect ninety days after its enactment into law and shall be deemed repealed on January 30, 2012.

Administrative Code of the City of New York

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-192 Foods containing artificial trans fat.

a. Definitions. The following terms shall have the following meanings:

1. "Artificial trans fat" shall have the meaning as such term is defined in section 81.08 of the health code of the city of New York or any successor provision.

2. "Food service establishment" shall have the meaning as such term is defined in section 81.03 of the health code of the city of New York or any successor provision.

3. "Mobile food unit commissary" shall have the meaning as such term is defined in section 89.01 of the health code of the city of New York or any successor provision.

b. Artificial trans fat restricted. No foods containing artificial trans fat shall be stored, distributed, held for service, used in preparation of any menu item or served by any food service establishment or by any mobile food unit commissary; provided that this subdivision shall not apply to food that is served directly to patrons in a manufacturer's original sealed package.

c. Rules. The department may promulgate such rules as may be necessary to implement the provisions of this section.

**HISTORICAL NOTE**

Section added L.L. 12/2007 § 2, eff. July 1, 2007 or July 1, 2008 with

special provisions. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 12/2007:

Section 1. Legislative findings and intent. Trans fat intake increases the risk of heart disease, which is the leading cause of death in New York City. Because a significant portion of dietary trans fat comes from foods purchased at food service establishments and mobile food unit commissaries, the presence of artificial trans fat purchased at such establishments contributes to cardiovascular risk in New York City. The 2005 Dietary Guidelines for Americans, issued by the United States Department of Agriculture, recommend that dietary intake of trans fat be "as low as possible."

On December 5, 2006, pursuant to the authority granted to it by § 558 of the New York City Charter, the Board of Health unanimously approved a resolution to amend Article 81 of the New York City Health Code to restrict the use of artificial trans fat in food service establishments and mobile food unit commissaries regulated by the Department of Health and Mental Hygiene.

The Council finds that the presence of artificial trans fat in foods prepared in food service establishments and mobile food unit commissaries poses a threat to the public health. Therefore, the Council finds it warranted to incorporate the ban on artificial trans fat into the Administrative Code.

. . . . . .

§ 3. This local law shall take effect on July 1, 2007 with respect to oils, shortenings and margarines containing artificial trans fat that are used for frying or in spreads; and shall take effect on July 1, 2008 with respect to oils or shortenings used for deep frying of yeast dough or cake batter, and for all other foods containing artificial trans fat.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-193 Trauma scenes.

a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "City" shall mean the city of New York.

2. "City property" shall mean any property owned and managed by the city.

3. "Trauma" shall mean any serious physical injury or death.

4. "Trauma scene" shall mean any area where a trauma occurred that has been visibly contaminated by human blood or bodily fluids as a result of such trauma.

5. "Trauma scene management" shall mean the use of procedures and materials sufficient to clean and decontaminate a trauma scene and safely remove human blood or bodily fluids and other appropriate waste as determined by the department from such scene.

b. City property. The department shall establish guidelines for trauma scene management on city property that shall be followed by city agencies, subject to applicable emergency response protocols, which shall include, but not be limited to, procedures regarding:

1. the immediate restriction of access to a trauma scene;

2. the cleaning and decontamination of a trauma scene including, but not limited to, the application of

appropriate disinfectants to such scene; and

3. the removal of any waste, including but not limited to, waste generated from cleaning and decontamination activities and the disposal of such waste in accordance with applicable laws and guidelines.

c. Property other than city property. The department shall establish guidelines for trauma scene management on property other than city property within the city and post such guidelines on an appropriate website. Where a trauma scene occurs on or within any portion of such property, a member of the police department or fire department responding to such scene shall inform the owner, resident or occupant of such property that such guidelines may be obtained by calling 311 or accessing the website established by the city for such purpose. Such guidelines shall include, but not be limited to:

1. guidelines for trauma scene management established pursuant to subdivision b of this section and modified, where appropriate, to include procedures for trauma scene management that may be undertaken by such owner, resident or occupant on such property;

2. contact information for the New York state crime victims board and information indicating how such owner, resident or occupant can apply to such board for financial assistance to help cover the cost of professional clean up of a trauma scene, including how application forms can be obtained at the board's local office or website;

3. contact information for any organization that certifies professional trauma scene clean-up companies in the New York city area; and

4. a statement indicating that private insurance might cover the cost of professional clean-up of a trauma scene and that such owner, resident or occupant should contact his or her insurance carrier for further information.

d. Rules. The commissioner shall promulgate rules and regulations as may be necessary to carry out the provisions of this section.

Title 17 Health

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-194 Drinking water tank inspections.

a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "Building" shall mean any building, structure, premises, or part thereof.

2. "Drinking water" shall mean water used for human consumption or used directly or indirectly in connection with the preparation of food for human consumption, including, but not limited to, the cleaning of utensils used in the preparation of food.

3. "Owner" shall mean any owner, manager, operator or other person or persons having control of a building and any authorized agent thereof.

4. "Water heater" shall mean any heating appliance or equipment that heats potable water and supplies such water to the potable hot water distribution system.

5. "Water tank" shall mean any device used to store drinking water that is distributed as part of the water supply system of a building, however such term shall not apply to domestic hot water heaters.

b. Any owner of a building that has a water tank as part of its drinking water supply system shall have such water tank inspected at least once annually. Such inspection shall ensure that the water tank complies with all provisions of the administrative code of the city of New York, the construction codes of the city of New York and the health code of the city of New York. The results of such inspection shall be recorded in a manner prescribed by the commissioner.

Such results shall be maintained by the owner for at least five years from the date of inspection and shall be made available to the department upon request within five business days. The department shall request such information from the building owner or manager when contacted pursuant to subdivision c of this section.

c. The owner of a building shall post a notice stating that (i) the water tank inspection results are maintained on file in a specific location and will be made available when a person makes such a request to either the building owner or manager and (ii) that a person may contact the department if the inspection results are not made available to such person by the building owner or manager. Upon receipt of such request, the owner or manager shall make a copy of the inspection results available within five business days. Such notice shall be posted in a location easily accessible to tenants and in a frame with a transparent cover, and may be combined with similar notices where not otherwise prohibited by law.

d. Beginning March 1, 2010, and each year thereafter for three years, the department shall submit to the council a report which shall provide information about water tank inspections for the preceding calendar year including, but not limited to:

1. the estimated number of building water tanks and the estimated number of buildings serviced by such tanks;

2. the number of building water tank inspection results examined by the department and the number that were in compliance with subdivision b of this section;

3. the estimated compliance rate with subdivision b of this section for the city; and

4. the number of violations issued by the department pursuant to subdivision e of this section.

e. Any owner of a building who violates subdivision b of this section or any of the rules promulgated thereunder shall be liable for a civil penalty not less than two hundred and not to exceed two thousand dollars for each violation. Any owner of a building who violates subdivision c of this section or any of the rules promulgated thereunder shall be liable for a civil penalty not to exceed two hundred fifty dollars for each violation.

**HISTORICAL NOTE**

Section added L.L. 11/2009 § 1, eff. May 27, 2009. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 11/2009:

§ 2. If any subsection, sentence, clause, phrase, or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect. Nothing in this local law shall be interpreted or applied so as to create any power, duty or obligation in conflict with any federal or state law.

CHAPTER 1 DEPARTMENT OF HEALTH AND MENTAL HYGIENE*5

§ 17-195 Food allergy posters.

a. Definitions. 1. "Covered languages" shall mean Chinese, English, Korean, Russian and Spanish, and any other language determined by the department.

2. "Food service establishment" shall have the meaning as such term is defined in section 81.03 of the health code of the city of New York, except that it shall apply exclusively to restaurants where food is sold and space is designated specifically as an eating area.

b. The department shall create a poster containing information on food allergy to be posted in food service establishments. Such poster shall be printed in the covered languages and shall be made available by the department to food service establishments.

c. Every food service establishment shall post, in accordance with the rules of the department, the poster containing information on food allergy created by the department pursuant to subdivision b of this section in a conspicuous location accessible to all employees involved in the preparation of food and the service of food.

d. The department may charge a fee to cover printing, postage and handling expenses in connection with making the poster available to food service establishments.

e. Any food service establishment that violates subdivision c of this section or any of the rules promulgated thereunder shall be liable for a civil penalty not to exceed one hundred dollars for each violation.

CHAPTER 2 MEDICAL EXAMINER

§ 17-201 Report of deaths; removal of body.

It shall be the duty of any citizen who becomes aware of the death of any person, occurring under the circumstances described in paragraph one of subdivision (f) of section five hundred fifty-seven of the charter, to report such death forthwith to the office of the chief medical examiner, and to a police officer who shall forthwith notify the officer in charge of the station-house in the police precinct in which such person died. Any person who shall wilfully neglect or refuse to report such death or who without written order from a medical examiner shall wilfully touch, remove or disturb the body of any such person, or wilfully touch, remove or disturb the clothing or any article upon or near such body, shall be guilty of a misdemeanor.

CHAPTER 2 MEDICAL EXAMINER

§ 17-202 Procedure in deaths reportable to the office of chief medical examiner.

a. Upon any such death, the officer in charge of the station-house in the police precinct in which such person died shall immediately notify the office of chief medical examiner of the known facts concerning the time, place, manner and circumstances of such death. Immediately upon receipt of such notification the chief medical examiner, or a deputy chief medical examiner, or a medical examiner, or a medical investigator, or a lay medical investigator shall go to and take charge of the dead body. Such medical examiner, medical investigator or lay medical investigator shall fully investigate the essential facts concerning the circumstances of the death, taking the names and addresses of as many witnesses thereto as it may be practicable to obtain, and shall record all such facts and file the same in the office of chief medical examiner. Such medical examiner, medical investigator or lay medical investigator shall take possession of any portable objects which, in his or her opinion, may be useful in establishing the cause of death, and except as provided in subdivision c hereof, shall deliver them to the police department.

b. The police officer detailed in such cases shall, in the absence of next of kin of the deceased person, take possession of all property of value found on such person, make an exact inventory thereof on his or her report, and deliver such property to the police department, which shall surrender the same to the person entitled to its custody or possession.

c. Notwithstanding the provisions of subdivisions a and b of this section, any suicide note or other written evidence of suicide found on such deceased person shall be delivered to the chief medical examiner and shall be retained by said medical examiner.

d. Nothing in this section contained shall affect the powers and duties of a public administrator.

Amended LL 81/1957 § 1

Amended LL 56/1961 § 3

**CASE NOTES FROM FORMER SECTION**

¶ 1. In prosecution of physicians for manslaughter in the first degree as result of the death of a person upon whom they performed an illegal abortion, admission in evidence of findings of a medical examiner who died after signing his report of an autopsy performed upon the deceased woman, **held** not to have violated defendants' right of confrontation, inasmuch as the autopsy findings were contained in a report filed in a public office by a public officer for a public purpose embodying facts required by statute to be stated therein, and that was sufficient to permit their admission in evidence even though in the public interest such records were available only to public officials.-People v. Nisonoff, 293 N.Y. 597, 59 N.E. 2d 520 [1944].

¶ 2. Where plaintiff, sister of victim, sues to recover damages for an unauthorized autopsy and defendant alleges that, "autopsy was performed in manner provided for by § 878 of the Administrative Code," such a defense is a legal conclusion and must fall. However, since no cause of action accrued in favor of plaintiff but did to the surviving spouse or next of kin, the second affirmative defense is valid and a motion by plaintiff to strike was denied.-Traumell v. City of N.Y., 193 Misc. 356, 82 N.Y.S. 2d 762 [1948], aff'd, 276 App. Div. 781, 93 N.Y.S. 2d 299 [1949].

¶ 3. In an action to recover damages in a death action it was error to exclude from evidence the report of the toxicologist as to the quantity of alcohol found in the brain of the deceased. N.Y. City Charter § 878, Administrative Code §§ 556-13.0, 878-3.0-879-2.0.-Iovino v. Green Bus Lines, Inc., 277 App. Div. 1002, 100 N.Y.S. 2d 148 [1950].

¶ 4. A father had sufficient interest to maintain a proceeding to require that a statement that his son died as a result of suicide be expunged from the public records. The son died of a gunshot wound and reasonable men could find either that it was suicide or an accident from an unknown cause. In such an arguable situation, the findings of the medical examiners must be sustained as far as their entries in the public records are concerned. A public determination is arbitrary only when no reasonable man would be expected to make it.-Matter of Mitchell, 17 App. Div. 2d 922, 233 N.Y.S. 2d 297 [1962].

Administrative Code of the City of New York

Title 17 Health

CHAPTER 2 MEDICAL EXAMINER

§ 17-205 Records.

Records shall be kept in the office of the chief medical examiner, properly indexed, stating the name, if known, of every person dying under the circumstances described in paragraph one of subdivision (f) of section five hundred fifty-seven of the charter, the place where the body was found and the date of death. To the record of each case shall be attached the original report of the medical examiner and the detailed findings of the autopsy, if any. The appropriate district attorney and the police commissioner of the city may require from the chief medical examiner such further records, and such daily information, as they may deem necessary.

**HISTORICAL NOTE**

Section amended L.L. 53/2007 § 3, eff. Nov. 5, 2007.

Section added chap 907/1985 § 1

**DERIVATION**

Formerly § 879-1.0 added chap 929/1937 § 1

**CASE NOTES**

¶ 1. The office of Chief Medical Examiner is affiliated with the Department of Health and is not a law enforcement agency nor under control of the district attorney's office for **Rosario** purposes although the office is to determine the cause of death, Charter § 557(f) and maintain record and provide them to law enforcement officials and

prosecutors, Ad Cd §17-205, Charter § 557(g). However this requirement to furnish information does not place the office under control of the prosecutor's office. In this case audiotapes made by the examining pathologist during autopsy do not constitute **Rosario** material since the tapes are not in the People's control. People v. Nova, 206 AD2d 132 [1994].

¶ 2. Although this section states that the District Attorney can require the Office of the Chief Medical Examiner (OCME) to furnish autopsy records, the section does not require the OCME to make an audiotape of an autopsy in the first instance or to retain a copy of the audiotape. Since the District Attorney has no control over the form of records kept by the OCME, or which records the OCME decides to turn over to the prosecution, an audiotape of an autopsy does not constitute "Rosario" material (People v. Rosario, 9 N.Y.2d 286, 213 N.Y.S.2d 448) and does not have to be turned over to the defense in a homicide case. People v. Washington, 196 A.D.2d 346, 612 N.Y.S.2d 586 (2nd Dept. 1994).

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-306 Definitions.

Whenever used in this subchapter the following terms shall mean:

a. "Commissary". A service room, catering establishment, restaurant or any other place in which food, containers or supplies are processed, prepared, handled, packed, transferred or stored and directly from which food is distributed to a food vendor or from which any vehicle or pushcart offering food to the public in any public space is supplied.

b. "Food". Any raw, cooked or processed edible substances, beverages, ingredients, ice or water used or intended for use or for sale in whole or in part for human consumption.

c. "Food vendor" or "vendor". A person who hawks, peddles, sells or offers food for sale at retail in any public space.

d. "Food vending business". The business of selling or offering food for sale at retail in a public space engaged in by a food vendor.

e. "Public space". All publicly owned property between the property lines on a street as such property lines are shown on city records including, but not limited to, a park, plaza, roadways, shoulder, tree space, sidewalk or parking

space between such property lines. It shall also include, but not be limited to, publicly owned or leased land, buildings, piers, wharfs, stadiums and terminals.

f. "Pushcart". Any wheeled vehicle or device used by a food vendor, other than a motor vehicle or trailer, which may be moved with or without the assistance of a motor and which does not require registration by the department of motor vehicles. The term "pushcart" shall include any green cart, as that term is defined by subdivision s of this section.

g. "Vehicle". A motor vehicle or trailer, as defined in the vehicle and traffic law.

h. "Vend". To hawk, peddle, sell or offer to sell food at retail in a public space, delivered immediately upon consummation of purchase.

i. "Person." A natural person, partnership, corporation or other asso- ciation.

j. "Veteran". Any person who was in active service in the armed forces of the United States and was honorably discharged from such service.

k. "Disabled veteran". A veteran who is certified by the United States department of veterans' affairs as having a disability rated at ten per centum or more that was incurred by such person during active service in the armed forces of the United States and which disability is in existence at the time of application for a permit under this sub-chapter.

l. "Honorable discharge". Any type of discharge or release from the armed forces of the United States other than a dishonorable discharge.

m. "Disabled person". Any person who has or had a physical or mental impairment that substantially limits one or more major life activities and has a record of such an impairment. For the purposes of this subdivision, "physical impairment" means a physiological disorder or condition, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; genitourinary; hemic and lymphatic; or skin and endocrine. It includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech and hearing impairments, cerebral palsy, muscular dystrophy, and multiple sclerosis. For the purposes of this subdivision, "mental impairment" means any mental or psychological disorder such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. For the purposes of this subdivision, "major life activities" means functions such as walking, seeing, hearing and speaking. For the purposes of this subdivision, a record of such an impairment shall be established by submission to the commissioner of either:

(a) A letter or certificate describing the physical or mental impairment of the applicant which must include the notarized signature of one of the following:

(i) A licensed physician, opthamologist, optometrist or psychologist; or

(ii) An authorized representative of a social agency that conducts programs for the disabled in cooperation with an official agency of the state and from which the applicant is receiving services such as, but not limited to, the state office of vocational rehabilitation; or

(b) A previous certification not more than one year old establishing the physical or mental impairment of the applicant such as, but not limited to, verification of an income tax exemption or social security benefits on the basis of physical or mental impairment.

n. "Unemancipated child". Any son, daughter, step-son or step-daughter who is under the age of eighteen, unmarried and living in the same household.

o. "Exclusive distributor". A person who has a written agreement with a manufacturer of a food product for the

sale of that product by a food vendor licensed pursuant to this subchapter from a vehicle or pushcart to the exclusion of any similar food product manufactured by any other manufacturer.

p. "Manufacturer". A person who processes or fabricates food products from raw materials for commercial purposes.

q. "Fresh fruits and vegetables". Unprocessed unfrozen raw fruits and vegetables that have not been combined with other ingredients.

r. "Fresh fruits and vegetables permit". A full-term permit for the vending at retail solely of fresh fruits or vegetables, or both, from a pushcart or vehicle in a public place. Unless otherwise specified, a fresh fruits and vegetables permit shall be a permit in accordance with the provisions of this subchapter.

s. "Green cart". A pushcart used exclusively by those issued fresh fruits and vegetables full-term permits pursuant to section 17-307 of this subchapter and which, in addition to being in compliance with all other legal requirements applicable to non-processing pushcarts, must also have a distinctive and easily recognizable appearance in accordance with rules to be established by the commissioner.

**CASE NOTES**

¶ 1. A concession covering seven locations within a city park was held to be illegal. The City had no authority to exempt the plaintiff, a private non-profit corporation, from the restrictions against granting multiple permits. Such an exception, if it were to have the force of law, would have to be enacted by the City Council. Moreover, allowing multiple permits would be contrary to the intent of the statute, which was designed to make permits available to a broader spectrum of persons. Precision Carts Vending v. City of New York, 250 A.D.2d 396, 672 N.Y.S.2d 346 (App.Div. 1st Dept. 1998), leave to appeal denied, 92 N.Y.2d 815, 683 N.Y.S.2d 759 (1998).

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-307 Licenses, permits required; restrictions; term.

a. 1. It shall be unlawful for any individual to act as a food vendor without having first obtained a license therefor from the commissioner in accordance with the provisions of this subchapter.

2. In addition to the conditions set forth in section 17-310 of this subchapter a license shall be renewable by the licensee provided that the licensee meets all other requirements for renewal, the license has not been revoked or suspended and the licensee has not committed a violation or violations which could be a basis for license revocation or suspension.

b. 1. It shall be unlawful to vend food from any vehicle or pushcart in a public space without having first obtained a permit for such vehicle or pushcart from the commissioner in accordance with the provisions of this subchapter. The commissioner shall establish standards relating to the size and design of such vehicles and pushcarts. No vendors shall vend from any vehicle or pushcart which does not comply with the standards established by the commissioner. No vendor shall vend from other than a vehicle or pushcart. No food vendor issued a fresh fruits and vegetables permit shall vend from other than a vehicle or a green cart. No food vendor issued a fresh fruits and vegetables permit shall vend any food other than fresh fruits and vegetables from the green cart or vehicle for which the permit was issued.

2. (a) On and after July thirtieth, nineteen hundred eighty-three, no new full-term permits shall be issued until

the number of such permits which are in effect is less than three thousand. Thereafter, the maximum number of such permits which may be in effect shall be three thousand and no new permits shall be issued in excess of such maximum number. Notwithstanding the limitations on the issuance of new full-term permits, a permit issued prior to July thirtieth, nineteen hundred eighty-three which is in effect shall be renewable by the licensee to whom the permit was issued subject to the provisions of subparagraph (f) of this paragraph and provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and the licensee has not committed a violation or violations which could be a basis for permit or license revocation or suspension.

(b) (i) On and after March fifteenth, nineteen hundred ninety-five, without increasing the number of full-term permits which may be in effect in accordance with subparagraph (a) of this paragraph, two hundred full-term permits shall be designated for use exclusively in specified boroughs as follows:

(A) fifty of such full-term permits shall authorize the holders thereof to vend food from any vehicle or pushcart in any public place in the borough of the Bronx where food vendors are not prohibited from vending;

(B) fifty of such full-term permits shall authorize the holders thereof to vend food from any vehicle or pushcart in any public place in the borough of Brooklyn where food vendors are not prohibited from vending;

(C) fifty of such full-term permits shall authorize the holders thereof to vend food from any vehicle or pushcart in any public place in the borough of Queens where food vendors are not prohibited from vending; and

(D) fifty of such full-term permits shall authorize the holders thereof to vend food from any vehicle or pushcart in any public place in the borough of Staten Island where food vendors are not prohibited from vending.

(ii) After the initial issuance of such permits, the commissioner shall establish a separate waiting list for each of the relevant boroughs to be administered in accordance with procedures to be established by rules of the commissioner. The commissioner may by rule limit the number of places on each such waiting list.

(c) On and after January first, nineteen hundred ninety-five, full-term permits shall be issued only to persons who at the time of application for a permit have not had a full-term permit revoked or suspended and who satisfy the commissioner that they are fit and able to conduct, maintain or operate a food vending business. Except as otherwise provided in item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of this section, no person shall be issued more than one permit, whether full-term or temporary.

(d) The issuance or renewal of a full-term permit pursuant to this subchapter shall be subject to the permittee within three months after the certification of a complete application therefor presenting a pushcart or vehicle for inspection by the department and within six months after such certification, passing such inspection.

(e) The commissioner shall establish a separate waiting list for the issuance of full-term permits pursuant to this subchapter to be administered in accordance with requirements to be established by rules of the commissioner. The commissioner may by rule limit the number of places on such waiting list.

(f) Except as otherwise provided in item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of this section, on and after January first, nineteen hundred ninety-six, and on every renewal date thereafter, a permit holder may not renew more than one permit, whether full-term or temporary. Such permit shall be renewed provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and such person has not committed a violation or violations which could be a basis for permit or license suspension or revocation.

(g) Other than subparagraphs (c), (d) and (f), this paragraph shall not apply to the issuance of fresh fruits and

vegetable permits.

3. (a) Notwithstanding the provisions of paragraph two of this subdivision limiting the number of full-term permits that are authorized to be issued, the commissioner may issue up to a maximum of one hundred additional full-term permits authorizing the holders thereof to vend food from any vehicle or pushcart in any public place in the city of New York where food vendors are not prohibited from vending. Such permits shall be issued only to natural persons who at the time of application for a permit hereunder are not holders of a full-term permit issued pursuant to paragraph two of this subdivision and who have not had a full-term permit revoked or suspended. No person shall be issued more than one permit. Such permits shall be issued in the order in which applications for such permits are received in accordance with the preferences specified in subparagraph (b) of this paragraph and the procedures established by the commissioner. The issuance or renewal of a full-term permit pursuant to this paragraph shall be subject to the permittee within three months after the certification of a complete application therefor presenting a pushcart or vehicle for inspection by the department and, within six months after such certification, passing such inspection. After the initial issuance of such permits, the commissioner shall establish a waiting list, not to exceed four hundred in number, to be administered in accordance with procedures to be established by rules of the commissioner.

(b) Preferences shall be given in the issuance of permits pursuant to this paragraph and in the placement on such waiting list to the following categories of persons in the following order:

(i) Veterans who on August second, nineteen hundred ninety-one held a valid general vendor's license issued by the department of consumer affairs pursuant to subchapter twenty-seven of chapter two of title twenty of the code by virtue of having claimed a disability.

(ii) Disabled veterans.

(iii) Disabled persons.

(iv) Veterans.

(c) A person who has been issued a permit pursuant to this paragraph shall not be eligible to obtain a full-term permit authorized by paragraph two of this subdivision if at the time of application for a full-term permit authorized by such paragraph two such person is a holder of a full-term permit issued pursuant to this paragraph or such person has had a full-term permit issued pursuant to this paragraph revoked or suspended.

(d) This paragraph shall not apply to fresh fruits and vegetables permits.

4. (a) Notwithstanding the provisions of paragraph two of this subdivision limiting the total number of full-term permits that are authorized to be issued, the commissioner may issue up to a maximum of one thousand fresh fruits and vegetable permits, as that term is defined in subdivision r of section 17-306 of this chapter. The initial issuance of these one thousand fresh fruits and vegetables permits shall be phased in over a two-year period. No more than five hundred permits shall be issued during the first year of permit availability, nor shall more than one-half of the number of fresh fruits and vegetables permits designated for use in a borough be issued during the first year of permit availability. During the second year of permit availability the commissioner may issue the remaining five hundred permits along with any permits from the initial five hundred not issued during the first year of permit availability. Thereafter, the maximum number of such permits which may be in effect shall be one thousand and no new permits shall be issued in excess of such number. Each of the one thousand fruits and vegetables permits to be issued pursuant to this paragraph shall be designated for use exclusively in a specified borough as follows:

(i) three hundred fifty of such fruits and vegetables permits shall authorize the holders thereof to vend fresh fruits and vegetables from any vehicle or any green cart in the borough of the Bronx in the areas designated in clause (i) of subparagraph b of this paragraph.

(ii) three hundred fifty of such fruits and vegetables permits shall authorize the holders thereof to vend fresh fruits and vegetables from any vehicle or any green cart in the borough of Brooklyn in the areas designated in clause (ii) of subparagraph b of this paragraph.

(iii) one hundred fifty of such fresh fruits and vegetables permits shall authorize the holders thereof to vend fresh fruits and vegetables from any vehicle or any green cart in the borough of Manhattan in the areas designated in clause (iii) of subparagraph b of this paragraph.

(iv) one hundred of such fresh fruits and vegetables permits shall authorize the holders thereof to vend fresh fruits and vegetables from any vehicle or any green cart in the borough of Queens in the areas designated in clause (iv) of subparagraph b of this paragraph.

(v) fifty of such fresh fruits and vegetables permits shall authorize the holders thereof to vend fresh fruits and vegetables from any vehicle or any green cart in the borough of Staten Island in the areas designated in clause (v) of subparagraph b of this paragraph.

(b) The issuance or renewal of a full-term permit issued pursuant to this paragraph shall be subject to the permittee within three months after the certification of a complete application therefore presenting a green cart or vehicle for inspection by the department and, within six months after such certification, passing such inspection. No person shall be issued more than one permit. Fresh fruits and vegetables permits, in addition to being designated for use exclusively in a borough as specified in subparagraph (a) of this paragraph, shall be designated for use exclusively within the police precincts specified below and shall be subject to the same time and place restrictions for vending in such areas as other food vendors:

(i) Bronx: Police Precincts 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 52;

(ii) Brooklyn: Police Precincts 67, 70, 71, 72, 73, 75, 77, 79, 81, 83;

(iii) Manhattan: Police Precincts 23, 25, 26, 28, 30, 32, 33, 34;

(iv) Queens: Police Precincts 100, 101, 103, 113; and

(v) Staten Island: Police Precinct 120.

(c) Notwithstanding any provision of this section to the contrary, within eight months of the effective date of the local law adding this paragraph, the commissioner may exempt by rule any police precinct specified in subparagraph b of paragraph four of this section upon determining that the rate of consumption of fresh fruits and vegetables in the precinct is not substantially lower than the citywide average and that the precinct does not have an elevated rate of nutrition-related health problems compared to the rest of the city.

(d) Fresh fruits and vegetables permits shall be issued in accordance with the preferences specified in subparagraph (e) of this paragraph and the procedures established by the commissioner. The commissioner shall establish a separate waiting list for each borough, to be administered in accordance with procedures to be established by rules of the commissioner. The commissioner may by rule limit the number of places on each such waiting list.

(e) Preferences shall be given in the issuance of fresh fruits and vegetables permits pursuant to this paragraph and in the placement on any waiting list for such permits to the following categories of persons in the following order:

(i) Persons who, on the effective date of the local law which added this provision, are on any of the existing waiting lists established by the commissioner for the issuance of mobile food unit permits for pushcarts and vehicles. From among those persons within this preference category, additional preference in both the issuance of fresh fruits and vegetables permits and placement on any waiting list for such permits shall be given to those persons who fall within

the following groups of persons in the following order: disabled veterans; disabled persons; veterans.

(ii) Disabled veterans.

(iii) Disabled persons.

(iv) Veterans.

(f) A person who has been issued a permit pursuant to this paragraph shall not be eligible to obtain a full-term permit authorized by paragraphs two or three of this subdivision if at the time of application for a full-term permit authorized by such paragraphs such person is a holder of a full-term permit issued pursuant to this paragraph or such person has had a full-term permit issued pursuant to this paragraph revoked or suspended.

c. It shall be unlawful for any person to operate a commissary, or place of food distribution, or a place wherein five or more pushcarts, or more than one vehicle are stored, without first obtaining a permit.

d. A food vendor's license shall entitle the holder thereof to vend any food which the commissioner or board may authorize or otherwise approve, except that a food vendor vending from a green cart or vehicle with a fresh fruits and vegetables permit shall only be authorized to vend fresh fruits and vegetables. No food vendor while acting as such shall vend any item which the commissioner or board has not authorized or otherwise approved.

e. All licenses and permits issued pursuant to this subchapter shall be valid for two years unless sooner suspended or revoked. The commissioner may issue such licenses and permits to expire at various times during a year. To achieve such staggered expiration dates, initial licenses or permits may be issued for a period up to three years.

f. 1. The commissioner may issue temporary licenses and permits upon the furnishing of information and an application in such form and detail as such commissioner may prescribe and the payment of a fee pro-rated in accordance with the schedule of fees set forth in section 17-308 of this subchapter, but in no event shall the fee for such temporary license be less than ten dollars or the fee for such temporary permit be less than fifteen dollars.

2. In addition to the conditions set forth in section 17-310 of this subchapter a temporary license shall be renewable by the licensee within one year of its expiration date provided that the licensee meets all other requirements for renewal, the license has not been revoked or suspended and the licensee has not committed a violation or violations which could be a basis for license revocation or suspension.

3. (a) (i) On and after July thirtieth, nineteen hundred eighty-three, no new temporary permits shall be issued until the number of such permits which are in effect is less than one thousand. Thereafter, the maximum number of such permits which may be in effect shall be one thousand and no new permits shall be issued in excess of such maximum number. Notwithstanding the limitations on the issuance of new temporary permits, a temporary permit issued prior to July thirtieth, nineteen hundred eighty-three shall be renewable by the licensee to whom the permit was issued within one year of its expiration date subject to the provisions of clause (ii) of this subparagraph and provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and the licensee has not committed a violation or violations which could be a basis for license or permit revocation or suspension.

(ii) (A) Except as otherwise provided in item (B) of this clause, on and after January first, nineteen hundred ninety-six, and on every renewal date thereafter, a permit holder may not renew more than one permit, whether full-term or temporary. Such permit shall be renewed provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and such person has not committed a violation or violations which could be a basis for permit or license suspension or revocation.

(B) (I) Notwithstanding any other provision of law to the contrary, on and after the effective date of the local law which added this subitem, any person who is an exclusive distributor or a manufacturer of a food product and who on February third, nineteen hundred ninety-five was an exclusive distributor or a manufacturer of such food product who held more than one temporary permit issued pursuant to this subchapter, may be issued the number of additional temporary permits such person held on February third, nineteen hundred ninety-five and, in addition, may continue to hold one full-term permit issued pursuant to this subchapter if such exclusive distributor or manufacturer held one full-term permit issued pursuant to this subchapter on the effective date of the local law which added this subitem. A written agreement evidencing an exclusive distributorship shall be proof satisfactory that an applicant for multiple temporary permits was an exclusive distributor of a food product on February third, nineteen hundred ninety-five and is an exclusive distributor of such food product at the time of such application. Any written agreement evidencing an applicant's status as an exclusive distributor on February third, nineteen hundred ninety-five shall have been in effect on such date.

(II) Any person who is eligible for the issuance of additional temporary permits pursuant to subitem (I) of this item shall be issued a maximum of sixty temporary permits.

(III) Additional temporary permits shall be issued pursuant to subitem (I) of this item only to persons who are eligible therefor who have not at the time of application for such additional temporary permits had a permit issued pursuant to this subchapter revoked or suspended and who satisfy the commissioner that they are fit and able to conduct, maintain and operate a food vending business. Such permits shall be renewed provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permits were issued or the permits have not been revoked or suspended and such person has not committed a violation or violations which would be a basis for permit or license suspension or revocation.

(IV) Nothing contained in subitem (I) of this item shall be construed as authorizing the issuance of full-term or temporary permits in excess of the numbers of such permits that are authorized to be issued pursuant to paragraph two of subdivision b of this section or clause (i) of this subparagraph.

(b) On and after January first, nineteen hundred ninety-five, temporary permits shall be issued only to persons who have not had a temporary permit revoked or suspended and who satisfy the commissioner that they are fit and able to conduct, maintain or operate a food vending business.

(c) The issuance or renewal of a temporary permit pursuant to this subchapter shall be subject to the permittee within three months after the certification of a complete application therefor presenting a pushcart or vehicle for inspection by the department and within six months after such certification, passing such inspection.

(d) The commissioner shall establish a separate waiting list for the issuance of temporary permits pursuant to this subchapter to be administered in accordance with procedures to be established by rules of the commissioner. The commissioner may by rule limit the number of places on such waiting list.

(e) Temporary permits and temporary licenses issued pursuant to this subchapter shall be valid only during the period of time beginning on April first and ending on October thirty-first of each calendar year.

g. For purposes of determining the number of full-term or temporary permits held by a permittee pursuant to subdivisions b and f of this section, the following provisions shall apply:

1. A natural person shall be deemed to hold the full-term or temporary permits issued in the name of such natural person's unemancipated child, a partnership in which such natural person is a partner, a corporation in which such natural person is an officer, director or shareholder, or a limited liability company in which such natural person is a member, manager or officer.

2. A corporation shall be deemed to hold the full-term or temporary permits issued in the name of:

(a) an officer, director or shareholder of such corporation;

(b) another corporation where such corporation and such other corporation share a common officer, director or shareholder, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such other corporation;

(c) a limited liability company where such corporation or any of its officers, directors or shareholders is a member, manager or officer of such limited liability company, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such limited liability company; or

(d) a partnership where such corporation or any of its officers, directors or shareholders is a partner in such partnership, or such corporation or any of its officers, directors or shareholders has any direct or indirect interest in such partnership.

3. A limited liability company shall be deemed to hold the full-term or temporary permits issued in the name of:

(a) a member, manager or officer of such limited liability company;

(b) another limited liability company where such limited liability company and such other limited liability company share a common member, manager or officer, or such limited liability company or any of its members, managers or officers has any direct or indirect interest in such other limited liability company;

(c) a corporation where such limited liability company or any of its members, managers or officers is an officer, director or shareholder in such corporation, or such limited liability company or any of its members, managers or officers has any direct or indirect interest in such corporation; or

(d) a partnership where such limited liability company or any of its members, managers or officers is a partner in such partnership, or such limited liability company or any of its members, managers or officers has any direct or indirect interest in such partnership.

4. A partnership shall be deemed to hold the full-term or temporary permits issued in the name of:

(a) a partner of such partnership;

(b) another partnership where such partnership is a partner in such other partnership, such partnership and such other partnership share a common partner, or such partnership or any if its partners has any direct or indirect interest in such other partnership;

(c) a corporation where such partnership or any of its partners is an officer, director or shareholder in such corporation, or such partnership or any of its partners has any direct or indirect interest in such corporation; or

(d) a limited liability company where such partnership or any of its partners is a member, manager or officer in such limited liability company, or such partnership or any of its partners has any direct or indirect interest in such limited liability company.

Sub f par 2 amended LL 26/1984 § 1

**NOTE**

1. Provisions of L.L. L.L. 27/1997 § 1:

Section 1. Legislative findings and intent. The council finds that local law 15 for the year 1995 restricted the number of food vendor permits to be issued to those engaged in the food vending business to one full-term or temporary food vendor permit per individual, corporation, partnership or other business entity in order to stop the amassing of large numbers of permits by any one individual, corporation, partnership or other business entity, and the illegal leasing of such permits by some of these multiple permit holders for exorbitant sums of money. The council further finds that an unintended effect of such local law was the difficulty this one permit limitation created for certain small business owners who held multiple temporary permits and who are exclusive distributors or manufacturers of food such as ice cream sold on a seasonal basis on the streets of the City. These exclusive distributors or manufacturers must rely on their ability to maintain a certain number of pushcarts or vehicles that can legally purvey their food products on the City's streets during a limited season, and such pushcarts or vehicles each need a valid temporary food vendor permit from the City's Department of Health. Without more than one temporary permit, these exclusive distributors or manufacturers cannot maintain the requisite number of pushcarts or vehicles they need during their limited vending season to stay in business and to keep their product available to the City's residents, work force and visiting tourists. The council further finds that through the use of unissued temporary food vendor permits and as currently issued temporary food vendor permits are retired, those exclusive distributors or manufacturers who held multiple temporary food vendor permits before local law 15 for the year 1995 divested them of their additional permits should be allowed to again hold their multiple temporary food vendor permits up to a maximum of a total of sixty temporary food vendor permits. Moreover, multiple temporary food vendor permits should only be issued to persons who were in business as exclusive distributors or manufacturers at the time local law 15 for the year 1995 was enacted and such multiple permits should not be transferable.

**2. Provisions of L.L. 128/2005:**

§ 2. Rules. The department shall promulgate such rules as are necessary for the purposes of implementing and carrying out the provisions of subparagraph (d) (ii).

§ 3. Effective date. This local law shall take effect immediately after its enactment and shall be deemed repealed on October 1, 2006.

**CASE NOTES**

¶ 1. The court upheld the constitutionality of this section as a valid exercise of the police power to regulate use of the city streets so as to promote the health and safety of residents. Big Apple Food Vendors Association v. City of New York, 638 N.Y.S.2d 540 (Sup.Ct. New York Co. 1995), aff'd 1996 Westlaw 332414 (App.Div. 1st Dept.).

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-308 Fees.

a. The annual fees for licenses and permits set forth in subdivisions b and c of this section shall be payable at the time of application for a license or permit or renewal thereof, except as otherwise provided in subdivision e of section 17-307 of this subchapter.

b. The annual fee for a license or renewal thereof shall be twenty-five dollars; provided, however, that for an initial license issued for more than two years the applicable license fee shall be increased proportionally to the nearest quarter year.

c. The annual fee for a permit or renewal thereof shall be:

1. For a pushcart or vehicle selling prepackaged food or for a fresh fruits and vegetables permit: fifty dollars for the first year and twenty-five dollars for each year thereafter.

2. For a vehicle selling foods prepared or processed therein: one hundred dollars.

d. The fee for issuing a duplicate license, permit or plate when the original has been lost, destroyed or mutilated shall be: ten dollars.

e. A person holding a license pursuant to the provisions of article four of the general business law shall be

exempt from the payment of fees set forth in this section.

f. The fees provided for herein shall be in addition to any fees required pursuant to the New York city health code or the New York state sanitary code.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-309 Applications; hearings.

a. All applications for a license or permit shall be accompanied by payment of the fee and shall be in such form and detail as the commissioner may prescribe.

b. In addition to any other information required, the commissioner shall require the following information:

1. The name, home and business address of the applicant. If the applicant is applying for a permit to vend food from a vehicle or pushcart in a public place, the name, home address and license number of every food vendor who will be authorized to operate such applicant's vehicle or pushcart and the legal relationship between such applicant and such food vendor.

2. A description of the food to be offered for sale and a description of the vehicle or pushcart to be used and a statement whether or not the application is for a fresh fruits and vegetables permit.

3. Three prints of a full-face photograph of the applicant taken not more than thirty days prior to the date of the application.

4. Proof that the applicant has obtained a certificate of authority to collect sales taxes pursuant to section eleven hundred thirty-four of the tax law and has a tax clearance certificate from the state tax commission of the state of New

York.

5. Whether such applicant is an individual, partnership or other association, or a corporation or limited liability company and if such applicant is an individual applying for a permit to vend food from a vehicle or pushcart in a public place, whether any of such applicant's unemancipated children hold such permits; if a partnership, limited liability company or other association, the name and address of each partner, member, officer or manager of such entity; if a corporation, the names and addresses of the officers, directors and shareholders.

6. An applicant who is a non-resident of the city shall provide the name and address of a registered agent within the city or designate the commissioner as his or her agent upon whom process or other notification may be served.

7. No City officer or employee shall inquire about an applicant's immigration or citizenship status as part of an application made pursuant to this section. Information about an applicant's immigration or citizenship status shall not affect the consideration of the application for a food vendor's license or renewal thereof.

8. Proof that the applicant has obtained the appropriate seal of approval from a weights and measures official for his or her weighing or measuring device or system as required under section one hundred eighty-three of the agriculture and markets law.

c. Only a licensed food vendor may be issued a vehicle or pushcart permit. The application for such permit shall set forth the information required in paragraphs one, two, four, five, six and seven of subdivision b of this section and such other information as the commissioner may prescribe.

d. Upon approval of an application the commissioner shall issue a license to the applicant for a license and a permit and plate to the applicant for a vehicle or pushcart permit. Such license shall contain the name and address of the licensee, his or her license number and a non-removable photograph of such licensee. The plate shall indicate whether or not the permit is a fresh fruits and vegetable permit.

e. Repealed.

**NOTE**

1. Provisions of L.L. L.L. 66/2005:

Section 1. Legislative findings and intent.

New York has a longstanding history as a home to immigrants from around the world who have always contributed to the vibrant diversity of our city. Street vendors of New York City, many of whom are immigrants, are small business owners who work hard to support their families and contribute to the economic development of their neighborhoods. Every day millions of New Yorkers and tourists enjoy the cultural diversity that these vendors bring to our community.

Although immigrants have vended on city streets for many decades, they have often been the targets for anti-immigrant hostility. In an attempt to clear the Lower East Side of Jewish, Italian and other ethnic vendors, the City began prohibiting non-citizens from vending as early as 1938. Recognizing this history and the City's current commitment to justice and diversity, the City finds that all applicants for general vendor and food vendor licenses should be treated equally and subjected to the same requirements.

The City's interests in community health and safety, administrative efficiency and justice are best served by a system where immigrants can more fully participate in the City's economy and services. Recent Executive Orders Nos. 34 and 41 place new restrictions on the types of private information the City is allowed to collect or disclose, including immigration information. Respect for privacy and confidentiality is essential to ensure the effective performance of the City's many services. Street vendors should be able to access government services without fear that their personal information will be collected or disseminated.

Allowing greater access to the City's services will help vendors successfully integrate into the City's small business system and cooperate with City agencies. Vendors will provide more revenue to the City through licensing fees and taxation. Through its health code, the City will be more able to control and regulate the sale and hygiene of food. More residents will be able to support their families, including those who began to vend in the streets as their only option for survival after losing their jobs as a result of the September 11 terrorist attacks. By providing greater access to vending licenses, the City will encourage equality and entrepreneurship.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-310 Renewal of license or permit.

a. An application for renewal of a license or permit shall be filed with the appropriate fee for such renewal, with a tax clearance certificate issued by the state tax commission of the state of New York, and with a tax clearance certificate issued by the commissioner of finance, in such form and containing such information as he or she shall require, indicating payment of all applicable taxes imposed by title eleven of the code and administered by the commissioner of finance, at least thirty days prior to the expiration date of the existing license or permit. The commissioner of finance shall charge and collect a fee of ten dollars for issuing a tax clearance certificate.

b. The commissioner of finance shall promulgate rules and regulations establishing (1) such standards of sales tax payments sufficient to indicate that operating as a food vendor is a full-time or part-time occupation of the licensee and (2) that a minimum payment of all applicable sales and business taxes imposed by title eleven of the code and administered by the commissioner of finance have been paid during the preceding calendar year.

SUBCHAPTER 2 FOOD VENDORS

§ 17-311 Display of license or plate.

a. Each food vendor shall carry his or her license upon his or her person and it shall be exhibited upon demand to any police officer, public health sanitarian or other authorized officer or employee of the city.

b. The food vendor's license shall be worn conspicuously by him or her at all times while he or she is operating as a food vendor.

c. The permit plate shall be firmly affixed to the vending vehicle or pushcart in a conspicuous place.

d. Vendors issued fresh fruits and vegetables permits pursuant to paragraph four of subdivision b of section 17-307 of the administrative code of the city of New York shall carry upon their person a laminated or similarly durable and easily readable map, prepared and issued to them by the commissioner, designating those areas of the city in which they are authorized to vend. Those persons issued a fresh fruits and vegetables permit found to be vending from green carts and vehicles in precincts other than those designated on their borough-specific permits shall be deemed to be operating such vehicle or pushcart without a permit.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-314 Duties of licensees and permittees.

Each person issued a food vendor license or a permit to vend food from a vehicle or pushcart in a public place shall:

a. Permit regular inspections by the department of any vehicle or pushcart used in the operation of his or her business, any premises under his or her control in which food intended to be sold or offered for sale by him or her as a food vendor is prepared, processed or stored and present such vehicle or pushcart for inspection at such place and time as may be designated by the department;

b. Provide to the commissioner or any other authorized officer or employee of the city, the addresses and names of the owners of such service rooms, commissaries or distributors from whom such licensee receives his or her food and also the address at which such vendor stores his or her food and vehicle or pushcart;

c. Not use or permit anyone else to use a food vending vehicle or pushcart for vending any foods other than those authorized for sale by the commissioner or board unless prior written approval has been obtained from the commissioner or board; provided, however, that an exclusive distributor who has been issued more than one temporary permit pursuant to subitem (I) of item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter must primarily vend or permit anyone else using a pushcart or vehicle for which such exclusive distributor has a temporary permit to primarily vend, the food product that was the subject of the exclusive distribution agreement that such exclusive distributor had with a manufacturer on February third, nineteen hundred

ninety-five, and, provided further, that a manufacturer who has been issued more than one temporary permit pursuant to subitem (I) of item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter must primarily vend or permit anyone else using a pushcart or vehicle for which such manufacturer has a temporary permit to primarily vend, the product that such manufacturer sold from a pushcart or vehicle on February third, nineteen hundred ninety-five;

d. Surrender his or her license, permit and plate promptly to the commissioner upon revocation, suspension, termination or expiration of his or her license or permit;*17

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-314.1 Transferability.

a. No license, permit or plate issued under this subchapter shall be assignable or transferable.

b. No vehicle or pushcart used to vend food in a public place shall be assignable or transferable with a license, permit or plate that has been issued under this subchapter attached thereto.

c. A transfer in violation of this section shall be deemed to have occurred where, if a corporation is the permittee, there has been a change in fifty percent or more of the ownership interest in such corporation from the ownership interest existing on the date the permit was issued, or where the permittee is a limited liability company, where there has been the addition of any member, and where the permittee is a partnership, where there has been the addition of any partner. Furthermore, any such transfer in an exclusive distributor or a manufacturer who has been issued more than one temporary permit pursuant to item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter shall result in the automatic revocation of all such additional temporary permits issued to such persons pursuant to such provision.

d. Notwithstanding the provisions in subdivisions a, b and c of this section:

1. the commissioner may, in his or her discretion, transfer a permit to a dependent husband, wife, domestic partner or child of an incapacitated or deceased person to whom the permit was issued under this subchapter;

2. an exclusive distributor or a manufacturer who has been issued more than one temporary permit pursuant to item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter may lease a vehicle or pushcart owned by such exclusive distributor or manufacturer with such exclusive distributor's or manufacturer's temporary permit attached thereto to a person licensed as a food vendor pursuant to this subchapter if (a) such exclusive distributor or manufacturer files with the department the bill of sale or other proof of ownership for such vehicle or pushcart with a duly issued sales tax receipt attached thereto; (b) such lease agreement sets forth the food product which may be primarily sold using such vehicle or pushcart; and (c) such lease agreement is approved by the department, provided, however, that if such lease agreement is not approved or disapproved within thirty calendar days after such lease agreement is filed with the department, such lease agreement shall be deemed to be approved by the department. The commissioner shall promulgate rules establishing the standards by which the department shall evaluate such lease agreements and such standards shall include, but not be limited to, requirements that such lease agreements contain fair and reasonable terms based upon such factors as the cost of purchasing and maintaining such pushcart or vehicle and that the terms of such lease agreement are the result of an arm's length negotiation between the parties thereto. Subleasing of any such vehicle or pushcart owned by such exclusive distributor or manufacturer with such exclusive distributor's or manufacturer's temporary permit attached thereto is strictly prohibited. Authorized officers and employees of the department of small business services and the department of investigation may assist the commissioner and the department in effectuating the provisions of this paragraph. Any violation or violations of the provisions of this paragraph or any rules promulgated hereunder by an exclusive distributor or a manufacturer who has been issued more than one temporary permit pursuant to item (B) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter may be the basis for suspension or revocation of all of the permits issued to such exclusive distributor or manufacturer pursuant to this subchapter.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-315 Restrictions on the placement of vehicles and pushcarts; vending in certain areas restricted or prohibited.

a. No pushcart shall be placed upon any sidewalk unless said sidewalk has at least a twelve foot clear pedestrian path to be measured from the boundary of any private property to any obstruction in or on the sidewalk, or if there are no obstructions, to the curb. In no event shall any pushcart be placed on any part of a sidewalk other than that which abuts the curb.

b. No vending vehicle or pushcart or any other item related to the operation of a food vendor's business shall touch, lean against or be affixed permanently or temporarily in any building or structure including, but not limited to, lamp posts, parking meters, mail boxes, traffic signal stanchions, fire hydrants, tree boxes, benches, bus shelters, refuse baskets or traffic barriers.

c. All items relating to the operation of a food vending business shall be kept in or under the vending vehicle or pushcart, except that samples of the non-perishable items sold may be displayed on the vending vehicle or pushcart. No items relating to the operation of a food vending business other than an adjoining acceptable waste container shall be placed upon any public space adjacent to the vending vehicle or pushcart, and no food shall be sold except from an authorized vehicle or pushcart.

d. No vending pushcart shall be located against display windows of fixed location businesses, nor shall they be within twenty feet of an entranceway to any building, store, theatre, movie house, sports arena or other place of public

assembly.

e. No food vendor shall vend within any bus stop, within ten feet of any driveway, any subway entrance or exit, or any crosswalk at any intersection.

f. Each food vendor who vends from a pushcart or vehicle in the roadway shall obey all traffic and parking laws, rules and regulations as now exist or as may be promulgated, but in no case shall a food vendor vend so as to restrict the continued maintenance of a clear passageway for vehicles.

g. Repealed.

h. No food vendor shall vend on the median strip of a divided roadway unless such strip is intended for use as a pedestrian mall or plaza.

i. No vendor shall vend within areas under the jurisdiction of the department of parks and recreation unless written authorization therefor has been obtained from the commissioner of such department, but nothing therein contained shall exempt any vendor from obtaining a license and permit in accordance with this subchapter.

j. Where exigent circumstances exist and a police officer or other authorized officer or employee of the city gives notice to a food vendor to temporarily move from a location such vendor shall not vend from such location. For the purpose of this subdivision, exigent circumstances shall include but not be limited to, unusually heavy pedestrian or vehicular traffic, existence of any obstructions in the public space at or near such location, an accident, fire or other emergency situation at or near such location, or a parade, demonstration, or other such event or occurrence at or near such location.

k. No food vendor shall vend on any street at any time where and when the operation of any food vending business is prohibited pursuant to either local law or section 20-465.1 of the code and any rules promulgated pursuant thereto. No food vendor shall vend in the area including and bounded on the east by the easterly side of Broadway, on the south by the southerly side of Liberty Street, on the west by the westerly side of West Street and on the north by the northerly side of Vesey Street.

l. Food vendors shall be prohibited from vending on the following streets at the following days and times:

BOROUGH OF MANHATTAN

Third Avenue: East 40th to East 57th Street, Monday through Friday, 8 am to 6 pm; East 58th to East 60th Street, Monday through Saturday, 8 am to 9 pm; Lexington Avenue: East 40th to East 57th Street, Monday through Saturday, 8 am to 7 pm; East 58th to East 60th Street, Monday through Saturday, 8 am to 9 pm; East 61st to East 69th Street, Monday through Saturday, 8 am to 6 pm; Park Avenue: East 34th to East 42nd Street, Monday through Friday, 8 am to 7 pm; East 55th to East 59th Street, Monday through Friday, 10 am to 7 pm; Vanderbilt Avenue: East 42nd to East 45th Street, Monday through Friday, 8 am to 7 pm; Madison Avenue: East 34th to East 45th Street, Monday through Friday, 8 am to 6 pm; East 46th to East 59th Street, Monday through Saturday, 10 am to 7 pm; Fifth Avenue: 32nd to 59th Street, Monday through Saturday, 8 am to 7 pm; Avenue of the Americas: West 32nd to West 59th Street, Monday through Saturday, 8 am to 7 pm; Broadway: West 32nd to West 52nd Street, Everyday, 8 am to 8 pm; Seventh Avenue: West 33rd to West 34th Street, Monday through Saturday, 8 am to 6 pm; West 35th to West 45th Street, Monday through Saturday, 8 am to midnight; West 46th to West 52nd Street, Monday through Saturday, 2 pm to 7 pm; Fourteenth Street: Broadway to Seventh Avenue, Monday through Saturday, noon to 8 pm; West Thirty-fourth Street: Fifth Avenue to Seventh Avenue, Monday through Saturday, 8 am to 7 pm; Fortysecond Street: Third Avenue to Eighth Avenue, Monday through Saturday, 8 am to 7 pm; West Forty-third Street: Broadway to Eighth Avenue, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Forty-fourth Street: Broadway to Eighth Avenue, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Forty-fifth Street: Broadway to Eighth Avenue, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other

days, 7 pm to 11 pm; West Forty-sixth Street: Seventh to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Forty-seventh Street: Fifth to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Forty-eighth Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Forty-ninth Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Fiftieth Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Fifty-first Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Fifty-second Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm; West Fifty-third Street: Broadway to Eighth Avenues, Wednesday and Saturday, noon to 11 pm; Sunday, noon to 6 pm; Other days, 7 pm to 11 pm.

1. Provisions of L.L. L.L. 39/2006:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that the Administrative Code of the City of New York contains several provisions that are either outdated, in need of modification or are no longer practical and the enforcement of which has a detrimental impact upon the City's small business community. It is the Council's intention to modify or repeal these antiquated and problematic provisions of the Administrative Code in a first effort to improve the small business environment in New York City so that these businesses can thrive.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-317 Issuance, renewal, suspension and revocation of licenses and permits.

a. The commissioner may refuse to issue a food vendor license or a permit to vend food from a vehicle or pushcart in a public place, and may, after due notice and an opportunity to be heard, in addition to any other penalties provided herein, refuse to renew, suspend or revoke a food vendor license or a permit to vend food from a vehicle or pushcart in a public place, upon the occurrence of any one or more of the following conditions:

1. the applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees have made a material false statement or concealed a material fact in connection with:

(a) an application for a food vendor license or a permit to vend food from a vehicle or pushcart in a public place; or

(b) the sale of any item of food.

2. the applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees have been found guilty of four or more violations of this subchapter or any rules promulgated pursuant thereto within a two-year period or have been found guilty of a violation of the provisions of part fourteen of the state sanitary code or of the New York city health code, or the applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees have pending any unanswered summonses for violation of this subchapter or any rules

promulgated pursuant thereto.

3. the applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees have been convicted of any offense which, in the judgment of the commissioner, has a direct relationship to such person's fitness or ability to perform any of the activities for which a license or permit is required under this subchapter or has been convicted of any other offense which, in accordance with article twenty-three-a of the correction law, would provide a justification for the commissioner to refuse to issue or renew, or to suspend or revoke, such license or permit.

4. with respect to renewal of a food vendor license, a licensee is not in compliance with the rules promulgated by the commissioner of finance pursuant to subdivision b of section 17-310 of this subchapter.

5. A licensee issued a "fresh fruits and vegetables" permit, pursuant to paragraph 4 of subdivision b of section 17-307 of this subchapter, is found to be vending food other than fresh fruits and vegetables or is found to be vending in a police precinct other than one in which the licensee is authorized to vend in accordance with his (her) borough-specific permit.

b. The commissioner shall not issue or renew a food vendor license or a permit to vend food from a vehicle or pushcart in a public place if the applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees have failed to pay any fine, penalty or judgment duly imposed pursuant to the provisions of this subchapter or any rules promulgated thereunder.

c. The commissioner, for good cause, may, prior to giving notice and an opportunity to be heard, suspend a license or permit issued pursuant to this subchapter for a period of up to ten days. Notice of such suspension shall be served on the licensee or permittee. The commissioner shall provide the licensee or permittee with the opportunity for a hearing within ten days after the notification of suspension, after which the commissioner shall forthwith make a determination as to whether such suspension should continue and the length of such suspension, and in addition may impose any penalty or sanction authorized by this subchapter or any rules promulgated pursuant thereto.

d. Unless otherwise provided in section 17-314.1 of this subchapter, the commissioner shall not renew a permit to vend food from a vehicle or pushcart in a public place where the permittee has died if the permittee is a natural person, or if the permittee is a corporation, where there has been a change in fifty percent or more of the ownership interest in such corporation from the ownership interest existing on the date the permit was issued; where the permittee is a limited liability company, where there has been the addition of any member or where such limited liability company has been dissolved, and where the permittee is a partnership, where there has been the addition of any partner or where such partnership has been dissolved.

e. Each applicant, licensee and permittee shall notify the department in writing by registered mail, return receipt requested, within three business days of receipt of a notice of service of a summons for a violation relating to conducting, maintaining or operating a food vending business and a conviction of such applicant, licensee, permittee, its officers, directors, shareholders, members, managers or employees for any offense occurring after the filing date of the application for a license or permit or a renewal thereof or occurring during the term of the license or permit.

f. Any person issued a food vendor license pursuant to this subchapter who commits three or more violations of the provisions of this subchapter and any rules promulgated thereunder within a two year period shall have his or her food vendor license revoked.

**HISTORICAL NOTE**

**DERIVATION**

Formerly § D22-12.0 added LL 77/1977 § 2

Sub d amended LL 51/1979 § 5

**CASE NOTES**

¶ 1. Under subsection (a)(1)(a) of this section, the Commissioner may refuse to renew a food vendor license where the licensee made a material false statement or concealed a material fact in connection with an application for a food vendor license. Vendor, who defaulted in this matter and in an earlier license revocation matter, obtained a new mobile food vendor license by concealing his true identity and making false statements in his application for a new license, for which he was ineligible based on his record as a scofflaw. Vendor was guilty of more than four rule violations within the two-year period. ALJ recommends revocation of mobile food vendor license issued by agency as a result of deception and denial of any new or renewal license to vendor. Dep't of Health & Mental Hygiene v. Hassan, OATH Index No. 405/06 (Sept. 26, 2005).

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-320 Exemptions.

a. The commissioner or board may promulgate rules exempting any non-profit association, including but not limited to a government agency, charitable, educational, religious or other such organization, from compliance with any of the provisions of this subchapter.

b. Notwithstanding any other provision of this subchapter, a person may be issued more than one full-term or temporary food vendor permit to vend in any area under the jurisdiction of the department of parks and recreation pursuant to an agreement entered into in accordance with chapter fourteen of the charter. Such person shall be exempt from any provisions of this subchapter restricting the number of full-term or temporary food vendor permits that may be issued to any one person and the full-term or temporary food vendor permits issued to such persons also shall be exempt from any provisions of this subchapter restricting the total number of full-term and temporary food vendor permits that may be issued. Such permits shall be subject to all other provisions, limitations and conditions imposed by this code or the health code, and all rules promulgated thereunder.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 2 FOOD VENDORS

§ 17-321 Enforcement.

a. Public health sanitarians or other authorized officers or employees of the department and police officers shall have the power to enforce all laws, rules and regulations relating to food vendors. This provision shall in no way restrict any other power granted by law to any officer or employee of the city.

b. If a food vendor does not move his or her vehicle or pushcart when directed to do so by a police officer or other authorized officer or employee of the city in compliance with the provisions of subdivision k of section 17-315 of this subchapter, such officer or employee may provide for the removal of such vehicle or pushcart to any garage, automobile pound or other place of safety, and the owner or other person lawfully entitled to the possession of such vehicle or pushcart may be charged with reasonable costs for such removal and storage, payable prior to the release of such vehicle or pushcart.

c. An officer or employee designated in subdivision a of this section may seize any vehicle or pushcart which (i) does not have a permit or (ii) is being used to vend on property owned by the city and under the jurisdiction of a city agency including, but not limited to, the department of parks and recreation or the department of small business services, without the written authorization of the commissioner of such department, or (iii) is being used by an unlicensed vendor, or (iv) is being used to vend in the area including and bounded on the east by the easterly side of Broadway, on the south by the southerly side of Liberty Street, on the west by the westerly side of West Street and on the north by the northerly side of Vesey Street, or (v) is selling food not authorized by the permit, and may seize any

food sold or offered for sale from such vehicle or pushcart. Such vehicle, pushcart or food shall be subject to forfeiture as provided in section 17-322 of this subchapter. If a forfeiture proceeding is not commenced, the vendor may be charged with the reasonable costs for removal and storage payable prior to the release of such food, vehicle or pushcart unless the charge of vending without a permit or vending without a license or vending without the authorization of such commissioner is dismissed.

d. If a food vendor operates any food vending business on any street at any time where and when the operation of any food vending business is prohibited pursuant to the provisions of section 20-465.1 of the code and any rules promulgated pursuant thereto, or if a food vendor operates a food vending business in the area including and bounded on the east by the easterly side of Broadway, on the south by the southerly side of Liberty Street, on the west by the westerly side of West Street and on the north by the northerly side of Vesey Street, any authorized officer or employee of the city or member of the New York city police department is authorized to provide for the removal of such food vendor's food, vehicle or pushcart to any garage, automobile pound or other place of safety, and the owner or other person lawfully entitled to the possession of such vehicle or pushcart or food may be charged with reasonable costs for removal and storage.

§ 17-322 Forfeitures.

a. In addition to any penalties imposed pursuant to subdivision a of section 17-325 of this subchapter upon any person found guilty of violating subdivision a, b or c of section 17-307 of this subchapter, all property seized pursuant to this subchapter shall be subject to forfeiture upon notice and judicial determination. Notice of the institution of the forfeiture proceeding shall be in accordance with the provisions of the civil practice law and rules.

b. The police department having custody of the seized property, after judicial determination of forfeiture shall, upon a public notice of at least five days, sell such forfeited property at public sale. The net proceeds of such sale, after deduction of the lawful expenses incurred, shall be paid into the general fund of the city of New York.

SUBCHAPTER 2 FOOD VENDORS

§ 17-325 Penalties.

a. Any person who violates the provisions of subdivision a, b, or c of section 17-307 of this subchapter shall be guilty of a misdemeanor, punishable by a fine of not less than one hundred fifty dollars nor more than one thousand dollars, or by imprisonment for not more than three months or by such fine and imprisonment.

b. Except as provided in subdivision a of this section, a person who violates any provision of this subchapter or any of the rules or regulations promulgated hereunder shall be guilty of an offense punishable by the court as follows:

1. For the first violation, a fine of not less than twenty-five nor more than fifty dollars.

2. For the second violation within a period of two years of the date of a first violation, a fine of not less than fifty dollars nor more than one hundred dollars.

3. For a third violation within a period of two years of the date of a first violation, a fine of not less than one hundred dollars nor more than two hundred and fifty dollars, in addition to the remedy provided for in subdivision f of section 17-317 of this subchapter.

4. For any subsequent violations within a period of two years of the date of a first violation, a fine of not less than two hundred fifty dollars nor more than one thousand dollars.

c. 1. In addition to the penalties prescribed by subdivision a of this section, any person who violates, or any person aiding another to violate, the provisions of subdivision a, b, or c of section 17-307 of this subchapter shall be liable for a civil penalty of not less than one hundred fifty dollars nor more than one thousand dollars together with a penalty of one hundred dollars per day for every day during which the unlicensed business operated.

2. In addition to the penalties prescribed by subdivision b of this section, any person who violates any of the provisions of this subchapter, other than subdivision a, b, or c of section 17-307 of this subchapter, or any of the rules and regulations promulgated hereunder shall be liable for a civil penalty as follows:

(a) For the first violation, a penalty of not less than twenty-five nor more than fifty dollars.

(b) For the second violation within a period of two years of the date of a first violation, a penalty of not less than fifty dollars nor more than one hundred dollars.

(c) For the third violation within a period of two years of the date of a first violation, a penalty of not less than one hundred dollars nor more than two hundred and fifty dollars, in addition to the remedy provided for in subdivision f of section 17-317 of this subchapter.

(d) For any subsequent violations within a period of two years of the date of a first violation, a penalty of not less than two hundred fifty dollars nor more than one thousand dollars.

d. A proceeding to recover any civil penalty authorized pursuant to the provisions of subdivision c of this section shall be commenced by the service of a notice of violation which shall be returnable to the environmental control board or the administrative tribunal established by the board of health. The environmental control board or the board of health's administrative tribunal shall have the power to impose the civil penalties prescribed by subdivision c of this section.

SUBCHAPTER 2 FOOD VENDORS

§ 17-325.2 Report on green carts.

Not later than fifteen months after the effective date of this local law, and each year thereafter for three years, the department shall submit a report to the council which shall set forth information concerning fresh fruits and vegetables permits and green carts including, but not limited to:

a. the number of applications for permits, disaggregated by borough;

b. the number of permits issued, disaggregated by borough;

c. the number of people on the waiting list, disaggregated by borough; d. the number of violations issued to green carts by anyone authorized to issue such violations, disaggregated by borough, and the location of such carts at the time such violations were issued; and

e. the consumption of fruits and vegetables, disaggregated by neighborhood.

**HISTORICAL NOTE**

Section added L.L. 9/2008 § 14, eff. June 11, 2008. [See Note 1]

**NOTE**

1. Provisions of L.L. L.L. 9/2008:

Section 1. Legislative findings. The Council finds that many New Yorkers suffer from health conditions related to poor nutrition, such as diabetes, heart disease, cancer and high blood pressure. Obesity rates in NYC have increased more than 70% since 1994. More than 1.1 million New Yorkers are obese, and another 2 million are overweight. Similarly, diabetes has more than doubled in NYC over the past 10 years. More than 500,000 adult New Yorkers have diagnosed diabetes and an additional 200,000 have diabetes and do not yet know it.

Poor nutrition, obesity, and diabetes are interconnected. According to one national study, eating fruits and vegetables three or more times a day as opposed to less than once a day is associated with a 42% lower risk of dying from stroke and 24% lower risk of dying from heart disease. Neighborhoods where fruit and vegetable consumption is the lowest have high rates of obesity and diabetes. In neighborhoods with the lowest fruit and vegetable consumption, such as East New York, Bushwick and Bedford-Stuyvesant, as many as one in four adults report that they did not eat a single fruit or vegetable the previous day. The availability of healthy food in the immediate neighborhood has a strong impact on the diet of its residents. In East Harlem, only 4% of small grocery stores sell leafy green vegetables and only 25% sell apples, oranges and bananas. With small grocery stores outnumbering supermarkets by almost three to one in such neighborhoods, residents of low-income neighborhoods have few healthy food options close to home. These findings demonstrate an urgent need to take measures that increase the accessibility of fruits and vegetables in neighborhoods where studies show that consumption of these items is low.

. . . . . .

§ 15. This local law shall take effect on the ninetieth day after it shall have become a law, provided that the commissioner of health and mental hygiene shall be authorized to take any steps necessary to prepare for implementation of the law, including the promulgation of rules, prior to such date.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 3 RENTAL HORSE LICENSING AND PROTECTION LAW*5

§ 17-326 Definitions.

Whenever used in this subchapter the following terms shall have the following meanings:

(a) "Person" means an individual, partnership, corporation, association or other legal entity.

(b) "Veterinarian" means a person licensed to practice veterinary medicine in the state of New York.

(c) "Work", a horse is considered to be at work when it is out of its stable and presented to the public as being available for riding, pulling carriages, vehicles or other devices, or when it is saddled or in harness or when it is being ridden or is pulling a carriage, vehicle or device.

(d) "Owner" means the owner of a horse which is required to be licensed pursuant to this subchapter and the owner of a rental horse business in which such horse is used.

(e) "Riding horse" means a horse which is available to the public for a fee for the purpose of riding.

(f) "Carriage horse" means any horse which is used by its owner or any other person to pull any vehicle, carriage, sled, sleigh or other device in exchange for a fee. A horse rented or leased by its owner to another for any of the foregoing purposes shall be deemed to be a carriage horse for the purposes of this subchapter.

(g) "Rental horse business" means a business enterprise which provides or offers the use of a horse to the public for a fee for the purpose of riding or drawing a horse drawn vehicle or which operates a horse drawn vehicle for hire such as a horse drawn cab.

(h) "Rental horse" means a horse which is used in a rental horse business.

(i) "Under tack" means that a horse is equipped for riding or driving.

(j) "ASPCA" means the American Society for the Prevention of Cruelty to Animals.

(k) "Stable" means any place, establishment or facility where one or more rental horses are housed or maintained.

CHAPTER 3 LICENSES AND PERMITS

SUBCHAPTER 3 RENTAL HORSE LICENSING AND PROTECTION LAW*5

§ 17-327 License required.

a. On and after January first, nineteen hundred eighty-two no person shall use or offer the use of a horse in a rental horse business unless such horse is licensed pursuant to the provisions of this subchapter. For purposes of this subchapter the use of a horse in a rental horse business means that a horse is used or offered for use by the public for a fee for the purpose of riding or drawing a horse drawn vehicle or is used in the operation of a horse drawn vehicle for hire such as a horse drawn cab.

b. A license shall be issued for a term of one year from the date of issuance thereof and shall be renewed prior to the expiration of such term.

c. The annual fee for a license or the renewal of a license shall be twenty-five dollars.

d. Application for a license or the renewal of a license shall be made to the department of health and mental hygiene. Such application shall contain the name and address of the owner of the horse and of the owner of the rental horse business in which such horse is to be used if such person is not the owner of the horse, the age, sex, color, markings and any other identifying marks such as brands or tattoos of the horse, the location of the stable where the horse is to be kept and any other information which the commissioner of health and mental hygiene may require. An application with respect to a horse which is used in the operation of a "horse drawn cab" as defined in subchapter twenty-one of chapter two of title twenty of this code shall include the identification number required to be inscribed on

such horses hoof pursuant to the rules and regulations of the department of consumer affairs. The application shall be accompanied by the license or renewal fee.

e. No license shall be transferable. Upon the transfer of ownership of any horse to a new owner, the new owner shall obtain a license for such horse within fifteen days after the date of the transfer of ownership.
