Albany, New York 12223-1350

**Subject:** A petition to the NYS Public Service Commission to order Central Hudson to allow customers to retrain their analog non-AMR meters under the terms of the AMR Opt-Out Tariff, 12.2, CASE 14-M-0196.

**NYS DPS Case Number 520638**

Dear Secretary Burgess:

Enclosed are petitions from customers of Central Hudson Gas & Electric petitioning NYSPSC to amend Order (Case 14-M-0196) which ordered Central Hudson to provide an AMR meter opt-out and tariff to include analog electric meters. Specifically, we request NYSPSC to amend the AMR opt-out tariff 12.2 by:

1. Ordering Central Hudson to allow customers participating in the opt-out program to retain their installed analog Meters;
2. Ordering Central Hudson to offer analog meters as a replacement for installed ERT meters (AMR meter).

Central Hudson Tariff 12.2, Automated Meter Reading (AMR) Opt Out, LEAFs 53.8, 53.9 & 53.10, regarding an existing customer receiving service through a non-AMR meter, e.g. analog, is ambiguous. A customer with a non-AMR meter may execute and submit an Application to request that service be continued through a non-AMR equipped meter. The term non-AMR meter can refer to an analog non-AMR or a digital non-AMR meter. The petitions request customers be allowed to retain their analog, non-AMR, meter.

Sincerely,

Jane Valand
