Garry Brown
Chairman
NYS Board on Electric Generation Siting and the Environment
Agency Building 3, Empire State Plaza
Albany, NY 12223

Dear Chairman Brown,

As part of Cape Vincent Wind Power, LLC's ("CVWP"), ongoing Article 10 proceeding before the New York State Board on Electric Generation Siting and the Environment ("Siting Board") to construct an approximately 200-285 megawatt wind farm in Cape Vincent, New York, CVWP filed a Preliminary Scoping Statement ("PSS") on March 29, 2013. Pursuant to the Siting Board's rules, interested parties were invited to submit comments on the PSS by April 19, 2013 (16 NYCRR § 1000.5(g)). A number of stakeholders, public and private, submitted comments. The Siting Board's rules further require that CVWP summarize and reply to the all material comments on the PSS (16 NYCRR § 1000.5(g)).

CVWP would like to advise all stakeholders that its summary and reply to comments was filed on May 10, 2013. CVWP's summary and reply can be viewed on the Siting Board's website at www.dps.ny.gov/SitingBoard or CVWP's project website at www.capevincentwindfarm.com.

Sincerely,

Richard Chandler
