CASE 12-E-0201 - Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a National Grid for Electric Service

CASE 12-G-0202 - Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a National Grid for Gas Service

Dear Judges Agresta and Stegemoeller:

The Company has identified an inadvertent omission in the Joint Proposal in the above referenced proceedings. The Joint Proposal should have included the following section:

3.7.8 Incremental Customer Charge

The current incremental customer charge for customers participating in the Emergency Demand Response Program and the Day Ahead Demand Response Program will be decreased from \$34.84 to \$25.43.

The Company proposed this decrease in the incremental customer charge to customers in its initial filing (see Electric Rate Design Testimony page 72 of 117 - Book 20) and the Signatory Parties agree that this section should have been included in the Joint Proposal.

Respectfully submitted,

Keri Sweet Zavaglia
