

August 23, 2016

Ms. Audrey Zibelman, Chair  
NYS Department of Public Service  
Empire State Plaza  
Agency Building 3  
Albany, NY 12223

Dear Ms. Zibelman,

EverPower is excited to announce that we have submitted the Preliminary Scoping Statement (PSS) for the Baron Winds Wind Project to the New York State Board on Electric Generation Siting and the Environment under the Article 10 regulations.

Public involvement is an essential part of the Article 10 process and it is important that all stakeholders be provided with current information pertaining to the project. To provide an opportunity for stakeholders to comment and ask questions about the PSS, **EverPower has scheduled a Public Open House on September 8<sup>th</sup>, 2016 from 5:30 pm to 7:00 pm at the Fremont Volunteer Fire Department 1 located at Route 21 and Cream Hill Road (Fremont), Arkport, NY 14807. A flyer including these details is enclosed.**

You can review the PSS, and get more information about the Baron Winds Wind Project by visiting <https://everpower.com/baron-winds-wind-project-steuben-county-ny/>.

I look forward to sharing information with you and answering any questions you may have, so I strongly encourage you to attend the Open House on the 8th. In the meantime, feel free to contact me.

Best,

Kevin Sheen  
Project Manager
