Re: Re-hearing of #08-E-0836, #08-E-0837, #08-E-0838, #08-E-0839

Dear Secretary Brillig:

I am a tenant in Schomburg Plaza/The Heritage. My address is 1295 5th AVE APT. 12H
My shadow electric bill in ~~February~~ was \$ 488. The allotment for the roll-back of my rent
is \$ _____. My apartment size is 3 bedrooms with 1 adults and 2 children.

During the period of this bill, I and my family took the following measures to reduce the electric
consumption in my apartment:

turn off lights short time with
games went in not home turn everything off

I have the following medical equipment that requires electrical charge:

My electric baseboard heaters have:
~~_____~~ working thermostats
_____ no working thermostats

My heaters:
_____ work well
_____ do not work well
_____ are over 30 years old

My insulation preventing the escape of heat is:
_____ good
_____ poor

My appliances are:
_____ good
_____ poor
_____ not energy-star rated

Submetering would cause an unfair rent burden on my family, effectively resulting in a rent increase that I
would not be able to afford, because:

I'm a single mother working
if I can't afford to pay ~~no~~ any more
cause I would be able to afford.

With regard to submetering at Schomburg Plaza/The Heritage, I sincerely request that you:

_____ repeal your order to submeter
_____ proceed with submetering.

Re: Re-hearing of #08-E-0836, #08-E-0837, #08-E-0838, #08-E-0839

Dear Secretary Brillling:

I am a tenant in Schomburg Plaza/The Heritage, My address is 1295-5th AVE.
My shadow electric bill in ~~February~~ was \$ Excessive. The allotment for the roll-back of my rent is \$ Low. My apartment size is 2 bedrooms with 2 adults and 0 children.

During the period of this bill, I and my family took the following measures to reduce the electric consumption in my apartment:

1. Cut down on my light & TV use and shut off the lights while watching TV. I question whether the statement given by mgmt. for using electricity were actual or statements.

I have the following medical equipment that requires electrical charge:

My electric baseboard heaters have:
 working thermostats
 no working thermostats

My heaters:
 work well
 do not work well
 are over 30 years old

My insulation preventing the escape of heat is:
 good
 poor

My appliances are:
 good
 poor
 not energy-star rated

Submetering would cause an unfair rent burden on my family, effectively resulting in a rent increase that I would not be able to afford, because:

I am a Standard Income retiree from the Federal Govt and jointly with my wife our gross income is 43,900 per year. My rent is 10,948 plus 8,268 by Housing subsidy which total to 19,216. If I could afford a down payment I could pay less monthly Rent for a four (4) bedroom house than the 2 Bedrooms I have now. Management proposal is too far fetch

With regard to submetering at Schomburg Plaza/The Heritage, I sincerely request that you:

repeal your order to submeter

Re: Re-hearing of #08-E-0836, #08-E-0837, #08-E-0838, #08-E-0839

Dear Secretary Brillig:

I am a tenant in Schomburg Plaza/The Heritage. My address is 1307 Fifth Aven #33D
My shadow electric bill in February was \$. The allotment for the roll-back of my rent
is \$ 1,300.00. My apartment size is 3 bedrooms with 3 adults and 2 children.

During the period of this bill, I and my family took the following measures to reduce the electric
consumption in my apartment:

unplugging electronics not in use. Minimized
the usage of lights.

I have the following medical equipment that requires electrical charge:

Surgical Breathing Equipment

My electric baseboard heaters have:
 working thermostats
 no working thermostats

My heaters:
 work well
 do not work well
 are over 30 years old

My insulation preventing the escape of heat is:
 good
 poor

My appliances are:
 good
 poor
 not energy-star rated

Submetering would cause an unfair rent burden on my family, effectively resulting in a rent increase that I
would not be able to afford, because:

I have a family of five, with only one
income, that delay the poverty level for NYS!

With regard to submetering at Schomburg Plaza/The Heritage, I sincerely request that you:

 repeal your order to submeter
 proceed with submetering.

Sincerely Yours,

Dear Secretary Brillling:

I am a tenant in Schomburg Plaza/The Heritage. My address is #4D.
My shadow electric bill in ~~February~~ was \$ 300+. The allotment for the roll-back of my rent
is \$ 170. My apartment size is 3 bedrooms with 3 adults and 0 children.

During the period of this bill, I and my family took the following measures to reduce the electric
consumption in my apartment:
Use caulking glue to fill all holes (almost impossible)
where cold air was coming in. We also went w/o heat in one
room because of the poor heater output in that room.

I have the following medical equipment that requires electrical charge:

My electric baseboard heaters have:
 working thermostats
 X no working thermostats

My heaters:
 work well
 X do not work well
 are over 30 years old

My insulation preventing the escape of heat is:
 good
 X poor

My appliances are:
 X good
 poor
 not energy-star rated

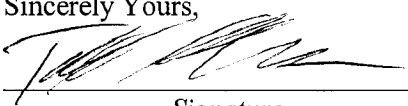

Submetering would cause an unfair rent burden on my family, effectively resulting in a rent increase that I
would not be able to afford, because:

We are 1st year teachers with a great deal of college
debt. We chose to live in this community because it is
where our kids go to school (our students). If rent goes up
we would not plan to renew our contract and would consider
finding more immediate ways to move out.

With regard to submetering at Schomburg Plaza/The Heritage, I sincerely request that you:

 X repeal your order to submeter
 proceed with submetering.

Sincerely Yours,

RE: Case #08E0836

Dear Hon. Brillling:

I am Sharonne Salaam. I have lived at 1309 Fifth Avenue for more than twenty years. In that time I have seen many changes in the building and the services that have been provided by the building owners. At this time I must admit the heating system is not efficient. The heating system only works on off and on.

I am a senior on a fixed income. I need your help. Many of the same issues that people face all around the world are thriving in New York, New York USA. I am on the verge of being priced out of my apartment. For the past two months my stove has not worked and I have not been able to get the owners to fix it so that I can cook in the oven. Many of the electric switches don't work. I fear that there might be a defect in the electric wiring for my apartment. The owner doesn't provide consistent heat to keep my apartment warm in the winter. There is a constant draft coming into the apartment windows. The broken heating units allow for a limited amount of heat. At times my hands are so cold that I have to wear gloves.

Under the management of the new owners great strides are being undertaken to improve the outward appearance of the building, at the expense of services and repairs to tenant's apartments. For years electricity was included in a rental agreement. Just recently the owners began a process for tenants to pay their own electricity. In two months the owners sent me a proposed bill for nearly \$1000 for two months.

I live in a one bedroom apartment. I have relatives who live in the same size apartment. They get their electric from Con Edison, a company the state allows to provide electricity to New Yorkers. The bill of my relatives averages \$30 per month.

In the development where I live the owner still provides the electricity. The owner has approached NYS PSC to allow the owner permission to charge the tenants for the electricity. Under the owner's proposal, the owner establishes the rate of pay for the electricity. The owner's rate is one hundred times the rate of Con Ed. As a tenant, if the owners win the right to charge us for electricity, we must buy our electricity from the owners at a price that similar to racketeering. Tenants like myself will be held hostage and many will be evicted or frozen in the dead of winter because we are not able to pay the electric bill. My understanding is that in the owners proposal passes, if the electricity bill is not paid I could be evicted even if my electric bill is paid. This would happen even if the rent is paid.

Please help me. Please help us.

Respectfully yours,

Ms. Salaam

Re: Re-hearing of #08-E-0836, #08-E-0837, #08-E-0838, #08-E-0839

Dear Secretary Brillig:

I am a tenant in Schomburg Plaza/The Heritage. My address is 1295 5th Ave.
My shadow electric bill in February was \$ 300.00. The allotment for the roll-back of my rent
is \$ 0. My apartment size is 1 bedrooms with 1 adults and 0 children.

During the period of this bill, I and my family took the following measures to reduce the electric
consumption in my apartment:

I turned everything off - TV - Cable
STOVE - MICRO used night light

I have the following medical equipment that requires electrical charge:

My electric baseboard heaters have:
 working thermostats
 no working thermostats

My heaters:
 work well
 do not work well
 are over 30 years old

My insulation preventing the escape of heat is:
