Re. Energy. me Midwest LLC

Dear Ms. Bosy,

Energy.me Midwest LLC ("energy.me") is writing to formally request the cancellation of its license to supply electricity in New York. At this time energy.me does not have any customers in New York and does not wish to serve customers in New York. We would appreciate if our eligibility could be withdrawn as soon as possible. If you need additional information please feel free to reach out to me at 914-205-5852.

Sincerely,

Steve Laker, CEO
