

Dear Donna Giliberto:

We are in receipt of the letter dated December 29, 2014 referencing 55 Park Avenue Cooperative and order of entry by Verizon. Please be advised that Verizon FIOS engineers were in the building in order to prepare a survey for FIOS installation. We have received a survey paperwork with a plan of installation since then, approved and sent to Verizon engineers for processing. I, as a managing agent for the property, personally met with Verizon engineer to do a walk thru the building. Please confirm if this matter can be closed at this time or let me know if you require any other information from my part. Please feel free to contact me directly. Thank you

Iryna Sulim
