bridges, or other features, and such other factors as he maintains are appropriate. The Permittee shall also present to the Town a bank letter of credit in the amount of \$10,000.00 in favor of the Town guaranteeing compliance with the provisions of the permit. An action or proceeding may be instituted in the name of the Town, in a court of competent jurisdiction, to prevent, restrain, enjoin, correct, or abate any violation of, or to enforce any provision of this chapter. In particular, but not by way of limitation, where there is a violation of this chapter, an action or proceeding may be commenced in the name of the Town, in the Supreme Court or in any other court having the requisite jurisdiction, to obtain an order directing abatement of the condition in violation of such provisions. Section 19. Reservation of Town's rights.

The Town hereby retains all rights it has now or may have hereafter, pursuant to the provisions of subdivision 3 of section 23-0303 of the Environmental Conservation Law, to request funds (by filing a request therefore with the New York State Commissioner of Environmental Conservation) from the oil and gas fund to reimburse or compensate the Town for costs related to repairing damages to any Town Road, or other Town property.

The Town hereby retains and reserves all other rights it has now or may hereafter, to seek reimbursement or compensation for costs related to repairing damages to any Town Road or other Town property.

Section 20. Escrow.

The Board may hire any consultant and/or expert necessary to assist the Town Board in reviewing and evaluating the application.

1. The Town requires an applicant to deposit with the Town funds sufficient to reimburse the Town for all reasonable costs of consultant and expert evaluation and consultation to the Town Board in connection with the review of any application. The initial deposit shall be the sum of \$5,000.00. However, the Town Board may, in its discretion reduce said fee upon good cause shown. These funds shall accompany the filing of an application and the Town shall maintain a separate escrow account for all such funds. The Town's consultants/experts shall, in accordance with an agreement between the Town and its consultants or experts, bill or invoice the Town not less frequently than monthly for its services in reviewing the application and performing its duties. If at any time during the review process this escrow account has a balance that shall not reasonably cover the cost of the remaining work of the Town's consultants/experts, the Town will require applicant to immediately replenish said escrow account in an amount set by the Town, but not to exceed \$2,500.00. Such additional escrow funds must be deposited with the Town before any further action or consideration is taken on the application. If, at the conclusion of the review process, the cost of such consultant/expert services is more than the amount escrowed pursuant hereto, the applicant shall pay the difference to the Town prior to the issuance of any Special Permit. In the event that the amount held in escrow by the Town is more than the amount of the actual billing or invoicing by the Town's consultants or experts, the difference shall be promptly refunded to the applicant.

2. A request may be made by the applicant to reduce or eliminate the funds needed for the consultant/expert escrow. After a recommendation by the Attorney for the Town, Engineer for the Town and/or any other consultant/expert engaged by the Town pursuant to this chapter, the Town Board shall review the request and make a determination based upon the scope and complexity of the project, the completeness of the application and other information as may be needed by the Town Board or its consultant/expert to complete the necessary review and analysis. Additional escrow funds, as required and requested by the Town, shall be paid by the applicant. The initial amount of the escrow deposit may be established by the Town Board upon receipt of information sufficient to make such a determination.

3. As used in this section, the term “costs and expenses” shall be deemed to include the reasonable fees charged by engineers, consultants and/or experts hired, reasonable administrative costs and expenses incurred by the Town in connection with the permitting process and the repair, restoration and preservation of Town Roads and other Town property, and reasonable legal fees, accountants fees, engineers fees, costs, expenses, disbursements, expert witness fees, and other sums expended by the Town in pursuing any rights, remedies or claims to which the Town may be entitled under this Local Law or under applicable provisions of law, as against any Permittee, any person who has violated this Local Law, any insurance company, any bonding company, any issuer of a letter of credit, and/or any United States or State of New York agency, board, department, bureau, commission or official.

4. These funds shall accompany the filing of the application, and the Town shall maintain a separate escrow account for all such funds.

5. The Town is hereby authorized to withdraw funds from said escrow account (without prior notice to the Permittee) in order to promptly reimburse the Town for any costs and expenses (as defined herein). The Town must provide a monthly update as to monies expended from the escrow account.

In the event that there is any balance remaining in the escrow account as of the date that the Town Board determines that the Permit has expired and further determines that no damages or injuries have been caused to any Town Road or other Town property (and that no discharges or spills have occurred on any Town Road or other Town property) for which the Town has not been full reimbursed, the Town shall pay to the Permittee the balance remaining in the escrow account.

Section 21. Request for a Waiver.

All requests for a waiver from the standards set forth in this local Law shall be made to the Town of Dansville Town Board in writing and shall, contain the grounds on which the appellant relies for requesting the waiver, including all allegations on any facts on which the appellant will rely. Where the Town Board finds that due to the special circumstances of the particular case a waiver of certain requirements is justified, then a waiver may be granted. No waiver shall be granted, however, unless the Town Board finds and records in its minutes that:

(a) granting the wavier would be keeping the intent and spirit of this Local Law and is in the best interests of the community, (b) there are special circumstances involved in the particular case; (c) denying the wavier would result in undue hardship to the applicant, provided that such hardship has not been self-imposed, (d) the waiver is the minimum necessary to accomplish the purpose.

Section 22. SEQRA.

When applicable, the Town shall at all times comply with applicable provisions of the Environmental Conservation law of the State of New York and applicable provisions of the state environmental quality review regulations (6 NYCRR Part 617) (hereinafter “SEQRA”).

Section 23. Severability.

If any part or provision of this Local Law or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part or provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this Local Law or the application thereof to other persons or circumstances, and the Town Board of the Town of Dansville hereby declares that it would have passed this Local Law or the remainder thereof had such invalid application or invalid provision been apparent.

Section 24. Repealer.
