**Re: Con Edison Transaction Confirmation – Matter Number 24-00917**

Dear Ms. Magnis:

By transmittal letter dated April 28, 2024, Consolidated Edison Company of New York, Inc. (“Con Edison”) submitted to the Commission for filing a redacted copy of a new Transaction Confirmation (“2024 - Gas - Contract No. 168”). An un-redacted copy of the confirmation is attached with this request for trade secret status of the redacted information.

The information redacted from the Transaction Confirmation meets the requirements for trade secret status set forth in 16 NYCRR 6-1.3. The Transaction Confirmation contains pricing and related terms for the purchase by Con Edison of capacity from the counterparty. Disclosure of the terms under which Con Edison enters into bilateral contracts for electricity and capacity would adversely affect the forward market for energy and capacity. Disclosure of these terms would hamper Con Edison’s ability to negotiate Master Agreements and corresponding transactions for additional purchases from other parties on more favorable terms and, thus, could “cause substantial injury to the competitive position” of Con Edison in such negotiations. For these reasons, Con Edison requests trade secret status for the redacted terms of the Transaction Confirmation.

Please contact me if you have any questions concerning this trade secret request for the above-described confidential commercial information.

Respectfully submitted,

**/s/ filed electronically**

Anthony Tarabocchia
