Re: Case 05-S-1376 - Consolidated Edison Company of New York, Inc. – Steam Rates

Dear Judge Garlin:

Pursuant to 16 NYCRR Section 4.3, the Pace Energy Project (“Pace”) hereby moves to intervene and appear as an active party in the above-referenced proceeding. Pace accepts that it is bound by the existing record and the procedural rulings and schedule that have been issued to-date.

Pace is a not-for-profit environmental research and advocacy organization that has actively participated in a number of proceedings relating to the development of combined heat and power plants in New York State. Pace intends to focus on rate design issues in the above-referenced proceeding that will affect the development of combined heat and power plants in the Con Edison service territory, but reserves the right to address other issues. No other party can adequately represent Pace’s interests in this proceeding.

Participation by Pace in this proceeding will likely contribute to the development of a complete record and is otherwise fair and in the public interest.

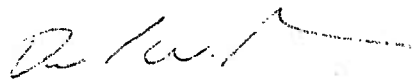

For the foregoing reasons, Pace respectfully requests permission to intervene as an active party in this proceeding. Pace requests that the following representatives be added to the service list in this proceeding:
