Re: Case 14-M-0094 - Proceeding on Motion of the Commission to
Consider a Clean Energy Fund; Cases 10-M-0457; 07-M-0548; 03-E-0188

Dear Secretary:

The Commission's January 21, 2016 Order Authorizing the Clean Energy Fund Framework directed the New York State Energy Research and Development Authority (NYSERDA) to file an updated NY-Sun Operating Plan by May 1, 2016. NYSERDA requests an extension of the filing date to August 1, 2016.

NYSERDA is currently considering several process and program-related changes, including potential changes to the Quality Assurance/Quality Control procedures and program participation requirements. The additional time will allow NYSERDA to fully consider these changes and incorporate them into the Operating Plan in a comprehensive manner. In addition, a later filing date will allow NYSERDA to provide additional details for proposed low-moderate income customer access program activities.

We appreciate your consideration of this matter. Please contact me if you have any questions. Thank you.

Sincerely:

Peter Keane
