Office of Consumer Services
New York State Public Service Commission
Empire State Plaza
Agency Building 3
Albany, NY 12223-1350

Dear Ms. O'Dell-Keller,

As per Section 5.1 of the Lighthouse Wind PIP, please find attached the Project Meeting Log for the Lighthouse Wind project for events from July 1, 2016 through August 31, 2016. Also included is a separate log of stakeholder correspondence received via our website from July 1, 2016 through August 31, 2016. Due to the volume of the email participation in the process, we have separated the two for easier reading.

In order to ensure that all stakeholder correspondence was received and responded to, the spam blockers have been minimized on the incoming email address. Because of this, certain emails were removed from this report if they were determined to be of product sales nature or obscene in their content. Additionally, personal and business emails have been removed. All other emails regarding the project have been maintained in this log.

In certain cases where a conversation continued from the previous log, it was repeated or noted in this edition to provide proper context for the response. Please let me know if you have any questions in regard to this.

Sincerely,

Taylor Quarles
Development Manager, Lighthouse Wind
