RE: Case 14-M-0101 - Proceeding on Motion of the Commission in Regard to
Reforming the Energy Vision.

Dear Mr. Weiner:

I have received your letter of April 16, 2015 requesting an extension of three filing deadlines established by the Commission's *Order Adopting Regulatory Policy Framework and Implementation Plan*, issued February 26, 2015, in the above-referenced proceeding. According to your letter, one-month extensions are requested of the filing deadlines for the Staff Benefit Cost framework proposal and the Straw Proposal related to Track Two ratemaking issues in order to provide Staff with more time to engage stakeholders in the process and thus enhance the development of those important proposals. You have also requested that, should these requests be granted, I also extend the filing deadline for the utility Distributed System Implementation Plans by one month because those filings could be impacted by the other extensions.

The requested extensions are granted for the reasons requested and to promote the fair, orderly and efficient conduct of this proceeding. Specifically, I establish the following filing deadlines:

- Staff is directed to file a proposed Benefit Cost framework by June 1, 2015.
- Staff is directed to file a Straw Proposal related to Track Two ratemaking issues by July 1, 2015.

- Each utility is directed to file an initial Distributed System Implementation Plan by January 15, 2016.

This ruling will be posted on the Department website.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen H. Burgess".

Kathleen H. Burgess
Secretary
