Parcel ID# 235-00-1-4.2

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: Peter Gierlinger  
2377 East Rd.  
Sinclairville NY 14782

↳ Did you forget the stamp?

Do you have water well(s) on your property? If so, how many? Yes - 1

Approximate depth of well(s)? 75'

Diameter of well(s)? 8"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? everything

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? bedrock

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? steel casing

Date of installation of the well(s)? 1999

Depth to water/groundwater within well (or depth to water encountered during drill of well)? Unknown

Approximate yield (gallons per minute [gpm]) of well(s)? 15 (?)

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? No

Has the water been sampled and tested? No

If so, please indicate the date of the last testing.

What was the water tested for?

How would you describe your water? Cloudy (yes / no) Hard (yes / no) Soft (yes / no) Color clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? No

Please describe location of well in relation to house and/or building on the property. 10 feet from  
Northeast corner of house

**RE: Cassadaga Wind Project - Private Well Survey**

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 217.00-1-24
- Location Description: 2788 Hooker Rd
- Location Municipality: Charlotte

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

Ben Brazell, Project Manager, EDR  
On behalf of Cassadaga Wind, LLC

Private Well Survey Questionnaire

Parcel ID#: 217.00-1-24

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: Karen Duke  
2788 Hooker Rd  
Sinclairville, NY 14782

Do you have water well(s) on your property? If so, how many? yes one

Approximate depth of well(s)? unknown

Diameter of well(s)? unknown

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? no

What is water from the well(s) used for? shower wash clothes cook

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? unknown

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? unknown

Date of installation of the well(s)? in when I purchase home

Depth to water/groundwater within well (or depth to water encountered during drill of well)? unknown

Approximate yield (gallons per minute [gpm]) of well(s)? unknown

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? no

Has the water been sampled and tested? yes

If so, please indicate the date of the last testing. 2005

What was the water tested for? to purchase house

How would you describe your water? Cloudy (yes  no ) Hard (yes  / no ) Soft (yes  no ) Color clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? don't think so but don't know

Please describe location of well in relation to house and/or building on the property. in back of house

Parcel ID# 218.00-1-5.2

234.00 2-14

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: JOHN AND MARTHA SCOLTON  
4623 S. RT. 62  
KENNEDY, N.Y. 14747-9762

Do you have water well(s) on your property? If so, how many? 1 WELL 1 SPRING (-FLOWING)

Approximate depth of well(s)? UNKNOWN

Diameter of well(s)? ABT. 6"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? FOR CAMPUSE (COOKING & CLEANING)

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? UNKNOWN

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? STEEL CASING

Date of installation of the well(s)? UNKNOWN

Depth to water/groundwater within well (or depth to water encountered during drill of well)? UNKNOWN

Approximate yield (gallons per minute [gpm]) of well(s)? ? UNKNOWN

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? No

Has the water been sampled and tested? No

If so, please indicate the date of the last testing. \_\_\_\_\_

What was the water tested for? \_\_\_\_\_

How would you describe your water? Cloudy (yes / no) Hard (yes / no) Soft (yes / no) Color NORMAL CLEAR

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? WATER IS USED FROM APRIL-OCTOBER (SEEMS UNIFORM)

Please describe location of well in relation to house and/or building on the property. WELL IS ABOUT 8' FROM LARGE PAVILLION

Private Well Survey Questionnaire

234.00-1-41

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: ANTHONY LIZAUCKAS  
81 Tully Pl  
KENMORE NY 14223

Do you have water well(s) on your property? If so, how many? YES 2

Approximate depth of well(s)? 1-35 FT 2-75 FT

Diameter of well(s)? 1-6" 1-5"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? NO

What is water from the well(s) used for? DRINKING

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? NOT KNOWN

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? STEEL

Date of installation of the well(s)? 1940 1960

Depth to water/groundwater within well (or depth to water encountered during drill of well)? UNKNOWN

Approximate yield (gallons per minute [gpm]) of well(s)? 5gpm + 10gpm

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? NO

Has the water been sampled and tested? YES

If so, please indicate the date of the last testing. 7-2015

What was the water tested for? BACTERIA

How would you describe your water? Cloudy (yes  no ) Hard (yes  no ) Soft (yes  no ) Color CLEAR

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? NO

Please describe location of well in relation to house and/or building on the property. ADJACENT TO BUILDING

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? no

What is water from the well(s) used for? household plus livestock

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? bedrock

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? steel casing

Date of installation of the well(s)? 1920's

Depth to water/groundwater within well (or depth to water encountered during drill of well)? 10'

Approximate yield (gallons per minute [gpm]) of well(s)? unknown

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? no

Has the water been sampled and tested? no

If so, please indicate the date of the last testing. \_\_\_\_\_

What was the water tested for? \_\_\_\_\_

How would you describe your water? Cloudy (yes /  no) Hard ( yes / no) Soft (yes / no) Color clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? no

Please describe location of well in relation to house and/or building on the property. located  
between house and barn

Re: Wind Project – Water well survey

Greetings:

Please be advised my client, Ann Marie Korbas will not participate in this survey.

She also wants your company, employees and agents to be aware that anyone on her property will be considered trespassers and she will file charges through the Chautauqua County Sheriff and New York State Police.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Sullivan", with a long horizontal flourish extending to the right.

**RE: Cassadaga Wind Project - Private Well Survey**

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 236.00-1-30
- Location Description: 1133 Boutwell Rd
- Location Municipality: Cherry Creek

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Brazell', is written in a cursive style.

Ben Brazell, Project Manager, EDR  
On behalf of Cassadaga Wind, LLC

**RE: Cassadaga Wind Project - Private Well Survey**

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 236.00-1-23
- Location Description: Cmr Rt 85 & Boutwell Rd
- Location Municipality: Cherry Creek

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Brazell'. The signature is fluid and cursive, written over a white background.

Ben Brazell, Project Manager, EDR  
On behalf of Cassadaga Wind, LLC

Private Well Survey Questionnaire

PARCC ID # 183.00-1-27.1

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: David Sykes 8174 Griswold Rd  
Cassadaga N.Y. 14718

Do you have water well(s) on your property? If so, how many? yes 1 well

Approximate depth of well(s)? 48 ft.

Diameter of well(s)? 12 inch

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? House

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? Unknown

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? Steel casing

Date of installation of the well(s)? year 2002

Depth to water/groundwater within well (or depth to water encountered during drill of well)? Unknown

Approximate yield (gallons per minute [gpm]) of well(s)? Unknown

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? NO

Has the water been sampled and tested? yes

If so, please indicate the date of the last testing. Sometime in year 2014

What was the water tested for? tested prior to sell of property 8/14

How would you describe your water? Cloudy (yes / ) Hard (yes / ) Soft (yes / ) Color Clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? NOT enough that I have notice it

Please describe location of well in relation to house and/or building on the property. well is in the front yard about 40-50 feet from house

Private Well Survey Questionnaire

Parcel ID# 249.00-1-20.1

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: John & Julie Catanese  
6230 S. Stockton - Cassadaga Rd.  
Sinclairville, N.Y. 14782-9659

Do you have water well(s) on your property? If so, how many? Yes - 2

Approximate depth of well(s)? 20' - 25'

Diameter of well(s)? Hand Dug

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? Drinking / Household use

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? Sand

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? Hand dug

Date of installation of the well(s)? 1986 / 2001

Depth to water/groundwater within well (or depth to water encountered during drill of well)? 15' - 20'

Approximate yield (gallons per minute [gpm]) of well(s)? Unknown

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? No

Has the water been sampled and tested? Yes

If so, please indicate the date of the last testing. 1986 / 2001

What was the water tested for? Iron / PH levels

How would you describe your water? Cloudy (yes / no) Hard (yes / no) Soft (yes / no) Color

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? Yes - dry conditions - Summers

very hot, little rain

Please describe location of well in relation to house and/or building on the property. 10'

Parcel ID # 233.00-1-16

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: Timothy Lerow  
6331 rt 60 Stockton  
Sinclairville Ny 14782

Do you have water well(s) on your property? If so, how many? Yes 1

Approximate depth of well(s)? 100'

Diameter of well(s)? 3"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? N

What is water from the well(s) used for? home

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? ?

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)?

Date of installation of the well(s)? ?

Depth to water/groundwater within well (or depth to water encountered during drill of well)? ?

Approximate yield (gallons per minute [gpm]) of well(s)? ?

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? NO

Has the water been sampled and tested? NO

If so, please indicate the date of the last testing.

What was the water tested for?

How would you describe your water? Cloudy (yes / no) Hard (yes / no) Soft (yes / no) Color clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? NO

Please describe location of well in relation to house and/or building on the property. directly behind house

Private Well Survey Questionnaire

Parcel ID#: 217.00.2-4

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: Timothy Lerow  
7266 North Hill rd  
Sindlarville Ny 14782

Do you have water well(s) on your property? If so, how many? Yes 1

Approximate depth of well(s)? 50'

Diameter of well(s)? 6"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? house

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? ?

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)?

Date of installation of the well(s)? ?

Depth to water/groundwater within well (or depth to water encountered during drill of well)? ?

Approximate yield (gallons per minute [gpm]) of well(s)? ?

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? well was drilled deeper upon purchasing

Has the water been sampled and tested? No

If so, please indicate the date of the last testing.

What was the water tested for?

How would you describe your water? Cloudy (yes no) Hard (yes) / no Soft (yes no) Color clear

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? No

Please describe location of well in relation to house and/or building on the property. behind garage

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: Darren Carlstrom, Scott + Vicki Williams  
12751 Hall Rd  
Sinclairville, NY 14782

Do you have water well(s) on your property? If so, how many? 3

Approximate depth of well(s)? 86 ft, 86 ft 120 ft

Diameter of well(s)? 6 in, 6 in, 10 in

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? NO

What is water from the well(s) used for? household use, dairy farm

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? bedrock

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? steel casings

Date of installation of the well(s)? 2000, 1985, 1962

Depth to water/groundwater within well (or depth to water encountered during drill of well)? 20ft, 20ft, 3ft

Approximate yield (gallons per minute [gpm]) of well(s)? 20 gal per minute approx.

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? \_\_\_\_\_

The two 86 ft wells were both drilled deeper from 40 ft deep years ago.  
due to low output.

Has the water been sampled and tested? yes

If so, please indicate the date of the last testing. March 2015

What was the water tested for? coliforms + e-coli (it was negative)

How would you describe your water? Cloudy (yes  no) Hard (yes  no) Soft (yes  no) Color \_\_\_\_\_

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? NO

Please describe location of well in relation to house and/or building on the property. One well is right at the end of our heifer barn about 20ft from the road. One is behind the vacant house on the property about 50 ft behind the house. One is along the edge of the field next to the creek behind the main barn about half way between the barn and the woods.

**RE: Cassadaga Wind Project - Private Well Survey**

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 251.03-1-29
  - Location Description: Park St. Rear
  - Location Municipality: Sinclairville
- and 251.00-1-47

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

*\* Please note; I'm not sure what of my 2 parcels the wells are on. IF Looking on the GIS map the wells are on the parcel the house is on.*

Ben Brazell, Project Manager, EDR  
 On behalf of Cassadaga Wind, LLC

Your envelope was not stamped as indicated in your letter

### Private Well Survey Questionnaire

Parcel ID # 200.00-1-21

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: RONALD TURNBULL  
7413 NORTH HILL RD.  
SINCLAIRVILLE, NY 14782-9675

Do you have water well(s) on your property? If so, how many? YES - ONE

Approximate depth of well(s)? 80 FEET

Diameter of well(s)? 8 INCH

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? NO

What is water from the well(s) used for? HOUSEHOLD

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? BEDROCK

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? STEEL CASING

Date of installation of the well(s)? 1930's ?

Depth to water/groundwater within well (or depth to water encountered during drill of well)? 40 FEET

Approximate yield (gallons per minute [gpm]) of well(s)? UNKNOWN

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? YES

POOR WELL YIELD

Has the water been sampled and tested? YES

If so, please indicate the date of the last testing. 1980's

What was the water tested for? PURITY

How would you describe your water? Cloudy (yes  no ) Hard (yes  no ) Soft (yes  no ) Color CLEAR

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? YES - SUMMER - DROUGHT

Please describe location of well in relation to house and/or building on the property. 10 FEET FROM

HOUSE NORTH SIDE

**RE: Cassadaga Wind Project - Private Well Survey**

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 233.00-1-13
- Location Description: Rt 60
- Location Municipality: Stockton

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Brazell'. The signature is fluid and cursive, written in a professional style.

Ben Brazell, Project Manager, EDR  
On behalf of Cassadaga Wind, LLC

Dear Sir or Madam:

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 254.00-1-29
- Location Description: Risley-Hunt-Fuller G Rds
- Location Municipality: Cherry Creek

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Brazell'. The signature is fluid and cursive, written in a professional style.

### Private Well Survey Questionnaire

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address: John J. Burkholder JR.  
7030 Kings Corner Rd.  
Panama, NY 14767

Do you have water well(s) on your property? If so, how many? Yes One

Approximate depth of well(s)? unknown

Diameter of well(s)? 6"

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? No

What is water from the well(s) used for? Was used for residence but is not used anymore

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? unknown

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? Steel casing

Date of installation of the well(s)? unknown

Depth to water/groundwater within well (or depth to water encountered during drill of well)? unknown

Approximate yield (gallons per minute [gpm]) of well(s)? unknown

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? No

Has the water been sampled and tested? No

If so, please indicate the date of the last testing. \_\_\_\_\_

What was the water tested for? \_\_\_\_\_

How would you describe your water? Cloudy (yes / no) Hard (yes / no) Soft (yes / no) Color unknown

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? unknown

Please describe location of well in relation to house and/or building on the property. Approximately 50'  
directly behind house.

## Private Well Survey Questionnaire

As you may be aware, Cassadaga Wind, LLC is proposing to construct a 126 megawatt (MW) wind power project ("the Project") in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton, in Chautauqua County, New York. The proposed Project is subject to the rules for siting a major electric generating facility under Article 10 of the New York State Public Service Law ("PSL"). In accordance with the Article 10 regulations, a Preliminary Scoping Statement "PSS" for this Project was released in September 2015 and is available on the Project's website at <http://everpower.com/pss/>. Please refer to the PSS for additional details regarding the proposed Project.

A variety of work is now underway to identify environmental resources and as part of this effort, the Applicant is sending out this survey to private landowners within the vicinity of the proposed Project to determine the presence and condition of water wells on their property. Therefore, we are requesting your assistance regarding the following property which Chautauqua County, New York public records identify you as the owner of.

- Parcel ID Number: 236.00-2-34
- Location Description: 6578 Erwin Rd
- Location Municipality: Cherry Creek

In order to properly identify water wells on your property we request that you fill out the attached survey form regarding this property to the best of your knowledge and return the completed form in the included stamped envelope. We sincerely appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Brazell', is written in a cursive style.

Ben Brazell, Project Manager, EDR  
On behalf of Cassadaga Wind, LLC

Private Well Survey Questionnaire

Please fill out the following questionnaire to the best of your knowledge. If you are not sure of the answer to a question, please comment as "unknown". After completion, please return this questionnaire in the enclosed stamped envelope.

Name and Address:

Michael E Isula  
6578 Erwin Rd  
Cherry Creek NY 14723-9749

Do you have water well(s) on your property? If so, how many? ONE

Approximate depth of well(s)? 100 FEET APPROX

Diameter of well(s)? 8 INCH

Are you connected/provided with Municipal Water (i.e., water provided by town or private water supply company)? NO

What is water from the well(s) used for? HOUSEHOLD USE

Type of well/groundwater source (i.e., bedrock well or overburden/sand-gravel well)? GRAVEL & ROCK

Type of well construction (i.e., steel casing, pvc, brick/clay, or other)? STEEL

Date of installation of the well(s)? APPROX 1982, SIT

Depth to water/groundwater within well (or depth to water encountered during drill of well)? DON'T KNOW?

Approximate yield (gallons per minute [gpm]) of well(s)? WE NEVER RAN OUT OF WATER

Have you ever had to drill a new well due to lowering of water table or poor well yield (if yes, indicate reason)? NO

YES Has the water been sampled and tested? BACTERIA, FOR THE SALE OF THE HOUSE TO US IN 1996  
If so, please indicate the date of the last testing. 1996 APPROX

What was the water tested for? BACTERIA

How would you describe your water? Cloudy (yes  no ) Hard (yes  no ) Soft (yes  no ) Color CLEAR

Does the water source experience seasonal fluctuation in elevation? Summer vs. winter months? During dry or drought-like conditions? NO OUR WATER IS EXCELLENT

AND WE NEVER RUN OUT, JUST LIKE DRINKING BOTTLE WATER YOU COULDN'T TELL THE DIFFERENCE  
Please describe location of well in relation to house and/or building on the property.

THE WELL IS IN BACK OF OUR HOUSE APPROX 80 FEET AWAY.
