Case 14-M-0101.

SUMMARY OF

RECOMMENDATION: Staff recommends approval of the postponements.

On August 1, 2016, New York State Electric & Gas Corporation, Niagara Mohawk Power Corporation d/b/a National Grid, Orange and Rockland Utilities, Inc., and Rochester Gas and Electric Corporation (collectively, the Companies) filed amendments to their electric tariff schedules to revise their standby service rates. The Companies propose to implement offset tariff and reliability credit tariff provisions in compliance with Commission Order Adopting a Ratemaking and

Utility Revenue Model Policy Framework, issued May 19, 2016, in Case 14-M-0101. The Companies' proposed amendments have an effective date of December 1, 2016.

The Companies have agreed to postpone the effective date of their proposed amendments to January 1, 2017 to allow additional time for the Commission to address related petitions. The Companies have filed supplements to implement the postponements and requested waivers of the requirement of newspaper publication of the changes proposed by the supplements. Niagara Mohawk Power Corporation d/b/a National Grid requested that its supplement be allowed to go into effect on less than statutory notice on December 1, 2016.

It is recommended that:

1. the supplements listed in the Appendix for New York State Electric & Gas Corporation, Orange and Rockland Utilities, Inc. and Rochester Gas and Electric Corporation be allowed to go into effect;
2. special permission be granted authorizing Niagara Mohawk Power Corporation d/b/a National Grid's supplement to become effective on less than statutory notice on December 1, 2016; and
3. special permission be granted waiving the requirement of Public Service Law §66(12)(b) and 16 NYCRR §720-8.1 as to newspaper publication of the change proposed by the supplements.
