VIA ELECTRONIC MAIL

Honorable Kathleen H. Burgess, Secretary
New York State Department of Public Service
Three Empire State Plaza
Albany, NY 12223-1350

Re: Case 18-E-0138 – Proceeding on Motion of the Commission Regarding Electric Vehicle Supply Equipment and Infrastructure.

Dear Secretary Burgess,

On May 25, 2018, a Notice of Technical Conference was issued in this proceeding alerting the public that Department of Public Service Staff (Staff), in collaboration with the New York State Energy Research and Development Authority (NYSERDA), will convene a technical conference on Wednesday, July 18, 2018 and Thursday, July 19, 2018 and advising that all attendees must register by sending their name, organization, and title to EVSE@dps.ny.gov by July 9, 2018.

By letter dated July 10, 2018, participants were advised that in-person registration was nearing capacity and reminded that all attendees must register by sending their name, organization, and title to EVSE@dps.ny.gov.

This letter is to notify the public that the technical conference has reached capacity for in-person attendance in New York City. Participants are still welcome to attend in
Albany or remotely by sending their name, organization, and title to EVSE@dps.ny.gov no later than July 16, 2018 and indicating if they will participate remotely or in Albany.

Regards,

/s/

Bridget M. Woebbe
Assistant Counsel
