

NEW YORK STATE BOARD ON ELECTRIC  
GENERATION SITING AND THE ENVIRONMENT

CASE 15-F-0377 - Application of Bull Run Energy LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 to Construct a Wind Energy Project.

NOTICE EXTENDING DEADLINE TO COMMENT  
ON PRELIMINARY SCOPING STATEMENT

(Issued August 16, 2016)

Bull Run Energy LLC (Bull Run), an affiliate of Invenergy Wind North America LLC, intends to file an application for a Certificate of Environmental Compatibility and Public Need, pursuant to Article 10 of the Public Service Law, for construction of a major electric generating facility (an Article 10 Certificate). On July 27, 2016, Bull Run completed the filing of a Preliminary Scoping Statement (PSS) in connection with its proposal to construct a major electric generating facility in Clinton County. A Notice of Deadline to Comment on Preliminary Scoping Statement was issued on July 28, 2016, providing that any person, agency or municipality may submit comments on the PSS by filing a copy with the Secretary and serving such comments on Bull Run's representative on or before Wednesday, August 17, 2016.

On August 15, 2016, the New York State Department of Environmental Conservation and the New York State Department of Health each requested extension of the PSS comment period to August 26, 2016, to permit each agency, respectively, to complete its review of the PSS and submit comprehensive comments.

On August 16, 2016, Eric Gustafson of Pease and Gustafson, LLP, on behalf of the Town of Clinton, the Town of Ellenburg, the Town of Altona and the Town of Mooers likewise

requested an extension until August 26, 2016. Mr. Gustafson stated that the firm had recently been retained by two of the municipalities and intend to file comments jointly on behalf of the four municipalities. Mr. Gustafson stated he had not yet fully explored and discussed any concerns that the two municipalities have with the PSS, and therefore requested additional time to review.

**TAKE NOTICE** that pursuant to the New York State Board on Electric Generation Siting and the Environment (Siting Board) rules, including 16 NYCRR §§ 3.3, 1000.3, and 1000.5(g), the time for any person, agency or municipality to submit comments on the PSS by filing a copy with the Secretary and serving such comments on Bull Run, is extended from August 17, 2016 to Friday, August 26, 2016. This extension is granted in order to promote the fair, orderly and efficient conduct of this proceeding.

Comments should be filed with the Secretary using the Secretary's filing guidelines available on the Siting Board Website (<http://www.dps.ny.gov/SitingBoard/>) and served on Bull Run's designated representative, Mr. Eric Miller, Bull Run Energy, Director, Business Development, 120 North Lee Street, Falls Church, VA 22046; Tel.: 301-610-6413; E-mail: [emiller@invenergyllc.com](mailto:emiller@invenergyllc.com).

**TAKE FURTHER NOTICE** that under the applicable rule, 16 NYCRR 1000.5(g), Bull Run is required to summarize and reply to all comments filed in response to its PSS. Bull Run's summary response document must be filed with the Siting Board within 21 days after the close of the comment period; Bull Run's summary response document must be filed by Friday, September 16, 2016.

(SIGNED)

KATHLEEN H. BURGESS  
Secretary
