

High-growth momentum stocks are nice, but many investors these days are more interested in stability and dependable dividends. If you're an income-oriented investor, this list of Dependable Dividend Stocks is for you.

Some of these stocks may be boring, some of the yields may not be thrilling and some may not have impressive earnings growth in their future. But all of these Dependable Dividend Stocks are rock-solid when it comes to preserving capital and making regular dividend payments. Check out the list below and sort by company, yield or dividend history.
