RE: Case 18-F____ Application of Circular enerG, LLC for a Certificate of Environmental Compatibility and Public Need to Construct an Approximately 50 Megawatt Major Electric Generating Facility in Romulus, New York.

Dear Hon. Burgess:

Circular enerG, LLC, seeks a certificate of environmental compatibility and public need under Article X of the Public Service Law to construct an approximately 50 megawatt electric generating facility in the Town of Romulus, County of Seneca, New York (“Project”). Pursuant to Section 1000.4 of the rules of the New York State Board on Electric Generation Siting and the Environment (the Siting Board), Circular enerG, LLC hereby submits its proposed Public Involvement Plan (PIP) to the Department of Public Service for review.

Please address all communications to the following representative for Circular enerG:
