Public Service Commission

RE: Tariff filing by central Hudson Gas & Electric to establish fees for residential customers who choose to opt out of using Automated reading meter devices, Case # 14-M-0196, Matter # 14-01027

July 7, 2015

Secretary to the Commission
Hon. Kathleen H. Burgess
Secretary to the Commission
New York State Public Service Commission
Empire State Plaza
Agency Building 3
Albany, NY 12223-1350

Dear Hon. Kathleen H. Burgess,

Please find enclosed:

- A certified copy of a Resolution for Electro-Mechanical Utility Meter Opt-Out With No Fees adopted by a unanimous vote (one absent) of the Woodstock Town Board at its May 19, 2015 meeting; and
- A petition signed or E-signed by 950 persons supporting the enclosed resolution.

Please be advised that there are many residents of the area who care passionately about this issue as they see so-called Smart meters a serious threat to human health.

The Commission is already in receipt of a resolution adopted by the Woodstock Town Board by a 3-1 vote, forwarded by Ms Jane Valand (who also signed the attached petition), which it has posted on the Commission's website. It would be very much appreciated if this resolution were afforded the same courtesy.

Please contact me if I can be of any assistance with this request, or if I can answer any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Wilber', written over the printed name.

Jeremy Wilber, Supervisor

**RESOLUTION 126-2015
RESOLUTION FOR ELECTRO-MECHANICAL ANALOG UTILITY METER OPT OUT
WITH NO FEES**

Offered by Councilman Wenk, seconded by Councilman McKenna:

WHEREAS, on June 18, 2013, the Woodstock Town Board adopted Resolution 190-2013 supporting NY State Senate Resolution # S-3379, and Assembly Resolution # A-7799 that would give electricity consumers the option to not have smart meters replace their Electro-Mechanical Analog Utility Meters, and would mandate that there shall not be a fee to consumers who elect not to use smart meters, and

WHEREAS, on December 13, 2013, the Ulster County Legislature adopted Resolution No. 315 supporting the passage of NY State Senate Resolution # S-3379, and Assembly Resolution # A-7799, entitled, "An Act To Amend the Public Service Law, In Relation To Providing Consumers The Option To Elect Not To Use Transmitting Utility Meters." The Legislature expressed support for action to be taken by the New York State Legislature to prohibit electric utility companies from forcing consumers to utilize "Smart Meters" also known in the aforesaid legislation as "Transmitting Utility Meters," and

WHEREAS, on January 25, 2014, it was reported that Joel Tyner, Dutchess County Legislator, introduced a resolution to support State Senate Resolution # S-3379, and Assembly Resolution # A-7799 that would allow electric customers to decline the installation of all Transmitting Utility Meters, and

WHEREAS, the intention of the Woodstock Town Board expressed in its resolution 190-2013, dated June 18, 2013, was to allow Woodstock residents to retain their Electro-Mechanical Analog Utility Meter, therefore

SECTION 1. Definitions:

UTILITY CONSUMER:

Means New York State utility rate payers and non ratepayer occupants, including, but not limited to, renters, business owners and any other consumer of electric, utility services.

UTILITY PROVIDER:

Means an electric company, whether owned privately or publicly, or by another utility provider or other third party contractors/sub-contractors for such purpose.

ELECTRO-MECHANICAL ANALOG UTILITY METER:

Means an Electro-Mechanical Analog Utility Meter, ANSI approved, (hereinafter referred to as "Analog Utility Meter") relating to, or denoting a mechanical device that is electrically operated. This is a purely mechanical device, using no electronic components, no switch mode power supply, no transmitter, no antenna and no radio frequency emissions.

TRANSMITTING SMART DIGITAL UTILITY METER:

Means any metering device with electronic components and/or any electric or battery operated meter that is capable of measuring, recording and sending data from a utility consumer or member to a public utility, municipality or cooperative association in a manner utilizing one-way communication, two-way communication or a combination of one-way and two-way communication with any entity or device. Common names include, but are not limited to, AMR, ERT, AMI, LAN, Network, bubble-up, wake-up, "smart meter", and Power Line Carrier PLC.

NON-TRANSMITTING DIGITAL UTILITY METER:

Means the digital utility meter currently being offered, with a fee, to residential Utility Consumers, by Central Hudson. It can be an electronic digital meter that is the basic platform for the advanced Transmitting Smart Digital Utility Meter system. A meter that the Utility Provider can, at any time, without permission of the Utility Consumer, upgrade to be an advanced Transmitting Smart Digital Utility Meter. It may or may not contain a transmitter. It does contain components and switch mode power supply, which creates excessive and unsafe amounts of Dirty Electricity.

RF/MW:

Means Radio Frequency/Microwave Radiation.

DIRTY ELECTRICITY:

Means high frequency voltage transients, created by switch mode power supply units installed in all Digital Utility Meters. This form of electro-magnetic fields (EMF's) has adverse biological effects on the human body.

TROJAN UTILITY METER:

Means a Transmitting Smart Digital Utility Meter or any type of transmitter concealed under an Analog Utility Meter face.

SECTION 2. Resolution:

A Resolution petitioning the NYS Public Service Commission to order Central Hudson, an Electric Utility Provider, to allow Utility Consumers to retain an Analog Utility Meter and/or to replace any digital meter previously installed, (transmitting or non-transmitting), with a remanufactured, ANSI approved, Analog Utility Meter with no fees or penalties.

FURTHER, Central Hudson shall provide Utility Consumer a 30-day written notice in advance of installing any type of digital meter, at no additional charges (monthly or otherwise). In addition, Central Hudson must fully inform Utility Consumers of their rights to retain their Analog Utility Meter. If a Utility Consumer decides to retain their Analog Utility Meter they will not incur any fees or penalties. Central Hudson will also allow Utility Consumer to request removal of a previously installed digital meter with a remanufactured, ANSI approved, Analog Utility Meter, for any reason, with no fees or penalties for such removal.

SECTION 3. PURPOSE:

A. All Utility Consumers shall have the right to retain their Analog Utility Meter at no cost. Each Electric Utility Provider and the New York State Public Service Commission shall adhere to a “no questions asked”, no fee and no time limit imposed by Utility Provider for retaining an Analog Utility Meter.

B. Electric Utility Providers shall maintain a reasonable supply of refurbished Analog Utility Meters in stock for the Opt-Out Program

C. Where Electric Utility Providers have already installed Non-Analog Transmitting Smart Digital Utility Meter(s) or Non-Transmitting Digital Utility Meter(s), Utility Providers shall be required to replace installed Transmitting Smart Digital Utility Meter(s) or Non-Transmitting Digital Utility Meter(s) with remanufactured, ANSI approved, Analog Utility Meter(s), within one week of the Utility Consumer’s request. Each Utility Provider and the New York State Public Service Commission shall adhere to a “no questions asked,” no fee and no time limit imposed by Utility Provider for re-installing an Analog Utility Meter.

D. In the future, if the Electric Utility Consumer’s Analog Utility Meter needs repair or has to be replaced for any reason, said Utility Consumer would have the right to a remanufactured, ANSI approved, Analog Utility Meter.

E. Provide Electric Utility Consumers with prior written notice indicating when a Transmitting Smart Digital Utility Meter - ERT or Non-Transmitting Digital Utility Meter will be installed and inform them of their rights of refusal.

F. Electric Utility Providers shall be prohibited from penalizing or charging Utility Consumers for any of the above requests. Prohibited actions include, but are not limited to, interrupting or threatening to interrupt Utility Consumers’ service or any other form of intimidation.

G. The use of Trojan Utility Meters by Electric Utility Providers shall be prohibited.

BE IT RESOLVED, the Woodstock Town Board adopts this resolution in its entirety, and furthermore

BE IT RESOLVED, the Woodstock Town Board petitions the Public Service Commission to implement this resolution in its entirety, and furthermore

BE IT RESOLVED, the Woodstock Town Board instructs the Town Clerk to send a certified copy of this Resolution to:

Honorable Kathleen Burgess, Secretary
NYS Public Service Commission
3 Empire State Plaza, 19th Floor
Albany, New York 12223-1350

BE IT RESOLVED, the Woodstock Town Board instructs the Town Clerk to send a certified copy of this Resolution to the following individuals:

Mike Hein, Ulster County Executive
John R. Parete, Chairman, Ulster County Legislature
Assemblyman Kevin Cahill
NY State Senator George Amedore
Joel Tyner, Dutchess County Legislator

All voted 4-0: Councilman Panza- aye

Councilman Wenk - aye
Councilwoman Magarelli - aye
Councilman McKenna - aye

STATE OF NEW YORK

:SS:

COUNTY OF ULSTER

I, the undersigned Clerk of the Town of Woodstock, Ulster County, New York, **DO
HEREBY CERTIFY:**

THAT I have compared the attached proceedings of the Town Board of the Town of Woodstock including the resolution contained therein with the originals thereof on file in my office and that the same is a true and correct copy of the said original as recorded in the minutes of the Town Board meeting dated June 9, 2015, and filed in the Office of the Town Clerk.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Town of Woodstock, New York this 17th day of June, 2015.

SEAL

Jacquelyn E. Earley, RMC, Town Clerk
Town of Woodstock

Petition

①

We the undersigned implore the Woodstock Town Board to adopt the "Electro Mechanical Analog Utility Meter Opt-Out With No Fees" Resolution prepared by the Stop Smart Meters Woodstock NY group. This resolution requires that The Woodstock Town Board makes an official request to the NY Public Service Commission to order Central Hudson to provide refurbished analog utility meters to it's ratepayers at no cost at the request of the ratepayer.
