NOTICE EXTENDING DEADLINE FOR COMMENTS

(Issued July 15, 2015)

The Independent Power Producers of New York, Inc. (IPPNY) submitted a request on July 10, 2015 to extend the deadlines for comments on the Large-Scale Renewable Energy Development in New York: Options and Assessment (Report) filed in Case 15-E-0302 on June 1, 2015. IPPNY states that the complexity and importance of the changes proposed in the Report make it difficult to study and respond by the current deadline. IPPNY requests a three week extension from July 22, 2015 until August 12, 2015 for initial comments and an extension from August 24, 2015 until September 14, 2015 for reply comments.

The Hudson Renewable Energy Institute supports IPPNY's request in its July 10, 2015 submission, stating that the additional time would contribute to an informed record in the proceeding.

In a July 13, 2015 filing, NextEra Energy Resources, LLC also supports IPPNY's request, expressing its belief that additional time will be important to enabling a comprehensive set of responses.

This is to advise that the deadline to file comments on the Report is hereby extended as follows in order to promote the fair, orderly and efficient conduct of this proceeding:

- August 12, 2015 - Initial comments on the Report
- September 14, 2015 - Reply comments on the Report.
