

**THE ISLAND PARK ENERGY CENTER –  
A REPOWERING OF THE E.F. BARRETT POWER STATION  
TOWN OF HEMPSTEAD  
NASSAU COUNTY, NEW YORK**

**PRELIMINARY SCOPING STATEMENT**

**PREPARED BY:**

**1200 WALL STREET WEST  
5<sup>TH</sup> FLOOR  
LYNDHURST, NEW JERSEY 07071**

**MARCH 2014**

### Chapter 1.0 Project Information

|        |                                                                                                   |      |
|--------|---------------------------------------------------------------------------------------------------|------|
| 1.1    | Introduction of Applicant and Their Property Rights and Interests.....                            | 1-1  |
| 1.2    | Brief Description of the Proposed Project .....                                                   | 1-1  |
| 1.3    | Project Purpose and Benefits .....                                                                | 1-7  |
| 1.4    | Consistency with Energy Planning Objectives .....                                                 | 1-7  |
| 1.4.1. | LIPA 2010-2020 Electric Resource Plan.....                                                        | 1-7  |
| 1.4.2. | New York State Energy Plan .....                                                                  | 1-8  |
| 1.5    | Project Location and Site History .....                                                           | 1-10 |
| 1.6    | Overview of Environmental Setting .....                                                           | 1-10 |
| 1.7    | Public Involvement Program .....                                                                  | 1-11 |
| 1.7.1. | Planning and Pre-Application Phase.....                                                           | 1-11 |
| 1.7.2. | Study and Application Phase .....                                                                 | 1-15 |
| 1.7.3. | Application and Certification Phase .....                                                         | 1-15 |
| 1.7.4. | Compliance and Implementation Phase.....                                                          | 1-15 |
| 1.7.5. | Significant Issues Raised During Public Meetings and Informal<br>Consultation with Agencies ..... | 1-16 |

### Chapter 2.0 Project Description

|        |                                                                   |      |
|--------|-------------------------------------------------------------------|------|
| 2.1    | Introduction.....                                                 | 2-1  |
| 2.2    | Project Overview .....                                            | 2-5  |
| 2.3    | Project Description.....                                          | 2-5  |
| 2.3.1. | Combined Cycle Configuration .....                                | 2-5  |
| 2.3.2. | Simple Cycle Configuration .....                                  | 2-6  |
| 2.4    | Major Facility Components .....                                   | 2-7  |
| 2.4.1. | Major Components of the Simple Cycle Facility .....               | 2-7  |
| 2.4.2. | Major Components of the Common Facilities.....                    | 2-10 |
| 2.4.3. | Major Components of the Combined Cycle Facility .....             | 2-13 |
| 2.4.4. | Layout and Appearance .....                                       | 2-18 |
| 2.5    | Air Quality Control Systems.....                                  | 2-18 |
| 2.6    | Water Use, Wastewater Generation and Stormwater Management.....   | 2-21 |
| 2.7    | Fuel Supply and Sufficiency of On-Site Fuel Storage Capacity..... | 2-23 |

|      |                                   |      |
|------|-----------------------------------|------|
| 2.8  | Chemical Use .....                | 2-24 |
| 2.9  | Instrumentation and Controls..... | 2-24 |
| 2.10 | Electric Transmission.....        | 2-25 |
| 2.11 | Safety .....                      | 2-25 |
| 2.12 | Security .....                    | 2-25 |
| 2.13 | Fire Protection.....              | 2-26 |

### **Chapter 3.0 Environmental Impact Analysis**

|        |                                                                 |      |
|--------|-----------------------------------------------------------------|------|
| 3.1    | Land Use .....                                                  | 3-1  |
| 3.1.1. | Introduction.....                                               | 3-1  |
| 3.1.2. | Existing Conditions.....                                        | 3-1  |
| 3.1.3. | Potentially Significant Adverse Impacts.....                    | 3-5  |
| 3.1.4. | Extent and Quality of Information Required for Evaluation ..... | 3-6  |
| 3.1.5. | Avoidance and Minimization Measures to Adverse Impacts .....    | 3-7  |
| 3.1.6. | Proposed Measures to Mitigate Unavoidable Impacts.....          | 3-7  |
| 3.2    | Public Health and Safety.....                                   | 3-8  |
| 3.2.1. | Introduction.....                                               | 3-8  |
| 3.2.2. | Existing Public Health and Safety Characteristics.....          | 3-8  |
| 3.2.3. | Potentially Significant Adverse Impacts.....                    | 3-9  |
| 3.2.4. | Extent and Quality of Information Required for Evaluation ..... | 3-9  |
| 3.2.5. | Avoidance and Minimization Measures to Adverse Impacts .....    | 3-10 |
| 3.2.6. | Proposed Measures to Mitigate Unavoidable Impacts.....          | 3-11 |
| 3.3    | Air Resources.....                                              | 3-12 |
| 3.3.1. | Article 10 Requirements for Air Quality .....                   | 3-12 |
| 3.3.2. | Ambient Air Quality and Meteorology.....                        | 3-17 |
| 3.3.3. | Regulatory Framework for Project Approval .....                 | 3-22 |
| 3.3.4. | Potential Emissions and Air Quality Impacts .....               | 3-35 |
| 3.3.5. | Proposed Air Quality Modeling.....                              | 3-38 |
| 3.4    | Noise and Vibration .....                                       | 3-40 |
| 3.4.1. | Introduction.....                                               | 3-40 |
| 3.4.2. | Existing Conditions.....                                        | 3-40 |
| 3.4.3. | Potentially Significant Adverse Impacts.....                    | 3-42 |

|         |                                                                              |      |
|---------|------------------------------------------------------------------------------|------|
| 3.4.4.  | Extent and Quality of Information Required for Evaluation .....              | 3-44 |
| 3.4.5.  | Avoidance and Minimization Measures to Adverse Impacts .....                 | 3-45 |
| 3.4.6.  | Applicable Noise Ordinances and Regulations and Acoustic Design<br>Goal..... | 3-46 |
| 3.5     | Cultural Resources .....                                                     | 3-47 |
| 3.5.1.  | Introduction.....                                                            | 3-47 |
| 3.5.2.  | Existing Setting.....                                                        | 3-47 |
| 3.5.3.  | Potentially Significant Adverse Impacts.....                                 | 3-48 |
| 3.5.4.  | Extent and Quality of Information Required for Evaluation .....              | 3-51 |
| 3.5.5.  | Avoidance and Minimization Measures to Adverse Impacts .....                 | 3-52 |
| 3.5.6.  | Proposed Measures to Mitigate Unavoidable Impacts.....                       | 3-52 |
| 3.6     | Geology, Seismology, and Soils .....                                         | 3-53 |
| 3.6.1.  | Introduction.....                                                            | 3-53 |
| 3.6.2.  | Seismic Potential.....                                                       | 3-56 |
| 3.6.3.  | Excavation and Fill .....                                                    | 3-57 |
| 3.7     | Terrestrial Ecology and Wetlands.....                                        | 3-60 |
| 3.7.1.  | Introduction.....                                                            | 3-60 |
| 3.7.2.  | Existing Conditions.....                                                     | 3-60 |
| 3.7.3.  | Potentially Significant Adverse Effects .....                                | 3-72 |
| 3.7.4.  | Extent and Quality of Information Required for Evaluation .....              | 3-74 |
| 3.7.5.  | Avoidance, Minimization and Mitigation Measures for Adverse Impacts          | 3-75 |
| 3.8     | Water Resources and Aquatic Ecology.....                                     | 3-76 |
| 3.8.1.  | Introduction.....                                                            | 3-76 |
| 3.8.2.  | Surface Water Resources .....                                                | 3-76 |
| 3.8.3.  | Surface Water Quality.....                                                   | 3-78 |
| 3.8.4.  | Groundwater Resources .....                                                  | 3-78 |
| 3.8.5.  | Existing Operations.....                                                     | 3-79 |
| 3.8.6.  | Proposed Water Use.....                                                      | 3-80 |
| 3.8.7.  | Process and Sanitary Wastewater .....                                        | 3-81 |
| 3.8.8.  | Stormwater Management .....                                                  | 3-82 |
| 3.8.9.  | Chemical and Petroleum Bulk Storage .....                                    | 3-83 |
| 3.8.10. | Aquatic Species and Invasive Species .....                                   | 3-84 |

|         |                                                                 |       |
|---------|-----------------------------------------------------------------|-------|
| 3.8.11. | Work In Navigable Waters .....                                  | 3-84  |
| 3.9     | Visual Resources.....                                           | 3-85  |
| 3.9.1.  | Introduction.....                                               | 3-85  |
| 3.9.2.  | Existing Conditions.....                                        | 3-85  |
| 3.9.3.  | Potentially Significant Adverse Impacts.....                    | 3-86  |
| 3.9.4.  | Extent and Quality of Information Required for Evaluation ..... | 3-86  |
| 3.9.5.  | Avoidance and Minimization Measures to Adverse Impacts .....    | 3-87  |
| 3.9.6.  | Proposed Measures to Mitigate Unavoidable Impacts.....          | 3-87  |
| 3.10    | Traffic and Transportation .....                                | 3-89  |
| 3.10.1. | Introduction.....                                               | 3-89  |
| 3.10.2. | Existing Conditions.....                                        | 3-89  |
| 3.10.3. | Potentially Significant Adverse Impacts.....                    | 3-92  |
| 3.10.4. | Extent and Quality of Information Required for Evaluation ..... | 3-93  |
| 3.10.5. | Avoidance and Minimization Measures to Adverse Impacts .....    | 3-94  |
| 3.10.6. | Proposed Measures to Mitigate Unavoidable Impacts.....          | 3-94  |
| 3.11    | Communications .....                                            | 3-95  |
| 3.11.1. | Introduction.....                                               | 3-95  |
| 3.11.2. | Existing Conditions.....                                        | 3-95  |
| 3.11.3. | Potentially Significant Adverse Impacts.....                    | 3-96  |
| 3.11.4. | Extent and Quality of Information Required for Evaluation ..... | 3-96  |
| 3.11.5. | Avoidance and Minimization Measures to Adverse Impacts .....    | 3-97  |
| 3.11.6. | Proposed Measures to Mitigate Unavoidable Impacts.....          | 3-97  |
| 3.12    | Recreational Resources .....                                    | 3-98  |
| 3.12.1. | Introduction.....                                               | 3-98  |
| 3.12.2. | Existing Recreational Resources.....                            | 3-98  |
| 3.12.3. | Potential Recreational Impacts .....                            | 3-103 |
| 3.12.4. | Proposed Studies.....                                           | 3-103 |

## **Chapter 4.0 Project Alternatives**

|        |                                    |     |
|--------|------------------------------------|-----|
| 4.1    | Introduction.....                  | 4-1 |
| 4.2    | Alternatives To Be Evaluated ..... | 4-1 |
| 4.2.1. | “No Action” Alternative .....      | 4-1 |

|        |                                                                         |     |
|--------|-------------------------------------------------------------------------|-----|
| 4.2.2. | Alternative Capacity Supply Methods .....                               | 4-2 |
| 4.2.3. | Alternative Project Technologies.....                                   | 4-2 |
| 4.2.4. | Alternate Scale Or Magnitude of Project.....                            | 4-2 |
| 4.2.5. | Alternative “In-Service” Dates .....                                    | 4-2 |
| 4.3    | Comparative Advantages and Disadvantages of the Proposed Repowering ... | 4-3 |
| 4.4    | Justification for Primary Proposed Location .....                       | 4-3 |

## **Chapter 5.0 Identification of Demographic and Economic Attributes of the Community**

|        |                                                                    |      |
|--------|--------------------------------------------------------------------|------|
| 5.1    | Introduction.....                                                  | 5-1  |
| 5.2    | Socioeconomics .....                                               | 5-1  |
| 5.2.1. | Existing Demographic Characteristics.....                          | 5-1  |
| 5.2.2. | Potential Significant Adverse Impacts.....                         | 5-3  |
| 5.2.3. | Extent and Quality of Information Required for Evaluation .....    | 5-3  |
| 5.3    | Environmental Justice Evaluation.....                              | 5-4  |
| 5.3.1. | Introduction.....                                                  | 5-4  |

| 5.3.8. | Statement of Environmental Justice Issues.....                     | 5-15 |

## **Chapter 6.0 Federal, State and Local Regulations and Other Applications and Filings**

|        |                                                                              |     |
|--------|------------------------------------------------------------------------------|-----|
| 6.1    | Introduction.....                                                            | 6-1 |
| 6.2    | Required State, Federal, and Local Permits, Approvals, and Consultations ... | 6-1 |
| 6.3    | Federal Permits and Approvals.....                                           | 6-5 |
| 6.3.1. | US Army Corps of Engineers (“USACE”).....                                    | 6-5 |
| 6.3.2. | Federal Aviation Administration (“FAA”) .....                                | 6-5 |
| 6.3.3. | Section 106 of The National Historic Preservation Act (NHPA).....            | 6-6 |
| 6.3.4. | U.S. Fish and Wildlife Service (“USFWS”).....                                | 6-6 |

|        |                                                                                     |      |
|--------|-------------------------------------------------------------------------------------|------|
| 6.3.5. | National Oceanic and Atmospheric Administration (“NOAA”) Fisheries..                | 6-7  |
| 6.3.6. | US Coast Guard (“USCG”) .....                                                       | 6-7  |
| 6.3.7. | US Environmental Protection Agency.....                                             | 6-7  |
| 6.4    | New York State Permits and Approvals .....                                          | 6-7  |
| 6.4.1. | New York State Board on Electric Generation Siting and the<br>Environment.....      | 6-7  |
| 6.4.2. | New York State Department of Environmental Conservation<br>(“NYSDEC”) .....         | 6-7  |
| 6.4.3. | State Historic Preservation Act (SHPA) – Section 14.09 .....                        | 6-12 |
| 6.4.4. | New York State Department of State (“NYSDOS”) .....                                 | 6-12 |
| 6.4.5. | NYS Exc Article 46 -Long Island South Shore Estuary Reserve .....                   | 6-12 |
| 6.4.6. | New York State Department of Labor (“NYSDOL”).....                                  | 6-13 |
| 6.5    | Compliance With Local Laws and Regulations.....                                     | 6-13 |
| 6.5.1. | Town of Hempstead.....                                                              | 6-13 |
| 6.5.2. | Village of Island Park .....                                                        | 6-17 |
| 6.5.3. | Nassau County Administrative Code.....                                              | 6-18 |
| 6.6    | Preliminary Consistency Assessment With Coastal Management Program<br>Policies..... | 6-19 |

## **Chapter 7.0 Electric System Effects**

|     |                                                     |     |
|-----|-----------------------------------------------------|-----|
| 7.1 | Interconnection Request to NYISO .....              | 7-1 |
| 7.2 | Article 10 Exhibit 5: Electric System Effects ..... | 7-2 |

## **Chapter 8.0 Electric System Production Modeling**

## **Chapter 9.0 Electric and Magnetic Fields**

|     |                                      |     |
|-----|--------------------------------------|-----|
| 9.1 | Introduction.....                    | 9-1 |
| 9.2 | Proposed Project .....               | 9-1 |
| 9.3 | Proposed Evaluation Guidelines ..... | 9-1 |

## **Chapter 10.0 Acronyms List**

## LIST OF TABLES

| <b><u>Table No.</u></b>                                                                                                                         | <b><u>Page</u></b> |
|-------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
