

18E0677 Protect Orange County Request RE Alcara Extension

Dear Judge Leary,

Protect Orange County has no objection to Aclara taking an extra day to reply to a motion; however, we would like to point out that this functionally gives Aclara a final reply to any responses that may come in afterwards. In multi-party litigation, the parties usually answer at the last moment to avoid giving another party an opportunity to use their answer as a reply to another party which has an answer with the same deadline.

Aclara has functionally negotiated for itself such an advantage.

Since Aclara has an extension until 5 p.m. Monday, I request that all other parties should have the same extension.

Thank you for consideration of my request for equal treatment for all.

Respectfully,

Pramilla Malick, Chair
Protect Orange County
