Dear Ms. Burgess,

Who Has The D

The Lighthouse Wind Industrial Wind Turbine Emplacement Project as proposed by APEX Clean Energy for the populated, rural areas of Niagara and Orleans Counties must not be approved. The potential impact of the project on the Niagara Falls Air Reserve Station (NFARS) is catastrophic due to encroachment of turbines on NFARS Military Operations Area. Closure of the base during the next Defense Base Realignment and Closure (BRAC) Commission is a real possibility. The efforts of APEX Clean Energy and their consultants to downplay the potential impact on the base must not be allowed.

Please feel free to contact me with any questions you may have.

Sincerely,

John B. Riggi
Councilman – Town of Yates
