Hi Mike,			
I woul	I would to suggest a small correction		
	On page 53 of the 814 E Guidelines it is said about the ICAP in the gray area : "Sent for Electric accounts, if available, to report a change in the customer's peak load contribution for Electric Service".		
	this not a change, I would like to suggest to say instead "Sent for Electric accounts, if available, to report the customer's peak load contribution ectric Service"		
Thank	Thanks		
Jean	Jean
